Feeling Pain and Hurt

... fly straight over my house again raising my anxiety and making my head hurt and stomach hurt. I can't even eat.

SO LOUD THAT IT SET OFF MY TINNITUS SO NOW I CAN LOOK FORWARD TO A HEADACHE FOR THE NEXT 4 - 6 HOURS

.... have been doing loops RIGHT OVER HEAD for a solid 30 minutes and sporadically for the hour and a half before that. Now I have a splitting headache, again, thanks to them.

I AM EXHAUSTED. MY HEAD HURTS. MY EARS ARE RINGING.

An extremely loud fly over at 5:38pm on Tuesday Oct 8, over Anacortes, WA. I was outside at the time and the volume of this low flying jet actually hurt my ears.

Extreme! Must be dumping fuel before landing. Painful noise level.

I HAVE EARPLUGS IN, PLUS NOISE CANCELLING HEADPHONES TURNED ALL THE WAY UP. NOISE IS STILL HEADSPLITTINGLY LOUD.

So loud can't sleep splitting headache

This is the third night in a row that the jet noise has been extremely loud. It is so distracting and anxious making.

I'm heading to urgent care ! Blood pressure through the roof

Constant roaring, it's impossible to get away from it with windows closed and ear plugs. It's agitating and anxiety producing, it interferes with sleep

so i guess i just don't try to get anything done today at home. AGAIN. my noise reducing headphones don't even block this head splitting noise.

Screaming growler overhead. Mud Bay, Lopez. Ear Shattering. Is this necessary?

Understanding This Report

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. This has enabled reports from the wider region.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Annual data is continually reviewed. Clarification of duplicate reports, as well as the addition of late reports sometimes adjusts the final numbers to a few more or a few less than previously reported.

