

# Jet Noise Report: Annual Data 2020

Since 2015 an increasing number of jet noise reports are being made from residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This report provides data broken out by reports generated inside San Juan County and outside.

With the addition of 36 more Growlers in 2019, San Juan County was bombarded. Jet noise reports within San Juan County grew 26% from 2019 to 2020. Noise reports from outside of San Juan County have rapidly increased.

Listen to this jet noise that we hear in our region:

<https://soundcloud.com/laurenkuehne/clearwater>

The Navy dismisses noise data:

<https://www.seattletimes.com/opinion/navy-should-use-our-data-on-growler-noise-not-dismiss-it/>

Here are some of the comments submitted by residents of our region regarding Jet Noise. More comments from Anacortes, Camano Island, Mt Vernon, Port Townsend, Coupeville and the San Juan Islands, begin on page 10. They tell the human story. Please read them.

- ✚ Was that an earthquake? My visitor asked. no, that is the navy growlers 8 miles away and their noise shakes our house. I told her that they consider us collateral damage so it doesn't matter how much their noise hurts us.
- ✚ Very loud and low flying constantly. Kids are struggling with their remote class which is just at the tail end of their last lesson. Having a lot of issue to listen to the teachers and talk to the class.
- ✚ Your aircraft are flying less than 400 feet from the roof of my home as they pass over. The magnitude of the noise is more than a human can withstand. Please be more considerate and consider choosing a different flight path.
- ✚ Jets flying low overhead are scaring kids and making it very difficult to work on homework.
- ✚ Awful threatening thunderous rumbling from Whidbey-shaking the bones like an explosion or earthquake. A sensation humans are Hard Wired to find threatening/stress inducing. 2pm, Anacortes.
- ✚ 102 dB recorded on iPhone dB meter. You continue to KNOWINGLY damage our hearing and general health just as you did by poisoning our drinking water.

**INSIDE THIS REPORT:**

-  **Annual Comparisons**
-  **Monthly Comparisons**
-  **Reports by Type of Noise**
-  **Noise by Time of Day**
-  **Reports by Day**
-  **Map of Report Locations**
-  **Comments submitted with each report, revealing human impacts**

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

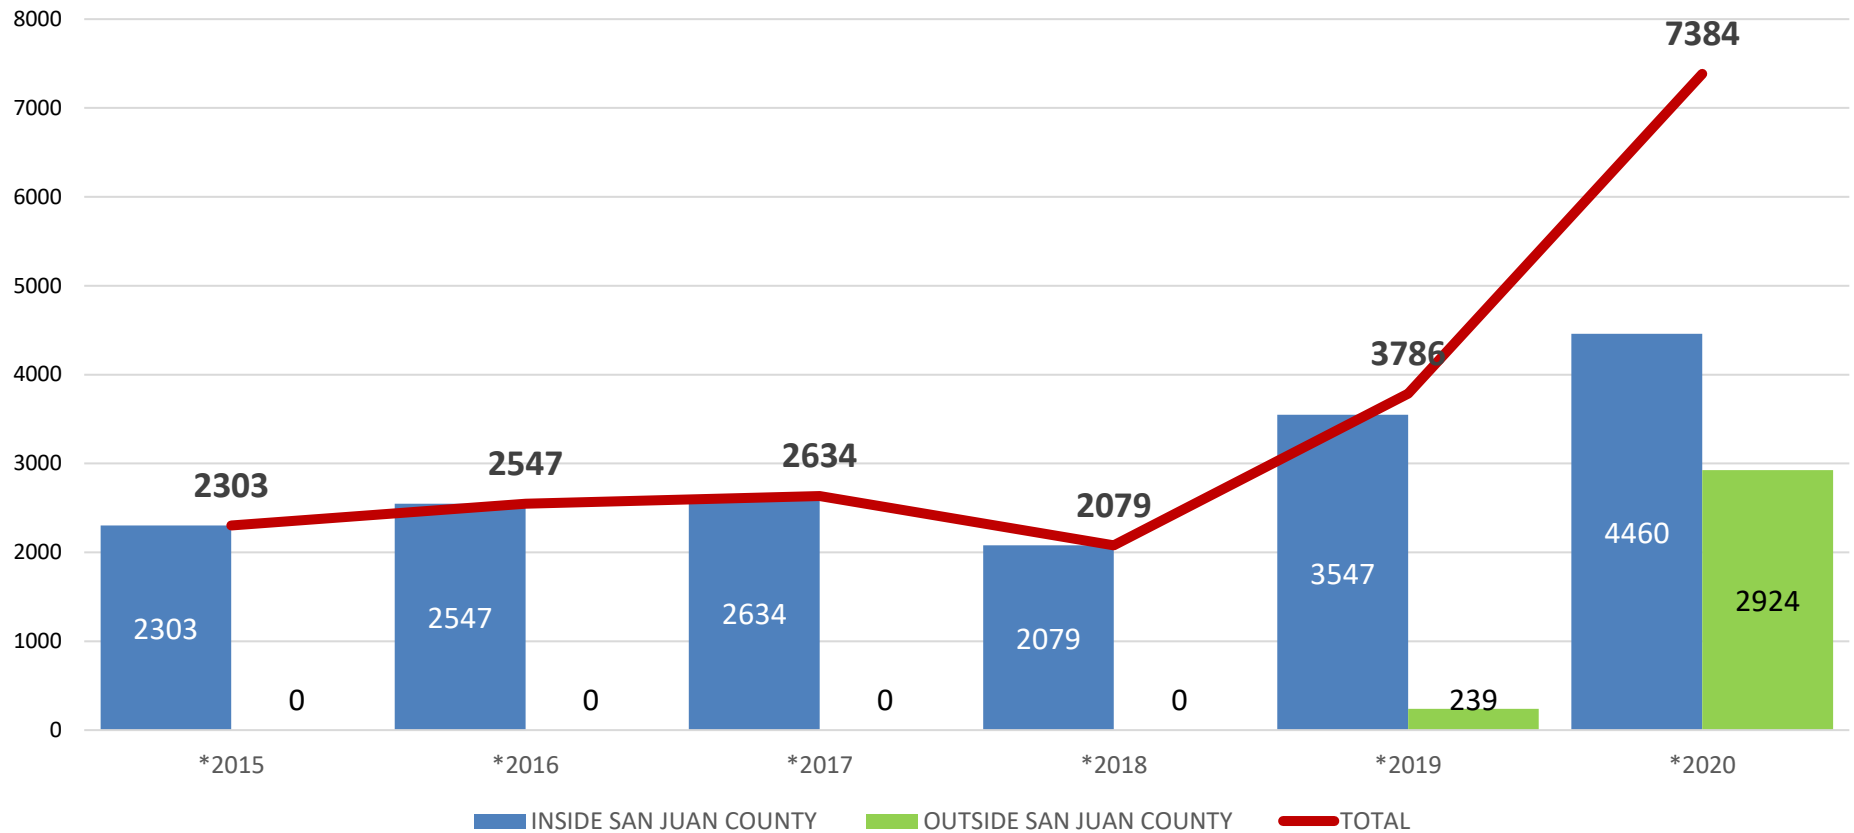

[gis.sanjuanco.com/aircraft-noise-reporting](https://gis.sanjuanco.com/aircraft-noise-reporting)

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

This report is compiled by Quiet Skies:

<https://www.quietskies.info/>

## Annual Jet Noise Reports 2005-2020 By Location

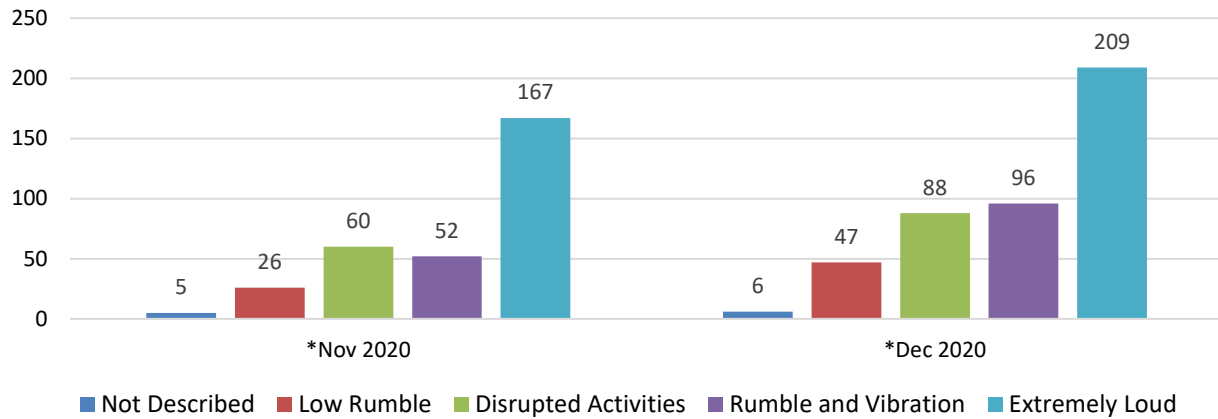

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all reports in the database since 2015.

## Jet Noise Reports By Location and By Month, 2020

### Outside San Juan County By Type of Noise, Nov and Dec 2020

### Inside San Juan County By Type of Noise, Nov and Dec 2020

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Sometimes reports do not include a specific time. For those, related data may indicate Day or Evening noise disturbance, or Not Available.

Note that there are hours of varying noise incidents. The Navy persists in using "annual noise averaging," significantly underestimating of the impact of jet noise. There is no "average" level of noise felt by residents in this region. The noise is variable and unpredictable.

### Outside San Juan County Noise Reports by the Hour, Nov and Dec 2020

### Inside San Juan County Noise Reports by the Hour, Nov and Dec 2020

**Inside** San Juan County  
 Jet Noise Reports by Day of the Week  
 November and December 2020

**Outside** San Juan County  
 Jet Noise Reports by Day of the Week  
 November and December 2020

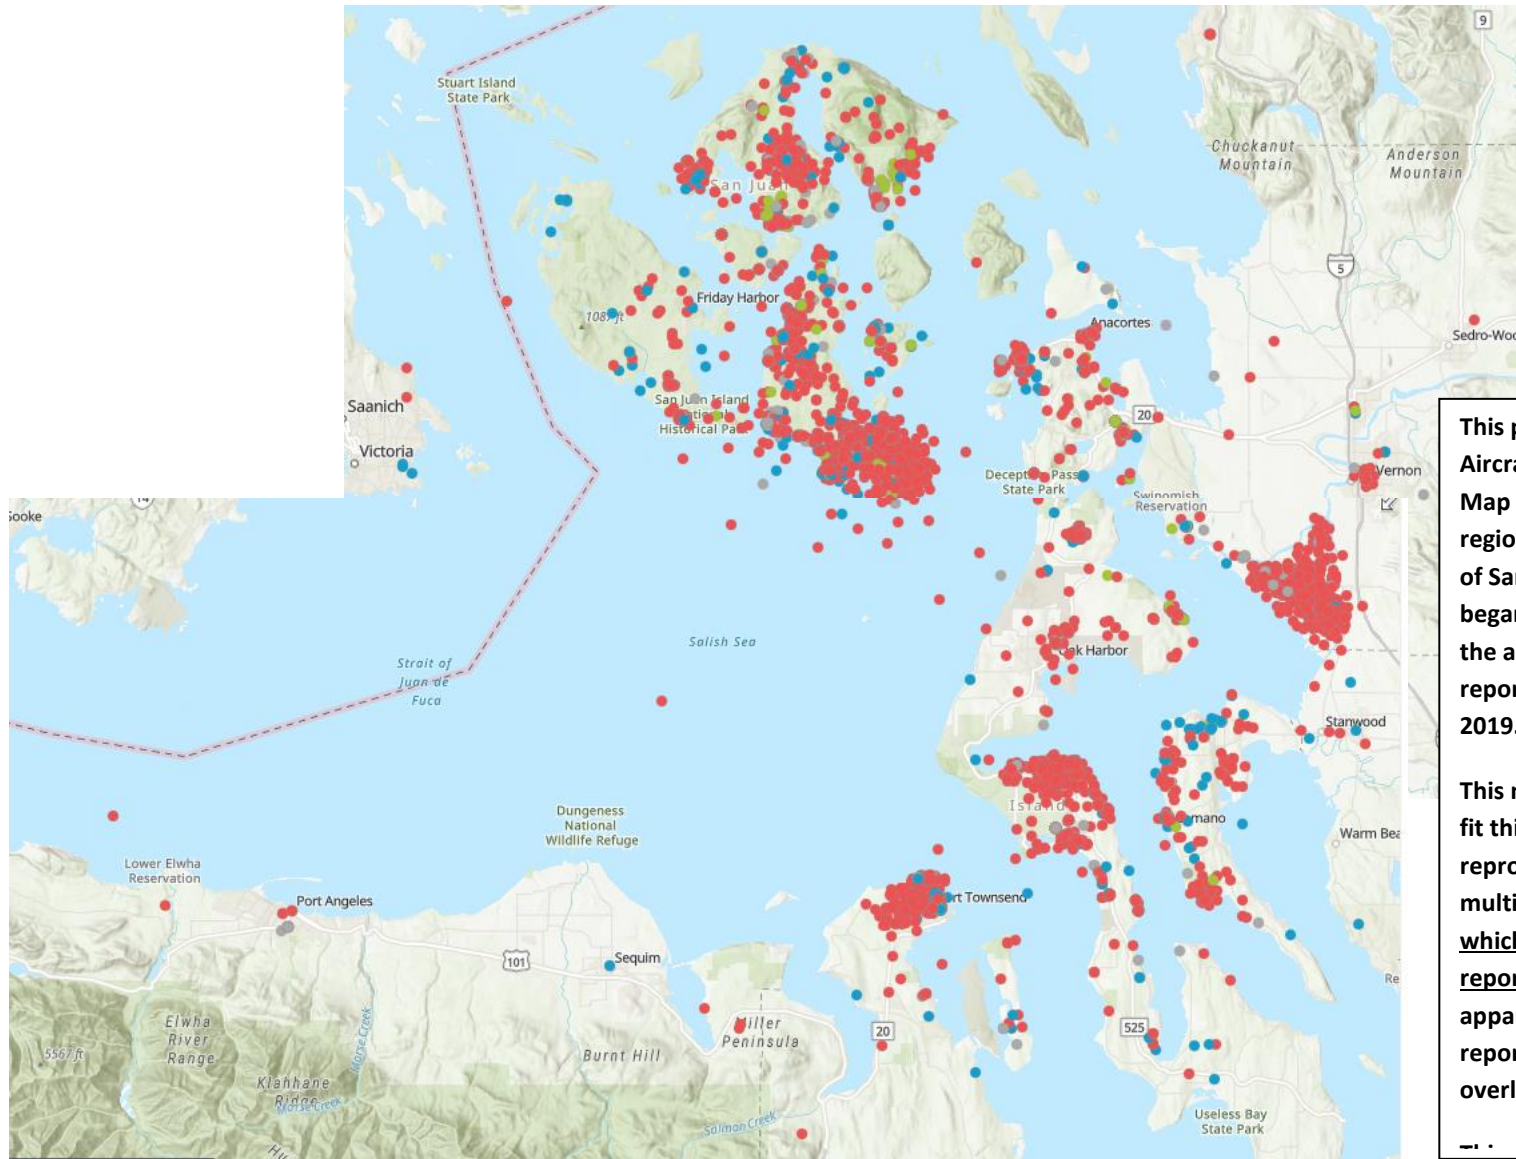

Another example: As described in the previous chart, the Navy persists in using “annual noise averaging” to justify its statements of low impact. As you can see in this chart, there is no “average noise” felt by residents in this region. The noise is variable and each day is unpredictable.

