

Jet Noise Generated by Naval Air Station Whidbey Island

Report: January and February 2025

Loud Jets?

How loud? Lawnmowers, for example, generally produce 90 dB. How would you like to have that noise invade your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Some residents are measuring the noise:

“Altitude less than 150’ above house. Landing gear visible. DB over 100.”

“91db”

“2 Growlers less than 100’ above house. Landing gear down and clearly visible. 100+ dB.”

“For the last hour Jets flew right overhead. 91db on my db meter.”

“92db”

So, how does it affect you?

“High blood pressure getting bad headaches.”

“I now have a terrible headache.”

“Massive headache, ears ringing.”

“Continuous very loud jet noise disrupting concentration. Causing headache and anxiety.”

“I’ve been in flyover all day. It’s hard to let my dog out and it’s hard to do anything. Makes me feel sick. Terrible migraines from the high blood pressure anxiety. I’m so tired of this I how long I can take it anymore.”

“This noise is raising my blood pressure!”

“Getting really sick of not being able to have a conversation, watch TV, listen to music, etc. It’s also affecting my overall health. FIND ANOTHER LOCATION!!!”

Since 2015 jet noise reports are submitted by residents of the Salish Sea region and Olympic Peninsula, using the San Juan County Aircraft Noise Reporting Website. This document provides data broken out by reports generated inside San Juan County and outside.

Beginning on page 11 please read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

Understanding This Report

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. This has enabled reports from the wider region.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Comments Submitted with January and February 2025 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Roaring growlers throughout the morning. Dreadful deep noise and vibration.

Growlers began landing practice at just after 3:00pm. The noise is so loud that I was forced to stop my outside work and retreat to the house. The noise is STILL quite disturbing.

91 db

3:19pm Jan 15. S Lopez. BOOOOOM!!! Another blast from Whidbey. I can hear the jet roaring. The noise fills the skies. OK, Rep Larsen, where is your interest in reducing the noise impact??? I thought you were interested in our environment.

No rest from growler noise

Couple of Navy jets out tormenting Mt. Vernon this morning. Tuesdays are always particularly bad with these terrorists.

Very loud jets today, don't want to do outside activities which damages

both my physical and mental health

92db

Noise and vibration fro the growlers is shaking the house and overwhelming all other sounds. HORRIBLE noise and sensation

Returned home today after being gone a week. Couldn't wait to get back to my sanctuary. Everything is perfect except that growlers keep interrupting and ratcheting up my anxiety. Please don't.

Multiple passes. Raising stress level. Stress affects health. Please find a different route.

Altitude less than 150' above house. Landing gear visible. DB over 100.

Roaring growlers, horrible noise and vibration. That this is considered allowable and tolerable is INSANE

I work from home and my presentation was interrupted twice by jets roaring overhead. The whole house was shaking.

Sound goes through entire house

My house generator is turned on for its weekly run and the jet noise is still overpowering the generator noise. We have had to stop home schooling due to the jet noise.

Growlers stop us from doing our work (writing/editing/reading) whenever they fly over today, again and again. They don't belong over homes or workplaces or schools.

I think there have been several planes - probably growlers, over our house for quite sometime.

ALL DAY LONG!! Growlers began their circling and looping

just about noon and it's been NON-STOP NOISE to the present.

Considering eating out even though we made dinner because it is so loud.

Unrelenting jet noise all day and still going into the night. This is very stressful.

Another day with jet noises all day long

Stopped a phone conversation until flight finished

All morning...

I have experienced alot of new problems and want to know how to find some relief.I hope to stop the stress but it's been extra and caused a heightened amount of major damage to my health.

Another Growler flew over at 11:12 am. Both were very loud.

Very hard to relax. Noise through entire house

Volume has been rising as the day ends and evening grows later

yay! another day of the numbnuts playing with their war toys!!! so excited.

A constant roar. All the dogs in the neighborhood barking. The owls have gone silent.

Way too loud to enjoy any activities without earphones inside!!!

89db

noise as they overfly is very disruptive this morning.

28db interrupted to78db. Peace?

Very loud Growler overflights this morning!

Too loud to have a conversation outdoors. Had to stop talking. Insanity.

So painfully, incredibly, unnecessarily, stupidly loud. I was indoors and this flyover of Mt. Vernon was so loud, I had to check if my windows were open (they weren't). This should be illegal.

Constant roar this morning. Very difficult to work.

Loud and long

Spent the last two hours researching adjustable custom earplugs WHILE WEARING earplugs. The Navy makes it impossible to live here without cutting yourself off from the world around you.

The Navy are scum of the worst kind: self-serving, lying, incompetent. They're incapable of getting the results they want without being deceptive and selfish. They should be kicked out of the local bases until/unless they grow up.

EXTREMELY LOUD LOW GROWLER OVE MY HOME!!!

I hate it here.

January 3 . Downtown Anacortes. Searing Roar of a growler.

Anacortes. January 3. Horrible growler roaring overhead. They are coming one after the other.

Jan 3 afternoon. Growlers are coming one after another. Screaming loud. Seem to be flying in circles. Anacortes.

Anacortes. Being terrorized by growlers. Filling the skies with load screaming and roaring.

Very low, extremely loud growler aircraft with gear likely down based on how loud it was.

Very loud low jets

Elderly friends are disturbed by the jet noise today.very stressful!

Sounds like they are landing on our house

More growler roaring overhd. Is it going stop ? Anacortes..

Anacortes ferry dock. 1/3. Growler roaring overhead.

Jan 3. Incredibly loud Growler overhead. Anacortes ferry dock

WOW. Another loud Growler roaring overhead. Sounds low. The ferry is just leaving the Anacortes dock and I am still in my car with windows rolled up, but the roar is LOUD!!!

NASWI embraces the materialism of death and destruction with no care as to who or what is adversely affected. They subject us to horrendous jet noise and damaging combustion micro-particulates that cause serious health issues. STOP THE INSANITY!

This is extremely loud!!!!!!!!!!

