

Jet Noise Report: June, July, August 2026

Since 2015 we have been tracking jet noise reports reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. With the addition of 36 more Growlers in 2019 at Naval Air Station Whidbey Island, the region has been bombarded. This document provides data broken out by reports generated inside San Juan County and outside.

Reports since 2015 can be found at:

<https://www.quietskies.info/county-website-data-summaries>

Beginning on page 11 read the comments made by those in the past three months who submit noise reports and feel the frustration, concern, and anger.

INSIDE THIS REPORT:

- ✚ Monthly Comparisons.
- ✚ Reports by Type of Noise
- ✚ Reports by Time of Day
- ✚ Reports by Day
- ✚ Noise Maps
- ✚ Comments submitted with each report, revealing human impacts

Night Noise. Is This Okay?

- ✚ NAS Whidbey is the absolute worst. Flying at 23:40 over a large community? Insanity. And so unhealthy for the community.
- ✚ 86db measured from my bed at 10:45 at night.
- ✚ So loud and so late! Sleep is so important to health. Then the jets stop and you think finally, they're done and we can sleep, but no, they come back again and again and again.
- ✚ South Lopez . 10:37pm. NASWI is still sending excessive jet noise our way. The roaring is huge and vibrated right into our home RIGHT NOW. All day like this.
- ✚ Staying at Deception Pass campground and Growlers flying over at 23:24
- ✚ Still ongoing. They are clearly circling over the water. Part of the issue is the water, which carries sound. Wearing earplugs can still hear the jets. It is 11pm!
- ✚ The jets have been rumbling overhead all evening. It's raining loudly now and the jet noise is booming overhead, and keeping us from going to sleep. It's past 10pm, and we have a very early morning wake up. This noise is disrupting our normal lives.
- ✚ The military has utterly ruined Whidbey/Fidalgo Islands. Flying Growlers after 23:00 for multiple nights??? Unreal. And so utterly terrible for this community. The adverse health effects are clear but the military doesn't care. Politicians, act.
- ✚ There is metallic screaming echoing throughout the skies almost at 11 pm- impossible to sleep or try to sleep realistically with such insane cacophony. This is unhealthy- making car alarms go off. Anacortes towards WA Park. Abuse by the navy.
- ✚ US NAVAL COMMAND ?order Growlers out for training at 10:35 PM..... Wake the children , disturb the elderly. Disturb the 74,000 United States Citizens living in Puget Sound.
- ✚ Why am I lying in a tent at Fort Townsend and hearing Growlers at 22:30? Completely unacceptable especially since sunset now is 20:20. Be better. Think about your community and its welfare. This isn't it.
- ✚ NAS Whidbey is the worst neighbor ever. It's 22:22 and they're still flying Growlers. Do they have no concern at all for people's sleep? Aka our health? No respect at all given. Growlers have to go or something has to give because this is ridiculous.

Listen to the jet noise that we hear in our region:

<https://www.quietskies.info/all-videos>

The Navy dismisses noise data:

https://f4be68e4-2f42-4ce8-b4c0-6fb1e95c8ac6.filesusr.com/ugd/f9226a_2de6debbab2a4dfd822451c6f6a3a75b.pdf

Jet noise raises emotions.

If you are in crisis, you can call the National Suicide Prevention Lifeline 24 hours a day, seven days a week, at 988. Press 1 for the Veterans Helpline.

You can also text a crisis counselor by messaging HOME to 741741.

Crisis lines are available for all Washingtonians regardless of insurance status or income level.

Hints on reporting jet noise:

<https://www.quietskies.info/access-the-county-report-site>

Understanding This Report

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to also use this noise reporting website.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Jet Noise Reports, June, July, August, 2026 By Location

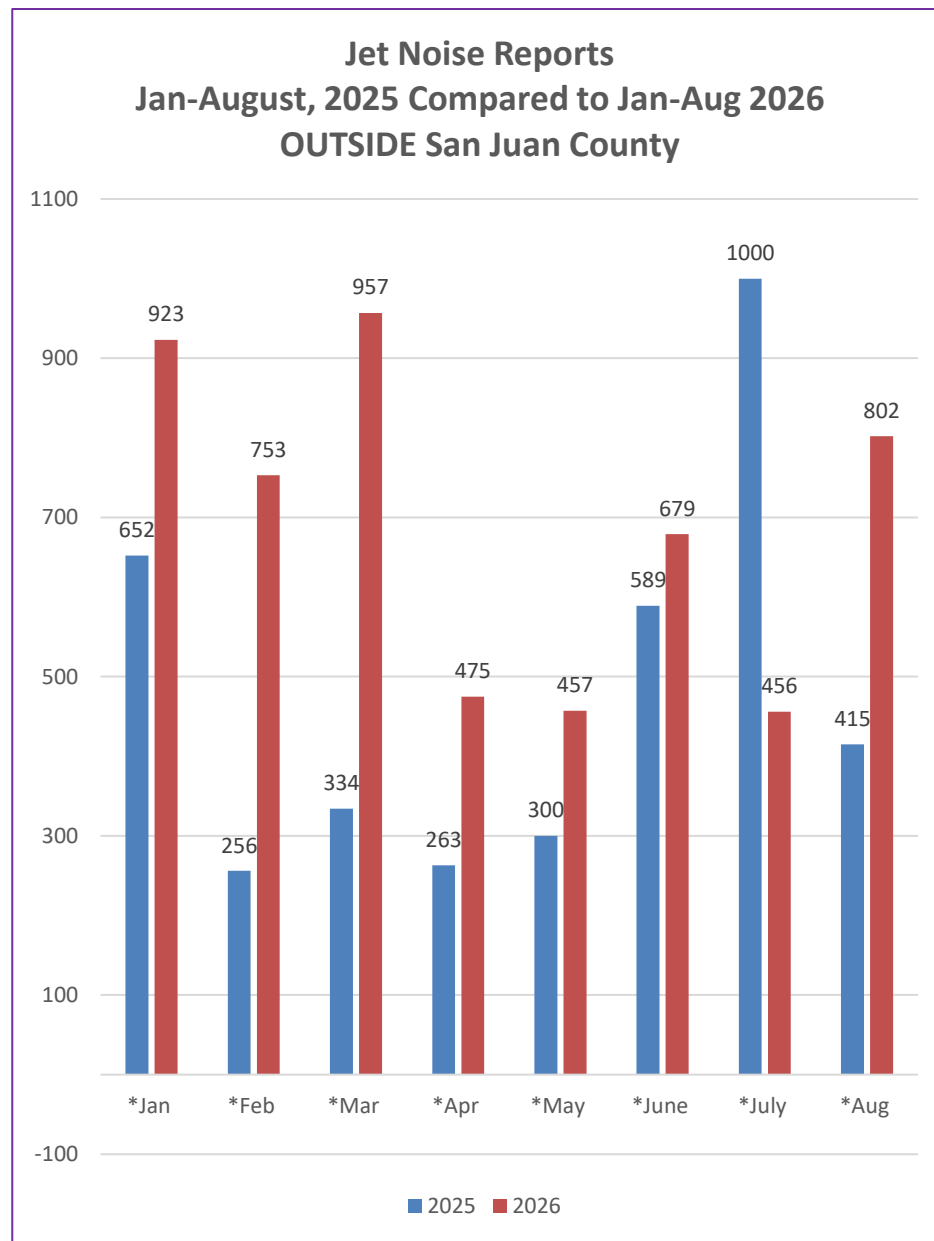

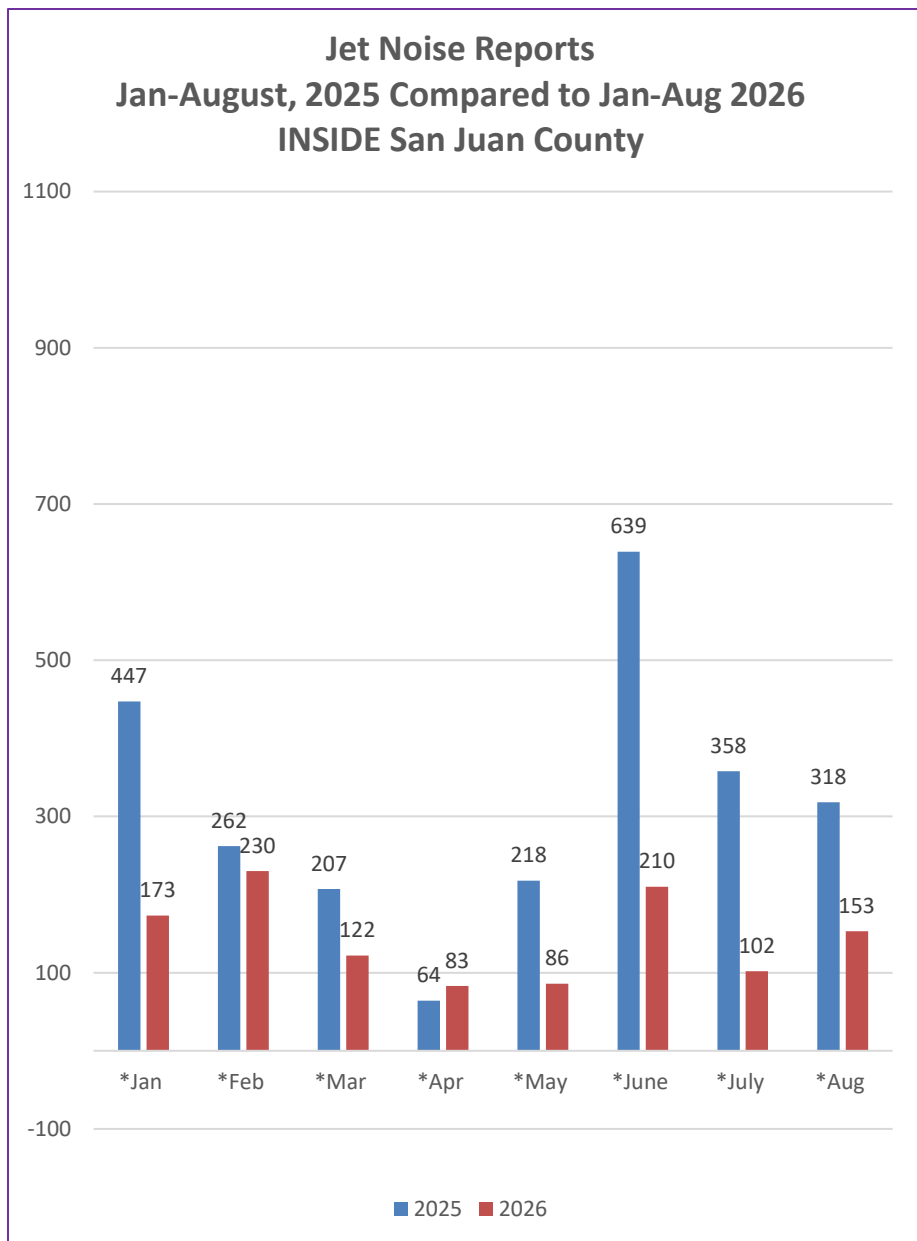

Jet Noise Reports
Total Jan-Aug, 2025, Compared to Jan-Aug 2026
INSIDE San Juan County