## All Jet Noise Reports January - December 2020

**As you can see in this chart, there is no “average noise” felt by residents in this region. The noise is variable and each day is unpredictable.**

This picture of the Aircraft Noise Reporting Map includes the larger region. People outside of San Juan County began having access to the aircraft noise reporting website in Fall 2019.

This map is reduced to fit this page. Thus, the reproduction of the multi-colored dots, which signify noise reports, minimizes the apparent number of reports since the dots overlay other dots.

## Comments Submitted with November and December 2020 Reports

### NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Beyond extremely loud. Disrupted business meeting conversation. This was really over the top. The noise level has gotten worse lately. Growler traveling roughly East to west direction and low.

"Really loud!

100.5 dB

102dB

105dB

2:40pm. Nov 3. MORE JET ROARING. South Lopez is just a racetrack for the jet toy boys. This is abuse. When jet noise from Growlers marches right into your home, it is ABUSE. South Lopez. 14 miles from Ault.

Ripped from early sleep after long day at work by extremely loud shrieking navy warcraft. Anacortes 8:45 pm. Horrible for healthy life here. Impossible now.

102 dB recorded on iPhone dB meter. You continue to KNOWINGLY damage our hearing and general health just as you did by poisoning our drinking water.

In addition to the stress inducing scream of the jets, there was a stench of jet fuel that hung over an area from east of Anacortes, Wa. to well south of Rosario Head.

I am a teacher who is currently teaching special education class remotely. My students pick up the noise via our Google Meet and cannot hear me clearly. It is definitely affecting my teaching and their learning.

S Lopez, 1 Nov, 20, Sunday: 9:12 am. 73.3 decibels on a Sunday Morning. What a horrible way to start the day with everything rattling.

Such a loud, rumbling pass by, we couldn't speak. Windows rattled. It can still be heard. South end of San Juan Island. This is too loud and disruptive! I can't imagine how people who live closer to the naval station can bear it. EA-18 Growler?

5:31pm, Nov 3, We have just been BUZZED by a jet. I don't have time to rush to the window to see, besides it is dark and cloudy, but that jet was ready to land in our yard. SCREAMING. SOUNDED LIKE THE SKY WAS RIPPING APART. PEOPLE LIVE HERE!!!!

This is the thing. It's ALL. DAY. NON. STOP. Every few minutes. All day long. My kids hate it. My animals hate it. I hate it. Everyone who lives here hates it. We're monitoring the noise whether the navy likes it or not, and our AG isn't letting up.

Resuming FCLPs at OLF. Trying to make calls to family and friends that we are missing over the holidays. So loud it is impossible to talk on the phone or zoom.

One just flew over that sounded like it was going to take the roof off. We are trying to eat dinner and can't have a conversation. Nerve racking!

Way loud

A few other times over the course of the last 1/2 hour

Could be growler. Foggy. Definitely Whidbey. Not P3

Was that an earthquake? My visitor asked. no, that is the navy growlers 8 miles away and their noise shakes our house. I told her that they consider us collateral damage so it doesn't matter how much their noise hurts us.

Since 8:15 AM, continuous blasts of house-foundation vibrating sound waves have penetrated our home and our bodies. Growlers at NAS Whidbey is destroying our lives. Inside C scale readings of 86db to 90+db have been ongoing all day. This is torture!

Deafening, shook windows

LOUD PASSES LOW OVERHEAD ALL AFTERNOON (IF IT SEEMS LIKE I'M SCREAMING, I'M JUST TRYING TO BE HEARD OVER THE JET NOISE!) -- SEVERAL LOW PASSES PEGGED AT OVER 100dB! (according to my meter) I'M ABOUT READY TO FILE MY OWN NOISE LAWSUIT

These planes are on top of me. I think I could reach out and touch their underbelly. They are making me deaf. I have to plug my ears. Everyday all day long from sun up to 8:30 - 9 at night. Jesus christ. Ridiculous.

Navy Whidbey noise

The windows in our house on Shaw Island are rattling from the vibration from the growlers. The roaring has been going on almost all day. It's now nearing bedtime, and the roaring is TERRIBLE. RATTLING WINDOWS

Navy Whidbey noise, not other aircraft. Foggy. Can't tell but sounded like ground testing or Growler

This was Navy Whidbey noise, not P3, foggy, could be engine test, could be growler

GET YOUR DAMN JETS OUT OF LOPEZIAN AIRSPACE NOW!! YOU HAVE RUINED TWO TELEPHONE CONVERSATIONS WITH MY HEALTHCARE TEAM TRYING TO TAKE CARE OF ME FOLLOWING A MAJOR OPERATION!! GET THOSE DAMN NOISY GROWLERS OFF LOPEZ!!

It was loud"

Nov 2. At Anacortes Ferry Dock. BIG JET ROAR. How do these Anacortes folks stand this?

S Lopez, 2 Nov 20, Monday: 9:56am - 76.8 decibels, 10:02 am 73.9 decibels, 4:26pm Loud Overflight - sent us running for the house and our Bose headphones!

Shook the house and caused the animals to run. Nice job Navy. Thanks.

Simply absurd!

So tired of this.

Solid blasting of noise from Navy Whidbey, lasted 5 minutes

Started up quite suddenly. Scared both me and my 12 year old daughter. Cat woke from her nap and ran off.

The house is shaking. The noise is at times deafening. The dogs are cowering. Noise from the jets is completely unacceptable. The sense of dread created by this terrible noise is inescapable and truly dreadful. SHAME ON POLICY MAKERS WHO ALLOW THIS.

1:09pm. Nov 3. Continued rumbling and vibrating noise from Whidbey. S. Lopez.

1:12pm. LOUD jet noise from Navy jets. Nov 3. S. Lopez.

1:31pm. Nov 3. S Lopez. Loud rumbling and roar and prolonged rolling vibration from jet activity at Whidbey. Long rolling thunder.

1:36pm. Nov 3. The abuse continues. Thunderous rolling roaring and vibrations from NASWI. S. Lopez.

1:50pm. Nov 3. LOUD JET ROARING OVER SOUTH LOPEZ!!!!

11:39am. Nov 3. Frightened by sudden rolling ROAR overhead. Out of the blue a HUGE Roar roiling overhead. Cloudy, so I cannot see. Maybe two jets. Noise was frightening. South Lopez.

12:09pm. Nov 3. MORE rumbling and jet noise vibration from Whidbey. Annoying to have this constant thunder and vibration. S. Lopez.

2:33pm, Nov 3. Jet noise is FILLING OUR HOME. Jets must be circling over and over Lopez. The noise is almost constant and LOUD.

2:34pm. Nov 3. The jet roaring continues with a new roll of thunder. Lopez.

2:35pm. Nov 3. Now again, another roaring pass by growler. Roaring, now screaming, more roaring. IT IS CONSTANT. STILL ROARING at 2:37pm. We live in a WAR ZONE. S. Lopez.

2:52pm. Nov 3. More rumbling vibration from jet activity. South Lopez.

3:35 PM Nov 3. LOUD jet landing on our roof!!!! The noise is excruciating. Outside, unavoidably. Could not escape the roaring and screaming of jet noise above us. Mud Bay, Lopez.

3:55pm. NOV 3. SCREAMING JET NOISE OVER OUR HOME. MAYBE MORE, BUT IT IS CLOUDY. IT SOUNDED LIKE THE ENTIRE FLEET OF JETS OVER US. SCREAMING AND ROARING. NOT FOR A SECOND, BUT EARSPLITTING MINUTES. MUD BAY, LOPEZ.

XXX East Cove Road, Decatur Island

XXX East Cove Road, Decatur Island

So extremely loud, like it was right above my head. My cat ran for cover. Can you do something so this does not happen again?

The Map location is still not working."

4:15pm or so. Nov 3. Out walking in order to get some fresh air and exercise. Suddenly slammed by a huge roar from Whidbey. Very loud rumbling vibrating roar. Long & persistent. As if a jet was trying to take off, but the runway was long. LONG ROAR.

4:31pm, 11/3. It has been a day of constant jet noise. Just now, another screaming and roaring jet over us. The log roar as it curves away. Still roaring. Still roaring. Still roaring. Still roaring. Still roaring. Still roaring. Mud Bay, Lopez.

4:40pm, Nov 3. S. Lopez. Screaming jet overhead, with long roar as it veers away. And I mean SCREAMING.

5:03pm. Nov 3. A VERY BAD DAY. FILLED WITH JET NOISE. Right now, another screaming and roaring jet over South Lopez. This is insane. An entire day of jets bombing over us. GO AWAY. The noise infiltrates our home. ABUSE.

5:36pm. 11/3. S Lopez AGAIN. Jet roaring over S. Lopez. We are angry & distracted by this jet noise. LEGISLATORS: YOU ARE ALL TALK & NO ACTION. ACKNOWLEDGE THAT THE NAVY IS ABUSING THIS REGION. I WILL VOTE FOR AN UBER DRIVER BEFORE I VOTE FOR YOU.

5:39pm. Nov 3. The abuse continues. Another roaring and screaming growler over our home. S. Lopez. This is a reign of terror today.

5:43pm. Nov 3. We may as well live on the SeaTac runway. That is what today has been like. Right now ANOTHER JET SCREAMING over us. Constant harassment today. CONSTANT.

6:32pm. Nov 3. We are getting big rumblings and vibration from Whidbey. Take-offs? Engine run-ups? The noise is loud and penetrating. S. Lopez.

6:36pm, Nov 3. ANOTHER screaming and roaring jet over South Lopez. This is a hell of a day for jet noise. Constant bombardment. ALL DAY.

7:01 pm. Nov 3. Just got blasted again and again and again by jet roaring and vibration from Whidbey. It is as if there are bombs going off continually . S. Lopez.

8:23pm. Nov 3. HUGE blast of jet above our home. Screaming and deep throttling Roar. Startled. Interrupted. This whole day has been a terror attack by the Navy. Roaring flights over Mud Bay, Lopez.

8:25pm. Nov 3. Right on the heels of a jet attack a moment ago, we now have another BLAST of bombing jet noise over us. We are under attack. There is no other way to describe it. It has been like this all day. South Lopez.

9:59pm. Nov 3. What business does the Navy have to fly a roaring jet over my home at 9:59pm? Is that necessary? No. Is it arrogance? Yes.

A couple of times around this time. At Channel Preserve, SJC Land Bank aircraft circling around our area twice.

all i want is to live somewhere i wont be tortured i wear noise cancelling headphones 23 hours a day here i only take them off to charge the battery i want to feel like a human being again the last eleven years are just a big black hole

Almost 6pm in the dark of winter- and a trip to the mailbox sounds like WWII to the south- horrendous roaring/thunder echoing off the water and up to Anacortes- the antithesis of peace and constantly stress inducing. Very bad for health

"Awful sinister/threatening thunderous sounds rocking the sky and disrupting thoughts and occasionally conversations in Oak Harbor medical clinic- all morning so far. Makes work difficult.

Can't hear tv

definitely Whidbey noise, continues really loud now at 7:19pm

every day is hell you completely destroyed my life nobody does a thing to get me out of this

Extremely loud Growler overflight at 10 PM - very late

F\*\*\* you

Get your DAMN LOUD JETS OUT OF OUR SKIES!! WE NEVER AGREED TO BE PAWNS IN YOUR WAR GAMES!! GET THE HELL AWAY FROM LOPEZ ISLAND!!

Getting close to 9pm and the growlers are still ripping up the night sky-treating the civilians of western washington as enemies. Unconscionable abuse. Anacortes

"Going to try to head to sleep

Nov 2. ANOTHER roaring jet over the Anacortes ferry dock. In my car, windows closed, radio on, and WHOOOSH there is jet noise in my car.

Can the Navy supply those of impacted with sleep aids and ear plugs? The Navy needs, and should, protect its personnel against excessive noise. Can't they afford to do the same for the taxpayers? Tax credit for noise?"

I'm so tired of all the noise. Going on since I worked out in the garden around 5:00pm. So unrelenting. I get tired of trying to report it. Seems like most days are over 10 loud flights. Fridays are especially bad. Why? Why? Why? You ruin so much.

Jets screaming immediately overhead, back and forth. DREADFUL NOISE.

"more jet noise, more and more

soon you won't get getting all these reportings from me as I migrate away from here in winter, in major part to get away from the jet noise

Much too loud to speak to others

My kid came home from the after school program at the school play field and said she could see them flying by all afternoon and that they were so

close she thought they were going to land at the school. Leave my family and community alone.

no point in voting since everyone in office loves endless military torture burn in hell rick larsen i hope your children get raped all i want is to sit quietly and read a book. nothing could be worse than being in anacortes and i have no way to leave

Nov 3, 8:50am. Rumble and vibrating jet roar from Whidbey. S. Lopez.

Nov 3. 12:49pm. Continued LOUD rumbling and rolling vibrations into our home from jet activity at Whidbey. Disgusted with the Navy. Just Disgusted. Growler jets need to be in a less populated area. Their rationale is WEAK and covered with LIES.

Nov 3. 2:20pm. Outside. The skies are filled with jet noise. FILLED. The roaring is loud! S. Lopez.