Jet Noise Reports 2015 - 2023

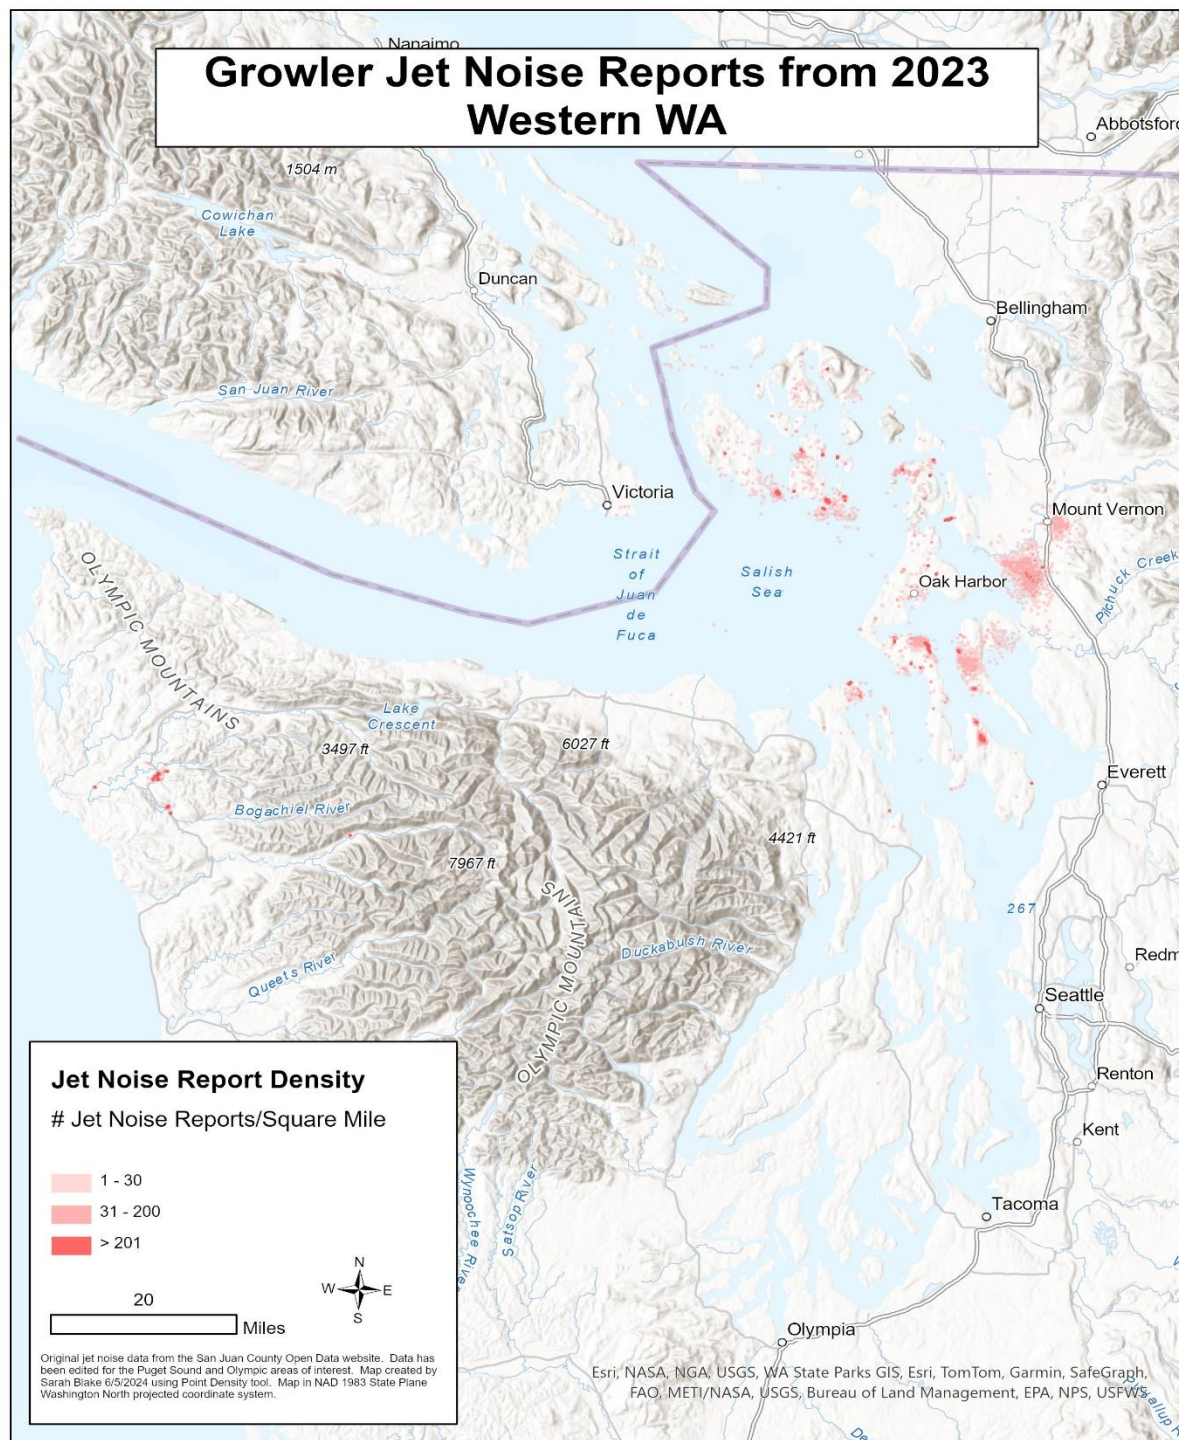

This chart provides some background to the history of noise reporting.

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the totals of all noise reports in the database since 2015 through 2023.