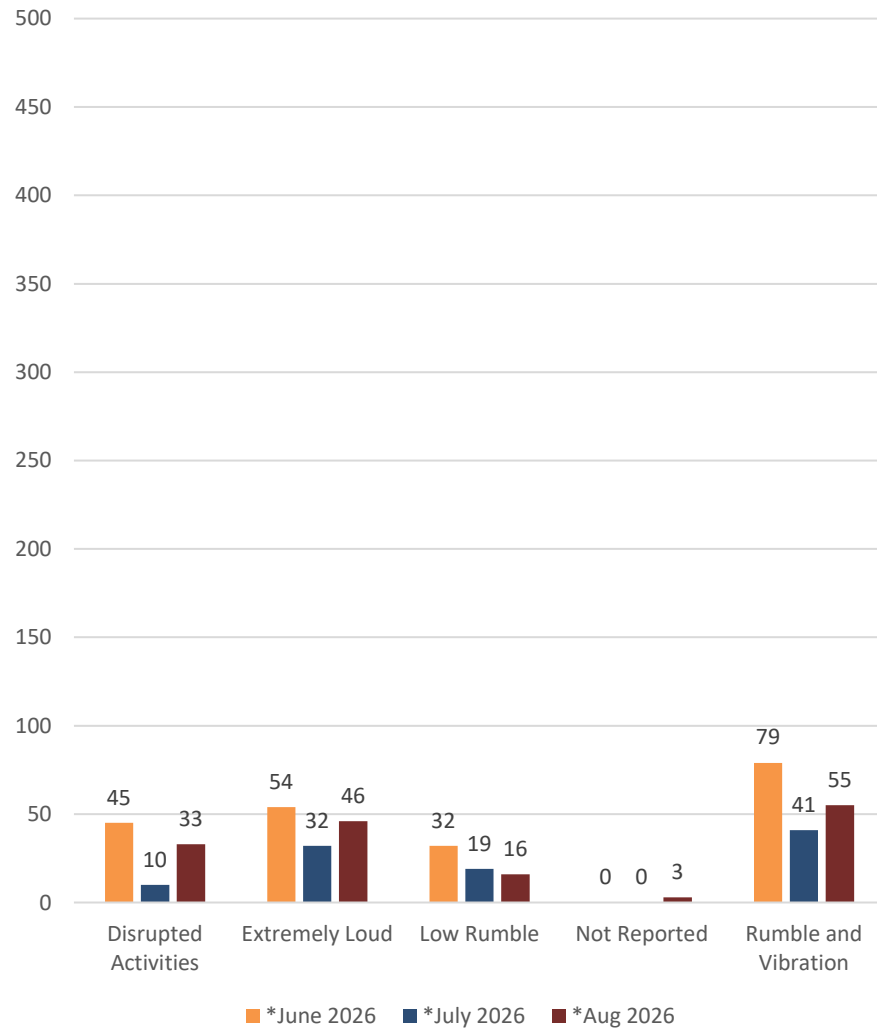

Jet Noise Reports
Total Jan-Aug, 2025, Compared to Jan-Aug 2026
OUTSIDE San Juan County

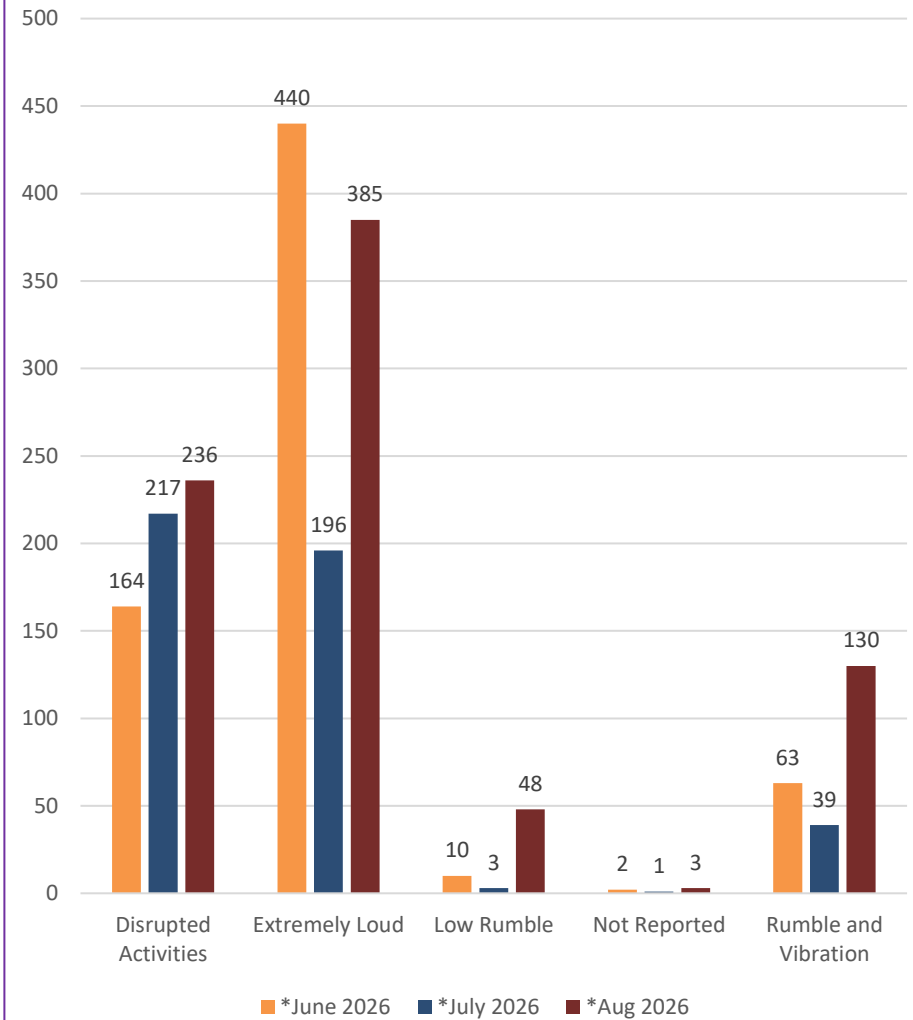

On March 5, 2026, the following announcement was made from NASWI Communications: “The aircraft carrier-based flight training window announcement that is sent out each week is temporarily suspended due to ongoing global military operations and heightened operational security.” On June 5, 2026, announcements resumed.