Our windows just shook. Today has been the worst day for noise since we moved here in 1986.

Really loud blast at 8:23pm, noise continues

S Lopez, 3 Nov 20, Tue: No FCLP's at Ault - BUT - we have experienced roughly 10 hours of 68 - 88 decibels ( inside) of ROARING Growlers from 8:45am - 7pm with very few breaks. A ghastly day of constant noise. The Navy is such a BAD neighbor!

several other jet noises, definitely coming from Whidbey, a couple very loud

several other times also

Several other times also.

Soo Loud

Sounded like they were going to crash into our house. Frightening.

**STOP RUINING OUR PEACE!! STOP USING LOPEZ ISLAND AND LOPEZIAN IN YOUR WAR GAMES PRACTICE!! WE NEVER AGREED TO BE MILITARY PAWNS!! LEAVE LOPEZIAN AIRSPACE ALONE!!**

**STOP TREATING US LIKE WAR GAME PAWNS!! GET OUT OF LOPEZ ISLAND AIRSPACE NOW!! YOU ARE CAUSING HEADACHES AND RUINING MY HEARING!!**

Such a terrible place to work- Oak Harbor- so much intermittent warplane noise today, sometimes disrupting conversations, always disrupting concentration and occasionally causing ear pain. All day so far- at 2:30pm.

The jet noise today has been horrific. Impossible to carry on a conversation.

This is the fourth time today

Very loud flyovers occurring late morning, mid day and this evening. Had to stop conversations inside the home during these events.

Wanted to be able to sleep but Whidbey in not allowing that tonight.

Whidbey noise

Want to sleep off election night; however, there is jet noise.

whidbey noise, several times in the past 10 minutes

Wretched aircraft noise- through the walls and windows of our medical clinic. Intermittently enough to hurt the eardrums- here inside. Oak Harbor, WA where every day may well be navy sounds of war day.

1:09pm. Nov 4. The nightmare continues. Was on the phone with a client and suddenly I could hear nothing except the scream of a jet overhead. The

jet scream was penetrating and deafening. Just like all day yesterday. Mud Bay, Lopez.

1:11pm. Nov 4. ANOTHER jet roaring over South Lopez. What are we? Target practice? Still roaring.

1:17pm. Nov 4. GROWLER SCREAMING AND ROARING OVER MUD BAY, LOPEZ. LOW AND LOUD. DEAFENING. It is clear we are the enemy. The roaring continues.

1:19pm. Nov 4. ANOTHER GROWLER OVER MUD BAY, LOPEZ. Flying Northeast. Low. The noise is DEAFENING. What right does the Navy have to invade our homes with earsplitting noise?

10:40 pm- thunder loud enough to wake me from sleep. Awwful. Anacortes

11:55am, Nov 4. Loud jet roaring over south Lopez.

12:37pm, Nov 4. A loud jet roaring over us. I hope we are not going to get a repeat of the NIGHTMARE that was yesterday with jets sounding like they were going to land on our roof. S. Lopez.

6:13pm, Nov 4. Screaming and roaring jet over our home, Mud Bay, Lopez. Then, I guess it is turning, and we get this hideous deep ripping roar. Our house is filled with the jet noise.

8:38pm Huge roar from jet noise this evening. Launching a plane this late at night?

8pm in Anacortes and these warplanes are still wrecking the peace.

Anacortes is such a lovely, healthy place to live- except for the often constant loud, threatening, disruptive sounds of warplanes. From sinister thunder to mind-blowing screaming jets. Disquieting thunder tonight 6:30 pm- so far...

definitely Navy Whidbey. a couple of blasts of jet noise earlier

In the past couple days we have had 8-10 flights over our house. Two were extremely loud. The one today at 2:13 pm and one night at 10 pm. We were unable to hear the dialogue on the tv while it flew over. What's happening? Why so many flights lately?

Jets flying right over the house- down low. windows shake, house shakes, conversations stop. A jet comes by about every 90 seconds.

Over home mud bay

S Lopez, 4 Nov 20, Wed: 5:02 pm ROARING. 6:12pm Loud overflight - 75.8 decibels inside.

Screeching loud. I interrupted important conversation and peace.

"Second LOUD GROWLER over North Lopez. The sound when they bank is overwhelming!!!

My toddler grandson runs to me every time they are overhead. "

Several low growler flights around this time. All heading north

several other times too

So loud, I can't even study while inside my insulated house. Why is all the flying here at OLF this week. Why not in OH

These growlers now 3 days in, all day long, and so loud they burst my ear drums almost. I have to stop doing my work and plug my ears to keep from going deaf. It's like they are right on top of Decatur Island. Ridiculous.

"Two growlers, very low and loud

Several other flights also before this"

Very low

Why keep flying over South Lopez Island?

Why so close to home?

"Why was the Growler flying north with its landing gear down?

Very low. High sporadic cloud cover, no need for such a low flight with gear down. Wasting fuel, destroying my hearing. "

Wretched searing tearing ripping sounds in the sky- extremely loud, drowning everything out for many seconds and fading out only over minutes. Miserable. Anacortes- evening

10:39am, Nov 5. Skies are roaring with jet noise. Loud and insistent. Annoying noise. S. Lopez.

4 loud flights during dinner

6:01pm. Nov 4. First we heard a high whine, then a scream, then the ROAR of a jet over our home. Deafening inside our home. It seems that the Navy is developing the habit of LOW LOUD flights over Mud Bay, Lopez. It is still roaring. Still roaring.

6:10pm. Nov 5. ANOTHER SCREAMING GROWLER directly over our home. LOW, LOUD. DEAFENING. We are apparently their new runway. The Navy is an abuser, and, I think, proud of it in their arrogance . Mud Bay, Lopez.

6:33pm, 11/5. Jets roaring over South Lopez.

7:34pm. Nov 5. FIRST WE HEARD THE WHINING SHRIEK, THEN THE DEEP DEEP ROAR AS THIS JET JUST ROARED OVER US. IT SOUNDED VERY LOW. COULD FEEL THE WHOOSH OF THE AIR. DARK, IN THE TREES, COULD NOT SEE IT. SCARY.

7:46pm. Nov 5. ANOTHER low flying jet over our home. Deep pulsating vibrating roar. S. Lopez

7:47pm. Nov 5. ANOTHER roaring jet noise over South Lopez. I don't know what is flying over us, but it is LOUD, with prolonged roar. I think the Navy is just flying any path they want. These jets seem to be going in a variety of directions.

A growler flew over at 6:00 and another just came over at 6:10. What is going on?

Another session of FCLPs staring at OLF. Really have had enough already.

Can't communicate without yelling.

Disrupts my ability to play music inside my home.

Disturbing my only social time, at dinner.

FCLPs at OLF. Enough stress with election, Covid, husband recovering from surgery. Last thing we need tonight is jet noise.

Flew so low it rattled the entire house and the contents!

God bless America

I can do this all night

I don't live next to a Navy base, nor do I agree with the military agenda. Why am I forced to put up with this?

I should not have to hear this disruptive noise inside our well insulated house. Much, much too loud.

In my home with windows closed I need to turn TV up to hear. My wife had difficulty speaking on the phone

It has been unrelenting all day...just stop it already

It's 6pm and the growlers are at it again. I am inside and the noise is so loud, I have to plug my ears....inside the house. Really?

Jet circling overhead and the windows are vibrating. Unable to see due to darkness, but sounds just like a Growler.

Like a rocket screaming through the house from one end to the other. Insanity!

Not the best day, not the worst day: all day off and on - trying to work in Oak Harbor and train of thought wrecked episodically by headache generating warplane racket. Hard to think, hard to speak to colleagues, and make phone calls. Oak Harbor.

Over 10 flights this morning, one shook my desk.

Roaring jets at bedtime. TERRIBLE ROARING.

S Lopez, 5 Nov 20, Thur: 5 pm, 6:23pm, 6:28pm, 6:45 pm - 7:05pm , Still at it at 8:03pm. The steady ROARS feel like we are being PUMMELED by giant BURSTS OF THUNDER. So wish Larsen and Murray and their families had to listen to this!

So loud I will be sleeping in my unfinished basement tonight

Stupidly loud over and over.

Taking an online class. Can't hear the instructor. So frustrating.

The loudest its been for few months!

Very very loud constant rumble. No matter what you do it goes through the entire house

Walking to car to leave Oak Harbor after work when ear splitting din, clearly too loud for safety, endangering hearing, painful screaming jets. 2 growlers low and loud, flaps down, gear down right over town with people and houses. Dangerous.

1:15pm. 11/6. Just came in from outside where my ears were BLASTED by jet noise just to the south of us. The roar is deafening. Lopez, South end.

1:38pm. 11/6. Personally, I am looking forward to leaving Lopez. The jet noise is incessant. Just now ANOTHER SCREAMING and ROARING jet over S Lopez.

1:47pm. 11/6. ANOTHER screaming and roaring jet rips the skies over South Lopez.

10:04am, Nov 6. Huge rush of jet noise swirling above us. South Lopez.

10:15am, Nov 6. LOUD LOUD jet roaring over South Lopez.

10:17am. Nov 6. Recurring jet noise, jets are roaring over South Lopez. Can't be outside because the noise is so pervasive. Jet noise in your head all the time.

10:43am 11/6 Deep jet roaring as if a jet has taken off & is veering toward us. Distracting. My startle reaction wonders if something is wrong, if the washing machine is out of control, if a truck rolling up to the front of the house. S Lopez

2:20pm 11/6. I will submit a report for each excessive jet noise I hear. Like right now. Doors and windows closed, Music on, and the jet roar just comes right in to the house and overrides everything.

Not just once repeatedly

2:26pm. 11/6. Here we go again. ANOTHER roaring blast of jet over South Lopez. If those jets are anywhere near us, they may as well be on top of us. The jets are gruesomely loud, and the noise carries over water.

9:05am. Nov 6. On a Zoom call with a client and the jet noise is so loud it is interfering with our conversation. I don't know what is going on up there in the skies, but the jet noise is interfering with my work. S. Lopez.

Carrier land practice over Coupeville

Distractingly loud & continuously going on for the last 30 min. No end in sight?

I don't live near an airfield and don't understand why I need to listen to this constantly. This is not an airplane flying over but a constant loud nuisance. And terrible for the environment.

Multiple flights came in low and within 1/2 mile of Marrowstone Point. The magnitude of the sound pegged my decibel meter.

XXX East Cove Road, Decatur Island.

Oak Harbor must be a noise pollution cess pool tonight!

Roaring roaring roaring. The horrible jet noise does not need to be nearby to be nonetheless dreadful and unsettling. Even when not at high decibel levels here on our island, it's near somewhere else and it's dreadful whether immediate or distant.

Very low flying Growlers while we were back country skiing on Mt. Baker today

We're in the no fly zone and jet is flying over our house

Windows shaking as Growler went by.

It is Sunday and they are not supposed to be flying.

Woke me

10:23pm Nov 9. Sudden LOUD Scream and Roar of a jet overhead. Deep throbbing roar invades the house. Now it is into its long roar as it heads away and seems to turn. About ready to sleep but now worried we will continue to be bombarded.

10:29am. Nov 9. Suddenly a screaming roar over our home. Blocked out every other household sound. Startled me.

10:56am, Nov 9. A very long roar from jet above. Maybe two because it is that loud. Cloudy, can't see. Deep penetrating roar. Destroyed my concentration. The Navy is a terrible neighbor.

Disturbance in our Olga area this morning.

F\*\*\* em

Had tried to go to bed early but ripped awake by the metallic sounds of sky shredding- 9pm in anacortes. The navy abusing our landscape and people of western Washington. Business as usual.

Hard to sleep when windows are shaking.

I have woken up to these 4 x this week, the same time. Miserable. Like waking up to war.

Jet rumble from inside the house couldn't see aircraft type with clouds.

Just tired of these growlers. I'll keep reporting everytime.

Loud

Ridiculous noise of Warcraft in the Safeway parking lot in Anacortes. 6:30 pm

such a horrible and constant contrast to the beauty of an afternoon hike.

such a horrible and constant contrast to the beauty of an afternoon hike.

Walking across the street to get lunch at hospital in Mt Vernon- ear piercing, overflight of growler, dangerously loud for some 20-30 seconds then just loud for another 30+, takes for ever to fade away even when they just "pass by." Vicious machines

Walls and desk shook from inside home.

WHY! US Citizens having being woken up to sounds of invasion! There is no explanation for the fact that these horrible vehicles of death continue to harm the very people they are tasked to protect.

2:13pm. NOV 10. SCREAMING jet noise above our home. Is the whole fleet up there? The noise is everywhere. This is abuse. S. Lopez.

2:15pm. Nov 10. More jet noise. Another jet. Or is the other one circling over us? The noise is DEAFENING INSIDE MY HOME! The Navy has declared war on this region. There is NO EXCUSE for this. There are unpopulated areas to fly over. NOT HERE.

2:17pm. Nov 10. Here comes another jet over us! What are we, the new landing pattern? This is INSANE. NAVY: GET OUT OF HERE. YOU ARE NOT WELCOME. S. LOPEZ.

3:05pm Nov 10. From the NOISE level I am guessing there are two Growlers above us. I am busy and not at a window. But the NOISE is LOUD and shrieking and persistent. Now it is down to its characteristic roar as it veers away. ROARING. S, Lopez

"383 East Cove Road, Decatur Island.

The map location feature is not working."

5:54pm. jets roaring in the skies. Will this be another night of horrible noise and irritation? South Lopez

9:45am, Nov 10. Rumbling jet noise and vibrating air. South Lopez.

At least two loud jets went by. We were at Rosario Resort, but saw them slightly further south flying from west to east over Orcas Island.

Doe Bay Orcas Island

LOUD LOUDER LOUDEST GROWLERS IN THE SKY OVER NORTH LOPEZ

Outside doing kindling when two Growlers, one after another, thunder, blasting my head. Why in God's name, Rick Larsen and Patty Murray, do you do this to your own people???

Repeated overflights - number 3 is happening right now - ranging from loud to very loud as heard from inside the house. There have also been very loud overflights as late as 10:30 pm several times in the past week. Incredibly disruptive.

Sure have heard /seen a lot of them lately.

I'm not certain of the exact time, but several flights went by while I was determining if I should camp at the state park. The jets were so loud, it scared my dog and triggered considerable stress anxiety for me. I left the park.

Just when one thinks the federal government holiday will let us have peace- as usual, no, 9pm and growlers are wracking the skies to the south. Sounds of warfare in Anacortes - 11/11/20

On going FCLPs at OLF.