This is ridicules!!!!!!!!!!!!

Really?

Afternoon and again for the last period very loud (dinner time)

Jan 15. S Lopez. Extremely loud rumbling roar from Whidbey. Distracted me because it was so sudden and loud.

Jan 15 S. Lopez. ANOTHER ROLLING THUNDER FROM WHIDBEY. If this is going to continue I will be very glad I am going to the Village this afternoon. Maybe the jet noise will stay away.

Jan 15 Lopez Village. What is a Growler doing right over Lopez Village? Clear as a bell, there it is, roaring away. Is the Navy now feeling free over Lopez? Why?? Go Away!!!!

South Lopez, Jan 15. Loud jet roaring as it takes off from Whidbey and flies in the South Lopez airspace.

House rumbling and shaking, unable to do any activities.

Growler roaring over us. S Lopez . Why? Long roar.

Low over south Lopez

Second low flight over south Lopez

What??? Second Growler roaring over us after the prolonged roar of one a minute ago? Why fly over Lopez? Jan 7.

Jan 7. Another screaming growler over S Lopez.

Jan 7. Sudden deep thunderous growler roar that keeps going on. S Lopez.

MAKE IT STOP

At kalaloch beach. Third plane in 20 minutes. Barely cell service.

12:22pm. South Lopez. The sky is filled with jet roaring. How many growlers are flying around? Why fly over Lopez? The noise echoes everywhere.

12:25pm. The jet noise is constant. Pulsating and throbbing. I cannot concentrate on my work. South Lopez. It has been like this since 9am.

Fly overs all morning. Just keeps getting louder. Difficult to think or work.

Jan 7. S Lopez. Growler jet over us. Roaring.

1:02 pm. Jan 7. S Lopez. Here comes another Growler headed toward us. Screaming and Roaring. Now it must be looping around because the noise fades and then roars again.

ANOTHER GROWLER aimed right at us. S Lopez. Loud, Roaring. Jan 7. Earplugs all day. Hate the Navy

Horrendous Growler Jet noise and toxic micro-particulates are released into the air which can cause many health-related issues. NASWI is the worst environmental steward and never should have been permitted to

fly Growler jets at OLF Coupeville.

2:17am. Screaming Growler noise overhead in the skies. S. Lopez. Jan 7.

S Lopez 3:03pm. I am tired and angry that NASWI has been bombing our home all day. S Lopez.

A fifth flyover of Mt. Vernon. This one is so loud, the monitors on my desk are wobbling! I can feel the vibrations in my desk and my chest is thumping. WHY ARE THEY ALLOWED TO DO THIS TO US?

Sixth flyover of Mt. Vernon. Again, so loud my monitors are wobbling. This is impossibly unbelievably loud. I want to go outside to get a measurement, but I think the noise would cause me to lose my balance.

Navy is out using its sonic weapons against Mt. Vernon civilians again. If they had any integrity at all, they'd admit they've made this area unlivable for many people and offer to help with relocation.

3:06pm Jan 7. S Lopez ANOTHER jet blast from NASWI. Vibrating. Shuddering.

3:19pm Jan7 S Lopez. The blasts continue

Window rattling Growler noise from landing practice!

3:20pm Jan 7 S Lopez . A big blast again, and the scream of a Growler over Lopez.

You worthless scum. Go fly your terror devices somewhere else! I celebrate every one of your failures.

3:40pm Jan 7. S Lopez. Another prolonged blast. At this point I am praying They end the workday at NASWI at 4pm. I am worn down.

Almost 4pm. Still jet noise roaring . South Lopez. Jan 7.

4:05pm January 7. south Lopez. The skies are roaring with Jet noise. All windows and doors are closed but I cannot escape the roaring noise inside.

4:19pm. January 7. South Lopez. It is not quiet here. Growlers are roaring in the skies. The noise comes in throbbing waves and fills our house.

4:22pm. Jan 7. South Lopez. Another blasting explosive roar from NASWI

4:25pm Jan 7. S Lopez. That deep rumble shook the house, shook me. Now we have a jet roaring and screaming over us. Still roaring at 4:27pm. Still roaring.

4:29 pm. S Lopez. Jan 7. I have documented a day of misery, of explosive jet blasts that shake the house, a jets roaring over us. Legislators, move to Lopez so you can treat your families to this noise.

4:32pm Jan 7 south Lopez. The jet roaring continues very loud!!!!

4:42. jan 7 south lopez. Another jet blast from Whidbey. Eagle Cove

Rumbling windows

4:49pm Jan 7 South Lopez. Our home is vibrating from Growler activity. Deep deep roaring as jet flies over S Lopez.

4:51. Jan 7. S Lopez. The jet roar from what I assume was takeoff shook our home. Deep explosive bomb. The jet noise continues as growler flies over S Lopez. Still roaring at 4:54.

Growlers have just begun another 'landing practice' drill, creating extreme and constant noise.

Horrendous Growler Jet noise and toxic micro-particulates are released into the air which can cause many health-related issues. NASWI is the WORST environmental steward and never should have been permitted to fly Growler jets at OLF Coupeville.

4:59 Jan 7. The skies are filled with throbbing jet noise, vibrating waves of jet noise from Whidbey and from jets flying over S Lopez. And here is another explosive blast at 5:01

5:04pm Jan 7 Another scream and roar of a jet over South Lopez.

Extremely loud and I were at work and activities, making my blood pressure high and anxiety my body shake

5:19pm S Lopez. Another explosion of jet noise from Whidbey.

5:44pm. Jan 7. S Lopez. WOW, was that a huge blast from Whidbey. Did they do two jets at once? The floor was vibrating.

Horrendous Growler Jet noise and toxic micro-particulates are released into the air which can cause many health-related issues. NASWI is an environmental imbecile and never should have been permitted to fly Growler jets at OLF Coupeville.

Constant roar and vibration today. It's making people crazy around here
6:14pm Jan7 S Lopez. Here we are again. Another booming deep roar from Whidbey.

