

Jet Noise Generated by Naval Air Station Whidbey Island

Report: March, April, May 2025

How Loud Can They Get?

How Low Can They Go?

Noise reports include the following:

Growler 70' above house. 106 dB. Wow.....another ASSAULT on US citizens

95dba

92dba

94db

89dba

90dba

Growlers flying less than 85' above house. dB over 100

I live next door to the High School in Anacortes and registered 98db on my Sound Level Meter on this pass over my house.

89dba

91db

Altimeter 29.55'

I am terrified a growler is going to hit my house!!!! STOP!

My good god!! We were just overflown by two Growlers, literally directly over our home, flying at less than 1000 feet. The windows shook. Shocking!!

Did you know that the typical decibel (dB) of a power mower is 96 dB; a motorcycle at 25 ft is 90 dB. Do you want that noise inside your home?

Since 2015 jet noise reports are submitted by residents of the Salish Sea region and Olympic Peninsula, using the San Juan County Aircraft Noise Reporting Website. This document provides data broken out by reports generated inside San Juan County and outside.

Beginning on page 11 please read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

INSIDE THIS REPORT:

- Reports by Location
- Reports by Type of Noise
- Reports by Time of Day
- Reports by Day
- Map of Report Locations
- Comments submitted with each report, revealing human impacts

Understanding This Report

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. This has enabled reports from the wider region.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Jet Noise Reports March, April, May, 2025

Type of Jet Noise
March, April, May, 2025
Inside San Juan County

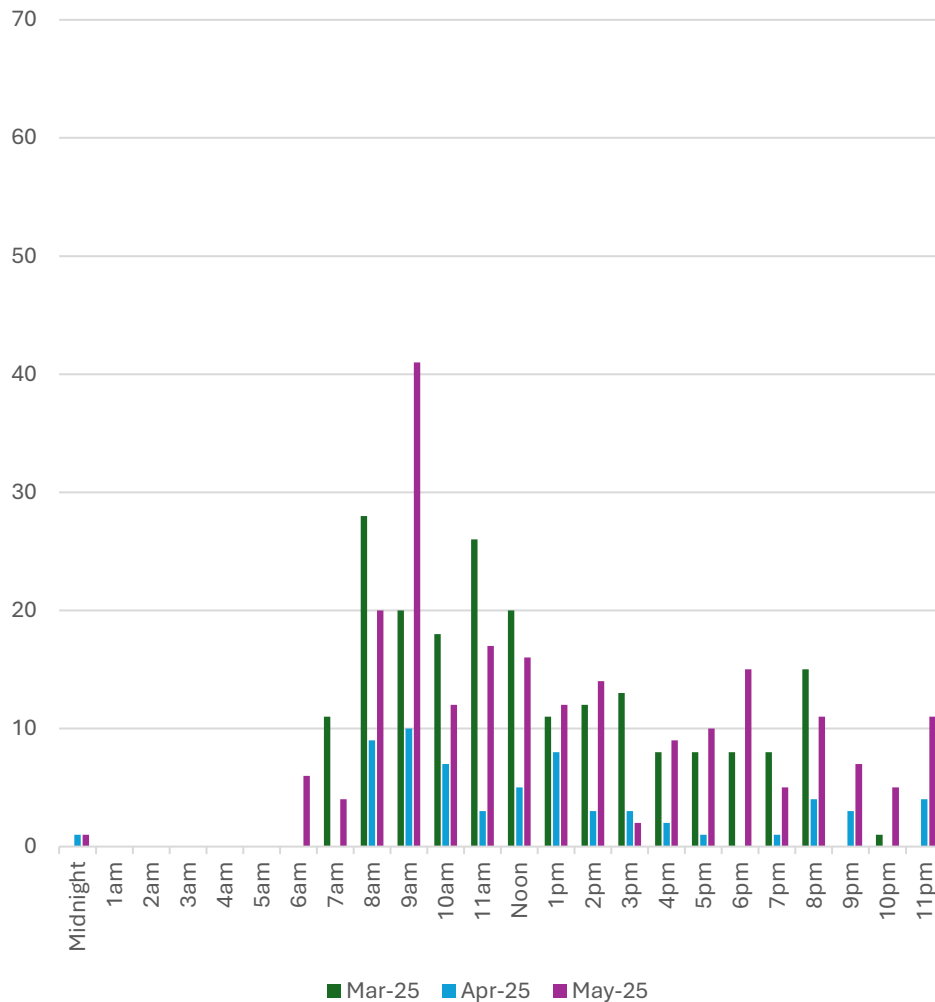

Type of Jet Noise
March, April, May, 2025
Outside San Juan County

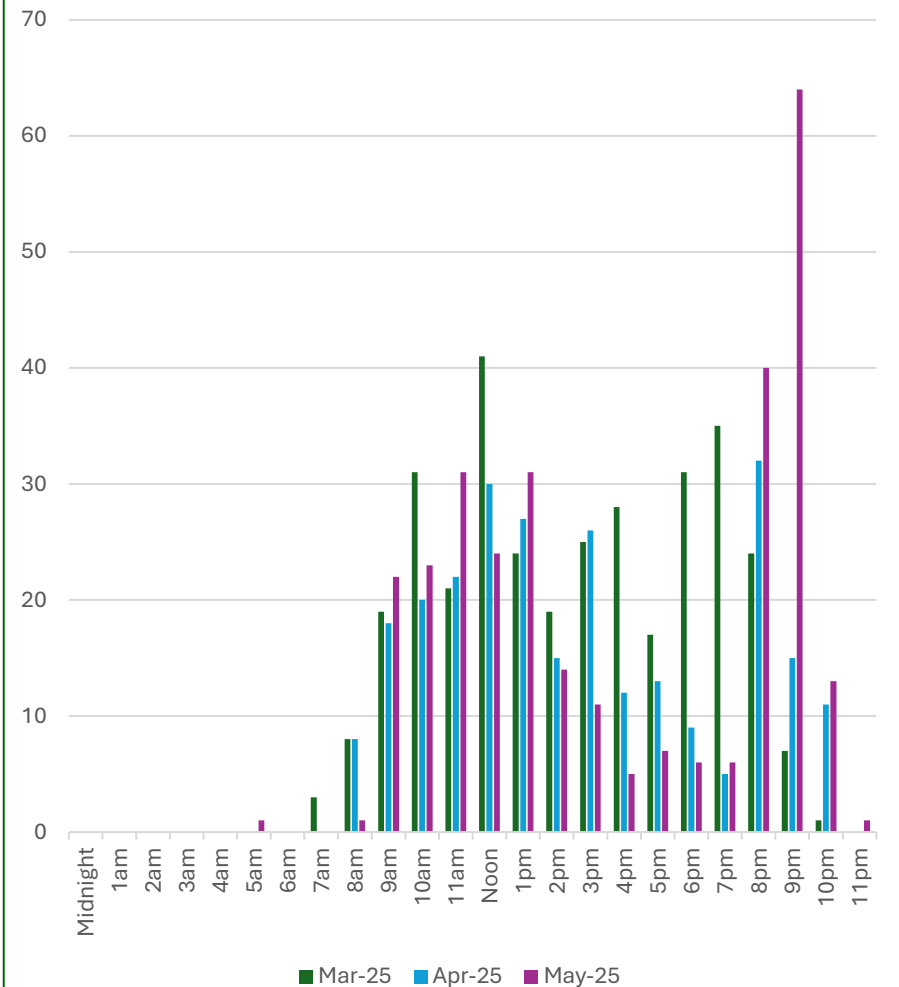

Note the variation in noise experienced by location and compared by month. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no “average” noise felt by residents in this region. The noise is variable and unpredictable.