S Lopez, 11 Nov 20, Wed: 8:12pm - A good night > BLAST< from our Navy neighbors.

"So loud that the jets were over powering noise canceling head phones during an important covid response meeting.

Even in the house when I took my headphones off my ears started ringing after more jets flew over."

third night this week waking up at the same time to this dreadful sound. It's bad enough in the daytime, night too?

Woke me

10:15 pm and still sinister roaring echoing across the sky- difficult to sleep. Anacortes

4th night in a row of waking up to this horrible sound

Awful threatening thunderous rumbling from Whidbey- shaking the bones like an explosion or earthquake. A sensation humans are Hard Wired to find threatening/stress inducing. 2pm, Anacortes.

Doe Bay Orcas Island

F.U.C.K. Ing jets

F\*\*\* em

F\*\*\* em

**F\*\*\* your fly overs every 3 minutes.**

**Horrible roaring. Dreadful roaring. Ongoing roaring. Unhealthy roaring. Disruptive roaring. Disturbing roaring.**

**Peace wrecking sounds of warplanes louder than the peaceful wind and rain we should be able to hear at 8:15 in the evening. Nature should lull us to sleep- and restore our strength, but cannot do so. Anacortes**

**S Lopez, 12 Nov 20, Thur: No FCLP's scheduled at AULT - BUT - lots of Blasting and Roaring from 8:44am - 11:07am. Decibels range from 66.4 - 72.6 inside the house. Ten decibels more outside.**

**Sky shredding, peace wrecking , health destroying racket- nearly 8:30 pm. I need sleep and restoration. Anacortes and Whidbey and the San Juan's need this. Navy Warcraft prevent it- nightly, daily. Unconscionable. Anacortes**

**Still f\*\*\*ing rolling**

**terrible terrible terrible.**

**The sound of these growlers makes everything around it seem like HELL.**

**Trying to enjoy a welcome day off from work in Anacortes- morning marred by creepy thunder from the south from off and on constant Growler flights, now very loud aircraft nearer by, not visible in the low grey clouds. 1pm echoing everywhere- horrid**

**It is Sunday, not supposed to be flying at all**

**The usual, all day intermittent blow your ear drums growlers in the sky; and lucky me get to lie away from 6:30 to 9:30 or 10 until they quit.**

**After hearing off and inside this morning, LOUD threatening jet thunder in the rain walking across to the hospital to get lunch. Such threatening, bone wracking noise- the antithesis of peace and healing. Skagit Valley Hospital. Mt Vernon. awful**

**Again, so loud even in the house,**

**All day long the Growlers have been practicing and sending out horrible noise over the south end of Lopez. Our minds and lives are disrupted by the enormous invasion of this noise.**

**All day long, and now just a constant rumble. It's almost 9pm. Knock it off already. My kids can't sleep and I can't work.**

**All day so far.**

**All morning. Again.**

**All too frequent so many days of the week. There seems to be no caring about what those of us who live in the San Juans have to put up with while you practice endlessly and waste fuel.**

**"Almost 9pm and I can't go to sleep in my bedroom due to sinister thunder vibrating through the walls- threatening and awful and palpable in the bones.**

**Hopefully downstairs will be quieter- will come up some time after midnight. Anacortes.**

**Can not hear TV**

**Can't even go to the bathroom in peace and**

**Cape St Mary, south end of Lopez Is. Freaked out people and pets.**

Come on, guys. With darkness falling at 5:30 pm, you have to still be flying at 10:30 pm when good citizens are trying to get to sleep? Extremely disruptive.

Continuing extreme disruption by Growlers at NAS Whidbey. From morning until now in evening, an unending onslaught of shattering sound, as we hunker down against house-shaking, body pummeling noise from Growlers. We are collateral damage- no relief!

Couldn't hear the TV

Doe Bay Orcas Island

Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful roaring. Dreadful.

Even as we try to wind down from the day, there are the Growlers flying right over. So loud we hear it in our house that is very well insulated.

Even our evening gets disrupted. Is this really necessary?

Fourth aircraft today. SO sick of this noise....as I'm sure are all the other animals on this magical isle.

Having to wear ear protection indoors now. More extreme and damaging decibel levels than usual.

Home from a very stressful day at work during this pandemic year 2020- to find horrific sounds of multiple navy F-18s just to the south- horrible sounds like explosions rocking the heavens. This is absolute torture of civilians. 7:30pm Anacortes

Horrible roaring. Unnerving, unsettling, disruptive, unpleasant, unhealthy, unnecessary HORRIBLE roaring.

I was trying to teach on-line inside my house - had to stop all teaching several times because no one could hear on either end of the connection. Loud overflights have continued until now (2 pm). Very disruptive.

I would enter all the flights almost daily if I didn't have a better use for my time. Do you not care at all about the daily lives of people? You do not need to burn fuel endlessly in the name of freedom. Sometimes less is more.

It's been going on all morning. I've been reporting this stuff for a couple years now; I'm not sure there is any point.

Loud rumble and vibration for the last few hours. Upsetting the dog.

Low !!! Slow and perhaps more than 1. Right over our house - again.

Low rumble and vibration throughout the day

Low rumble with vibration all late morning and afternoon

Nearly 10pm over Anacortes and after a short break the horrendous bone shaking thunder is back- this is horrible. We need rest- and peace. Impossible to relax and sleep. Navy abuse just never stops.

Non-commercial jets flying over multiple times over the past couple hours.

Normal people sleep right now. Get those horrible noise machines out of the sky so taxpayers can actually go to bed.

Not what I enjoy at peaceful breakfast.

Obnoxious and disturbing rumbling this morning. I'm trying to work! The noise is upsetting the dog . . . I bet our southern resident killer whales are not appreciating the noise either.

Rattling the house Since early today and still going. I'm happy I don't have to work outside today, it would be unbearable noise.

Roaring and vibration causing physical PAIN. PAIN in my chest and PAIN in my ears. HORRIBLE NOISE and HORRIBLE SENSATIONS.

Rumble and vibration, roar, extremely loud all day today. Sounds like an invasion. Constant rattling of the house And body.

S Lopez, 16 Nov 20, Mon: 8:24am - 1:44pm . FIVE HOURS of almost constant JET NOISE. No FCLP's scheduled - and again, we have an extremely Noisy day - WHAT ARE THEY DOING? Lying? Flying at Ault instead of OLF?

S Lopez, 16 Nov 20, Mon: Crushing overflight at 1:44pm - 84.3 decibels in the house. followed by more Roaring at 2:07pm and 2:45pm. The Noise starts again at 5:30pm and continues until 10:28pm. A total 11.5 hours of jet noise today! Insanity!

several times today already. windows are closed and loud pouring rain, but we can still hear these jets.

shook windows of the house

Since this morning, a constant bombardment of screeching thunderous noise from NAS Whidbey and relentless Growlers flying very low above our home on the south end of Lopez Island. The Navy tortures us, without a care for U.S citizens' well being.

So much for peace and quiet on island life. You ruin it almost every day. Spending endless dollars that could go to better purposes like education

SO TIRED of the endless noise today--afternoon into evening. Just rumbles in our house. Horrible!

This was the second incident today, when I was unable to hear my wife talking to me (standing next to each other, inside the house)

Get a life! Sound of freedom!

I am so happy to be able to report the presence of Naval Aviation at NAS Whidbey Island.

Intensely loud. It scared my 8 year old grandson terribly and my cat too.

Loud low rumble. Had to stop several phone calls at work and tell customers to wait until the jets went by.

might have been a ufo

Numerous direct overflights today by both Growlers and the propeller plane. Disruptive.

Once again, annoyingly intrusive

S Lopez, 17 Nov 20, Tue: The BLASTING begins again! 72.4 decibels in the house.

Unforgivable

Very Loud

3 passes so far today— not necessary!!! We are in a pandemic..can't we put our tax dollars to a better use???

Again, like yesterday, the sound is so very loud that it scares my grandson and my cat (and me a little). Please, please fly elsewhere.

Couldn't hear the tv

Couldn't hear the tv

Direct fly-over. Incredibly loud and it goes on forever. There has to be a way to make these aircraft quieter.

Doe Bay Orcas Island

Duh, noise on a runway. Who knew. Sound of Freedom! Ain't it great?

Extended noise pollution from Growlers - all after noon! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.666. Left vm about noise pollution.

Extremely loud flyover by single Growler. Had to come in from outside to escape the noise, and that still didn't help much. Other flyovers continuing.

**Get you God Damn Growler Jets OUT OF LOPEZ AIRSPACE!! WE NEVER AGREED TO BE PAWNS IN YOUR DAMN WAR GAMES!! STOP FLYING OVER LOPEZ ISLAND NOW!!! LEAVE US ALONE!!**

**GET YOUR GOD DAMN JETS OUT OF LIPEZ AIRSPACE!! YOU ARE MAKING MY EARS RING AND GIVING ME MIGRAINE HEADACHES. WE NEVER AGREED TO BE PART OF YOUR GOD DAMN WAR GAMES!! STOP NOW!!**

**GROWLERS Over NORTH LOPEZ!!!!!! Too LOUD. Too Scares my Grandson. NOISE for 4 minutes.**

Hearing through the entire house

Hours and hours.

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! 10th flight over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! 4th of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.6665**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! 8th of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! A total of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! Final flyover of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! First of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.6665.**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! First of 9 flights over my house! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.6665**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! Second of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.6666.**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! Total of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**HUGE noise pollution from Growlers - all afternoon! It's an air raid! Total of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**HUGE noise pollution from Growlers - even at bedtime.! It's an air raid! Total of 12 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk**

**I am on a Board meeting zoom call, in an insulated house, and the Growlers overhead again, in the Village, disrupting my ability to be on the call because of the noise interference. Insanity....**

**In a highly insulated house 2-4 Growlers went directly overhead, so loud I thought I would have to cover my ears. Why????**

**Jets are SCREAMING directly overhead, circling round over and over, coming near to breaking sound barrier. The noise and sensation are absolutely awful. Noise ordinances exist to protect citizens from noise. NOISE LIKE THIS SHOULD NEVER BE ALLOWED.**

**LEAVE US ALONE! Jets flying over our homes for hours per day is not a government for the people. Find an unpopulated region for this training PLEASE!!!!!!!!!!!!**

**LOUD GROWLERS have been flying by for hours!!!**

**No civilians should be subjected to the noise these planes make. The Navy is terrorizing its own citizens.**

**Noise all day today., TV his is ridiculous!!**

**Please be respectful - we appreciate the sound of freedom, and every is entitled to peace and quiet especially in the evening. Thank you for your consideration.**

**S Lopez, 18 Nov 20, Wed: Another 7 hours of screaming Growlers. 8:24am - 3:30pm. And then another 3 hours of BLASTING from 5:30 - 8:30pm. After 10 hours of almost constant noise everything shakes, including us. Shame on our legislators.**

**Super loud on the runway that's been there since the 40's!**

**"The jet noise is so loud now that I have a headache, stress and can not sleep.**

**I feel like I am in a war zone.**

**The jets have been circling all day and I am at the end of my rope."**

**The sound of freedom is awesome!**

**Unable to talk during fly-overs several times while walking outside**

**Very loud**

**While thankfully not a "bad" night, a few growlers are about, enough to remind us we live in a military training reserve and live and suffer by navy time. Anacortes. 8:30. No peace to be found here.**

**Woken from sleep again. So very bad for health. Anacortes. 8:55pm. Miserable place here with this abuse.**

**Woken from sleep yet again. 10 pm. Anacortes. So unhealthy. So harmful. So abusive. So frequent.**

**A number jets during day and then very loud flybys in evening.**

After a very stressful day at work- made worse by intermittent screaming aircraft in Oak Harbor- I come home to: more EA18G Growlers, flying about over my home in Anacortes. This is insane abuse of a civilian population, landscape and its creatures

Again today.... Nuts!!

As soon as I get to work in Oak Harbor- the sky ripping, ear piercing, concentration wrecking noise begins. Bad enough when trying to concentrate at work- we are right next to a school. Horribly unhealthy place to live and work- Oak Harbor 9am

Cape St Mary, south Lopez Island

Couldn't carry on a conversation

Extended noise pollution from Growlers - all after noon! 2nd of 6 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.666. Left vm about noise pollution.

Extended noise pollution from Growlers - all after noon! 4th of 6 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.666. Left vm about noise pollution.

Extended noise pollution from Growlers - all after noon! Fifth of 6 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.666. Left vm about noise pollution.

"Extended noise pollution from Growlers - all after noon! First of 6 flights over my house today! Hideous navy noise pollution. Jet interrupted my

research work. Also called NASWI Noise Complaint Desk 360.257.666. Left vm about noise pollution.

Extended noise pollution from Growlers - all after noon! Third of 6 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work. Also called NASWI Noise Complaint Desk 360.257.666. Left vm about noise pollution.

Get your gift damn jets OUT OF LOPEZIAN SKIES!! MY EARS RING FOR A DAY AFTER BEING SUBJECTED TO YOUR HARASSMENT!! WE NEVER AGREED TO BE PAWNS IN YOUR GOD DAMN WAR GAMES!! STOP NOW!!

I am going to kill myself to make the torture stop.

I have left several reports this week as the flyovers have been extremely loud and disruptive. Another loud flyover just happened and my 8 year old grandson asked, "Why won't the air force listen to us"? It disrupted his online school class.

Loud fly over that overpowered the TV and conversations in the house.

LOUD JETS OVERHEAD! Second day in a row.

Loud rumbling

Morning fly over by growler, low and very noisy.

Off/on EA-18G flying all day- kind of giving me a headache. Sound like giant metal vacuum cleaners, maybe somehow scraping the inside of my skull. Just not conducive to quality thought process. Makes work difficult and unpleasant. Oak Harbor

"One growler below the clouds. I was about 1/4 mile from our house on Nordic Drive. I had to put my fingers in my ears to deal with the sound. Soooo LOUD!

**STOP FLYING YOUR GOD DAMN JETS OVER MY HOUSE ON LOPEZ ISLAND!!  
WE NEVER AGREED TO BE YOUR DAMN PAWNS!! GET OUT OF LOPEZIAN  
AIRSPACE!! MY EARS ARE RINGING FRIM YOUR ROARING GROWLERS**

Well, it wasn't a rumble, because you've decided to mix it up and have jets screaming overhead instead of just that stupid growler rumbling and shaking my windows.