Annual Reports by Location 2018-2023

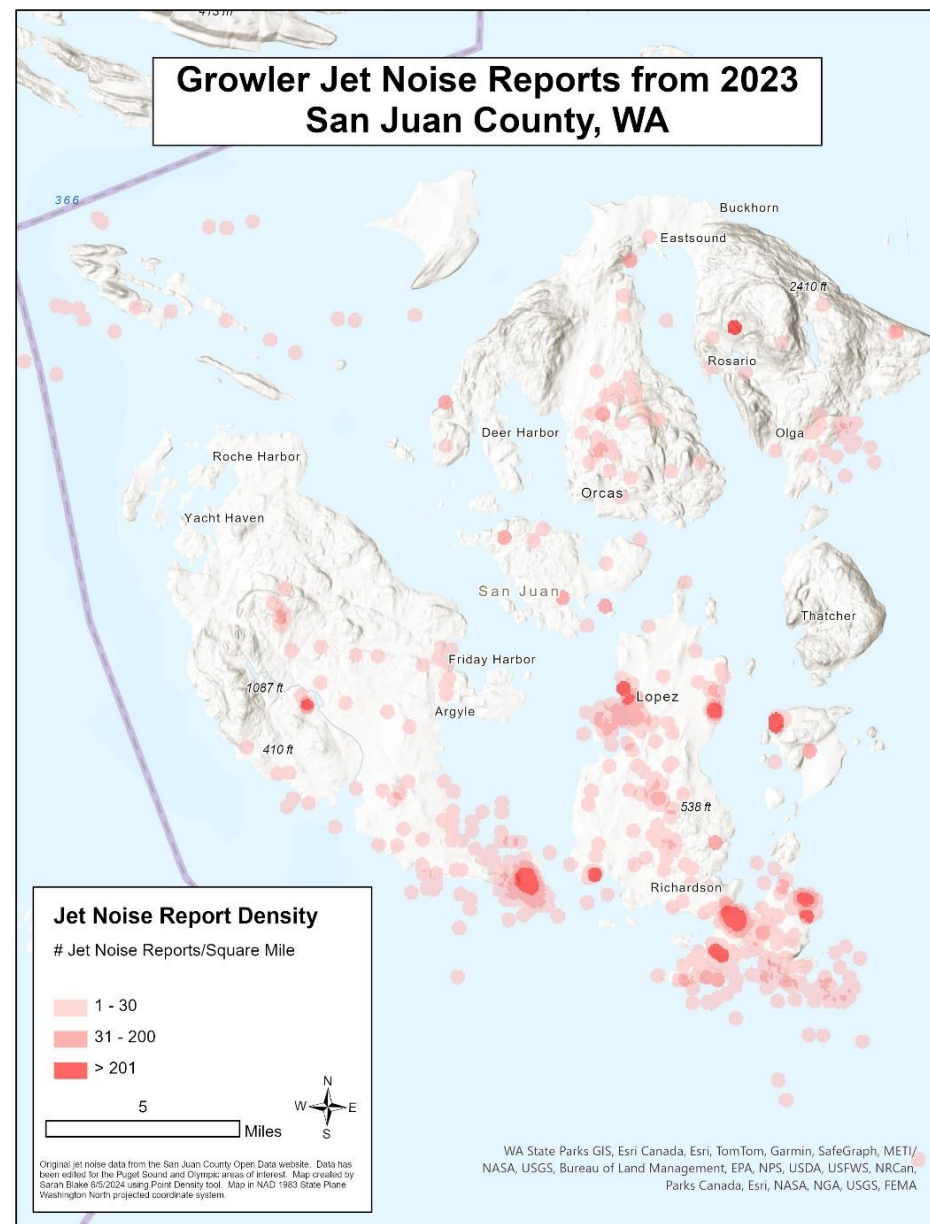

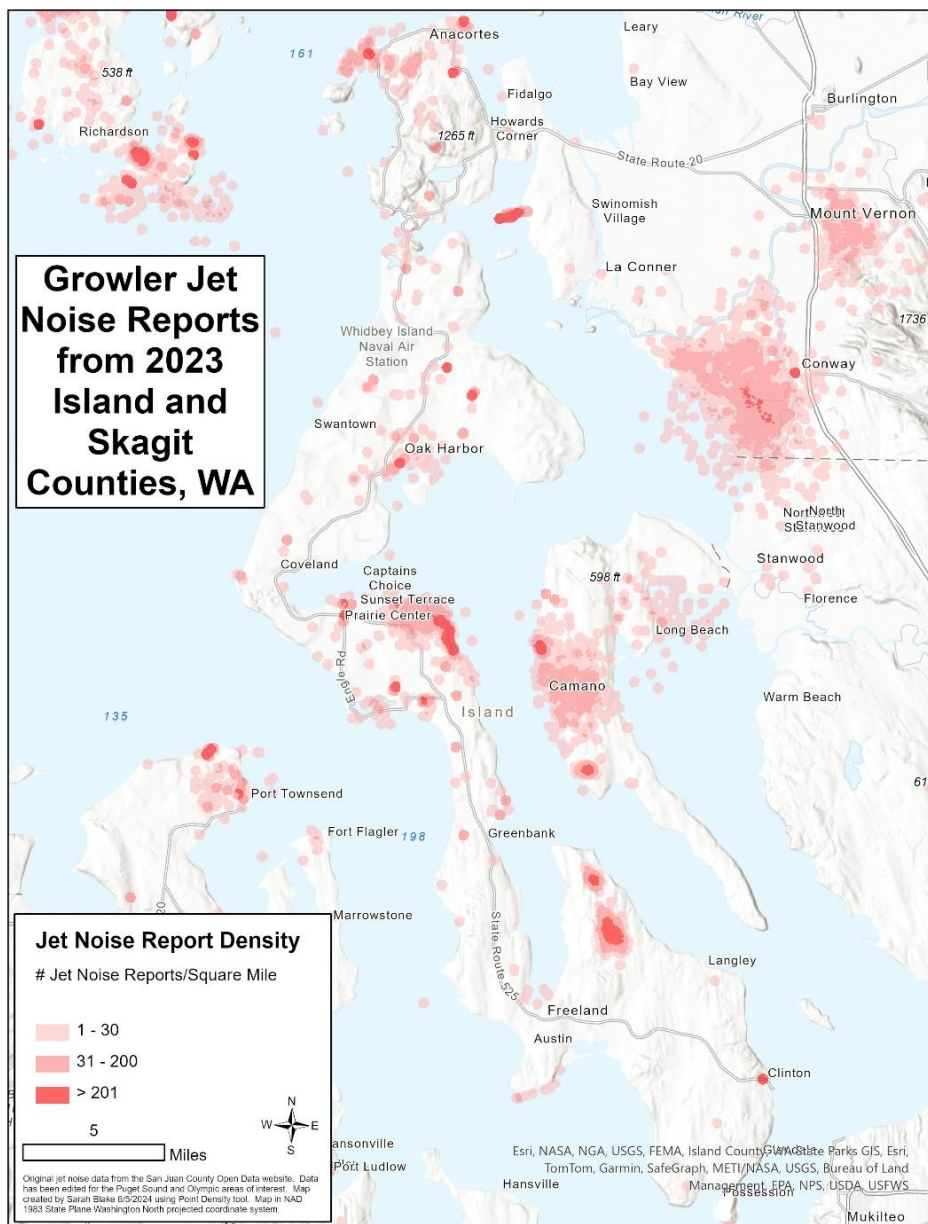

Compiled annually and referred to as a “density map”, this picture, using 14,454 noise reports submitted by users in 2023, offers a view of noise reports in the region.

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson counties.**

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of San Juan County and Island County. These maps are reduced to fit the page.

Comments Submitted with September & October 2024 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

LOUD LOUD Growler over South Lopez.

What is this? ANOTHER SWOOP of the roaring Growlers over South Lopez? Are they different Growlers or is one doing loops over us? Sky is cloudy, but also the sky is NOISY. Air filled with Jet Noise.

ANOTHER!!!! LOUD GROWLER OVER MUD BAY ON LOPEZ

Deep roaring Growler over South Lopez. The roar keeps going on and on, gets faint, and then roars again.

93-db

Loud roar that shook my furniture. My pets are terrified. I can't believe that I have to pay for this with my taxes. Insane...

Wry loud rubble. Started 8:45pm. Kids had first day of school, exhausted. Now can't sleep due to jet noise. How is this right?

Please, please help us stop this. We moved here to get away from the noise. We are FAR away from the outlying field and base. We're not supposed to be impacted. It's horrible.

"90.5db 8:22pm

Suddenly the evening calm was shattered by multiple Growlers circling and circling over the landing practice field. Ruining our evening.

Feeling sadness for the loss of the two Whidbey pilots. "

I am attempting to meditate now before going to sleep both of which will be impossible to accomplish. NASWI continues to engage in noise terrorism by way of their assumption that they are protecting us. They engage in a TOXIC CONSCIOUSNESS!

"all this week till late night rumor has it that they are wanting our homes and trying to drive us out we live in one of the most beautiful spots on the island.

now I know why they tell us to just move"

One of the houses in our neighborhood for sale had a buyer and they found out we were in the jet path. They pull back out and people in the chat room says oh I'm sorry maybe you can get a navy person in there that likes the sound of freedom.

1st day of school for Oak Harbor in the morning! The jets are out and about! How are students going to get good sleep !

Boy Scouts meeting interrupted

Precisely at 10PM Growlers began overflying our neighborhood. Earlier in the day Growlers made repeated low overflights including increasing jet noise to maximize disturbance. They continue to overfly right now!

Low and loud over south Lopez

"Hearing the jet noise

South Lopez. Rumbling and vibrating roars coming from NASWI. Disturbing.

Screaming growler over South Lopez. Interrupts a ZOOM with colleague.

Two jets low over Aleck Bay, Lopez

Disruptive conversation

Very low loud growler going east to west over south Lopez

Been going nonstop for nearly 3 hours. .

10:55pm. South Lopez. LOUD roaring growler overhead. Cannot see it but the noise has all the hallmarks of a growler.

Low over south Lopez at 11 pm

Woke me up ..

11:15pm. Just beginning to nod off to sleep and here comes a screaming jet over us. Of course I cannot see it, but Growlers scream this way. So mad I had to get up and make this report. South Lopez.