Jet Noise Reports by Time of Day March, April, May **Inside** San Juan County

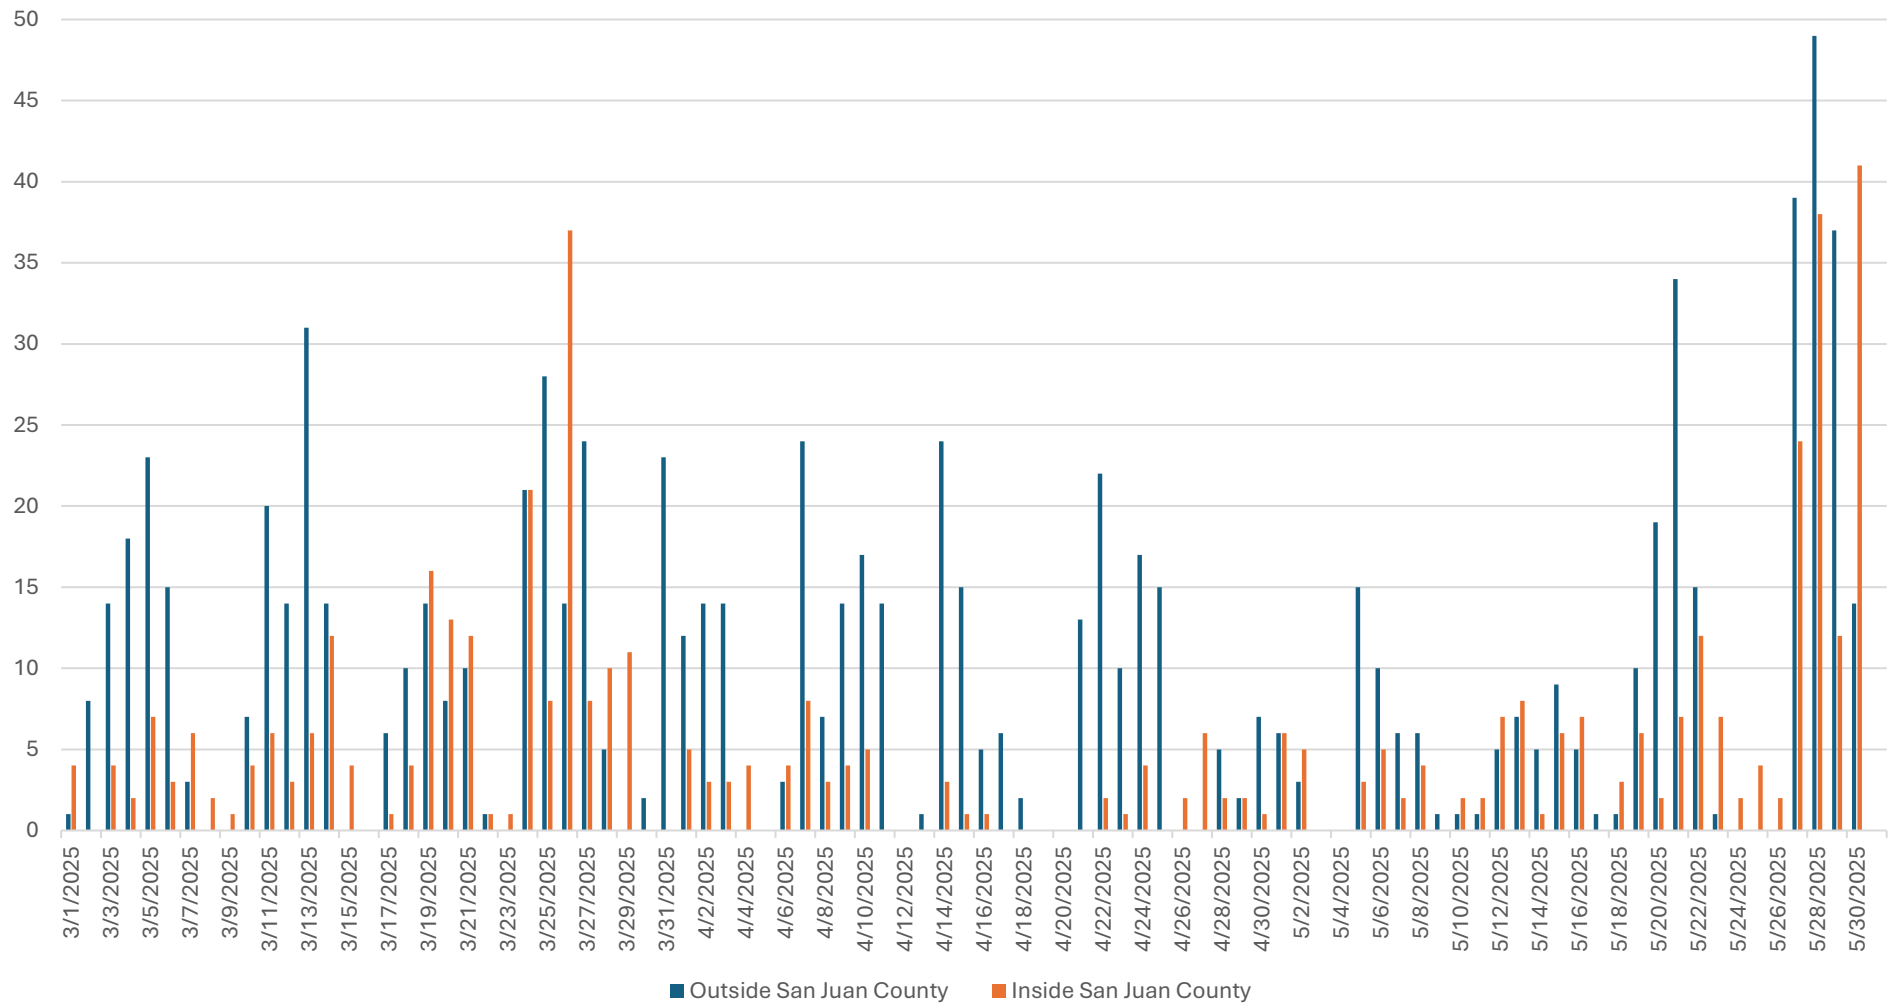

Jet Noise Reports by Time of Day March, April, May, 2025 **Outside** San Juan County

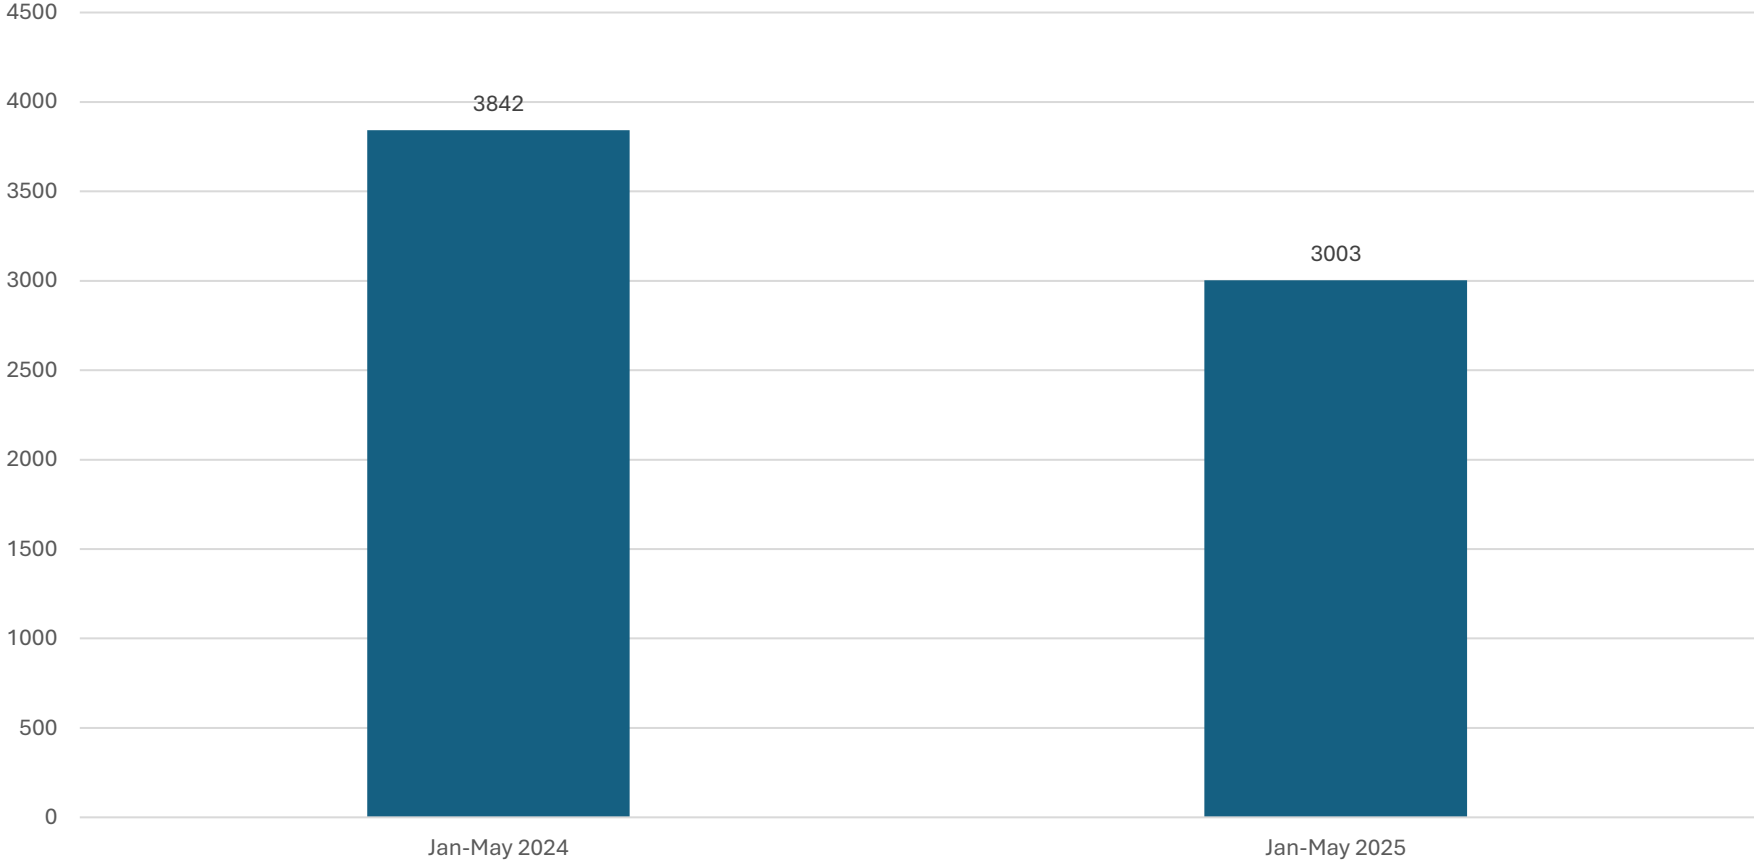

Note the variation in noise experienced by location and time of day. The Navy persists in using "annual noise averaging," significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