Horrendous Growler Jet noise and toxic micro-particulates are released into the air which can cause many health-related issues. NASWI is a stupid environmental steward and never should have been permitted to fly Growler jets at OLF Coupeville.

Jan 8. . Several swipes from noisy growlers over South Lopez this morning.

"Jeezus!!!!

We have enough stress in the world!!! STOP!

People are suffering in southern Cali!"

Go help California!!! WTF!

Insanely LOUD!!!! STOP!

Horrendous Growler Jet noise and toxic micro-particulates are released into the air which can cause many health-related issues. NASWI is the worst environmental steward and never should have been permitted to fly Growler jets at OLF Coupeville.

"Insanely loud!!!

Calling the governor!"

"What in the HELLL!!!!!!!!!!

My property is worth nothing!!!! You A**holes!!!!"

"What in the actual F***

This is AWFUL!"

Once again NASWI conducts a war of destruction on the environment and the health of the citizens and every living thing  with its outrageous Growler jet noise and deadly exhaust micro-particulates.

Can't hear myself on the phone! All the windows are closed! Give us a break!

The incompetent, lying, underhanded Navy scum are out torturing the

Mt. Vernon (and surrounding) regions again. These aren't like "noisy dog barking" complaints. This amount of "noise" would itself be classified a weapon by the military.

Multiple Growlers passing very low above homes. Shockingly loud and quite disturbing.

Jan13. 12:10pm Navy jet shrieking over us. S Lopez.

Why does NASWI conduct war on the environment and every living thing under the pretext of protecting us?

Excruciatingly loud

Screaming low over south Lopez

Jan 13 2:16pm. Growler screaming screeeeeeeeaaaammmming over South Lopez. Now roaring.

Jets flying low, roaring overhead. They are continuing, over and over again. I can't hear my work calls. My animals are stressed. Typical Monday on Whidbey with the Navy terrorists that WE PAY FOR.

They are flying above my house nonstop. It sounds like a war zone.

High blood pressure getting bad headaches

I've been in flyover all day. It's hard to let my dog out and it's hard to do anything. Makes me feel sick. Terrible migraines from the high blood pressure anxiety. I'm so tired of this I how long I can take it anymore

They sooo loud Over 120 decibals

"I have family suffering in LA from the fires!

No one needs anymore stress!

A really bad time to raise stress levels!"

The start of another day of extremely loud jet noises

KABOOM!! ROAR ROAR. Growler jet take-off & flight over South Lopez. HUGE NOISE & VIBRATION. Jan 14. 9:18am. I was on my doorstep, ready to take a walk, then KABOOM?!! I came back inside. No need to torture myself. (The Navy does that to me anyway.)

Here goes the Tuesday Torture in Skagit. Going to be a full day of pain and torment

Huge and Loud and LONG rumbling roar. I feel the growlers are aimed at us. S. Lopez. Jan 14 10:22am

There is rolling thunder, tremendous jet noise in the skies over South Lopez. I was hoping to be outside this morning, but it is too unpleasant, too loud. So, I am back inside.

Jan 14 S Lopez . The rumbling roaring vibrations continue. The vibrations come 14 miles to hit our home.

For over an hour this morning, repetitive low-altitude fly overs are rattling windows and we are experiencing activity-stopping noise inside. Flight path is directly over La Conner at full throttle. Why? It is harassment.

January 14. S Lopez. More persistent rumbling. Deep and prolonged jet noise from Whidbey.

Jan 14. S Lopez. Right on the heels of one 30 seconds ago. Extremely loud,,,,,and here comes another blast.

Jan 14 S Lopez. Wow. first the rumble and then an explosive blast and roar. Did something happen to that jet? The sounds of war just invade our thoughts.

January 14. S Lopez. All morning and here is another blasting jet noise wave invading my home.

S Lopez. Even inside with doors and windows closed we hear jets roaring in the skies. The Navy invades our home. They are untrustworthy.

11:46am S Lopez. All morning and just slammed by another jet noise roar.

It's insane that even custom earplugs are insufficient for the amount of noise these jets are making. I could walk past a lawn mower and barely hear it, but the jets are still LOUD. This isn't compatible with populated areas.

More intense insane levels of noise from the Navy jets. We need a better word than "noise". I don't think it conveys what this is. When I say "noise", you think of dogs barking. It's the difference between a snowflake and a blizzard.

Ear splitting

NASWSI engages in an environmental war with all living beings. The Growler jet noise and jet exhaust microparticles have deleterious health consequences.

"Go fight some fires!!!

Trump is going to kill us all anyway 🙄 "

NASWI knowingly engages in a repeated environmental war on all living beings with the Growler jet noise and magnitudes of microparticulates in the guise of protecting us.

Extremely loud and loud life disappeared, and my dog won't go out and

I got headaches

STOP!

"My family is in distress from fires!!

This noise is raising my blood pressure!

They're flying straight over home about 50 feet above our house at BD over 120

So loud I can't hear myself think I can enjoy my dinner. I can't let my dog out my neighbors. Have two babies ! navies. Definitely not good neighbors.

JEEZUS!!! So F***ing LOUD!

Another rumbling roar, right after the other one. S Lopez.

S Lopez. It sounds like the sky is breaking up. Jet roar all over the place.

Jan 15 4:25pm. Growler ROARING over S. Lopez. ROARING! Louder than the TV.

January 16. 10:52am. S Lopez. Growlers absolutely ROARING in the skies. It is cloudy, so I cannot see them, but the noise is drowning out the TV. Glad I am not outside.

11:09am January 16. ANOTHER growler is roaring over S Lopez. GO AWAY. The noise is bad and distracting.

SCREAMING LOUD. NOW A RATTLING AND THUNDEROUS ROAR. THE FLOOR SHAKES. MY DESK SHAKES. GROWLER OVER MUD BAY, LOPEZ. 11:12AM. JANUARY 16. WHY DO GROWLERS NEED TO FLY OVER HOMES?

