

## Jet Noise Report: June July August 2024

Since 2015 an increasing number of jet noise reports are reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. Recent reports show a decline in number, perhaps due to a change in the address of the reporting website. However, the tenor of the comments follow similar lines. This document provides data broken out by reports generated inside San Juan County and outside.

Beginning on page 11 read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

### INSIDE THIS REPORT:

- ✚ Reports by Time of Day
- ✚ Annual Comparisons
- ✚ Map of Report Locations
- ✚ Comments submitted with each report, revealing human impacts

**Sleepless? Page Two lists the  
Night flying schedule published  
by the Navy.**

## Navy's War Against SLEEP

Trying to get rest I don't feel well. They flew over last night until midnight.

divebombing my home all day and almost till midnight last night I have so much anxiety that I'm shaking and CALL reported it to the Navy and never get a call back

husband has to get up early and work hard all day and now he can't even go to sleep. They're flying straight over our house just topping the trees as usual called into the Navy no response in the last five years

9:26pm. July 15. South Lopez. Having trouble falling asleep. The jet roaring from Whidbey is terrible and threatening. It has been going on all evening. Why is it necessary to disturb our sleep by flying at night?

Once again, no respect for civilian lives and schedules. Night flying after 10:30 at night right above my house. Can't watch TV, can't sleep, can't think. If I made that much noise at night they'd call the cops on me... who can I call on them???

South Lopez. The jet roaring from Whidbey continues. It fills our bedroom. I am angry and upset. We are supposed to be able to sleep with this vibrating roaring noise? 10:38pm. Our "representatives" do nothing.

Additional flights came in at 11:30, 11:32, 11:42, and 11:53. All flights very loud very low and very late at night. Our entire residence shook and the children and adults were awakened by the jet noise.

Unable to get to sleep. The jet roaring from Whidbey is excessive and threatening. South Lopez. 10:08pm

I would like to go to sleep now- but this episodic grinding thundering deep deep roaring makes this impossible. Deeply disturbing- felt in the core of the body. Anacortes near the ferry terminal. 9:15pm. Navy abuse of civilian landscape.

School starts next week . How are students get good sleep with Jets flying over their home late at night . Absolutely maddening!

The Navy produces a weekly schedule for FCLP's. As an example, the following lists the schedule of the night flights for the past three months.

Mon, June 10 Late Afternoon – Late Evening

Tues, June 11 Late Afternoon – Night

Wed, June 12 Late Afternoon – Night

Thurs, June 13 Evening – Night

Mon, June 17 Late Evening to Late Night

Tues, June 18 Late Evening to Late Night

Thurs, June 20 Late Evening to Late Night

Mon, June 24 Late Evening to Late Night

Tues, June 25 Late Evening to Late Night

Wed, June 26 Late Evening to Late Night

Thurs, June 27 Mid-Afternoon to Late Night

Fri, June 28 Night to Late Night

Mon, July 1 Late Morning then Night to Late Night

Tues, July 2 Mid-Afternoon then Night to Late Night

Mon, July 8 Late Morn thru Early Aft, then Night to Late Night

Tues, July 9 Night to Late Night

Wed July 10 Late Morning then Night to Late Night

Thurs, July 11 Late Morning then Night to Late Night

Monday, July 15 Night – Late Night

Tuesday, July 16 Night – Late Night

Wednesday, July 17 Night – Late Night

Thursday, July 18 Morning, then Night to Late Night

Tues, Aug 20 Night to Late Night

Wed, Aug 21 Night to Late Night

Thurs, Aug 22 Night to Late Night

Mon, Aug 26 Night to Late Night

Tues, Aug 27 Night to Late Night

Wed, Aug 28 Night to Late Night

According to the Navy's announcement of its schedule:  
*"People living in local communities should remain aware that the aforementioned operations are not the only operations out of NAS Whidbey Island, particularly at Ault Field, which is a 24-hour-a-day operational facility. There are many other training evolutions that people may hear. However, the aircraft carrier flight training operations are types of operations that involve lower altitude flight training in close vicinity to the airfield."*

In other words, there are other operations than those published.

**Listen to the jet noise that we hear in our region:**

<https://sounddefensealliance.org/growler-videos-audio/>

**The Navy dismisses noise data:**

<https://www.seattletimes.com/opinion/navy-should-use-our-data-on-growler-noise-not-dismiss-it/>

#### **Jet noise raises emotions.**

**If you are in crisis, you can call the National Suicide Prevention Lifeline 24 hours a day, seven days a week, at 988. Press 1 for the Veterans Helpline.**

You can also text a crisis counselor by messaging HOME to 741741.

Crisis lines are available for all Washingtonians regardless of insurance status or income level.

**Hints on reporting jet noise:**

<https://www.quietskies.info/access-the-county-report-site>

## Understanding This Report

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

#### **Correcting Location Data**

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Annual data is continually reviewed. Clarification of duplicate reports, as well as the addition of late reports sometimes adjusts the final numbers to a few more or a few less than previously reported.

