The San Juan County Jet Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments.

[gis.sanjuanco.com/aircraft-noise-reporting](https://gis.sanjuanco.com/aircraft-noise-reporting)

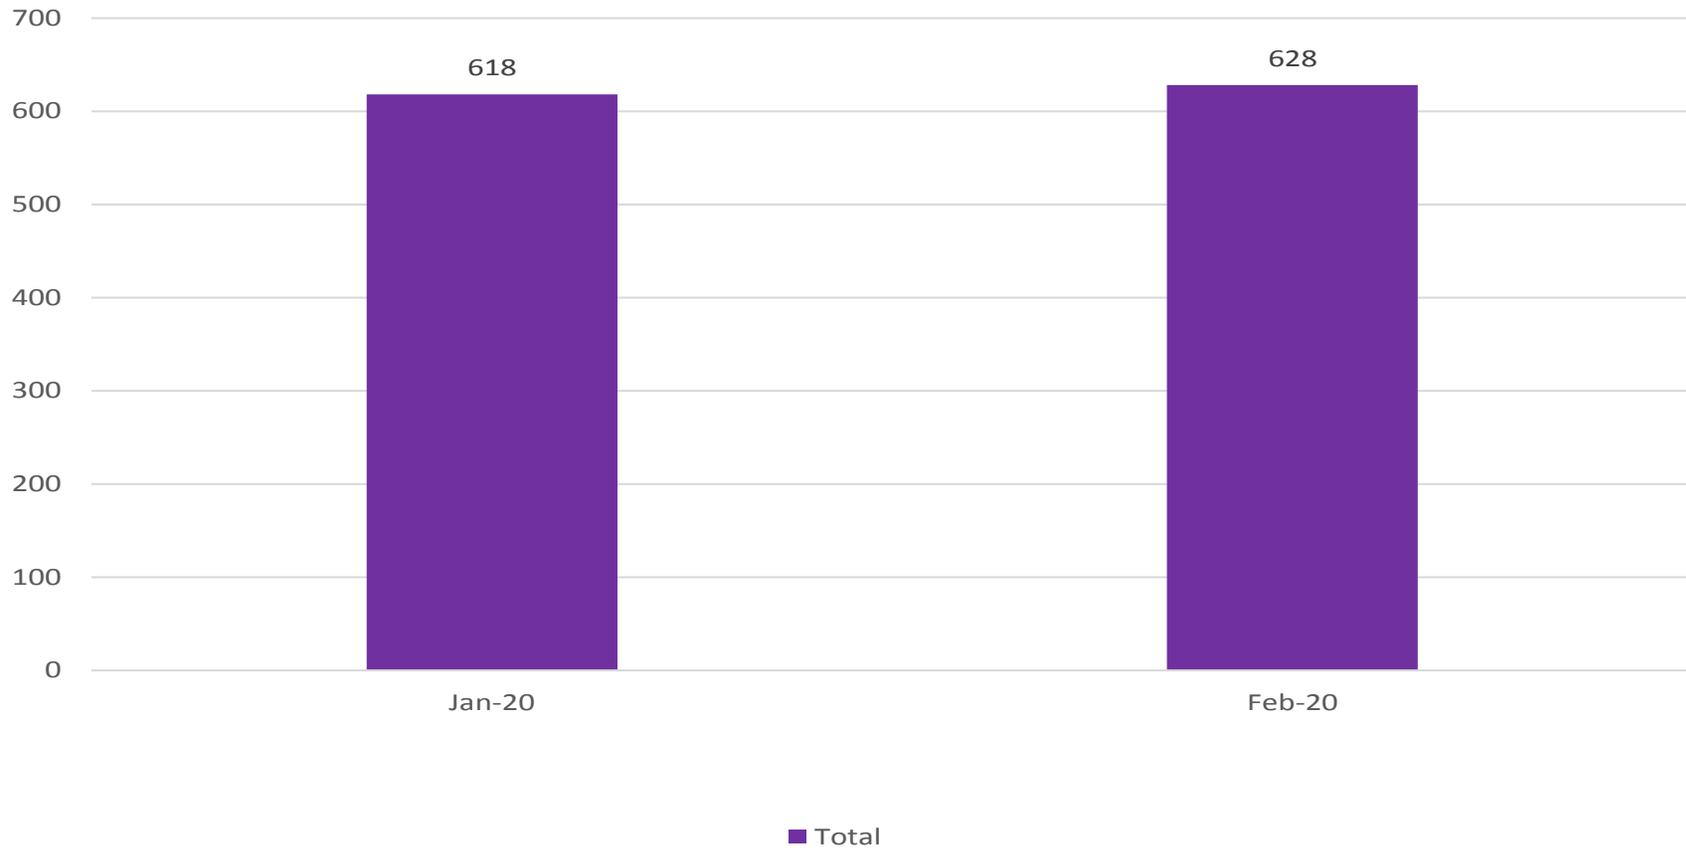

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting site. We are seeing an increasing number of reports from the wider region.

**Since the Navy added 36 more EA-18G Growler jets at Whidbey Island, extreme noise events have increased dramatically in our region.**

**Noise reports for 2019 were 59% higher than the average of the previous 4 years. Noise reports for January and February of 2020 are 13% higher than January and February of 2019.**

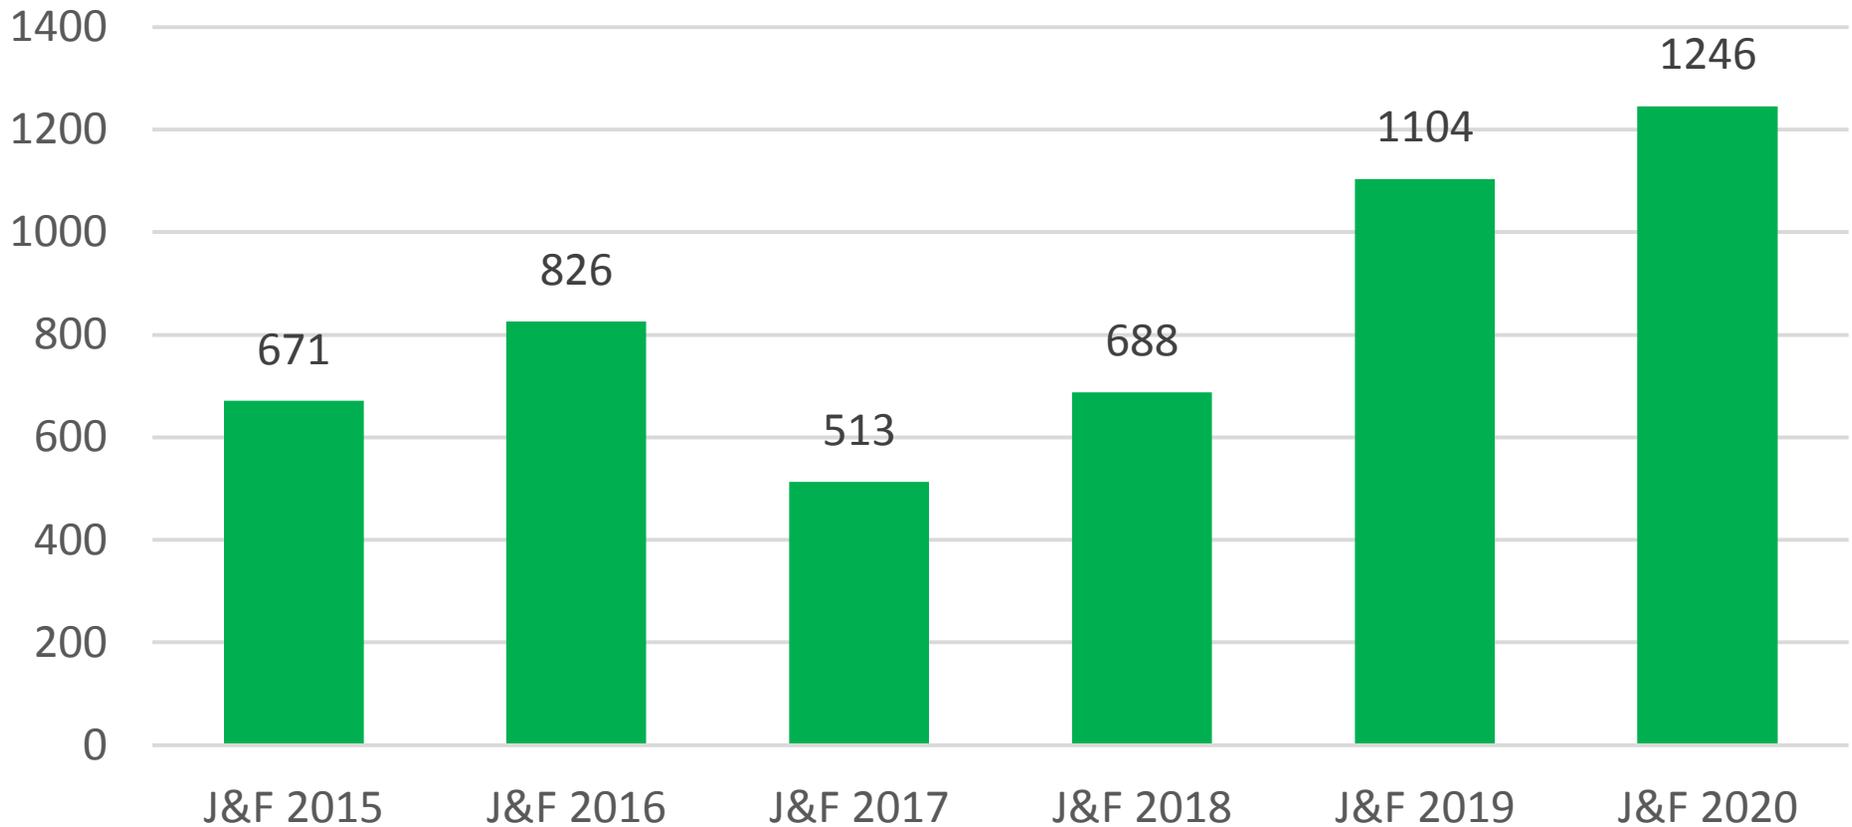

**Comments on the noise events begin on page 10. They tell the human story. [Read them.](#)**

## Jet Noise Reports January and February, 2020

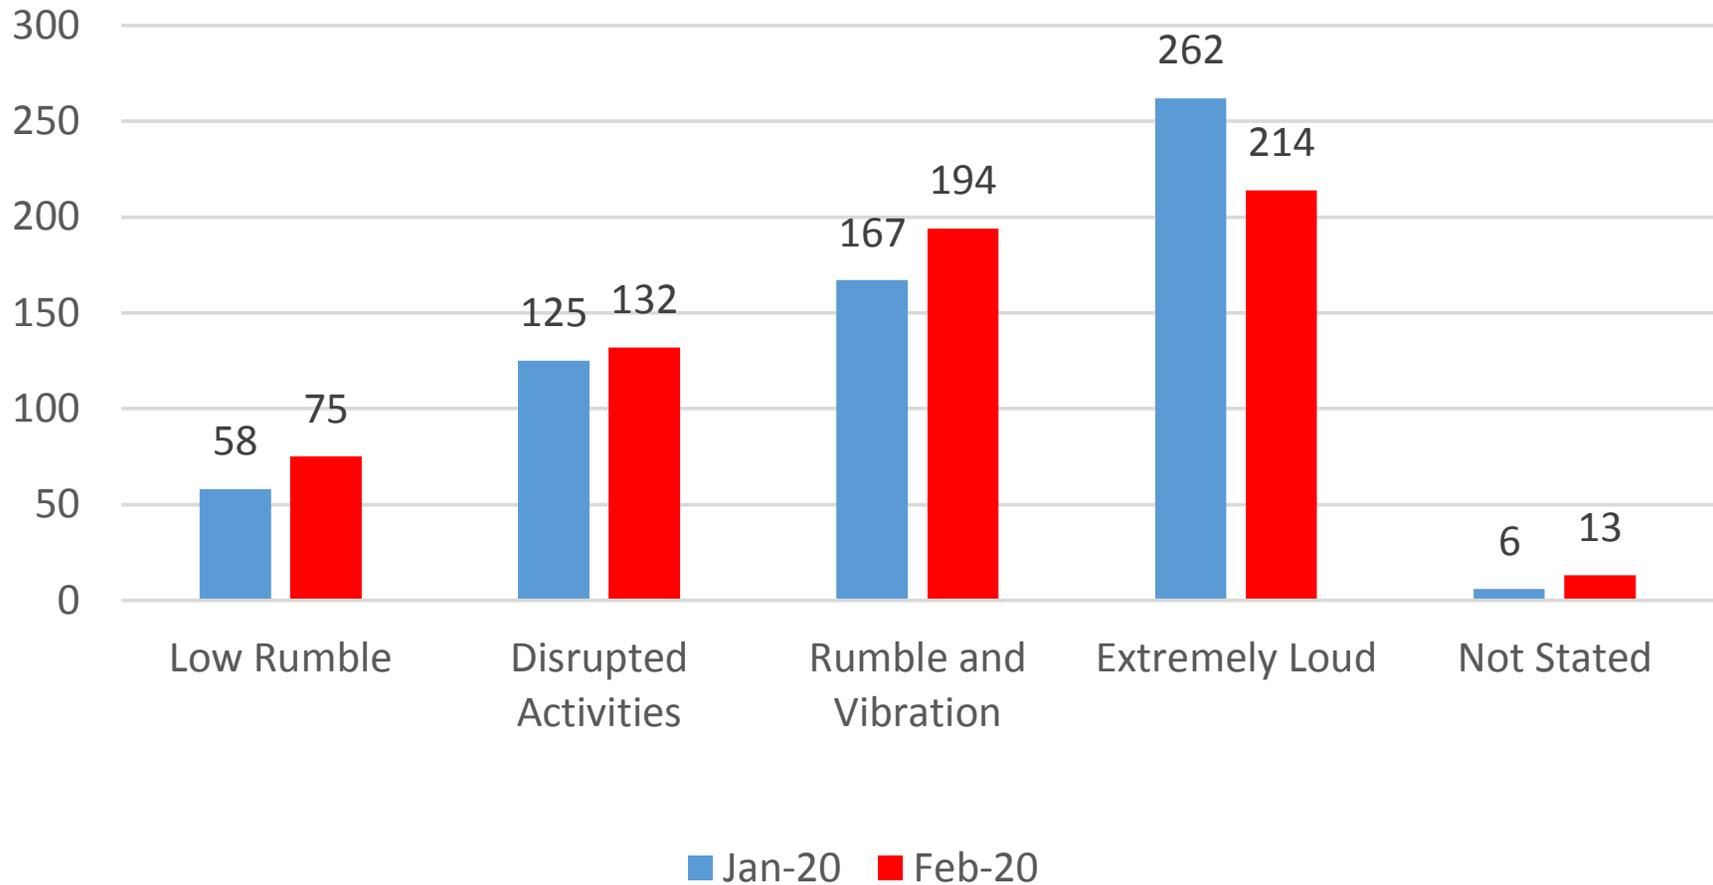

For example, in February 2020, 628 comments were recorded, describing 628+ noise incidents. Many reports describe several noise incidents in a single report, as seen in comments beginning on page 10.