Holy crap, the Navy sucks so much. I'm sure somewhere there's a definition for when noise levels become a weapon and the Navy is lying about their "average noise" in order to avoid being accused of using weapons against the citizenry.

Sonic weapons flying around Mt. Vernon right now. Even being indoors with earplugs it's still LOUD

Multiple Growlers circling for landing practice. Constant maximum jet noise; as one moves off the next one arrives.

Very loud over head all dinner time

This level of extremely loud disruption continues tonight

Cannot do any regular activities, there is no break in the noise, are they flying five???

"You need to stop!!

People are stretched to the end of their ropes!

The incoming commander and chief is an idiot!! We cannot take anymore!

May we please have some quiet!"

NASWI again has launched its nightly war on the environment and every living being under the delusion that they are protecting us. With the horrendous health-impacting jet noise, outrageous micro-particulates, etc. we are greatly suffering.

Another day of US Navy sponsored torment and pain. My ears are killing me from a week of wearing earplugs all day.

Once again NASWI engages in repeated acts of stupidity by waging war on the environment and all living beings with the lie that they are protecting us. NASWI, get a clue. FLY ELSEWHERE, e.g. ElCentro, California Station.

F*** the Navy. That's all. They're out terrorizing and tormenting Mt. Vernon and surrounding areas again. If this is like every other Tuesday, it's going to be hell all day.

The Navy is blasting Mt. Vernon with sonic weapons again. Why are they attacking US citizens? Maybe the Air Force needs to be called in to deal with these terrorists.

Extremely loud over our homes

We live between Tudor lagoons, and it's disturbing our wildlife and marine animals not to mention us and our pets

"the flying A**holes are a**holing again. that's so awesome that it's right when everyone is trying to wind down after a busy day. so of course these numbnuts want to play with their war toys. they just keep roaring overhead every 3-5 min.

I HATE THEM"

"AND NOW HERE'S 3 MORE RIGHT FREAKING OVERHEAD. I LOVE IT WHEN THEY PLAUY WITH THEIR TOYS BY DOING ENDLESS SUPER FREAKING LOUD CIRCLES.

OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER AND OVER "

"AND HERE THEY ARE AGAIN! AWESOME, I LOVE EAR SPLITTING CONSTANT NOISE FROM THESE IDIOTS PLAYING WITH THEIR WAR TOYS.

THEY NEED TO GET REAL JOBS AND GET OFF WHIDBEY."

"AND HERE ARE THE SUPER FREAKING LOUD PLANES RIGHT FREAKING OVERHEAD. AGAIN.

I HATE THEM WITH EVERY FIBER OF MY BEING."

YAY! HERE THEY ARE AGAIN!!!

AND HERE THEY ARE AGAIN.

Extremely loud military helicopters flying right over the top of the house within 200 feet

A warzone, US military helicopters flying over my mom's house here near Shelton

As a senior who is 81 & eats alone tonight, I cooked a small chunk roast with vegetables in the oven, making mashed potatoes and gravy. I haven't eaten this in months. Now the Growler jets are flying at dinner time. NASWI has no care for any being.

Another two bladed military helicopter flying couple hundred feet over a rooftop

"Same

US military double Roto helicopter returning harassing the neighborhood"

One more military helicopter flying over heads

"Awesome! Another day when I need to wear noise canceling headphones all.freaking.day due to the noise from the flying A**holes and their war toys.

Thanks for making it impossible (again) to concentrate while I try to get some computer work done."

Navy out tormenting Mt. Vernon area with their sonic weapons again.

I hear the commanders of the Navy (who just terrorized Mt. Vernon again) are demons whose bodies were created by fusing the DNA of wart hogs and slime molds. And if think THOSE are insane lies, wait until you see the Navy's environment impact study.

NASWI again demonstrates the epitome of environmental stewardship stupidity. They do not care for the environment and living beings in the OLF Coupeville area. Their worst offenders are the OUTRAGEOUS JET NOISE and TOXIC MICRO-PARTICULATES.

jesus christ, it has been nonstop since 4:45 pm, no one can do any activities, this is so unhealthy

Once again NASWI engages in the destruction of the peace and quiet of this environment and subjects every living being to a wide spectrum of toxins one of which is their lack of consciousness that it is okay to destroy the environment.

The Navy's terrorists are taking their sonic weapons for a joy ride over Mt. Vernon again. For the the commanders' ineptitude and deceit, they should be court martialed and publicly ridiculed.

Extremely loud rattling windows.

Navy terrorizing with their sonic weapons over Mt. Vernon again

It is time to have dinner and NASWI is creating a too stressful situation to have a pleasant dining experience. Repeatedly in the past, they have done this again and again. NASWI has no reverence, concern, or care for destroying the environment.

Constant and deafening

So LOUD!!!

What the actual F! Jeezus!

SO LOUD!!!!!!!!!!!!

What in the actual FU.! !!! Loud!!!!

Are you serious!!!

DONE! Listing my house for sale tomorrow!

STOP!

Ominous and irritating growlers feel like they are attacking

Extremely loud, shaking my house at times. The sound is so jarring and overwhelming

"EXTREMELY LOUD!!!!!!!!!!!!!!!!!!!!

I feel like my house is going to get hit!! I feel afraid!"

You've been flying for two hours!! Give us a break!!

I'm scared for my safety! These keys are way to close to my house!

"Extremely loud!!!!

I'm actually feeling threatened by this noise! My god! 🙄

This is scary 🙄

OMG!!! So F***ING LOUD!!!!!!!!!!!!

STOP!!! I'm terrified!,,,

Way too loud

S Lopez. LOUD JET NOISE IN THE SKIES. JANUARY 15

What type of aircraft is being used? It hasn't ever been this loud. Perhaps it is possible to end the flights earlier. Running all day and all night gets to be a bit much.

The Growler jets flew for 3.5 hours tonight disturbing dinner, our ability to hear the TV, etc. Essentially they are denying us access to my property and we should be fully compensated for each time this has happened in the past and into the future.

Louder - deafening right over the house

Keep Saint Mary area, SE Lopez Island, Washington.