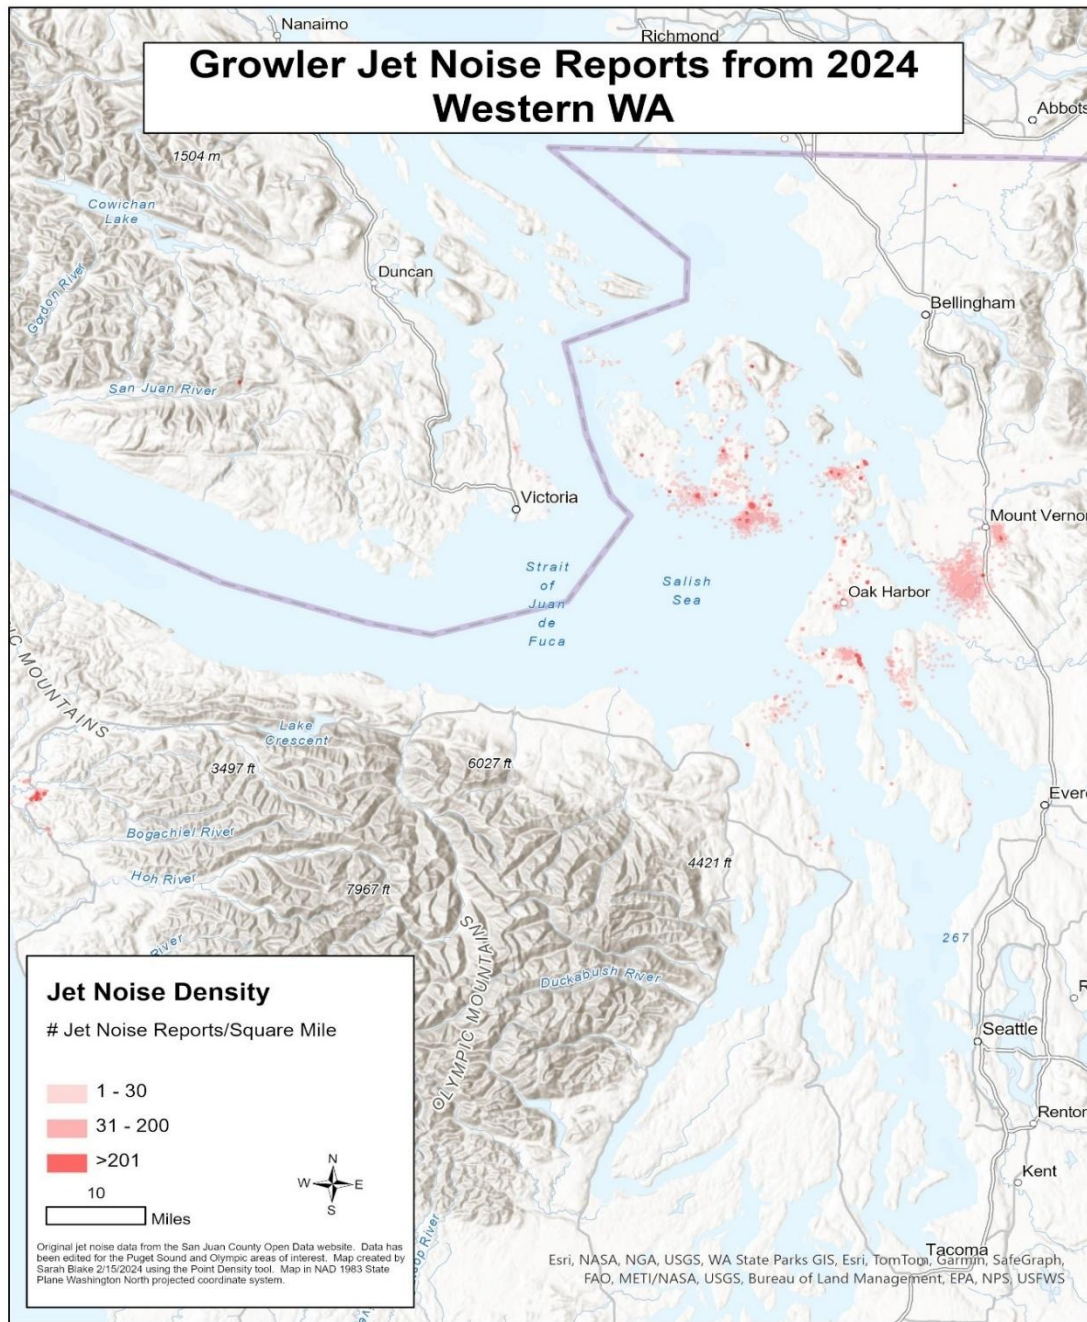

Jet Noise by Day of the Month March, April, May, 2025

Note the variation in noise experienced by location and day. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

**Comparing Jet Noise Reports
First Five Months, 2024, 2025**

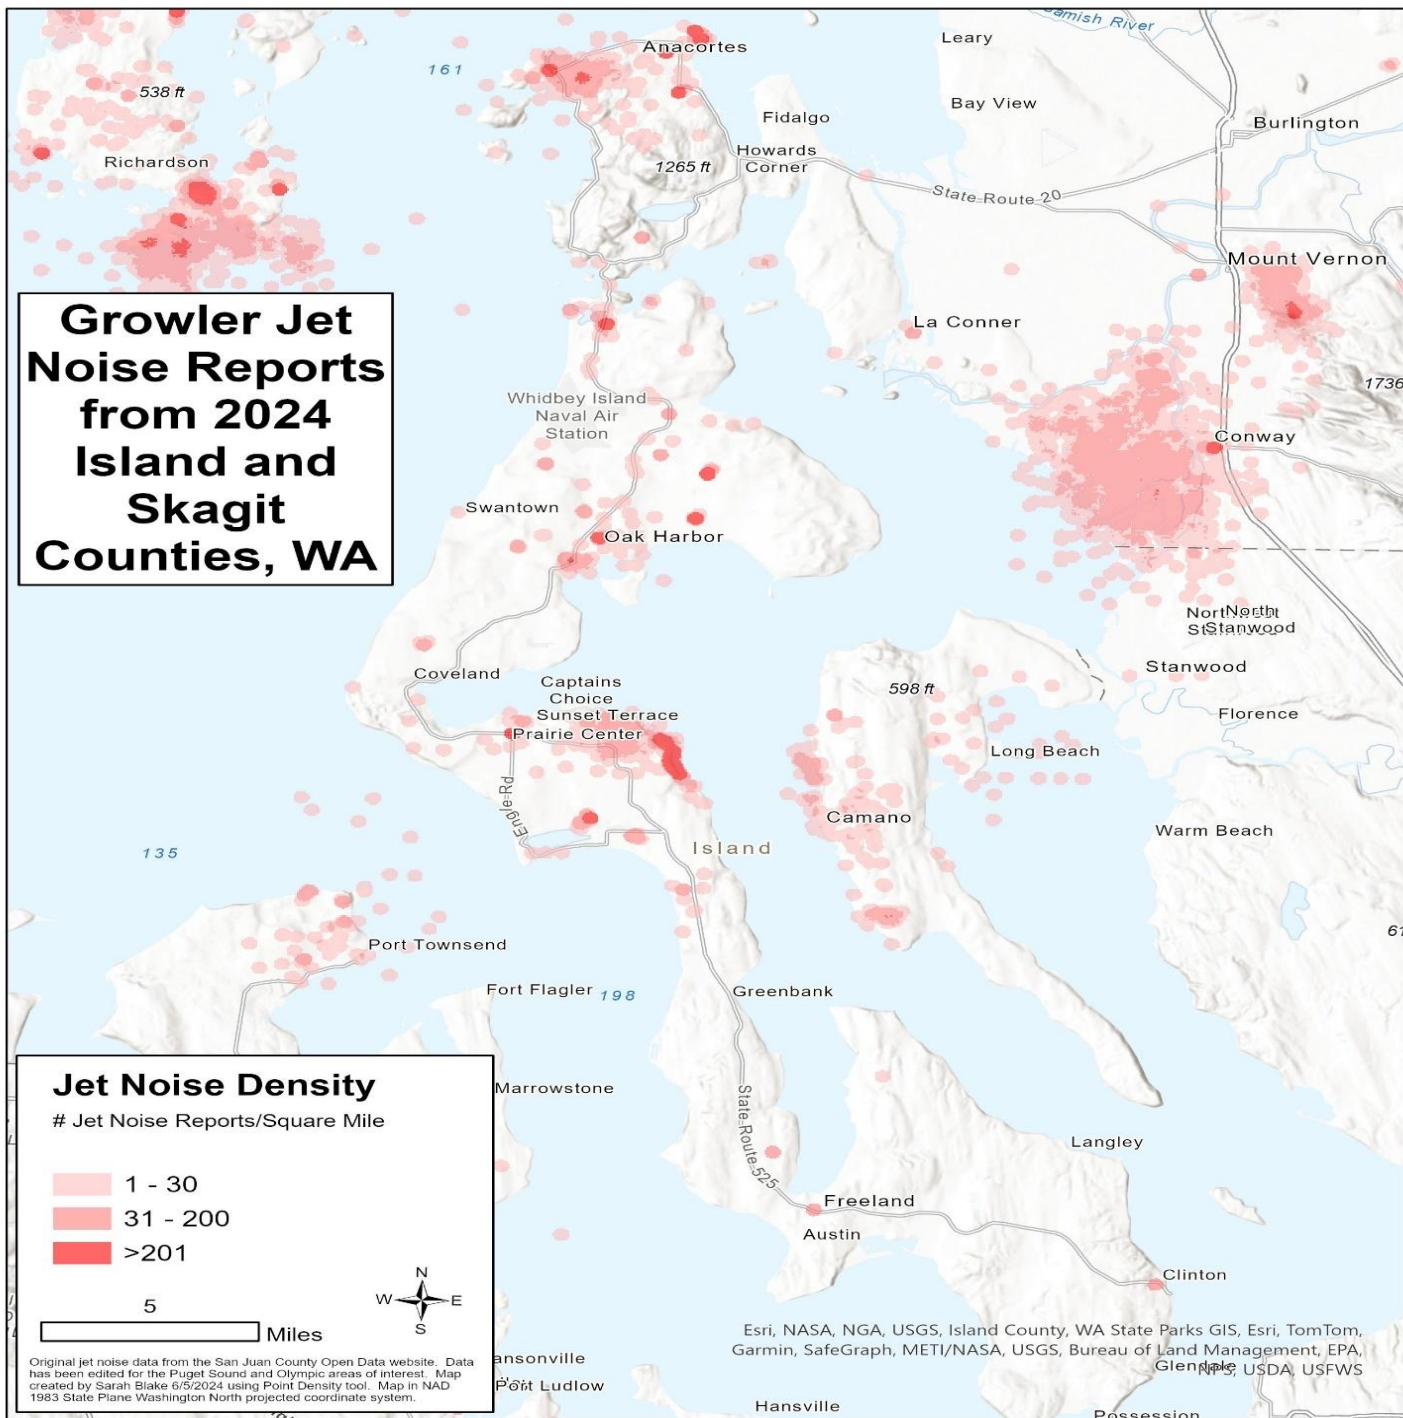

Compiled annually and referred to as a “density map”, this picture, using 9,787 noise reports submitted by users in 2024, offers a view of noise reports in the region.