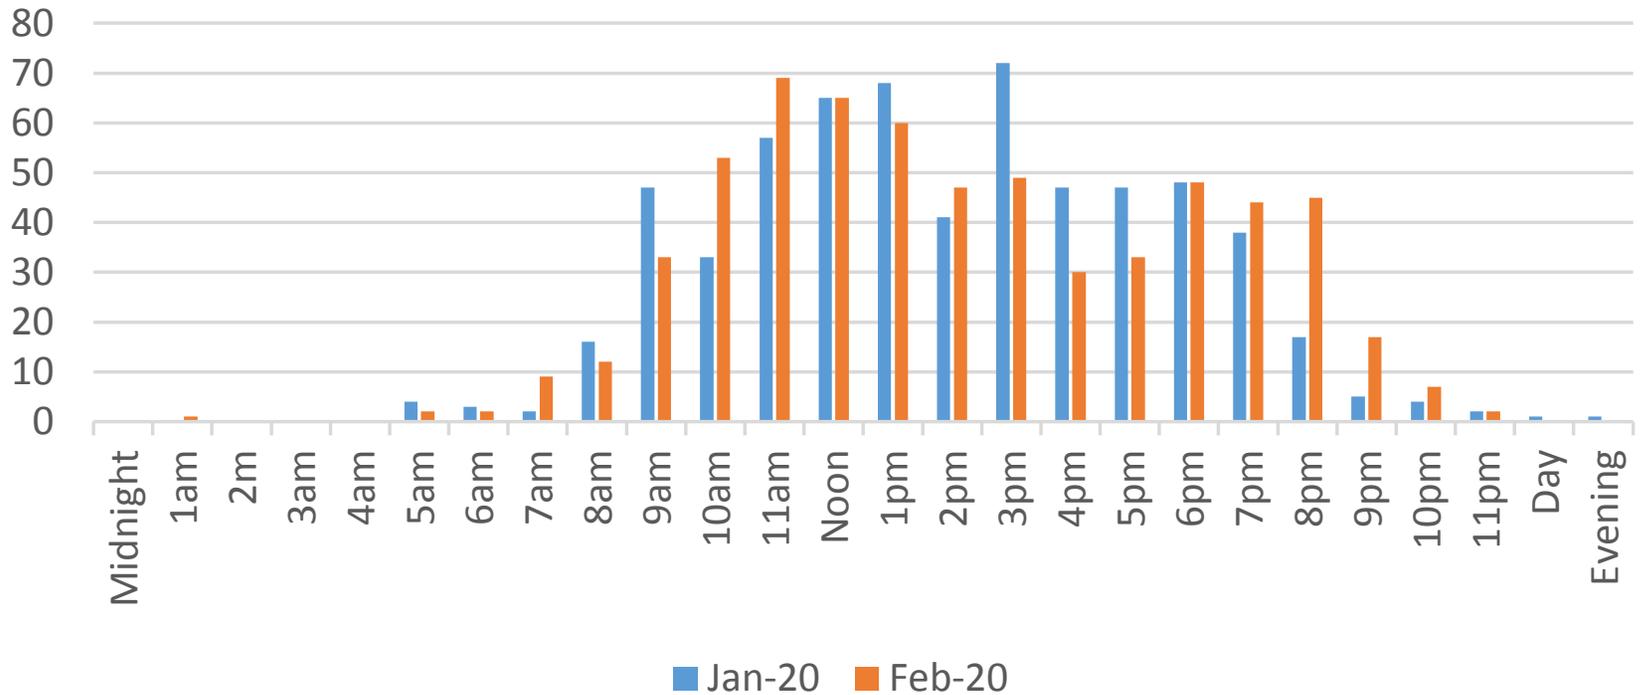

# January and February Noise Reports Combined by Year, 2015-2020

# Jet Noise Report by Type of Noise January and February, 2020

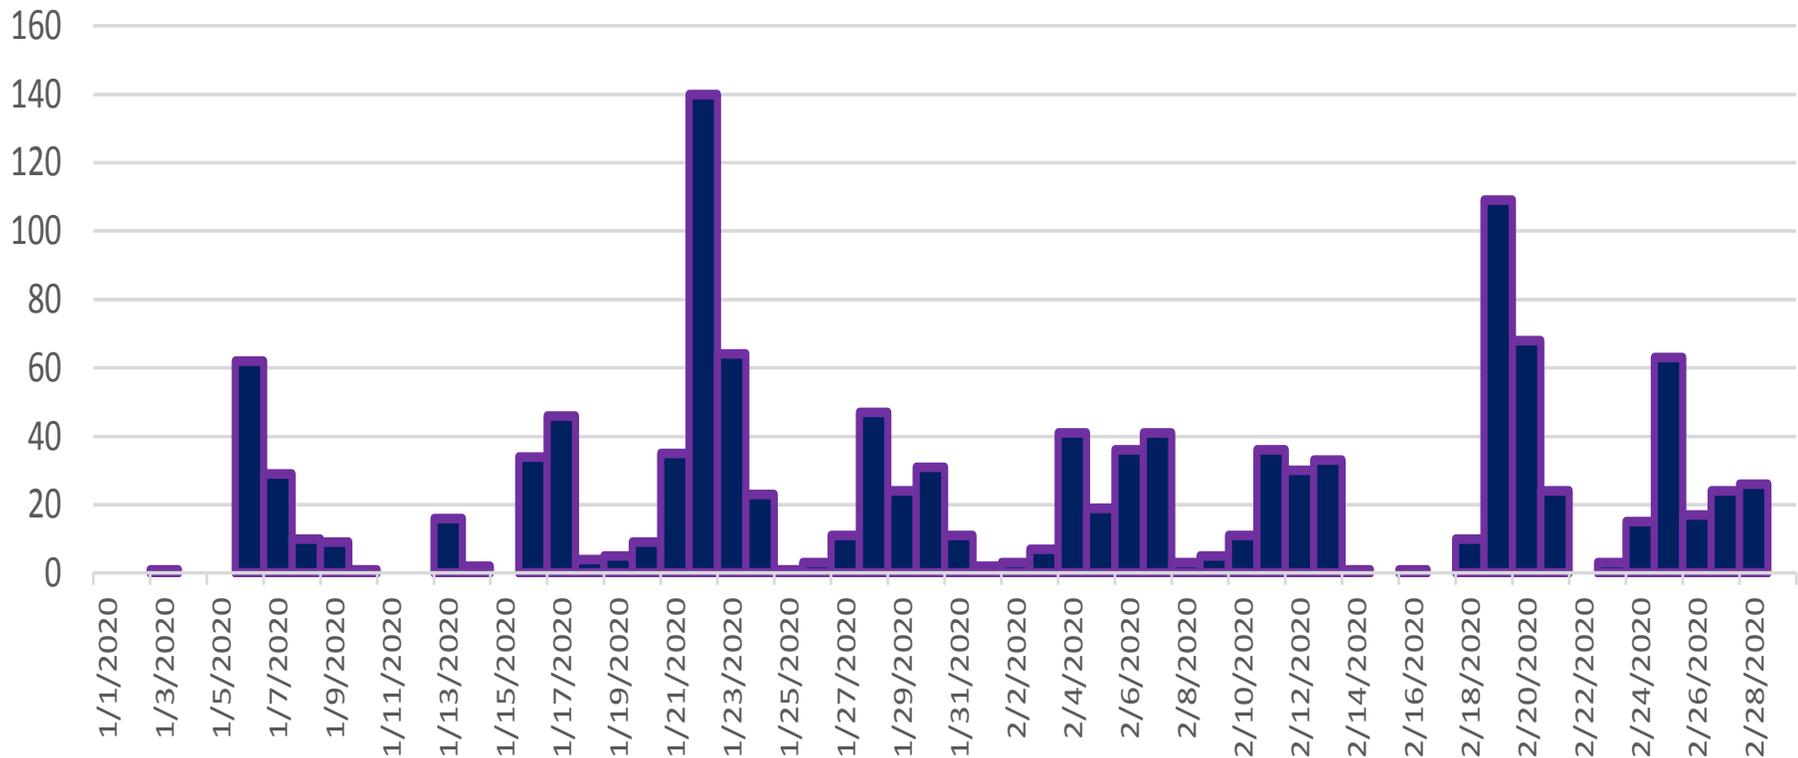

# Jet Noise by Time of Day January and February, 2020

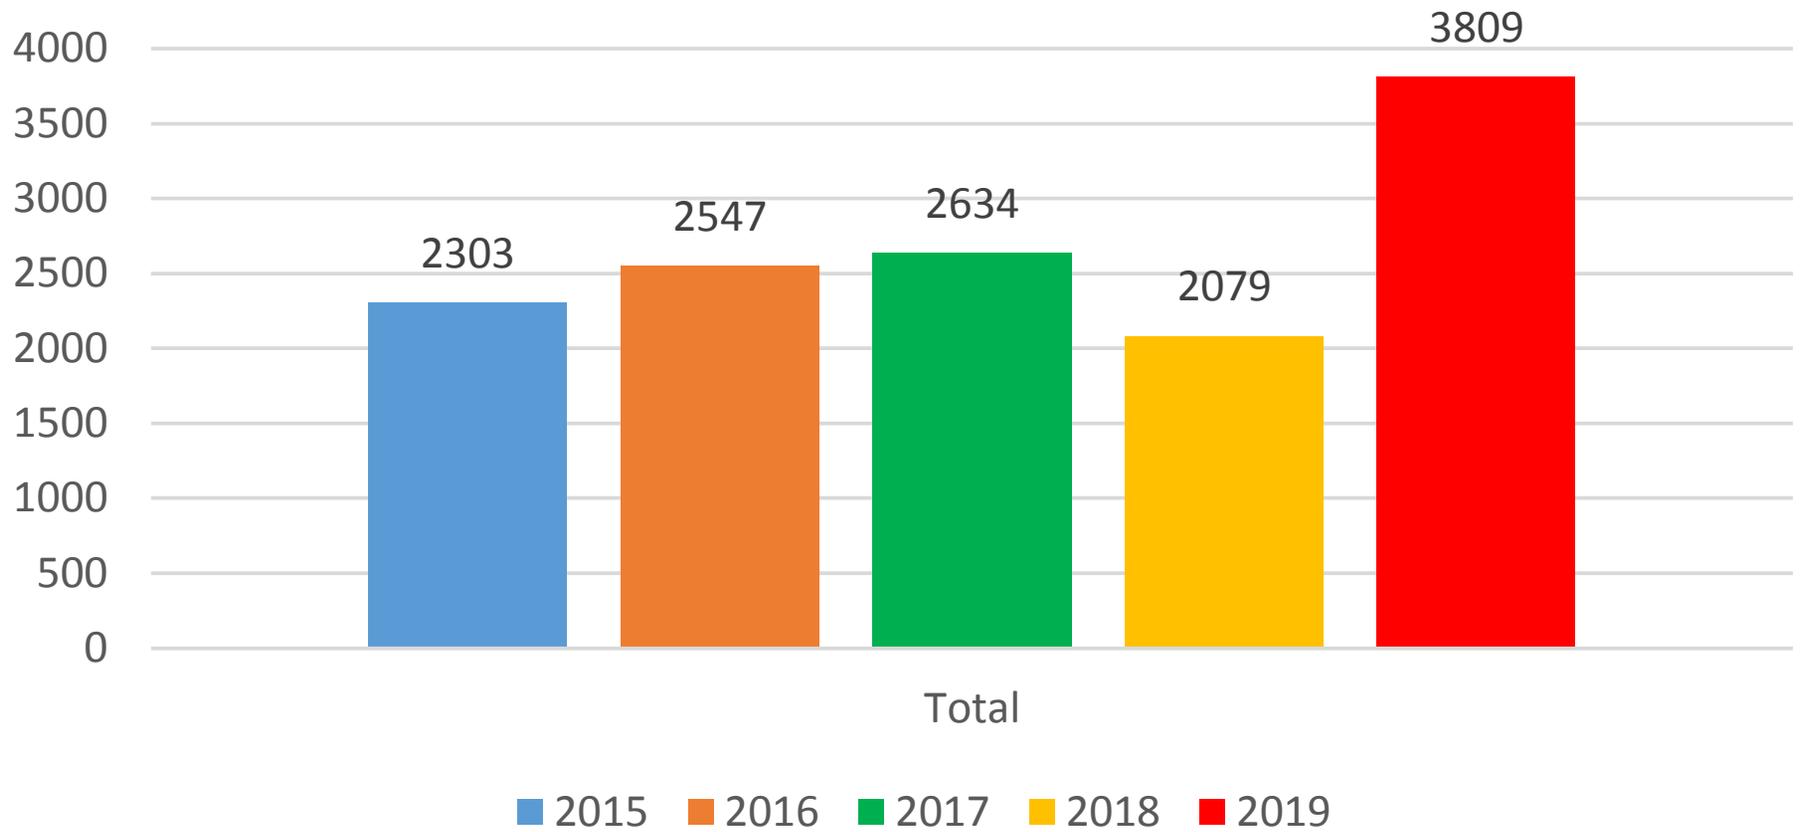

For example, reports submitted reporting noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Some reports do not include a specific time. For those, related data may indicate Day or Evening noise disturbance; otherwise time may be indicated as Not Available (N/A). Note that there are hours of varying noise incidents. The Navy persists in using "annual noise averaging," significantly underestimating of the impact of jet noise. There is no "average" level of noise felt by residents. The noise is variable and unpredictable.

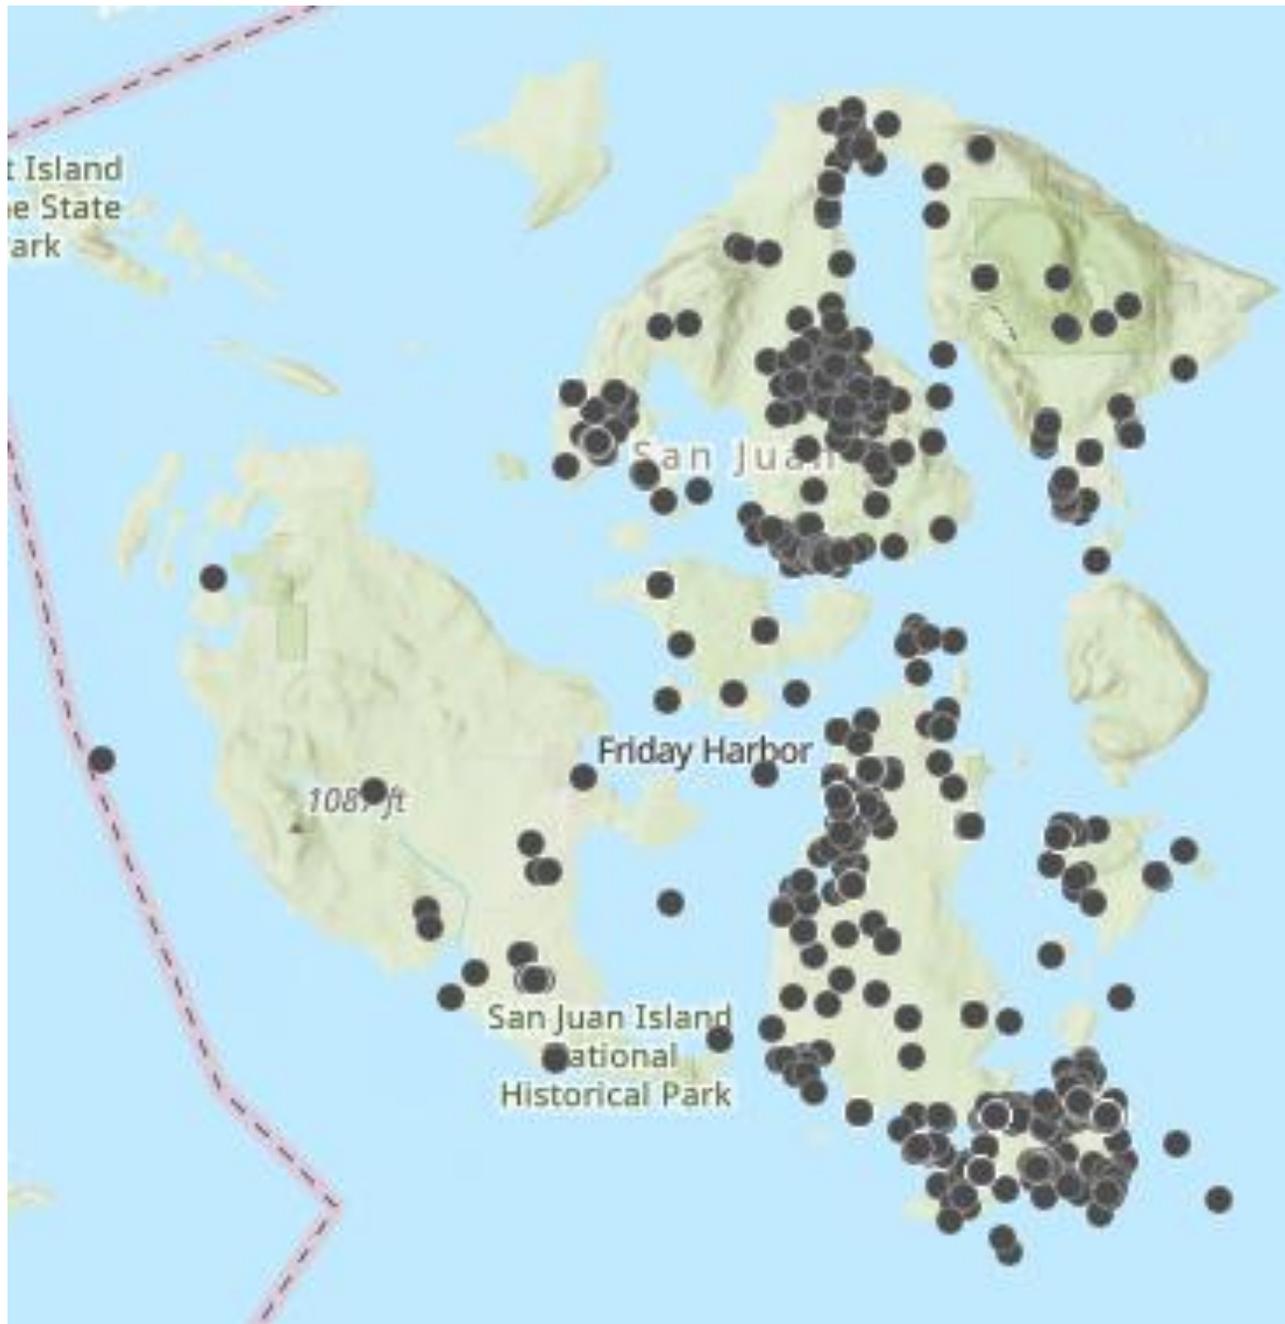

## Jet Noise Reports by Each Day January and February, 2020

**As described in the previous chart, the Navy persists in using “annual noise averaging” to justify its statements of low impact. As you can see in this chart, there is no “average noise” felt by residents. The noise is variable and each day is unpredictable.**