# Jet Noise Reports January - August, 2024 By Location

**Noise Reports by Day  
June, July, August, 2024  
Outside San Juan County**

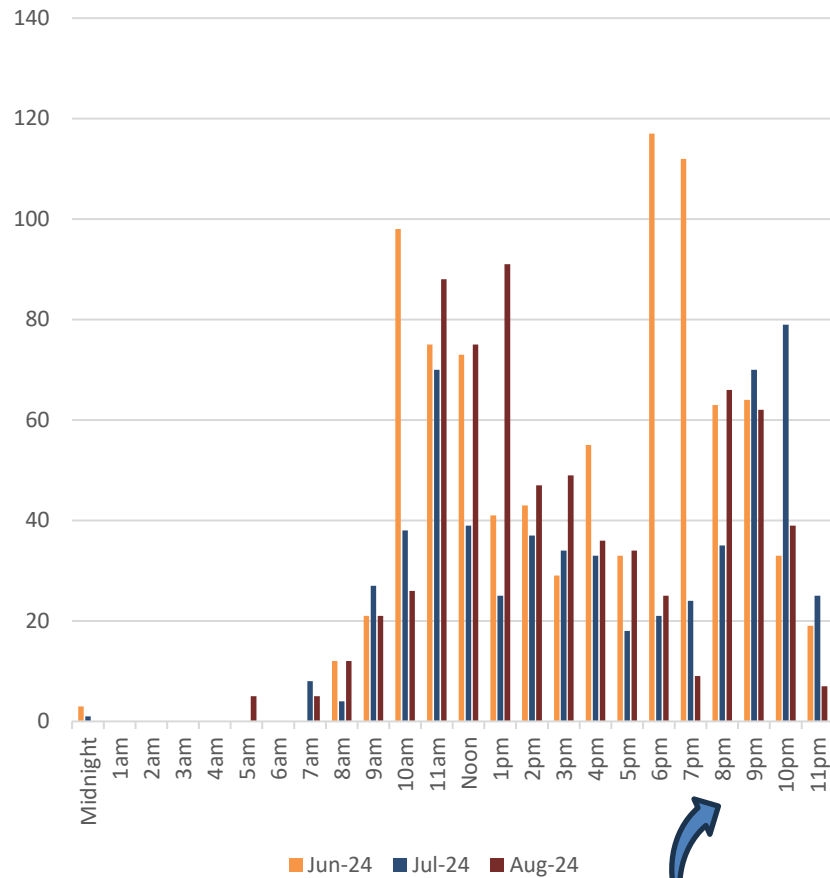

**Noise Reports by Day  
June, July, August, 2024  
Inside San Juan County**

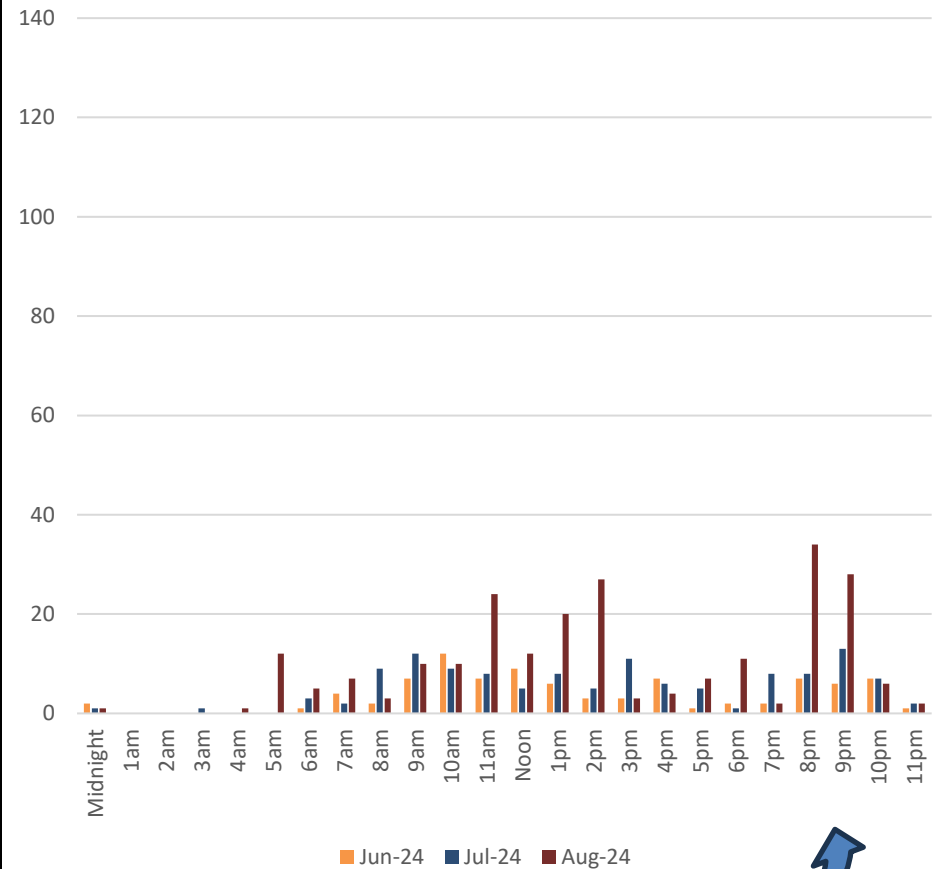

**Note the variation in noise experienced by days and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.**

# Noise Reports by Hour of the Day June, July, August, 2024 Outside San Juan County

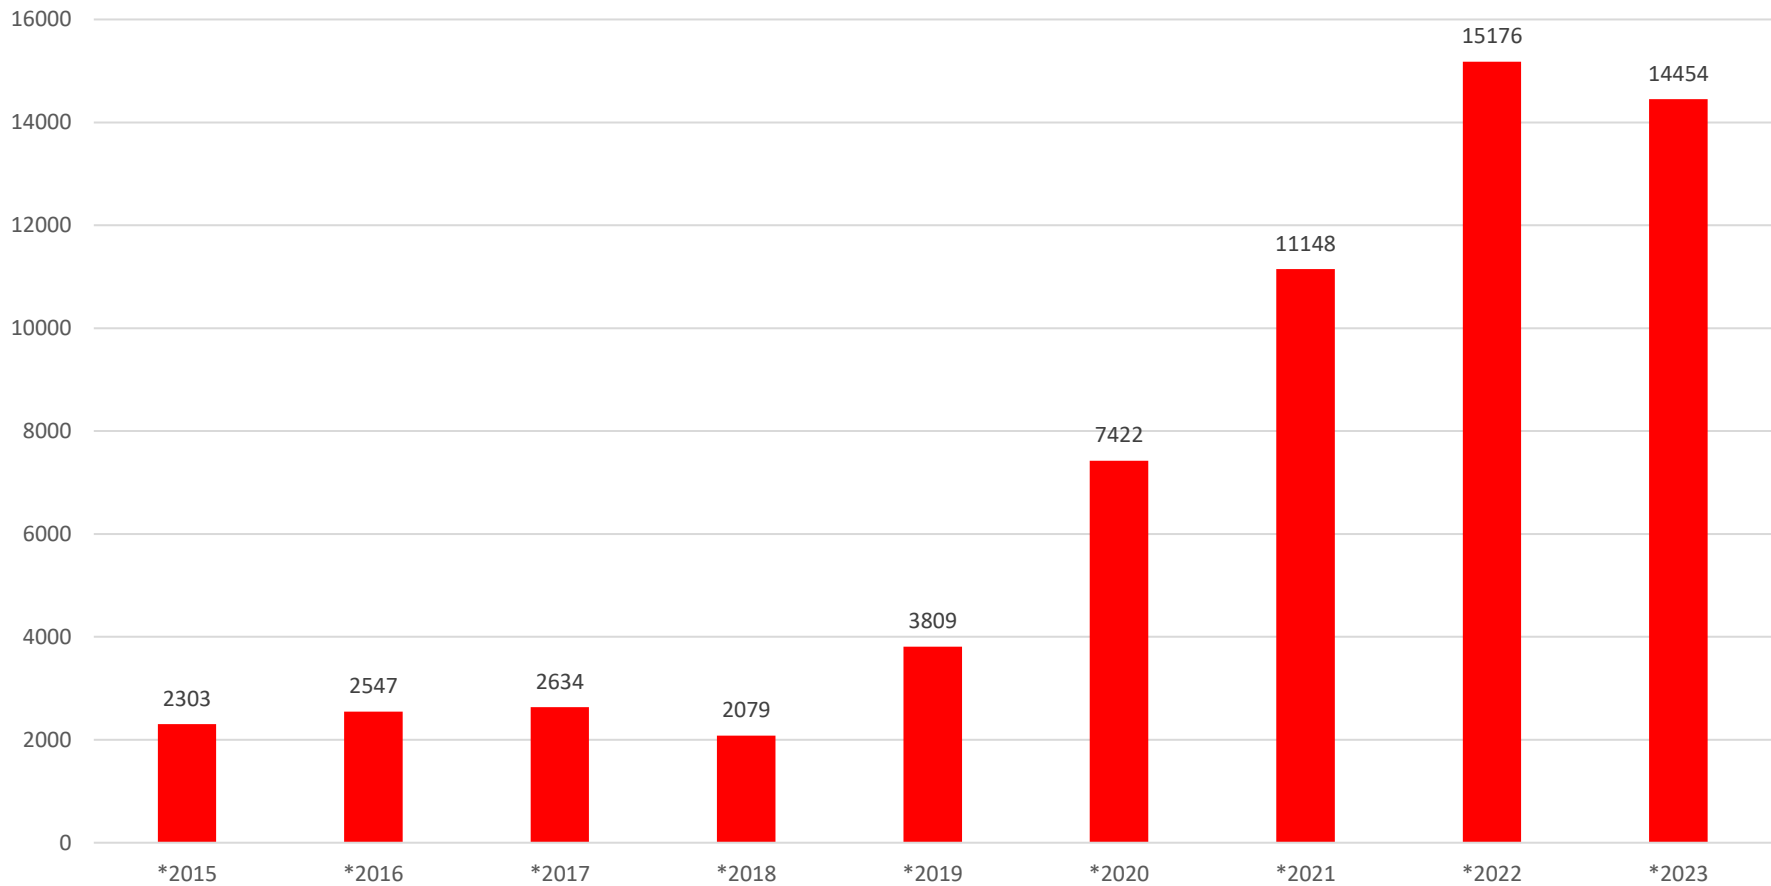

# Noise Reports by Hour of the Day June, July, August, 2024 Inside San Juan County

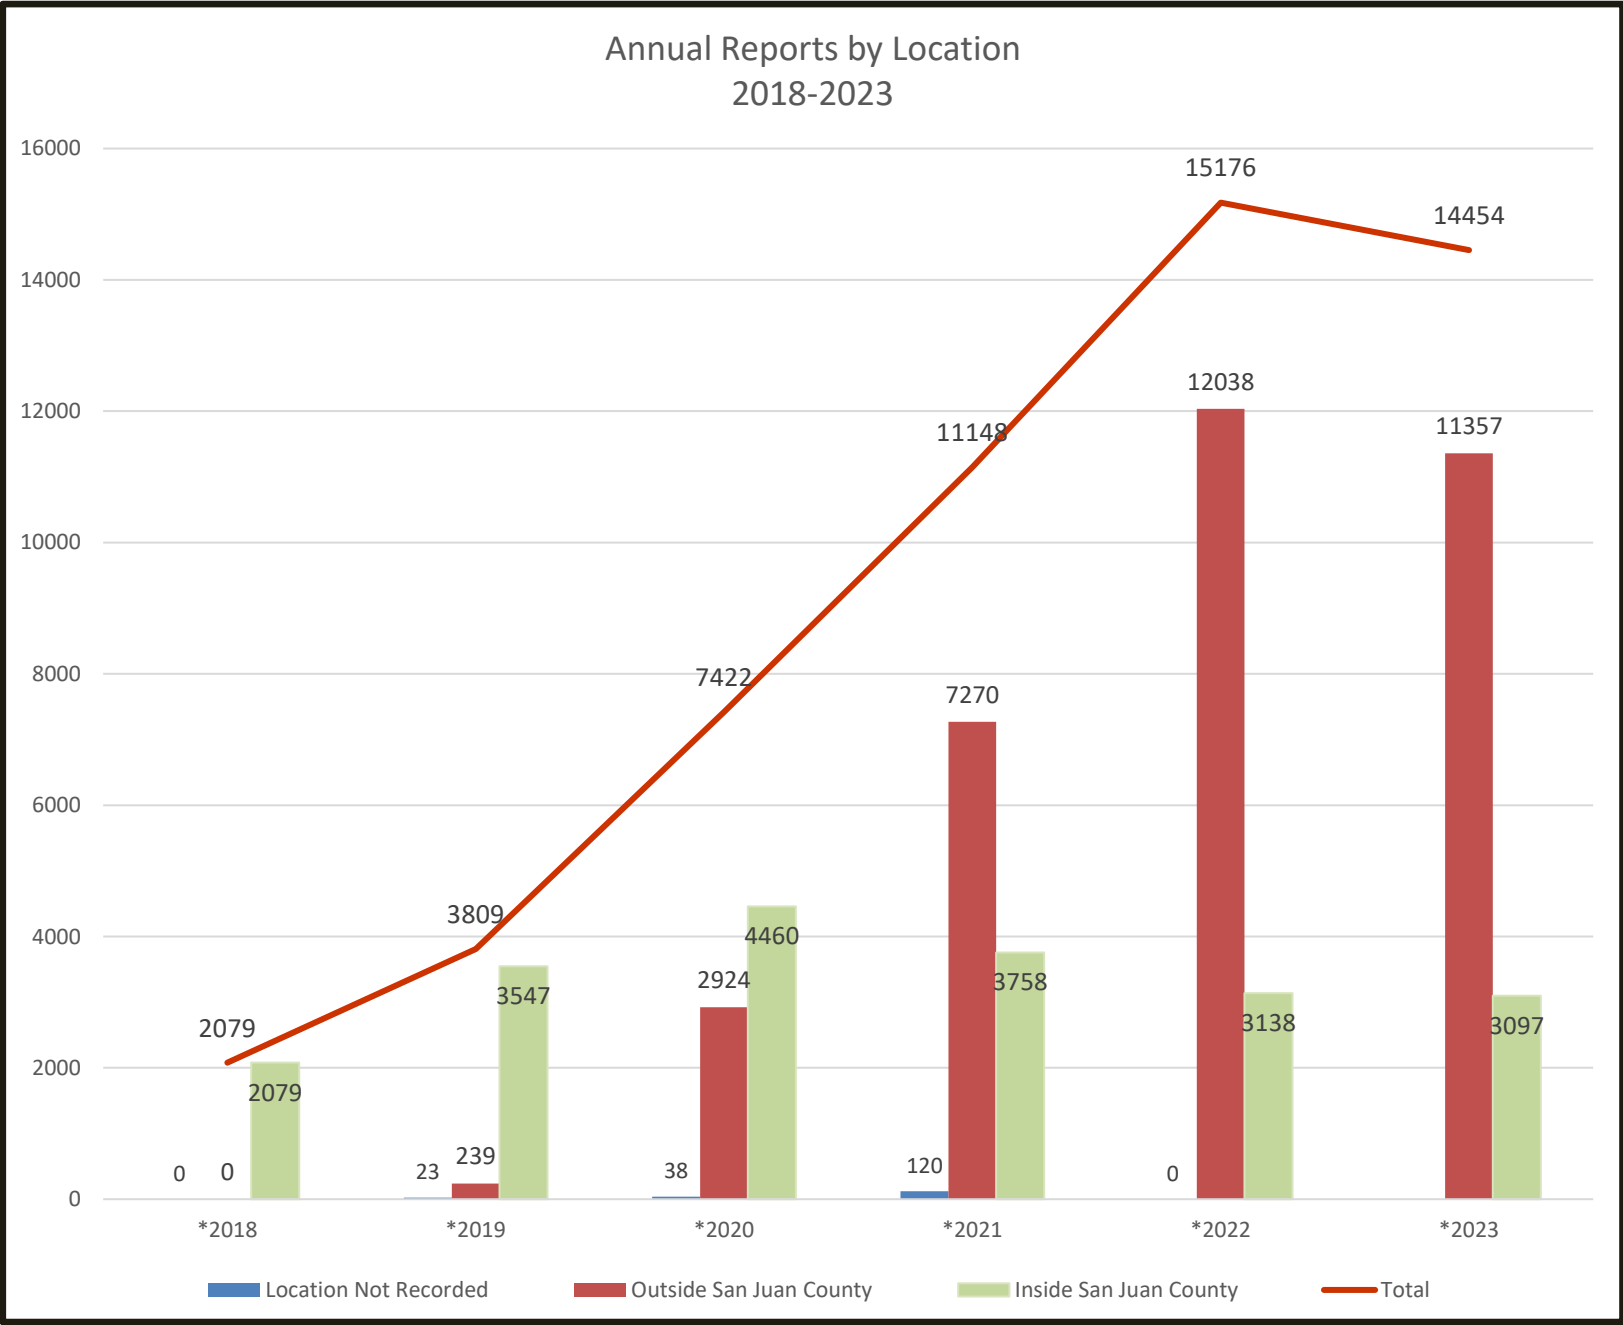

Time to sleep????

### Jet Noise Reports 2015 - 2023

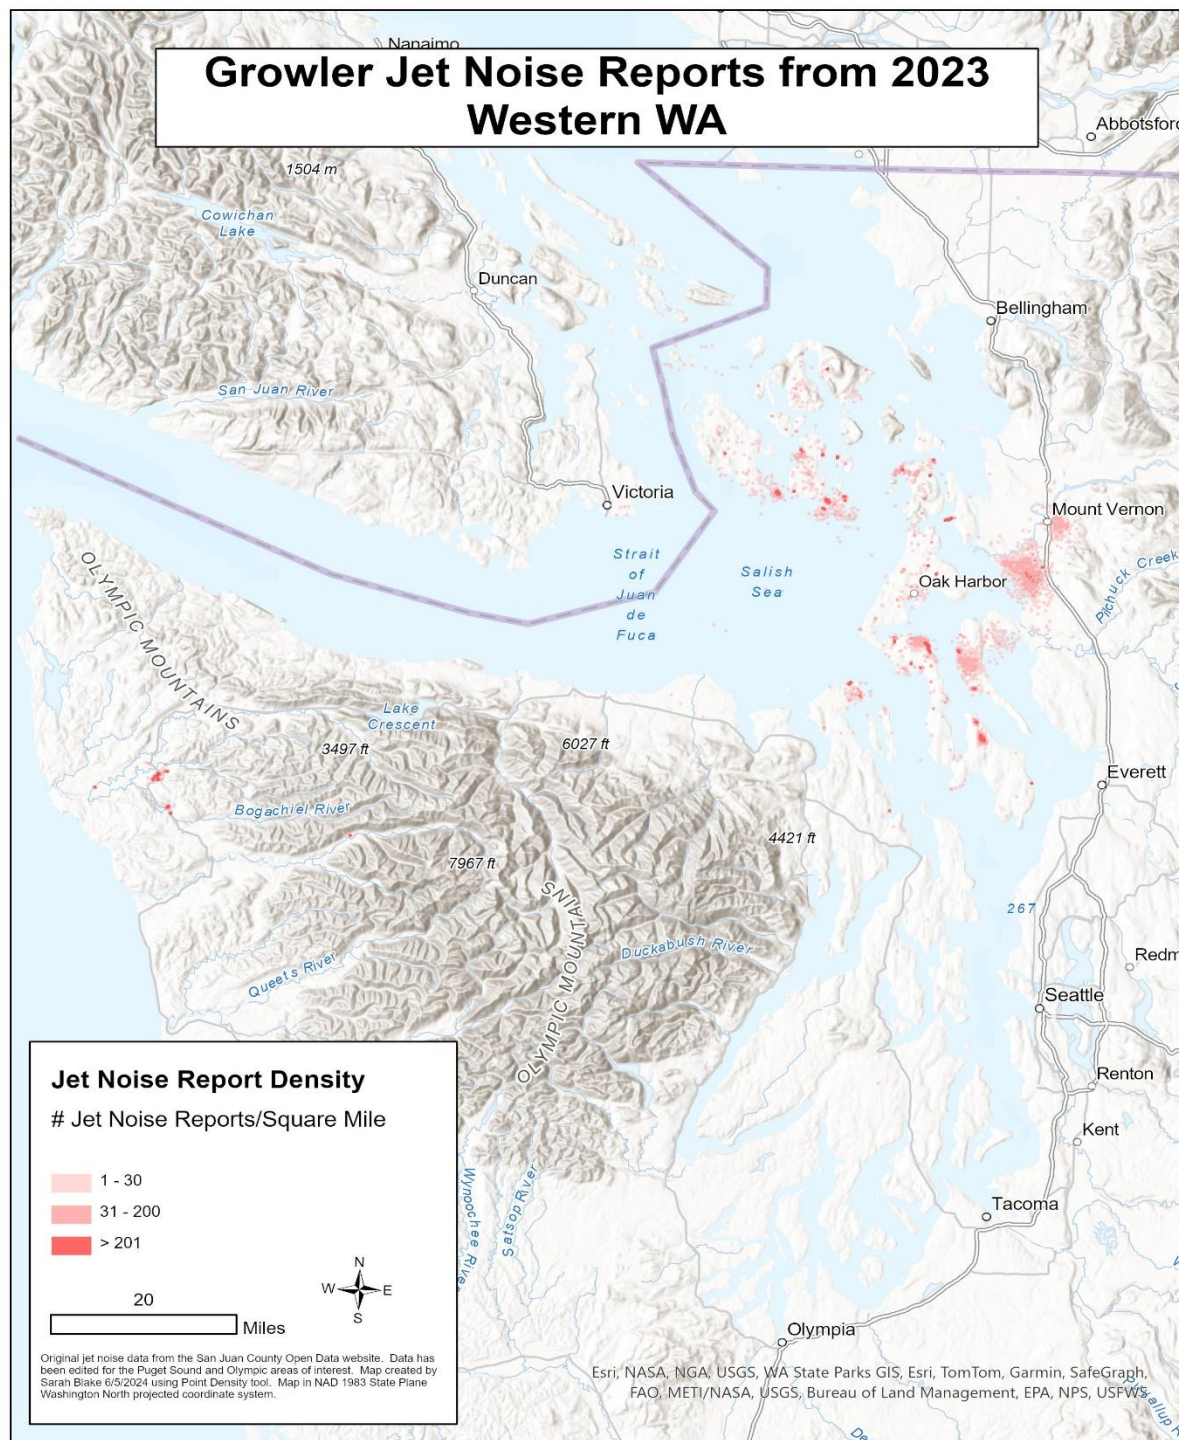

This chart provides some background to the history of noise reporting.