All day. Loud sorties. I should report the 20 times they disturbed the day

Can't watch TV or listen to music or sleep

Growlers looping over the practice field, ruining an otherwise beautiful evening.

Can't sleep

Family in town can't visit

Aside from horrendous jet noise, NASWI and the pilots who fly the EA18 G Growler jets depict the first toxin in a spectrum of toxins: a toxic consciousness that permits them to think they are protecting us while destroying our quality of life.

"WTF!!!

F*** you war monger a*****s!!!

I can't even sleep it's so loud!!!"

F***!!!

"STOP!!!!!!

It sounds like world war 2!!!!"

This sh** just woke me up!!! WTF!!

"So extremely loud!!!

This is just so F***ED UP!! How are you getting away with this!!!!!!"

"Million dollar house!

And I have to listen to this bullsh**!!!!!!!!!!!!!"

"I cannot even believe this woke me up out of a dead sleep!!!

I'm heading to urgent care ! Blood pressure through the roof 5thank you!

Stop!

Very loud noise right at bedtime. They flew from 8:41 until about 9:20. And now have started back up for what we expect will be another two hours— will be late before we can sleep.

Jeezus!!!!!! STOP! SO LOUD AND SCARY!

You really need to stop!!!!!!!

Disturbing our peaceful rural community

So loud can't sleep splitting headache

Loud persistent jet noise interrupting sleep. Why is this happening over population centers?!

This is rediculas!!!

"It's 10pm. Day 2 of school starting!! What is wrong with you a*****s!!!!!!!!!!

Children are trying to sleep"

STOP!!!!!!!!!!!!!!!

10 pm is too late for this. People have to go to work in the morning.

F***ing stop!!!!

Currently sitting in the waiting room of the Oak Harbor clinic. Jets flying and rumbling overhead. Not a relaxing environment. Military training doesn't make any sense over hospitals or clinics where people are seeking help or healing.

No idea where the Navy jet is, but the entire sky is exploding in low frequency noise.

Extreme! Must be dumping fuel before landing. Painful noise level.

SERIOUSLY!!!! No sleep last night! Just home from work!!!! F*** you!

Navy's Growler jets are causing a public health crisis a form of torture that is intentional. There is cognitive dissonance within those who engage in these acts who on the surface think that they are protecting us many thousands are harmed by noise.

Loud Growlers looping

Last night and again this evening right over our home- not your regular flight pattern. We shouldn't be in the zone.

We are eating dinner with horrendous jet noise. Their consciousness is only about death and destruction!

"Done!

Bought an almost million house.. stress level to much!

Just hired a very expensive Seattle lawyer!"

"I've lived here my whole life.. I'm 57! This sh** has destroyed my health!

War machines are not friendly! That's the whole point! To scare you!

I will be sending a bill to the military!

Done!!!

Shame on you!!!!!!!!!!!!!!

"You're going down!!

I have a ton of money😂😂😂😂 "

Mother F***ers STOP!!!!!!

I will be sending you my health report and bill 🍑

"My child was born without a Skeen!!

His first day of school without a nurse today.. and this! Shame on you!"

"DONE!!!! MY CHILD IS!!!! This noise is terrifying and insufferable!!! In my own god damn house!

IM A PRISONER IN MY OWN HOME!"

"You need to STOP!

My house payment is 3000 a month!! And I'm a prisoner in my own home!
YOU F****s!!!"

Seriously!!! STOP!!!!!!

So done!!! F*** you navy F****s!

You just created a huge problem for yourself this week! Out of control noise
a*****s!

"I am sleep deprived!! I have rights too!!

I've owned a biz here for 35 years!!

Going after you!"

This is the third night in a row that the jet noise has been extremely loud. It is so distracting and anxious making. With all the technology everywhere, you would think the Navy could make a quiet jet. Let's have some quiet!!

"I will be suing the navy for lost equity on my house 🙄

Very loud rumbling for several hours tonight. Actually for the last few days and nights this week. Tonight is the worst.

Noise for the past several days. Loudest is today

give it a F****ing rest already. it's been all week ...

Deep roaring growler over South Lopez. 9:18am.

Hate the noise from the navy jets. It's been a bad two weeks with these terrorists.

NASWI's noise is not a part of the sounds of the natural environment & it is destructive to the environment & every living thing in the Salish Sea & on the Ground in Puget Sound. NASWI, STOP the destructive flights & your lies about protecting us!

It's hell out there right now. The jets have been flying CONSTANTLY.

NASWI's noise is not a part of the sounds of the natural environment & it is destructive to the environment & every living thing in the Salish Sea & on the Ground in Puget Sound. NASWI, STOP the destructive flights & your lies about protecting us!

Growler noise began before 8am and has been nonstop all day long!!
Presently 11:51am multiple Growlers are looping over practice fields.

Move to the desert, you inconsiderate b*****s!

NASWI's noise is not a part of the sounds of the natural environment & it is destructive to the environment & every living thing in the Salish Sea & on the Ground in Puget Sound. NASWI, STOP the destructive flights & your lies about protecting us!

"What is going on!!! Jeezus

Why are you flexing your muscles?? Wooden boat does not care! And is annoyed!

STOP!

STOP!

STOP!

Lots of Navy scumbaggery out there right now. Navy seems to be worst in the Mt. Vernon area on Tue and Thu.

STOP! PLEASE!!! So loud!!!!!!!!!!

so sick of these military idiots (redundant, i know) and their war toys. every single time they fly even remotely nearby, my internet craps out. they need to move the entire god forsaken base to california.

I will be selling next summer!

Thank you for your loud scary sh**! and my loss off income"

Lopez village. Growler is ripping the sky apart over us. Why fly over Lopez on a Saturday??????

TWO VERY LOW VERY FFFAAASSSTT GROWLERS JUST SCREECHED OVERHEAD!

Screaming low over south Lopez

The jets fly late into the night and disrupt mine and my partners sleep schedules. The noise makes is shockingly loud. When a jet flies over u cannot do or say anything else except wait for it to pass

A Growler just overflow our home. An explosive, sudden exhaust blast.