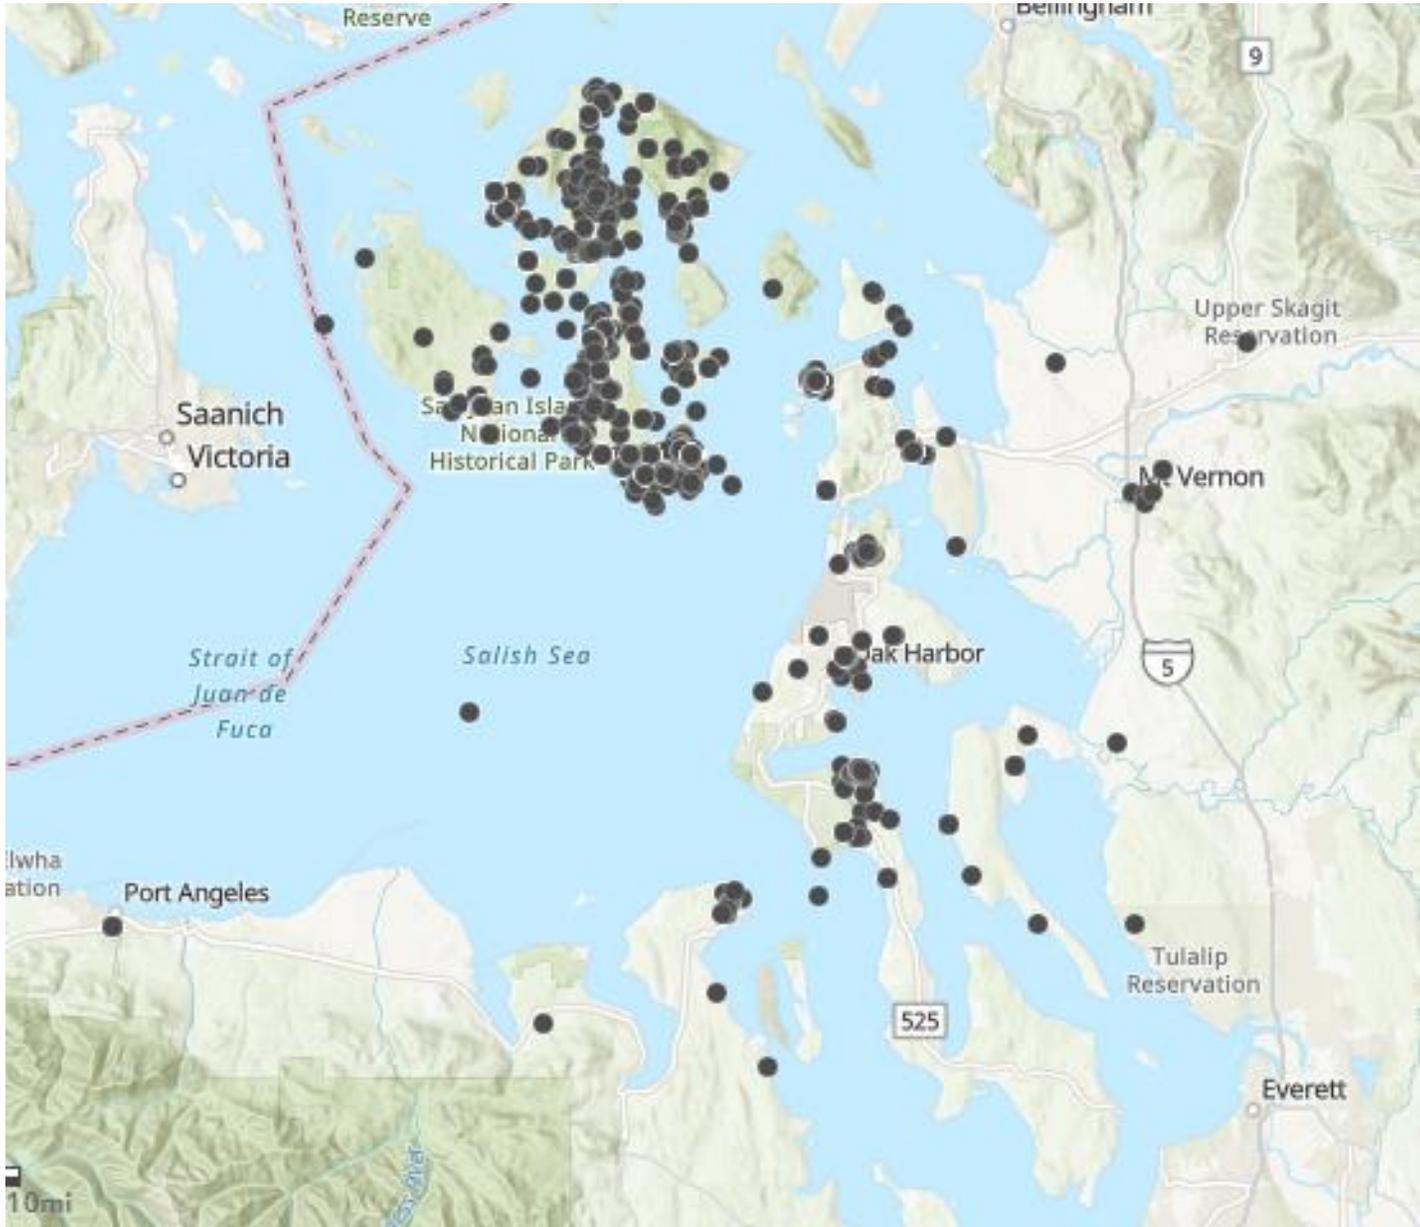

## Jet Noise Reports, 5-Year Totals 2015 - 2019

This picture of San Juan County Aircraft Noise Reporting Map focuses on San Juan County. It represents the past 7 months, and is offered to provide an indication of the typical location of many of the noise reports.

This map is reduced to fit this page. Thus, the reproduction of the dots, which signify noise reports, minimizes the apparent number of reports since the dots overlay other dots. This map represents reports since August, 2019, over 2700 reports.

This picture of the Aircraft Noise Reporting Map includes the larger region. People outside of San Juan County have only recently had access to the noise reporting website. Like the map on the previous page, this map is reduced to fit this page. Thus, the reproduction of the dots, which signify noise reports, minimizes the apparent number of reports since the dots overlay other dots. This map represents reports since August, 2019, over 2700 reports.

## Comments Submitted with January and February 2020 Reports

### NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted.

Jan 6, 8:57am. South Lopez. Stepped outside for a moment. Loud jet noise fills the air. I was away for two weeks, on a QUIET island - such places do exist except in Washington - and return home to intrusive jet noise from NASWI.

S Lopez, 1/6/20, Mon: 9am - 9:45, Sounds like FCLP's - nothing scheduled - more Navy lies. 10:30am, 10:42, 10:45, 10:50 4 - deafening overflights - turning over Mud Bay - painfully loud.

Jan 6, 9:04am. South Lopez. The noise of jets roaring around in the skies comes right into my home right now.

Jan 6, 9:14am. South Lopez. Very loud jet overhead.

Growler engine rumble overhead. It happens when they bank in the flight pattern. Sounds like close thunder!

Jan 6, 8:19am, Unpleasant start to the morning. Loud jet overhead. South Lopez.

The wonderful holiday is over and the horrid noise of war is back. Trying to rest recovering from surgery and there is no peace here. Would maybe be better off at work- someplace NOT Anacortes

Jan 6, 9:46am. South Lopez. ANOTHER very loud jet flying overhead.

Jan 6, 9:53am. South Lopez. There is swirling jet noise, echoing in the skies. It is marching right into my home. I need a quiet morning to concentrate on my work, and the chance for that appears doomed. Can't work in my home on Lopez!!!!

Jan 6, 10:29am. South Lopez. Now we are getting rumbling vibrations from Whidbey. Jets taking off? Disturbing. I can feel the vibrations in my body. It is not healthy to live on Lopez.

Jan 6, 10:30am. South Lopez. Now, a huge roar and rumbling vibration from Whidbey.

Jan 6, 10:32am. South Lopez. Roaring vibrations, walls of jet noise, coming right after each other. Now, thunderous roar.

Jan 6, 10:41am. South Lopez. Now a SCREAMING jet overhead. It feels as if it will be landing on my home.

Jan 6, 10:43am. South Lopez. Now ANOTHER roaring jet. A screaming, ripping noise over my home. I am trying to work but cannot concentrate. Tourism offices are LYING when they describe the San Juans as peaceful. This is a WAR ZONE.

Jan 6, 10:45am. South Lopez. ANOTHER screaming and roaring jet overhead. The noise is deafening inside my home! Would Cantwell, Murray and Larsen allow their family home to endure this?

Jan 6, 10:48am. South Lopez. Terrorizing and screaming jet with a huge booming roar, overhead.

1/6/20, S. Lopez, Mon: 11:26 am - More screaming Growlers overhead - 79.8 decibels

Jan 6, 11:25am. South Lopez. I do not support the Navy at all. They are terrorists. ANOTHER screaming loud jet overhead. The scream is not short, it is a long roar and whine. The toy boys of the Navy simply cannot control themselves.

Jan 6, 11:29am. South Lopez. Now ANOTHER screaming jet overhead. It blots out all household noise. It kills my ability to concentrate. I am trying to work here, but that seems impossible when the Navy wants to conduct its war on the San Juans.

**STOP ABUSING LOPEZIANs WITH YOUR LOUD ROARING JETS !! WE NEVER AGREED TO BE PART OF YOUR WAR GAMES!! LOUD ROARING OVERHEAD DAY AND NIGHT IS TORTURE!! YOUR JETS LEAVE MY EARS RINGING AND GIVE ME SPLITTING HEADACHES, STOP TORTURING US!!**

Jan 6, 11:33am. South Lopez. Loud Growler roaring overhead. The roar is continuous, even as it seems to be flying away. It goes on and on and on and on. These jets are inappropriate for a populated area. The Navy lies. GO AWAY!

S Lopez, 1/6/20, Mon: 12:58 MORE ROARING FROM AULT - 75 decibels - insanity!

1:10pm. In Lopez Village. LOUD jet noise from a Growler flight over the Village.

Picked the wrong day/week (month-year-decade) to try to recover in peace from surgery in Anacortes. at home instead of work, I am subject to the episodic barrage of everything from rumbling and vibration to sounds of the sky split in two. Hideous

Jan 6. 2:43pm. South Lopez. Loud Growler over South Lopez.

Jan 6. 3:47pm. South Lopez. Overhead, a very loud jet,

Jan 6. 4:12pm. South Lopez. A loud Growler overhead. First the roar, then a thunderous booming roar. Long roaring as it moves away.

Why can't they practice at China Lake?

Has been constant for last 5 minutes

Windows are rattling, vibrations felt throughout the house and floor.

Anacortes near ferry terminal. Once again Coupeville and Oak Harbor are off limits and Anacortes is bearing the brunt of the noise. Inside our house we had to practically shout to talk. Started at 9 until now still..

S Lopez, 1/6/20, Mon: 5:15pm -75 decibels , 5:24pm 86.2 decibels - Noise continued to 7pm

Jan 6. 5:25pm. South Lopez. Loud jet overhead.

Jan 6. 5:28pm. South Lopez. A piercing scream from approaching jet, then the ROAR right overhead, and the continued roar as it moves away. TOO LOUD!!!!

Windows vibrating. Extremely loud.

This is constant.

Very loud low pass over house with afterburners going.

Horrid racket. Loud enough to damage hearing. Insane abuse of civilians in western WA.

Jan 6. 6:13pm. South Lopez. AGAIN the screaming and roaring of a Growler overhead. We appear to be their landing strip. This is abuse. A full day of JET NOISE inside my home.

Jan 6. 5:15pm. South Lopez. Long long roar from Growler flying over my house.

Jan 6. 6:15pm. South Lopez. ANOTHER roaring jet overhead. I am looking forward to leaving Lopez soon. It is quieter in Seattle than it is here. I dread returning to Lopez because of the constant Growler noise. Today has been filled with jet noise.

Still going on can't talk over it. Why not do maneuvers over open ocean?  
Now flying very low

**THIS HAS BEEN GOING ON ALL DAY!**

Extended loud rumble. This is the second time today. This noise was disruptive even while indoors and with multiple sources of indoor noise.

January 7, 12:28pm. Very loud jet noise over my home. It sounds as if a Growler is just flying in circles over us. Must be the echoing from the water and hills. But it is very invasive. Still roaring. South Lopez.

January 7, 12:35pm. Persistent jet noise over us. The noise rolls around: roaring and ebbing, roaring and ebbing, roaring and ebbing. It is distracting and annoying.

1/7/2020. 12:58pm. Extremely loud Growler roaring overhead. Started with an incoming shriek, then a louder roar. Still roaring.

1/7/2020. 1pm. ANOTHER loud jet roaring overhead. One after the other....Navy seems to consider that South Lopez is their landing strip.

multiple flyovers just as in the past few days, resulting in noise levels loud enough to affect activities.

We have had jets consistently roaring over our home. Right now we are having another home invasion. The roaring is LOUD. The Growler jet is too loud for this region.

1/7/2020, 3:03pm. Growler jet flying low over my home. I can see it. Long and loud roaring. It is now 3:04, the roaring continues.

Long sustained noise.

1/7/2020. 3:07pm. Just reported a Growler flying low over my home, and now we are getting more loud roaring. Is the jet flying in circles over us? The noise is intense. Still continuing; now it is 3:08.....still continuing, now it is 3:09.

**STOP TORTURING US ON LOPEZ ISLAND!!! YOU TEAR ACROSS OUR SKIES RIPPING APART A OUR PEACE DESTROYING ANY TRANQUILITY WE HAD. EVERY TIME YOU ROAR OVER ME YOU LEAVE MY EARS RINGING AND GIVE ME A SPLITTING HEADACHE. STOP HURTING US NOW!!!**

**JETS SCREAMING THROUGH THE CLOUDS ABOVE MY HOME MAKING ME ANXIOUS ABOUT WAR AND KILLING OF INNOCENTS.**

Ear splitting loud!!

Jets roaring directly overhead. They seem to be circling around as they're passed several times directly overhead.

Horrid thunder from the south. Navy making the neighborhood sound like a war zone- sounds like explosions. Very disturbing...

Addition slow fly overs that produced extremely loud and long lasting noise. Still continuing . Very disruptive and I am sure to the point of being detrimental to hearing.

1/7/2020. 3:19pm. The noise since 3pm has been CONTINUOUS. Are we at war? Jet noise is everywhere. It covers the TV and the dishwasher noise. Might as well be living on the runway at SeaTac. Do legislators agree that we are to be abused this way?

Extremely loud flyby- takes minutes for the sound to dissipate before it comes right back. Dangerous levels of sound. Cannot hear another human speak. Harmful.

Jan 7, 2020 3:32pm. A HUGE jet noise rumble and vibrating roar from Whidbey.

Noisy rumbling from jet action. A take-off? Engine run-up? Whatever it is, it is rumbling right into my home! South Lopez.

I don't know what is going on at NASWI, but as I sit at my desk next to the window, I feel deep vibrations and hear thundering rumbling. It is very disturbing, and it is hard to concentrate on my work.

Beginning at 3:15 pm, growler seen and heard flying over my house loud rumble and vibrations felt inside the house. 4:15 extremely loud growler jet noise assault

"Jets continue roaring around overhead. Dreadful noise, and scary.

**STOP ABUSING US ON LOPEZ ISLAND!! YOU TREAT US LIKE WE DON'T COUNT AT ALL...WE ARE HUMAN BEINGS!! YOU ARE RUINING OUR LIVES!! EVERY TIME YOU ROAR OVER MY HEAD YOU LEAVE ME WITH RINGING EARS AND SPLITTING HEADACHE!!! LEAVE US THE HELL ALONE!!!**

1/7/2020, 4:29pm A growler overhead so loud that I could not carry on my phone conversation.

Flying by again- can't hear myself think. Rattled the house- walls, ceiling, windows...

The noise was so loud all afternoon as the jets kept circling one after another. I had to hold my hands over my ears in my house and my heart was racing after about half an hour of this. It went on for at least an hour non stop

Rumbling all day 11 am, 12 noon, 1 pm

"Address XXXXX, Coupeville. 360-678-6753

Too loud! Your jet noise has no place here. Please cancel all future flights in this area."

"PLEASE STOP FLYING NEAR MY HOUSE!

Address: XXXX Coupeville, WA 98239

PLEASE STOP FLYING NEAR MY HOUSE!"

when you approach from the south we would appreciate you coming in over the water and NOT over the the Ledgewood neighborhood - we have seen it is possible on a regular basis.

LOUD GROWLER BANKING OVER NORTH LOPEZ! Sounds like WAR!

House shaking, impossible to sleep, hear television, talk on phone, deafeningly loud. Disrupts all activities. Constant loop. Times of growler activity repetitions fall outside the NAS posted schedule for this date at this location. Loudest ever.

Very loud rumbles for hours now. Have to stay inside because it's so loud and it scares my animals.

"XXXX Coupeville

directly overhead -- windows shaking -- 100db inside house

for about half an hour"

Noise pollution so loud that it interrupts conversation at meal time and makes listening to TV radio impossible.

100+ db continuing [inside home] since 6pm

"Just finished about 40 minutes of overhead flights -- one every few minutes.

Indoor DB readings maxed out at 101db for each flight. Very disturbing."

"Evil creepy thunder to the south. Disturbing.

Deep scraping sounds -like giants dragging furniture around in the sky."

What a peaceful, lovely walk in the snow. .... Oh wait, until the growlers show up, one... after another.... after another. Four in a row so far. What a shame, this used to be such a quiet, beautiful place.

Horrible roaring, both distant and near. SHAME ON THE POLICY MAKERS WHO CONDONE RUINING AND DESTROYING THE ACOUSTIC ENVIRONMENT OF THE SALISH SEA.

The sound is loud, vibrating my house, and making it difficult for me to get my work done . . . destroying the peace of this snowy day.

So, I'm wondering, do the people who actually run the base, whoever's in charge, do they live under any of the flight paths? I'd love an answer.

The fly-over at 1:20 was off course, low and loud. Caused glassware to rattle for the first time since Growlers arrived on Whidbey (pattern 32). Ground and house always percuss with actual touch & go on pattern 32.

I want to point out that the only reason I'm not reporting noise every single day, almost all day (which is when I hear it) is because having to stop everything to do so fills me with rage. So I try to ignore it. But it's every. Single. Day.

Extremely loud flyover. I had no ear protection. Excruciating.

All afternoon, roaring jets, both near and distant. DREADFUL NOISE. VERY UNSETTLING AND DISRUPTIVE. IT IS VERY UNPLEASANT AND DISQUIETING

TO HEAR ROARING JETS HOUR AFTER HOUR. PAINFUL TO INNER EAR, AND OTHER UNPLEASANT SENSATIONS FROM VIBRATIONS.

Extremely loud. This time we were inside the house and needed ear protection. Will the navy pay for our hearing damage?

S Lopez, 1/14/20, Tue: Constant noise 10:30am - 1pm from Ault. Schedule shows no FCLP's. More Navy lies.

"What had been a lovely morning of grey skies and lowland snow. Peaceful-now shredded by the EA18-Gs waking up to shred the skies and shake the windows.

disturbing work environment of medical clinic in Oak Harbor"

We've had a few quiet days now the constant sound of roaring engines is happening again. So far, all day, no let up.

12:36pm, Jan 16. AFTER SOME QUIET DAYS DUE TO SNOW, WE NOW HAVE LOUD JETS FLYING OVER US AGAIN.

Loud jet over my neighborhood! NOISE to break up the lovely silence of Winter...

STOP TORTURING US ON LOPEZ ISLAND WITH YOUR ROARING JETS OVER OUR HOMES!! YOUR DAMN EXTREMELY LOUD JETS LEAVE ME WITH RINGING EARS AND A SPLITTING HEADACHE!! STOP ABUSING US!!

12:44pm Jan 16. Two growlers flying together over our home. Seem to be heading NW. VERY LOUD!!!!!!

Second Growler overhead!

2:10pm, Jan 16. Right over my home. LOUD Growler, seems to be flying north. Big roaring noise came right into my home. Do I leave next to SeaTac? Is that what Lopez is becoming?

3:06p,, Jan 16. A lot of jet noise right now. Echo-like roarings and rumblings. South Lopez. If the snow would keep these jets grounded, I would vote for SNOW every day. It may have been cold and snowy, but it was QUIET!!!

"Growler noise from roughly 3:15 pm to 4:15 pm when I left for Eastsound.