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the totals of all noise reports in the database since 2015 through 2023.

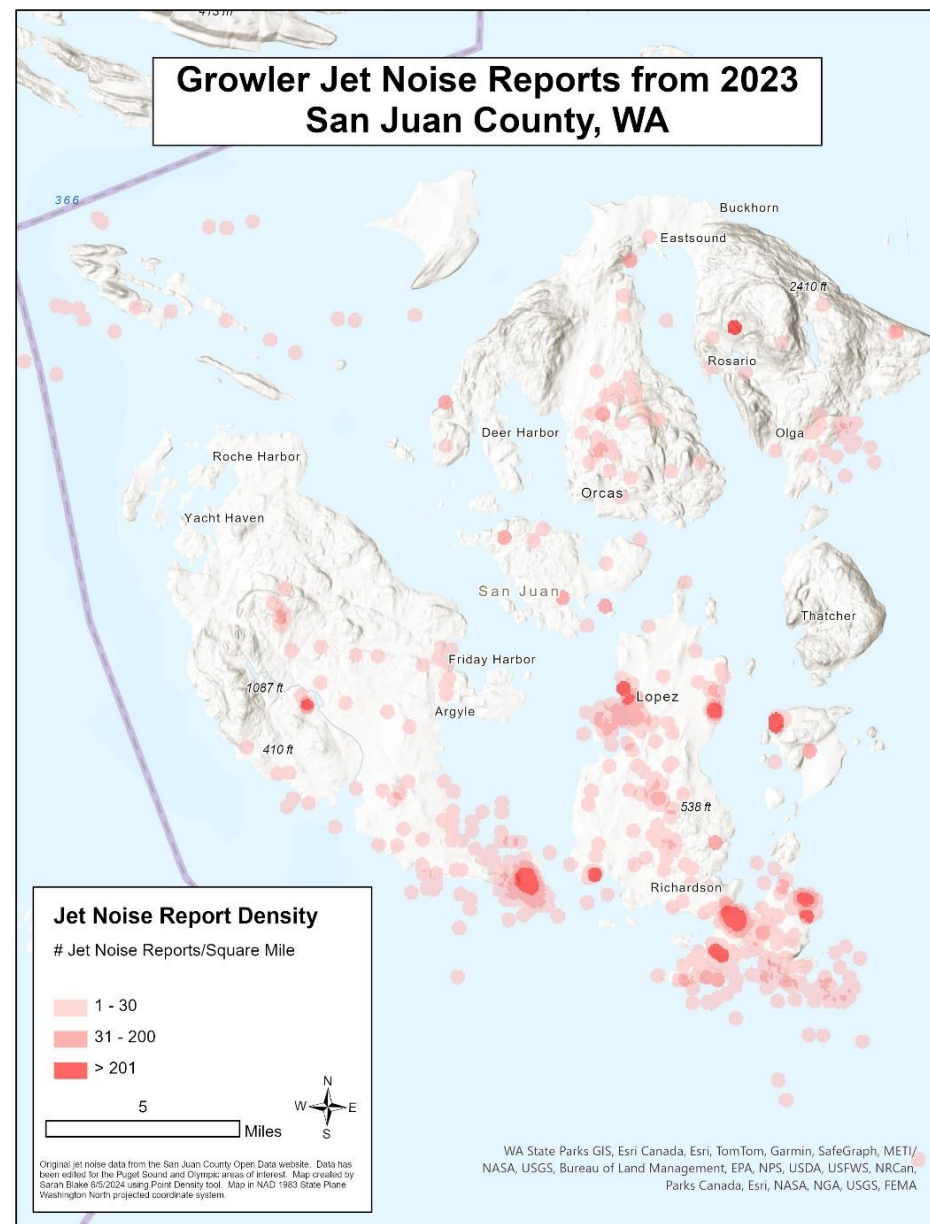

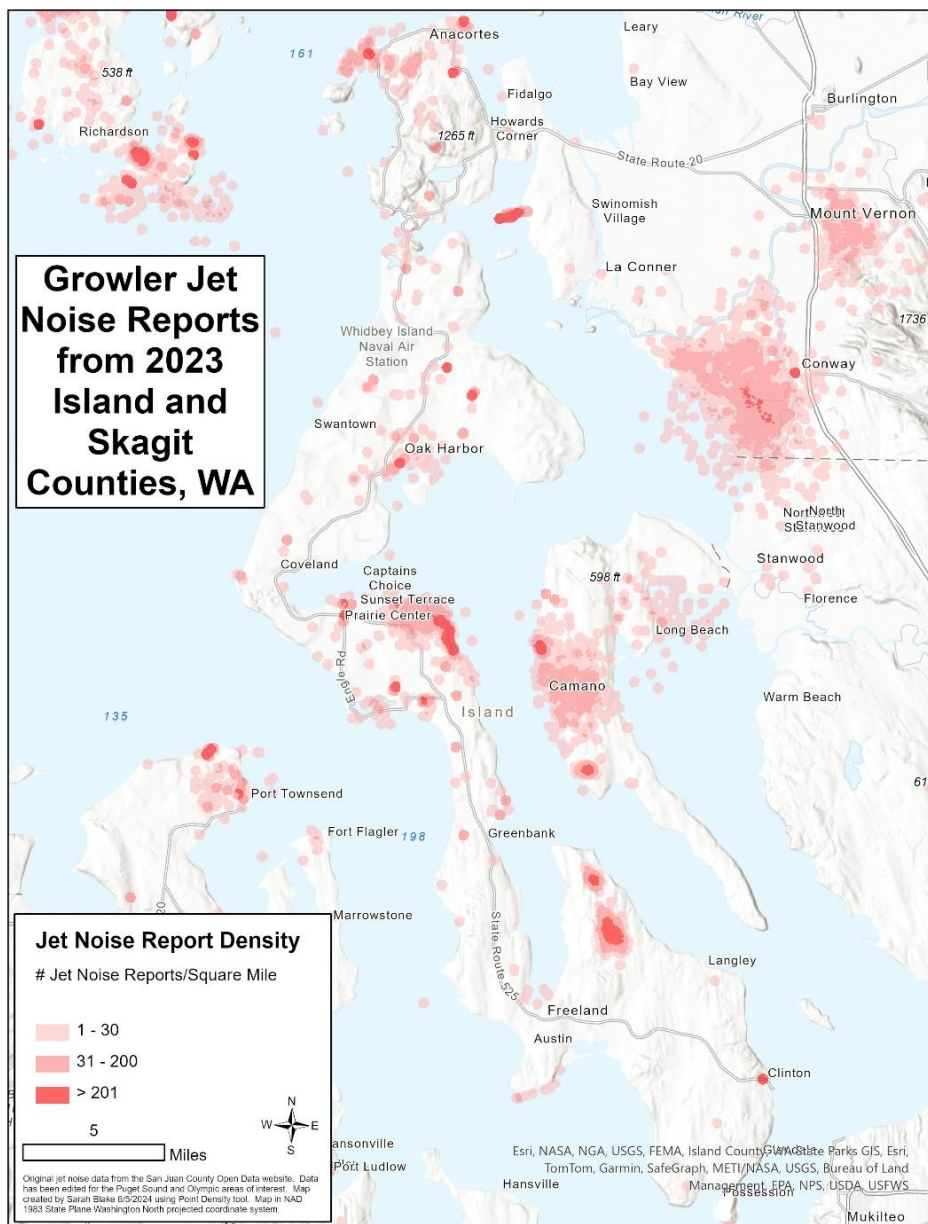

Referred to as a “density map”, this picture, using 14,454 noise reports submitted by users in 2023, offers a view of noise reports in the region.

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson** counties.

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of San Juan County and Island County. These maps are reduced to fit the page.

## Comments Submitted with June, July, August, 2024, Reports

### NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Multiple Navy terrorism flights after 10pm last night and now they're going again at 10am. I guess I missed the announcement that they're at war with Mt. Vernon.

USN COMMAND IS DAMAGING THE HEALTH AND WELL BEING OF THE CHILDREN AND ELDERLY OF PUGET SOUND. 95+dB at 10:34 p.m. What kind of leadership does this suggest?

9:15pm, AUG 16. GROWLER SCREAMING OVER OUR HOME. South LOPEZ. What is the LOUD jet doing over LOPEZ? Lost? Just having fun? Late for dinner and taking a shortcut? Such a thought does not breed any confidence or trust.

Growlers are flying extremely low and loud over the mobile home park I live in. Currently 11:15pm and I don't anticipate them stopping anytime soon. These walls aren't able to keep the noise out and many in this community are lower income and POC.

Over dugualla bay/dike road. Flight very loud very low. Woke entire household. Too late at night to be flying over residential area.

Coupeville, 10;43PM 7/1/24 The growlers are loud tonight i measured them at 106 dB too loud. My ears are still ringing and they continue to fly!

102+db

106+db

Had headphones on and still could hear them. This is twice in the last 10 minutes. Not a pleasant way to be outside.

The change in reporting has disrupted my activities. Lets hope the gov. can do something about this not just bury it.

Way too disruptively loud! NASWI does not protect us but destroys. They continue to operate under the grand delusion that they protecting us. That is so much bullshit.

I was working with my clients who have mental illness and or significant grief, and I literally could not hear them nor could they hear me with the extreme sound. This is absolutely not acceptable.

I'm staying at the hospital- can't rest with that racket!

I find the constant roar of the jets so upsetting and anxiety producing. It's difficult to concentrate or relax, and we can not escape the noise: I am so angry that we are subjected to this continually, and our complaints are not heard.

Disrupts conversation

91db

75db INside house

80 db

71db inside

A high extremely loud fly over. NASWI needs to end these flights and stop bullshitting us that they are protecting us here on the ground and the life in the Salish Sea.

This noise does not belong in a residential community.

No rest for the start. Navy pilots can at least sleep in!

AGAIN AND AGAIN. NO NEED TO BE FLYING OVER LOPEZ. NO AIRSTRIPE TO LAND ON. NO STRATEGIC TARGETS.

This time in fifteen minutes. Obviously lost again. NO FLY OVERS LOPEZ. HAH.

Right over Lopez! No airport here

The Jets serve no purpose to the community, but can just ruin a nice evening

It starts quiet. Then the tell tail deep roar disrupting every thing. No rhyme or reason. Comes torture. Never knowing when they will strike next.

Just loud. Going on for several minutes. Another evening ruined..

It's like a bloody war going on. Non stop flybys, rumbling. All evening

Dinner Droning. Constant constant rumbling. Commercial planes responsible for the safety of millions don't do this. The Navy can't even spend a few bucks to put hush houses in. No effort to be a good neighbor

Right over Lopez village.

Right over Lopez village. No reason

Awakened by LOW Jets flying over my home!!! 3 passes so far and the rumble continues. Feels like an airport runway on north Lopez. Very annoying!

Get your damn noise polluting jets out of Lopez Island Airspace!! We NEVER agreed to be part of your war Games practice runs. You damage our hearing with your low flying jets!! Every time you jerks fly over Lopez my ears ring for hours!! STOP IT!!

Multiple growler flights overhead starting at 5:20a. Woke us up.

Very low growler flyover

Flyover

Has been going on for 15 minutes. Constant rumble.

"2 growlers flying low

Very loud when they banked east"

Growlers flying over

Now have growlers flying over

2 low growlers flying over

Continuous loud noise coming from navy Whidbey. Really makes it hard to go to sleep. The sound keeps on roaring.

Several blasts of loud noise coming from whidbey

"More Whidbey noise

Sorry I am not able to take time to log all the noise incidents. "

Again jet testing noise...after a long day really wanted to be able to go to sleep. Navy Whidbey says not an option given the loud noise. Noise now rattling windows. Going on for several minutes.

Jet engine testing at Navy Whidbey. Loud and constant noise for many minutes.

Many low and loud Growler flyovers today. Sorry I can't report each incident.

"Double the noise

Flyover and steady blast from Whidbey that started again"

More jet testing noise blasts from Navy Whidbey.

Growler flyover

Navy Whidbey is jet testing. Loud noise keeps going for many minutes, no relief from the noise. Like a loud vacuum is going on right next to you for many minutes.

Nose getting louder, seems like jet testing noise, 8:30pm. More noise happening now, getting louder.

Just finished a long blast of noise from navy Whidbey. Oh no, it started up again as I am typing this. How long is going to go on tonight? Why can't Whidbey adapt their hangars and equipment to reduce these very disturbing blasts of noise?

Low flying growler aircraft disrupting my morning

Low flying military 737 disrupting my morning routine

Not giving us a break from Navy Whidbey noise today

Several instances of Whidbey jet noise this morning

First jet noise in several weeks. We were loving the quiet.

South Lopez

July 15. 9:39pm. The deep rolling roar of Growlers is continuing. It is a warm night, but we have to close windows to reduce the noise, but it is still keeping us awake. This is abuse.

Several loud flyovers today

3 growlers very low

Several loud blasts of jet noise from Whibey

Lopez south end. Morning jet roaring from Whidbey. Working in the garden and the noise is an annoying distraction.

Lopez South End. There is significant and annoying jet noise/rumbling coming from the south. We are 14 miles away at least from NASWI, and further from OLF, but this deep rumbling enters the skies and spreads. Sounds of war.

"A few other Growler incidents earlier today

Saw the note about fewer reportings. Hard to take the time each time this happens. Noise is disruptive, reporting takes more time. Maybe an app on phone or watch I could simply hit, would record and send?

Out walking after 8pm after a long day, needing to relax, and then BOOM and ROAR - jet roar from Whidbey. Hope this is not an omen of how the evening will go, like previous nights full of jet noise! South Lopez.