**Jet Noise Reports by Type of Noise
INSIDE San Juan County
June, July, August, 2026**

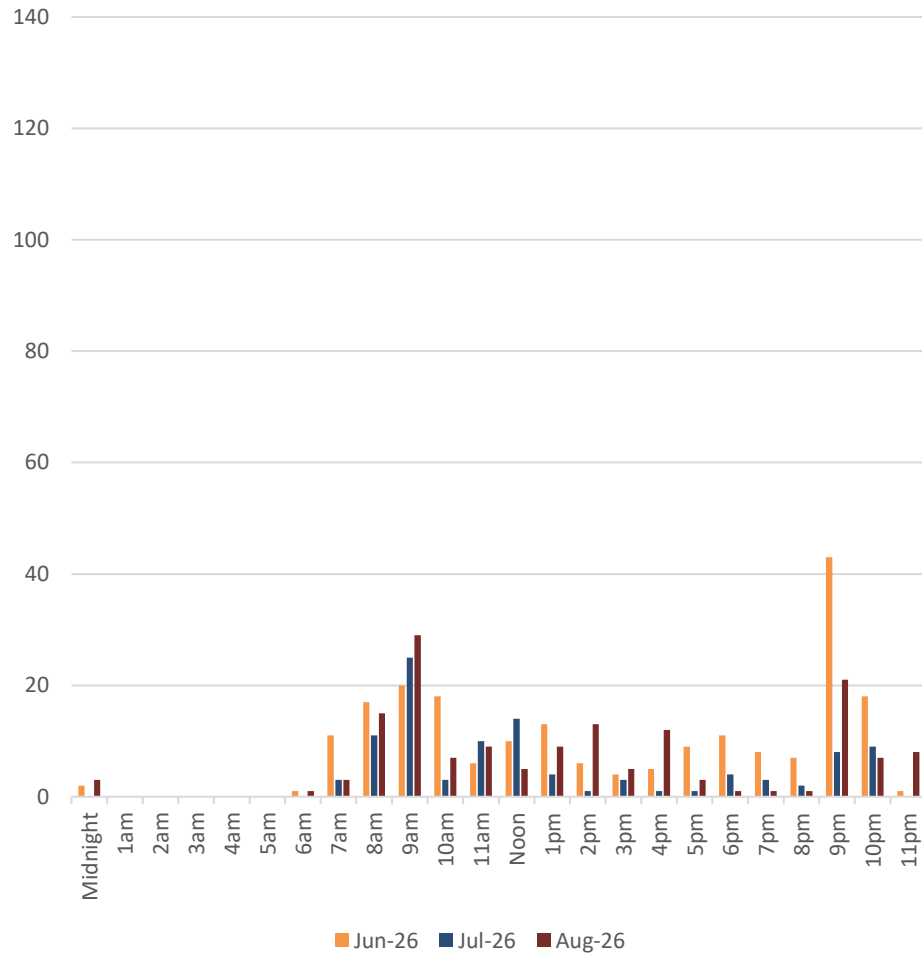

**Jet Noise Reports by Type of Noise
OUTSIDE San Juan County
June, July, August, 2026**

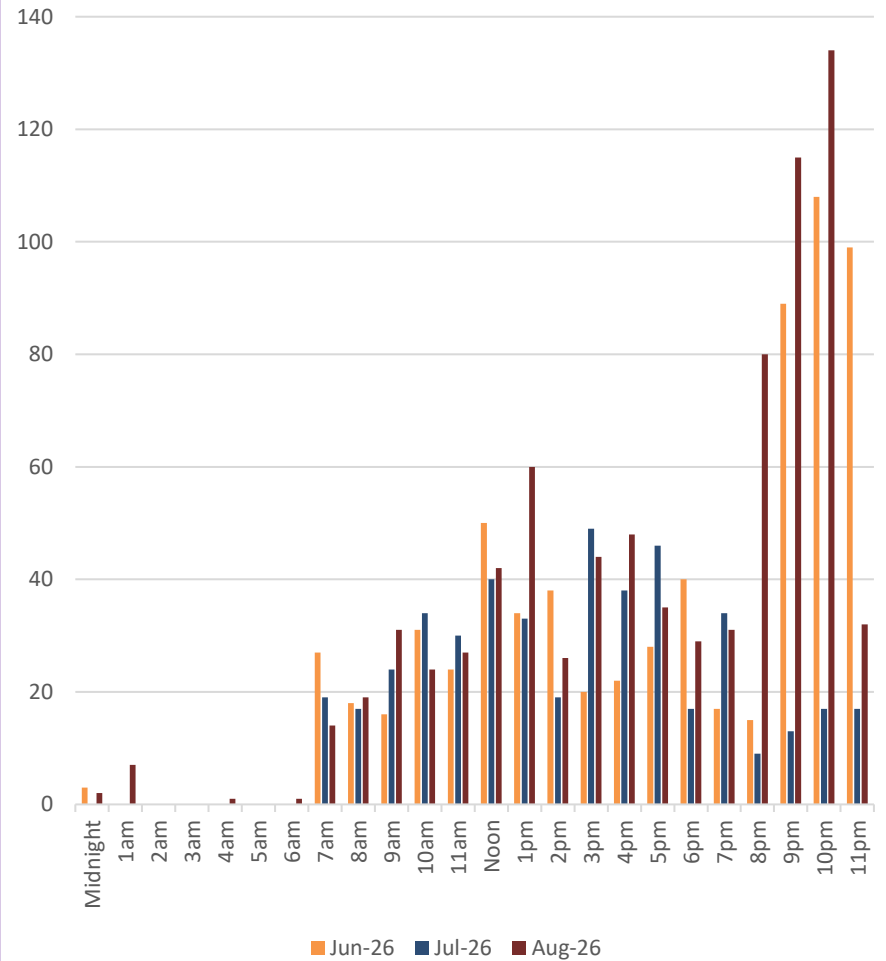

Note the variation in noise experienced by type of noise and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

Jet Noise Reports June, July, August, 2026 By Time of Day INSIDE San Juan County

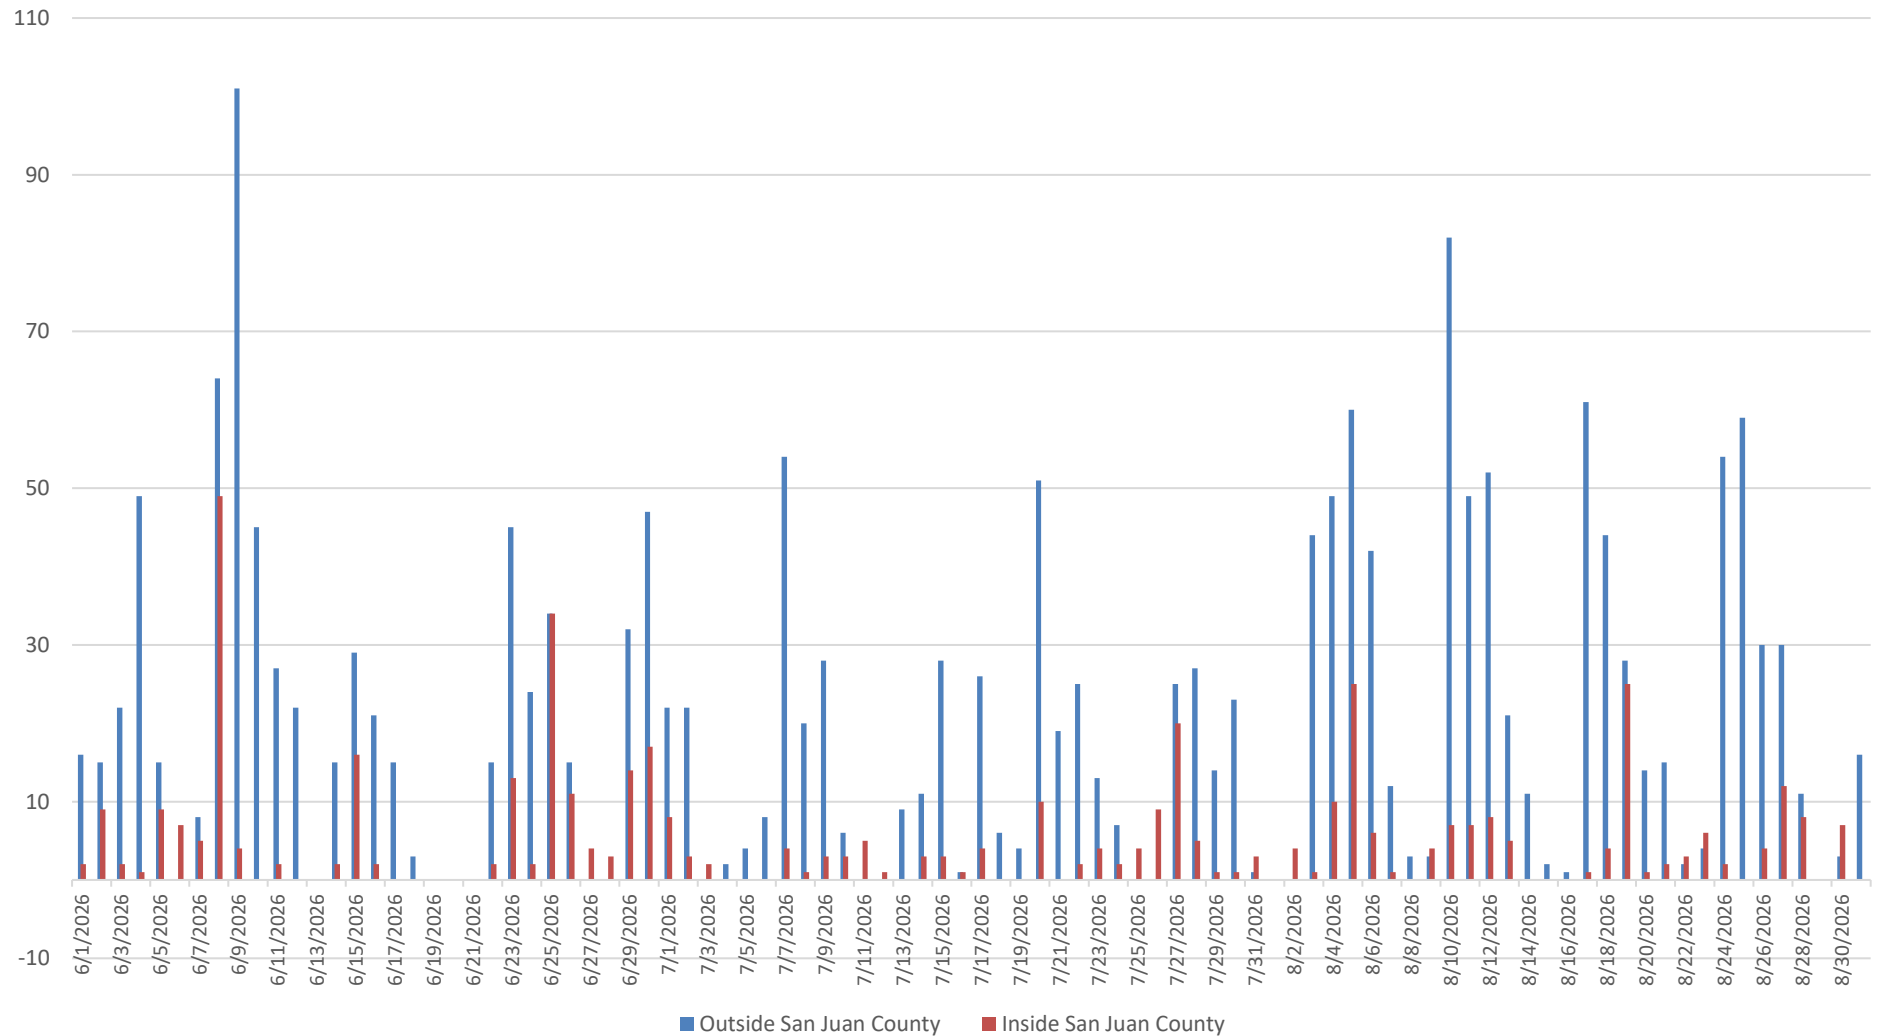

Jet Noise Reports June, July, August, 2026 By Time of Day OUTSIDE San Juan County