More rumble and overflight -type noise 7:06 pm"

3:33pm, Jan 16. Excessively loud jet noise. South Lopez. The noise is coming from all directions. I expect it is bouncing off the hills and water.

3:58pm Jan 16. A whole lot of jet noise in the sky. Prolonged roar, and now it sounds like it is doubling back over us. It sounds like there are different aircraft in the air. Still roaring. Still roaring 4pm.

It is rare to see the growlers overhead on our neighborhood in Useless Bay. I am medically disabled with a rare nerve disease that is triggered by noise and vibrations. I was surprised by the jet noise and looked overhead to see a single growler.

Multiple fly overs beginning at noon and still going on. Making slow fly overs or turns that result in extremely loud noise that forces one to cover their ears. way too loud.

Huge noise this afternoon by at least 4 E-18s. Get these idiot pilots and their flying gas-hogging machines away from Lopez Island.

4:14pm, Jan 16. There is so much jet noise in the skies. The noise rolls around and comes in waves. It is disconcerting, distracting and annoying. The Navy is a BAD neighbor. GO AWAY!

Too loud to talk over

This is the second growler overhead in the past 20 minutes. It's very vibratory, loud and disruptive. I am medically disabled and noise and

vibration set of my neuropathic facial pain. We specifically chose our house based on 24 hour sound studies.

4:48pm. Jan 16. I don't have the time to report every jet noise that roars into our house, but right now we are being blasted. South Lopez.

S Lopez, 1/16/20, Thur.: 4:50 pm HUGE BLAST - will there be more? 77.6 decibels

"Impossible to concentrate at work with near constant tinny roaring from the heavens outside.

We are right next to a school- not clear how the children learn when we can't work to our best abilities from the noise. "

Very loud noise . Did not settle for about 4 hours of terror. could not hear anything . My hearing is bad now. Palpitations too.

Send these planes to Nevada or China Lake, this is BULLSHI!

After a day where work was horridly disturbed by noise in the afternoon in Oak Harbor- now going on 2 hours of intense racket from Navy F-18s in Anacortes on my return home. Hope to be able to sleep later. We deserve better.

Enough!

Jets roaring in the area and overhead throughout the afternoon and evening. HORRIBLE NOISE, DEEPLY DISTURBING AND DISQUIETING.

Are we at war?

Constant since 2:30 pm. Saw Growler put on thrusters at 3:00, but have heard it continually since then. Really loud, vibration.

7:57pm. Loud jet roaring overhead. All the characteristics of a Growler.

**ALL DAY.** From as early as I was awake, all day, especially loud from about 1-4. Miserable.

**Friday 11:57AM.** Huge roar and rumble from Whidbey. Vibrations.

**Friday, Jan 17. 12:08** ANOTHER rumbling and roaring jet vibration invades our home.

**Friday, Jan 17, 12:09pm** ANOTHER Rumbling and Vibrating roar invades our home. Right on top of one a minute ago.

**Friday, Jan 17. 12:12pm.** Now we are getting vibrating walls of roaring noise one after the other. Great. Just great. What a waste.

**S Lopez, 1/17/20, Fri: Relentless Booms, ROARS and overflights 12:10PM - 2:40PM.** Extremely Loud 68.8 dec - 82.9 dec - Our home is in a WAR ZONE  
**THANKS TO LARSEN, MURRAY AND OTHERS** who remain silent.

**STOP TORTURING US WITH YOUR DAMN GROWLERS OVER LOPEZ ISLAND!!  
THOSE HORRID JETS LEAVE MY EARS RINGING AND GIVE ME A SPLITTING  
HEADACHE!! WE NEVER AGREED TO BE PART OF YOUR WAR GAMES!! STOP  
THE TORTURE OF US ON THE GROUND!!!**

**Friday, Jan 17, 12:15pm.** This blast sounded and felt as if a bomb had dropped. It has an EXPLOSIVE quality with a long rumbling roar.

**Friday, Jan 17, 12:16pm.** ANOTHER rumbling blast. Vibrating wall of noise. I feel the vibrations in my body. Not feeling good.

All morning, over and over again.

Loud and rumbling . . . I'm trying to work and finding it difficult to focus even with noise cancelling headphones.

**Friday, Jan 17, 12:18pm** AGAIN. The roaring blasts come one right after the other. This is ABUSE.

**Friday, Jan 17. 12:21pm.** Now we are getting jet noise as jets hit the skies. Sky and home filled with jet noise. South Lopez.

**Jan 17. 12:45** Another big rumbling, vibrating jet roar from Whidbey. Disturbing.

**Friday, Jan 17, 12:48pm.** ANOTHER roaring blast of noise from Whidbey. This one has a long, extended roar.

Noise pollution from Navy jets vibrate windows and disrupts normal conversation.

Three growlers just started attaching my house with noise -- registering over 100db inside the house. This is about one aircraft every minute. I expect this will continue for about one hour -- abandoning house for quieter area for the duration,.

**Jan 17, 1:01pm** Rumble and Vibration from jet activity. Deep vibrating noise. South Lopez.

**Friday, June 17.** Another roaring rumble and vibrating wall of noise.

It has been so nice and quiet lately, bummer that they are back.

**Friday, Jan 17, 1:08pm.** AND AGAIN. Another roaring jet blast from Whidbey.

**Friday, Jan 17 1:13.** Against my wishes I had to be outside to clear snow. Hateful to be outside because the jet noise is everywhere. All the rumbling vibrations were the launching of jets. Lopez is NOT a peaceful island. Tourists beware!!!!!!

**Jan 17. South Lopez 1:14pm.** Another big blast of jet noise and vibrating rumble. The air vibrates.

**Friday, Jan 17. 1:23pm.** ANOTHER rumbling vibrating blast of jet noise. My body vibrates.

There is a lot of jet noise in the skies. I have to be outside and the air is filled with roaring. South end of Lopez.

Jan 17/ 1:30. An incredible noisy Friday. Navy kids could not wait to get in their jets I guess after being slowed down by snowstorm. Today they are storming us with excessive jet noise. Cannot get away from it.

Been hearing it most of the day, and some previous days as well. Louder today than some days, close to vibration level.

Friday, Jan 17 1:55pm. In the Village, hoping to get away from the noise on the south end of Lopez. No way. The skies are filled with jet noise. Roaring. Roaring.

Lopez Village. 2:10pm, Saurday, Jan 17. Lots of jet noise in the air. Can also hear rumbling, probably from take-offs. If I were a tourist I would wonder if there was a war going on nearby.

Should the house and our bodies. We thought it was an earthquake but it was a growler taking off. Terrifying.

Lopez Village. Continuous jet noise today.

In Lopez Village on a Friday, Jan 17. 2:59pm. I have to record that the jet noise in the air is distracting and annoying. Rumbling roar.

S Lopez, 1/17/20, Fri: 3:15pm - 3:29pm - 66.7 dec - 81.6 dec. We create WAR around the world - but FIRST the Toxic Noise and Exhaust blankets the homes around the region. We are forced to live in a War Zone created by our legislators.

There is excessive jet noise continuing here in Lopez Village. Friday

**STOP ABUSING US ON LOPEZ ISLAND WITH YOUR ROARING JETS OVERHEAD SO LOUD WE CAN'T HEAR A TV OR HOLD A CONVERSATION!! YOU LEAVE ME**

**WITH RINGING EARS AND A SPLITTING HEADACHE!! STOP TORTURING US!!! GET YOUR DAMN JETS OUT OF OUR SKIES!**

Very loud flyovers

"Roaring jets flying around and around. This creates a horrible sensation, terrible noise swirling around overhead. IT GOES AGAINST DECENCY TO ALLOW NOISE OF THIS SORT.

1/17. While outside a few minutes ago I was rocked by a shuddering boom, a wall of vibrating jet roar. Sunday, and they are launching jets, great.

All day long. ALL DAY LONG. INTO THE NIGHT. No relief.

SATURDAY explosive thunder rattling the house at mid- day. Sounds of war every day here. Anacortes. Navy abusing the landscape and civilian neighbors daily.

S Lopez, 1/18/20, Sat: 1:10pm NOW WE HAVE TO SURVIVE THE NOISE ON SATURDAYS!

All afternoon the low rumble disrupted the peace. Wait, there is no peace anymore thanks to the growlers. Please stop. This is a violation of human rights.

Another day of noise ahead of us here? Really disconcerting and a violation.

S LOPEZ, 1/19/20, Sunday: Another giant ROAR from Ault - and it's Sunday.

2nd WEEKEND day in a row with horrid thunder flaring up mid-day. Thunder/vibration rattling the house. Sinister sounds marring a peaceful Sunday.

Working in the yard on Sunday. All I hear is jet noise roaring and echoing in the skies. Disgusted, I finally came in.

Rumble in the sky from the minute I got up early till now and likely, like last night, when I can finally go to sleep. I worked outside all day and it was just miserable. Barely could hear a bird. This in the San Juans? Terrible.

Its been days and days of this, and is really driving me to an edge I've never experienced. This is beyond criminal, it is truly torture.

audible all over the island

Very loud and disruptive jet noise vibration rolling into our home.

really? ruining the quality of life here

constant noise all day

Loud jet overhead.

**STOP TORTURING US ON LOPEZ ISLAND!! WE NEVER AGREED TO BE PART OF A NAVY TRAINING GROUND!! YOU VIOLATE OUR PEACE!! YOU DISREGARD ALL HONOR AND DECENCY!! LEAVE OUR SKIES FREE OF YOUR TORMENTING JETS!!!**

3:45pm. Very loud jet roaring overhead. Cloudy, so I cannot see it, but it has all the hallmarks of a growler roaring over us. Stopped conversation.

this has been going on straight day and night for at least 5 days now, it is absolute torture.

Woke me up, went to sleep with them rumbling too.

"first awful tin thunder of the day- warcraft hurting eardrums with the intensity of sound. Just trying to exist and work in Oak Harbor.

uncomfortable place to be. Not healthy"

"Lopez Village. Loud growler jet clearly visible over Lopez Village, flying toward the west.

Very loud, with a long ROAR even after it disappeared.. Wonder what they heard at the school."

Flying low with landing gear extended

2:45pm. 1/21. First the scream and now the roar of a growler. Overhead. Clearly seen. Heading toward Whidbey . Landing gear down. LONG ROAR. Earsplitting. Right now.

S Lopez, 1/21/20, Tue: 2: 45pm - 80 dec, 3:39pm - 83.9 dec, 4:32pm 82. 7 dec. Three LOUD Jarring overflights. We know the Growlers are capable of flying more quietly - they simply don't want to - harassment!

There must be more than one growler above. The noise is horrific. Deep deep penetrating roaring. Drowns out the TV.

Direct flyover of house

4:34pm. 1/21. Growler jet screaming overhead. Mud Bay. Heading north-ish.

Another growler jet over us. Screaming around.

Rumbling jet noise in the skies. Like waves of thunder.

Just completed half-hour of jets directly over home -- one every minute -- max 100 db

5:24pm. Loud growler jet overhead. South Lopez. I can tell it is a growler because of the rattling deep roar, and long long tailing roar.

Jet roaring in immediate area.

Extremely loud just now and throughout the day today. Much louder than the 45 knot Gale we had today.

"Just completed over one hour of flights directly over my home -- about one ever minute.

Inside noise level maxxed out at 101 DB, pretty much ever fly-over. Hope to have peace and quiet for the remainder of the evening -- removing ear protectors now."

Shields UP again! They just came back for another half hour -- same story: one fly-over per minute at 101DB inside! And now I hear them gathering for another assault. Looks like it will be a long night after all.

Scheduled from late afternoon to early evening . . . tomorrow is a work/school day and yet the the Navy is noise polluting into the night.

Looks like we're in for another day of this. Yesterday was at least every 5 minutes. Woke up to a growler this morning at 5. Went to bed with growlers at 9:30. Hell.

Lopez, 1/22/20, Wed: 6 hrs of ROARS and screaming overflights. 10 am - 4pm. Let's visualize a massive earthquake under NASWI. Geologists say there is a fault line that could destroy the base. It could destroy us too . . . RESULT= quiet

could not hear people next to me talking -

Generic jet roar was so loud I could not continue a phone conversation, indoors with all windows shut.

Jet roaring overhead, unusually low.

Counl not hear TV sound.

**STOP BRUTALLY TORTURING US ON LOPEZ ISLAND!! YOUR DAMN GROWLER JETS SHAKE EVERYTHING LOOSE IN MY APT. AND LEAVE ME WITH RINGING EARS AND SPLITTING HEADACHES!! YOU DESTROY OUR PEACE GET OUT OF OUR SKIES!!**

Huge deafening disruptive noise from jet flying over my house - now just flew back over at 11:51. Five flights in same path yesterday afternoon. E-18s ARE NOISE POLLUTERS. STOP ALL GROWLER FLIGHTS. REPLACE JETS WITH SILENT DRONES!

Insanity. Living in hell.

Jet flying around and around, right overhead, noise tearing the air apart. HORRIBLE SENSATION.

12:13pm. Felt a whomping rumble and vibration of jet action from Whidbey.

insane noise. In a meeting, hopeless. Extremely disturbing. Living in hell.

Pervasive vibration through my home. Jet rumbling. Take-off? Disturbing. Why is it acceptable that a jet taking off 14 miles away sends vibrations through my home?

Jet roaring overhead, right after a rumbling roar that was a jet's take-off.

ANOTHER rumbling, vibrating, deep roar from Whidbey.

Continual extremely loud rumble and vibration. Vibrates the house.

Now, a minute after one vibrating roar -ANOTHER ONE. The house vibrates.

Looks like it is our afternoon for the Sound of War. The rumbling vibrations from Whidbey continue.

Intermittent roaring, shakes the house, shakes our bones.

Excessive jet noise above us. The noise comes right into my home, right over the TV.

Well, I don't know what that is. There is rumbling vibrations and jet roaring overhead. Annoying, because I am doing house work while on a ladder and this is not a good feeling.

"Another jet flies over my house.

**STOP NOISE POLLUTING GROWLERS. REPLACE WITH SUPER QUIET. DRONES.**

There is another roaring vibration shuddering through our home. This has been almost constant this afternoon. January 22. South end of Lopez. And while I am writing this: The jet noise in the skies is terrible.

"The low rumble has been going on for hours and it interrupts my attention as I work on a writing project."

Screaming and roaring Growler over Mud Bay, Lopez.

Very annoying loud disturbance and rumbling!

I am trying to report EACH intrusion of jet noise into my home. Now here is another one: 1:39pm. South Lopez.

Excessively loud jet noise over Mud Bay, Lopez.

Loud growler jet roaring above us. South Lopez.

**ANOTHER SCREAMING GROWLER over us. This has been going on all afternoon. What are we, a sightseeing route?**

Vibrating and roaring wall of noise hits our home. **AGAIN.**

I can't see what aircraft is above us because it is cloudy, but it is very loud, with a whining roar.

**ANOTHER rumbling vibrating wall of jet noise from Whidbey.**

**2:37pm Jan 22. ANOTHER rumbling wall of jet noise.If we can enact TSA regulations one day after a guy has explosives in his shoes, why can't we do something to mitigate jet noise?A stupid question I know,but I am tired of empty talk from legislators.**

Loud enough to disrupt conversation

**AGAIN, LOUD Jet roaring over us. LOUD LOUD LOUD. We may as well live next to SEA TAC. Does that sound like a tourist destination to a so-called quiet island?**

**ANOTHER Roaring wall of vibrating jet noise hits our home. 2:55pm. Jan 22.**

Roaring jets in immediate vicinity. What are they doing here in the islands?????

And again, **ANOTHER Roaring jet noise vibration hits our home. Activity at Whidbey, jets taking off, one after another. Waste of money, and an intrusion into our home.**

Along with the rumbling vibration noise from Whidbey today, we have jets flying all directions over us. Cannot see them due to cloud cover, but the direction of the noise varies. So,right now, yet another jet screaming overhead. 2:58pm. Jan 22.

Jet noise is everywhere. Here is another jet that sounds likely to land on my roof. 3pm, Jan 22.

Rumble and vibration noise off and on throughout the day.

Here we go again. **ANOTHER loud jet overhead. Roaring, deep throttle. South Lopez. 3:05pm Jan 22.**

**3:09pm. Jan 22. The Navy is SLAMMING South Lopez right now. Jets roaring over, one after another. Like right now. All afternoon, JETS roaring overhead. And here comes another one: 3:10pm. Screaming.**

Can not hear television

2 growlers, extremely low - feeling nauseous

3:13pm. Jan 22. ANOTHER Screaming Jet right now. No wonder I am angry. This is a day of WAR jets over my home, disrupting my day. What's the purpose?

I'm in favor of a strong and well trained military but the Navy simply needs to be a better neighbor. Their do nothing attitude is reprehensible and irresponsible.

3:14pm. ANOTHER roaring and screaming jet over my home. South Lopez.

"The jets have been circling my house for the past half hour. The noise is ear splitting inside my house and causing me extreme stress.

I feel inundated and I can not get away."

A lot of flyovers and touch and goes today. Having to wear noise cancelling headphones with music on to escape the intense NOISE. ENOUGH TO DRIVE HUMANS INSANE.

The noise from jets is awful and ongoing, it sounds very nearby. The noise creates horrible feelings of dread. The noise affects my heart rate and causes inner ear pain.

"Another at least 2 jets fly over my house.

ELIMINATE ALL GROWLERS OVER LOPEZ ISLAND. REPLACE WITH DRONES.

MUCH MORE ECONOMICAL AND QUIET. E-18 COSTS \$70.6 MILLION. DRONE COSYS A FRACTION OF GROWLER. "

Another roaring rumble from Whidbey that sends vibrations into our home.

3:22pm Jan 22. LOUD Jet overhead. Screaming and roaring. Deafening, even inside my home.

3:26pm Jan 22. ANOTHER loud jet overhead. Apparently South Lopez is the object of the Navy's Torture routine today. This is terrible.

i'm sick, trying to get some rest, the jets are flying so low and they are so loud! i think it's growlers, they're making passes over our property, rattling the windows! Please make it stop!

All day in Eastsound.

3:31pm A BLASTING Roar from a Growler overhead. The floor of my home is vibrating with is back-roar.

3:39 Jan 22. Loud jet overhead. South Lopez.

3:57pm Jan 22. a HUGE rumbling roar. lasting and lasting and lasting, from Whidbey. I feel it in the floor. South Lopez.