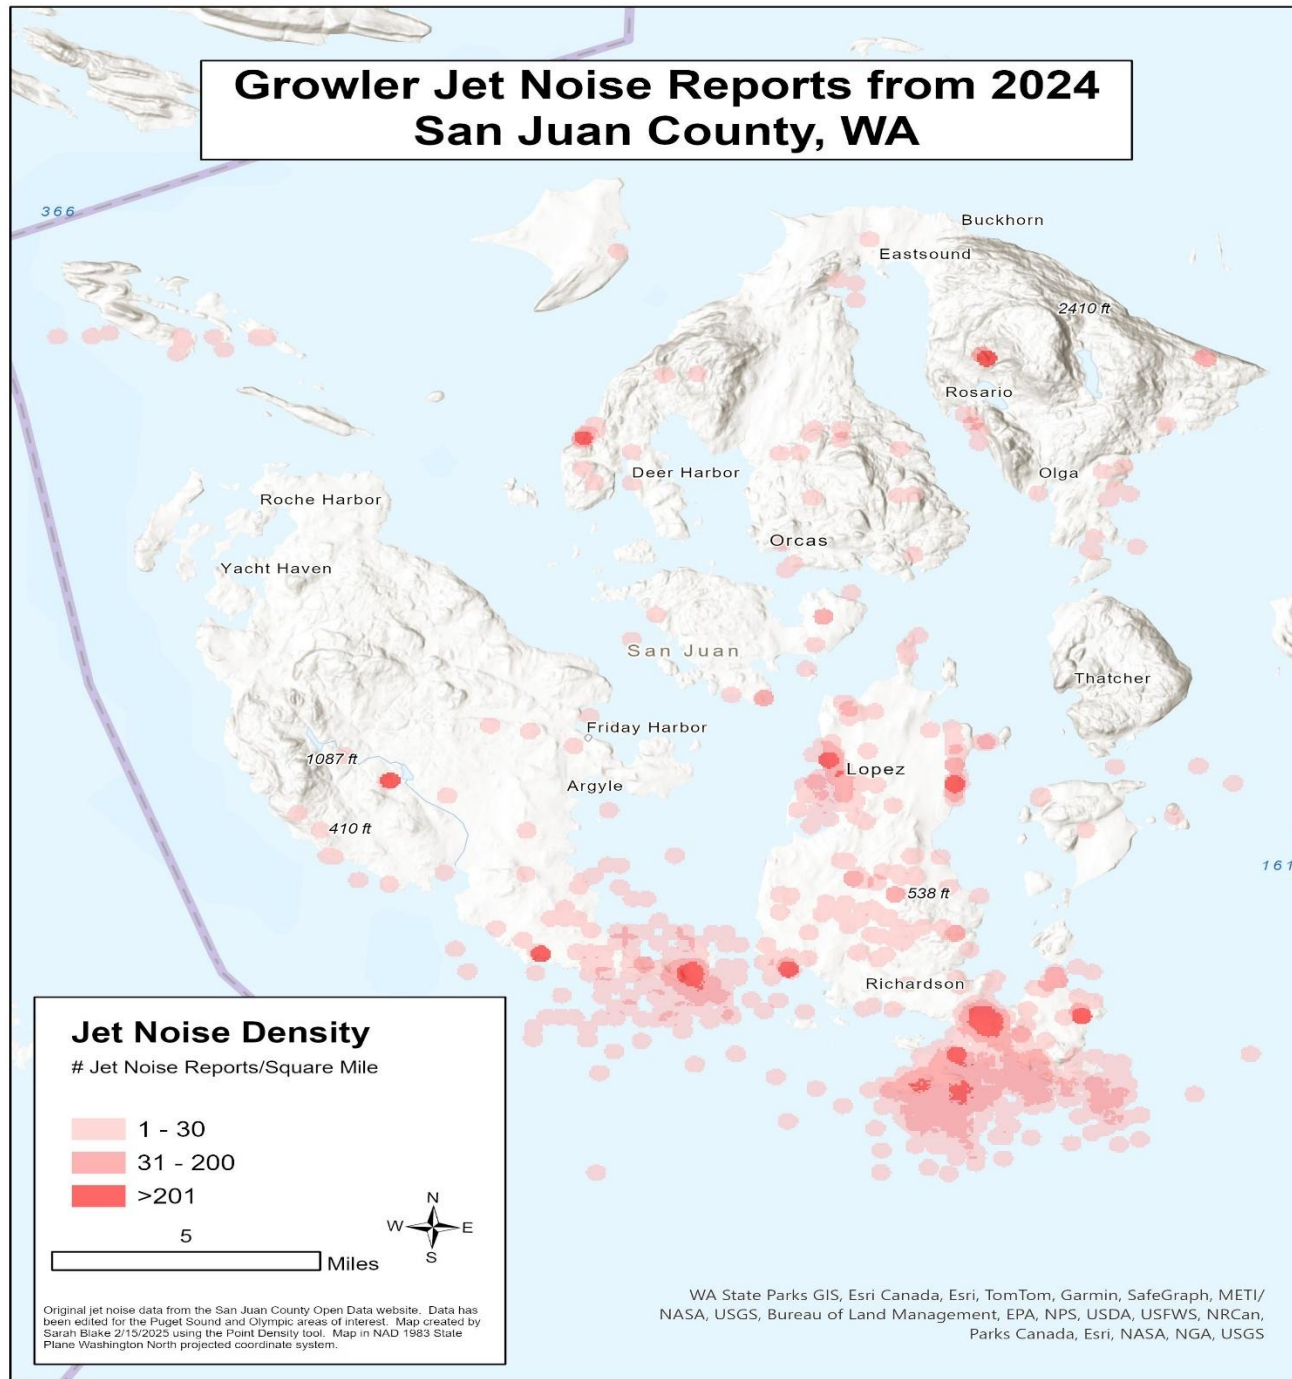

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson** counties.

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of Island and Skagit Counties and San Juan County. These maps are reduced to fit the page.

Growler Jet Noise Reports from 2024 San Juan County, WA

Comments Submitted with March, April and May, 2025 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 96 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

It is painful to be outside. I just came in because there was a terrible roaring growler over South Lopez. I am tired of trying to work through the noise. JUST TOO LOUD. 11:26am, May 30.

We have had flights on the hour every hour. This particular one woke my children from their naps it was so loud. The dog ran to the closet to cower.

"Growlers flying less than 85' above house. dB over 100

I have a recording of jet noise on this date and time. Lasted 3 min. How are kids supposed to focus in school with this ripping the sky open with its noise? Kids covering ears and distraction.

"I am terrified a growler is going to hit my house!!!! STOP!

89dba

95dba

For the last 45 minutes, the Mt. Vernon area has been tormented by extremely loud Navy jets. I'm wearing earplugs indoors and it's STILL LOUD. Either these jets shouldn't be here or the Navy needs to pay relocation costs for destroying this area.

Inside the auditorium of RAC [Rainforest Arts Center], the noise overpowers the speaker. Much too loud. How is jet noise impacting

wildlife communication in search for food and protect from hazards?

Jets flew most of the weeks, loud and long, but the worst was Thursday AM, two Growlers wing to wing well below 500 feet over our house, flying east, an overwhelming and sustained blast of jet noise directly over our house on Fidalgo Island.

3 growlers in formation roaring low over Aleck Bay on Lopez. WHY?

94db

Navy terrorists are out torturing Mt. Vernon. Extremely loud followed by long, angry rumbling. Take this crap to the desert where it belongs (and where they KNOW they COULD be if they'd stop lying about it!)

Engine run-up shaking the house south Lopez

Proceeded to fly in circles doing maneuvers for over a half an hour. So loud we had to cover our children's ears and our dog ran with its tail between its legs. Disrupted our peace. We have this happen daily in the Methow Valley.

Altimeter 29.55'

Growlers looping doing landing practice all evening.

Continuing to fly straight over my house, I live on a bluff hundred foot feet over my three-story house won't answer phone calls investigate I've been calling for five years

Are you f***ing kidding me!!! It's almost 10:00 pm!!

Extremely loud disrupting activities Im in pour health

Flying straight over our homes and Latin off the afterburners. I heard that was against the law but they've been doing it for over five years. I can't hardly breathe. having to mold in our home which the growlers so that it flooded our home

Growlers overflying low

Flights over Stanwood so loud conversations in buildings stopped. They are everywhere. Nowhere to escape this war on us.

I have a severe sinus infection and not feeling good. Obviously NASWI Growler jets are an abusive stressor that makes me feel much worse. NASWI STOP DESTROYING THE ENVIRONMENT AND IMPACTING PEOPLE'S HEALTH!

Roaring low over south Lopez

Super loud, interrupting a work meeting, sounds like it's right over my home

Constant extreme Growler noise going on over Camano. Very disturbing.

Density Altitude: -1000'

F***ing STOP!!!!!!

Growlers circling and overflying for hours now! How late does this continue?

I know one hit the mountains a couple months ago!!!"

Navy scumbags are at it again. I'd mention it's over Mt. Vernon, but it doesn't matter. The noise carries far enough, they could be anywhere in the county.

Since dusk

STOP!! It's making me sick!!! My blood pressure is going way up!! my house is losing all value! The commander and chief is an idiot!!!

Constant roar from take offs

"Contacting government!

I'm terrified your aircraft is going to hit my house!!!"

"Excuse me!!

Am I paying for this noise? On top of my taxes? Plus military bulls***!"

Government abuse! My lawyer will be contacting you

"Honestly!

I'd figure out how to not pull this s***!"

I am now only posting zip code. I feel after posting location they are now flying low and over house on purpose. I'm on Camano and not in flight path but this is the 3rd flight low and over my house today. It's recorded.

I'd check if I were you!