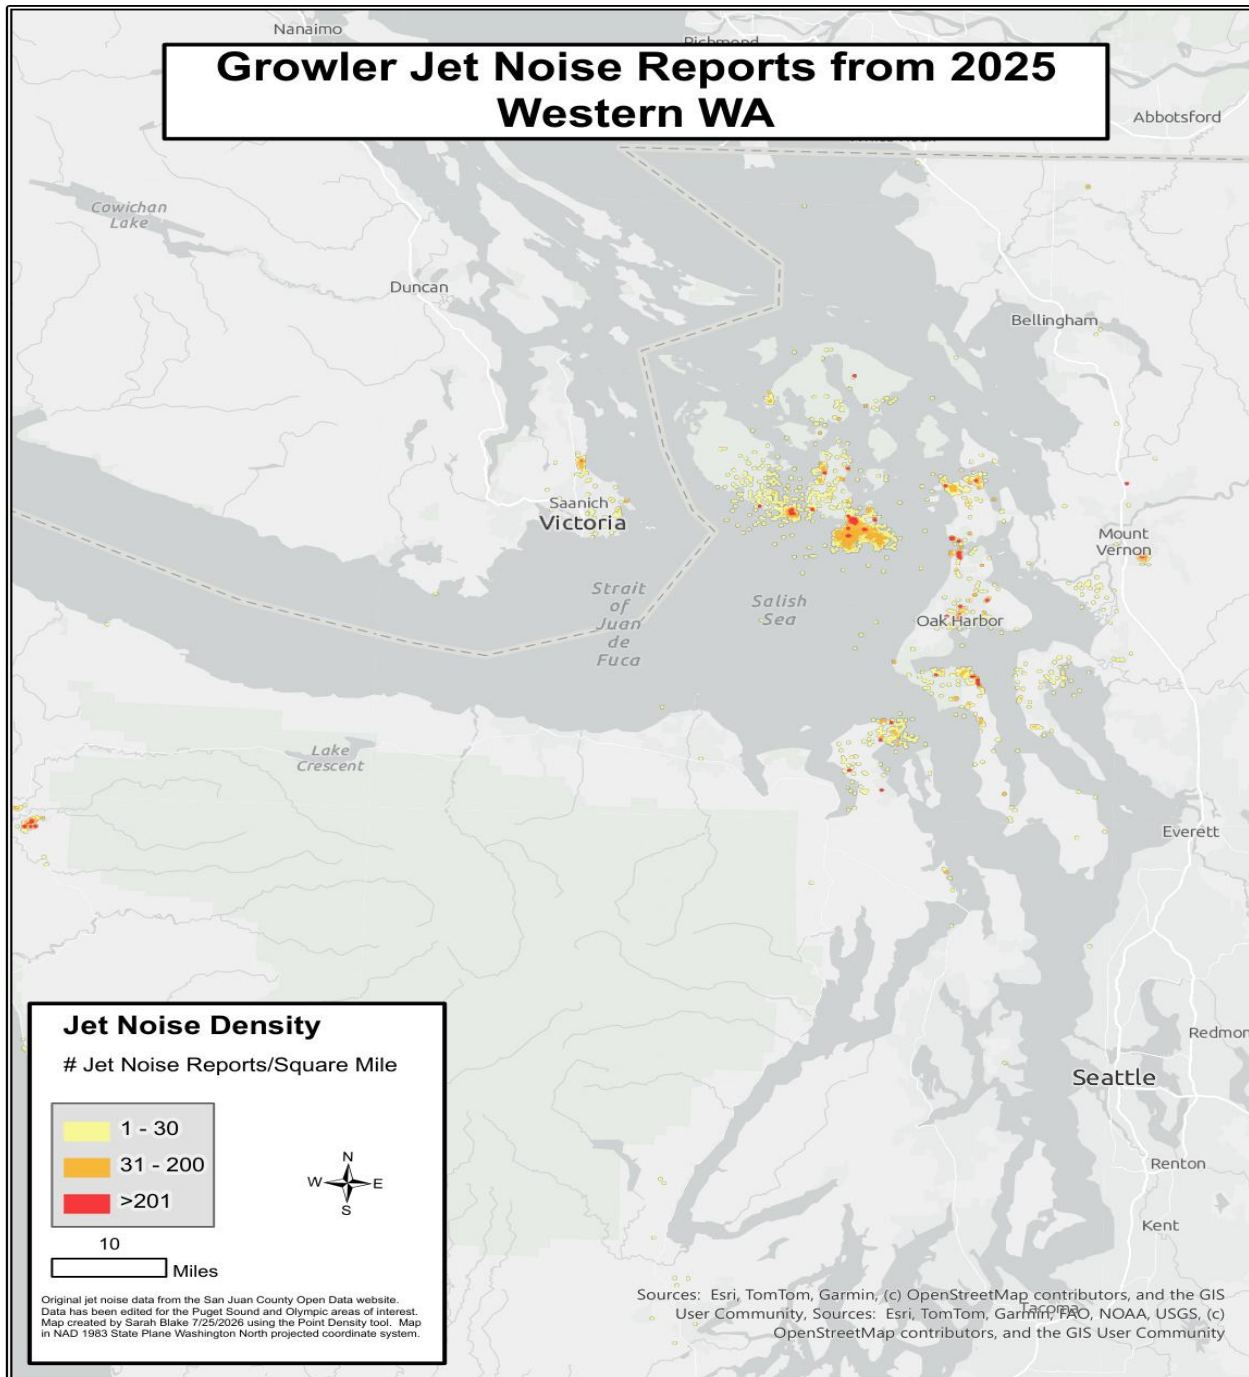

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Note the variation in noise experienced by time and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable in time and in location, and unpredictable.

Jet Noise Reports By Day of the Month, By Location June, July, August, 2026

Note the variation in noise experienced by day and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no “average” noise felt by residents in this region. The noise is variable and unpredictable.

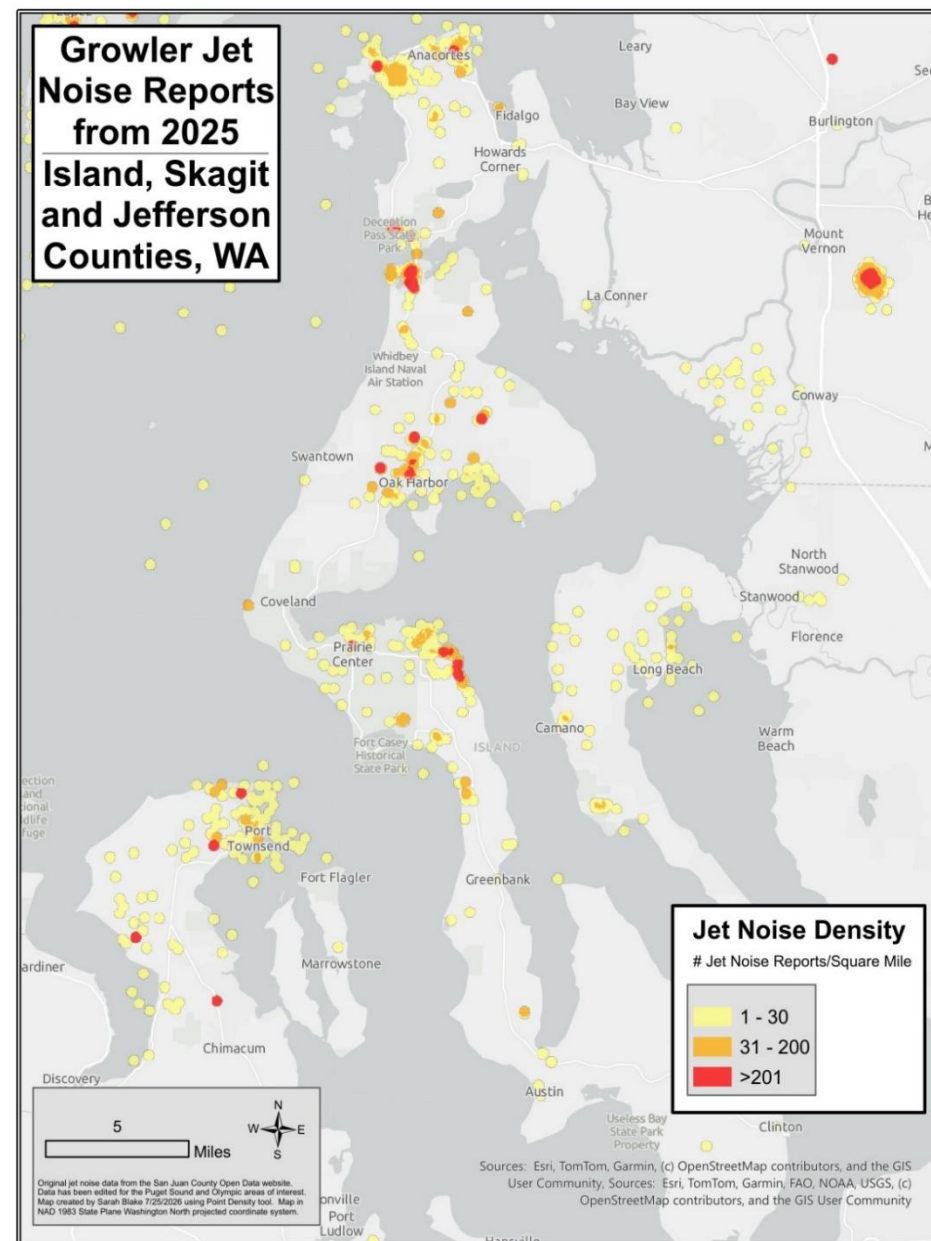

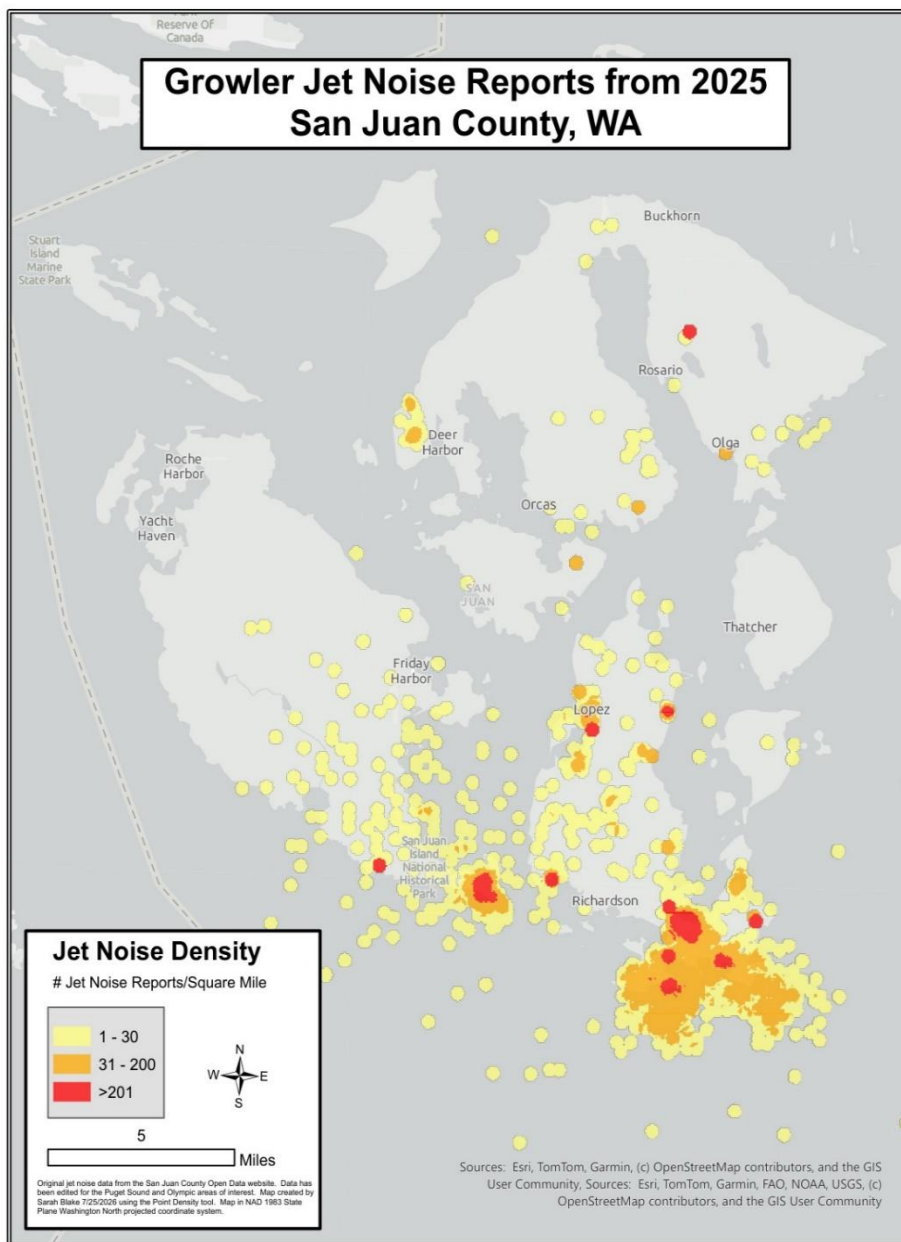

Referred to as a “density map”, this picture, using 9367 noise reports submitted by users in 2025, offers a view of noise reports in the region.