Direct flyover the San Juan's. For what purpose? Are we at war? Earth shattering noise just after the kids put to bed

Extremely loud low flight over the house on Lopez.

Fly over by two growlers that created noise disrupting outside activities.

It's bedtime dam it

**JESUS so LOUD!**

Loud enough to stop conversations at work

Second fly over this morning. My grandson is frightened by the jet NOISE!. He makes a fright noise, then wants up and sucks his thumb.

"Shaking the sky, the house the sea. And the peace.

Overwhelming noise and vibration. Doing absolutely nothing good "

So noisy it scared us!!!

Surely we should be done with hideous low frequency roaring of navy Warcraft by well after 9pm on a Friday- but no. Always time for the the disturbing sounds of war in Anacortes anymore.

Trump is a loser, and so is the navy.

Walking home and two Growlers directly overhead, low enough to see the windows on the cockpit. Covered my ears. It is a grievous act on a peaceful place full of people in the U.S. We are not at war.

Yesterday and today. I'm sick of it.

Engine run up followed by ear shattering noise overhead

Horribly rumbly

S Lopez, 21 Nov 20, Sat: Now we have to listen to the ROAR on Saturdays too. Overflights at 9:01am and 9:16am. 82.3 decibels in the house! We are being forced to live on Navy time.

Screamingly low direct overflight

The Navy operates with no respect to any sense of Normalcy. Noise penetrating the house so we can't even enjoy our home. AND WTF now on Saturday!

Thunderous noise

Woken from sleep by brief deep rumbling shaking from the south- sounds like explosions. After 9:30 pm on SATURDAY- egregious abuse. Horrible sounds. Anacortes

Not once not twice but three time. Window shaking. Right over Lopez, how the 'h' does this help train, our Navy? On a Day of Rest none the less. No respect.

S Lopez, 22 Nov 20, Sunday: 6:21pm Here they go again! Noise on a Sunday!

Aaaaand, the engines are off and running

All day long

Can not hear my wife speaking in same room

Completely destroyed the meaning of Sanctuary, Preserve! Bombing Lopez Hill with Sound.

Engine run ups loud enough to shake the dishes in the cabinets

How dare you! 10pm? It's not right and apparently you can't understand that.

It is impossible to sleep with these damn jets flying right over our home

Jets so low and loud that the house walls and windows are rattling. This is a brand new noise proofed house. Inside sound monitor is reading over 80 decibels. All through the afternoon and evening today.

Lopez is not the Navys domain. Fly overs after hours again.

Loud enough I could feel it in my house.

Numerous jets circling over head, unable to escape the rumbling even indoors.

One of the loudest Growler event in years

Outrageous

Overflights and distant grumbling have been going on all day. Very disruptive to indoor teaching work.

Painful eardrum vibration and shaking the house

Published FCLP schedule was evening flights, however, aircraft were overhead until 9 PM, an hour later than advertised.

S Lopez, 23 Nov 20, Mon: FOUR HOURS OF Constant ROARING 8:43am - 12:47pm. At 9:52 pm, when our home was peaceful - a final BLAST -

Terrifying awakening.sounded like they were crashing into our bay.

The smell of jet fuel is strong this morning as well as the endless roar of the jets.

THIS IS NOT A MILITARY RESERVATION WHERE THEY CAN FLY OVER AT ANYTIME!

Tired of making these reports. Really tired.

Two overflights

Very loud

Woke up sleeping baby

13:50 is the most recent of 3 loud flyovers over this course of today. Each one has been sufficiently loud that I have had to halt business presentations online for work until the flyover is complete. Flyovers are preventing business activities.

And another loud jet flying over...

Assaultingly loud and intrusive.

Can't even hear myself think outside. Must have run into restricted Navy Training grounds. Wait am I in Yakima? Navy is lost AGAIN

Can't even hear myself think outside. Must have run into restricted Navy Training grounds. Wait am I in Yakima? Navy is lost AGAIN

Continuous low flying and extremely loud jet noise. Disrupting dinner and one rumble caused a picture frame to fall off wall.

**DAMN YOU BASTARDS GET YOUR NOISE POLLUTING GROWLER JETS OUT OF OUR SKIES OVER LOPEZ ISLAND!! WE ARE HUMAN BEINGS NOT PAWNS IN YOUR DAMN WAR GAMES!! THE NOISE IS DEAFENING AND LEAVES MY EARS RINGING FOR HOURS!!**

Disrupted evening meal.

Disrupting work from home.

Disrupting work from home.

excruciatingly loud, and had to plug my ears. Why is this being done to us? Flight south to north right over the Village, followed by another slightly to the west up the channel.

Extremely loud interrupted Covid contract tracing call- growler is circling around making calls impossible at this time

Fourth disruptive flyover today, spanning nearly 7 hours. Made outdoor conversation impossible.

Growler's have started another day of burning money that should be used to address social ills

Happening more and more! Can't rest due to cancer treatments!

Has been passing overhead back and forth in the last half hour.

Horrible thundrous vibrations with occasional searing tearing higher pitched metallic sounds. Sound like the world is exploding at times. Such a peaceful environment for work and there's a school next door.... Oak Harbor 1pm but going on since 9am

I have heard these military jets flying over us as late as 1 a.m.! Seems more frequent lately. Intend to report every time i hear one. I don't understand

why they can't fly in Idaho where they used to. this kind of noise hurts us and wildlife.

I scheduled a job interview for the morning of Nov 24th in order to avoid Jet noise (on the schedule for LATE AFTER-noon). The interview was disrupted by loud jets the entire time. May cause me to not get a job I am qualified for /lose income.

inexcusable.

Insane peace wrecking, concentration wrecking noise- tearing up the skies and vibrating the concrete floor. Oak Harbor- absolutely horrible place to try to work. 8:30 am

It's hard to keep coming up with new comments to describe the same old offense.

"It's so extremely difficult to resist cursing at you for the harm and the damage you do.

Shame on you for not caring enough to work respectfully toward a solution."

Jets flying low overhead are scaring kids and making it very difficult to work on homework.

Jets screaming directly overhead, circling around again and again. Very loud, extremely unpleasant. DREADFUL NOISE.

knock it off!

Leave us alone. We want our peace and quiet back.

Loud jet over my home. Distracting and irritating.

Low fly overs over house and kids were outside and reported their ears ringing.

Over the top of orcas island low altitude

Really load and offensive level of noise coming from Grower OLF practice.

**RIDICULOUSLY LOUD LOUD LOW LOW GROWLER!!!!**

Rumble and disrupted activity.

S Lopez, 24 Nov 20, Tue: 3 Hours of ROARING: 10:45am - 1:57pm. When we hoped the Navy was done - another FINAL BLAST at 9:54pm.

Several extremely low, loud direct flyovers

Severe noise throughout the evening

Stop flying over or near the islands. It's incredibly disruptive and spooks the horses.

**STOP FLYING YOUR DAMN JETS OVER LOPEZ ISLAND!! WE NEVER AGREED TO ALLOW YOU TO RUIN OUR HEALTH AND OUR PEACEFUL LIVES WITH YOUR VAST NOISE POLLUTION!! LEAVE LOPEZ ALONE!!**

Stop the madness!!!

such a violation, disruption, anxiety producer and dismissal of human values!

Take cover! No clue that these are winter breeding grounds for birds. Navy has no right to buzz Lopez

Today is one of the LOUDEST DAYS IN MEMORY with many jets flying low and fast over my home. This NOISE IS UNSETTLING!

Under attack. Didn't know I had purchased under their flight path. Wait the Navy has no flight paths they just ho wherever they want. Stop The insanity!

VERY loud and multiple passes overhead. Very disruptive!

Very loud making it difficult to hear within home. There was more than just engine noise.

Very loud right over my house!!!

VERY LOW LOAD GROWLER OVERHEAD!!! The NOISE frightened my Grandson. The noise is still going minutes later. It sounds like a squadron!!!!

What's going on today? This is the 5th time that the jets have done a fly over my home. I need to report each time.

Is this our holiday greeting? Don't bother!

No flights were listed today

I did not call in this time. The noise went on for some time, maybe 15 minutes, so guessing it was a growler.

Long, noisy, drawn out rumbling.

Really? On a Saturday?

Another disruption of a peaceful evening. So tired of this.

Multiple passes of low rumbling heard while working from inside.

Repetitive all morning

"Three growlers in violation of so much I wouldn't know where to begin.

Shame on you."

After a relatively benign morning, the shrieking warplanes are making it difficult to concentrate. Trying to work- and concentrate (and failing) in Oak Harbor office- mid day. Right by a school- how can kids concentrate?

Constant rumble. Ruining a beautiful almost full moon rising.

Disrupted work from home meeting

Extremely LOUD rumble, roar, screaming jets from 9 am until past 2 pm, one of the worst days ever. Heard it all day long in Port Townsend, made any outdoor activity unbearable, most folks hid in their houses for hours. Shook houses in Victoria BC.

Good morning growlers. Thanks for another noisy morning.

Growlers flying out over Saratoga passage tonight making a lot of noise and disturbing the peace. Also - multiple P3 Orion planes today which is really not a problem as they are much quieter and flying higher and slower.

Loud and rumble inside my house with windows closed

loud but no vibs

loud, no vibs

Our intent was to do some bird watching, but the noise from the Growlers was so unpleasant, we canceled.

"Rather horrific- world ending sounds of metallic screaming/roaring outside in the dark. Awful, threatening, anxiety provoking noise- permeating the night sky.

Oak Harbor- interrupted business conversations on the phone. 5:15pm"

Rattling the windows, scaring the dogs. What the hell is going on?

Ridiculously loud, thought I was back in FLA watching the space shuttle.

Right over town.

Roaring on and off throughout the day. HORRIBLE NOISE. HORRIBLE DREADFUL DISTURBING UNHEALTHY NOISE.

Sounded like it was going to crash on us. Excruciatingly loud.

Stop flying over Lopez Island- can not hear people talking.

The jets are flying really low. It's causing anxiety and I'm not able to read or watch tv. Also my pets are anxious from it too.

Very loud

Yet again after a day of disrupted concentration at work in Oak Harbor- the stress follows me home. Peaceful skies wrecked now by navy F-18s shredding it up and shaking us to the bones. 7:30 pm Anacortes. Abuse.

A beautiful morning shattered by jet noise. DREADFUL TERRIBLE JET NOISE.

A large part of the week we have been 'entertained' by our rude neighbors to the south. People are stuck in our homes and the Navy continues to intrude into what has already become a stressful situation.

Airplane noise on and off all day. Sounds like I'm at the cell phone waiting lot at seatac, when in reality I'm on the south side of SJI. :(

All morning.

"Awful noise, loud and dostracting. Started at 8 am and continued at interval until evening.

Worst day ever"

Awful rumbling roaring, sometimes deeply shaking the bones of this house. Sounds like a far off war to the south. Sickening abuse of western Washington civilians. Anacortes. 8pm.

Beginning at 8:30 AM and on through the afternoon, disruptive house-shaking barrages of deafening noise from FCLP's at Ault Field. Items on shelves rattle, and low frequency waves penetrate our bodies. The Navy is hurting our health and well-being!

Birding in the Skagit and Samish flats. Jets were loud and disruptive for hours. Can't believe this doesn't effect the wintering flocks of snow geese, swans, and other birds.

Can't hear work webinar because of the noise.

"Constant Growler noise all day from 8:30 AM and it is now 3:41 PM. Very unnerving!!!!

Can't sleep to rest because of cancer treatments!"

Continual off and on noise since 8:15 am - now 10:15 am

Couldn't communicate on phone

Doe Bay Orcas Island

Difficult to work(from home) when windows are vibrating from jets circling overhead.

Endless roar and shaking house. STOP!

Engine run ups this evening

F\*\*\* em

Go fly somewhere else!

Growler bass rumble all afternoon, still happening 6 PM. I hardly ever get a headache, but I definitely have a tension headache after this relentless torture. No matter how important the Growler training is, it's not worth torturing humans.

Growlers still making a nuisance

How about some peace and quiet!

HUGE noise pollution from Growlers - all afternoon! It's an air raid! First of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work.

HUGE noise pollution from Growlers - all afternoon! It's an air raid! Nine flights over my house today! Hideous navy noise pollution. Jet interrupted my research work.

I will complain every fifteen minutes until there is nothing to complain about

In my home TV on. I have to raise the volume. Not acceptable.

Incessant roar and rumble.

It is especially bad today!

It's a beautiful evening and the noise is ruining it. Even inside our well insulated house.

Jets have been very loud all day, both when outside and sitting inside. They are making it hard to listen to TV and radio this evening.

Level of noise and vibration is making any work impossible this morning. I hope they stop soon. Ear protection doesn't help if the house is shaking.

Literally rumbling my wall. Trying to work from home. This is terrible. Going on Day 2.

Loud & persistent.

Loud Growler take-offs between 8:30 AM and 9AM. Cannot rest, Still going on at 10:35AM. China Lake is a better place for this aircraft.

Loud rumbling started before 8 am. It has been going on all day so far (it is now 5:30 pm). Too loud to converse while sitting outside. There have also been intermittent fly-overs. One more (completely unnecessary) major stressor at a stressful time.

Low and right over our rooftop. Going to be a loud evening of FCLPs at OLF.

Multiple passes, each progressively lasting longer. One pass is easily dealt with. Multiple passes becomes annoyingly disruptive.

Multiple passes. Interrupted work concentration.

Next session of FCLPs at OLF starting. Flying right over our house tonight. Walls shake and windows rattle. Really don't need this extra stress during the pandemic!

Noise came from east and south

Noise came from southeast direction.

Noise interrupted conversation. Had to wait for noise to lessen.

Noise since 4:30 today, ongoing. Continuing now....

Obnoxious, disruptive, anxiety inducing, unnecessary . . . can't focus, need to work, dog upset . . . thinking about the marine animals and how they must be suffering.

Oh so loud, my head aches.

Ongoing ominous rumbling this afternoon. Definitely affecting the family mood.

Quiet morning on the beach. Birds singing, growlers drowning out the bliss.

Really bothersome. Interrupting my work.

REALLY terrible!

Roaring has gone on almost all day. The roaring is so loud and disruptive, we can't enjoy a quiet indoor conversation. Yesterday the roaring continued beyond bedtime.

S Lopez, 2 Dec 2020, Wed: Roaring went from 8:21am to 9pm. Only a few breaks. A 12 hour day of vibrating windows, counter tops shaking, feeling the noise pressure in our bodies. Decibels ranged from 74 - 89.7 in the house - 10+dec . outside.