I'm rich!! And you f***ers have devalued my property

Low over south Lopez

My good god!! We were just overflown by two Growlers, literally directly over our home, flying at less than 1000 feet. The windows shook. Shocking!!

NASWI STOP DESTROYING DINNER and totally of this beautiful environment near Copeville OLF!

Roaring over south Lopez

"Seriously??

Do you know how much it costs to live in PORT TOWNSEND!

F*** you!!"

This is just government abuse!!!!

This really needs to stop

thunderously loud flights overhead, please stop the auditory attacks on your own people and environment

Very loud and sudden. Did not show up on flight tracker

"You mother f***ers!!!

This commander and chief is a piece of s***!!!

You hit my house ! Like you did the mountains a month ago! We are going to have a problem!!!!!!!!!"

Deafening

Growler 70' above house. 106 dB. Wow.....another ASSAULT on US citizens. ...

What does USN gain from these assaults on American citizens, harming children, pets , the elderly? US Naval Command.....cowards."

Growlers overflying at very low altitude w/ maximum exhaust noise.

Growlers overflying our neighborhood at low altitudes

The incompetent Navy is making this a typically horrible Thursday.

Growlers circling making roaring exhaust noise. Shockingly loud!

Time may be off by a couple of minutes.

I heard another one about 10 minutes ago as well.

Flights over pre school to start the day. Kids distracted by noise

Low over south Lopez

Growlers overflying at low altitude.

Growlers overflying at low altitude.

Home Connections and Hand to Hand Schools !!

USN command: Hey, it's past 10 pm Let the growlers fly, the new pilots need to assault the young children, the elderly, no sleep tonight.!

Very loud

With grossly misplaced intentions, NASWI continues to destroy the environment in the Coupeville OLF area under delusional demented thinking that they are protecting us. One can call this an intention to cause emotional harm and trauma.

Roaring low over south Lopez

The persistent extremely loud noise from the Navy jets is really sucking today. I've had to keep my earplugs in for most of the last four hours. The painful levels of noise hit so fast, there's no time to react.

Crazy loud!!! Right by hospital. That's just wrong !!!

Direct flights across lopez

Experiment confirmed. Reported yesterday. Next day low flights, multiple jets as to prove a pony. This has been a repeated pattern after reporting jets. Again, over a school on Camano, not their flight pattern.

Extremely loud group of growlers flying overhead

"Extremely loud military Jet Noise overhead all day today

I would have to call every 15 minutes"

F***ING STOP!!!

Growlers been flying over my home for two days. I'm sick with a terrible headache and upset stomach and ears been ringing

Growlers conducting landing drills causing extreme noise and disturbing activities.

Growlers making life hell below

Growlers overflying low above homes.

I don't know how long I can take this. I want a happy life I call them and report them. They've never called back five years we've been going through this my neighbors have either died or moved I just want my life back.

I feeling extremely anxious!! One of your jets hit the mountains here recently!

I'm feeling unsafe! And threatened! By this noise!

It is dinner time. NASWI has violated our trust that they know what is the right thing to do. They continue to demonstrate their incompetence thinking that destroying one's dinner is the right thing to do. THEY DO NOT CARE ABOUT PEOPLE!

Multiple Growlers circling, making it extremely uncomfortable

NASWI continues to inflict emotional distress and harm with its noise and spectrum of toxins. It is totally ridiculous to believe that they are protecting us. It is all intentional.

Roaring low over south Lopez

Screaming jets overhead right over the house! WT HECK?! Any thoughts you may have had GONE. Its affecting my ability to focus and blood pressure. duh. This is bad for all living things. Again, duh.

Severe jet noise. Kids can not focus on homework. We have ear canceling headphones in and it does not make a difference. This is Hell so loud that I can't watch tv

Unable to carry on a conversation. Unable to hear the television.

Way too loud for residential area

Annoyingly frequent extremely loud Navy flights over the Mt. Vernon area today. Just another painful day in Skagit.

Growlers overflying creating excessive, sustained exhaust noise.

Just constant debilitating noise all day. Trapped indoors with earplugs. The Navy are scum.

There have been others over the last couple of days that I haven't been able to document.

"flying all day .

was outside and simply deafening"

Multiple Growlers conducting landing drills.

NASWI continues to destroy the environment with its noise and its toxic cancerous exhaust microparticulates. Underlying this is an authoritarian consciousness that will unabated destroy the Salish Sea Puget Sound region.

Three of us were outside; Growler passed overhead. Clearly visible. Covered our ears--loud and painful. Impossible to carry on a conversation. Lasted longer than usual as it was not a straight flight path--sideways curved "U" shaped.

At a public meeting at the school, impossible to hear anyone speak as the Growlers flew low overhead.

Endless Growler flights overhead

Extremely loud and disruptive flight overhead. Save money, save the environment, save our hearing and stop flying this engine setup over populations you aren't trying to kill.

Growlers landing practice so loud I was forced to move indoors to complete a phone call.

I tried to take nap but the Growler jets started to fly that made it impossible. I have a sinus infection and prostate cancer which make me feel tired. As for the cancer it may be caused by the Growler jet's microparticulates since I don't smoke.

My son can't go to sleep and is scared

So low you could hear the whine of the engines.

There was a community meeting at the Lopez School and the presentation was disrupted as the audience (in the Multipurpose Room) couldn't hear what was being said over the loud noise from the Growlers! This affected around 45 people in the room.

Wednesday evening in Anacortes near the ferry terminal. Anything but peaceful- creepy, horrid deep rumbling roaring penetrating sounds. Unnatural. Disturbing like an earthquake. Can't go to sleep and need to get up early.

Super loud and right over the hospital!!!!!!

EXTREMELY LOUD GROWLERS OVERHEAD ALL NIGHT!!!!!! The last ones were LOW it sounds like THEY ARE GOING TO CRASH! 🌟 🙄

Extremely loud I thought it was thunder!

EXTREMELY low flying growlers woke up my kid who was TERRIFIED.

Flying around for the last eight minutes. UGH!

Got caught walking back from the mailbox without ear plugs. Ear splitting!!

I can't express just how much I hate the Navy right now.

Low flying growler aircraft disrupting our evening

Multiple Low flying growler aircraft. Today has been like living in a war zone.

One hellishly continuously loud noise most likely from Growler jets which is very disturbing for a residential community.

So extremely loud, likely multiple Growlers, SO late at night. And on a work/school night!!

The wind is blowing and the jets growling.

Trying to put the kids to bed and the military is training over our home. This is very unpleasant and dangerous.

very loud and consistent, too loud to converse or communicate

Very loud over Pt. Coleville, Lopez Island

Again!

And again!

Booooooooooooo, sounds like shots fired above the house

Growler overflying

Growlers overflying at low altitude and MAXIMUM exhaust noise!

"Had to plug my ears!

Jets roaring overhead through the morning. Terrible noise

Just saying, can't have a conversation

Last minute reschedule. Wasn't supposed to run today. Barely got home from my morning walk in time. And, I'm pretty sure they aren't sticking

to their flight path... at least, not the one that the navy published.
They're right over my house.

Multiple low flying growler aircraft, some with gear down disturbing my morning

On top of us super disruptive, loud, sounds like its right over my house

Let the war games begin! Another morning of Growler jet flyovers begins with the Navy's 737 command flyover

65.dB

Been frequently happening in the late evening the last week or so
brutally loud flight overhead, why do you hate all your citizens?

Colville point - 98261

Extremely loud, Multiple low flying growler aircraft disrupting my evening

It's like a war zone on Lopez Island. One after another Growler aircraft disrupting our evening and passing near our house at low altitude.

It's almost 9 pm on a school night and the kids are in bed. This is not appropriate behavior. Please be a better neighbor or go practice somewhere else.

Jets flying much, much lower than usual above Anacortes, up and down over Guemes Channel. Every few minutes. Please go back to usual elevations.

Multiple low flying growler aircraft disrupting my day

P8 flying in circles very loud

VERY LOUD LOW GROWLER OVERHEAD!

92dba

"disruptively loud flights overhead, will the navy pay for soundproofing our homes if you keep the acoustic assaults up?

Growlers flying at this hour? We'd like to sleep!

Thanks for spoiling the first nice weather day we've had in a while, you inhumane scum

Another loud and threatening roar and vibration. Actually felt more like

an earthquake. Everything felt vibrating. South Lopez.

Big thunderous roar from NASWI. Lopez.

Cape St Mary area, SE Lopez Island. I had to stop something important and plug my ears as I worry about hearing loss from this extremely loud noise.

Incredible jet roar overhead. The roar is echoing around. Keeps going. S Lopez.

Lopez Village. The skies are filled with Growler jet noise. March 26.

March 26. HUGE, DEEP, LONG rumbling vibrating roar from NASWI.

March 26. S Lopez. ANOTHER rumbling vibrating roar from Ault Field. This has been a very long day with this noise. The house seems to rattle.

Noise at this hour, over the pristine West End, means it'll be a poor day for being in the Hoh, parks, or beaches, with the Navy polluting the air.

S. Lopez. ANOTHER HUGE GROWLER ROAR. Ongoing. March 26.

South Lopez. Very loud and annoying rumbling and vibrating noise from Whidbey 3/36

South Lopez. But can hear all the way to north Lopez

Southend, Lopez. Huge blasting roar from Whidbey. I was startled, thought something was wrong with the washing machine since the floor was vibrating. Then I heard the noise and knew it was a \$%^&^\$# Growler taking off. Noisy and disturbing today.

That's not thunder. That's the effect of a Growler taking off from Ault Field, blasting vibrating jet noise at South Lopez. The vibrations are awful to feel.

This was the second one that flew over. Very low and loud. I had to cover my ears. It hurt.

Was just outside for a minute. Don't want to be out there because of the jet noise. My ears felt the blasting vibration of the growler jet, either taking off or engine run up. Whatever it is, my eardrums feel it. S Lopez.

Again. Loud jet roaring noise from activity at Ault Field. It is thunder all day. S. Lopez

Another extremely loud domestic terrorism attack from the Navy on Skagit citizens.