3:58pm Jan 22. More rumbling vibrating jet noise.

We have been bombarded and strafed by extremely loud and relentless Growler noise nearly all day from morning to now late afternoon. It sounds like we are living in a war zone!!

4:02pm Jan 22. Another rumble and vibration slams into us.

Bombarded by relentless sounds of war all day! The Growler noise has been deafening and interrupted business calls.

ALL DAY LONG! The buttheads have been flying over non-stop all day. This has disrupted energy healing sessions, phone conversations, peace of mind, my pets start barking and running around. STTTOOOPPPP!

4:22pm. Jan 22. All day.... Now there is another rumbling vibrating jet roar from Whidbey. South Lopez.

S Lopez, 1/22/2020, Wed: 4:23pm - 9pm - We have now endured 10 hours of ROARING, BLASTING AND OVERFLIGHTS. Larsen and Murray should be ashamed that they have brought this to our region - which used to be peaceful and quiet.

4:45pm. Jan 22. Have been experiencing several rolling vibrating wall of jet noise this past 20 minutes. South Lopez.

continual loud noise with wave sound and vibration

The jets have flown around and around all afternoon. The noise coming from many directions is disorienting and HORRIBLE. The senseless, disruptive, invasive noise goes on and on.

5:08pm Jan 22. The jet noise continues. So right now there is a loud jet roaring around us.

5:32pm. Jan 22. We are still getting rumbling deep vibrating walls of jet noise. Most recent at 5:32pm.

Growlers and other aircraft. Extremely loud, deep vibrations I could feel in my chest from inside the house. House highly insulated, triple pane windows, awakened from nap by Growlers. Many overflights, throughout the day and into the evening.

6:09pm. Jan 22. South Lopez. ANOTHER rumbling and vibrating roar from Whidbey.

6:20pm. Still going. ANOTHER roaring blast from Whidbey. Either engine run-ups or jets taking off. Either way, it is rolling thunder into our home.

A lovely rainy evening ,marred again by sounds like explosions from the south- deep, rumbling, shuddering noise. Human body is wired to find this distressful- as with earthquake or avalanche. There is a reason it is disturbing/stressful.

"Noise how 24 /7 almost every day. No sleep Sun Mon sounds like a generator out side my window until about 4am

Do you care probably not

6:22pm. Jan 22. LOUD jet roaring overhead. South Lopez.

Just went out to walk the dog--smells like Oakland International Airport, where I worked at North Field for 5 years. Alright for an international airport--NOT alright for Lopez Island!

6:41pm Jan 22. ANOTHER ROARING BLAST from Whidbey, actually twin blasts. One right after the other. Is this going to go on all night?

6:43, Jan 22. ANOTHER blast. Right after the others.

After hours of jets flying in the immediate vicinity, now growlers are roaring. This noise destroys all sense of well being. It is unconscionable to allow this level of noise pollution and this sort of dreadful interference with the environment. .

My god, it's been all. Day. Long. First jets, then growlers. Then jets, then more growlers. All day long.

7:05pm Jan 22. I have been recording all day the JET NOISE that is so disruptive. at 7:05pm, a tremendous rumble and vibrating roar.

Well after dark, jets still roaring overhead. Stinks like jet fuel/exhaust outside. Raining pollutants down over land and sea. Poisoning air, water, soil. Wildlife have no where to go to get away from it. Even indoors the noise is LOUD.

7:10pm Jan 22. Loud jet overhead. Might be landing on our roof.

7:12pm. Jan 22. One loud jet overhead after another.

7:21pm, Jan 22. Loud jet noise. South Lopez.

7:23pm, Jan 22. TV on, conversation going, and over it all is the thundering jet noise.

Hours after returning home from work- bursts of sinister thunder continue to the south. Disturbing. Can feel it this far away. Terrible machines and abuse of western Washington.

Jan 22, 8:10pm. Had to be outside. There is nothing by Jet roaring outside. The skies are full of it.

8:18pm. Jan 22. We are still getting the thunder of jet activity at Whidbey. One roar right after the other right now. This has been a horrible day, and now a horrible evening. Like constant THUNDER.

Rumble all day long!, disrupted conversations and business call today

8:35pm. Jan 22. ANOTHER blast of jet roar from Whidbey.

Planes so loud we wondered if it was an earthquake!!! Why so low and loud this late at night?? Trying to get children back to bed after they were awoken, just ridiculous!

All day, at least every 5 minutes, this is environmental and emotional rape, it is torture, these jets are ruining the quality of life here.

8:55am. Jan 23. Early morning walk and already the skies are booming with jet noise. South Lopez.

Another day of shrieking racket begins- multiple bouts of noise disrupting thinking in medial clinic. This belongs far from civilian people.

9:23am, Jan 23. Loud jet, South Lopez.

9:27am. Jan 23. Feeling the rumbling vibrations of jet noise.

Roaring jets this morning, directly overhead and roaring around the area. HORRIBLE NOISE, DEEPLY DISTURBING AND UNSETTLING. NOT HEALTHY!!!

**STOP TORTURING US ON LOPEZ ISLAND WITH YOUR SCREAMING JETS!!!  
YOU ARE ABUSING US ON THE GROUND!!! WE GAVE NO WAY TO GET AWAY  
FROM YOUR HORRIDLY LOUD GROWLERS. YOU DO NOT GAVE PERMISSION  
TO TO DESTROY OUR LIVES. LEAVE OUR SKIES ALONE!!**

Three extremely loud flyovers in quick succession this morning that disrupted phone conversations and hurt your ears if you were outside. The loudest I have heard in some time. These flight training exercises should stop.

S Lopez, 1/23/2020, Thur: 9am - 6pm: Another ghastly day of 8 hours of noise. NO WHERE TO ESCAPE. This time we are also getting jet fuel exhaust. JP-5 - highly carcinogenic. FURY DOES NOT BEGIN TO EXPRESS HOW WE FEEL.

10:27am Jan 23. VERY LOUD jet overhead. First a shriek and then excessive roar. South Lopez.

Jets over our house and barn all day yesterday and it seems they are going to do it today also.

10:44am, Jan 23. LOUD LOUD LOUD jet roaring over us. South Lopez.

**LOW FLYING GROWLERS OVER NORTH LOPEZ ALL MORNING!!!**

10:55am, Jan 23. ANOTHER rumbling and roaring vibration shudders through our home. best way to describe this is that it feels like an earthquake. South Lopez.

11:19am Jan 23. Long and extended rumbling roar from Whidbey. The floor really vibrated, and I feel it inside. Very loud.

Lopez Village, 11:58am. Jan 23. Huge roaring jet over Lopez Village. Long long roar.

Wow! Yesterday we were under attack until late in the evening and again today it is painful. I fear my fourteen month old boy will suffer from hearing damage. Please leave my family alone.

Rattled windows....

I went to bed last night with the flying turds lulling me to non-sleep. I awoke this morning to the same intrusion. Here are my buzz words for today thanks to the jets: outrage, frustration, anger, unrest.

12:35 and 12:36pm January 23. Loud jets overhead, just a half minute apart. Tearing through the sky. South Lopez.

Had to discontinue conversation until flight passed

**STOP FLYING OVER LOPEZ WITH YOUR ABUSIVELY LOUD GROWLER JETS!! WE HAVE NO PEACE SINCE YOU DECIDED THAT OUR LIVES WERE EXPENDABLE!!; WE NEVER AGREED TO BE PART OF YOUR WAR GAMES TRAINING!! WE HAVE THE RIGHT TO OUR SKIES FREE FROM THE HORRID ROARING!!**

Had to discontinue conversation, 2nd flight within two minutes.

1:15am, Jan 23. Loud rumble and vibration from jet activity.

1:16pm Jan 23. Right after the one a moment ago, ANOTHER HUGE roar and vibration of jet activity from Whidbey.

"Some off and on racket all day- just now had to put fingers in my ears to lessen pain briefly such was the noise in our medical office in Oak Harbor, right next to a school.

Awful place this. "

Repeated noises over 2 hrs time

Flight directly over the school. A crash of a Growler here could kill hundreds of children.

3:36 Jan 23. VERY loud jet is roaring over our home. South Lopez.

4:23pm. Jan 23. Jet rumbling coming from Whidbey.

5:01pm. ANOTHER roaring rumble from Whidbey. A little bit of earthquake, a shuddering beneath your feet and in your body.

"Horrible threatening sounding thunder vibrating the walls/windows/bones at the end of clinic in Oak Harbor.

5:03pm, Jan 23. Two minutes after the rumbling vibration from Whidbey we are deafened by a roaring jet overhead. South Lopez.

5:06pm. Jan 23. What is going on? Is that jet circling over us? Is it another jet? The sky is ROARING above us. On and on and on. Deafening. Still going on at 5:07pm. Still going on at 5:08pm.

Excruciatingly loud flyover

Can't hear radio

**GET YOUR DAMN LOUD JETS OUT OF OUR SKIES! YOU TORTURE US DAY AND NIGHT WITHOUT ANY WAY TO ESCAPE THE SCREAMING GROWLERS! THEY ARE DAMAGING MY HEARING LEAVING MY EARS RINGING AND I AM NOT EVEN OUTSIDE!! HEADACHES AS WELL AS RINGING EARS. DAMN YOU ALL!**

Loud.

Disrupted telephone call, had to wait for flight to pass

We can't see through cloud cover which aircraft is causing this but excessive roaring from aircraft has been occurring all day (about every 20 mn) and

very frequently over the past few days - we have to yell even indoors to be heard by each other.

All day roaring jets. Some distant, some in immediate vicinity. So loud that work conversations had to be put on hold until jet noise abated. DREADFUL ROARING. IT IS UNCONSCIONABLE TO ALLOW THIS DESTRUCTION AND POLLUTION OF OUR ACOUSTIC ENVIRONMENT.

Fly overs have continued on and off most of the day, and now at the dinner hour are becoming increasingly disruptive, extremely loud....how much longer do we need to be submitted to this torture?

Had to stop conversation within house

Unable to hear dinner conversation, very disruptive to adults and scary to the kids

Home from a long, hard day of work to the sounds of thunderous explosions to the south- known to be Growlers- vibrating this house and tearing up the dark. Very disturbing- impossible to ignore. Felt and heard over conversation, tv, radio...

5:54pm January 23. Again, the roaring vibration from Whidbey.

For 20 mns now - constant low rumbling that shakes the house, glassware clinking ominously, the shelves creaking. Occasionally interrupted by louder closer sounding roar that interrupts discussion and rattles our brains. Has been going on all day!!!

5:56pm. Jan 23. Another roaring blast from Whidbey.

6:11pm. Jan 23. Loud jet overhead. Big Roar.

For the estimated 30th time today- extremely loud! Happening constantly! Low rumbles that get louder and louder until it's a deafening roar! Can't hear my kid talking!

im in the house and i can hear it and im very deaf thanks to the fffffff mili

There have been flights all day here today - so loud outside I could not hear my neighbor speak to me; also bothering us inside today.

Nearly 2 hours after getting home from work- continuous thunder persists to the south, rumbling/vibrating the house- torturing the night. Few extremely loud flyovers, but continuous thunder. Awful.

Thank goodness the cacophony of the growlers is finally over- several hours after I got home from work. replaced now with the droning of P3s for a while yet.

I've woke up AND gone to sleep with these horrible sounds all week. Every 3 minutes.

I've woken up and gone to bed with this horrible violent sound all week. It is torture.

I've woken up and gone to bed with this horrible violent sound all week. It is torture.

S LOPEZ, 1/24/2020. FRIDAY: 8:07am - 5:20pm Another 9 hours of noise - just like living next to a BLAST FURNACE - one that shakes house and body. I wish Murray and Larsen could be confined in a cage where they would experience what we hear.

9:42am, Jan 24. LOUD Growler roaring overhead. Mud Bay.

9:49am, Jan 24. Screaming jet over us. Mud Bay, Lopez.

Loud jet

Disrupted conversation inside house

11:31am. Jan 24. Tell-tale Growler roaring above. First the scream, then the long long long roar. Mud Bay, Lopez.

Jets in intermediate vicinity AGAIN today. This is becoming more frequent, jets flying in immediate area. TERRIBLE NOISE. So loud this morning we could not hear the radio for the jet noise. STOP RUINING AND POLLUTING THE ENVIRONMENT WITH JET NOISE.

11:43am, Jan 24. Heard the Growler scream long before I saw it. Now over Mud Bay, flying low. Appeared to be landing gear down. Now ROARING. DEAFENING. Still roaring. 11:44am

Can not hear my wife talking in the same room.

Disrupted conversation

12:48pm, Jan 24. Rumbling vibrating roar from Whidbey.

12:49, Jan 24. Another rumbling vibration from Whidbey.

12:53pm, Jan 24. Low jet rumbling from Whidbey.

1:50pm. ANOTHER loud growler jet over Mud Bay. First the scream and then the long long rolling roar. The noise blots out the radio music I have on as I try to work, so I am distracted.

2:02pm Jan 24. Another loud jet blaring its way over our home.

"This has been going on every 4 minutes since it woke me up at 5:00AM

"Very loud in the afternoon

Time listed is now not when the incident happened as I can not remember the time.

I was outside in the garden and the jets were super loud"

S Lopez, 1/26/2020, SUNDAY: Now we get to noise on Sundays! 4:30 - 5:30pm.

S lopez, 1/27/2020, Mon: 9:08am - 3:12pm Only 6 hours of noise today when zero FCLP's are scheduled at Ault or OLF. So what are they doing? Lying? Another mystery practice that sounds like FCLP's?

Very loud military jet overhead. A Growler. Mount Vernon.

Distressing - super loud throughout the day making me anxious

Coming out of an appointment in Mt Vernon and there is a terrific noise in the sky. This is clearly Growler jet activity. I recognize it from hearing it in other places. Noticeable and not good on this sunny day.

Extremely loud roaring from growlers this afternoon.

i was trying to do some computer work, but noise was so loud the windows and floors were rattling so i had to move to different part of the house engine runup noise going on all morning and afternoon

In Stanwood. Very loud jet rumbling in the sky. Unseen due to clouds, but I am familiar with Growlers and this sounds exactly like growler noise. Very loud.

Outside in the evening and there is this HUGE DIN in the sky, quite like the soundtrack of movies that feature dogfights in the air. There is jet noise roaring everywhere.

Roaring in the background- starting up. Lends a sinister quality to the morning in Oak Harbor.

9:05am. January 28. Here we go again. The floor is vibrating and the roar of jet activity rolls into our home.

S lopez, 1/28/2020, Tue: 9:06am - 6:26 pm. Today the house shook - 9 hours of relentless GROWLER ROARS AND BLASTS AND OVERFLIGHTS. A FEW BRIEF brakes in the war zone but not enough to help us stay sane.

9:07am. Jan 28. Another vibrating wall of jet roaring

9:09am. Jan 28. Now we have jet noise rumbling in the skies and inside my home.

run up engines blast

Could not make location pin on map but Hughes bay, Lopez island. First roar of the day ...seems like everyday lately roaring all day long.

9:26am. Jan 28. Rumbling vibrating jet roar from Whidbey. Is it acceptable that the jet noise vibrates through a home, 14 miles away. Doesn't that tell you something about how WRONG it is to have Growlers here?

fly overs and run ups

Jets roaring around and around all morning.

Very loud jet overhead. Screaming, then quiet for 2 seconds, then a HUGE and long roar.

Rumbling vibration noise from Whidbey, South Lopez.

Another rumbling vibrating rolling jet noise from Whidbey.

Very loud jet noise. The sound is bounding around in the skies.

So loud, sounded like it was landing on our house.

Very Loud jet overhead. South Lopez.

There is jet noise everywhere. Outside filling the skies and inside my home.

Loud jet overhead.

Roaring Roaring Roaring. Awful. Awful. Awful. Horrible Horrible Horrible. Disgraceful that this level of noise and the ruin of the acoustic environment is allowed.

12:45pm. Stepped outside to stretch and get a breath of air in between projects and WHAM, the rumble I was hearing inside becomes a LOUD ROARING OCEAN OF JET NOISE.

It sounds like a jet just rolling around over Mud Bay. Maybe there is more than one Growler; the sound roars, then a second of quiet, and then roars and whines, over and over.

5:16pm. A rumbling vibration of jet noise from Whidbey.

Low and loud

ANOTHER loud jet overhead.

6:11pm. One right after another. This growler arrives with a ripping roar, as if the sky is tearing apart. Mud Bay, Lopez.

Loud jet again. South Lopez.

Another loud Growler jet overhead. Are we the landing strip tonight?

6:26pm. Incredibly loud jet over my home. Mud Bay. It almost sounds like there are two. Now a booming roar.

Growler banking over Lopez Village therefore very LOUD reverberations on the earth!

3rd low Growler overhead in last 10 minutes!!!

REALLY LOUD AND LOW!

4th LOUD Growler overhead!

S Lopez, 1/29/2020, Wed: The Navy schedule means nothing. No FCLP's are scheduled between Jan 22 and Feb 2 - and yet - we are BARRAGED WITH VIOLENT ROARS THAT SHAKE OUR HOMES. Today it started at 12:26pm. Ended, finally, at 10:38pm.

Jan 29 Camano Island. Visiting family. Tremendous jet noise. A growler roaring overhead.

Difficult to hear others in the room

Jan 29. Camano Island. AGAIN. A rumbling vibrating boom, and a loud jet overhead.

Jan 29. Camano island. Visiting Family. It is very jet noisy here. Loud roaring jet overhead. Quite the familiar deep throaty long long roar of a Growler.

Jan 29. Camano island. I am quite happy to be leaving today. This is a very noisy place due to flights overhead by growlers. What a pain in the neck.

3:13pm another VERY LOUD Growler roaring overhead.

The planes overhead were so loud we could not converse and we had to hold our hands over our ears. My chest vibrated from the noise

9:45pm, January 29. Was almost asleep and BOOM the house is shuddering from a huge vibrating roar from Whidbey.

Extremely loud blasting roar. Rude awakening. Very alarming.

10:40pm. Jan 29. At this hour we have a VERY LOUD growler jet flying over us. The Roar is UNMISTAKENLY a Growler. And given the noise and roaring echos, it might be two Growlers.

Deep thunder- woke me from dead sleep. Unhealthy- intrusion on my sleep. Harmful.