NASWI is disrespectfully too LOUD & continues to engage in the destruction of the OLF environment with toxins and all living beings above and below the Salish Sea Puget Sound region. STOP DESTROYING THIS PASTORAL PLACE. YOU ABSOLUTELY HAVE NO CARE!!!

Extreme noise in Coupeville for well over an hour in the middle of a work day on a Tuesday. Someone please help 🙏

Once again, Growler jet noise is denying us access to our property. We can not be heard when we talk or watch TV, and the noise is horrifically stressful to have dinner. NASWI thinks it is protecting us, but that is B.S. Last night 3.5 hours long.

Been going for 20 minutes already; very loud and overhead

You have tortured us for four days in a row now. Why has Hateler not eliminated your funding?

This is such BULLSH**!!!

Jeezus!!!!

Contacting the governor once again

WTF!!

What in the actual FU:K!!!!

This is stupid loud!!"

Extremely loud flights overhead, hard to hear anything inside the house, no wonder the orcas are dying out with so much noise that they can't find enough food

P8 looping around very loud

Extremely loud disruptive flights overhead.

Anacortes. Jeesh!!! The growler noise this afternoon has been awful! Jan 3.

Ear drums rattled and hurt while outside

Do you feel responsible for the death of the orca calf that the mother is carrying? If not you probably should, the noise is nightmarish...

Two Growlers flew over within a couple minutes. Both really LOUD.

I live next to the high school in Anacortes and the jet noise has been very loud all afternoon. Even though I have been inside of my house all day because of the weather the jet noise has been very loud and irritating.

F*** THESE A**HOLES. F*** THE NAVY. F*** ALL MILITARY BUT F*** THESE PILOTS IN PARTICULAR"

extremely loud

Loud as hell, sounds like war outside!

Loud and continuous for about 5 minutes. Disrupted business calls. FAA should be notified, in this case.

The jets are circling over our home and it is so loud it's hurting my ears and causing severe stress

Couldn't carry on a conversation or watch tv

Again— NUTS!!!!

Jets screaming overhead, around and around. They sound as if they're flying very low, but the cloud cover is too low to see them

"Screeching LOUD LOUD LOUD GROWLERS OVERHEAD!!!!!! Third day in a row.

Ridiculous, obnoxious and scary!"

Repeatedly flying today.

Unbearably loud for about 5 minutes as multiple passes were made directly overhead. Disrupted what we were doing in our home. It was actually frightening.

"LOUD RUMBLING ALL MORNING. HOW CAN WE HEAR THIS FROM SO FAR AWAY???"

All day long

Another noisy day in the National Monument :(

Very long, loud rumble. Eagle Cove.

Lopez Village. Are the Growler jets so intrusively loud that I am hearing the rumble here? No question that noise and vibrating wave is growler jet start up. The Navy pollutes this environment.

Eagle Cove

Loud! Eagle Cove

Loud flights over preschool. Hard to focus

Loud flights disrupting phone calls for a small business.

So loud and constant. Creating headaches. Hard for kids to do their homework.

School night and they are flying. It's so tiring and draining.

"Low rumble

NON FREAKING STOP EAR SPLITTING NOISE

A**HOLES!!!!

ALL Evening last few days. "

Flights all evening and my grandson brought me my phone and told me to report it.

There was another one earlier this morning but not sure what time - an hour or two ago.

Multiple incidents beginning at 8:45

All morning the Growlers have been flying. I can hear them through closed windows and rainfall.

Constant vibrating of our house today

Jan 7. 9:05am. Rumbling Roar, vibrating the air waves, from Whidbey. S. Lopez. Here comes another one. It looks like I might be making consecutive posts about this annoying disturbance.

South Lopez. More jet rumbling and vibration roars from NASWI.

S Lopez. Jan 7 ANOTHER ROARING RUMBLE. Whatever happened to the noise mitigation that Rep Larsen described???

Jan 7. One after another. LOUD RUMBLING and VIBRATING ROARS from Whidbey.

North end of Lopez. Constant rumbling. Sounds like we're at war. Jesus

Christ, stop already.

Noise from Whidbey. Roaring waves of vibrating jet noise. One roar follows another.

Another deep blast from NASWI. This has been going on all morning. S. Lopez.

11:57am Another Deep threatening growler to oar. Vibrates our house. S Lopez

12:01pm. Another roaring, jarring, vibrating growler noise from Whidbey. S lopez.

12:17am Jan 7. ANOTHER roaring vibration from Whidbey. S Lopez.

Very hard vibration 5 minutes ago, almost stopped my heart. Like an earthquake

Jan 7, 1:26pm. The AWFUL UNTRUSTWORTHY Navy is throwing everything it can at us today. S. Lopez. YET ANOTHER BOMBING BLAST OF JET NOISE HITS US. So far, all day.

1:34pm. Jan 7. The rumbling a vibrating jet noise waves are still coming. S Lopez.

1:43pm. Jan 7. Yes, ANOTHER JET ROARING BLAS FROM NASWI. The noise walks (blasts) right into our home. S Lopez.

I hate the Navy. I hate everyone in the Navy."

"Here's the next flying A****le, 30 seconds after the last.

ARE THEY FREAKING SERIOUS WITH THIS BULLSH**??"

"HERE'S ANOTHER FLYING A****LE SO LOW SO CLOSE SO LOUD THAT THE WINDOWS VIBRATE IN THE FRAME.

I HATE THESE A**HOLES SO MUCH"

"THERE WERE ZERO FLYING A**HOLES SCHEDULED TO DISRUPT LIFE TODAY. YET HERE THEY ARE AGAIN. IS THIS GOING TO GO ON ALL DAY? I HAVE WRITING TO DO

WHAT A BUNCH OF IDIOTS. I HATE THESE PILOTS, I HATE THESE PLANES, I HATE THE NAVAL AIRBASE, I HATE THE NAVY"

House is shaking with these A**holes playing war games with our tax dollars. Go to hell!!!!