Insufferable, incompetent, lazy navy scum out torturing Skagit area right now. Get out in the desert where you belong!

More jet rumbling from Ault Field. S. Lopez.

Out on the porch chatting with neighbors. Jet roaring in the skies. A very unpleasant sensation. I never know when a screaming Growler will zoom over our home. South Lopez.

Shaking windows now

Sounds like a god damned war zone out there right now. Or a volcano is erupting.

Very loud jet noise here on South Lopez. Activity at Ault Field carries right over here.

Flying east northeast over the Cape Saint Mary area of Southeast Lopez Island, Washington.

f***ers are right over my house

Lopez Village. Loud Growler noise roiling around in the skies.

March 28 morning. Rumbling Growler roaring already from Ault Field. S Lopez.

No where to escape. They are everywhere.

Singing a song to myself about how much I hate the Navy commanders. But I can't hear myself over the extreme noise created by the jets that shouldn't be flying here.

This one really roared!!!

Wishing nothing but the worst on the Navy commanders, in return for them doing nothing but the worst to us. This has been a really awful week in the Mt. Vernon area.

How can we listen to the President's speech when the planes are flying over!

Sunday Sunday 🙄

All last week and so far this week, a stream of low overflights that stop anything that requires we pay attention - reading, writing, music, conversation, a movie or television show, and of course any phone call. Completely intrusive, ear-splitting!

Extremely loud Growler leaving Oak Harbor, headed into the Olympics
If it can be heard over my earplugs and weedeater, it's too loud.

92dba

Navy's out terrorizing Mt. Vernon. Extremely loud flyover.

Roaring low over south Lopez

SE Lopez Is.Cape St Mary.

What is going on? These jets are rattling the entire house. Utterly ridiculous this is permitted to go on.

Beyond extremely loud. Had ear protection and still extremely loud.

Extremely loud and low

Growler after Growler after Growler

OMFG ALL FRICKING DAY THESE ASSWIPES HAVE BEEN NONSTOP
CIRCLING RIGHT FRICKING OVERHEAD. I HATE THESE FRICKING JETS, I
HATE THE PILOTS, I HATE THE NAVY.,

89dba

90dba

Community center , Pool and elementary school !

Engine run up rumbling over Aleck Bay on Lopez

Extremely large growlers transiting area. This is one of many times throughout the day.

Obvious vibration of my body and have to cover my ears while Jets are rumbling on the airfield.

Very loud and disruptive. My dog is frightened by thunder, and this has my dog terrified the whole time they're flying. It also takes away from the enjoyment of going outside in the yard or going hiking. So much for listening to nature.

Extremely loud and disruptive flight overhead, it's a Sunday! WTF

Sunday early evening, watching a movie at home navy jets overflew and I could not hear anything from the program in my own home in Anacortes for at least 60 seconds. Windows closed, Sunday evening. Unconscionable

Weekdays all last week. Periods of time of overly loud flights. Fortunately it wasn't all day

92dba

95db

Brutally loud flights overhead. Please stop the madness.

Every few minutes there is a metallic shrieking then deep thunder for minutes in my civilian, residential neighborhood, Monday evening, Anacortes near the ferry terminal. US navy practicing war over our homes.

I live next door to the High School in Anacortes and registered 98db on my Sound Level Meter on this pass over my house.

I was with my pet at the veterinary clinic in Anacortes, right in town when a jet flew over and it was loud enough to scare all the animals in the clinic. Horrible. Afternoon.

Monday afternoon near the ferry terminal in Anacortes and so far a few nearby overflights- so loud I could not hear a thing in my own home for minutes at a time. Abusive behavior from the US navy. The usual

Roaring low South Lopez

"sharp and thundery sounds all day. Always worse on overcast days

Sounded like it was over our heads

The Jets have been flying over all day and this is the first chance I've had to report the disturbing sound. It's loud and vibrating.

91db

After a day filled with thundering and sometimes screaming warplanes heard in Anacortes- 9:20 pm and the creepy rumbling thunder is cranking up again- welling up from the South. Not conducive to peaceful healthy sleep. Navy abuse.

After an entire day marred by navy war practice- it's 10:30 pm and there is still sinister deep thunder waxing and waning, deeply disturbing sounds in a way no commercial jet is. Anacortes near the ferry terminal, This should be our space.

IT'S PAST 10PM AND 4 OR 5 OF THESE ASSHAT PILOTS JUST WENT ROARING PAST SUPER LOW TO THE GROUND.

Low over South Lopez

Peace wrecking thunder- so unlike (and vastly worse) than commercial aviation noise, just coming in near constant waves- all morning and into the afternoon. Anacortes near the ferry on a Tuesday. Making it hard to concentrate at home.

2 more louder than F***ING F*** a****les just burst my eardrums AGAIN. F*** THESE A****LES. F*** THE NAVY.

92dba

AND HERE ARE THREE FLYING A****LES YET A F***ING GAIN AT 9:50PM. MAYBE THESE IDIOTS SHOULD GET REAL JOBS INSTEAD OF PLAYING WITH THEIR WAR TOYS AND TORTURING ACTUAL REAL PEOPLE WITH REAL LIVES.

"AND HERE THEY ARE AGAIN. LESS THAN 5 MINUTES AFTER THE LAST FLYING A****LES.

I HATE THESE MORONS SO MUCH."

ARE THESE THE SAME TWO A****LES CIRCLING RIGHT F***ING OVERHEAD OVER AND OVER AND OVER AGAIN OR IS IT MULTIPLE FLYING A****LES? F*** THESE PILOTS, F*** THESE JETS, F*** THE NAVY, F*** ALL THE MILITARY

Close to 10 pm and there is still very creepy threatening low thunder coming and going in Anacortes near the ferry terminal. War sounds and deep vibrating thunder that penetrates the body. This belongs far from civilians.

Growlers overflying at low altitude and lighting afterburners to maximize noise.

holy f***ing s***. WHEN ARE THESE A****LES GOING TO FINISH

omfg i hate these a****les so much. they fly so low and are soooo
insanely loud that it feels like an ice pick stabbing through one ear and
out the other. the floor vibrates. the windows rattle. instant headache.
f***. these.pilots/jets/all the navy

Roaring low over South Lopez

Several loud passes that started about 9 AM. Ongoing now, several
occurrences today. Way too loud

Deep long rumble of jet noise from Whidbey. S Lopez.

Extremely loud disruptive flights overhead, I can't hear much besides
the fighter noise inside my own house, when does the Navy stop
attacking your own citizens? Or when do you pay for noise mitigation?

Flights starting now that the comment due date has passed.

It's late Monday night and regular sleep time

Just had multiple flights right over our house for about 20 minutes with
a max decibel reading at 102 and sustained readings above 80. This is
right next door to the High School in. Anacortes and very close to
multiple other schools.

Low over south Lopez

Multiple low flying growler aircraft, extremely loud and impacting my
walking and camping experience. Sounds like a war zone.

NASWI needs to be mindful that they are disturbing the peace and
causing an ecological disaster by flying near OLF Coupeville with the
Growler jet noise and carcinogenic microparticulates.

Such a nice quiet evening in Anacortes, the sound of cricket in the air
until 9pm, when one needs to relax into sleep soon and the wrecking
sinister thunder begins. Unlike any passenger jet- so so much worse.
Navy civilian abuse.

75dba

Almost 9pm on a Thursday in Anacortes near the ferry and time to rest.
Windows open for peace and it begins- such deep deep rumble, that the
body can feel, like a far way avalanche or earthquake. It's in human
DNA to find such sensations disturbing

and here they are yet again, the flying a****les breaking the law asnd

thumbing their noses at all sense of community and being the
overbearing bullies that we've all come to expect from military
a****les. what is wrong with these people?

I feel the floor shaking inside my house because of energy from the
warplanes practice over Whidbey. Radiates all the way to Anacortes,
near the ferry. Deep low waves of roaring warplanes on a Thursday. So
very disturbing.

In additional to the "normal" excessively loud flights, there have been
some painfully loud flights over Mt. Vernon area this week. Tuesday
night, Wednesday morning, and just now (Thursday morning).
Inconsiderate Navy pilots.

OMFG LESS THAN 12 HOURS SINCE THE LAST BARRAGE OF FLYING
A****LES! WHEN ARE THESE F***ING A****LES GOING TO F***ING
STOP? I F***ING HATE THEM SO F***ING MUCH!!!! NAVY A****LES,
TYPICAL MILITARY THINKING THEY CAN DO WHATEVER THEY WANT

Out to get my mail and it sounds like the world is ending to the south-
deep roar-rumble in great waves, continuous waxing waning from
Whidbey. Heard and perceptibly shaking the ground even when not “
loud”. Anacortes near the ferry. Horrid

"Yep. USN Command....send the growlers up after 9 p.m. Wake the kids
and seniors.

Real courage up there."

89dba

"93dba

F*** the Navy.

WHAT IS WITH THESE A****LES? EVERY F***ING DAY FOR THE LAST
WEEK. SO F***ING SICK OF THESE NAVY IDIOTS RUINING THE QUALITY
OF LIFE FOR THE REST OF US. I WORK REMOTELY AND AM
PERMANENTLY LEAVING WHIDBEY THIS MONTH, MOSTLY DUE TO
THESE NAVY A****LES.

Horrible loud overflights- beginning just as I want to go to sleep. Low
shaking thunder before this. Such violent sounds do not belong over
civilians for hours on end. Very unhealthy. Anacortes, near the ferry
terminal. Monday 8:30 pm.

"3 growlers flying roughly North to south.

Excruciatingly loud. Seriously painfully loud."

These jets are loud.

Two planes again - VERY annoyin

Very loud disruptive flight overhead why do you attack your own people with sound

"87.3 dB.....

.is that really necessary while the kids are going to sleep and the elderly are trying to enjoy their evening sunset and their peace and quiet???

Don't expect the USN to realize the harm they are causing.!,!
Still....there "

Great! You got it up to 88.1 dB. Apparently, your pilots have no children or grandparents losing their hearing as proven by indisputable evidence of science.