8:30am. Deep, long, long, long vibrating, pulsing jet roar from Whidbey. South Lopez.

Huge roar breaks the peaceful morning. We have very few days without this noise these days.

S lopez, 1/30/2020, Thur: 8:30am - 6:25pm. ANOTHER 10 HOUR DAY! No FCLP's scheduled . 75 - 82.3 decibels in the house. NOISE IS A WEAPON - AND IT'S AIMED AT US.

terrifying invasion

vibrating my chest while sitting on the couch

Jan 30, 9:05am. Deep and long rumbling jet roar from NASWI. Vibrating.

Loud enough to hurt my ears inside at work. So very conducive to healthy living- here in a medical clinic in Oak Harbor.

Jan30. 10:06am. ANOTHER Huge rumbling road from Whidbey. I feel the vibrations in the floor, in the air.

January 30. 10:30am. Deep jet rumble and vibration throughout the house.

Really loud and disturbing.

Jan 30, 10:33am ANOTHER rumble and vibration from Whidbey.

Hey, it's a Thursday morning, and it's time for Growlers! Again, so disruptive . . . again, they do not need to be here . . . again, my peace is thwarted and am not impressed with the Navy and our government. Sigh . . .

Testing engines - low rumble throughout the morning

Can not hear conversation in my living room.

Jan 30 11:37am. At the Lopez Ferry dock. Startled by a tremendous pulsing and vibrating roar. Just like what we hear at the South end of Lopez, coming from Whidbey.

So loud! And sad to have to wear ear protection when outside. Not to protect my ears from noisy power tools but from non-stop growler flyovers. They are killing us!

TV audio can not be heard.

off and on this morning, and yesterday

Third day in a row with mixed aircraft. Some flyovers and some touch and go practicing. Off and on all day. More the community has to endure the noisy, uncaring neighbors.

So everyone is tucked in last night. 10:45pm the assholes fly over. The dogs start barking and our quiet slumber time is all a cluster. Then, still in bed this morning, same thing repeated. What a way to end and start the day. Despicable.

January 30, 5:15pm. Stanwood. WOW. That was a loud roaring growler jet. Right over Stanwood, where I am visiting. I always thought Stanwood was a quiet place. Apparently not so.

Just home from a full day of work- and already the peaceful sounds of late January rain are replaced with shrieking, roaring sounds of warcraft in the air. This is abuse by the US government of Western WA citizens.

"Horrid roaring is shaking/vibrating the south side of my house. This is torture.

Fidalgo Island near the ferry terminal"

woke me up-again. they seem to be getting louder

S LOPEZ, 1/31/2020, Fri: 7:45am - 10:20 pm - We are forced to live on Navy WAR TIME.

Very low altitude, very loud aircraft.

"STOP TORTURING US ON LOPEZ ISLAND WITH YOUR JETS!! LEAVE OUR SKIES IN PEACE!! EVERY TIME YOU SPLIT THE AIR WITH THOSE HORRID JETS I AM LEFT WITH RINGING EARS!!

STOP ABUSING US!!!"

"the constant noise all morning is really causing me stress.

it has been unrelentless all morning.

there is no peace and silence anymore.

I moved here for peace and quiet but it is hard to find these days.

really really loud

can't we catch a break from this? it is like waterboarding.

these are getting louder and have no schedule other than 24/7. it is torture, not the sound of freedom at all.

Now this violation is waking me up constantly throughout the night and early morning hours.

it seems I must wake up to this every morning now, such a violation

it seemed we were going to have a semi-quiet morning but no-back to nearly every 5 minutes. Waterboarding! Crazy torture of sound.

Interupted reading,peace and quiet. Also leaving trails

Feb 3. 9:20am. Loud jet over Mud Bay. First the low scream, and then a long and loud roar. Long.....Long deep roar.

So loud interrupted business conference call inside home.

Feb 3. 11:26am. Loud jet roar over Mud Bay.

Feb 3. LOUD jet roaring and roaring and roaring and roaring and roaring overhead. South Lopez. Still roaring right now. And still roaring.

Have to wear ear protection anytime we are outside. Excruciating.

Feb 3, 4:29pm. Extremely loud jet overhead. I have better things to do than rush to the window and look out. But this is not a commercial plane. This is a very loud jet .

S Lopez, 02/04/2020, Tue: No FCLP's scheduled for AULT or OLF. 9:20am - 12:23pm - periodic Roars 70 - 75 decibels - A scale.

Feb 4. 10:16 Low rumbling from NASWI jet activity.

Feb 4, 10:39am. LOUD jet overhead. South Lopez.

Feb 4, 10:52. ANOTHER Loud growler jet overhead.

Extra loud

Feb 4, 11:15am. Rumbling vibrating jet thunder from Whidbey.

Feb 4, 11:18am. A few minutes ago the rumbling vibration of what I think is jet take-off, and now we have LOUD jet noise roaring above us. Echoing, rolling, thundering loud jet roars.

Low flying and very loud. Not over the water. Snow clouds shielding which aircraft it is

Again flying overhead. Disrupted my conversation

11:29am, Feb 4. The skies are ROARING!!!!!!! Jet noise everywhere.

Interrupted concentration

Feb 4, 12:24pm. Huge rumbling jet noise wall of vibrations felt in our home. South Lopez.

Feb 4, 12:28pm. Rumbling vibrations from Whidbey.

Just got a fly over by a Growler and it was so low and so close that the glasses on the lunch table rattled. WTF?!? We couldn't even continue our conversation!

Feb 4, 12:37pm Roaring jet over Mud Bay, Lopez.

Feb 4, 12:43pm. The skies are roaring (AGAIN). Sounds like a lot of jets up there just circling around, diving and swooping. That is what is SOUNDS like. Might just be one and the noise is bouncing off the hills and water. NOISY in my home!

Feb 4, 12:51pm. Rumbling jet noise vibrations from Whidbey AGAIN.

Feb 4, 12:59pm. More rumbling vibration blast coming from Whidbey.

1:36pm, Feb 4. Very LOUD jet overhead. South Lopez.

More afternoon sabre rattling by our not so friendly navy neighbors.

3:20pm. South Lopez. Loud thundering rumble and vibration from Whidbey.

Feb 4, 3:27pm. Rumbling vibrating wall of jet noise. South Lopez.

Feb 4, 3:47pm. Sounds like one jet after another is taking off from Whidbey. Another rumbling roar of jet engine.

3:52pm, Feb 4. More loud rumble and pulsing vibration from Whidbey.

3:54pm, Feb 4, South Lopez. Incredibly loud jet roar overhead. Stopped conversation.

4:08pm, Feb 4. More rumbling vibrations from jet action at Whidbey. South Lopez.

Short and high this time

Multiple fly overs that began in early afternoon and continue up to now. Loud enough to disrupt conversations and phone calls inside the house.

**STOP TORTURING LOPEZIAN! GET THOSE GROWLER JETS OUT OF OUR SKIES!!! WE LIVE IN A RURAL ISOLATED PLACE BY CHOICE, TO BALANCE THAT FOR THE GOOD, WE ARE NOT EXPOSED TO CITY NOISE POLLUTION. YOU IN YOUR ARROGANCE DESTROY THAT PEACE!! STOP IT YOU JERKS!**

**S Lopez, 02/04/2020, Tue: 6pm, 8:36pm, 8:45pm, 8:49pm - 68 - 70 decibels.**

**Horrible thunder wrecking the night- vibrating my house. Great machines for torturing an enemy. We are not the enemy. Fidalgo Island near the ferry terminal.**

**Woken from deep sleep by insane low thunder to my south. Was hard asleep...torture**

**S Lopez, 02/05/2020, Wed: 11:20am - 72.5 decibels**

**11:52am. Feb 5. Very loud growler overhead.**

**"Yesterday especially and now today aircraft have flown over and around my home on Decatur Island. Each time my cat runs for cover and trembles. The extremely loud sound and vibrations are too much in the stillness where people and animals live.**

**1:40, Feb 5. It started as a low roar and then all of the sudden it sounded like the jet was planning to land on top of us. The roar was TREMENDOUS. It took over the whole house. Mud Bay, Lopez.**

**S Lopez, 02/05/2020. Wed: 70 decibels**

**EXTREMELY LOW AND LOUD GROWLER OVER LOPEZ VILLAGE! It was like the plane buzzed us..**

**Had to stop conversations in our home for over one minute. Deafening sound.**

**Another disruption from Low Flying Growler**

**"6:16pm, Feb 5. Right now, a LOUD growler over our home. South Lopez. And again, it sounds like it is going to land on our roof.**

**6:20pm. Feb 5. One right after another? Here we have ANOTHER growler roaring overhead. South Lopez.**

**Another fly over just occurred. Am I being punished for reporting? Please respond.**

**8:39pm, Feb 5. Very loud jet up above us. Has all the tell-tale noise of a Growler. Deep and long roar, then a small quiet, and then another long drawn-out roar.**

**Home late from work- and can still hear a few bursts of these horrid aircraft far to the south, torturing others after 11pm. Heard from Fidalgo island near the ferry terminal.**

**Interrupted studying by loud rumble overhead.**

**S Lopez, 02/06/2020, Thur: 9:30am - 12:37pm Periodic roars - blanketed with 88.6 decibel overflight at 12:37pm**

**11:38am, Feb 6. All of the sudden, a huge screaming ROAR, then the jet seems to be bearing down over us, screaming and roaring, and then roars as it seems to pull away from us. 3 minutes of noise. Still roaring. Cloudy, could not see.**

**12:26pm. The floor is rumbling beneath my feet. Extended vibration and noise from Whidbey. Do our legislators find it acceptable that 14 miles from a Navy base the jet activity makes your house and body shudder? Are they nuts?**

**12:28. Another jet rumble from Whidbey right after the other. Feels like an earth tremor.**

12:32pm. AGAIN, another rumbling roar and pulsing vibration from Whidbey. This is usually a bad sign that soon jets will be roaring over us. Or, is there an earthquake and continuous tremors? ...because that is what it feels like.

12:36pm. Yep, here is a HUGE ROARING JET noise above us right now. Right after the rumbling from Whidbey. They take off and they head straight for South Lopez to give us a taste of WAR. Still roaring. Still roaring. Still roaring. It is now 12:38.

Growlers roaring. Unbelievable that this noise pollution is allowed. Visitors from the east coast find the noise so awful that they doubt they'll return to the islands. They are annual island visitors who love and cherish the quiet here.

12:40pm. Now we have ANOTHER Growler which seems to be flying VERY LOW over us. SCREAMING over us. Now roaring. Seems to be circling. The roar is all around us.. A second of quiet, and now the roar again.

12:41pm. Here is the THIRD growler over us. Where do they think they are? SEA TAC? This is aggressive behavior by the Navy. The scream is deafening, the roar is threatening. Legislators: quit burying your heads in the sand & do something about this.

12:51pm. ANOTHER rumbling roar from Whidbey. I feel it from me feet on the floor and my hands on my keyboard.

Metallic roaring, medium loud. Very unpleasant sounds, wrecking trains of thought at work in Oak Harbor.

1:20pm The earth is rumbling right now from jet activity on Whidbey. We have been getting these tremors pretty consistently the past hour or more. South Lopez.

Low flying plane that made it hard to talk inside my house

First fly over of the day which produced extended period of extremely loud noise that was painful to my ears and halted activities outside.

2:23pm. LOUD jet roaring over South Lopez. Can't see due to clouds, but the roar comes right into our home.

3:22pm. Rumbling Vibration again. I feel it all over. South Lopez.

Roaring jets in the area, and continued roaring from growlers. Horrible noise.

3:23pm. One right after another, a rumbling jet wall of vibrating noise. Right now.

S Lopez, 02/06/2020, 3:22pm - 6:50pm. 3 hours of noise - no FCLP's scheduled - so what are they doing? Overflights 6:45pm - 6:50pm VERY LOUD 86 - 92 decibels.

3:37pm. We had had rumbling vibrations from Jet activity on Whidbey pretty much ALL DAY. Like right now. Just so much vibrations rolling through our home.

3:45pm. ANOTHER rumbling roar and rolling vibration from Whidbey. This is annoying, distracting and hurtful.

"Rumble and vibration throughout the day.

Congratulations, the Navy now can put it's 'mission' ahead of the natural life system that sustains all life. All hail the new god, the navy."

Flying now with loud low rumble/roar that is shaking the walls and body with low frequency sound. Very unpleasant sensations and hard to concentrate on work. Oak Harbor. Rotten place to work.

5:15pm. Another shuddering rumble and vibration from Whidbey.

5:19pm. We have been experiencing several rumbling vibrations (take-offs?). Now we can hear the jets roaring around in the sky.

6:46pm. LOUD growler overhead.

Another night- another evening with the heavens and our surroundings ruined by crazy roaring-vibrating racket buffeting us from the south. Surely torturing others even worse with unsafe volumes south of here. Abuse. Fidalgo Island near the ferry

6:48. NOW ANOTHER GROWLER ROARING OVERHEAD. SOUTH LOPEZ. SCREAMING AND ROARING.

6:51pm. Either that second growler is just circling over us, or now we have a THIRD growler roaring around and over us.

S Lopez, 02/06/2020, Friday: 9:22am - 12:04 - Steady ROARS - 76 - 82.6 DECIBELS - Almost 3 hours of roaring - no FCLP's scheduled. What are they doing?

9:28am, Feb 7. Extremely prolonged rumbling vibrating roar from Whidbey. South Lopez.

We are enduring vibrating walls of jet rumbling here on South Lopez, Feb 7.

9:36am, Feb 7. Not sure what is going on - other than suspecting that the Navy will lie about it - but we have been getting a strong series of deep throaty rumblings and vibrations from Whidbey this morning. The house vibrates and so does my body.

Hideous roaring, strong vibration. Extremely painful to inner ear. Unsettling & horrible. My large, generally fearless dog cowered and tried to hide. Allowing this noise is unconscionable. SHAME ON POLICY MAKERS WHO CONDONE THIS. STOP THIS NOW.

9:52am. Feb 7. AGAIN, the rumbling vibrating roar from Whidbey continues. Long rumble right now.

9:55am, Feb 7. Another bout of rolling jet thunder from Whidbey. This is a morning of house shuddering and threatening noise inside our home.

All morning. Non-stop. Constant. Enough already.

"Now it's not even there and gone, then back again. Now it's been over five minutes of non-stop rumbling. Still going.

Still going.

Getting louder, windows are rattling.

Windows still rattling.

Going on ten minutes now of rumbling and rattling. "

10:03am. Feb 7. Currently enduring a prolonged rumbling and vibrating thunder from Whidbey. One after the other this morning.

10:04. Feb 7. ANOTHER rumbling roar from Whidbey. This is very disturbing . Makes me feel ill with roaring noise and vibrating home. South Lopez.

So far there were six.

Windows still rattling. Going on fifteen minutes now. Knock it the fuck off. You're going to have a real problem on your hands if you keep pushing people like this.

Earthquake like rumble all morning, every few minutes. Can't escape the vibration even indoors with ear protection.

10:20am, Feb 7. We are experiencing earthquake-level vibrations and rumbles here on South Lopez. These rumbles come from Whidbey - take-offs? engine run-ups? Whatever, they are DISRUPTIVE. This is ABUSE.

10:31am, Feb 7. Right now. ANOTHER thundering roar, and an accompanying jet roar as a jet seems to be ascending our way. South Lopez.

10:58. Loud jet overhead. PENETRATING NOISE.

11:13am, Feb 7. Screaming LOUD jet overhead interfered with a conference call. Participants said WHAT is that noise. Conversation had to stop . This is my professional work. Do I have to have my home office in a BUNKER? I am so mad.

I've noticed a correlation between reporting the aircraft and the frequency with which they then fly over. Again they're flying over land there is a cloud cover and the afterburner make it really loud right when they pass over my home

11:28am, Feb 7. ANOTHER screaming and roaring growler overhead. Again conversation in my conference call stopped. %^&\*(&^%\$#@#%&\*&^!! This is abuse by the Navy.

12:05, Feb 7. Rumbling vibrating wall of noise from Whidbey.

12:11pm. AGAIN Rumbling jet vibrations shudder through our home.

12:17pm. LOUD jet roaring overhead. South Lopez. It has been a TERRIBLE day for jet disruption. EXCESSIVE. This is no place to live and work.

12:20. Feb 7. The skies are absolutely ROARING with jet noise right now.

12:25pm. Feb 7. ANOTHER loud jet over South Lopez.

horrendous blasts over and over today and most days lately. the explosive blast at 1246pm was ear shattering.

12:47pm. LOUD JET over South Lopez.

1:30pm, Feb 27. South Lopez. Not raining (after many rainy days) so I decided to take a much needed brisk walk outside. That was a bad idea. The skies are filled with jet noise. Roaring, thundering, rolling jet noise. Jet fuel/exhaust in the air.

2:05pm. Feb 7. LOUD LOUD ROARING jet overhead. S. Lopez.

Sudden growl to northeast.

Extremely loud fly over

More fly overs around mid-day that were directly overhead and loud enough so I had to cover my ears.

Second LOUD GROWLER OVER Lopez Village!

Rumblings and heavy vibrations in the Am and fly overs in the afternoon. Seems we were the enemy with the Navy.

I have been woken up nearly every morning for the past 2 months with this terrible sound

im on the south end of orcas and im very deaf and i can still hear your f... planes

really, sunday too?

"please, too many today already, this is the day we should all be praying and resting and instead we have the military violence

above our heads."

constant this morning, just horrible

Off work today and trying to enjoy my home- impossible so far due to horrible low thunder which shakes the house and body- coming in bursts. Unbelievably disquieting sensations.

1:05pm, Feb 10. Jet roaring around. Sounds like it is circling or turning, or whatever. The roaring swoops and rumbles.

4:06pm. Loud jet screams overhead. ....followed by a long roar. South Lopez.

4:08pm. I don't know if this is the same roaring jet I reported a few minutes ago. If so, it went quiet for a minute and then is cutting a wide swath of noise above us. This jet noise is deep, roaring and throaty. South Lopez.

Aircraft was flying very low.

I can't allow my grandchildren outside for fear of damaging their hearing.

4:19pm. Growler directly over Mud Bay. Screaming, Roaring, a RIPPING noise. Deafening. Could not hear the TV, could not hear myself. Still roaring. Still roaring. It's never just a few seconds. Roaring goes on and on and on. This is a home invasion.