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson** counties.

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of San Juan County and Island County. These maps are reduced to fit the page.

Comments Submitted with June, July, August, 2026, Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Cannot sleep

who needs a morning alarm?

After two late nights this week, 3 hours straight each night, jet after jet, 100+db each pass, ending at midnight, I was hoping that they would give us a break on this side of the island. But here they are again. It's like psychological torture

Not on flight radar, could not see the plane, but it woke up my kids

Multiple Growlers are overflying our home, one after another. They seem intent on making each pass as loud, low, and slow as possible. Wheels down, flaps down and exhaust noise at maximum! They are passing so low that I can see the pilot.

Two jets heading east. They last for several minutes to pass by very disruptive for birders and scientists trying to study birds.

Absolutely beautiful day. What a special place. Except the quiet is shattered by the booming of jets

Crabbing in the beautiful sound . Listening to war machines ! 🤖

Had to disrupt conversation.

South end Camano. Stopped homeschooling. So loud and low.

2pm today you wake my baby. Now you're back at 8:30pm?? The noise reached 100+ db inside our home with windows closed. Have some decency. My 4 year old covered her ears shaking with fear every time a plane came by. Can't the Navy go somewhere else??

"dB x registered 96...growler less than 200' from house.

very loud

Multiple Growlers creating horrific noise as they drill over Whidbey.

Disrupted over South Lopez

Forks logging road - while walking my dog, my friend and I had to stop our conversation as the jet flew over and around us the afterburners rumbling and whining. Too loud to talk or hear natural sounds.

On another island and jets are so bad we stopped homeschool and will need to leave the house. Not sure how far we will have to go because the noise is everywhere. This is not right. We can't even use our own house.

We were just overflown by a Growler at low altitude and MAXIMUM jet exhaust noise level !! The decibel reading on my deck WAS OVER 90dB. The Growler continued north towards NSW and I can still hear the screaming jet noise far up island.

Interrupted our lunch, not on flight radar.

Whidbey NAS is testing the patience of all the communities with increasingly noisy and intrusive training exercises. Moses Lake would work.

Thursday afternoon in Anacortes is deeply disturbed by low frequency sounds and vibrations from navy war practice. Felt in the body as much as heard it is so very unnatural and makes one feel disaster is looming. Think earthquake. Horrid.

Interrupted meeting with customers (remote office calls). Concerned we will again have jets throughout afternoon and into dinner and bed time (as we have the past TWO weeks)

I've had to shut all of my windows, and I still am having a hard time talking on the phone without interruption from the excessive noise. It is extreme and highly disruptive.

Sunday 😞 Really ? One day of a break is not enough!

Flew over again slowly. We have lived here 4 years, and the first 2 years the noise level was much less. We examined the map of flights prior to buying. Now they fly over very frequently, sometimes beginning after dark.

Jets patrolling the wrong straits

Third day in a row of all-day b***s*** from the Navy. Constant extremely loud flights over Mt. Vernon and surrounding areas. Had to wear earplugs most of the day. Started at 7:30am!!

5:57pm Absolutely roaring and vibrating engine noise. Too loud. Now interrupting dinner. South Lopez.

All day. Last night until 1130.

Just trying to eat dinner outside since it's summer

The Growlers need to move elsewhere where they can stop greelighing us that they are protecting us.

Ongoing loud rumbling is quite disturbing. Must be hell for whales and other creatures of the Salish Sea.

Liars

Had to close windows to have a conversation

Coupeville, WA, 98239, US. Jets are too loud again tonight.. Just measured 97.3 overhead a number of times tonight and the last couple of nights. That measurement was inside the house. Can not carry on a conversation

It is one of the hottest days and i had to close the windows to suppress the noise. So loud my phone conversation was cut short.

Disrupting sleep.

Had to close window to listen to TV

"I have family here and why must I listen to your constant noise this evening and last

night. It is incredibly disruptive!!!!"

Low-grade rumbling is quite disruptive

Had to stop conversation with fly over. Wife and I both work from home, and we both had calls interrupted today due to fly overs.

Precisely at sunset the Growlers have begun to circle to conduct landing drills into the night. Terrible.

Distressingly loud. It will be hard to sleep tonight.

Been flying over and over our neighborhood tonight at almost 10pm!

Thanks for all the deep rumbling roar from Whidbey this evening. We were having an NBA dinner with friends and the rumbling generated negative comments about the Navy's bad effect on our environment. The Navy did not have any fans this evening.

Louder/closer than usual

Disrupted family activities inside my home.

Again multiple Growlers began low flying drills at sunset tonight and continue to disturb the quiet. The jet roar is making sleep impossible!

Disrupting sleep

Disrupting sleep.

Rumblings are loud enough to disturb children trying to sleep

Kids are trying to sleep. Why do this at night?!

stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop!
stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop!
stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop! stop!
stop! stop! stop

why do i have to listen to this crap? i don't live on whidbey. you think you own all of puget sound?

9:53pm. June 29. Whatever war the Navy is carrying on on Whidbey, it sounds like the civilians are losing. Growler noise is filling the air, right into my bedroom. Sleep? Don't make me laugh. Arrogant Navy. Lopez.

If this house were not well built the china would break

Nearly 10 pm in Anacortes near the ferry terminal and there is a horrible deep deep grinding rumbling roar that I feel in my body as well as hear. It is so very disturbing and sounds like the end of the world. It hurts the ears deep inside.

Had to move inside to enjoy the evening

Growlers have been conducting drills all evening and it continues to this minute. Multiple aircraft creating disturbing noise and interrupting sleep.

Growlers circled all afternoon today. Then several Growlers overflew our home just at sunset. Quiet lasted until just before 10PM when multiple Growlers have begun landing drills AGAIN!

10PM and the Growlers are STILL conducting landing drills. Ridiculous!! The jet noise makes sleep IMPOSSIBLE.

4 th night in a row ! No sleep!

Loud rumbling for extended period. Loud enough to listen to television and go to sleep.

Been hearing growlers throughout the day and into the night - the latest so far at 10:40pm. We've had what seems like a nice long reprieve from the noise - much appreciated.

SERIOUSLY? It's 10 pm!!!

STOP

STOP THIS!!!

The jets have been rumbling overhead all evening. It's raining loudly now and the jet noise is booming overhead, and keeping us from going to sleep. It's past 10pm, and we have a very early morning wake up. This noise is disrupting our normal lives.

Preventing sleep

The jets again tonight. Multiple days of Growlers disrupting the work day, multiple nights with jet noise late. Enough of this. NAS Whidbey, I say this as a military veteran--you're being a bad neighbor. This is not the right place for this training.

Can't sleep all week thanks to Navy Growler noise. Its relentless. It's unhealthy for residents subjected to this kind of on-going harrassment.

Growler nosies making going to sleep impossible. Why can't they fly higher or farther out over the water?

I can't sleep with all that noise. I even have an air filter turned on high to try to drown it out, but it is not working.. those planes are too loud

Loud

Multiple Growlers are STILL flying, turning an otherwise peaceful summer night a noise shattering distraction.

This f35 woke me up at 10:16

After 10 pm and us navy war practice makes it impossible to go to bed until the warplanes also retire- far too late. The deep explosive roaring shaking vibrations make it impossible to relax. The deep vibrations hurt the eardrums. West Anacortes

Almost 10:45pm and the deep shaking roar of late night navy war practice is palpable - felt in a horrible way deep in the body- like an earthquake. This generates cortisol response causing serious harm to the human body. Anacortes near the ferry.

Approaching 11pm and the horrible rumbling thundering house shuddering sounds continue from the south- from navy war practice over civilian heads. This is abusive and dangerous. Anacortes near the ferry terminal.

Growler engine noise from Ault

Growler noise

More growler noise

Ongoing growler engine noise. It is past 11 PM

Woke me up

Jet noise from the growlers this late at night is totally unacceptable. Subjecting people to this demonstrates the lack of respect the navy shows towards our own citizens.

Constant disruption until midnight. people have to get up early in the morning. This was truly disrespectful to all. Do better.

Jet noise preventing and disrupting sleep

Losers

The planes are keeping me awake.

00:08. Unreal. NAS Whidbey is hurting us plain and simple.

This is too late at night for jets to be flying loudly over residential areas. People children are trying to sleep.

This was the second night in a row. 100+db over and over again for 3 hours in the middle of the night. Nothing I do can make it bearable enough to actually sleep.

It's 00:07 you complete idiots.

Our dog even started crying with the loud rolling sound

I have zero respect for NAS Whidbey when they're that disrespectful to fly at 07:49 in the morning after flying beyond 23:00 the night before. Sleep is necessary for people's health. And the Navy cares less about that.

F***ing A****le officials at NAS Whidbey. No one wants the Growlers here. Starting at 07:47 AGAIN after flying past 23:00 lay night. Unreal. Our elected officials are supposed to be protecting us from this health risk

3 small planes flying way too low over my farm. Another. Fly in A****les. It should be illegal to fly that close to a farm. Deafening :(

7:58am June 15. Loud loud loud rumbling roar from Whidbey. S Lopez

A****le Growlers strike again. You really have to fly before 08:00?

F*** NAS Whidbey. Flying past 22:00 and flying before 08:00. They couldn't care less about our health

8:47am, June 2. Growler ripping up the sky, screaming over South Lopez.

Very low very loud growler directly over our home

9:46am June 2. ROARING GROWLER over S. Lopez.

Extremely loud flight overhead, why do you attack your own people with the noise and pollution?

One growler going east

9:47am, Aug 4. South Lopez. Growler screaming over us right now. Long lead-in, and it is STILL ROARING.

I am writing much the same things about the Growler jets, but nonetheless I feel the need to register my complain every time I can. South Lopez.

Roaring growler jet noise 9:33am, June 5

Roaring low over south Lopez

South Lopez. LOUD Growler jet noise. 9:47am. June 5

Anacortes ferry dock. Growler roaring overhead. Tourists not liking it at all.