"Extremely low

9:26pm. July 15. South Lopez. Having trouble falling asleep. The jet roaring from Whidbey is terrible and threatening. It has been going on all evening. Why is it necessary to disturb our sleep by flying at night?

July 15, S Lopez. Annoyed and disturbed during dinner on our patio with friends by thundering jet noise from NASWI. Had to move inside.

Lopez South End. 8:45pm. Persistent and annoying jet noise from the south, filling our skies here. It just is not pleasant to be outside on this fine summer evening.

Unable to get to sleep. The jet roaring from Whidbey is excessive and threatening. South Lopez. 10:08pm

Excruciatingly loud

Direct growler flyover

S Lopez. Annoyed by invasive growler roar from the south. Have to work outside. Put some music in my ears but the deep roar invades me anyway. It is just not worth it to be outside. Depressed. When I bought this property long time ago it was quiet!

Lopez inland

A lot of loud engine noise from Ault and growlers overhead

About if overflight noise

Flyover growler

Loud, unrelenting Growler noise disrupting work, meals, reading, sleeping

Unrelenting noise volumes for several days with very little break. It's disrupting work, causing increased stress levels, decreasing sleep and rest.

Droning on and on and on...nonstop noise for days on end. It interrupts thoughts & disrupts work.

Noise levels are disruptively persistently loud. Day in and day out.

Continuous unrelenting noise day after day. It wasn't always like this..

Disrupted sleep. This crap is exhausting...

Jet noise from late afternoon until 10:21pm-- no sign of an end. No peace and quiet. Disrupted sleep.

Low flying jets doing wide turns over S Ebey road and Terry.

Three dinner hours in a row ruined by Growler noise.

"4 hours now... come on. My family has had this property since 1945 and the growlers didn't exist. This is ridiculous. Ea-6's were not as intrusive.

The growlers are low, over houses, farms, a homeless shelter and a highway.....

Please stop"

All night so farw

Growlers are so loud we can't talk in our house! 1757 Ridgecrest Ave, Coupeville WA 98239 425 870-0247 9:40PM

The jet schedule today has been very disruptive. We would like to go to sleep and they are still practicing. My head hurts from this almost all day practice. We have to get up early tomorrow.

Here at Ledgwood Beach , Coupeville WA two growlers passed over heat creating 104.3 dB too loud 6//11/24/ 5:10 pm sending more information as I understand the location does not compute well.

Coupeville at 10:30 am. The growlers are very loud I measured them at 102.6 dB. My ears are still ringing at 10:45 am and they are still doing routines.

Can't hear the TV

woke me

Jets flying extremely low directly over Coupeville high school. Decibels reading at 110. Several pictures were taken showing the jets flying way off course.

Hours of awful threatening thunder from the South- from Whidbey washing over my Anacortes home near the ferry terminal. Ruining any idea of

peaceful sleep. The deep earthquake-thunder makes me uncomfortable and prevents relaxation while ongoing

I would like to sleep in peace to further my health and well-being but after 10 pm there is intermittent deep deep rumbles as with distant explosions. I find this extremely disturbing always and cannot relax. Anacortes near the ferry.

8:30 pm in Anacortes near the ferry terminal and I would feel at peace but there is deep deep thunder rumble shaking my home and my bones- sounds like explosions, threatening and disturbing like earthquake. Awful and unhealthy stress.

I would like to go to sleep now- but this episodic grinding thundering deep deep roaring makes this impossible. Deeply disturbing- felt in the core of the body. Anacortes near the ferry terminal. 9:15pm. Navy abuse of civilian landscape.

Horrid deep roaring nearly constant emanating from the south- from Whidbey. Heard Anacortes near the ferry. Awful threatening sounds not at all like a normal "airport." Give me 747s all day instead of this-

3rd plane in 30 minutes.

The Growlers have been flying nonstop for hours! Its now 10:30pm on Wednesday night... Constant roar and rumble. No relief during work, after work, and when going to bed.

Horrendous noise and rumbling. NASWI has no compassion or caring for us. For them to say that they are protecting us is bullshit for they continue to expose us to too loud jet noise and a spectrum of other health impactful toxins.

NASWI is not protecting us. Categorically, they don't care that they are stressing us out with their jet noise. Contact Physicians for Social Responsibility; and the Union of Concerned Scientists 510-843-1872.

Multiple times this morning the jet noise has occurred. It is not only highly abusive but a form of noise assault against a person or persons. The EA18 Growler jet engines were designed to inflict this aggression against an enemy. NASWI STOP!

stop attacking us with sound, this is cruel

Couldn't hear the tv or voices in the room

Trying to work from home is impossible

Trying to work at home, disrupting my income

Can't hear the presidential debate on TV

Trying to listen to the presidential debate growlers keep flying over my house. I can't hear anything called them and they're never calling us back. They just get our address and dive bombers and punish us for calling or reporting.

Trying to watch the presidential debate I have to turn my TV up to over 50 volume then it's still hard it's gonna blow out my TV speakers

Disturbing work conference calls

Can't hear the TV the presidential debates on we need to know what's going on in our country and stop this mess that Biden families made

Have family in town we can't even visit it's so loud

Too loud to sleep 🤪

Growlers Measured at 92.1 dB average 75.2 dB too loud for a neighborhood.

this is so noisy we could not watch the program we were enjoying. I measured the growler at 88.2 dB at 1757 Ridgecrest Ave, Coupeville, WA at 7:70PM on 6/12/24 too loud for quality of life.

too noisy to enjoy inside activities. , Coupeville, measured the growlers at 88.8 dB

Once again, no respect for civilian lives and schedules. Night flying after 10:30 at night right above my house. Can't watch TV, can't sleep, can't think. If I made that much noise at night they'd call the cops on me... who can I call on them???

They are continuing to destroy enjoyment of the outdoors. Even on my loud John Deere mower with earplugs they penetrate with overriding noise. They bring on anxiety and fly every weekday evening. They terrorize with impunity.

School starts next week . How are students get good sleep with Jets flying over their home late at night . Absolutely maddening!

Here we go another Sunday ! Now to sit with my anxiety about “ How many “ How long “ this the PTSD . My cortisol is rushing through my body. It has become life altering to have your body in this state so often !

I HATE THIS! After a hot day ! I have to shut my doors and windows ! Forget cooling the house down

Saturday ?

Another Sunday evening

Growlers landing practice began at ~8:00PM and continues at this time. A Growler made an extremely loud overflight at 11:03PM last night... shockingly abrupt occurrence.

GROWLERS Landing Practice ... constant NOISE!!!

Growlers landing practice

A beautiful evening ruined by GROWLER circling over practice field.

Multiple GROWLERS circling over Whidbey practice landing fields. Other GROWLERS are transiting a very high speeds, south to north, off the east-side of Whidbey Island.

Multiple GROWLERS looping over Whidbey

Disturbing conference call manager with AT&T

"Cant even hear the TV.

No way will we be able to SLEEP!

PLEASE STOP"

Why would the Navy Growlers BEGIN landing maneuvers at TEN-THIRTY PM?? Are they intentionally trying to enrage the public?

Constant Growler noise, essentially all day. Distracting and interfering with work.

GROWLERS began their LOOPING landing exercises minutes ago. Multiple aircraft meaning CONSTANT maximum jet noise. They flew all day long ... now they start their NIGHT cycle?

Growlers circling making roaring ear splitting noise

LOUD Growler overflights this morning

Disturbing work!

OUTRAGEOUS !! Every night this week Growlers have flown late into the night. They have begun again at 10PM tonight.

Cannot work outside due to Growlers noise!

Growlers are STILL doing landing drills after 11PM.

Growlers taking to the sky BEGGING at 9:30PM !!! VERY WRONG.

AGAIN??? It's 10PM and the Growlers are starting in with their nightly disturbance.

Growler overflights, numerous times since early morning. Now landing practice is disturbing the afternoon peace.

Growler jets overflying at low altitudes sporadically. Disturbing

Growlers STARTED landing practice at 10PM !! WTF???

Multiple Growlers looping over practice field creating uninterrupted, very loud jet noise.

Yeah !!! Left Whidbey for the Lynden fair . Camping no less !!!! The Growlers have been flying up here for over a hour !

Navy jets making a huge amount of noise for about 2 minutes near Mt. Vernon.

I had forgotten just how incompatible with life the Navy's activities are. They've been miserable terrorists all day today. It's 10pm and it still sounds like a war zone in Mt. Vernon.

Scumbag Navy out joyriding their terror engines over/around Mt. Vernon.

Navy's been flying around South of Mt. Vernon all day, but some of the flights have gotten close enough to require plugging my ears.

I hate the Navy so much. I hate having to wear earplugs all day because those jerks can't publish an honest flight schedule or keep their damn jets to a humane noise level. I hope you pathetic scum end up being bullied the way you bully others.

Several very low flyovers. Same thing last week. Some annoying circling happening now. Can't even talk inside home.

Extremely loud - but just for about 10 seconds then pilot lifted up. If the pilot doesn't come back, not too bad! Thank you

Low low low low

Low under cloud cover

Dinnertime, and we have those \*#)%&!!! jets.

The growler goes away, it comes back, over and over and over and over....

Super loud! I was walking along the Dungeness Spit when they came blasting over. Two of them. Quite low too.

Looks like they're flying back to Whidbey. Super loud. Two Growler's. Hiking the Dungeness Spit. Disruption of peace and serenity.

Very loud, low rumbling for several minutes after they pass.

Extremely loud.

At the Lighthouse now. Super loud. Total disruption of peace and quiet.

"Note the date and time. Oh wait ! the PRESIDENT OF THE UNITED STATES is speaking, debate. Get the Growlers up Quick! Drown out the PRESIDENT. Show the true "patriotism" of the US Naval Command. Show the complete lack of respect the US Naval Command

Growlers over President Channel

Low and slow over our homes

106+db

107+db

107+db

108db

205+db

95db

"GROWLERS!

Interesting?? Where did that part go to?"

It's flag day we get no respect from the Navy, so we can't give them any respect sadly

We call and report them and give them our address and they just dive bomb ass torturing. Our neighbors are sick and old. They shouldn't have to be put through this.

The jets have been flying a more reasonable schedule, however they're not 1000 ft above residential as required by military aircraft in addition to civilian. Noise levels at 122 db for 30 min at a time for multiple training touch and go sessions.

It's awful!!!!!!

94db

Sitting in my office with earplugs in. Thanks, Navy wankers. You're not heroes.

NASWI has engaged in destroying the region's environment which is within the micro & macro physical & moral realms. The environment and we who are adversely affected are being sacrificed with the spectrum of Growler toxins. Decommission these jets!

Extremely thunderous too loud. It is very disruptive to be exposed to this noise. Give the ambient quietude of where I live it DOES NOT BELONG IN THIS ENVIRONMENT!

High above extremely loud long lasting jet noise followed by more. Totally unacceptable in this quiet pastoral setting!

Insanely too loud!

Right over head. Completely uncalled for. We are not even near their base. Seems like they go out of their way to disrupt the quiet

Crazy loud fly over the San Juan's. You know the Navy is not the only one in town, others depend on the quality of the air and quiet to attract tourist.

Lopez under attack! Direct flight over head!

Summer sounds are NOT supposed to be JET NOISE!

Head for cover! Can't be outside

Ouch. Trying to listen to a book inside. Drowning in jet noise instead.

Very loud multiple flyovers, might be dumping fuel for landing

Lopez preserve. Really out to destroy every place

EXTREMELY LOUD GROWLER OVERHEAD!!!

EXTREMELY LOUD GROWLER OVERHEAD!

LOUD GROWLER OVERHEAD DURING BIRTHDAY LUNCH!

EXTREMELY SCARY LOW GROWLER OVER MY HOME!!! The lowest loudest ever. I thought it was going to crash in to my house!

"THE LOWEST GROWLER I HAVD EVER HEARD !!!

Sounded like it was going to crash! "

Get your damn jets OUT of Lopez Island Airspace!! We never agreed to be part of your War Games! Your low flights in our Airspace are destroying our hearing!! Everytime you violate our Airspace my ears ring for hours usually with a migraine! STOP NOW!

GET YOUR DAMN JETS OUT OF LOPEZ ISLAND AIRSPACE!! You utterly Asshats!! You now wait for the cover of darkness or a complete overcast to block our view of your tail numbers. YOU JERKS ARE RUINING MY HEARING!! STOP USING US FOR WAR GAMES PRACTICE!!

Sounded it like it was going to crash into our house! Woke up my son who was super scared. He has started hiding under tables when he hears the growlers. This is not a normal childhood relationship with planes for heavens sake!

5:11pm lopez village. Growler ripping up the sky over us. TOO LOUD!!!!

Navy Growler flew over my house in Lopez Village twice in a matter of minutes at what sounded like a very low altitude.

Lopez Village. Dining out on a restaurant patio and ZOOM comes the roar of a Growler . What is a growler doing flying over the middle of Lopez? TOO LOUD. ANNOYING, DISRUPTIVE.

"All last week the jets were super loud and active.

I had the week off from work and was outside most days.

It was disturbing to be constantly having my peace and quiet interrupted.

I tried to report but did not have the correct link until now.

Lundy Lane. Lopez. Visiting the area. The beauty of the area ruined by roaring jets from Whidbey.

Monday 08/26 ... first occurrence was approximately 11 AM. Then most of day was normal. After 9:05 PM there have been fly overs the house. Distrubing. Believe these were fighter-jets.

Navy completely disregards their flight plan and flies directly overhead. No run way here

Upright Head, Lopez. GROWLER roaring overhead. What are you doing flying over Lopez? Touring? Lost? Taking a shortcut? 8/15. Around 10:50am or so

Shook floor of my home. Multiple overpasses.

Kids woke up crying and scared. Noise so long and loud I started to imagine crazy scenarios of what was going on. Not cool to causing that level of disruption on a school night after bed time.