Sh\*\*birds

Sounded similar to when I'm in an airplane and it's taking off. Several times over the course of the past hour or so. Sometimes enough to cause glasses to shake in the house.

**STOP ABUSING US ON LOPEZ ISLAND WITH YOUR DAMN GROWLER JETS!!  
MY EARS RING FOR HOURS AFTER YOU FLY OVERHEAD!!! YOU ARE  
PURPOSELY DAMAGING MY HEARING!! LEAVE LOPEZ ISLAND ALONE!!**

Stop it

Stop. Just stop. It's been all day, and now it's a nonstop rumble. It's horrible.  
Just stop.

The amount of noise from Growlers at this park causes me to consider not returning to camp there.

The Growlers have been going solid for about 14 hours. Unprecedented where I live. Moves my guts. I'm anxious. This is so instinctively terrible. Torture.

The windows are rattling, the roar sounds like an erupting volcano. There has to be a way to make these planes quieter.

Things in the entire house are vibrating upon takeoffs. Lasts such a long time. After hearing hours and hours of it my nerves are fried.

This is ruining my day.

This is the first of at least 3 days this week that jets have been flying all day. On this day, they flew continuously from 8am to 8pm. Our house shook, windows rattled, and we had to pause conversation. Louder than heavy machinery being used outside

trying to work....

unprecedented disruption!

**VERY LOUD AND FEELING VIBRATIONS**

Very loud-- definitely flying too low this evening. I would say they need to practice more, but maybe a little more time in the simulator first before they start pestering the neighbors...

What are they hovering over the town?!

Woken from attempt to get to sleep early. 9:15 pm extremely loud overflight. I have to go to work very early. Not healthy to always disrupt sleep. Anacortes

You guys really know how to ruin a morning. Be quiet.

12:17 PM, particularly loud and long. Have the Growlers been of any use recently in any military operations? Are they not an instrument of the previous wars? It seems they've been deployed mostly against Americans in WA.

8:30 pm- now 3 hours of awful roaring echoing up from the south- terrible lack of peace and ability to rest and recover from days work since I got home. Awful Anacortes- navy abuse

Again?? Early morning quiet gone.

All day, two days in a row.

All morning again. Just like yesterday. This used to be a peaceful place. I hope WA state sues you til you have to scrap that stupid plane just to pay your lawyer fees.

All morning. Again.

"all morning. criminal.

Another day of constant roar of growlers. But today we also smell jet fuel. I am sure it doesn't harm humans though, Haha.

Awful sinister rumbling deeply shaking thunder from the south- nightly navy abuse of western Washington. Anacortes. 6:45pm

Constant low rumble heard over my white noise machine and ear plugs

Could not hear customers on phone

Disrupting medical zoom meeting with doctor.

Disruptive noise for most of the day. Still a full roar at 6:30 pm as we try to talk over dinner.

Flew very low and directly over the house and we are on Camano. No need to do this.

For the last couple of days the low heavy rumble has been an ongoing intermittent occurrence here in the Gordon Head neighborhood of Victoria, BC, Canada. That's right, we regularly hear the rumble over here in Victoria!

Groaning, shaking terrible thunder. Sounds like the world is exploding to the south- navy tearing up the night skies. Anacortes. 7:35pm

Had to stop working it was incredibly loud, and my office was shaking and vibrating. I could feel it in my desk. Ugh. I hate this constant low loud rumbling noise.

Heard big airplanes on and off all day yesterday, into the night. As of 8am this morning, they're going again. :(

I am in a highly insulated home in the middle of the island. My body is vibrating, my ears are throbbing, and I feel like some kind of pointed vibration rumble machine is penetrating my very body AFTER penetrating my home. It's more than sound.

I am writing at 12:30 PM and have had my morning disrupted by severe Growler noise since 8:15 AM. We live on the south end of Lopez on top of Pavey hill and my office shakes with magnitude of the tortuous noise from the FCLPs. I cannot concentrate!

Incredible, AGAIN! I love working from home, but not days like this. The sound and vibrations are insane. I don't understand. This is awful.

Jet noise woke me up. Much louder and intrusive today. My wife just spent five days in the ICU at Island Hospital. She's recovering at home, but Growler noise makes that hard.

Jets buzzing the houses about once a minute. Low just over trees.

"Not sure why at times ""other military aircraft"" is offered as a choice.

Loud and prolonged. Couldn't work outside. Worn down by all the noise yesterday

Loud rumbling has been going on at 15-20 min intervals since just after 8 AM (it is now 3:35 pm). Disturbing while indoors, loud and disruptive while outdoors.

"Most of the day yesterday, and most of the morning (so far) today.

Unsettling deep sounds that penetrate my thick-walled house, heater fan, and other everyday noises. "

Over two hours of noise.

Really making life difficult with all the noise. They really need to come up with solution to reduce the levels.

Roaring growlers. The vibration is enough to feel throughout my entire body, rattling my bones. We all feel this and it is HORRIBLE. The noise is equally horrible. It is SHAMEFUL to expose residents to this level of noise and disruption.

S Lopez, 3 Dec 2020, Thur: Another hideous noise day starting at 8:15am - ending 7:24pm. 65 - 84.8 decibels in the house. 11 hours of ROARING! This

is making us crazy - no place to get away. Tried walking with Bose headphones - still too loud.

Second of 3 days of constant noise and disruption. House and light fixtures vibrating, windows rattling, and had to stop phone conversations due to noise. At one point saw 4 jets flying in tight formation directly in front of the house.

Seems to going on all day. Very agitating—

So loud that couldn't do a telemedicine visit. Sooo unsafe with the jets and which houses they are going to fly over.

Still at it.

Still vibrating through my house.

**STOP ABUSING US ON LOPEZ ISLAND!! YOUR DAMN JETS MAKE EVERYTHING INSIDE ME VIBRATE WITH YOUR ROARING GROWLERS NEAR BY!! STOP TORTURING US FOR YOUR OWN SADISTIC AMUSEMENT!! LEAVE LOPEZ ISLAND ALONE!! STOP TORTURING US LOPEZIAN WITH HORRENDOUS NOISE!**

**STOP TORTURING LOPEZIAN WITH YOUR DAMN GROWLERS!! EVERYTHING LOOSE IS SHAKING IN MY HOME AND MY EARS ARE RINGING. STOP TREATING US LIKE THE ENEMY IN YOUR DAMN WAR GAMES!! YOU ARE DESTROYING OUR PEACE AND OUR HEALTH!!**

The growlers have been roaring all day. They roared yesterday until after bedtime. The roaring causes the house to shake. The noise and vibration are horrible and destructive. HORRIBLE.

The jet noise was so loud it woke my children up. It has also been constantly all day so far.

This has been happening all morning long.

This is the worst it's been. It's nonstop, all day, for two days now. It didn't stop until after ten last night.

We visited Rosario Beach State Park. Gorgeous location that would have been so peaceful and enjoyable if the jets didn't make it absolutely unbearable. We were literally driven out of the park by the noise within moments of arrival.

we're starting what appears possibly another day of constant growler rumbling. this is really torturous.

What is Engine run up and why for hours and hours a ROAR AND RUMBLE that makes me think I am living in a war zone.....

woken up nearly every morning by this. miserable.

113 dBA on my phone app. Loud as hell!

1258-1300 and longer. Intermittent rumble and vibration from ESE.

3 going on 4 days now. About 1 per hour.

30 minutes of noise

all morning, into the afternoon, and will likely disrupt my work-related meeting. The unrelenting noise is having a negative effect on my ability to conduct business, tourism, peace of mind.

"Another beautiful winter day, ruined by Growlers at OLF tearing apart the peacedul skies with their obnoxious loud noise. We are supposed to stay home because of the pandemic, and then were subjected to Growler flights every day this week.

Another day of background rumbling.

Another day of obnoxious noise that we shouldn't have to endure. I'm trying to work here . . .

Consistent loud rumbling. Beautiful day and would not go on a walk in parks because us was so loud.

F\*\*\* off

Happening several times in the hour for about 15 seconds. Has gotten worse recently and is quite annoying during exam week.

Hard to concentrate on schoolwork

I don't live near a navy base and wouldn't have moved near one. Somehow, you've moved near me?

I don't live near a navy base and wouldn't have moved near one. Somehow, you've moved near me?

I'm on Orcas Island. These jets have been flying intermittently and continually for 2 days!!! Can't figure out how to use your map.

In my house loud and disruptive. I need to out on music to drown it out.

It's hard to imagine how such a beautiful day in the Pacific NW can be ruined, but the noise and vibration from the growlers ruin day after day after day in the Pacific NW. The noise is terrible. It is unhealthy. It is shattering.

I've got nothing better to do than submit complaints all day long. Keep it up, assholes.

May we have no relief from the stress these jet operations cause. I've traveled from Bellingham to Marrowstone, looking for quiet. None can be found. F\*\*\*ing infuriating and stressful.

Nice sunny winter day but jet noise is ruining it. They really need to reduce level of noise on the F18 Growler. It is really at objectionable levels. Commercial planes are not bad so think the technology exists to fix this.

On going for 30 minutes

Orcas Island

Port Townsend, fort Worden area- so disruptive and disturbing!

S Lopez, 4 Dec 2020, Fri: Thank goodness it's Fri - this torture will be over soon. . . hopefully. Growlers are over the top LOUD and should NEVER be flying over homes. We are forced to live on Navy time and endure day after day after day of ROARS

Since 9:30 am this morning. Life and working from home is a struggle due to the constant interruption/stress of jet noise.

So loud that it penetrates noise canceling headphones as if they are not being worn at all.

Stop it

"STOP TORTURING US ON LOPEZ ISLAND WITH YOUR REPEATED LOUD NOISES OF PASS AFTER PASS OF GROWLER JETS OVERHEAD!!!

DAMN YOU FOR DISREGARDING THE HEALTH EFFECTS OF THAT ROARING ON US LOPEZIAN!! MY EARS RING FOR HOURS AFTER YOUR JETS ROAR NEAR LOPEZ!

The aircraft banks and applies thrust about 400 feet directly above our home (Rhodena Beach area), they do this over and over again. The volume is louder than a human can withstand.

The government tells us the only place we can gather is outdoors, and then flies planes over so we can't hear ourselves. And f\*\*\* your black helicopter, too.

The house is shaking from the distant roaring. The noise and vibration are extremely disturbing, as if being shaken from the inside. The noise and vibration are inescapable, a truly dreadful experience.

Third day of all day and into the night jet noise. There has got to be a place other than this fragile environment for jets to fly for 12 hours at a time!!! We have lived on Lopez for years and never complained, but this week was horrible!

This has been happening all morning long, and also last night. This is my first opportunity to post.

This went on for hours.

VERY loud touchdown noise this morning; hear it through noise canceling headphones set on maximum. Going on for hours and driving everyone inside on a sunny day.

"VIBRATED THE SHIT OUT OF MY BODY. STOP IT PLEASE !!!!!!!!!!!!!!!!!!!!!!!

EMF CRAP IS KILLING PEOPLE AND THEY HAVE NO CLUE WHY THEY ARE DYING OF CANCER OR HEART ATTACKS. MURDEROUS "

Wow, so loud and disturbing and vibrations in the house. I hate this so much. It's jarring.

It is Saturday there are supposed to be no flights

S Lopez, 5 Dec 2020, Sat: 2pm and 2:04 pm - The CRASHING ROARS begin again on a Saturday! Lopez Island hears EVERYTHING THAT HAPPENS AT AULT. Larsen and Murray brought them here and should now be taking action to move the Growlers.

Decatur Island, Sunday night at 530 and growlers SCREAMING and YELLING in the environment. Just pleasant.

Really.... Sunday. Is there any day they give us a break now?

43 loud grower flights. 9:08, 9:15, 9:17, 9:35, 9:42, 9:50,10:10,10:17,6unrecorded, 10:34

11:00,1:43,11:48,1:15,1:18,1:20,1:25,1:26,1:32,1:37,1:51,2:03,2:05,2:07,2:12,2:15,2:17,

2:18,2:20,2:22,2:23,2:25,2:27 2:30

2:51,3:24,3:26,3:27 3:36,3:37"

Again, all day rumbling in the skies

Another day of disturbing and disruptive noise and rattle. The dog is upset, I'm upset, the usual awful impact on our fragile ecosystem . . .

Another double flyover directly overhead

Awful deep thunder keeps shaking my house. Some vacation/staycation. Anacortes. 3:30pm

Can feel the vibrations in my chest while indoors as they circle over our property.

Daily harassment by the growlers, the noisiest jets in the world. Makes the pandemic much more difficult to handle.

**DbI formation flyover**

**Decatur Island loud growlers overhead. Guess this will go on all day into the evening. Noise started before 9am and will go another 12 hours as usual.**

**"Direct flyover**

**Earsplitting**

**Engine noise from Ault still continuing "**

**Ear pain with continuing ault engines**

**Ears are vibrating from the noise of the growlers. Hard to pay attention to anything that I'm trying to read.**

**Fly over eastern wa**

**F\*\*\* em**

**Good morning Whidbey. Thanks for the irritating noise this morning.**

**Growlers have roared much of the day. Research published in the Journal of Marine Science and Engineering emphasizes the effects of this noise on orcas, even at depths of 100'. The noise is inescapable and devastating to all animals, incl humans.**

**Horrific shaking thunder- hitting my house from the south. Awful Anacortes. 6pm. Navy nightly battery of western Washington continues.**

**I thought the deer were used to the growlers. Two deer were in the backyard eating, both bolted, one of them ran off the cliff.**

**I woke up to this. It's been all morning so far.**

**Low-altitude FCLP was continuous for 45 minutes and atmospheric conditions made the noise pollution feel like acoustic assault.**

**Multiple jets making a lot of noise.**

**Ongoing continuing engine noise from ault**

**Overheard in beautiful Washington Park- Anacortes: "What IS THAT???" That is/was the daily navy battering of western Washington- deep thunder/explosion sounds echoing from the south- felt in the bones that low frequency thunder. 12:45pm. Horrible**

**Pandemic turned planned travel out of state into a staycation- maybe covid out of state might be preferable to listening to this thundering battering sounds from the South- navy abuse. Anacortes for the last 1.5 hours since I returned from shopping**

**Quite loud, house rattling**

**Rattling furniture**

**Roaring jets all morning. noise and vibration accompanied by percussive sensation, almost a sonic boom. It is insane to allow this sort of noise near populated areas. Current research shows clearly the damage noise pollution causes living creatures.**

**Run up blasts all day . Some of the loudest. Plus direct flyovers with 2 planes. No peace all day**

**S Lopez, 7 Dec 2020, Mon: Another 10 hour day of ROARING. 8:53AM - 7:45PM. This noise is SO BAD and so disruptive of our lives - there are no words except "4 letter ones" that begin to describe the utter fury of this intrusion.**

**Single flyover**

Some of the loudest run up blasts ever. The entire house- windows, furniture shaking. Noise inside house drowns out kids on line class

Spent all of last week living with horrible jet noise. Now on Monday it begins again. The schedule says there won't be any flights today.