Earplugs can't actually protect your ears from this when they fly so low on cloudy days. One growler

First the roar, then the scream, then the long roar as a Growler intruded into our home on Mud Bay, Lopez. Noise was deep, & penetrated everything in our home. Cut the conversation as we were working on a plumbing issue. Not good. 9:27am 8/11/26

Louder than the others

Now, a second Growler following one a minute ago. Mud Bay, Lopez. ROARING over us. Sightseeing? Playing games? I have NO FAITH in the arrogance that is the Navy. The roar jams up our ears. 9:29am 8/11/26

Had to run inside. White small plane flying wat too low right over my farm.

Roaring growler sending noise over South Lopez.

South Lopez. Growler noise fills the air.

ANOTHER ROARING GROWLER over the middle of Lopez. Is there a war somewhere new? Our tax dollars going for all the wrong things, in this case outdated "warfare". 9:09 am.

Center of Lopez. Loud Growler flying over. VERY LOUD. What is a Growler doing flying over Lopez? 9am

June 24 9:53am. Loud loud loud growler roaring in the sky. Continuous thunder.

The same two growlers? Passing by very low and loud again.

Two growler flying extremely low

Two growlers flying very low.

Very loud, extremely loud growler noise. Scared livestock started a sheep, stampede, and ducks, breaking out and running for cover.

Lots of big roaring noise from NASWI this morning and now a growler roaring over our home. They have launched the war on South Lopez. 9:01am. July 27.

Right now, 9:42am. July 17. SCREAMING GROWLER overhead, South Lopez. The noise started with a rumbling vibration two minutes ago, and now the Growler is over us. The noise continues, still roaring. Is it making a circle over us? Go away!!!!

Center of Lopez. Attending an outdoor class ... a Growler roars directly overhead, clear as day. Could not hear the instructor. By the clock the disruption lasted 3 minutes. 9:13am 7/28. Why fly over Lopez? Sightseeing pilot???

One growler flying low even though it's sunny. Horribly loud. I work outside and the only reason I need hearing protection at all times is because of these growlers.

10:44am. June 2. LOUD GROWLER AGAIN. South end Lopez.

Direct overhead flyovers

Growlers shook my house for two minutes

Another growler going east. It never ends

Growler heading south. Loud, annoying. PTSD triggering.

One growler going south. extremely loud and obnoxious.

This school camping trip At Deception Pass has been inundated with Growler noise. Today alone from 07:45 to 10:05 the jet noise has been constant and so disturbing. Not able to do our normal tasks without disturbance.

These growlers come so often than i can't record them all.

Very Loud Growler over south Lopez. 10:58am, August 10, 2026. It has been a very loud Growler month so far here on Lopez, in the Village and here on the South end of Lopez.

Loud Growler noise in the skies this morning. South Lopez. 10:47am. June 11.

This is terrorism

Very loud growler roaring, shedding its rumbling over South Lopez. 10:52am Aug 12

Two growlers heading north. Horribly loud. Disruptive. Anguish.

Lopez Village. 10:28am. ROARING from a Growler above. So loud I could hear it over my car radio.

Ecmxtremeky loud growler that I heard from inside my home with headphones on it took 4 minutes for the sound to quiet down.
Unacceptable

Extremely loud over my house in the North Beach area of Port Townsend, WA

Another Growler jet over us! South Lopez. July 27 morning.

Same growler? Or a different one flying north. These take minutes to pass by so it's just continuous loud jet noise

Loud jet that took 2 minutes to pass by

Enormously loud flight over Mt. Vernon area at 10:30am

Straits of Hormuz guys not San Juan Straits!

Two Growlers roaring low over south Lopez. We couldn't see them but it was really load.

For no apparent reason....low altitude flight 83dB. USN at it's finest.

11:01am. June 5. South end of Lopez. Attack of the Growler noise!

A growler is filling up the skies with deep noise. South Lopez.

In Lopez Village, 7/14/26. LOUD booming roar of a jet. By the deep and prolonger noise of it, it must have been a Growler, just a bit to the south of us. Very loud, stopped conversation. The roaring lasted a long time.

More roaring over Lopez

Roaring low over south Lopez. I had to stop work

Direct Flyover plus other growler engine blasting

Tues, June 16. 11:17am. LOUD LOUD LOUD ROARING Growler over S. Lopez.

Another one flying very low.

One growler flying low

One jet going by. I have panic attacks every day because of these. I work outside. I can't escape.

11:59am. Growler over South Lopez. TOO LOUD.

11:50am. Outside doing yard work and suddenly the air was filled with huge noise. Cannot see it, but this is clearly a Growler over South Lopez. Had to cover my ears. Came inside.

Navy out terrorizing Mt. Vernon area at 11:40am. Painfully loud.

Navy terrorists taking a second pass at 11:43am to make sure they didn't leave any citizens standing. Shock and awe!

Center of Lopez, by the school. Loud Growler roaring in the skies. June 25, 11:18am

How does Grower Jet noise assist in healing cancer with their hellish noise?

In the last two weeks 5 full days (in the afternoon and late at night, 5+ hours a day, directly over my house. 100+ decibels. It's very very stressful

It is very loud and disturbing to the animals!

Extremely loud jet heard from inside my home that took 3 minutes to pass by

Some mentally unstable sociopath pilot just circled the Mt. Vernon area, blasting the whole region with unbearable amounts of noise.

dBx registered 88.0. flight over our house at altitude approx 75 feet.

Loud growler. Takes several minutes to pass by and by then another one is coming over.

After nearly a week without a Navy strike, it can be amazingly jarring having them suddenly blast you with their sonic weapons. So far three painful attacks in the Mt. Vernon area between 12:20 and 12:30pm.

Two growlers flying from W to NE, very very low, extremely loud, deafeningly loud.

Very very loud. Directly overhead. Very low

One growler, extremely loud. Took 5 minutes to pass by. There is never a quiet moment here when it comes to air traffic.

The growlers along coastal Skagit literally never stop.

12:16pm. Aug 11. Southend Lopez. ANOTHER GROWLER screaming over us.

Extremely loud small plane flying right over my property

Two growlers flying low right over Stanwood

The house is shaking, sounds like bombs going off!!

Growler roaring in the skies. South Lopez 12:59pm. June 15

If you've never had the experience of opening the front door, having it be nearly silent, and then getting punched in the face by a massive sound wave that rumbles your chest and shocks your ears, then you've never lived near Navy Growlers.

Multiple Growlers circling conducting landing drills and creating noise conditions that make it impossible to work outside!

Could not hold a normal conversation

True colors of USN"

First the scream of an on-coming Growler, then the pervasive deep roar. Obliterates all household sounds: TV, washing machine, conversation. Upsetting. South Lopez 12:49pm

"Extremely low flying

Extreme vibrations

Extremely loud

Causing extreme stress to livestock"

These past couple of days have been overwhelming. 100+ decibels every 30-60 seconds. It's impossible to work on anything outside.

Another attack from the Navy at 12:05pm near Mt. Vernon. I wish the military would protect us from these emboldened terrorists.

12:08pm South Lopez. What was that. Screaming jet overhead. Cloudy. Could not see it. Had to cover my ears. Loud and long roar as it passed. The Growler signature.

Growlers flying over Lopez Village. Lots of screaming roaring. Annoyed and disturbed. The roaring continues now. 12:45pm 6/26

Loud growler over Lopez school. Almost sounds like 2, but I think it is circling. Roaring noise 12:06pm

Seems as though these jets off altitude (too low) today. The percussion is withering and painful?

12:31pm. July 27. ANOTHER GROWLER roaring over Southend Lopez. Very Loud.

Again. Right on the heels of one 30 seconds ago. Screaming Growlers over South Lopez. Can still hear the prolonged roar. Are Growlers just circling over Lopez? This is terrorism. I HAVE NO RESPECT FOR THE #\$%&Navy. July 27 12:19pm.

Loud growler over Southend Lopez. 12:12, July 27. This appears to be a day they are assaulting Lopez.

This Growler is SCREAMING over South Lopez. Two minutes after an earlier one. 12:16pm, July 27.

Two Growers roaring low over south Lopez. It's horrible.

We are being strafed. ANOTHER Growler screaming over us, like the ones one and two minutes ago. Pilots playing? Pilots sightseeing? What is the point? South Lopez. July 27. 12:18pm

Lying pieces of S***. So much for those "no flights scheduled" today. Growlers have been flying since 09:00. I'm ashamed to live by NAS Whidbey

The Growlers are the lamest, loudest and most useless jets ever. So embarrassing that they're in this community doing all this harm.

It is not thunder. It is a growler, roaring over South Lopez. A deep resonant prolonged roar. 1:53pm Aug 4.

75 dB 10 minutes INSIDE HOUSE! Naval Command responsible for physical harm to U S Citizens....

"Enormously loud flight around the Mt. Vernon area a bit before 2pm. It lasted a good 3 minutes.

Fun fact: I haven't taken a ""staycation"" in six years because the Navy makes it impossible to relax at home."

Another growler flying low over Stanwood.

Multiple Growlers overflying west Camano passing very low and extremely loud. Two Growlers overfly then a couple minutes pass and they repeat the same thing again.

Growlers are absolutely disgusting for this community

Pure idiocy. STICK TO YOUR SCHEDULE

Growler burning up the sky. Loud, gritty, scratchy roaring. Hurt my ears. South Lopez. 1:11pm, Aug 19.

Horrible. Two Growlers 5 minutes apart low over South Lopez

More Growler Noise fills the air. It is a nice day but very unpleasant to be outside in this war zone of the Navy's making. South end of Lopez. 8/19/26. 1:48pm.

Multiple Growlers creating a continuous roar. Levels of jet noise peak over 80dB.

We still can track you

Growlers have been conducting drills all morning... but now they are overflying west Camano very low.

Literally can't hear someone yelling at me while directly in front of me.

Roaring low over South Lopez

There is no escape from his torturous noise.

It's been really noisy today for a day that no flights are scheduled. Been flying since 09:00 and it's now 15:00

The only hospital on the island !!!!

The weak and incompetent Navy continue to be bullies over Mt. Vernon. It's because they're incapable of making good things that they have to destroy ours.

2:02pm. Aug 4. Southend Lopez. Very loud roaring Growler ripping up the skies. Stopped conversation.

2:26pm. August 4. ANOTHER GROWLER ROARING OVER SOUTH LOPEZ. VERY LOUD, THE ROAR GOES ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON AND ON . STILL ROARING. THE NAVY IS A PEST.

2:36pm, 8/4/2026. Very loud growler roaring over South Lopez.

2:37pm. Aug 4. What is this? A Growler parade? ANOTHER lousy Growler flying over Southend of Lopez. Screaming and roaring. Fills the air with noise.

Lopez South. 2:46pm, August 4, 2026. VERY LOUD Growler making a lot of noise in the sky. Very annoying, disturbing and distracting. The Navy has no business flying these ridiculously loud jets over populated areas.