"Flying at night just before we go to bed is inconsiderate. The noise is so loud that we can not sleep and we will be tired at work the next day.

Totally stressful. "

This was a very low & slow flying growler that was abusively loud, even indoors, striking fear in my young children. My largest concern, however, is the impact on the wildlife in our waters. How this noise must crush marine mammals lives.

Very loud flyover, rattled windows.

Several growler loud noise events, especially when plane turns.

"Several other times also.

Rumbling, sound lasting a long time. Loudness varies depending upon position of Growler."

Way too early. It also seemed very low/close. It was heard two times...not sure if it was two different aircraft or one that circled back.

Multiple low flying growler aircraft disrupting my afternoon.

Multiple low flying growler aircraft disrupting my morning

Multiple low flying growler aircraft woke us up.

Low flying growler aircraft

Its gotten much louder this Summer 2024. Protect our Wildlife

Multiple low flying growler aircraft, some with gear down. Sounds like a war zone over my neighborhood!!

Multiple Very low flying growler aircraft with likely gear down based on how loud and slow they are flying

Really loud. Yuck!

Rudely awakened this am by a Growler flying over our house. Hope this never happens again.

Low and loud.

So loud we couldn't hear the tv.

Loud jet roar, as if a growler is coming straight at us. Deep thunder. Lopez, off Hunter Bay.

Screaming low over south Lopez

South Lopez

A second low pass over south Lopez

Very low over south Lopez

Screaming low over south Lopez after 10 pm

Low over south Lopez

South Lopez

Screaming low over south Lopez

Rattled the house and woke us up south Lopez

Second pass over south Lopez at 5:30 am

Very low very loud flyover

Low Growler flyover

Had to stop conversation!!!

4:19pm mud bay, lopez. Right now, at an outside early dinner. Four of us plugging our ears against SCREAMING Growler low overhead. DEAFENING. This is abusive behavior.

"Very loud flyover by Growler

South Lopez"

Air is filled with jet noise. Roaring and rumbling. At first I thought it was thunder and was startled. But I should know better that it is the NAVY

thinking no one lives here so they can just blast us with roaring jet engines. S. Lopez.

growlers were flying most of the day. However around 5 the noise became so astoundingly loud while I was paddling by Small Island that sea lions began jumping into the water in a rush, bobbing in circles, making noise. I ducked to cover my ears.

10:48am, AUG 21. S. Lopez. DEAFENING DEAFENING ROARING SCREAMING GROWLER OVERHEAD. MIGHT BE TWO OF THEM BUT IT IS CLOUDY AND I CANNOT SEE IT. SOUNDS LIKE THE SKY IS RIPPING APART. THIS IS ABUSE. SHOW-OFF PILOT. OBLITERATED EVERY HOUSEHOLD SOUND.

South Lopez. Almost 8:30pm. Out walking and BOOOOOOM, comes the loud percussive blast of a Growler doing something on Whidbey. WHAT? Engine run-up? Taking off for a midnite destination? WHY.

South Lopez. 8:22pm. Blasting roar from NASWI. Loud and long. Shakes the air. Shakes me.

3:28pm, July 30. Finally getting back into the house to report that there have been periodic LOUD roars from Whidbey this afternoon. Roaring right now. These are annoying because they distract me because I think a truck is coming up the driveway.

Southend Lopez. LOUD growler noise coming right into our home. It is a cool evening, so windows are shut, but the jet roar marches right into our home. 8:25pm

South Lopez. So here we go again. Yesterday the pilots were apparently lost because they were flying over Lopez. Now, here is another one.

11:09am Aug 13. Why are Growlers flying over Lopez? They should not be flying over any homes any way!

Lopez Aug 15. Startled awake 5:30AM by (what sounded like) low-flying growler over my home. What I first thought was a dream turned into a very long & loud droning roar, as if the growler was flying over, & then flying over again, away & then again.

South Lopez. LOUD LOUD Growler roaring over us.

Huge and EXPLOSIVE JET BLAST from a growler over South Lopez. Startled me.

S, Lopez. 7/17. 8:31pm. Southend Lopez. Deep threatening rolling jet thunder from Whidbey. It is constant. Concerned that we will have to close windows and doors on this lovely evening. See how it goes.

South Lopez. July 15. 8:45pm. The excessive jet thunder from Whidbey continues. We have closed all windows and doors and it still vibrates through our home. This should be a time after a hard work day to relax. Cannot.

South Lopez. What is this? Growler keeps looping over us? Continuous roaring. Too LOUD. Makes me angry. Growlers should NOT BE near residential areas. We are not war zones, or does the Navy think we are? Navy is too self-centered and ignores us.

The air over South Lopez has a lot of jet noise in it.

South Lopez. 9:56pm. Larsen, Cantwell, Murray: what do you think about the Navy roaring its Growler jets at this time of night, over ordinary residents, over a populated area????????? Do you think that's OK? Still roaring at 10pm.

S Lopez. Growler screaming overhead 6/7 10:44am

London, WWII: Folks carry gas masks routinely. Should I be conforming to that idea by carrying ear protection when outside on Lopez? Out walking 8:25pm, & suddenly the incipient scream of a Growler, long deafening drumming roar. DEAFENING over us.

6/7. 10:45am S Lopez. ANOTHER GROWLER right on the heels of one a minute ago. What is the purpose of flying over Lopez? Annoyed.

Jet noise echoes around the skies. Coming from the south. Lopez.

South Lopez. Morning. Funny how this works. I am using the weed whacker - pretty noisy - yet the noise of the growler activity in the south is just as loud and just as annoying. Loud jet noise in the skies.

S Lopez. 7/1. 10:09. LOUD LOUD ROARING AND SCREAMING GROWLER NOISE over us. Just preparing to start a bike ride, but now concerned that may not be a good idea. Jet noise often startles me & that is not a good idea when I'm concentrating on the road.

7/15. 8:56pm. S Lopez. Jet noise continues to disturb us. Anxious this noise will continue all evening & night, preventing much needed sleep. This kind of noise usually means jets flying low over as they do their loop patterns. Getting a headache.

ROARING AND SCREAMING GROWLER OVERHEAD. Unable to hear the nurse on the other end of the phone line. Disrupted our conversation. S Lopez. 11:17am. July 16.

South Lopez. 9:35pm. SO MUCH JET NOISE AT NIGHT! THIS IS AFFECTING MY SLEEP. I have to close the window and I can still hear it. The room gets too warm to sleep.

Loud burst of jet roaring noise. Lopez. 6:45pm

11:41am. Aug 1. S Lopez. SCREAMING AND ROARING growler overhead. Distracted me from my work.

South Lopez. Outside and I experienced the thunder from Whidbey. DEEP rolling growl, ongoing. Annoyed, because I was outside seeking a bit of rest from work.

Southend Lopez. Loud screaming and roaring from Growler overhead. Sky is full of noise.

9:32pm. July 17. S. Lopez. The jet roaring continues. It is keeping me awake, so I am making another report. I know the Navy does not care. Why be concerned about someone they are supposed to protect? Disgusted.

Loud growler over south Lopez. Impedes our conversation. Too loud!!!!

8:43pm. July 17. S. Lopez. The loud rumbling has been continuous. I have had to close all doors and windows on this warm evening just to calm down.

Growler noise fills the skies. The roar rolls around, echoes. Ruins the evening calm. South Lopez. 8:42pm. June 10.

Here it is, time to finally head to bed and rest, and the jet noise is filling the skies and our home. The noise is coming from Whidbey, 14 miles away. I am sorry to imagine what it sounds like for folks closer on Whidbey Island. 9:57pm Lopez.

9:17pm. Suddenly a huge blast of noise from the direction of Whidbey. Startled me. Cannot see anything but the BOOM is the same as a growler jet. South end of Lopez.

10:13pm. June 26. South Lopez. WHY is a Growler flying ROARING AND SCREAMING over our home, any home, at this time of night? How can we think of a night of rest when we don't know when our sleep will be disturbed? The Navy is an ABUSER.

10:56am. S Lopez. TWO GROWLERS FLYING OVER MUD BAY. TOWARD WHIDBEY. FRIGHTENED ME BECAUSE IT STARTED LIKE THE TYPICAL BACKGROUND THUNDER AND SUDDENLY THEY WERE SCREAMING OVER US. I AM JUST STARTING TO PUT LADDERS UP FOR WINDOWWASHING. NOW I WON'T.

Another screaming jet over S Lopez. Hoping to wash windows using a ladder, but that is not safe if we are going to be strafed by jet screams over us. Ruins the day planned. Navy acts like no one lives or works down here.

Mud Bay, Lopez. Growler screaming over us. Seems to be heading North. It is still screaming and roaring. 12:25pm June 26. There has been too much jet noise this morning. The roaring is still going on. Still roaring. Why fly over Mud Bay?

S Lopez. LONG LONG LONG jet roar as growler moves away from us. Very noisy and disruptive morning. The Navy needs to move these jets AWAY

from populated areas. They have no respect for us. I have no respect for them.

S Lopez. Morning, 6/26. Persistent, almost constant deep roaring jet noise filling the skies.

S Lopez. 7/18, 3:10pm. Lots of jet noise in the air constantly surrounding us. Always the sound of war in the PNW. Just advised some friends not to visit this region. Why tell them this place is beautiful and then have jets thundering over them?.

2:39pm. Mud Bay, Lopez. SCREAMING growler overhead. Startled me.

South Lopez. LOTS OF PULSATING ROARS coming from NASWI. Disturbing. It is like a bad heart beat.

5:24pm Lopez. DEAFENING noise from Growlers over head. Disrupted conversation.

Morning. S Lopez. I was outside and suddenly came the roar of a Growler. Unpleasant and it distracted me.

10:01pm. Lopez. It is a pleasant night, & we like to sleep with windows open. But the noise tonight compromises two things. Can we sleep with this jet noise? Must we close our windows? & the noise still penetrates our home with closed windows! Angry.

Constant jet rumbling and deep roaring in the skies. Like rolling thunder. South Lopez.

S Lopez. Have been outside for a while, working in the garden, & I have come to the conclusion that it is simply painful to be outside with all the jet noise rolling around. The jet thunder is persistent.

South Lopez. Huge Jet roar. Growler breaking up the sky. July 18, 1:01pm

9:19 pm. Southend Lopez. ANOTHER loud jet over us.

Southend of Lopez. JET ROARING. Thundering!

Lopez South. Another percussive vibrating deep Growler roar from Whidbey. Vibrates the air.

10:58pm July 15. Southend Lopez. Huge blast of jet noise, roaring, echoing through our home. Almost asleep, jolted me.

South lopez 10:19am loud ripping roar of growler noise.

9:26pm July 17. South Lopez. The jet roaring from Whidbey continues. Deep and penetrating . Cannot sleep so I got up to write this report. Angry. The Navy is an arrogant abuser.

South Lopez. The jet roaring from Whidbey continues. It fills our bedroom. I am angry and upset. We are supposed to be able to sleep with this vibrating roaring noise?10:38pm. Our “representatives “ do nothing.

9:06am. S Lopez. Sky-ripping screaming deep gut wrenching roar over our home. Sounds like the jet or jets is at tree-top level. Startled. The roaring continues as if the jet(s) are sweeping around us. This is ABUSE.

Growler jet noise rolling around in the skies. South Lopez. Very loud.

S Lopez HUGE EXPLOSIVE JET ROAR. The roar just burst open. Still roaring. What is going on, why do the growlers have to send their offensive roars to us? I think the Navy is at war with us. Still roaring. Sounds like the jet is turning.

10:25pm August 8. South Lopez. Just about ready to fall asleep and I was jolted awake by screaming jet over our home. Deep penetrating scream and roar. I am so angry I got up to make this report.

loud growler over Lopez. Prolonged roar. Disturbs the early morning.

A navy p-18 poseiden jet flew low over Port Townsend just now. Its bad enough with the growlers but now we’re bombarded by every other navy plane. F\*\*\* The navy

**GROWLERS!**

Just great, you're at it again, damaging the lives of multitudes of wild animals.

**STOP!**

**STOP!**

**"STOP! STOP! STOP!**

**I just left the Dr. high blood pressure at dangerous levels!!!**

**This is not helping!!! "**

**STOP!!!!!!**

**This has been going on for a very long time. You are destroying the lives of birds and other wild things.**

**"What happened to type of aircraft??**

**Reporting this! And this insane noise!"**

**"Where did type of aircraft description go???**

**It’s GROWLERS! Hello!"**

**"You are stressing my health!**

**And decreasing my million dollar property values!!**

**I’m seeking a lawyer! Over this!"**

**My blood pressure "**

**So LOUD!! Stop!!!!!!!**

**The Growlers are flying so low and for so long today. Its the middle of the workday and the noise and rumble is impacting my focus. I know they’ll be flying when I get off work and go home too. Military training doesn’t belong where people live.**

Thunderous noise in the distance. This is very damaging to me one who has become hypertensized to what NASWI has done with the EA18G Growler jets with the environmental destruction where I live. My vote is that they do not belong on the Island

**SROP!**

Horrendously loud noise! I did not move here to be repeatedly savagely impacted by Growler jet noise & other toxic environmental disasters throughout the day & late night. Too stressful to experience these repetitive cyclical destructive forces!

The fly over was like low flying horrendously noisy fighter jet aircraft. Stupidity and the lack of environmental reverence was clearly present in this episodic event.

Outrageously too loud for this pastoral setting. How does one report violence committed to another when that violence is impacting one's environment and health? NASWI believes that they are protecting us which is simply bullshit!

**SROP!**

**STOP!**

Outrageously too loud near OLF Coupeville! NASWI shows no reverence for anything living here. Since they are aware of the health consequences of their jet noise this should be considered and intentional infliction to cause harm and emotional stress

It is now 10:45 AM and this outrageous noise started at 10:10 AM. The time has come to decommission the Boeing EA18G Growler jets that NASWI uses. Both have engaged in environmental brutality destroying that which is in the Micro and Macro realms.