89dba

House rattling loud.. I don't mind the noise during the day but 10pm is unnecessary..

Painfully loud

The biggest bully on earth

Deafening noise as 2 jets do a circle over the top of Camano Hill and head back to Whidbey Island.

it's 10:15 at night. four a****les just flew super low right overhead. why do these idiots decide to fly 100 feet of the ground late at night? i hate them so f***ing much. i am sick and tired of these idiots.

Loud flight overhead why do you?

Elementary school

Growler overflight

85dba inside

Brutally loud flight overhead.

Community pool , Senior center , Elementary school

Fly overs are loud but at least they aren't relentlessly persistent. Birds etc use sound to locate food - surely the jets have a negative effect Are jets interfering with Orca feeding??

Growlers overflying low and loud!

Navy scum are out terrorizing the Mt. Vernon / Skagit area this lovely afternoon. Criminal levels of sonic weaponry, but no accountability.

Not giving location since I have been targeted for fly overs after reporting.

Windjammer park oak harbor ! They are flying over the city !

79 dba inside

Disruptive to business communication

Horrendously too loud! The birds are going crazy from the noise, and it disrupts activities. I wonder how many carcinogenic micoparticulates are released into the air that we breathe here on the ground?

I hear the Navy is doing some repairs on one of their runways. I hope they ... destroy the whole base. Some unnecessarily excessive noise is flying over the Mt. Vernon area right now. Painfully loud, even indoors.

Multiple flights overhead, disrupting calls and ability to communicate impacting safety

Screaming low over south Lopez

Impacts ability to work safely

Impossible to conduct business calls

Time may be off by a couple of minutes.

WTF, brutally loud flight overhead why do you hate your own people so much, why do we pay to be tortured by the noise? Can you pay for noise abatement for everyone on the sound.

extremely loud flight overhead, I can't hear a call I'm on in my house.. wtf..

Evil looking black helicopter that looks like Cobra Lots of disturbing noise

This was just rattling our windows. It is over close to 15miles away from the Whidbey Is Naval Station. Time for the SEIS to done correctly.

80dba inside

Cape Saint Mary SE end of Lopez.

Woke my sleeping baby up and made him cry.

The time is approximate.

Navy is out terrorizing the Mt. Vernon area again. Incredibly loud outside.

Right overhead, full afterburners. Sad.

Another extremely loud flyover of Mt. Vernon. It's painfully loud and the noise goes on for minutes. The Navy's "models" are all lies and they know it. Cowards.

Extremely LOW LOUD GROWLER speeding by in the sky making NOISE that frightens birds, animals, and sweet children playing outside on a sunny day. A reminder of the horrible war in Ukraine and the genocide in Gaza. No longer the sound of FREEDOM!

For over an hour there has been a jet flying over every six or seven minutes, muting every other noise with each deafening route overhead. What on earth is driving our country to need to be this fixated on a military presence of this magnitude.

I hope all the Navy jets fall off the USS Truman! Meanwhile, they're still up there doing unbelievably loud attacks on Mt. Vernon

Navy jets terrorizing Mt. Vernon right now. But I suppose terrorizing the populace is what the US Government is all about these days.

Middle school in town

WTF !! A Growler just EXPLODED into earsplitting jet wash directly over head at low altitude...

2 growlers heading roughly ne to sw

Another roaring and screaming growler over Hunter Bay, Lopez. Why are you flying over Lopez?

More roaring Growler over South end of Lopez. 5:26pm, May 12.

Roaring Growler overhead. May 12. South Lopez.

Very loud and deep jet noise in the skies, South Lopez.

Not over head tonight

Extremely loud military aircraft flying overhead

Very large, loud military aircraft landing at our local airport extremely loud

One Growler after another passing low overhead. I estimate seven or eight passes in the past 20 minutes, with what sounds like more Growlers in the vicinity ... YES! Another is immediately overhead now!

Growler noisy over South Lopez.

Growler roaring noise over South Lopez.

LOUD!!

The Navy scum have been quiet most of the week. Maybe they didn't want an angry mob commenting on their lies in the impact study until after the May 13 deadline. Anyway, they're back out there tormenting Skagit again.

Excessively loud, swooping, screaming. growler. Why flying over Lopez? Hunter Bay.

May 12. LOUD Growler over Mud Bay, Lopez. Disrupted my train of thought.

87 dBoutside chores off limits for citizens of San Juan Islands. Great Job USN Command!

Flying very low.

GROWLERS flying on the weekends now! Saturday they were flying, but off to the north. Today (SUNDAY), they're making repeated low and LOUD overflights of west Camano.

Just constant, disrupt sleep, very irritating during the day seems like you could give people a break,

Constant Growler jet exhaust noise hour after hour. Miserable

Nonstop Growler noise since early evening continuing past 2200 hours with no sign of end soon!! This is wrong.

Raising my blood pressure. Very stressful.

Constant circling Growlers for hours! Just want a peaceful sleep.

Continuos loud stressful noise disrupting ability to sleep again! Yesterday was the same & I didnt complain.

"deafeningly loud flight overhead, save money stop the madness of the environmental and personal damage of these flights over populations you don't want to kill

Low over south Lopez

My 6 year old grandson asked me to report the jet noise because he can't sleep. It's a school night and nearing 10pm. This is not right. We are on Camano.

One cannot eat their dinners or hear a TV Pogrom which is brought to us by NASWI's unconsciousness for any thing living.

S Lopez. 8:24pm May 20. Scared the daylights out of me. Out of the quiet of the evening, getting ready for bed due to an early morning ferry, a sudden scream and roaring of a Growler. Sounded like it would skim over our roof. Now I am all tensed up.

"These growlers are way too close to my house!

I'm scared they are going to crash into my neighborhood!

Many planes have gone down! STOP!"

Excessively loud and repeatedly occurring over the last couple hours. I stepped outside briefly but came back in almost immediately due to the noise and associated anxiety I and my pets experience from the growler noise.

How is this even legal??????

"Jeezus!!!!!!!!!!

Way to loud!!!"

Low over south Lopez

"My god!!!

This sounds like an explosion!! WTF!"

"Roaring low south Lopez

5 time today"

The noise is loud enough to disrupt sleep and started late in the evening.

Trying to have coffee with a friend, inside a building as a flight goes over. Feel the vibration under our feet.

"You better pray one of these jets don't hit my house!!!! Way too close!!

And I literally just crawled in bed! And now this!!! F***!"

89db"

5/22 11:27am LOUD ROARING in the sky from growler activity. Thunderous. S Lopez.

ANOTHER Growler roaring over South Lopez. 5/22 9:52am

Extremely loud growlers flying over the streets, one of coupeville area, making life miserable here in Port Townsend

Extremely too loud Growler jet noise, where one should not be outside. NASWI is utterly lacking the consciousness that anyone or living thing exists within the range of this noise level and the spectrum of other toxins, e.g., microparticles.

Just had to curtail outside field gardening. Excruciating noise intolerable. Observed off-course LOW flyover go over our house up the hill. Compounded noise by so many in pattern 32. Inhumane!

Loud Growler over S Lopez.

LOUD GROWLER ROARING around South Lopez again. 5/22 11:06. NOT A PEACEFUL DAY DOING GARDEN WORK.

LOUD LOUD LOUD Growler roaring over South Lopez. Long roaring. 5/22 9:43am

Painfully loud right over the top of me working outside, you can feel it as well as hear it. It's just over and over like they enjoy messing with people

"SCREAMING GROWLER OVER SOUTH LOPEZ. Here it comes. Now a deep deep roar.

blocks out all other sounds. 5/22/25. 11:40am"

SCREAMING GROWLER over South Lopez. LONG following roar. 5/22 9:56am Why are they flying over Lopez?

"Two extremely loud growlers at 1000 feet headed back to Oak Harbor This is so f***ed up"

Was supposed to be hosting a meeting to setup a compute cluster, but I

had to ask them to reschedule because I can't hear a god damned thing with all the Navy jet noise over Mt. Vernon. It's been going on for half an hour.

Flyover southend Lopez

Growler roaring over South Lopez. 9:57am. May 30. Horribly loud.

Hard to concentrate on work given the many loud jet noises

"Jet engine testing

Lots of loud loud loud noise from Whidbey"

May 30, 10:24. I relieve my anger by speaking out. This morning we have had growler jets roaring over Lopez. Why? Why are they flying over Lopez? The noise is incredible and threatening. Unlike a commercial jet the roar goes on and on and on.

More blasts and I am not reporting all of them

All day we have had Growlers roaring over us. No particular pattern, maybe 5 minutes apart, maybe 45 minutes apart. Aggravating, because I don't want to head outside and then be blasted. When growlers are roaring over, the noise can hurt. S Lopez.

ANOTHER #\$\$%^&^%\$#Growler roaring overhead. South Lopez. As I said earlier, why risk taking a walk outside when it is so likely my ears will be blasted by the jet roaring over me? It has happened before.

ANOTHER LOUD SCREAMING GROWLER OVER SOUTH LOPEZ. Why risk a walk outside when my ears might get blasted at any random moment? The Navy abuses local residents.

are we going to have to listen to this all summer? no money for health care or school lunches, but plenty to burn jet fuel

At this time, I meditate. It is impossible to do so due to the outrageous noise of the cycles of Growler jets. This is also a violation of my First Amendment right to prohibit the government from infringing on one's Freedom of Religious expression.

Deep throbbing roar from Growler over South end of Lopez. This is a very long long roar.

Earlier today five Growlers passed overhead with only modest noise. Just now, ONE Growler just passed at the same altitude, but making a

shattering exhaust noise. Why???

Extremely loud and painful, unable to complete work activities safely until the overflights stopped. Painful without hearing protection and very dangerous to conduct work activities while not being able to hear co workers during critical tasks

Growler roaring over Lopez, south end. Why are growlers flying over Lopez? Sightseeing?