S Lopez, 02/10/2020, Mon: 4:20pm: Overflight 75 decibels

Low flying over decaur island. Not possible to speak and be heard. So many flyovers it's hard to stop and report them all

10:57am. Loud Growler shrieking overhead, then a long roar. South Lopez.

the smell of jet fuel was in the air im on orcas island

11:18am. ANOTHER Screaming Growler over Mud Bay, Lopez.

The sound competed with the Mozart Requiem I've been listening to. It was short in duration

12:11, Feb 11. We have been enduring several NOISY flights today. Right now, a DEAFENING growler above Mud Bay, Lopez. First a roar that sounds like the jet will land on our house, then a long drawn out roar.

**STOP TORTURING US ON LOPEZ ISLAND!! YOUR DAMN GROWLERS ARE SO LOUD WE CAN'T THINK...WE CAN'T HEAR THE PERSON NEXT TO YOU OR THE TV OR RADIO!! YOU LEAVE ME WITH MY EARS RINGING FOR HOURS AND SPLITTING HEADACHES! GET THE HELL OUT OF OUR SKIES NOW!!!**

Coming and going from loud to waxing-waning deep thunder, shaking the house and the bones deeply. Episodic and very disturbing- like small earthquakes would be. Navy abuse of western WA. Fidalgo island near the ferry terminal.

It also disrupted my conversation as we could not hear one another. Would whoever reads this please tell someone who can change the flight pattern and fly higher, fly over open water. Thank you.

1:17pm. South Lopez. ANOTHER DEAFENING ripping roar from a Growler overhead. Our home is invaded by Growler noise. The Navy is a BAD NEIGHBOR and untrustworthy. Still roaring.

S Lopez, 02/11/2020, Tue: 3:30pm - 5:30pm - 6:53pm, 3 hour Low vibrating rumble 60 - 67decibles.

6:10pm. LOUD JET OVERHEAD>

im on orcas jets over head so loud we had to stop talking

Please, this is dinner time.

Periodic fly overs from mid morning until mid afternoon. The final ones were so loud that they hurt your ears if you were outside.

Several flights tonight since 6:00. Three of them disrupted activities, couldn't hear.

Can't hear television or people seated with me

"Trying to relax....7:10 Pm another fly over. Afterburners on....China Lake?

Yet again, another one.

There is a continual rotation of planes. Not sure if it's the same jet or a series of jets.

Don't know why they're flying so low but the noise level is incredibly loud.

In a loud bar- this evening it was possible to hear several passes of EA18-G Growlers overhead- outside, from the middle of the room/bar in the ground floor of a building with multiple floors. Incredible noise pollution. Anacortes downtown.

Home close to eight- Loud thunder from EA18-Gs flying about, shredding the heavens and the peace of western Fidalgo Island. Anacortes near the ferry terminal. Navy abuse of landscape and people.

Fled my bedroom to TRY to get away from some noise as my bedroom faces south and most of the racket is from that direction, but not all... impossible to go to bed in my own bed. Navy abuse/harm to western WA. Anacortes

Woken harshly from deep sleep|. Tinny. Roaring of navy growler(s). Horrible

S Lopez, 02/12/2020, Wed: 11am - 7pm Periodic ROARS all day - 76 - 80 decibels

11:02am. ROARING Jet over Mud Bay, Lopez. Deep and rolling thunder.

Another loud blast. Everyday these days. We have no peace.

11:04am. What is going on? Another jet over us with a scream and a roar Just a minute after another roared over.Racing together? 11:05, there is still

loud roaring in the skies.Louder than the dishwasher & TV put together. 11:06 and still roaring.

Very loud also.

All morning jets roaring around the islands including immediately overhead. Drowns out ALL other sounds. HORRIBLE NOISE. DISTURBING, DESTRUCTIVE, PAINFUL. Animals rely on sound for meaning in the surroundings cannot hear what they rely on hearing.

11:30am Roaring jet(s) overhead Mud Bay, Lopez. One jet just rolling around or multiple jets? The roaring keeps going on. Cannot see due to clouds. Now 11:32am. The roaring continues.

Horrible noise - Growlers flying over my house - this is the 4th time this morning. Extremely disturbing! Difficult to complete work.

11:55am. More jet noise rolling around over us. The jet is not directly above, but it is making enough noise as it skirts us to be PAINFULLY IN OUR EARS AND INVADING OUR HOME. Growlers are WRONG for this area.

11:58am. Now a jet directly over us. Loud roaring. South Lopez. 11:59am Still roaring.

12:50pm. Out walking and a tremendous boom and roaring vibration shook me and - it felt like - the trees. Jet roaring from Whidbey.

1:03pm. First a big blast of jet vibration from Whidbey, and then almost immediately a jet flying over South Lopez, seemed to be heading west-northwest. I was outside, unfortunately. Deafening

2:57pm. Just had a roar of a jet invade out home. As if the jet was swooping just east of us.

So the jet noise repercussion has hit an all time low: our new puppy was outside playing and ran under a chair when the stupid-ass jets flew over

scaring her. Does it get any worse than frightening an innocent puppy?!!!  
Despicable

7:05pm. Growler is just tearing the sky apart above us. First the screaming roar and then the BLAST of jet noise. Very very loud. Explosive. South Lopez.

Fly-over WAY off course, low and loud. They have been flying since 5:30. This stands out!

Up until the latest session tonight the jet noise was background annoying but at 7:10 pm and 7:15 pm it was so loud as to be duck and cover time. The single pilot responsible should be grounded and made to personally apologize. Stephen L Swanson

8:15pm. Too dark to see, but the LOUD roar has all the marks of a growler. Flying over Mud Bay, Lopez.

8:48pm. Getting ready to drop off to sleep and we suddenly get a shuddering boom/explosion from Whidbey's jet activity.

8:51pm. Is this necessary? The second booming shuddering vibrating wall of jet noise from Whidbey. Almost 9pm. South Lopez. What about kids being put to bed to be ready for school and their home is vibrating?

I was asleep and now I am not. Awful rolling thunder wrecking night peace. Abuse and harm to health in Western WA. Anacortes, near the ferry terminal. Awful racket.

10:16pm. I don't know what is up in the air because it is dark, but it sounds a whole lot like big growler jets, roaming around, with their noise echoing off the water and off the hills. Rolling thunder. South Lopez.

S Lopez, 02/13/2020, Thur: 9am - 12:38pm - ROARS and OVERFLIGHTS, 3+ hours

9:04am. BIG jet rumbling from Whidbey. I can feel it through the floor. South Lopez.

Rumbles, vibrations, the whole works. Unacceptable!

"Get you DAMN JETS OUT OF OUR SKIES!!! You disrupt our lives, not once or twice but over and over and over again!! Day and night you DESTROY OUR PEACE AND OUR HEALTH!!

GROWLERS LEAVE MY EARS RINGING FOR HOURS AND GIVE ME SPLITTING HEADACHES!!

STOP NOW!"

Disrupted our conversation. Flying over decatur island

10:36am. ROARING and SCREAMING Growler jet overhead, Mud Bay. The noise invades our home. It blots out the TV. Still roaring. It just goes on and on and on. It is 10:38 and the roaring still goes on.

Very loud. At least two aircraft

Growler disturbance while babysitting my grandson in Lopez Village! Low pound jets overhead!

So low and loud that inside on the phone I had to stop conversation for a full minute until the plane passed by.

11:09am. A very loud jet roar fills the air. I am inside, but the noise is loud in my home.

Jets roaring overhead and around the vicinity. Jet noise drowning ALL other sounds, indoors and out. Hideous noise, painful, disruptive and very disturbing. All meaningful local sounds are obliterated by screaming jets noise. STOP ALLOWING THIS NOW.

Horrible noise, 2 fly overs by growlers - westside of Lopez. Disturbing and severe noise pollution from growler.

The usual episodic metallic roaring from warplanes disturbing our medical clinic- stopping conversations and occasionally calling for fingers in ears here in Oak Harbor.

These flyovers are causing me a lot of grief, they are quite disturbing to me. Please let someone who can do something about this know this. It has been going on for days and weeks.

Too many times per day to continually enter data on this site. ALL DAY LONG! Awful, disruptive, aggravating, unsettling.

Shaking our house, scaring our animals.

1:10pm Lopez Village. At the clinic, discussing things with Nurse and there is a loud jet roar that intrudes into our conversation. Very loud and very long.

Multiple fly overs beginning about 11am and continuing until now. All produced noise levels that disrupted activities inside, and are hurtful to your ears if you are outside.

Fly overs throughout the day. More muscle flexing just to let us know they still don't care.

As the aircraft approach the OLF from the south PLEASE try to make the initial pass over the water and NOT over the homes in Ledgewood.

I am so tired of spending evenings wearing protective headphones and unable to enjoy an evening at home.

Hideous jet noise repeatedly throughout the morning. The noise drowns out all meaningful noise in the environment. The noise is unhealthy for people, activating stress hormones. Also, wild animals rely on sound for many aspects of their existence.

S Lopez, 02/18/2020, Tue: 12:20pm (83.7 dec), 12:25pm (82.1 dec.) .

Loud enough to cause minor physical discomfort indoors with windows closed. Several times this morning so far.

Not a quiet day.

Roaring jets' noise obliterating all other sounds.

Jets still roaring. Hours and hours of roaring.

Too loud for too long.

"I love the sound of Freedom

Our Pilots need the very best training to do what we Americans want ....freedom !

I appreciate the bravery and unselfish work of our Armed Forces.

Roaring jets. The roaring hurts my inner ear even when the roaring is not deafening. The jet roaring is disruptive, unsettling and HORRIBLE.

9:37am. Huge and very prolonged rumble and vibrating jet roar. South Lopez. Feb18.

Another LOUD reminder of our inconsiderate neighbors to the south.

I have noise cancelling headphones on and a white noise machine. I can still hear and feel the rumble. This is bs, as usual . . .

Getting louder

11:20 Feb19. Roaring skies outside. I stepped outside for a moment to talk to someone and it felt like the earth was trembling. South Lopez.

Extra loud again today. Seems like everyday lately. Disrupted business meeting.

Feb19, 11:30am. Jet roaring overhead. Lopez. South end.

S Lopez, 02/19/2020, Wed: 11:30am - 8pm. One of those days of zero FCLP's at AULT. Lopez Island noise has been solid and loud. Decibel range is 65 - 92.8 decibels. A lot of this noise sounds like FCLP's. Horrible to live in a war training zone.

DREADFUL, ONGOING ROARING. Vibration enough that the house and windows shake. This level of noise is PAINFUL and UNHEALTHY.

#### SUPER LOUD AND RUMBLING

Non stop - take offs and landings. Crazy - they should put sound barriers up, inexpensive and practical

Noon. North of Lopez Village. Feb 18. Incredible ROAR. Very loud and jarring. It felt like the trees were rocking. Jet roar from Whidbey.

Interrupted concentration while working.

dba above 100. Unable to go outdoors.

louder rumbled, disrupted concentration on work.

Very loud Growler noise over MacKaye Harbor. It was intermittent all afternoon and disrupted activities and telephone conversations.

Trying to work. It's very difficult. So much for a peaceful island existence.

God, all day long, so far. Yesterday, too.

"WOW. Today is TERRIBLE. It's so incredibly loud, rumbling, vibrating... It just goes ON AND ON AND ON!

It NEVER used to be like this these growlers suck."

Very loud jet noise, Lopez Village. It fills the sky. Disappointing, for a place like Lopez to advertise itself as quiet, when it is clearly not quiet. The Navy is abusing this region.

One or two Growlers just complete 45 minutes of flyovers (about one every two minutes) at max of 100 dB inside and 110 dB outside. It is beautifully quiet now!

Not even Seatac is this bad. With a 2.77 trillion dollar budget maybe they could spend just a little on being good neighbors instead of treating us like the enemy?

North on Fisherman Bay Road, Lopez. Roaring and vibrating air and jet noise. Could not get away from it. It went on and on and on.

Today has been incredibly loud and disruptive. Things are shaking in the house.

2:10pm. Leaving the South End store. JOLTED by incredible roar and vibration from what clearly sounded like a growler taking off 15 miles away. Who thinks this is acceptable? Lopez.

2:17pm. Tremendous roar. I can hear the roar of the jet taking off from Whidbey. TOO LOUD.

2:23. South Lopez. Huge shuddering, house trembling Roar from Whidbey. Jet noise, taking off.

2:28pm. We are being consistently pounded by jet noise and vibrating wall of noise. One right after another. Oh! The lies that were told in the EIS. It is criminal.

2:30pm., South Lopez,. ANOTHER incredible jet roar that invades our home. Shaking our home.

Continuous noise and rumbling, cannot hear conversations in living room.

"WOW. THIS IS RIDICULOUS TODAY. I can't describe just how terrible the vibrations, rumbling, and disruptions. I do not live in a warzone but it sure feels like it.

**GROWLERS HAVE GOT TO GO."**

The abuse continues. The Navy says "We don't make any noise." HAH! Liars. The bombardment on the south end of Lopez continues. Are we at war? Huge vibrating roaring blasts from Whidbey. Feb 18. 2:34pm.

Why is it OK that Growler jet noise can come right into your own home? Why is it OK that wearing noise cancelling headphones in your own home - and even outside - is what you need to do to block out excessive jet noise? 2:51pm.

3:01pm. It sounds like we either (a) live next to a major railway with coal trains moving by every moment, or (b) our driveway is really I-5 during heavy traffic. The jets rolling around the skies today generate noise everywhere. This is Lopez?

3:07pm. South Lopez ANOTHER tidal wave of noise and vibration from Whidbey. Rockin' the house.

3:08pm. A moment ago I reported a rocking blast of noise from Whidbey. Now we are getting the noise of the jet as (I suspect) it is aloft. Very loud and jarring.

Growlers just finished another hour of low level flyovers -- about 1 to 2 every minute. Max dB of 100 inside house and 111 dB outside the house. It's a beautiful day and I should be outside enjoying it -- very sad.

LOUD, rumbling, booming jet noise vibrations hitting our home on Lopez all the way from Whidbey. Legislators: Is this what you think is right? The Growlers MUST GO. You have to realize that Growlers are too loud.

**HORRIBLE ROARING FOR HOURS AND HOURS.**

It is like LONG THUNDER right inside our home. The roaring from Whidbey as jets take off blasts RIGHT INTO OUR HOME. This is NOT RIGHT. Lopez Island.

ANOTHER rumble, following one a minute ago. Today is a DISASTER. Being in our home is like being in the middle of a war zone. Seen the movie 1917? Guess what, it must have been filmed here. Bombs blasting one after another. Lopez.

**STOP TORTURING LOPEZ ISLAND WITH YOUR HORRID ROARING JETS!! YOU CAUSE RINGING IN MY EARS AND SPLITTING HEADACHES!!! WE NEVER AGREED TO BE PART OF YOUR WAR GAMES!! YOU ARE DESTROYING OUR FREEDOM FROM TORTURE GET THE HELL OUT OF OUR SKIES NOW!!!**

Low rumble and vibration for most of the day. The dog is on edge....

All day. Every twenty minutes. I would have to stop what I'm doing every twenty minutes to report noise.

Really? All day long?

Feb 19, 3:30pm Big rumble and vibration.

Direct fly overs now. So much for trying to be outside. Eagles getting tired too

2/19/20. 3:59pm. ANOTHER roar and rumble of jet engine roaring from NASWI

**HIDEOUS NOISE, PAINFUL TO INNER EARS. HORRIBLE NOISE.**

4:24pm, TOO LOUD. The rumbling from jet take-offs is shaking our home and getting inside our heads!

This has been an all-day occurrence, probably every 15 minutes. It disrupted my concentration on work every time.

5:15. Huge rumbling roar just as I thought it had been quiet enough to take an early evening walk. So, I am not totally nuts yet. Why would I walk outside when there are deafening roars? Lopez: NOT QUIET.

5:19pm. Looks like there will be no peaceful dinner hour. This current jet blast - as I write - is jiggling the floor. And, of course it is followed by a jet roaring overhead. Blast after blast after blast.

All. Day. Long.

5:26. The jet rolling thunder keeps coming. House is vibrating. 5:26pm, Feb 18, A HORRIBLE NOISY DAY.

Noise seems like an all day event from growlers- too much.

Home from work run Mt Vernon and just getting my mail in "beautiful" Anacortes and it sounds like something horrible is happening to the south. The usual. US Navy battering the landscape, people and creatures. A daily occurrence.

5:39pm. The horrible day continues. Another thundering jet roar into our home. We may as well live at the end of the runway.

5:45p, Feb 19. rumble and vibration AGAIN.

GET THOSE DAMN JETS OUT OF LOPEZ ISLAND AIRSPACE!! WE NEVER AGREED TO BE PART OF YOUR WAR GAMES!! YOU ARE RUINING MY HEARING!! EVERY DAY THESE DAMN GROWLERS ROAR OVER LOPEZ I AM LEFT WITH RINGING EARS AND SPLITTING HEADACHES!! STOP TORTURING US NOW!!

5:46 Feb19. ANOTHER LOUD RUMBLING VIBRATING WALL OF JET NOISE.

Loud rumbles all evening, disruptive and causes anxiety.

Continued flyovers this afternoon. Inside for a meeting, Jet roars make it hard to focus on call. Loved the comment "what the heck was that" that my

friend was the sound of jets dumping more CO2 in the air while we try to deal with rising sea levels

It's been going all day. I spent my life savings to retire to this "peaceful place".

Periodic rumble for 15 minutes. Rattled windows and interrupted dinner.

All day long, continuing ROAR. UNBEARABLE!

Loud RUMBLE RUMBLE for hours!

We have been hearing the noise throughout the day today. Our animals are particularly sensitive as well.

Ongoing roaring, all afternoon. A visitor described the sensation in his chest as if his pacemaker was all out of sync. This noise is painful and extremely disturbing. The jet noise DESTROYS quality of life in the islands. The noise is inescapable.

All windows are closed and this is still interrupting my work.

Dinner hour from hell. This last session is extremely loud. The sound quality increases as temperatures cool. My poor husband is down trying to grill chicken with full industrial ear protection. Growlers are incompatible with civilian life.