1:44pm, 1:45pm. Jet noise blasts come right after another. Growlers taking off? Engine run-ups? Like a coal train running out the front door. LEGISLATORS: would you live this way? I doubt if you would subject your family and pets to this disruption.

1:52pm. Jan 7. The disruption continues since 9am. S Lopez. Blasted again by the explosive noise of Growlers from NASWI

2:03pm. Jan 7. S Lopez. Jet roaring since 9am and right NOW. Yes, I am trying to report each egregious jet roar because it blasts right into my home.

Offensive. Totally offensive. Legislators, I know you have turned a blind eye to this problem.

2:31. Jan 7. S Lopez. I am reporting as often as I can. The jet blasting today has been disruptive. I am working on a project and cannot keep my mind focused as our home shudders with Growler jet noise

2:37pm. Jan 7. S Lopez. YES, ANOTHER GROWLER BLAST HITS US ACROSS THE WATER.

2:39PM Jan 7. S Lopez. ANOTHER BLAST from NASWI. Engine run-ups? Take-offs? Whatever, IT IS DISRUPTIVE. WHAT ABOUT NOISE MITIGATION?

Eagle cove

S. Lopez 2:57pm Jan 7. ANOTHER BOMB BLAST FROM NASWI

S Lopez 3:14pm Jan 7 Another blasting roar from NASWI.

Very loud. Eagle Cove

very loud rumbling and vibration from 2:30-6pm

Shaking the entire F***ing house during dinner. F*** these F***ing A**holes. How is this even legal???

Jan 14. S Lopez. HUGE DEEP PENETRATING Rumbling Roar from NASWI. Growler Jet..

January 14. ANOTHER RUMBLING ROAR from NASWI.

January14. S. Lopez. ANOTHER BOMB. RUMBLING vibration, like something exploding, which I guess is what Growler engines do when started up. Very unpleasant feeling. Very.

S. Lopez. MORE RUMBLING ROAR FROM NASWI. This is annoying. It is an oppressive noise. The sound of something bad coming our way. I am distracted, losing focus.

S Lopez. Rumbling from Whidbey.

Vibrating the house, multiple passes. Take your war games and go to hell. This is domestic terrorism.

January 14. ANOTHER rumbling roar. A full morning of this noise.

Jan 14. S Lopez. This roar from Whidbey shakes the house. I feel it in the floor. Like an earthquake. I have a hard time concentrating on my work.

Jan 14. S Lopez. This is a combination of anger and despair. It is 12:05. We have had a morning of roaring jet noise. Vibrating waves of jet engines. Blasts and Booms. How does this society allow the loudest jets to operate in a populated area?

Stops the owls from communicating

Loud. Long. Eagle Cove location.

been going on all day

3:43pm January 15. S Lopez. Rumbling jet roar from Growler take-off from NASWI. We feel the house vibrating from the deep penetrating roar, and then hear the deep whoooosh of the take-off. At least that is what it sounds like. Annoyed.

Eagle Cove

Shaking my house regularly

Live on Camano, jets so loud we can feel them on the floor of our house. It's a school night.

We have had several water leaks in our house and electrical problems due to vibration of our home

Loud inside our house

Been going on n for more than 2 hrs getting louder. Im exhausted over 2 yrs. of the pattern overhead.

These flights are unbearable. No escaping, no where to go.

Happening now for the last hour and getting louder

Horrible roaring which destroys any peace. HORRIBLE

I HATE THEM SO MUCH"

"WHEN ARE THESE A**HOLES GOING TO F*** OFF ALREADY?

SO SICK OF THIS NOISE

SO FREAKING LOUD. NONSTOP NOISE FOR OVER 45 MINUTES.

Beautiful sunset and jet noise building to very loud now

We never signed a notice that we would live in an area disrupted by noise

Extreme loudness

Thunderstorms all day.

"This was the first of 2 flights. The other was at 4:00 pm. Both the same loudness.

"GOD F***ING DAMN. IT'S BEEN OVER 90 MINUTES OF HEAD SPLITTING NONSTOP F***ING NOISE FROM THESE F***ING A****LE FLYBOYS PLAYING WITH THEIR F***ING WAR TOYS.

HOLY MOTHERF***ING SH** I HATE THESE F***ING A**HOLES SOOOOO F***ING MUCH"

That rumbling can be heard a long way across the water.

Been going on for a few hours intermittently

Rattled windows, whole house shaking

All goddamn evening. Why are we at war? Take your stupid planes and park 'em, or shove 'em up you're a**. War mongering idiots. How can this country be so stupid???

loud disruptive noise overhead and all around
This one is especially loud.

Navy's sonic weapons over Mt. Vernon area. Painfully loud.

And another sonic weapon flying over Mt. Vernon. These bastards never stop tormenting us.

And a third pass of the sonic weapons. Even louder than the last two!
SO LOUD

Fourth extremely loud and painful flyover of Mt. Vernon. Just a couple minutes apart. It's hell out there.

I hate Tuesdays in Mt. Vernon. I mean, it's no picnic for the rest of the week, but Tue and Thu are particularly nasty with these inconsiderate scum aiming their weapons at us.

People who haven't heard these jets probably can't comprehend just how loud this is. This isn't "4th of July Fireworks" or "out on the tarmac at SeaTac". This is much worse. The whole sky explodes. You feel it from every direction. It hurts.

Eagle Cove. Loud.

Honestly, what a way to ruin a sunny, snowy day. Are they preparing to invade Greenland?

"Roaring growlers, so loud that participating in a meeting is difficult

Stop flying above our precious islands and poison the puget sound. You are killing the marine life.

Eagle Cove. Loud and long rumble

Eagle Cove. Loud.

Eagle Cove. Loud rumble

F*** the Navy. I can't even put a comment in this time. I set the location of the noise in the middle of the water because that's where I'd like the jets to "land"

Growlers overflying

Loud and Long. Eagle Cove

Any organization that would willfully subject people to this level of painful noise is putrid and vile. If you weren't protected by your status as The Military, you would be the villains in any story. I've said it many times: you're not heroes.