Navy scumbags out there rumbling the whole valley again. Have no idea where they actually are but I'm sure they're terrorizing hundreds of square miles

Horrible

Once again, horrendously too loud! The "sound of freedom" is the destruction of the environment. A quiet environment is free of Growler jet noise. Think of a tranquil pastoral setting that is free from the Growler jets until they fly here. NASWI STOP

Throttle at full overhead

WAY TO LOUD!!!!!!!!!!

One of the two jets is turning wide and flying extremely low over Coupeville highschool.

You're trying to wear us down. You keep going on and on and on. This is so bad for people's health, not to mention wild animals that cannot escape. Shame! Shame! Shame!!!

too loud

"This is getting ridiculous!!!!!!!!!!

My stress level is through the roof!"

This is so loud!!

will keep reporting until you're as sick of hearing from me as i am sick of hearing you

all my windows closed and white noise machine on and still F***ing obnoxious

Overheard and loud

School night and jets flying loud enough to keep kids up

When I can see them from my house they can't be within the flight plan

Low, late , loud landing approach over dugualla bay and residential area neighborhood.

Jets flying entire day and into nighttime. Low, loud , late landings over dugualla bay and surrounding residential neighborhood. Too late at night for such loud flights.

2 huge military helicopters (the double big ones) low over Friday Harbor and into the airport! Absolutely horrendous and ear splitting. There is NO reason for those to land at our small airport!

F*** YOU!!!!!!!!!!!!

"Long day of work! 9 hours

Just Kaye's down after dinner in my over expensive house!

And now war above me! 👊

Well that was extremely loud. The interesting thing about the Navy jets is I don't even have to see them to know it's them. Nothing else can produce this much noise energy. Unless you've experienced it, it's hard to comprehend.

"WTF!!

Helicopters now???"

This is ducking rediculas!!!!!!!!!!!! Growlers??????? Now helicopters!!!

"Just contacted all senators!

It sounds like a war zone outside!!"

"This is F***ing ridicules!!!!!!!!!!!!

I am exhausted!!!!night after night!! Noise!

It's F***ing 9:30 .. I run a god damn biz!! Stop!!!!!!!!!!!!"

"INSANELY LOUD!!!!!!!!!!!!!!

S lopez"

S lopez

"Low flyover going north

S lopez"

Growlers overflying LOW and LOUD!

S lopez

Navy is out torturing Mt. Vernon again. They're doing is so often, I'm starting to get an ear ache just from inserting and removing my ear plugs.

I am trying to SLEEP!!!!!!!!!!

Lopez. Overpowered important zoom meeting indoors

There go the navy terrorists. Shock and awe for all!

Scumbag Navy out terrorizing Mt. Vernon at 8:30pm. Multiple very loud events in the last half hour.

9:20pm on a Wednesday. The scum bag Navy has been blasting the Skagit Valley with an enormous amount of noise. Unbelievably loud and non-stop. These a*****s belong in the desert. Buried there, preferably.

I know the Navy is too self-serving and selfish to care, but when a jet does a shock-and-awe attack on the whole region, calling those b*****s scum is at least mildly cathartic. Here goes another day of torture.

Trying to work in my yard and my husband is on a conference call from work people online. Can't can't hear him and he can't hear them. It's affecting his job and I fresh air can't work out in my yard.

Trying to walk on our beach the noise is so loud

Trying to work from home is impossible

Growlers over-heading all day long!

Our homeschool group can't hear anything they have to put in air plugs

Trying to enjoy a nice day on the beach with family and friends it's impossible

I'm on the beach looking for whales the growlers are hurting I wildlife and marine life and the public health

Interrupted conversation

Disrupted a conversation I had to stop talking

Second Growler over N Lopez in 5 minutes. The first was lower and much louder!!!

M-F the growlers roar over our house flying from Whidbey to Eastern Washington. The sound penetrates our bones. It is a deeply disturbing sound that disrupts us all. Please move the growlers to a less densely populated area.

Such a beautiful fall afternoon and zero way to enjoy the outdoors, all plans cancelled due to unbearable noise.

SHOCKINGLY LOUD Growlers are circling doing landing practice.

Overflights by Growlers

Stop!!!!

"You have destroyed my quality of life!!

My taxes are through the roof! And I have to listen to this?

My health is now declining :/ because of the stress of this noise!! Blood pressure way up!!!"

Dinner time

Once again at dinner time, the Growler jets are flying with their horrendous noise. NASWI is not protecting us from this outrageous noise. NASWI needs to move to El Centro or decommission these jets for the health and safety of every being.

Like constant thunder outside. Really distracting and disturbing

STOP!!!!!!!!!!!!

"WTF!!!!

This is redic!!!!

F ing STOP!!!"

Back roaring overhead

Shaking my house, loud

It has been horrible all evening. Can't even hear the television and all our windows are firmly closed.

jesus christ go back to nevada where you can spew your pollution and noise where no one lives. i don't care. just shut the F*** up

Persistent rumbling and vibration heard inside with all doors and windows closed and over household appliances, lasting well over 1 hour

Noise has returned.....rumbling and vibration heard inside, doors and windows closed

They won't wuit

Constant low rumble

Unrelenting jet noise ALL day and now into the night disrupting work and now sleep. How is this humane?

It's past bedtime! Give it a rest!!

Continuous jet noise this late is an attack on everyone's senses. But also coupling it with the disruption of wireless communications makes this too much for in a populated area. Time to move the training elsewhere. Where's the new EIS?

Once again late at night, the Growler jets are flying with their horrendous noise. NASWI is not protecting us from this outrageous noise. NASWI needs to move to El Centro or decommission these jets. Pathetically they are lacking consciousness!

Growlers are still flying at 10:15 PM

This is a school night, I cannot believe it. So inconsiderate to your community. An un-livable hellscape that is otherwise a quiet place to live.

More overhead after 11PM

You people have spent hours today terrifying wild animals and creating noise pollution for residents of the area. You are not making any friends.