The gov has a work from home order and it is hard to work in our homes with the jets flying ] closely to the house. noise cancelling headphones are being overpowered. Why not keep them all the jets at the other field.

The loud and vibrational Growler flights happened all day. Too numerous to report individually. I am a gardener who works outside, and I enjoy tranquility and peacefulness. Today was not tranquil and peaceful.

There weren't supposed to be any flying today and they change the schedule last minute. My house it literally rumbling and it's a newer home with double insulation. This needs to stop

Thinks are rattling noisily in our house

Threatening sounds like an earthquake or avalanche with the same deep low frequency shaking- emanate from the south. Humans instinctively go on high alert with these sounds. Chronic stress causes illness. Anacortes. 8pm

Unbearably loud and this is the 5th week in a row without a week that went by without low flying jets. It is super windy outside and they are flying over our houses. This doesn't seem safe at all.

"Very loud and low flying constantly. Kids are struggling with their remote class which is just at the tail end of their last lesson. Having a lot of issue to listen to the teachers and talk to the class.

What am supposed to do, hop in my car and drive away from my own home every time the growlers decide to start flying?

Constant extremely loud engine runups from Ault plus numerous direct flyovers

"Continuous engine run up noise in addition to extreme disruption from flyovers.

The interruptions are too constant to log even a small fraction of the noise and vibration events"

HUGE noise pollution from Growlers - all afternoon! It's an air raid! Second of 9 flights over my house today! Hideous navy noise pollution. Jet interrupted my research work.

Loud, enveloping, endless. Sometimes we can't tell the difference bwt jet noise and our central heating system,

Repeated flifhts

S Lopez, 8 Dec 2020, Tue: 8:53am - 10:02 - Steady SCREAMING ROARS - finally quiet at 1:05pm. Every hour of flight uses 1300+ gallons of toxic fuel and emits 12.5 metric tonnes of CO2 polluting our air and homes. Enough!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Scarring the soundscape!

Stop!!

Utterly, pathetic.

Very loud

Very loud over business

Yesterday (Monday) again the jet noise was on and off all day, and today it's started as well. This following several days last week. Please stop!

All day flying one after the other ruining another day. They need to solve the noise problem with these jets.

almost every morning around this time. These jets are messengers from hell. No regard for human life.

"An absolute and entirely unnecessary assault. This is our Navy doing the assaulting!

F\*\*\* off

Jet noise heard clearly sometimes loudly from inside home.8:44, 9:16, 9:19, 9:37, 9:50, 10:08, 10:33, 11:11, 11:25, 12:53, 1:11. Live miles from the military base. I hear them longer and louder from outside. Something should be done.

"No scheduled practices. Have heard jets clearly from inside my home pretty much nonstop today flying in and out of OakHarbor.

My home is 12 miles away from Oak Harbor - did not buy home in Oak Harbor because I didnt want the constant noise. "

Now we know that mammals such as orca, can be affected by these screeching airplanes as deep as 100 feet underwater. Besides the disruption above ground, it is also making the ocean and her creatures ill. These flights over us need to stop.

"Painfully loud. Since when is it not a crime to assault people and the environment? And by

our own military? Let's get real.

Sounded like I was in a war zone for over 45 minutes.

The leadership within the Navy who condone this behavior must be replaced with those who understand the situation well enough to lead into an acceptable new scenario.

Trying to work and do meetings and can't hear people and have to stop talking as the jets pass

Why can't the Navy use a quieter jet for its activities????

All day long. I've contacted every elected official I can think of, and will continue to do so. If the navy thinks it can do whatever it likes without civilians causing quite a bit of inconvenience (at the very least), then it's mistaken.

All morning, all day, all evening. Stop.

All. Morning. Long.

"ALL DAY WITHOUT SURCEASE

the unending VERY loud engine noise from Ault AND the flyovers is very upsetting. I'm very cranky and feel like crying. It is all just too much"

Another day where my work and well being are messed with the deep, unsettling rumble of the sky beasts.

"Ault engine runups are vibrating my body and causing ear pain

Thus has been ongoing this morning "

Besides hearing growlers the entire day, jets are now screaming around overhead. The noise is intolerable, extreme and disturbing. It is absolutely

**WRONG to allow this. THIS NOISE MUST NOT BE ALLOWED, IT IS WRONG TO INFLICT THIS NOISE ON OUR AREA.**

**Consistent noise all day. Very bothersome.**

**Couldn't hear the tv**

**Couldn't hear tv**

**Deafening fly over at 5:45 PM. It's been going on since 8:30 this morning. Too many fly over to count--louder than normal rumbling in the house. 25+ flights here, on our walk at Watmough. The Navy is incredibly unresponsive. Just hate constant noise.**

**Difficult to hear tv**

**Disrupted dinner conversation**

**Disturbing low jet right at kids bedtime! We are not the enemy!!!**

**Doe Bay Orcas Island**

**Doe Bay Orcas Island**

**Engine Run up blasts. All morning. Interrupting business meetings**

**"Experiencing Several Hideously loud and vibratory engine runups now and previously this am from Ault**

**All internal organs: heart, lungs etc experiencing deep painful shaking**

**This should not be allowed**

**It feels like it's coming up from bedrock"**

**Extremely loud jets at an inappropriate time of night**

**FLYING SO LOW!!!! WHY????? Can't carry on a conversation, rattle windows, it's like they slow down over the house, are flying just above the treetops! took them a long time to go away. geez louise!!! Arrrrgh!**

**From early on, off and on rumbling. More 'sounds of fear' from our inconsiderate neighbor to the south.**

**GOD DAMN YOU ALL!!! STOP TORTURING US ON LOPEZ ISLAND WITH YOUR DAMN NOISE POLLUTING JETS SCREAMING OVERHEAD ALL DAY WITH SOUND SO LOUD IT HURTS MY EARS INSIDE A VERY WELL INSULATED BUILDING!! MY EARS HAVE BEEN RINGING THE WHOLE DAY BECAUSE OF YOU!**

**Growlers have roared the entire day, overwhelming all other sounds. The noise is dreadful and unhealthy. DREADFUL NOISE.**

**Heard again tonight. Pass by can be heard across the water. Briefly drowned out music on radio. Very disruptive.**

**i hope someone murders your children, pilots.**

**I was breastfeeding my son and the growler was so loud that it scared him and he stopped feeding and started crying.**

**Incessant roar all day most every day these days. They do not care what they are doing to civilians.**

**It's fair to say that for every one report I submit, there are five more instances I don't have time to file. This is intolerable.**

**Just loud enough to break my concentration as I try to write.**

**Loud noise almost continuously for the last 15 minutes. Had to switch to headphones so I could hear people in a meeting.**

Must work outside with ear protection to prevent damage to ears from constant growler decibel level. Everyday this happens now.

My office is rumbling when the jets take off. Things vibrate inside and I can feel the vibrations in my desk and feet.

Nearly constant loud rumble; the vibrations are shaking my house. Very disruptive.

Now nearing bedtime, jets are still roaring, the noise overwhelming all other sounds even while we sit inside trying to drown out the horrible jet noise. Noise from jets has persisted all day today, at times overhead. Deeply disruptive & disturbing.

Now starting over the house at 9pm at night

"off and on today

Run-ups going on and on. Rattling the dishes. Vibrating my insides. Making conversation, even thinking, difficult. God, I hate these guys. Land for what??????

S Lopez, 10 Dec 2020, Thur: No FCLP's scheduled and yet Lopez had an 11 hour day of noise. A few breaks, lots of Screaming overflights. Decibels ranging from 63.5 - 85 inside the house. We are forced to live in a War Training Zone. It's awful.

Shaking terrible thunder for about 2 minutes disrupting the peace at Rasar State Park along the Skagit River- thankfully just "passing through". 11:30 am

Still rumbling.

Still with the vibrations bouncing off my floors and walls. Trying to read, not much luck. How do the school kids study?

"super loud

disrupted our having a conversation inside our home.

so loud that we could not talk"

Terrible noise and vibration from growlers for much of the day. Causes pain to inner ears. Also painful, disruptive sensation, like being shaken but on the inside. HORRIBLE AND UNHEALTHY.

That's a long day of nasty noise from the growlers. Thanks got through irritation.

The navy is trying to drive us from our homes

The noise was so loud that it frightened animals.

The time function on this page is meaningless. The rumble has been almost constant, all morning long. It's now 12:35pm. If I logged every instance it's all I would be doing. It scares my kids and my animals. It's loud and disruptive.

This constant disruption is ruining my otherwise peaceful life.

tortured all morning sleepless in bed then tortured all afternoon outside here. all pilots deserve to burn in hell for dedicating their worthless lives to the destruction of quiet spaces. real freedom is a safe place to read sleep and think. F\*\*\* you

Trying to read. Ears popping with the thundering growlers. Thanks a lot.

UGH. Sure wish I could work without constantly being interrupted.

Uncomfortable noise levels all day long. Very distracting

**We BEG you, please, please, please stop to inflicting bodily torture on us. The unending engine noise from Ault and the flyovers are intolerable!**

**After roaring most of the week, often into the night, jets have already been roaring for hours this morning. The noise is horrible, the sensation is dreadful, the noise overwhelms ALL meaningful sound in the environment, affecting every living being.**

**i was up until 4am because of yesterday's trauma and now it is happening again**

**It also disrupted activities, like dinner conversation.**

**S Lopez, 11 Dec. 2020, Fri: 8:21 am - 9:25am, Constant low ROAR.**

**Screaming overhead south Lopez**

**Second low loud distracting GROWLER this day 🙄**

**Very loud all morning with multiple flights disturbing the peace.**

**Walking in the winter quiet of Fort Flagler when noticed the beginnings of the noise. Could no longer hear the little birds chirping as the incessant growling drowned out all subtle noises, as well as dispelled the quiet contemplation of my walk.**

**Doe Bay Orcas Island**

**Healthy, peaceful walk in Washington Park disrupted by loud shaking thunder 9am on a SUNDAY. Anacortes**

**Peace wrecking- house rumbling thunder 1:40 pm on a SUNDAY. Anacortes**

**S Lopez, 13 Dec 2020, Sun: 8:56am 75 - 80 decibels in the house on a Sunday.**

**3rd LOUD GROWLER OVERHEAD!**

**ANOTHER GROWLER OVERHEAD**

**"ANOTHER LOUD GROWLER OVERHEAD!!!**

**We are not the enemy but it feels like war."**

**Can not hear my wife eight feet away.**

**Extremely loud flyover going south over Port Townsend**

**F. U. C. K. Em**

**Flyover - louder than heck!**

**F\*\*\* em**

**F\*\*\* em**

**Go way - someplace further out where you don't deafen your own kids with your playtime! Kill whales! Get hated every day.**

**"GROWLERS OVER MY HOME!!!!**

**My grandson is afraid of them and runs to me in distress!"**

**I can do this all week.**

**Loud rumble and vibration**

**Noise pollution, air pollution, wasted resources, and citizen annoyance. Sounds like a lose lose lose lose. Kind of like Donald Trump.**

**On-going overflights. There have been loud overflights mixed with deep vibration and rumbling almost daily for many hours per day for the past**

several weeks. Very disruptive and stressful. Is this Trump's last bout of saber rattling???? Insane.

Pair of jets

Planes flying all day. The noise is stressful and exhausting

S Lopez, 14 Dec 2020, Mon: 12noon - 8pm ROARING all day with a few breaks, 65 - 70 decibels inside, 75 - 80 outside. Our homes are not havens of rest - we are blanketed with SHRIEKING, ROARING JETS. Our legislators should be forced to live with this

Several times a flyover. Stopped conversation.

The flyovers have been numerous today. This one was very loud. Even the birds scattered.

This is the second time today to disrupt activity because the sound of the Growlers is so disturbing that we stop everything as we try to figure out what exactly is happening. It is deafening.

Three jets so far today heard in Port Townsend.

Three loud flyovers between 12 and 12:30 in Port Townsend.

Too much noise today over the San Juan's.

Two direct flyovers

Very Loud and Unacceptable Intrusion

"An hour later.... location services still not working, but the noise report is still from Teronda West.

Cape St Mary area, Lopez

"Dear US Navy,

Disrupts my ability to concentrate for my work

Growlers have been flying most of the day creating moderate to very loud to extremely loud - disrupting activities.

Hard to enjoy Christmas activities with This noise.

I can't even talk to someone in my own home because I cannot hear them. It's simply too loud. And no, I didn't sign anything, neither did my moms or my grandfather.

In my home watching TV. I need to raise the volume. I can still feel the vibration and hear the jets

It is my dinner time in this silence of the islands. What I heard was such a disruption to my quiet evening.

Jets flying right over the house. About one every minute.

Map "Device Location" not working... but this post is for Teronda West.

Much too loud. I should not be able to hear this in my well-insulated house.

NOT OKAY - CAUSING HEART PALPITATIONS - I DIE OF A HEART ATTACK AND IT'S ON THE NAVY

Olympic Peninsula ... formerly one of the quietest places on the planet. Thanks for f\*\*\*ing it up, warmongers!

Our entire home is shaking. The jets are relentless.

Repeated flights. Hard to hear my customers on the phone for our business. Yes, I am still working.

S Lopez, 15 Dec 2020, Tue: 6:30pm, 7:05pm, 7:10pm . A quiet day until evening. Then the Roaring begins in time for dinner. Schedule says they may fly at OLF until Late Evening. That means noise and Roaring on Lopez

Shaking my house! Low-frequency vibration is physiologically disturbing and unhealthy.

Still disturbingly loud inside our house. This has gone on much too long this evening.

Stop th NOISE , Now. !!!

suck it

That was the absolutely worst session we have ever endured since the horrible Growlers arrived to ruin Whidbey. We feel physically ill.