Growler roaring over Southend Lopez. 2:18pm

Very loud Growler jet. S. Lopez 2:15pm

ANOTHER Loud jet roaring over South Lopez. 2:57pm

LOUD LOUD Jet over South end Lopez. 2:45pm

2 military jets going very fast seen, not on flight radar

Growler roaring over South Lopez. Aug 13, 2026. These growlers are VERY loud, with a deep and annoying and long roar. It is as if the environmental sounds get sucked out of the air and filled with NOISE.

Very loud roaring, like the thunder yesterday, but it is, instead, GROWLER NOISE echoing in the skies. The roar of the growler, which is south of us, fills the whole sky. South end Lopez. 7/17/2026

This isn't the straits of Hormuz. Jets flying military patrols over Lopez. REALLY?!

Growlers need to train elsewhere and leave Whidbey Island.

The jets were extremely loud and prolonged causing undue stress to my baby. I wish I knew where you lived, so I could have him scream in your ear when you were trying to sleep. And fix your F***ing schedules so that they're more accurate.

F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenavy F***thenavy

On a cloudy afternoon in Anacortes by the ferry terminal it sounds intermittently like WWII with metallic shrieking navy Warcraft overhead- sounds loud enough to damage hearing, belonging nowhere over civilian heads and homes. War practice.

One after the other growlers flying over Port Townsend! F***thenavy

Loud growler over South Lopez. A commercial jet has little impact, but these growlers blot out every other sound in the environment.

Navy jets have been obnoxiously/painfully loud through much of Tuesday. Any outdoor activity requires carrying earplugs and being ready to use them.

As if the air quality wasn't bad enough this week, the Navy is out doing their best to make everything worse. Very loud and nearly continuous flights over Mt. Vernon from about 3:30 to 4pm (so far)

Way too loud. Why fly military jet over Port Townsend?

There has been a lot of Growler traffic over the south end of Lopez this afternoon. The noise echoes in the skies. Right now there is another long roar. July 17. 3:11pm

Decibel recordings of: 100.2, 103.2, 111.0, 113.2, 116.3, 119.0

Growlers circling and overflying ALL day today. The noise level is extreme.

B*****s woke me up at 2:30am last night and have been flying over the Mt. Vernon area for most of today.

Pieces of lying S***. Been flying since 07:55 this morning. No respect whatsoever for this community. Stay on schedule.

Sadly, the nuder pilots are in charge today. Waste of time and money. Wasteful and polluting. A drone will easily take you down. Unnecessary dangerous for innocent pilots

Growler screaming over Mud Bay, Lopez. 4:32pm. I was on the phone and had to stop the conversation. That is not just for a second. That Growler went on and on and on.

Over and over roaring low over South Lopez. WHY?????

WOW, all of the sudden the sky is filled with an echoing roar. Growler, of course. But incredibly vibrating and pervasive. South Lopez. 4:38pm. Aug 10.

Growler screaming over Mud Bay, Lopez. 4:48pm August 12

It's Sunday. No.

Very loud and fast jet flying over. On work calls and attendees could not hear because of the noise level. My office window was cracked, but might not have made a big difference if it was closed.

Obnoxious!!!!

Multiple Growlers cruising low and loud along the west side of Camano Island, seemingly maximizing the noise level each pass. This has been going on all afternoon. The overflights are so loud that phone conversation must be interrupted.

We have been experiencing many, many low and shatteringly loud Growler overflights this afternoon. Very high dB levels!

Absolute A*****le Growlers have been nonstop above campground since 09:00 this morning. Absolutely insane that they're allowed to fly directly above the public like that. My hearing has definitely been impacted. Where's my compensation?

All day! Again. In both Coupeville and Oak Harbor. Disrupting all conversations. Disruptive to our household as well.

Forget about enjoying an evening birdwatching

"Extremely loud.

Vibrating house and other structures

Stressing out livestock animals

We cannot go outside to cool off in the warm climate due to disturbing noise."

Ita never just quiet and peaceful outside anymore

6:12pm. Growler roaring over South Lopez.

F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenavy

"Guess Trump F*** is trying to distract from his stupid ass!!

And F YOU military A****les!

This noise is BULLS***!!!"

Horribly loud

I can't believe I'm paying for this chaos!! And waste of fuel!! F*** TRUMP!

Loud rumbling can be heard across the water

My house has lost all value due to economy and now this???? F***ing
Stop!!!

THIS IS BEYOND EXTREMELY LOUD!!!

"What I'm the actual F***!!!!

This is so scary and awful loud!!!"

"F***!!

I'm so selling my house!!

My blood pressure is through the roof when this happens!"

Lots of disruptively loud flights in the Mt. Vernon area today and one
extremely loud one just now at 6:15pm

Do I not have rights to protect my property values?? And my sanity!!!

F*** OFF!!!!

"It's HOT! And I can't even leave my windows open!!!

This is getting absolutely ridiculous!!!"

My house keeps shaking !!

The skies are noisy this evening with growler noise from the south. Lopez.
6/25. 6pm.

Hours of horrible horrible noise.Can't watch TV.Can't read. Can't go outside
due to fear of hearing damage.If they don't stop I won't be sleeping tonight
even wearing earplugs inside my house.The Navy has taken the use of my
property from me.

Very loud. Can't be outside. Can't watch TV. Very exhausting.

F*K!!!!!!!!!! So loud!

Dangerously low and loud

"Shall I send a bill to the military for mine and my pets stress level!!!!

Jeezus!!!"

The sound is like a freight train, rolling directly over my house. It is sudden
and frightening.

"This is such BULLS***!!!!

Is the military going to buy my F***ing house!!!!!! Since it's becoming
worth nothing!!!!!"

Was it necessary to fly so low and near the homes? This showed complete
disregard for safety and the surrounding homes. Grow up and show some
respect.

Horrible roar that took over 4 minutes to go away

I am actually leaving Port Townsend wa! After living my whole life here!
F*** the military! Byeee!

I have contacted patty Murray

"Monday night!

Kids prepping for school! All other humans prepping for work!

Thank you for the LOUD! War! Fear!!!"

"STOP!!

I can't even go upstairs to bed!! It sounds like all out war!!! F*** YOU!!!"

WTF! STOP!

Huge vibrating growler roar. S Lopez. 6/25. 8pm

"I will be seeking compensation from the military for my property value!

And contacting my senators!"

"May the wind take you away!! You F***ing A****les!!!!!!

May the plant -sea and land life rest in peace tonight!

Man is awful! War mongers!!"

TOO LOUD! MOVE THE GROWLERS!

"You A****LES!!

I pray I sleep a tiny bit tonight!!!"

JEEZUS!

This is redic!!!!

Just stop wasting my tax money please!!! Save it for an actual attack!

So loud and it goes on until late night, disrupting sleep and causing stress.mand anxiety!

WTF I feel so bad for wildlife! This is absolutely horrible!

"WTF!!!! This should be illegal!

Contacting senators now!"

Everyone hates the Growlers. Why are they even here? Move them to a desert with no people!

Some of the turns are so much louder than normal. Someone needs better training. It is making it difficult to sleep.

They are flying extremely low and hitting the throttle to its maximum. I am literally seeing them fly over the hospital and nearly over the Ebeys landing. Way off course

This is awful!!! It's been every week!!!!!!

Extremely loud flights overhead, no wonder the resident Orcas are dying off, they can't hear well enough to hunt the food they need.

Incredibly loud roaring of growlers. 8:37pm. South Lopez. Interrupting outside conversations.

"WTF!!! It's exactly bedtime and you F***ers are on go time!!!!

Moving out of Port Townsend ASAP!"

Noise from multiple Growlers suddenly shaking windows and disturbing our evening

S Lopez. Loud noisy penetrating growler roar. 8:14pm.

100+ DBs. every 30 seconds. Already had to hide out in the house for 2 hours this afternoon and now they're back again. It's like psychological warfare

LEAVE

NASWI STOP FLYING THE GROWLER JETS HERE. MOVE CRM WHIDBEY ISLAND!

17 days in august!!! 8to midnight!, I'm loosing my sanity!!!!

So loud you can't even think, let alone sleep! Horrible! This must stop! It's gone on too long.

STOP!!!!

Stop!!!!

This is completely unreasonable!!!! What the actual F*!! Every night this week!**

This is F*ED! I'm exhausted!! I own a biz ! And no sleep!**

This is such BULLS*!**

F YOU!,

"STOP!!! War mongers!!!

I cannot believe I'm paying for this ABSURD S*!!!"**

We both have cancer and need a quite environment to heal. Why does NASWI fly to destroy the healing process? If one were sick it would be unusual to not have rest and quite.

Eagle Cove

Woke the children

Multiple growler flyovers. Extremely disturbingly loud

Multiple Growlers are overflying the west side of Camano. Low, slow, and extremely loud!

My children are being kept awake by the jet noise tonight. It's 9:25pm! This is untenable. A jet is making slow lines back and forth across the sky over and over again. When is this going to stop?

Second and third roaring low over South Lopez. Why are they flying over houses when they can be over water?

Trying to talking with the family when a Growler came roaring low over South Lopez

disrupts activities in home, scares/affects pets, disrupts sleep!

Sleeping is not possible with the excessive amount of noise coming from growlers practicing touch and go landings at NASWI. The Navy does not care about the neighboring communities that have to live around the disruption and chaos caused by them

Extremely loud flights, I can't hear my own conversation inside my house! Why do you hate your own people you are sworn to protect so much.

I have to wake up at 4 am. This is not acceptable

June 8 Mud Bay, Lopez.10pm. It has been noisy here due to Growler noise all day. Reverberating echoing engine rev-ups. I thought a walk in the light rain this evening would be good. NOT. The sky is full of roaring engines. Irritating and threatening.

So loud, and right at bedtime;{

The Growlers are a plague on this area causing so much harm but no officials care

The growlers are extremely loud. Hurt my ears at 101.8 dB. Coupeville WA

Coupeville, WA, 98239, USA too loud at 100.6 dB

Growlers flew until after MIDNIGHT last night and they are flying again tonight ... hopefully not until after midnight tonight!

WTF!!!! Omg! This is completely insane!!!! STOP !,,

Every night, until very late. Pets upset, children can't sleep. Find another safer place to practice!

"This is such BULLS*!!!! It's 9:00 pm!!**

What in the actual F:/C!!!"

Extremely loud jet noise every several turns.

"EXTREMELY! EXTREMELY LOUD!!!!!!

I feel sick:("

This is RIDICULES!!!!!! So insanely loud!

This is such BULLS***!

This is so completely out of liberal!!