The Navy was torturing Mt. Vernon area late last night and is doing it again this morning. When will someone rid us of these terrorists?

"great. it's going to be one of those days when it's impossible to hear the television or radio, to talk on the phone, to focus enough to work on the computer, to talk to a neighbor in the yard.

GO AWAY, FLYING A*****S!!!"

floor vibrating with those last two.. the only reason the military is fighting a move to an appropriate for these planes is because they like the quality of life here vs. Cali. A QUALITY OF LIFE THAT THEY DESTROY FOR US NORMAL RESIDENTS.

Yet another super loud flyby. SO SICK OF THESE NUMBNUTS PLAYING WITH THEIR WAR TOYS.

"andddd, here's another one. AND ANOTHER ONE.

so i guess i just don't try to get anything done today at home. AGAIN. my noise reducing headphones don't even block this head splitting noise.

GO AWAY MILITARY. JUST A BUNCH OF BULLIES AND LIARS."

"AND ANOTHER ONE. THE LOUDEST, LOWEST ANMD CLOSEST SO FAR TODAY.

SO LOUD THAT IT SET OFF MY TINNITUS SO NOW I CAN LOOK FORWARD TO A HEADACHE FOR THE NEXT 4 - 6 HOURS EVEN IF THE NUMBNUTS STOP THEIR INSANELY LOUD FLYOVERS.

OMFG I HATE THEM SO MUCH"

"OMFG THE EAR SPLITTING NOISE HAS BEEN NONSTOP FOR THE LAST 30 MINUTES. THEY ARE NONSTOP CIRCLING *RIGHT* FREAKING OVERHEAD.

I HATE THESE IDIOTS SO MUCH."

Low and loud Growler overflying west Camano.

11:47am, Sept 17. South Lopez. Huge searing scream and roar of Growler overhead. Now it must be turning because we are getting the blowback roar. TOO LOUD!!

Nighttime, Sept 16. Southend Lopez. Loud rumbles and roars from the south. Likely we are getting -- what we usually get --the noise from flights over Whidbey Island. Annoying and disturbing as trying to relax and sleep.

South Lopez. Outside doing yard work on what could be a ice afternoon. But NO! Loud jet roars punctuate the afternoon. Loud, insistent, irritating. You never know when the jet is going to veer up our way and we are unprepared with no ear protection.

Measured 87db

"they knocked off to eat their lunch and take a napsie but now the morons are back to nonstop low altitude flyovers.

i hate these a*****s so much."

1:14pmSept 17. Mud Bay. Growler low, screaming over us. A super loud blowtorch roaring. So what is the Navy trying to prove? That it is OK to invade our homes and bodies? The Navy is a terrorist organization. Get out of our skies!!!!

"OMFG THAT WAS THE NEW LOUDEST ONE TODAY. WHAT THE FREAK IS WRONG IN THE HEAD WITH THESE IDIOTS? WHAT A BUNCH OF SLACK JAWED BULLIES AND LIARS.

SO MFING SICK OF THESE IDIOTS RUINING THIS TOWN. GO AWAY, MORONS. YOU ARE NOT WANTED HERE."

Once again Growler jets are flying with their horrendous noise. NASWI is not protecting us from this outrageous noise. It needs to move to El Centro or decommission these jets for the health & safety of every being. They have a toxic consciousness.

"WHEN ARE THESE DUMBASSES GOING TO STOP PLAYING WITH THEIR WAR TOYS? THEY SHOULD AT LEAST GO SOMEWHERE WHERE THEY ARE NOT DESPISED.

I HATE THESE BULLIES AND LIARS SO MUCH."

Piece of garbage Navy b*****s are out there making the loudest noises you'll ever hear without standing next to an exploding volcano. Make these schmucks move to the desert where they belong!

Screaming growler overhead. Mud Bay, Lopez. Ear Shattering. Is this necessary? Or do we just have cub scouts flying planes for fun? Grow Up, Navy, and try to act responsibly.

House rattled, earth shook. Everything came to a halt, as usual. I am working on a writing and editing job, and have to stop and regroup, each time one goes by. The distant rumble is constant, and then, boom, one comes over. You never know when.

South end of Lopez. Lots of jet noise today. 9/17/2024. Sounds like they are just wandering around. Just some growlers looking to make war on local residents, I think. It wears me down.

Sept 17. Lopez. TOO MUCH JET NOISE. I feel like we live next to SeaTac, except those planes are quieter and depart or land rapidly. These Growlers twist and turn and roar so much that the noise comes into our home and stays here.

brutally loud flights on and off all day, stop the environmental acoustic assault, this is madness to do to your own people

Measured 89db. What the F***?

Keep up the good work! I was walking by the park when the jet flew over and it was so fun watching the parents scramble to protect their kids ears. And the crying after the jet passed was so soothing to my own aching ears.

"OH MY F***ING GOD. IT'S BEEN NONSTOP EARSPLITTING NOISE ALLLLL F***INGGGGG DAYYYYY.

WHAT A BUNCH OF A*****S. I HATE THEM SOOOO MUCHHHHH."

Woke up my sleeping child by repeatedly flying directly over my house at unsafe heights

Literally no break in between these a*****s strafing my home. I tried to talk to a neighbor while walking my dog, it was impossible. What sort of ear protection top get for my dog who cowers and shivers every time these a*****s go tearing by?

"oh, here's another. and here's another. and here's another. and here's another F***ING A*****E IN HIS F***ING WAR TOY.

THERE LITERALLY IS NO EAR PROTECTION THAT WORKS AGAINST THIS LEVEL OF NOISE. I HAVE ON EAR PLUGS PLUS NOISE CANCELLING HEADPHONES."

"AND HERE'S ANOTHER. AND HERE'S ANOTHER. AND HERE'S ANOTHER.

ANOTHER FLYING A*****E. AND THERE GOES ANOTHER RIGHT OVERHEAD

I AM EXHAUSTED. MY HEAD HURTS. MY EARS ARE RINGING. I HATE THESE

Noise is so bad the kids can't focus and o work on their homework that is due tomorrow and I am sure flights will continue through bed time hour, so no sleep either.