The Navy is starting their criminal attacks on Mt. Vernon at 9:20am today. The people leading this despicable organization should be in prison

The slime bags at the Navy are carrying on with their despicable behaviors based on lies and more lies in their environmental impact study. No accountability.

2 Growlers less than 100' above house. Landing gear down and clearly visible. 100+ dB

Again, NASWI is disturbing our dinner, for they do not give a damn if it causes emotional upset during dinner time. The first toxin that needs to be resolved is their lack of consciousness that all kinds of living beings are in their flight paths.

Been "listening" to sonic weapons being aimed at Mt. Vernon for the last five minutes. Was in an important zoom meeting but had to ask to pause because I couldn't hear over the jet noise.

Growlers circling landing practice. Quite loud!

"You mother F***ers!!!

Because we need more stress!! STOP!"

"I'm terrified ! One of these jets are going to hit my house!!! Contacting governor!

I have screen shot this message ! So my son can sue when my house is hit!

"

"Way too close to my house!!!

I know one of these jets crashed in the mountains a couple months ago!

Documenting all of this!"

"There are schools and children all around me!!

These jets are way to close!!!"

"Danger to our neighbors and pets!

Way to close!"

Jeezus!!!!!! SO LOUD!

Are you kidding me!!!!!! STOP!

I do not feel safe with growlers this close!!

the loud rumble has been going on for several minutes

This is AWFUL!!!

continuing non-stop noise for several minutes. Making it uncomfortable in the house. Note all windows & door shut. New construction with good sound proofing.

This is so loud and constant and my house is shaking!!!

All government contacted! My blood pressure is way up! My house has lost all value! I'm pissed!

Continuous very loud jet noise disrupting concentration. Causing headache and anxiety

You are trying to terrify the populace, I assume.

Loud flights, Trying to get kids to bed

Had to chase me inside on a beautiful day!!!

It's a special day for me and, as a gift, the Navy let us get to 11:30am before starting their full day of torture and torment. Thanks, Navy! It ain't much, but it's the best you can do.

"I feel like the Navy picks on people that report them so I am reporting by zip code. I am trying to get a training done and can not focus or hear it.

Growlers over-heading. Landing practice with multiple aircraft EXTREME noise!

Disrupting on call meetings, even with headphones on I cannot hear my leads as they are flying way too close and too low to Main Street in Coupeville.

So loud, it hurts to take a walk

Why are the jets flying early Saturday morning?!! Give it a break!
They've been overhead every day this week and now disheartened to hear them back so early Saturday!

Severe noise from jet. Stopped people on their phone conversations with people in office and on phones.

The tormentors in the Navy are aiming their illegal weapons at the civilians of Mt. Vernon again.

"Just contacted the governor!

I can hear you ramping up!!! A**holes!"

I've contacted all elected officials!

NASWI continues to abrogate its responsibility to the earth and all living beings by being unconscious of what the Growler jets do to where we, sanctity and peace lives.

Growlers overflying disturbing the evening.

Holy crap, that's loud. Like "if I was outside, I'd have lost some of my hearing" levels of loud. "This would be illegal if anyone other than the military was doing it" loud. And also IT SHOULD BE ILLEGAL EVEN IF IT IS THE MILITARY!

Heard what I assume is Growlers

Passes all morning.

Growlers and Cessnas mixing it up at Lopez airport

Growlers overflying and circling landing practice.

It is now dinner time and the Growlers are now flying with gut

wrenching intensity. NASWI with their authoritarian consciousness is no respecter of any living being and again by dint of noise reaffirms they are the worst environmental steward.

I was sleeping and the planes not only woke me up but kept rumbling so I wasn't able to go back to sleep

Super loud, relentless roar/rumbling of jet/growler noise. It doesn't stop. It's stressful & anxiety provoking making it hard to concentrate on work or anything else. This is abusive.

Constant noise making it hard to focus

Come on!!!!

Ok .. contacting governor again!! F***ERS!

Just let the government know there was a crash here in the mountains!
And I'm afraid you'll hit my house next!

"You need to stop!

I'm terrified you're going to hit my house!! You are so close!"

"THIS IS EXTREMELY LOUD!!!!!!!!!!!!!!!!!!!!!!

"

"I just had a friend's life flighted out!

I cannot take this stress!!"

It is so very loud and my animals are terrified. We can't listen to the TV.
This absolutely unacceptable!, it sounds like we are at war at 7:00 pm-
WTF!!

STOP!!! This is HORRIBLE!!!

There are no flights scheduled for tonight!!!! Just turned you in to

government!

THIS IS INSANITY!!!

Multiple Growlers practicing landing!

Incompetent, cowardly, anti-hero, Navy scum. Insanely loud weapons being targeted at citizens of Mt. Vernon right now. Even being indoors with earplugs isn't enough. These bastards should be treated as the criminals they are

Cowardly Navy still tormenting Mt. Vernon. So incompetent, they can't even publish an accurate schedule.

extremely loud flights overhead, disruptive to hearing anything inside, if DOGE is looking for ways to save money stopping this volume of flights would be an easy win for the environment and the people that live here.

Time may be off by a couple of minutes.

Extremely loud disruptive flight overhead, save the environment, save our hearing, save money, stop flying these planes over people and places you aren't trying to destroy

"THE F***ING FLOOR SHAKES. THE F***ING WINDOWS RATTLE. THE F***ING GLASSES IN THE CUPBOARD RATTLE. FOR AN HOUR AND FORTY F***ING MINUTES. NON MOTHERF***ING STOP'

F*** THESE F***ING A**HOLES"

An *extremely loud* sonic weapon (Navy Growler) just flew over a civilian zone (Mt. Vernon).

sounds like its coming into my house!

Obnoxious, again

More than one LOUD LOW GROWLER OVERHEAD

Low flying military aircraft, loud enough to disrupt online meetings being conducted indoors.