The aircraft is too loud and they are flying too low. The jets fly very low directly over my home on the cliff side, impacting me and thousands of other people. The magnitude of the noise is more than a human can withstand.

The entire animal kingdom, wild or domestic, above ground or in the ocean, they are absolutely terrified when the jets fly. If you choose to hunker down at home while they fly there is no escape. The Navy are ENVIRONMENTAL OUTLAWS.

The sounds of fascism

This pattern is UNBEARABLE, especially with this many in pattern. House vibrates & windows rattle. We deserve peace, not a war zone.

two of them right over my house f\*\*\* you

Unable to watch television or listen to music.

Very annoying. Wished they were quieter

"Very loud fly overs and I'm in a covid vaccine meeting and can't even here!! Why are they flying over our housing everyday!!!!

Read the EIS last night and navy data is totally off in terms of loudness and disruption."

Wow really noisy and obnoxious levels coming from the Growler Jets today. This has to stop it is way to loud to do this type of flying in this otherwise peaceful area.

yo navy chill

Location is south end of San Juan Island. Loud extremely disruptive

Wow— Very loud this evening! Did they know the SDA Zoom meeting was tonight to disrupt??!

After hours of waxing waning roaring from the south- disturbing apocalyptic sounds, now some closer louder aircraft. Impossible to find peace and rest. Anacortes 9pm

All day, every day.

And again

Another deafening night with the Growler flights. They need to find a remote location for this kind of flying or a quiet jet.

Approx 110 decibels outside, approx 90 in the home with windows closed.

Best described as acoustic assault. dBA +112

Bone-crushing!

**Bone-crushing!**

**"Can't study, can't talk, can't read, can't watch TV, can't go for a walk, can't sleep, I can't continue to live like this.**

**Constantly flying over and disrupting dinner. So loud that we have headphones while eating family dinner. This is so bad.**

**"Dear US Navy,**

**Your aircraft are flying less than 400 feet from the roof of my home. The magnitude of the noise is more than a human can withstand. Please be more considerate and consider choosing a different flight path."**

**Engine run ups non stop and direct flyovers throughout the night. Earth shattering. Shattering lives below**

**Every day many times**

**Extremely loud for the yet another night again!! Flying overhead and cant listening during my meetings. We are ordered to shelter in place but can't work from home!**

**Extremely loud, low and disruptive.**

**Extremely loud. Shakes house.**

**"Extremely loud/interrupted activities.**

**It is difficult when working to get to my computer. I only post once a day & sometimes less. That does not take away from the intense harm the noise & vibration is having on me. It is so intense & exhausting!"**

**FCLPs still going on at OLF. Can't have a conversation, watch tv, or read. So frustrating!**

**Flyover for no apparent reason but to harass our town. F\*\*\* you.**

**Flyover so loud we couldn't have a conversation.**

**Get your DAMN GROWLER JETS OUT OF LOPEZIAN AIRSPACE!! YOU ARE ABUSING US ON LOPEZ ISLAND!! Damaging our Health and our Hearing!! STOP ABUSING LOPEZIAN!! STOP FLYING GROWLERS ANYWHERE NEAR OUR ISLAND!!**

**Hours and hours of FCLPs at OLF this week. So loud in our house we can't even think!**

**I thought we were about to get attacked.**

**I was kayaking with a friend and 3 Growlers started their practice. We had to put in earplugs but still had at least 10 passes before we were able to paddle back to our launch point at Snakelum Point.**

**Impossible to try to go to sleep in my own bedroom- need rest for work. Navy roaring aircraft noise echoing across the water from the south. Awful. Will try downstairs facing north. No peace in my own home. Anacortes 9:10 pm**

**It was so loud my daughter cried.**

**JET NOISE!**

**Jets doing FCLPs at OLF. So loud that I cannot join zoom meeting by Sound Defence Alliance on jet noise impact. Ironic isn't it?**

**Just learned of this website after the meeting last night. Will begin noting the decibel level that we have within our house. One evening it measured 95 decibels! No it was not pleasant. When they do fly directly over- even the floor vibrates.**

Like it is flying right over my home, way down low. Am I being punished for reporting?

My hopes are that the Navy consider choosing a different flight area. I suggest San Clemente Island in Southern California, only 70 miles out at sea and is owned and operated by the United States Navy..

Never ending roar and vibration these days. Everyday...

Obnoxious noise at 7:20 pm

"On Pass Lake state park trail. Rumble started at 11:03am.

Much louder at 11:30am, screaming overhead loudly

Followed by another very loud blast at 11:53am. "

"On state park trail. Noise disturbance from 11:06 am to 11:30am.

Additional report following with louder noise level"

Rarely have a day without this disruptive, horrendous noise anymore.

Ruined my walk.

S Lopez, 16 Dec 2020, Wed: Another ghastly 12 HOUR DAY OF ROARING. No FCLPS at AULT - we have a day of nearly constant noise ending at 8:24pm. How do we stop this insidious invasion of our homes AND the Salish Sea AND all the marine life? HELP!

Same noise, different time.

Spend some time figuring out how to help people rather than practicing to kill them.

The dishes are vibrating in my cabinets. This has been going on for hours. There's no escape.

The jets are currently flying over our house for the third day in a row. Can SOMEONE, SOMEWHERE hear the pleas of the Coupeville area and give us some peace and QUIET.

The plane flew so close to our house it made it shake.

"The worst incident in the three years I have lived here...Every thing in the house shook

They've been flying since 10:30 this morning. The noise is horrible!!

This has been going on for two hours now. Low rumble, to activity disruption and occasional extreme noise.

This is in unbearable with such loudness overhead. It is raining really hard and this seems unsafe too.

This is too loud! I can't even hear the music in my own home as I'm wrapping gifts. They need to stop at least for tonight, and next week; and forever. They are flying too low. It is a war zone here.

This is TOO loud. I was driving home from OH when I saw them flying. They are flying TOO LOW. It feels like a war zone. I couldn't even get out to check the mail without having having my ears popping. This needs to stop now!

This isn't the sound of freedom, it's the sound of tax dollars being wasted. We are so tired of repeated, all day long noise. Over and over. This makes working from home hard.

This was the loudest I have heard in 20 years living here. It is unacceptable. Changes need to be made so it does not recurr

Two passes extremely loud right over the house. not over the water.

very disturbing, a constant roar. I have to wear ear protection in my own home.

WTF was that? ... one more step toward a heart attack

All day, disruptive noise overhead: morning, noon and night.

Constant

Deafening!

Downwind from acoustic energy emissions yet FCLP is disrupting normal activity.

FCLPs at OLF continuing. Was on an important phone call when they started. So loud that I couldn't hear the person on the other end and had to end the call.

FCLPs continuing at OLF. Had to end another phone call due to noise. So frustrating when you can't even carry on a phone call in your own home.

FCLPs still going on at OLF. Exhausting! In this time of Covid, there is no place to go to escape the noise.

F\*\*\* off

F\*\*\* you

i am prepared to do this all day

i hear navy guys all have tiny penises

I wish they would STOP!!!! Really loud and disturbing practice today.

It is loud. I had to stop recording tomorrow's lesson (i am a teacher who teaches remotely).

Please stop!

Splitting the silence... here come the jets! Will it be another full day of horrible noise?!

The growlers have been flying today causing us to seek refuge inside to avoid the loud noise. it is still loud in our house. Now at 5:38 pm again a growler passes over the house. as of this moment one at 5:33 pm and another at 5:38 pm. Too loud!

They are so noisy we must take refuge in the house to protect our ears!

They just keep coming back

This is just harassment

trying to enjoy a peaceful evening walk

Very loud and repeated since 9am

Was watching the news and needed to adjust the volume to be able to listen to the broadcast. I can feel my blood pressure rising as the growler practice intensifies...

You have ruined the dinner hour. Yesterday, pattern 14 (long) clocked 101 dB on our phone dB meter. Driving today on SR 20 so painful by OLF had to cover ears. Runway so undersized, disaster is inevitable.

you realize i wouldn't complain if this weren't an every day occurrence, right?

45 minutes of hell.

Another loud disruption to a peaceful day.

Deafening. Saw two 10 year olds playing in park and felt so bad for their little ears and bodies. I had to cover my ears.

disturbed work

Disturbing loud jet

Engine run ups blasts all morning

I just want to have peace in my home... a place I want to call my refuge. The Navy destroys this peace.

It was so low I could see it beneath the layer of clouds

Just felt a jet flying seeming very close overhead. The usual not caring about how others are affected by their overwhelming presence.

Loud jet in the area.

**LOUDEST JETS OF THE WEEK FLYING OVER!!!**

**NO Courtesy. NO flight path. Just a Beeline home Right over Lopez. 1 Pair and then two single jets.**

**S LOPEZ, 18 DEC 2020, FRI: 8:47am The ROAR begins again. Wind is 20+mph. Jet noise is deafening - louder than the blowing wind. Low frequency vibrating everything. 9:30-10:30am Constant Screaming Growlers. Still Roaring at 4pm. Enough!!**

super loud off and on all day. not sure of exact time as I was walking in woods and it was deafening. so much for a peaceful walk

Very gusty and loud wind, yet the F-18 that passed overhead was louder than I have ever heard on this side of the island, or anywhere on Orcas for

that matter. Once I recorded what I thought was loud, it got even louder (afterburners?).

Very loud jet overflight as I walked to lunch at Skagit Valley Hospital, off and on heard through the morning in clinic building through the ceiling and over the HVAC. Noisy and disruptive. Mt Vernon, morning and mid day so far...

Walls and windows shaking.

**GOOD MORNING! ITS CHRISTMAS WEEK LETS START YOUR WEEKEND OFF WITH A LITTLE JET NOISE!**

Noise to southeast. Only lasted 10 seconds. It bothered me.

Right over our Mud Bay home

**S Lopez, 19 Dec 2020, Sat: The ROARING begins on a Saturday ! We are forced to live on Navy time. I resent the destroying the tranquility of my home and our entire region!**

Very low and loud, hidden by clouds but I assume was a growler

85dB

95 dB

95dB

96dB

Jet flew low level right over our house at about noon in very poor visibility rain and cloud conditions. There is no reason to be at this low level. Later in day lots of noise to the norther again. My God please stop!!!!

Loud, rumbling and hissing. Nonstop.

Noise pollution blasting Coupeville from the direction of Oak Harbor.

S Lopez, 21 Dec 2020, Mon: 12;12 PM 69.8 Decibels. A full day of FCLP's at OLF - will Lopez be blanketed in Screaming jets too?

Second huge blast today, ear shattering.

Several fly-overs since noon that are very loud and a couple that shook our windows.

Way too loud and low!

"Beautiful day out. Cleaning deck. Open windows to air out house. Everything stops and closes back up when FCLPs start at OLF.

Plus it is Christmas week. Isn't there enough stress with Covid and cancelled gatherings with friends and family. Depressed!"

Continued loud and rumble. Goes through the house and is heard over fans, music and TV. There is no place to relax after a long day. Very stressful.

Flying over head. We're in the no fly zone

Just the fact that I need to report this horrible noise disrupts any activity. Today, it's work.

Loud enough to adjust the tv volume inside the house.

Loud enough to turn up the volume on TV by 50%

Noisy, loud, annoying. A beautiful, peaceful day shattered. Again.

Reporting noxious levels of noise pollution.

We're in the no fly zone and they are directly over my house!

Getting blasted on a sunny winter's day!

"HORRIBLE roaring. Why is the Navy allowed to ignore well documented, scientific evidence that shows clearly the environmental impacts of noise on ALL living creatures? The noise from these jets is damaging and deadly.

Low rumble to south and east.

"Oh, Joy! More Growlers while I'm trying to focus on my work.

Give it a rest, please . . . "

Out on a walk... here come the jets. Ear splitting and disturbing. So sick of this invasive and disruptive noise. Where can I go for serenity? Not my home or neighborhood?

Sounded like a rocket taking off

TURN OFF THE GOD DAMN EMF'S

With a Db app we recorded 107db by Admirals Cove Pool

My neighbor was being loud. I don't think it was a jet. How do we kick my neighbor out of my neighborhood?

Ah, the sound of war. Too bad we can't the sound of peace, and tranquility. Time to move the jets.

Intense roar and rumble from miles away to the north/northeast.

It was so nice to have Christmas free of ear shattering jet noise but today they were flying (nothing scheduled) right over our house multiple times and making an unbelievable amount of noise.

Loud flights at night but there were no scheduled trainings

Out of no where, right over the house. LOUD and annoying. Had to stop work and report here!! THIS is madness!

S Lopez, 29 Dec 2020, Mon: 6:02pm. Overflight - everything shaking. 73.9 decibels

S Lopez, 29 Dec 2020, Tue: 9:01am - 1:12pm periodic ROARING AND BLASTING Decibels 60 - 69.8 range. At 6pm our house is shaken with a 87.1 decibel reading. So much disgust for the Navy and Legislators who do NOTHING to protect us from the noise.

(Coupeville) 98239

3rd time tonight we have heard rumble to the east. Very disturbing. Unsure if its growler but sounds like small military fighter.

All outdoor activity: suspended

Because of growth of the local community along with its light pollution, the Outlying Field in Coupeville is no longer an appropriate place for Navy jets to fly.

F\*\*\* em

Get f\*\*\*\*\*!

Here we go again. FCLPs at OLF.

"Horrible roaring, house is shaking. Disturbing and disruptive, horrible sensation. Why is this dreadful, harmful noise is allowed? The noise and vibration ruin the environment for every living being in the entire region.

I can feel that low rumble in my bones. Then, all of a sudden, the jets are close and it's loud... very loud!

Listening to music documentary, insulated blinds in place, sweet evening, when the living room is filled with a blast from the Growlers. Everything stops till it passes. Very unnerving.

Peaceful holiday season- evening darkness shattered by terrible thunder echoing up from the south. This is abuse. Anacortes- 7:40 pm

Please stop flying your aircraft over our residential community in Coupeville, WA. Your jets are too loud and no human can withstand the magnitude of noise that they emit.

Rattled house.

several passes

Sounds low and variable like military aircraft.

Strong smell of jet fuel outside after a low flyover at 1216 pm

The aircraft banks and applies thrust about 400 feet directly above our home (Rhodena Beach area), they do this over and over again. The volume is louder than a human can withstand

Trying to work but FCLPs at OLF make it too hard to hear on phone or concentrate on work.

Very loud very low