Please make this stop!

loud though home from work through dinner

Few hours since I got home and the horrid thunder in the south continues without pause. Navy abuse of the landscape, people and wild creatures. Daily harm in western Washington. I cannot go to my bedroom, faces south and too disturbing.

There back and louder than ever -- Growlers have been right overhead for the past 1.5 hours, one flyover every one or two minutes! Inside dB readings over 100 and outside dB readings over 110. This is about three hours non-stop and continuing!

Knock it off. We're trying to put our kids to bed.

Still hearing these. Argggg.

As our household settles down for the night, instead of peace and quiet we hear repeated roaring and feel the unpleasant and unsettling vibration. The growlers are a menace to the whole Salish Sea area, disturbing and destroying all peace and quiet.

I've been hearing rumbles all day and only this evening found this webpage. Thank you

Seriously, KNOCK IT OFF. PEOPLE ARE TRYING TO SLEEP.

Outside my house the dBA was 115 dBA. Jet noise shook my house and the people in it to the core.

Some dick went full afterburner in the middle of the night

Woke the kids up that were already in bed. Direct fly over followed byrunup blasts What are they thinking at this time of night? This is Lopez Island, not Beirut.

Dinner with friends on the South end of Lopez, 6-9pm. Constantly interrupted by noisy booming from NASWI. Lots of roaring and vibrating feelings from what seems to be jets taking off. Very disruptive. Felt like there were bombings going on.

Loud roaring jet overhead. Mud Bay, Lopez. Feb 18, 9:03pm.

9:06pm. There is a lot of jet noise invading our home right now. As if jets are just flying around, circling the area. The noise is everywhere. South Lopez. Are we going to be able to sleep tonight????

Windows shaking. Wondering what kind of training this is.

After yesterday's dreadful day of almost continuous roaring that continued far into the evening, the growlers are roaring again this morning. **POLICY MAKERS: IT IS UNCONSCIONABLE TO ALLOW THIS SORT OF NOISE POLLUTION & DEGRADATION TO THE ENVIRONMENT.**

S Lopez, 02/20,2020, Thur: 8:44am - 11:40am , 3hours of steady Growler noise. Starts again from 6pm - 9:30pm - Again, no FCLP's scheduled - but sounds exactly like that.

Noise. No other word for it.

**GET YOUR DAMN JETS OUT OF LOPEZ ISLAND AIRSPACE AND OUT OF OUR LIVES!!! WE DON'T HAVE ANY WAY TO GET AWAY FROM YOUR DAMN WAR GAMES PRACTICE...WE NEVER AGREED TO BE PART OF THE NAVY!! OUR ISLAND IS NOT A NAVY BASE!!! STOP TREATING US AS INSECTS!!**

Another beautiful day, ruined by the incredibly loud and disruptive jet sounds. Terrible. I hate this so much.

Another day of this bothersome noise!

Windows are closed and low rumble is loud enough to interrupt my work.

The ongoing roaring is unbearable.

Still rumbling.

**LEAVE LOPEZ ISLAND ALONE!! WE ARE NOT YOUR OWN NAVY BASE!!! GET YOUR DAMN SCREAMING JETS OUT OF OUR SKIES!! YOU ARE TORTURING US ON THE GROUND WITH THIS HORRID NOISE POLLUTION!! STOP IT NOW!!**

**A loud, sustained rumble is more accurate than a low rumble.**

**GET YOUR DAMN GROWLER JETS OUT OF OUR SKIES OVER LOPEZ ISLAND!! WE NEVER AGREED TO HAVE YOU USE US LIKE PAWNS...DESTROYING OUR PEACE...MY EARS ARE RINGING AND I HAVE A SPLITTING HEADACHE FROM YOUR DAMN JETS!! LEAVE US IN PEACE!!! STOP FLYING OVER US!**

**loud and non stop Last night and now AGAIN!**

**It's so loud. Rumbling. All the time. This is horrific to listen to all the time when this should be a peaceful place to live.**

**There is no living with this pattern 14 and this many jets in a pattern, compounding the agony. No break in the painful decibel level. Yesterday was hell. Flying pattern 14 from 12:15 until 9 PM. Zero concern for the community**

**Rumble, vibration, disruption of activities! How can you get the baby out of the house, to the car, and into a baby car seat, when jets are overhead at 2 minute intervals at 110+ dBA? Answer, it's impossible.**

**"Growler jet noise does not allow us to access my property as usual and is an intentional infliction to cause emotional distress, causing physical harm to persons and having cause property damage.**

**After a day of roaring, the roaring continues into the evening. HORRIBLE ROARING.**

**Been hearing it most of the day again today, louder than it used to be.**

**Roaring all day again today. No peace.**

**GET YOUR DAMN ROARING JETS OUT OF OUR SKIES!! LEAVE LOPEZ ISLAND IN PEACE YOU JERKS!! DAY AND NIGHT I HAVE TO CONTEND WITH RINGING EARS AND SPLITTING HEADACHES FROM YOUR DAMN JETS!! WE NEVER AGREED TO BE YOUR WAR GAMES RANGE!!! STOP HURTING US NOW!!!**

**Little Kids are getting to bed ! Please stop the noise**

**And the jets roar on. All day. Practice, makes... NOISE. And more noise. Rattle, Rattle.**

**Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of the intentional infliction to harm, causing emotional & physical harm to persons and property damage. Please act responsibly**

**All the way up here in Anacortes, can tell there is hard flying down in Coupeville. Insane abuse. Of course there is some coming and going from Ault Field wrecking the peace as well.**

**Get the hell OUT IF OUR SKIES!! I HAVE HAD A MIGRAINE ALL DAY FROM YOUR DAMN JETS FLYING OVER LOPEZ...TWELVE FRIGGING HOURS!!! GET THOSE DAMN GROWLERS OUT IF OUR AIRSPACE NOW!!!**

**Continual flights for at least an hour heard from south of Port Townsend**

**Ears ringing and heart pounding from the screaming jets. Vacation basically ruined.**

**Get the HELL OUT OF LOPEZ ISLAND AIRSPACE!! IT IS 8:33PM AND YOU HAVE BEEN ROARING OVERHEAD FOR OVER TWELVE HOURS.. YOUR GROWLERS GIVE ME MIGRAINES...STOP ABUSING US HERE ON THE GROUND!!! WE ARE HUMAN BEINGS NOT PAWNS FOR YOUR WAR GAMES PRACTICE!!**

**Grinding low roaring making low vibrations - pounding the landscape far to the south. Flying in Coupeville, palpable and audible all the way up in Anacortes. Otherwise beautiful evening in western WA. No peace here.**

**Why is it soo loud at night when kids are going to bed? Make your noise during the day**

loud low rumble all evening

"Those beasts have been going all day. Give it a rest!

AAAAAAAAAAGHGHGHGHGHGHGHG!!

S Lopez, 02,21/2020, Fri: 9:03am - 10:29am - 66 - 72.6 decibels. Starts again at 11:25am - 11:45am

Why not practice over the desert

So, seriously, to report every incident I would have to set my life aside and run to my computer every ten minutes. Just assume that one report stands for an entire day (and lately, an entire evening!) of noise.

Another day of crazy loud and jet rumbling. Also, coast guard helicopter circling. What fun!

Day 4 of the war. Sea Lions, Eagles, Orcas, Puffins. And yes humans. All subject to distractions and health endangering noise. We are but what is considered acceptable collateral damage.

Jet roaring throughout the morning. The noise and vibration are strong enough that it feels as though the inside of my head is being rattled and shaken. HORRIBLE DREADFUL NOISE>

Today, even if the noise from the growlers is from time to time almost sub-audible, the effect and intensity of the vibration is terrible. Having been around sonic booms, this is comparable. The effect is terrible and harmful.

Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of intentional infliction to harm, causing emotional & physical stress to persons and property damage. Please act responsibly.

Also, 9:00am wake up as they sat in their hangers blasting their engines straight north to Rosario Beach for 3 - 5 minutes. Rattled Anderson's best "storm-watch" triple glazed windows.

Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of the intentional infliction to harm, causing emotional & physical distress to persons with property damage. Act responsibly!

We went for a pleasant walk on the beach with our dog and the constant rumbling of the growlers was disturbing and disruptive of the natural surroundings.

My disabled daughter can't even get any sleep.

The Growler noise has been terrible and constant today. It was quieter for a few days and I felt human again. Now it is every few minutes and the torture has returned.

Every night for hours! For the love of God, please reduce your training times. Or take out to sea - or over eastern Washington. Can't be that far in a jet

Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of the intentional infliction to harm, causing emotional & physical distress to persons with property damage. Act responsibly!

when approaching from the south please make the initial pass over the water and not over the homes in Ledgewood.

Why are these planes flying over the kids getting off the bus? Can't you schedule for a break while they are coming home? These poor kids

Roar and rumble, calm winds, and low cloud ceiling have created a compounded, extra-intense noise pollution problem throughout the entire afternoon.

S Lopez, 02/24/2020, Mon: 7Pm - 75 decibels

Some peace during the day today but extremely loud flyovers tonight.

Almost 8pm and time for awful roaring to the south. Polluting the night sky- routinely harming residents of western WA.

up to 74 db inside office, windows closed 55-65+ rolling for over 1.5 minutes just with this one episode. bad noise pollution, makes working difficult.

Oak Harbor

S Lopez, 02/25/2020, Tue: 9:45am (61.7 dec), 10:59am (75 - 80 dec).

It's actually both growlers and the other kind of jet, whatever it is. The growler's been rumbling non-stop for the past ten minutes.

Just woke up the baby. Again. Third time this morning.

This went on for over hour. Multiple aircraft approx 10a -12p

Roaring, shaking, vibrating, devastating noise that overwhelms ALL other sound. The noise and vibration from the growlers causes physical pain, it's like being shaken hard and prolonged. It is painful to inner ear, and is painful to heart. HORRIBLE.

The noise and vibration are unbearable. The whole house, everything in it is shaking. Is unconscionable to allow this sort of noise devastation. This is

extreme pollution, destroying the acoustic environment. Current scientific studies confirm this.

GET YOUR DAMN GROWLER JETS OUT OF LOPEZ ISLAND SKIES!!! WE NEVER AGREED TO BE PART OF YOUR NAVY BASE! LOUD JETS rattle anything loose in my house,&SET MY EARS RINGING!! YOU TORTURE U.S. CITIZENS!!! LEAVE US WITH OUR PEACE AND HEARING INTACT!!

So it's one of those days, huh? Just all day long.

Getting worse. One after another, each louder than the last.

How about a day of rest?

Jesus. Seriously, all day.

Seems like these things are thundering over us all the time now. Unacceptable.

Stomach and head vibrating. Hard to concentrate. Getting pretty nasty here.

S Lopez, 25 Feb 2020, Tue: 1:43pm - 3:42pm. Growler noise started today at 9:45am - almost 6 hours of noise and they are not done!

With white noise and headphones. I'm so tired of this!

At least because of the clouds, its not as bothersome, though there are some pretty long and disturbing rumbles today.

My god, stop already. You're taking a beautiful place and making it ugly, in the service of war, another ugly thing. Stop. It's been hours of it now. People won't stand for it, no matter who you are.

Loud noise all day. My floor is vibrating.

Aircraft are close interval and very loud. Unable to go outside. Trapped in my home.

Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of the intentional infliction to harm, causing emotional & physical distress to persons with property damage. STOP!

Horrible roaring and shaking. HORRIBLE NOISE.

"S Lopez, 25 Feb 2020, Tue: 4pm - 5:30pm 88.1 decibels at 5:30pm - overflight

Growler noise started today at 9:45am and ended at 8:45pm totaling about 11 hours of Growler noise today - not steady noise - but an exhausting day."

Sinister roaring in the background for the last 1 hour plus disturbing work and thinking in medical clinic. Can feel the building rumble. What a crappy place to live and work when the Navy is practicing war over our heads.

Piano lessons in my home cancelled due to Navy jet noise.

WOW. REALLY LOUD AND LONG VIBRATIONS.

One Growler every minute overhead at 100+ dB (measured inside house) now for the past three hours, and no end in sight! Good thing I don't have to go outside right now -- that's 110+ dB. There was now notice of this training this week.

All day, over and over.

Over 4 1/2 hours of continuous jet flyovers since 1:45 pm reaching 96 db inside our home. Repeat of occurrence on 2/19 from 12:45-9 pm. Flights occurring when children need to walk from bus stop.

Roar and intense vibration AGAIN ALL DAY today. Also some percussions from the straits, like underwater explosions.

DISRUPTED CONCENTRATION

Hey, it's getting evening time around here. How about a little quiet?

The house is shaking! Are they trying to kill us?

disrupted concentration

disrupted concentration

Horrible roaring from the south, deep vibrations to that side of my house. Too unpleasant to go to my own bedroom. Will have to hide in the basement until they eventually hang it up for the night. Abuse from the Navy- nightly.

Trying to watch tv. Can you turn down the noise?

really unhappy with this.

Extremely loud roaring in early evening. Roaring and shaking continuing now into the evening. This noise is disturbing, unsettling, painful and horrible.

Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of the intentional infliction to harm, causing emotional & physical distress to persons with property damage. Stop! Stop!

Just ended three and a half hours of Growler fly-overs at OLF -- one flight every minute with maximum 100+ dB inside home (110+ dB outside). That makes a total of six hours of deafening noise today. Sent another fat check to COER!!

No sleep yet- still bursts of awful vibrating roaring of navy F-18s. Horrid noise pollution. Anacortes near the ferry terminal. Awful in ways the Prowlers never were.

Awoken this morning by the rumble of a jet.

**Terrifyingly loud!**

**2 growlers going south - south/east back to base.**

**S Lopez, 26 Feb 2020, Wed: 1:45pm 75 decibels - jarring**

**S Lopez, 26 Feb 2020, Wed: 5pm - 5:15pm Solid noise 75 - 80 decibels ,

**Growler jet noise does not allow us to access my property; imprisons us inside our house: abridges our freedom as a result of flagrant intentional infliction to harm, causing emotional & physical distress to persons with property damage. STOP! STOP!**

**Noise is penetrating my house.**

**I live in Port Townsend and hope you will ignore the complainers re noise. Many many salute you and the training!!!**

**Creepy thunder from far to the south. Navy is pummeling people down south- in humane. Even audible and disturbing this far North.**

**Growler jet noise does not allow us to access my property; imprisons us inside our house; abridges our freedom as a result of flagrant intentional inflictions to harm, causing emotional & physical distress to persons & with property damage. STOP IT!**

**They've also got a large jet liner touching down & up at Ault Field tonight.**

**Woken from dead sleep- Navy, shredding the skies and harming civilian citizens nightly.**

**3rd time tonight woken up by Navy F-18s. Quality sleep is needed for good health.**

**S. Lopez, 27 Feb 2020, Thur: 9:03am - 10:07am 60 - 72 decibels Will we live long enough that once again we can enjoy the natural sounds of water,**

**wind and birds? Or will our region to be polluted with noise and jet exhaust far into the future?**

**Practice over the desert!**

**Roaring roaring roaring. Also last night, past bedtime. Insanity to allow this noise pollution.**

**Working outside & distracted by low loud Growler over North Lopez! I can still hear it 3 minutes later!**

**"Noise all morning...woke me.**

**Noise continues early afternoon."**

**Jet flew lower than usual and seemed to circle the area...sound coming from different directions. Loud**

**S Lopez, 27 Feb 2020, Thur: 1:18pm, 1:22pm, 1:32pm 68.8 - 76.4 decibels**

**Flying way out of their Deception Pass Border that they printed back in the 80's.**

**Unable to go outdoors, noise is too painfully loud.**

**Location \*\*\*\*Coupeville WA. Decibel X app reported 105.8 db in the second story of my house. Jets still roaring loudly at 2:57 as teens are let off and are walking from school bus stop.**

**If you want them as they fly over, while I am home and my computer is on, I am glad to let you know about the fly overs, etc.**

**Intermittent awful racket all day today- loud tinny to thundrous roars for minutes at a time 50s-60s-70 db inside. It is the stuff of headaches. Terrible environment in which to work and try to concentrate. Medical office in Oak Harbor**

Thought/concentration wrecking noise has been ongoing all day. Very difficult to work and take care of patients in this environment. Would make sense if we were in a war zone, but... Belongs far from civilians. Oak Harbor

S Lopez, 27 Feb 2020, Thur: 5pm, 5:05pm, 6:45pm, 75 decibels

Growler jet noise allows us no access my property; imprisons us inside our house; abridges our freedom as a result of flagrant intentional infliction to harm, causing emotional & physical distress to persons & with property damage. STOP Flying Here!

Crazy . The jets are back. Again directly over Lopez. No need to be here. Cell service is iffy as is, so what good does electromagnetic warfare unleashed on Lopezians achieve?

Woke me up!

S Lopez, 28 Feb 2020, Fri: 7:15am (70 dec), 7:20am (67.8 dec), 7:30am (75 dec), It is SO irritating to be awakened by Growlers at 7:15am. We are forced to live on Navy time. More ROARS at 12 noon, 1:40 pm and finally quiet at 3pm.

Woke me even more. Planes usually don't fly till after 8.

Thought I'd take a nice walk with my 8 month old and my dog. Nope. Twenty minutes at least, probably 30, jets screaming nonstop overhead.

Wow, you guys are just getting worse and worse. More screaming jets. Aren't you at least capable of spreading things out, taking other humans into consideration?

Disrupted my sleep. I am a recovering cancer patient.

Disruptive loud noise caused our ewes to stampede during lambing season. Upset chickens and geese. Caused long delay in a work telephone call. Noise lasted for several minutes.

For the past hour several fly overs by that were loud enough to disrupt outside activities.

What is the strategic advantage of flying over Lopez. Directly over head! Several jets

Another loud fly by. Many today! What's happening?

NOISY LOW GROWLERS OVER LOPEZ VILLAGE ALL MORNING! Sounds like we're at Deception Pass!

Horrendous noise for last 2 hours - at least 10 flights over my house. Stupid jets - and pilots. Ridiculous incursion of our environmental rights, horrible noise pollution!

It sounds like they are revving up their motors in a hanger, with the engines pointing straight at us! We heard this earlier today about 07:25am too.

Another loud jet just flew over...very loud

Fly overs all day. Welcome to the war zone of Western Washington!!

Vibration. Terror.

really disturbing, quiet for some hours then so many one right after the other. terrible