NASWI has engaged in destroying the region's environment which is within the physical & moral micro & macro realms. The environment and we who

are adversely affected are being sacrificed with their spectrum of Growler toxins. Decommission these jets!

**STOP!**

**"STOP!**

**Do you want to pay my health insurance and property taxes! ASS\*\*\*\*\*!"**

**Go home and torture someone else.**

**What a nice day, only to be ruined by \$49,000-an-hour fly time.**

**"Why Monday?? It's a work night !**

**Take the summer off. You're wrecking summer for every living thing here.**

**Ruining a perfectly fine summer night again, to the tune of \$49,000 per flight hour. What a colossal waste of taxpayer money.**

**INSANELY LOUD!!!**

**"Jeezus !!!!!!!!!!!**

**I just left the hospital with high blood pressure! This is not helping!**

**It's louder than I've ever heard it!!!"**

**Nonstop!!!! Insanely loud!!!**

**"SO LOUD!!!!**

**Stop!!!"**

**This is insane!!! It sounds like a war zone!!! WTF!**

**"WTF!!!!!!**

**How is this even legal!!!!"**

9:44pm. South Lopez. LOUD Growler roar. Penetrated our home. Is this the start of more jet noise? Is it useless to try to think of sleeping? These flights make life unpredictable.

Extremely loud jet roaring in the skies. 9:18am, July 1. Southend Lopez.

Very loud growler over south Lopez. Deep deep roaring. Disturbed my rest.

8:35pm. July 17. South Lopez. Loud jet roaring from Whidbey. The sky is full of it. Disturbing. Will this go on and on. Worried if I can get to sleep.

July 15. 11:06pm. South Lopez. The jet roaring from Whidbey continues. What are the Navy's reasons for this practice of interfering with the normal pace of our lives? Of damaging our ability to sleep in peace? WAVES OF JET NOISE SLAM OUR HOME.

Terrifyingly loud

Three extremely loud pre-dawn flyovers

Today we were in Forks and the jets were flying around overhead causing their usual chaos and extreme noise. Then we were in Sequim and the jets flew overhead and caused more noise and chaos. Now I am in Port Townsend at 8:44 pm with more noise

Excruciatingly loud flyover

Extremely loud, deafening. Dumping fuel?

Cape St Mary area, Lopez Is, WA

Woke every one up at 5:30 this morning .Not okay

"Ault engine noise

Shook entire house"

Been bad all night, disrupted all our family activities this evening

Extremely loud, sounded like 2 growlers. And just to make sure we were awake ,they did a double pass.

Time is approximate. Woke me up.

This is obnoxious!!

Trying to settle down for the night and the growlers have gone over twice. The recent one was so extremely loud I thought the world was ending for a minute, not even being dramatic.

Multiple jets fly overs. Lopez

8:16pm. Why are Growlers flying over Lopez? In fact, why must they fly over homes anywhere! These jets are designed to be super loud, thus they should not be used to threaten residents. So loud, could not hear TV show.

Loud Growler roaring over us. Southend. Lopez. Louder than the TV!!!!

South Lopez. This is getting annoying. 7:20pm. Growler roaring over us. Why are growlers flying over Lopez ?

Lopez house shaking

Unbearable loud rumble

Deafening noise from Growler. Hiking at Chadwick, peaceful, quiet. Then 30 seconds of immense noise. Could continue to hear Growler noise in distance for another 3 minutes.

"Growlers are creating a noise event on whidbey and surrounding areas. This will go on until 10 oclock tonight. Meanwhile everyone suffers within the disturbance zone.Its f\*\*\*\*\* criminal and if I made 1/1000 of the noise . I'd be in prison f\*\*\* TN

Stop!!!!

Once again the f\*\*\*\*\* navy is making horrendous noise at 1020 pm on a school night and work night. How are people supposed to sleep when war

jets are screaming overhead. We are no better off than the Palestinians except we aren't being murdered

3 growler formation direct flyover

Another beautiful day , evening and night ruined by the Growlers Here in Port Townsend

Growlers flying low over Port Townsend this morning

Trying to watch a softball game in Port Townsend tonight and the growlers are destroying the fun of this game.F\*\*\* the navy

The Growler jet noise is continuing now past 11PM. It is so loud we can not sleep

trying to do online course for continuing medical education- unable to hear anything with few overflights on a cloudy day in Anacortes, near ferry terminal.

Using the Decibel x app I recorded the jet at 92 decibels over main street next to Coupeville Highschool and Red Apple prairie center market. Saw the growler fly directly over head over Main Street in Coupeville.

Jets flew lower than normal directly over historic downtown Coupeville with multiple passes. Noise level was frighteningly high - much louder than normal.

The jets have been at OLF all week flying the westside flight path which is an unpleasant rumble for us but today they are on the east flight path and right over our roof. Unsettling and horribly loud.

Bedtime and they are back

Can't even hear the tv

It never ends

And they are back. We wait so long for a bit of sunshine here, and the Jets have to come and ruin it. You cannot sit outside and enjoy a sunny evening without these darn jets chasing you indoors.

How to get kids to sleep?

102.6 db measured in Ledgewood Beach this morning. I can feel it in my insides when they fly over my house like this. High anxiety producing.

Lovely evening and the jets have chased us inside. Windows shut and still can't hear the tv

2 1/2 hours + of constant noise is inhumane. The Navy has not done FCLP in Oak Harbor since January. All your meetings about bringing the noisy Growlers here & sharing the pain, varying the patterns etc. were complete lies.

Another nice evening ruined

Still flying! I need headphones to go to sleep

Can't we go to bed?!

Not getting any break today!!

P-8

Been going for hours and I'd like to go to bed!!

Horrible, incessant noise on a hot summer evening

Impossible to sleep

To LOUD flying over hospital all day

Windows are vibrating- it's scary!

A week of torture. No human should endure this.

I'm living in a war zone

You know, people have to get up in the morning!

It's a warm summer day and I have to close my windows. The jets are so loud. It's like being in a war zone

Jet just flew way off course, dangerously low over our home. We've been here over 20 years so know where they should be. This tight, low pattern so hazardous!

Planes are flying way too close to the west side of Crockett Lake Estates

**SUPER LOAD AND FLYING OVER THE HOSPITAL**

I was falling asleep tonight and two times jets roared past my house, rumbling and absolutely preventing me to go to bed. It's terrifying.

Couldn't sleep

112.8 decibel

Woke me up with startling noise.

We had to have the tv volume all the way up and now we'd like to go to bed! Please quit your flying!

Going on hour 3 of multiple jets circling one after another, full afterburners screaming, a few hundred feet over Whidbey Island communities. It's unfortunate that the US is so small that we can't find a more reasonable place to practice.

Mid morning on a nice sunny Friday in June, so obviously makes tons of sense to buzz the residential neighborhoods of Whidbey while everyone is working and tourists are arriving for the weekend.

Impossible to get work done with all this noise

Ridiculously loud flight overhead couldn't hear my own tv inside. Please stop the madness.

extremely loud flight overhead, can't see it with the clouds, but deafeningly loud inside the house

extremely loud disruptive growler flights overhead, multiple flights today assaulting the senses, please stop the attack on your own populace.

Measured 89db.

It is too hot out to close all the windows and doors today so it is extremely loud .

93db

Are you guys practicing bombing the airport? My ears are still ringing 10 minutes later.

So hot tonight and yet the LOUD jets keep flying and no one can open their windows! Stifling!!

95db,flew directly overhead and looked larger than my outstretched thumb. Likely less than 1000 feet agl.

At midnight? For real?

**THIS IS HELL**

How can they be in the air . There is a life flight helicopter getting a patient from Crescent Harbor rd . Yet the Jets are in the air doing touch and goes ! Disregard is beyond words !

House is rumbling, it sounds like they are trying to land in our yard. So sad to not be able to enjoy this beautiful summer evening.

Very loud very low aircraft flying over dugualla bay residential area. Woke our entire household.

Right over house

Too many nights this week just when trying to get to sleep. Continuous outrageous noise.

2nd flight over the house. Growler. They shake the house and disturb the tree tops.

Directly overhead. Rattled the whole house.

"11:15pm - you have no concern for your community and natural habitat - INSANE. No one can sleep, it's hot and we cannot open the windows. This is not okay.

Almost 11pm in 80 degree heat, you are threatening our safety, no one can open their windows, this is the opposite of protecting your community.

Why on earth does this have to happen so late??? Shameful disregard for our community's health and wellbeing.

And it's too hot to close the windows!"

F\*\*\*\*\* STOP!!!!

"MAKE IT STOP!!

So loud!"

Stop it!!!!!!!

STOP!!!! Jeezus!!!

Horrendously loud noise! I did not move here to be repeatedly savagely impacted by Growler jet noise & other toxic environmental disasters throughout the day & late night. It is stressful to plan one's life around these destructive forces constantly.

This is so cruel, it is incredibly hot, cannot open windows, no one can sleep. This is not the right place for these activities.

Once again, Outgroups loud noise! NASW is dg the environment. They are the very worst environmental stewards! They have no moral compass.

Fling too close and most likely using Wannamaker Road a navigational assist which says they are also flying too close. Please get them out of here.

It is noisy as HELL! NASWI has no respect for anything living on the ground or in the Salish Sea. Out of extreme necessity I have to wear noise cancelling headphones. The Growlers have already damaged my hearing.

Again another display of NASWI stupidity. Here we are trying to eat dinner; they know how to destroy and stress everyone during dinner time. Barff on NASWI!

The jets are too loud. NASWI shows disrespect for residents of Crockett Lake Estates with their outrageously too loud harmful health impairing noise! NASWI is without a moral Compass and sure the hell are not protecting anything here.

Once again the EA18G Growlers are destroying the area where we live with their outrageously too loud noise that is a stressor for us. GET THEM OUT OF HERE!

I attempted to meditate tonight but the Growler jet noise was too loud. NASWI is denying me access to my property.

More and more examples of NASWI's authoritarian military conciseness of destroy what is here with the Growlers toxins under the pretext of protecting us. The dictators of the world think and act like this.

Growler jet flight cycles started around 7 PM & have persisted for 3+ hours. Living life was never meant to be this way, especially for me in retirement at 80 years old. The noise is outrageously too loud and too stressful. DOSOMETHINGABOUTIT PLEASE!

Another night of hellishly too loud EA18G Growler Jet noise brought to us by the uncaring NASWI who doesn't give a damn what they are doing to the environment below or above the Salish Sea. Train elsewhere and end the destruction here!.

The same situation as earlier. However, due to the fact it is occurring again, it is now considered intentional and is an intentional infliction to cause emotional distress and physical harm.

It's more of the same, outrageous Growler jet noise. NASWI needs to decommission these jets and get them out of the region!

Too loud and the EA18G Growlers spectrum of toxins is damaging are ability to access our property and causing health problems for tens of thousands on Whidbey Island. Please end this environmental disaster!

Absolutely too loud, and we were about ready to go to sleep. NASWI has absolutely no care for anything living here. The time has come for NASWI to decommission the Boeing EA18G Growler jets, to stop flying at OLF Coupeville or anywhere else. STOP!

The noise necessitates decommission the Boeing EA18G Growler jets that NASWI uses. Both have engaged in environmental brutality destroying that which is in the Micro & Macro realms. Our health is being sacrificed in the spectrum of toxins noise is #1.

Low over south Lopez

Roaring low over south Lopez

Roaring low over south Lopez

Waked us up. South Lopez

Roaring over south Lopez

The time has come to decommission the Boeing EA18G Growler jets that NASWI uses. Both have engaged in environmental brutality destroying that which is in the Micro & Macro realms. Our health is being sacrificed in the spectrum of toxins noise is #1.

They just started up fling. It is over 80+ degrees inside & we need to keep the windows open as we are again subjected to Growler jet noise. NASWI is bereft of any compassion for us & anything living. They are the purveyors of death & destruction.

NASWI has destroyed the region's environment within the micro & macro physical & moral realms. The environment and we who are adversely

affected are being sacrificed with the spectrum of Growler toxins. Decommission these jets!

The jet noise was horrendously loud. At the age of 81 I did not move here to be savagely repeatedly impacted by Growler jet noise & the other toxins throughout the day late night. NASWI has destroyed the region's environment. Decommission these jets!

NASWI has destroyed the region's environment within the micro & macro physical & moral realms. The environment and we who are adversely affected are being sacrificed with the spectrum of Growler toxins. The noise is too loud!!

NASWI has destroyed the region's environment within the micro & macro physical & moral realms. The environment and we who are adversely affected are being sacrificed with the spectrum of Growler toxins. The noise is too loud!!

The jet noise is horrendously loud. At the age of 81 I did not move here to be savagely repeatedly impacted by Growler jet noise & the other toxins throughout the day late night. NASWI has destroyed the region's environment. Decommission these jets!

Too loud give that the ambient noise is the sound of wind through the grass and trees. This a pastoral area that should never be destroyed by jet noise.

Lots of booming.

Gee, would you look at the time?

2nd time today

3rd time today

NASWI's EA18 Growler jets are doing touch-and-landings near by at OLF Coupeville and it is deafening! NASWI professes protecting us but with this outrageous noise that is simply bullshit. The U of W research clearly shows the seriousness of this.

It is night time Growler jet madness. NASWI has no reverence for the peace and sanctify of this area; and operate under the delusional pretext that they are protecting us. This is simply bull shit thinking on their behalf. End the noise and leave!

An EA18 Growler overhead fight that is outrageously too loud!

We cannot hear the TV and the noise is deafing. This is a good example of how NASWI is protecting us. Which says to me that they are treating us a crap. They can train else where and get the hell out of here, train elsewhere!

Out ragagously too loud! This is noise aggression against civilians, and animals, and needs to stop the brutality. NASWI is the worst environmental steward for unleashing a spectrum of toxins onto us and into the sea!