One and a half hours this morning and now it has started again. My cats are hiding and we can't watch TV

Went into the laundry room and one of those hideous monsters strafed my house, If militaty personnel were being exposed to this level of noise they would all be issued ear protection. Why do they treat civilians any different?

Hey growlers people are trying to live here

After a short break aircraft noise is back

We are home with Covid - you kept us up all morning and now all evening- this is very unhealthy

Disrupted concentration early evening followed by another night of disrupted sleep dud to loud jet noise, rumbling and vibration.

Around 8:30pm, Oct 7. South Lopez. Outside walking after a hectic day and KABOOM. A huge rumbling roar from NASWI. SO LOUD!!!! Thanks for no peace.

Hate the Navy so much. Enormous amount of noise that doesn't have to be here. Go away!

Oct 8. 4:30pm. LOUD GROWLER JET ROAR over South Lopez.

Extremely loud and disruptive flight overhead.

"An extremely loud fly over at 5:38pm on Tuesday Oct 8, over Anacortes, WA. I was outside at the time and the volume of this low flying jet actually hurt my ears.

It was cloudy weather, but this jet seemed exceptionally low and loud.

Extremely loud overhead jets beginning at this morning and continuing all day long. It is now 6:00 p.m. and they are going strong. The worst day in memory.

"4 flying a*****s roaring overhead in the last 5 minutes. instant headache since THERE IS LITERALLY NO EAR PROTECTION THAT WORKS AGAINST THIS HEADSPLITTING LOUD NOISE. NOT TO MENTION THE VIBRATION

F*** THE NAVY."

"2 more flying a*****s just shattered the normal peace and quiet by playing with their war toys. super loud, vibration, headache, ringing ears.

3 more flying a*****s just went screaming by. what a bunch of idiots.

Growler roaring over South Lopez. Too loud!!!!!!

Getting tortured by Navy shock-and-awe operations in Mt. Vernon again. Sure hoping the latest lawsuit has some impact on these jerks.

Extremely loud (LOUD LOUD LOUD) flyover just now in Mt. Vernon. It was so loud, it almost didn't seem like I was wearing earplugs. I wouldn't surprised if some people just experienced hearing loss.

Not sure what's going on with these Navy a*****s today over Mt. Vernon. You morons know you're in jets, right? They can go high altitude. You don't actually have to fly as close as possible to the ground.

My home is not fit for human inhabitation because of the Navy.

Horrendously loud! NASWI engages in environmental recidivist activities & delusional consciousness. "Recedivists" in that their outrageous jet noise repeatedly destroys; & "delusional consciousness" in that they incorrectly believe they protect us.

Extremely loud can't even watch the news

Hours of Growlers multiple participating in mock landings.

Growlers making a lot of noise

9:42 PM, school night, kids in bed, blankety-blankety-blank-blank jets flying overhead. Screw the navy.

Another fly by again at afterburner. Piss off, navy!!!!

10:17 PM! LET US SLEEP IN PEACE!

The Navy's Thursday morning harassment of Mt. Vernon has started. Hope their pilots figured out how to fly a bit higher today. Yesterday their incompetence was pretty painful.

It's impossible to be outside when you are flying over my yard!! It's like being in a war zone

NASWI once again is destroying the ambiance of this pastoral setting with their horrendous Growler jet noise that affects every living being in this area. Their consciousness does not permit them to do differently & need to be voted off the Island!

I am so weary of hearing this day in day out late afternoon to wee hours of the night. It harms community health.

My blood pressure is on you!

"I have let my son 39 / know how badly this sh** is impacting my health.. BP!

My daughter is a Dr at Jefferson general.. she is aware as well!

You need to stop impacting this community!"

The F***ing navy is ruining another day here in Port Townsend. A beautiful fall day here but going anywhere outdoors the noise is unbearable! Not to mention the damage to the atmosphere being done by growlers flying around the clock. . F*** The navy

8:39am Oct 11. S Lopez. ANOTHER ROARING VIBRATING RUMBLE FROM NASWI

9:22am Oct 11 S Lopez. ANOTHER rumbling Growler engine roar from Whidbey. I am busy, and have not been able to record all of them this morning. A VERY NOISY morning.

9:23am. S Lopez. Oct 11. On the heels of one a minute ago. Are these Growler engine run-ups or flights? WHATEVER, our house is shuddering with the vibrations.

Noon, Oct 11, South Lopez. The roaring of the Growler engines is absolutely too loud. I was outside but I could not stand the vibrating air and the deep deep thunder. My home is not a sanctuary either.6565

12:54pm Oct 11 S Lopez. Another loud jet boom.

S Lopez. The thundering booms continue. Growler jet engines running up.

Could hear this in a different country!

1:04pm S Lopez. One after the other, roaring and deep booming from Whidbey. Or maybe it is a war.

Time is not exact.

South lopez

South lopez

Outside with my dogs! It's deafening

Nothing like extremely loud jet noise from two growlers flying around in circles. The noise is constant and entirely too loud.

Morning flights should not be allowed, period. It's bad enough when the beautiful summer evenings are ruined, but blasting through Coupeville during work hours is completely ridiculous.

This is another example of stupidity exemplified. In no way is NASWI protecting us near OLF Coupeville. If they were truthful about protecting us they should have chosen China Lake years ago. NASWI deals with us as an authoritarian abstraction!

Growlers causing very loud jet exhaust noise! Multiple aircraft circling, making outside activity intolerable.

Again?

Oh boy more constant growler noise disrupting everything outside within 200 square miles. This is not just Whidbey within the outrageous noise level.

#4 Near OLF Coupeville it is now horrendously too loud. NASWI does not have the consciousness to know or care that they are harming people and

other beings with their noise and spectrum of toxins. The time is NOW to vote them off of Whidbey Island!

Second jet with afterburner

Navy out terrorizing Mt. Vernon (and surrounding) regions again. I love having to wear earplugs while eating lunch.