Flights over work area. Every time they fly over it feels like my brain rattles and I can not focus. It sounds crazy but it is so hard to work. Have family This game is their pets and extremely annoying and loud. I can't hear and the dogs are scared.

Just returned from a 3 week work trip- should be relaxing to be home in Anacortes, but after sunset, the south side of my home, including bedroom is shaking with intermittent deep deep thunder- so very disquieting. Awful. Unhealthy assault.

Growlers circling for landing practice with constant noise levels

It is dinner time and NASWI jets destroy this peaceful time of food and reverence. What we have come to experience and know is NASWI doesn't give a damn about our inner experience and engages in the death and destruction of the environment.

For the last hour . time might be a bit off. Jets flew right overhead. 91db on my db meter

Lopez all morning

extremely loud flights overhead today, brutal attacks on the environment and senses please make these jets quieter, this is dumb

Loud jets circling over north Lopez Island

Sounds like a war zone coming straight into my house. Animals freaked out

"Single jet

Flying a bit lower than usual

Circled area. Extremely loud at 19:00; slowly came around about 15 minutes "

Stopped speaking until passed. Also could not hear radio"

There is no reason for F35 jets to be flying in formation at low altitude dead center over a populated island when you have the entire Pacific Ocean to practice the same thing! They were flying at about 1000 feet! Growlers circling making practice landing. Shockingly loud.

"NASWI engages in another egregious assault on the environment and every living thing.

It is now lunchtime and obviously, they have no concern if it disturbs on lunch. STOP ACTING STUPID NASWI AND STOP FLYING AT OLF COUPEVILLE."

"It's a war zone over my house! Low flying growler aircraft with some having their gear down.

I've been reporting for several years but with no difference. I'm fed up and will likely stop reporting in the future. It doesn't seem to matter!!"

Give us a break// can't you change the flight pattern??????

Excruciatingly loud. Ear damaging dB levels. Flying very low. Roughly SE to NW single growler.

Low over south Lopez

Almost all day flights above San Juan islands. Extremely loud. Can't they find a path to avoid this area? Or send them over to Ukraine to help

fight against Russia!

A second low flight over south Lopez

"Unable to hold conversation.

Interferes either enjoyment of my property "

So obnoxious. Don't need the constant reminder of war and military while going about our day

This is at least the 4th double transit of Growlers directly over Lopez Village. When I was outside, I had to cover my ears. Inside it was distressing, upping my adrenalin. What is the point????

This was the third fly over by a Growler in the last 3 hours. What's going on??

Eagle Cove

"I could hear and feel the rumble over a loud oven fan.

The noise is lasting for a long time today

Again, loud, disruptive noise that scares our dogs and ruins our morning. It just goes on and on and on. Something has to change. It's so disruptive when you live in an area that's extremely quiet, almost deafening, and then you hear the ROAR!

Multiple extremely loud terrorist attacks of Mt. Vernon starting around 9am. I'm indoors with earplugs and they're still disturbingly loud.

2 Growlers in formation screaming low over south Lopez

A rolling roar lasting about 15 seconds that caused my windows to vibrate in Lopez Village. What the heck is it doing to me if it vibrates my windows????

I hate the US Navy Terrorists so much.

Near continuous roar today. Impossible to work outside without hearing protection.

Eagle Cove

Jets roaring overhead and in the area for much of the morning.

Eagle Cove

Long, low rumble. Eagle cove.

NASWI stop your environmental caousing and its destruction. STOP FLYING AT OLF COUPVILLE! You act very stupid regarding living beings living here as if this is your place to repeatedly destroy over and over again.

Growlers circling overflying... constant noise.

Long low rumble. Eagle Cove.

Thanks for keeping the dB level down tonight.

I am scared of these growlers hitting my house!!!! STOP

Growlers have just begun overflying and circling. Very loud and quite disturbing.

This is F***ING RIDICULES!,,,, It's making me sick!

Once again NASWI is flying Growler jet at dinner time. NASWI continues to demonstrate its stupidity over and over again. NASWI needs to be aware that the time is long over due for them to practice elsewhere.

Sounds like constant thunder. All of the birds stop communicating with each other

Very low flying and woke everyone up on a school night. No need to be this low over Camano at this time of night.

WTF!! TEN-THIRTY PM AND GROWLERS ARE PRACTICING LANDINGS Can be heard everywhere. Too loud.

The noise is going on for a long time. Last time I called till now it's almost been solid noise and the noise is still continuing.

Buzzing the town!

Near continuous roar and vibration this afternoon

Two extremely loud flyovers of South Mt. Vernon.

Disturbing this spring-like evening. I'd rather hear the birds. :(

and right overhead

It is dinner time and the NASWI Growler jets are again flying. This is another series of outrageous events. NASWI, stop fling near OLF Coupeville. You do not give a damn for any living being and have absolutely no care for the environment!

TOO LOUD

Getting really sick of not being able to have a conversation, watch TV, listen to music, etc. It's also affecting my overall health. FIND ANOTHER LOCATION!!!

So loud and disruptive that our dinner at our home next to Edey's Nature Preserve is ruined again with nerve damaging jet "practice"

"I'm feeling unsafe again!

I know one of your aircraft crashed in the mountains near me!"

Rumble and vibrations went on for about 45 seconds.

My windows and concrete floor were shaking due to a military jet flying overhead.

Painfully loud flyover of South Mt. Vernon around 5pm. I already had my earplugs in because of an earlier terrorist attack, but this one was loud even with the earplugs.

So far about 5 EXTREMELY LOUD Navy jets over South Mt. Vernon. Just ear splitting loud. If you've never been under one of these jets, you've likely never heard anything at this volume. The whole sky explodes.

"THANKS TO THESE F***ERS I AM NOW WEARING EARPLUGS PLUS NOISE CANCELLING HEADPHONES. STILL SUPER F***ING LOUD. F*** THESE A**HOLES. F*** THESE PILOTS. F*** THESE JETS. F*** THE NAVY. F*** ALL MILITARY.

THESE A**HOLES MADE ME HATE ALL MILITARY"
