

# Quietskies

## Over San Juan County

**Update: August 1, 2016**

### **GREETINGS:**

#### **SCHEDULE:**

The growler training schedule SHOWS NO FIELD CARRIER LANDING PRACTICE or CONTROLLED CARRIER APPROACH for August 1 - 5. As we all know, this does not mean zero noise. Ault Field is a 24 hour/day airport.

TRAINING SCHEDULES are sent out from NASWI every Thursday for the following week. They will be posted on the Quiet Skies website on Thursdays - if our illustrious web master is available! [www.quietskies.info](http://www.quietskies.info) This means I WILL NOT be sending weekly emails.

#### **THANKS TO EVERYONE USING THE COUNTY NOISE REPORTING WEBSITE.**

[sjcgis.org/aircraft-noise-reporting](http://sjcgis.org/aircraft-noise-reporting) We now have roughly 5,100 noise reports on file. You can view the data and the comments (minus names) on the Quiet Skies website. The data and graphs are updated and sent to our legislators monthly.

#### **HOPE!?**

One of our tech inclined San Juan County residents sent this link regarding noise canceling technology. Three cheers! I know that my BOSE noise canceling head phones keep me semi-sane when the Growlers are blasting us.

#### **NOISE REPORTS**

Please continue to enter noise reports on the San Juan County Noise reporting site. [sjcgis.org/aircraft-noise-reporting/](http://sjcgis.org/aircraft-noise-reporting/)

Many thanks,  
cynthia

Thanks to all for working to reclaim our Quiet Skies.