Horrendously too loud! NASWI once again demonstrates its total lack of care for beings living nearby. This noise negates their position that they are protecting us.

Repeat offender of Outrageous Growler jet noise! The earlier cyclical event was at 11:45. NASWI has no concern about the health & well-being of others. For this reason, they have been engaging in the infliction of harm, emotional & health-related

"OMMFG. I HATE THESE NUMBNUTS AND THEIR FREAKING WAR TOYS!!! SO MFING LOUD!!!

WHY DON'T THESE IDIOTS GO PLAY WITH THEIR TOYS SOMEWHERE WITHOUT ACTUAL PEOPLE LIVING ACTUAL LIVES.

I NOW HATE THE MILITARY.

OH,. AND F OLD MAN TRUMP."

10:52 AND HERE COMES ANOTHER JET ROARING OVERHEAD

"IT'S 10:45 AT NIGHT. WHY ARE THESE IDIOTS STILL PLAYING THEIR WAR TOYS??? PEOPLE WHO HAVE \*REAL\* JOBS ARE TRYING TO SLEEP BUT THESE FOOLS GO ROARING BY SUPERRRR LOW.

JUST GO AWAY."

It was close to midnight and the you could hear the keys through the whole house, outside was worse. Took a long time to go to sleep!

Additional flights came in at 11:30, 11:32, 11:42, and 11:53. All flights very loud very low and very late at night. Our entire residence shook and the children and adults were awakened by the jet noise.

Very loud. Very low aircraft flying over dugualla bay. Too late at night to be flying in residential area. Woke entire household

Very loud. Very low aircraft flying over dugualla bay. Too late at night to be flying in residential area. Woke entire household

"Horribly loud. unnerving.

Must stop. Kids and dogs are a mess

Stop, please"

"Additional very noisy flights at

10:15, 10:46, 11:42, 11:50, and 11:53 PM. All low flying very loud causing our residence to shake and waking the children. Flights came directly over dugualla bay and should not be flying so low or that late. "

Another Growler flew right over the house and everything stopped: no phone, no conversation, no music, no reading, no writing, and certainly no sleeping. In other words, there is NO LISTENING TO ANYTHING BUT JET NOISE.

The whole house shook. Everything that required any concentration (listening to radio or music or a phone call, in person conversation, reading, writing, studying) had to come to a halt.

Too low, too loud, too long

Jets flying all week. Currently so loud I cannot go outside in my yard. I frequently wear noise cancelling headphones inside my home for fear of hearing damage. I have lived here since the 1990's and this is not what I signed up for.

"Stop! Kids have school tomorrow.....

People have jobs, company etc....

Sooo loud and low.

One of the loudest noises I've ever heard and it's just a few feet above a quaint residential neighborhood on Whidbey Island on a pleasant summer afternoon. Make it make sense.

"Recruitment is at historic lows and international opinion of the US military remains in the toilet, the only way to win hearts and minds is to fly jets over Coupeville at 10am on a Monday." - The Navy

I'm feeling sick from this continual noise!!!

STOP!!!!!!!!!!"

"I live here!!!

I pay taxes!

This is not ok!

Stop military ass\*\*\*\*\*!!!"

"Shaking the windows. Have to wear headphones in the house.. horribly loud on a beautiful summer evening.

Awful!!!!"

Trying to get rest I don't feel well. They flew over last night until midnight.

Flying over Anacortes and south end of Guemes for the last severe hours. Loud and low in the clouds.

Too loud fast in my eardrums and making my body feel sick how long must we endure this before that kills us?

Military vet can't stand the noise brings back to bad memories

Can't sleep the Jets are so loud

Trying to put children to bed tomorrow school disrupting their sleep makes poor grades

divebombing at our house and making me sick, high blood pressure, anxiety, ear, ringing headaches

Flying straight over our home it's vibrating our house and extremely loud hurting our eardrums and our health

Harming our wildlife, eagles, and whales

Interrupting work

They won't stop divebombing us extremely loud can't even hear the TV and presidential debates on. Can't even hear it.

They are divebombing my house so much I can't even take a nap

dB off the charts so extremely loud

Find straight down I can extremely loud trying to sleep

Flying straight over our home today dB 120.6

I got them on video today going straight down my streetdB 120.6 they're back this evening doing the same thing

Just tapping our house extremely loud and on the hottest day of the year, we can't close the windows they torture us why ?

Trying to put the babies to bed

Was sitting out in my hot tub when the Jets came over my house can't even relax in my own backyard. Look at the moon 🌕

I just came at bedtime or husband has to get up early and work hard all day and now he can't even go to sleep. They're flying straight over our house just topping the trees as usual called into the Navy no response in the last five years

Flying straight over my home I can't even watch the presidential debate

They sleep at work the graveyard shift, trying to get some rest at home is impossible

I called five congressman's office today and left messages. Let's see if we get any callbacks, growlers flu till midnight last night and then started back up today and they haven't stopped. It's extremely loud it's affecting my health

I've been divebombing my home all day and almost till midnight last night I have so much anxiety that I'm shaking and CALL reported it to the Navy and never get a call back

We pay high taxes on our property. How can the Navy do this to people that are retired and not able to move and don't want to move

I just want to get some sleep they are destroying my health

"Seriously?? It's 10:00 on a Monday night!!

This just woke me up! 😞 "

Stop please

"This is so loud!!!! It's just awful!

I'm thinking of selling my house! To get away from this noise!"

I AM SO OVER THIS NOISE!!!!!!!!!! Stop!

STOP!

This is horrible!!

This is SO GOD DAMN LOUD!!!!!! Stop!

Extremely loud and and dive, bombing us and rattling our house. We've already had one landslide and water damage to our house from shaking a plumbing loose from the refrigerator. Our floors blew up and mowed is growing.

Coupeville 9:05PM 7/10/24 94.6dB too loud for a neighborhood!!

One of the big planes . The worst smell is the smell of exhaust when they pass over your house

Horrific tonight !

Another Sunday !

We were going to eat outside on this lovely evening. It's hard to do when you can't hear each other talk

Must be summer they are flying on Sunday again .

F-18 passed directly over the house and woke up everyone. It shook the whole house.

Since 4pm. Right over the house. We are not part of official flight route

MULTIPLE GROWLERS CIRCLING. Constant, uninterrupted extreme NOISE! Very disturbing.

This is the THIRD consecutive night that the growlers are terrorizing the area with multiple aircraft circling, creating non-stop noise! Last night they flew until 11:45.

Impossible to sleep, very disruptive. 10pm is our normal time for bed rest and alas, laying awake from 10 to 11:20 with them flying above over and over. I remember a time recently when you stopped flying planes by 10pm.

This was a long duration high buzz fly over. This is a quiet pastoral area and the level of noise is totally unacceptable.

USN COMMAND DESTROYS THE PEACE AND QUIET AGAIN.....LOW ALTITUDE.....NO CONCERN FOR THE CITIZENS.

95 dB 10:21p.m. This should be outlawed!!

Typical....USN shows its concern for sleeping US citizens, seniors, and children

USN COMMAND....proud of the harm caused by its noise and the poisons it spreads throughout the Puget Sound

10:50 p.m. USN Command breaks another promise re the timing of the GROWLER TRAINING.....maybe a revolution would adjust their honor....not likely

Growlers making a lot of hellish noise

Growlers flying all morning ruining another day

Growlers making life hell

Growlers making a hellish amount of noise

Ear shattering night with growlers flying "

Growlers flying loudly and making life hell for everyone below

"USN.....Sound of Freedom?

USN .....Sound unwelcome, Sound unjustified, Sound of assault against U.S. citizens."

Growlers ALL afternoon and evening. Stopped about 9:00PM. BEGAN AGAIN at 10:30PM. How can this go on???

The GROWLERS stopped flying last night Just before MIDNIGHT and began again early this morning! Multiple aircraft circling near the east side of Whidbey, just south of Penn Cove. Horrific noise!!

At 10:35 pm the Growler BEGAN landing practice... infuriating and so STRESSFUL that it was impossible to sleep. WHY ... WHY BEGIN flying at 2235 hours??? Stupid!

Multiple GROWLER circling ... CONSTANT maximum jet noise. As one Growler moves away, the next one arrives to sustain the jet noise. No break between jets.

Growler landing practice, exceedingly difficult to work! Constant noise

Growlers circling in landing practice

SERIOUSLY??? GROWLERS just now beginning landing practice. Overflying our neighborhood.

Ten-thirty P.M. and GROWLERS are blasting the area with jet exhaust noise! What kind of irresponsible commanding structure does NAS Whidbey have? Stupidity reigns ...

Growlers circling

Growlers started landing practice and the noise is horrific. Cannot enjoy the outdoors due to jet noise. They flew until 11:45pm last night.

Growlers!!! STOP!

"Please Stop!

It's so loud"

"I'm trying to sleep for work tomorrow 🙄

The jets are so loud I can't sleep! It's also making my already high blood pressure worse!"

F\*\*\*\*\* STOO!! Ass\*\*\*\*\*!!

"I have had it!

Loud flyover at 11pm. Woke me up.

Growler jets flying regular intervals over Camano Island. Bone rattling.

Growlers conducting touch and go landing practice. started about 8:30PM. Very disturbing, constant noise!

Horrific jet noise began at 10PM. Shaking windows. This is the loudest we have EVER heard these jets operate! Flight paths changed? Criminal

Growlers began circling landing practice causing at 8:30pm. Very loud

A Growler just now, at 10PM, BEGAN overflying Saratoga Passage and conducting landing practice circling. Now there are more planes. WTF??

Bone shaking loud.

"It's been going on all day and night...loud horrible growler noise. Vibrates the house. Sounds like they are testing the growler engines. But 10:10pm is too late.

Extremely loud. Could not carry on conversation. Growler headed east over Camano Island. These machines are death machines. Should not train over civilians.

Growlers have been flying over Camano every 15 minutes this morning. L O U D. Bone shaking and totally unnerving. Outside gardening and I had to come inside.

An extremely loud airplane flew above our home. It was way too close and loud and hurt our ears.

The noise was extremely loud-my husband ducked thinking a plane was crashing, my cat scrambled off my lap scratching my legs. Experienced sore ears for several hours after

Extremely loud low flying jet. Please ban seafair. This was not planned nor needed.

F-18G Growler fly-by...AWESOME!!!! Loved the sound and power of the jet. lasted all of 3 seconds.

Jet noises been very loud in half hour bursts almost all day heading into the night

Around 1pm, a growler plane flew very low over West Seattle as part of seafair. I was outside at the farmers market and the sound was louder than I've ever heard from a plane in many air shows I've been to. It was enough to cause hearing loss.

My kids, partner, mom and I were driving through the Alaska junction in West Seattle when we heard the loudest jet fly over that we have ever heard. My kids cried for quite a while. We had ear pain for the rest of the day.

So loud!!!!!!! Can't sleep!!!!

Jeezus!!! This is unbearable!!!! It just woke me up!!

So F\*\*\*\*\* LOUD!

STOP!!!!!!!!!! So LOUD!!!

This could have been a wonderful time of day if it weren't for the terrifying war noises.

It could be so nice here. For humans and wild animals both. But it's being ruined by war play.

Some inhumane ego in a cockpit just flew over Mt. Vernon in what I assume was a test of the shock absorption parameters of our home windows. The windows survived, but my ears are ringing. The military needs accountability.

Holy crap, would you jerks go crash into the ocean already? I'm stuck indoors with earplugs in all day because you bastards keep flying over in your torturemobiles.

""""Hold on, there's a jet going overhead. Can't hear you."" (pause for over a minute) ""Sorry about that""

Nothing in populated areas should generate that much sustained noise. This is illegal, but the Navy gets a pass."

Some horrifically loud Navy jet just flew over the Mt. Vernon area. It was loud enough I thought maybe I'd left my windows open. Nothing blocks the sound of these jets.

The annoyingly loud flyover of Mt. Vernon just now (10am) reminded me to log a complaint about the unbelievably loud flyover last night around 11:30pm. It was about 5 minutes of incredible noise. It was coming from every direction.

I'm not sure why the Navy still pretends they're an honorable organization. Honorable people don't turn entire counties into a living hell when they have perfectly viable alternatives.

The Navy Terrorists are out torturing Mt. Vernon. That was pretty impressively loud. Indoors it was louder than any stereo I've ever owned.

Hey Navy peeps. Your direct flyover of Mt. Vernon with two low and VERY LOUD jets is making this interview I'm trying to conduct kind of difficult. Could you maybe move to the desert or, even better, the bottom of the ocean?

Extremely loud flyover of Mt. Vernon area. Painfully loud. Even indoors it was louder than a putting my head against a shop vac.

I love walking around my house wearing earplugs, shouting "WHAT?" and using hand signals. Thanks, Navy Terrorists, for keeping us "safe" /s

Navy terrorizing the region with a massive noise attack. It's like putting your head inside a Shop Vac for 5 minutes.

Couple of extremely loud flyovers of the Mt. Vernon area this morning. I'm indoors with custom earplugs and bone conduction headphones playing masking white noise so I can pretend I don't live in an artificial war zone

The Navy is being a whole extra level of rotten bastards this week. Why can't these jerks at least provide an accurate schedule for when they're going to be conducting their torturous experiments?

The Navy terrorists are back (again). It's so "fun" living in a permanent war zone.

I hate the Navy so much. Hate hate hate. GTFO!

I hate the Navy. I hate the Navy SO MUCH. They do this to us because they're selfish and they don't care. They have a god complex and think they're heroes, but they're just boys with toys. Mt. Vernon is being tortured by these bastards right now

My mental state is so disturbed 🤪 "

"I have had it!!!!!!

JEEZUS!!!!!! SO LOUD!!!!!!

"My property value and piece of mind are f\*\*\*\*\*!

Contacting a lawyer!! STOP!!!!!!"