Horrible! What a way to ruin a sweet evening in the garden. The birds stopped singing, my ears hurt, the ground trembled. This is not acceptable! Please, please stop flying those things around here. This landscape is too fragile.

Jeezus!!! SO LOUD!!!!!!

Loud screaming Growler over South Lopez. Long scream as it nears and a deep penetrating roar as it is upon us and veering away.

May 27, 11:29am. Growler screaming over South Lopez again. Now going into a long roar. Louder than the washing machine in spin cycle right now.

May 27. 9:51am Growler roaring and screaming over South Lopez.

NASWI continues to destroy the OLF Couville environment with its spectrum of toxins, with outrageous jet noise, and carcinogenic microparticulates. What kind of consciousness is this? It is none other than repeated death and destruction.

Noon, May 27. Another loud Growler roaring over South Lopez.

S. Lopez. LOUD LOUD LOUD ROARING GROWLER jet over our home. Sounds like it is going to land on the roof. Drowns out the TV baseball game. STILL ROARING. May 27 6:44. Why are Growlers flying over Lopez?

Screaming low over south Lopez

STOP! So loud! Why?

this feels just kind of purposeful now. f*** you

This has been going on for the last half hour.

This is scaring me!

This is SO LOUD!!!!!!!!!!!!!!

Unable to sleep. Cannot focus or concentrate due to constant loud unrelenting noise.

Want to say thank you to the Navy pilot who flew over Mt. Vernon at 12:05pm on May 27. Thanks to the higher altitude you flew at, the noise was only "distressingly loud" instead of "painfully loud". Much appreciated.

We have been enduring several minutes of deep rumbling percussive thunder from growler activity. A few minutes may not sound like much, but we were outside and it was not bearable. Forced inside. Rumbling continues. South end Lopez.

What on earth is going on? Extremely loud and ongoing roaring, The house is shaking, the whole world seems to be shaking. This is the most extreme I have ever heard. Absolutely dreadful

91.2

2 Growlers in formation roaring low over south Lopez

7:25pm. S Lopez. Annoyed by a deep rumbling vibrating roar from Growler engine from Whidbey. What is going on this evening? Engine run-ups? Whatever happened to mitigating the engine blasts?

8:14pm. Growlers roaring around the skies over south Lopez. Very noisy. The roaring echoes everywhere. Sounds like war.

8:18am. I need the extra rest but I am awakened by the rumbling roar of Growler take off at Ault.

9:12pm, May 28. I am so angry I got up to report this HUGE RUMBLING VIBRATING jet ROAR that just slammed into our home. I was almost asleep after a very hectic hard day and WHAM, I am jolted awake by this obnoxious jet roar from NASWI. South Lopez.

9:23pm, May 28. The Navy is STILL running jets that send noise vibrations that shake our home. Feel it in the floors and feel it in my body. This is obnoxious. The Navy is an abuser and a bad neighbor, contrary to its self-serving self-image.

9:35pm. Lopez South. Does the Navy think that people do not need to sleep? That kids do not need to go to bed in order to be ready for school? That it is OK to be roaring growler jet noise around at night? Our home is invaded this night by the Navy.

90db

Consecutive roaring vibration vibes coming from Whidbey. S Lopez. 7:28pm

Could not have conversation with this dB level.

Current new flights over houses on Camano island. Kids trying to sleep for school and jets continuous flights. Kids ask me to report the jets. They are 5 and 6.

Disturbs family activities and sleep

Eagle Cove

extremely loud disruptive flights overhead this morning.

gfsf

Growler overflying our home low, LOUD, and slow intentionally maximizing jet exhaust noise! I hear another on its way.

How is this even legal??? Contacting governor!

FLYING SUPER LOW RIGHT OVERHEAD!!! THANKS TO THESE A****LES, I NOW HATE THE NAVY, THESE A****LE PILOTS, THEIR LOUDER THAN F***ING S*** PLANES AND ANYONE WHO SUPPORTS THEM. I'm feeling so anxious and sick from this noise!!!

If this jet crashes!! It is going to hit Port Townsend!! This is so dangerous!

In Lopez Village and there is a continuous deep rumble, like rolling thunder. This is Growler jet noise and it is invading as far north as Lopez Village. The noise vibrates.

Incredibly loud Growler over South Lopez. Just screaming. I was unfortunately outside. Hit my eardrums!!!! May 28, 2:49pm

Insanely loud!!!

It's 9:30!!!! Jeezus!!!! Loud as F***!!!

Lopez 10:10pm. The jet roaring has been continuous all evening, May 28. Disrupting our ability to sleep.

May 28. S. Lopez. All morning it has sounded like a war is going on out there, Now a Growler over South Lopez.

Mud Bay, Lopez. We are getting pounded by jet noise from Whidbey.

The vibrating roar of jets taking off, roaring around. Horrible noise. 8:10pm

My pet is terrified!!

Random flights over my house. Loud

"Ruining another lovely evening. I truly hate that the Navy thinks it's okay to fly these planes here.

Rumbling vibration roars from Whidbey. S. Lopez. One after the other. 7:26pm

Scaring my dogs and the noise is too loud to watch tv

South end of Lopez. We are getting blasted by Growler jet activity from NASWI. 8:08pm.

STOP!! This is terrifying!!

The Growler jets continue to make it impossible to live here. At the minimum, they need to compensate us for the damage that they have repeatedly done with the Growler jet noise and carcinogenic exhaust microparticulates.

This is making me feel sick!

This is ridiculous!! So loud!!!!

Sucks having the family over for Sunday dinner 🤔

Time to go to bed. Open the bedroom window for good air while sleeping & all I get is jet noise roaring in the skies. NOT GOOD. Jet noise is bad enough in the day, but to run jets at night when folks are likely resting and trying to sleep is ABUSE.

Vibration throughout entire house

Woke us up at 11:30 PM on south Lopez

WOW, lots of loud jet noise. It just is not stopping. Growlers just seem to be roaming around. Lopez. 8:18pm

Yet another civilian attack by the cowardly Navy. Funny how they were so quiet leading up to the public input deadline. Classic bully/coward behavior.

You cowards sure know how to make an unbelievable amount of noise. I suspect every person in the valley is being tormented by this crap right

now. Been going on most of the day.

1:08. S Lopez. ANOTHER GROWLER OVER US. ROARING ROARING ROARING.

10:07pm. South Lopez. Just settling down to sleep and VROOOOOOM comes a growler over us. What for? Pilot lost? Fighting a war over Lopez? We are led by fools.

12:18pm. Why are Growlers flying over Lopez? What has Lopez got to do with your flight patterns? LOUD GROWLER OVER LOPEZ.

6:27pm, May 29. South Lopez. Outside and I was blasted by a huge roar of a growler over South Lopez. Came inside to report.

8:30am. The jet rumbling from Whidbey has started....after a horribly noisy and disruptive day and night yesterday. Lopez.

8:47am. More vibrating rumbles coming from Whidbey. Like thunder.

Continuous and getting louder

Disturbs sleep

Extremely loud group of growlers Flying back to Oak Harbor

fly the downwind over the 100s of acres of empty farmland, not homes? 10:30pm! Natural noise corridors exist. I am a Marine ATCT Supervisor and I get the desire for a tight downwind, but have some respect and fly 100 yards wider!

"F*** YOU!!!

Started flying over at 8 o'clock just as the president came on TV. We 📞 and ask them to not do it but of course they did more and now they're back so we can hear much of the president speech which is important to us

Way to loud!!!!!"

Growler jet noise makes it impossible to meditate. This is a violation of my First Amendment Right of Freedom of Religion & needs to be addressed by way of a lawsuit in addition to reporting it here. This has happened nightly too many times to count.

"How dare you!

My property not worth s***!! Due to you!"

I'm feeling abused ! By this noise!

"If one of these jets hits my house??

I'm terrified!"

Kids practicing baseball and rumble of jets hurts ears.

Miles and miles away but on afterburner it destroys our peaceful life

"So pissed!!!

So loud!

My business of 40 years pays taxes here!

It's 10 at night! I'm tired! And I have to listen to this bulls***!!"

South Lopez day after day

This is BULLS***!!

This is STAIGH UP HARRASSMENT!

"This is unexceptable!! It's almost 10pm!

Are you kidding me!!!

"This is unreal!!

It started at almost 10:00 pm! Rediculas!

Destroying my property!!

Call in governor again!!

Your done!!!"

Tremendous roar in the sky from Growler. Startled me. S. Lopez.

5:05pm May 29.

10:07am. S Lopez. ALL morning we are blasted with jet roaring. Like right now.

10:32am. S Lopez. MORE GROWLER ROARING OVER US.

10:36am, May 30. Lopez. Another roaring Growler. These jets must be heading toward a war because there are lots of them. All morning. I bought this Lopez Property in 1992. It was pretty darn quiet then. Now it is anything but quiet. Lopez degraded.

"5 growlers very low flyover southend Lopez

Loud but not as loud as engine tests this morning

8:59am. Lopez South. Rumbling vibrating Growler roar from Whidbey.

88db

9:32. S Lopez. These are the sounds of growlers taking off. Huge blasts, like the noise of a blowtorch, then the roar of the engine. Very noisy this morning on South Lopez.

9:33am. S Lopez. The skies are full of jet roaring again.

Another long loud blast.

ANOTHER LOUD GROWLER over Lopez. 12:29pm, May 30

Constant Growler jet noise in the skies of South Lopez. Constant rumbling. 9:40am, May 30.

Eagle Cove 🦅

Extremely loud flight over homes on Camano. It feels like they have shifted flight patterns to punish those who speak up. This is why I only put in zip code.

Flight intuiting preschool and kindergarten classes.

More extreme blasts of sound from Whidbey. Sure ruins the nice day we are having.

Much louder than my lawn mower

Rumbling has been continuous estimate 10 to 15 minutes

Southend Lopez. Very loud blast lasted about 2 minutes. Building rattled. Glad I was inside as outside the noise level would be painful.

You already know your jets are individually painfully loud. Flying five in a formation was unnecessary cruelty.