Continuous extremely loud noise from jets flying over. These anti-heroes need to move to the desert. These jets weren't here first and they shouldn't have the right to torture people with impunity.

the flying a*****s are back circling right overhead, rattling the dishes in the cupboards with their insanely loud and unnecessary noise. FU NAVY take your war toys somewhere else where you don't destroy the peace and quiet for entire communities.

The Navy commanders are incompetent, inconsiderate scum. The next time you want to fly too close to a mountain, please take them with you.

two more flying a*****s right freaking overhead in the last 4 minutes. oh wait, make that THREE FLYING A*****S. SO FREAKING LOUD. WHAT IS WRONG IN THE HEAD WITH THESE A*****S???

After days of rain, such a good day to go out and clean up our yards but but but those *&##* JETS!

Extremely loud is not adequate for this growler flyover

Growler flying over Straits towards Whidbey

"Ongoing constant growler noise from Whidbey for so far 4 minutes

Another total extreme noise growler flyover south Lopez. Inside home, windows doors closed and my watch responds you are in a too loud place. This was due to growler.

Ongoing constant noise, now 3 minutes no break

"Noise still going

S lopez"

2 growlers very low and loud flying to NE over S lopez

S lopez

A too-loud fly-over. We who live near OLF Coupeville are not meant to be a cesspool of the spectrum of Growler toxicities. NASWI move you Growlers where living beings are not being damaged!

Navy being inconsiderate pests over what I assume is the entire Skagit region.

Disrupting conversations

Worthless, jingoistic, self-aggrandizing scum. Take your multi-million dollar murder machines somewhere else!

LOUD JET ROARING OVER SOUTH LOPEZ. WHY????? 10/22/24. 3:13pm

"Why are you flying? Have you provided results of the tragic Growler crash? The public deserves to know if it's safe or not.

Transparency!"

"Several growler flights this afternoon

No cell phone coverage to be able to log jet noise at the time. "

Another loud roaring growler bombs south Lopez. October 22.

Roaring growler noise over South Lopez. Doors and windows closed and we are still disturbed.

Very loud flyover

Cape St Mary area, Lopez Island, WA

Several other jet noise incidents

Growler passing very low over our home. Shaking windows and significantly disturbing our grandson Seconds later another Growler directly overflowed our house with extreme exhaust noise. Both passed only a few hundred feet above us.

Continuous shaking and rumbling of the house this morning

Good morning GROWLERS. Ruining another beautiful day. I'll bet beyond crew has to wear ear protection

Even with headphones on the rumble penetrates

I suppose I should be thankful they are not directly overhead. But non stop all morning. Not sure we are zoned for industrial activity on Rural Lopez

Loud rumbles all morning

House rumbling engine run up Lopez

NASWI again commits another egregious environment noise situation thinking that their jets are protecting us. JUST THE CONTRARY, THEY ARE AGAIN DESTROYING THIS PASTORAL PLACE AND BEINGS WHO LIVE HERE. STUPIDITY EXEMPLIFIED ON THEIR BEHALF!

South end of Lopez. Flew really low and was horribly loud.

the flying a*****s have established their flight pattern right overhead again. this isn't the sound of freedom. it's the sound of the military-industrial complex self-fellating. when are the drones coming replace the flying a*****s? F*** THE NAVY.

extremely loud flight overhead, can't hear normal conversation in the house, please stop the acoustic assaults

Helicopter just rattled every window in the house.

South Lopez

another flying a*****e just roared overhead. SO SICK OF THEM SCREWING WITH THE WIFI. ALMOST EVERY SINGLE TIME THEY GO BY THE WIFI CRAPS OUT. that's not a coincidence. the navy is nothing but a gang of lying cheating warmongering a*****s.

Growlers suddenly passing low overhead create extreme stress!

Outrageous jet noise from high-flying jet(s). Keep in mind that this area is a quiet pastoral place until those with a debased ecological consciousness inflict this form of consciousness of jet noise and a spectrum of other deleterious toxins.

the flying a*****s are back this morning. can't see where they are but impossible to miss the noise they generate. GETTING SICK AND TIRED OF THESE A*****S JAMMING THE WIFI. the correlation between the jets and the wifi not working is undeniable.

Outrageously too loud! Start protecting us and STOP FLYING HERE!

LOUD GROWLERS OVERHEAD twice in 4 minutes. My 5 year old grandson reports Growlers disturbed children at Lopez School twice this morning flying SO LOW that they could see the jets!

HOLY SH** I HATE THESE A*****S SOOOO MUCHHHH. About 6 in 10 minutes jets super low ear-splitting dish shaking noise blasting out my eardrums and once again setting off my tinnitus. Can't wait until drones take the jobs away from these a*****s.

2 more flying a*****s RIGHT OVERHEAD AND SUPER F***ING LOW AND SUPER F***ING LOUD.

"loud enough to frighten dog. Happened yesterday too.

Roaring low South Lopez

Very loud flyover disrupted our dinner even though the windows were closed

F*** THESE PLANES, F*** THE NAVY."

"hey a*****s - YOUR flight schedule that YOU publish says no jet noise this morning yet it IS CONSTANT. YOUR schedule also said nothing for the last 2 days and it has BEEN CONSTANT.

HOW THE F*** CAN WE PLAN AROUND YOUR NOISE WHEN YOUR SCEDULE LIES?"

Awful threatening roaring thundering up from the south. Anacortes near the ferry terminal. Deep sounds like explosions or earthquakes - disquieting and stress inducing. This is how mere "noise" causes health issues. Unconscionable

Interrupted business calls in interior room.

Very fast and very loud. Sounded like a missile descending- scared children at school

Came out to Deception pass park to take a walk after having days of intense stress. Hoping to find relief but the Growlers are right above my head and I forgot my noise cancelling headphones. How silly to think I can go to a park for peace !

Sure hate listening to you anti-heroes flying your high speed machismo wagons around. I've got enough of a headache from grieving over a dead friend. GTFO.