My property value should be paid by you!

"Reporting you to my health provider tomorrow morning:/

I've been in a war zone for the last two hours with Navy terrorists doing shock-and-awe runs throughout Skagit County. I feel like my heart is exploding and my check is rumbling. When do we bring these scum up on criminal charges?

The Navy has been terrorizing the Mt. Vernon area all morning. It's like living inside an indoor monster truck arena

The selfish Navy has been out in force today. Multiple extremely loud flyovers an hour. My wife has covid and is trying to sleep, but it's kind of hard when the loudest manmade sound on the planet keeps waking you up.

Thanks to the Navy, it sounds like a hundred freight trains are driving through my living room. Take this crap to unpopulated areas where it belongs!

Navy's been terrorizing Skagit County all day. Pretty much stuck indoors with earplugs.

Growlers are shattering the peace again this evening circling over landing site.

Growlers low overflights all day long.

Growlers shattering the evening silence with landing training, just beginning after 8:45PM.

Extremely loud flyover Camano Island heading East.

Loud and deep vibration. Awful.

The Navy has been terrorizing the Skagit region for most of the morning/afternoon. It sounds like an indoor Monster Truck show out there right now, including the need for earplugs.

Except for the risk of it causing a wildfire, I would very much like for the Navy to \*\*\*\*\* their jets into the side of a mountain. You suck so much.

Hey you Navy diaper bags, why are you malevolent scum out torturing people on a Sunday? I thought we got the weekend as a reprieve from your terrorism. Don't make a habit of this, mmm'kay?

Scumbag Navy out blasting the whole valley with painful levels of noise for our lunch break.

Enormously loud flyover of Mt. Vernon (I think. It's often hard to pinpoint and the noise travels a huge distance). My wife was outside watering and I saw her drop the hose and plug her ears.

Park

Navy scumbag just rattled my windows near Big Lake. Flying way too low and too fast. It went from "barely heard it" to "why does my chest hurt" in two seconds.

Lopez resident hiking in the Methow Valley. Blasted by Whidbey Growlers

Hiking along the Dungeness Spit. Was interrupted, AGAIN. Low rumbling, and extremely loud. Ruining my experience.

This was a navy helicopter. These flights have been increasing and at all hours. They have changed flight path to be directly over house when they had not been. Questioning if it is due to reporting.

An annoance low rumble jet that sounds like a Growler up high.

Growlers coming in hot in the middle of the work day. How can we be expected to focus and contribute to our economy when warplanes are training directly overhead? I can't imagine how these jets impact our vets with PTSD.

low rumble going on for at least 30 minutes

"Steady stream of Whidbey noise

Hear inside house even with wind blowing 12 kn. And windows closed.

Getting louder the longer this goes on

Horrendously loud noise! I did not move here to be repeatedly savagely impacted by Growler jet noise & other toxic environmental disasters throughout the day & late night. Too stressful to experience these repetitive cyclical destructive forces!

STOP!!!

STOP!!!!!!!!!!!!

"WTF!!! F\*\*\*\*\* STOP!!! Ass\*\*\*\*\*!

Ilts 8:00!

**We all have jobs.. we don't have welfare military benefits!"**

**Humans need to sleep, and so do wild animals. Lives are being destroyed.**

**Loud!**

**The fly over was like low flying horrendously noisy fighter jet aircraft. Stupidity and the lack of environmental reverence was clearly present in this episodic event.**

**Outrageously too loud for this pastoral setting. How does one report violence committed to another when that violence is impacting one's environment and health? NASWI believes that they are protecting us which is simply bullshit!**

**Outrageously too loud for this pastoral setting. How does one report violence committed to another when that violence is impacting one's environment and health? NASWI believes that they are protecting us which is simply bullshit!**

**Outrageously too loud for this quiet pastoral area and community!**

**Outrageously too loud for this pastoral setting. How does one report violence committed to another when that violence is impacting one's environment and health? NASWI believes that they are protecting us which is simply bullshit!**

**Outrageously too loud for this quiet pastoral area and community!**

**Start was about 5 minutes ago**

**Ah, it has almost stopped, just background buzz now, still irritating"**

**The time may be off by a couple of minutes.**

**Time may be off by a minute or two.**

**There was another one earlier this morning but I didn't catch what time it was.**

**Time may be off by a couple of minutes.**

**South Lopez. There is a steady roar of jet noise coming from the south. The jets are not over us, but their noise is echoing in our skies. It is not quiet outside. 8:58pm**

**Jet noise in our skies, a continuous low roar from Whidbey. So early in the morning! South Lopez. 8:56am**

**Low thunder noise from Growler over South Lopez. I am in the trees so I cannot see it, but I sure can hear it. Disturbs a quiet walk after doing a lot of work today.**

**Unfortunately taking my evening walk accompanied by deep jet roaring in the skies. No bird song, just war noise. South Lopez 7:50pm**

**Roar of Growler activity from NASWI. Sounds like growler taking off, gaining altitude. The roar increases. It is NOT quiet outside!!!! 8:37pm 6/10. South Lopez.**

**Lopez. Out in the garden, noise from growler activity to the south of us. When this happens I begin to feel anxious that they will turn toward us and we will get that scream and roar. They may or may not, but my anxiety is real.**

**July 16. 10:20pm. Noisy night. Jet noise is constant thunder. Disturbing sleep. S Lopez.**

**Disturbing to sleep**

**Affects sleep**

**22 miles away in Port Ludlow, we have intrusive and unacceptable thunderous rumbling coming from operations at the Coupeville OLF.**

**Rumble noise the last few hours in Port Ludlow. Loud enough to disrupt sleep.**

Walking through Windjammer Park for sunset and the constant rumble and hum of jet after jet makes it hard to enjoy being outside. Had to head back to my car and leave. Can't even roll the windows down.

Getting really tired of disrupted sleep. Interferes with work.

5 minutes until midnight and a jet flies over! Oak Harbor on a Monday.

Tossing and turning at 11pm on a Tuesday due to Growler jet noise. Not sure why anyone thinks it makes sense for military training to take place not only over a community but also during sleep hours? They sometimes fly past midnight too.

This is so infuriating because it makes it difficult to sleep

Trying to enjoy the beach but hard to do with jet. Leaving park.

Constant low rumble that penetrates the house in every corner.

It is so loud tonight. I can feel it. There is no escape in the entire house and we live on Camano. I can't imagine what it is like over there.

Hiking on trails. Now leaving park. They flew late last night. Now again today

Kids came in from playing because of jet noise. Jets heard over the sound of baths and fans. Now trying to get ready for bed and sound of narrating house. Can be heard from many miles away.

Wet loud music night and last night. Flights start when everyone is going to bed. We can not sleep with flights happening. We have school aged kids.

Company is out our house. Noise. From jets is terrible.

Constant jet flights. Earplugs don't work at all. Creates a tightness in my chest and an anxiety not knowing when they will stop.

Solid rumble heard through the entire house. Leaving house to try and escape the sound.

Still flying and have been all night. Miles away by the sound travels through everything.

Engine runs are very noisy and should also be announced beforehand.

Growlers just started up - 9:30am in the middle of the week. So tired from work and the ongoing noise all day only makes it worse. The health impacts of excessive noise are well-documented. Why does the military continue to train over communities?

Lopez flyovers. WHY?

SHOULD WE START A FUND RAISER FOR THE NAVY TO BUY SOME HUSH HOUSES SO THEY CAN WARM THEIR JETS WITH SOME MODICUM OF QUIET?

Non stop.

Haven't heard the jets for a while. Has been nice.

the jet noise is rumbling so loud it is impossible to tell where it comes from, it's as though the earth itself is loudly rumbling. What are those kids thinking, flying over people, places, animals and creating such a hell on earth?

Engine run up rumbling on south Lopez

The house is rumbling on south Lopez

I heard one about half an hour ago as well, but I didn't get the exact time.

This one seems to be circling around - staying overhead longer than usual.

Not quite disrupting activities, but loud.

Another deep and penetrating rumbling and roaring. Vibrating through the air. Growlers taking off from NASWI. Southend Lopez.

One after the other, rolling thunderous roars and vibrating waves coming from Whidbey. We are 14 miles away and it hits us like a brick. South Lopez. 8:29pm. August 5.

South Lopez. SO TIRED OF JET NOISE. Again, another blast from WHIDBEY. Deep prolonged roar.

3:53pm, July 30. Rumbling and vibrating roar from Whidbey. South Lopez.

South Lopez 8:26pm, Aug 5. Deep penetrating rumbling roar from NASWI. Felt it in my body.

And again. ANOTHER rumbling vibrating roar from Whidbey. The feeling of a distant earthquake coming our way. Lopez.

8:35pm. LONG deep vibrating roar from Whidbey. Aug 5. South Lopez

Disturbing rumbling from Whidbey. South Lopez.

8:55pm. S Lopez. It seems this is another evening of consistent persistent jet noise rolling up to us from NASWI. From the light schedule it is possible it's from OLF, in which case I feel so sorry for those folks. But here it is CONSISTENT THUNDER.

S Lopez. GROWLER RUMBLING PERMEATES THE AIR. NOISY HERE.

South Lopez. The roaring from NASWI continues. Here is another one. I feel the thundering roar in the floor, in my body. This does not feel good. Sounds like engine run-ups. 8:30pm. August 5.

Southend Lopez. 8:28pm August 5. DEEEEE LOOOONG ROAR and vibration from NASWI. Engine run-ups???At this time of the evening? The earth is shaking.

August 19. The continuous rumbling from NASWI is disturbing. S. Lopez. Unpleasant to be outside. The rumbling feels like it is everywhere.

Why are you flying growlers at 11 pm!!! Let us sleep!

It's ridiculous that this noise is occurring at night. This noise is incredibly disruptive to people, and also to wildlife, such as the endangered marbled murrelets.

Ault noise

What does pollution sound like. Growlers!

A lot of Ault engine noise over time

Constant rumble since I got home 3 hrs ago that is heard inside home with windows closed.

At least they waited till after the DNC convention aired, but it's rather late to be disturbing the peace

Rumble and vibration for the last couple hours in Port Ludlow

9am on a Sunday! After working the whole week under the jets it would be nice to have a quiet, relaxing weekend without military noise pollution. Jets shouldnt be trained directly over people's homes!

The jets started flying around 8am this morning. But they were flying at 11pm last night. Hardly a moment awake without the constant sound of roaring overhead. I want to hear the sound of birds and ocean - the sounds you'd expect from a PNW island.

Just the community pool and senior center !

OMFG I HATE THESE PLANES SO FREAKING MUCH, SOOOOO SICK OF THEM. THEY STARTED AGAIN 10 MINUTES AGO. LAST WEEK IT WAS NONSTOP VIOLENTLY LOUD, EXTREMELY LOW OVER AND OVER AND OVER. WHAT IS WRONG WITH THESE AHOLE?

Causing landslides

Causing landslides disrupting our shell farm on our beach bearing it

Growlers, extremely loud and shaking my house. I've already had one water leak because of it water leaking at the lines and flooding my house and causing mode.

NAV never replied to my water damage or c the jet noise

Shut my house, so bad that it moved. My refrigerator and waterline came loose and flooded the side of my house and floors, and I have it all ripped out no reply from the Navy.

We've put a lot of time and money into our beach, shellfish, oysters, clams, and muscles, and now they're getting buried by the landslide of the vibration from the growlers

Shake in the house so much that it's set an off day security cameras

Find straight over our home, shaking and rumbling and very loud

My whole house is shaking and it's shaking me up too

Vibration to our house and neighbors house shut the plumbing loose. We now have plumbing issues called navy never heard back.

Shaking my house very loud jet streams

Extremely loud, vibrating our house

Someone asked if I felt the earthquake. Well no I didn't my house is shaken from the jets !

We bought this property to be outside the noise area. This isn't okay. People should be able to live on Whidbey without the jet noise

Growler landing practice ... it went on past 11:00PM last night. Irresponsible

GROWLERS over-heading, east bond

Multiple GROWLERS looping around and around over Whidbey training facility

Growlers launching

This has been going on for over five years. It's destroying my property I've had landslides and water leaks. House is full of mold never heard back from NAV.

We did not purchase property in the noise zone of OLF. But here we are in the noise zone when the jets fly a certain pattern. We are negatively impacted by this noise. Shame on you for flying the jets in a populated area.

It's so hot. Kids trying to stay cool by swimming in an outdoor pool. Flights so constant and loud. You can feel the rumble in your body. Reminder, flight warning is not in our property paperwork. The hat is for the north end properties.

Two jets

Another outrageously too loud noise event brought to us by NASWI in there continued efforts to destroy the environment and to aversely affect the health and well being of every living thing.

Horrendously too loud!. The Birds rare going crazy outside. This is what is happenings when NASWI has no reverence, compassion or caring for what lives here. NSAWI protecting us here is pure illusion and an out right lie.

Horrendously loud! It is past 10:00 P.M. and most people are in bed attempting to sleep. NASWI does not give a damn if their EA 18G Growler jets are affecting one's health, or if a Growler jet crashes into one's home while in bed. They are stupid!

Growlers overflying

"Growlers BEGINNING overflights at

10:30 PM !!! WTF? "

Disturbing

We LOVED the loud flyover!!!! Our chests swelled with pride hearing that sucker roar overhead here in West Seattle. We need more of this! GO NAVY US 

Extremely loud noise from an aircraft coming and going over the area for several minutes, which woke our sleeping baby. How is this allowed to happen after 9pm on a weeknight?

Hunter Bay. Lopez. LOUD LOUD GROWLER OVER US. Blotted out conversation.

Horribly loud for an hour. Very low, constant

NASWI did not fly Growler jets last night. This how as it should be. NASWI is the worst environmental steward imaginable. Once the Salish Sea Puget Sound region has been destroyed no amount of money will be able to restore it. The Future-what-Future?