100+ decibels every 30 seconds to a minute. There is really nothing we can do until this is over. Too loud to sleep, even with ear plugs. Too loud to watch TV without rewinding every minute or so. Very stressful

"Extremely loud jet noise.

Extreme vibration within buildings.

Livestock disturbance"

now the Growlers are even louder. Are we under attack?

They lambasted our neighborhood tonight off of Coddington and Race Road. Extremely close to the ground. Everything started vibrated and my dog looked terrified as the planes were not very high off the ground right over my backyard.

this is ridiculous - it keeps getting louder. The growlers sound like they're on top of the house. YOUR PILOTS ARE FLYING TOO LOW. Cut it out.

Anchored on my sailboat in Watmough Bay. Whatever was going on was totally nuts. It was of sonic nature across the water. Rattled my sailboat. Extremely loud, caused ringing in my ears. Vibrations on my sailboat hardware.

horribly loud ambient jet noise. we can't see it but it shakes the house for minutes at a time. This has been going on off and on all day. For at least at hour around 10 am, again around 2 pm and then again later afternoon. Its shocking.

Multiple Growlers have just begun their landing drills. The noise level is quite disturbing and the fear is the Growlers will keep this up late into the late night.

"You M F s ! It's 9:00 pm !

I was awake late last night from this S***! This is awful!!"

F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy

F***hegseth

i will keep complaining until this stops. the navy is not my friend

Every week, Monday thru Friday. Until 11:00 pm. ITS SO LOUD AND RIGHT OVER OUR NEIGHBORHOOD. I feel so bad for children! Even with headphones the noise is unbearable. Just seeing the jet practice upcoming schedule at OLF makes my heart palpitate.

Growler ROARING over South Lopez. 9:42pm. What is the purpose of the Navy flying these LOUD jets over residents at night, when folks are trying to sleep? WHAT IS THE PURPOSE????????????????????

Growlers destroying another otherwise beautiful summer night with multiple planes flying around and around, late into the night!

JEEZUS! So loud!

Jet noise has been extremely loud the last three nights and is terrible right now. The people and domestic and wild animals are suffering! I can't believe they haven't figured out a way to make these implements of war quieter!

More Growler noise, vibrating rumbling from Whidbey. LOUD. S. Lopez 9:21pm

Motherfukers!!! I'm going to be exhausted at work tomorrow! And I'll be working to pay taxes on this war BULLS***!

People are hungry ! And we are paying for this waste!!!

S Lopez. A lot of roaring, rumbling, growler noise from NASWI tonight. Very disruptive, especially because we need to be in bed early tonight for work tomorrow. If this continues I will keep reporting it. The Navy disturbs sleep! 9:09pm. 6/25

STOP FLYING OVER CAMPGROUNDS WITH GROWLERS

STOP!

Growler noise is intolerable.!

6/29. S Lopez. Wow. Another roar from NASWI. Actually it seems like it's a continuation of incessant jet noise. Are they bombing Anacortes? Sounds like it. 9:33pm

All day it was quiet. Now as we are enjoying the quiet inside the house the roar of the jets deafen inside.

Loud booming roar from Whidbey. The skies are filled with growler roaring. 9:21pm . June 29. Southend Lopez

Stepped outside to see what all the ruckus is. Loud and noisy , the air is filled with rolling thunder that penetrates our home. Growlers at work, terrorizing us. 9:30 pm. S Lopez

STOP!,,

The Growlers are absolute dog S***. No purpose. And absolutely wrecking this island and community. Thanks for the hearing loss. Like actually. And nothing from the government.

Utter A****les. No one wants you here. The Growlers serve no purpose here whatsoever.

We're getting damn tired of it!! The minute it gets dark...the thunder begins!! It's right over our house. No one can sleep.

F***thenavy F***thenavy F***thenavy

Municipal quiet hours start at 2200. It's nearly 2300.

My pet is upset! I can't sleep! And I feel a mess! Please stop!

Navy b*****s have been doing some immensely loud flights over Mt. Vernon after 10pm.

OMG!! Seriously Lou's!! I'm seriously considering moving!

Pieces of dog S***. Yeah, let's start flying after 22:00 when people are trying to sleep. Absolute idiots.

This is REDICULAS!!!!!!!!!!!!!!

10:59am. June 5. Southend Lopez. LOUD GROWLER ROARING.

A****les. The majority hate the Growlers in this community but our elected officials don't do anything to help.

F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenavy F***thenavy F***thenavy F***thenavy F***thenavy
F***thenav

NAS Whidbey solidifying why they're the worst neighbors

"This is so UNBELIEVABLY!! F***ed up!!!

3 hours now of insane growler noise!!!"

10:14pm June 8. South Lopez. The Growler onslaught continues. The noise fills every part of our home. The Navy disrespects this region. Unable to sleep I got up to register this complaint.

10:19pm Mud Bay. Lopez. Growler screaming over us. June 8.

10:31pm. The growler engine roars and blasts just keep coming. It sounds like a war is raging outside our home. South Lopez.

F***ing A****les. Navy now setting a standard for flying nightly after 22:00 over public campgrounds. Classy.

June 8 S Lopez. 10:21pm. Growler ripping up the sky over us.

South Lopez . 10:37pm. NASWI is still sending excessive jet noise our way. The roaring is huge and vibrated right into our home RIGHT NOW. All day like this.

These planes should not be flown over people you aren't trying to kill.

Wow. 22:37 and still flying Growlers over campgrounds. The level of disrespect for this community is unreal.

Wtf, why are you wasting tax dollars attacking your own people and environment

You suck

A****le Growlers. They can never give us a night of peace from their noise. They've been flying since 09:30 this morning with current time 22:07. Unreal and disrespectful

Literally everyone hates the Growlers here. So beyond stupid and pathetic that they brought more in to our expanding community. I'd think the Navy officials would be smarter

NAS Whidbey is the worst neighbor ever. It's 22:22 and they're still flying Growlers. Do they have no concern at all for people's sleep? Aka our health? No respect at all given. Growlers have to go or something has to give because this is ridiculous

really sucks

TERRIBLE. 22:41 and the Growlers are flying directly above. NAS Whidbey is the absolute worst when it comes to respecting the community it's situated in

Too late too loud too low over residential areas

Too late too loud too low over residential areas.

Too loud over residential areas

USA Government/Navy doesn't care about its people at all if these Growlers flying at 23:00 are legal

Yet again NAS Whidbey showing just how disrespectful unprepared and disrespectful they are by flying unscheduled after 22:30

INSANELY LOUD!!!!!!

JEEZUS!!!!!! Are we done yet!!

These jets are flying too low and too close to our house. The noise is painful and it terrifies my child while they are sleeping. Why are we flying jets at 11:00pm?! Please fly further away, find another route. It's too loud and and painful!!!

These jets are flying too low and too close to our house. The noise is painful and it terrifies my child while they are sleeping. Why are we flying jets at 11:00pm?! Please fly further away, find another route. It's too loud and painful!!!

Why are you starting flights at 22:45? Stupidity

F***ing NAS Whidbey. Thanks for flying Growlers directly above at 22:45. What a great wake up call. Not like anyone sleeps then right? Idiots. 100% idiots.

Over dugualla bay

This has been happening routinely starting around 9pm all throughout the night and into the morning. We deserve a good night's sleep in our own

homes and I honestly cannot believe how bad this noise has gotten in these most recent years. Beyond sad.

The last three nights, August 10,11,12 the jets have been extremely loud, waking up the whole house. Usually where we live in Coupeville town, we can hear them but not as extreme. They sounded very low flying and very disrupting.

Time for you to put your toys away and let your neighbors go to bed.

At 10:30 PM and NOW the Growlers begin flying!!! Portends a long LOUD night ahead. Unreasonable time to operate over civilian populations.

Pieces of S***. Flying for the second night in a row right over a campground after 22:30. Unreal how disrespectful they are for the community. Move flights to the desert!!!!

For the third night in a row over a campground, the Growlers are flying past 22:30. Politicians, where are you at?? This should not be happening—moderating needs to happen to protect the public!

F*** the Growlers. Interesting to hear them for the 12th week this summer after 22:00.

Growlers began landing drills at 10PM this evening, ruining another peaceful night and threatening to disturb our sleep into the early morning hours.

WTF! How in the hell is this LEGAL!!!!!!

"I DO NOT UNDERSTAND HOW THIS IS LEGAL!!!!

How are we supposed to live in this insane amount of noise!"

I tried escaping Oak Harbor for a nice quiet camping trip in Port Townsend and lo and behold the jets are still flying as of 22:14. The Growlers HAVE to be moderated by law. This is unacceptable that they're free to fly whenever and prevent sleep

STOP!!!! It's been hours of this S***!!!!!!

The Growlers are a plague on the puget sound

"THIS IS F***ING HORRIBLE!!!!!!

I don't even know what to do! I don't know how anyone would want to live here!!"

"This is making me feel ill:(it's been 3 F***ing hours!!!of constant noise!!!

EA-18G Growler, Reg 169401, Serial G155 @21,000 ft, 494 MPH. Idiot left his transponder on. Path on flightradar24 shows pilot dropped to 13K ft closing in on Forks. ID on acft is ZAPPR11.

F***!"

Why am I lying in a tent at Fort Townsend and hearing Growlers at 22:30? Completely unacceptable especially since sunset now is 20:20. Be better. Think about your community and its welfare. This isn't it.

A****le Growlers

Multiple Growlers are at it again tonight, creating extreme noise and preventing sleep. The noise is even worse tonight than last night when multiple Growlers flew until midnight.

"Please tell me about the Navy Whidbey lawsuit involving windows.

I would like to add that this has been extremely loud all week.

It is until midnight all week.

Day three in a row with tomorrow set up for more.

We can't live here any longer."

Come on! Two hours (and counting) of jet after jet at 100db is like torture. They really don't give a damn, do they?

Growlers are STILL flying this late. What's more, they are making REPEATED passes over Saratoga Passage, on the west shoreline of Camano Island. It SEEMS quite intentional !!

US NAVAL COMMAND ?order Growlers out for training at 10:35 PM.....
Wake the children , disturb the elderly. Disturb the 74,000 United States Citizens living in Puget Sound. USN COMMANDFOLLOWING ORDERS OF TRUMP OR JUST DON't care.

"USN Command.....Millions of acres available in US for these training flights after 7 p.m.

NO LET THE CHILDREN AND ELDERLY STRUGGLE TO SLEEP. COWARDS"

ANOTHER night spoiled by multiple Growlers looping around conducting drills. The extreme jet noise began at sunset and continues to the present. Growler flight paths are again extending far out over Saratoga Passage impacting the west side of Camano

"JEEZUS!!!!

This is so insanely loud!!!!!!"

"This is so F#*ked up!!!!

It's 10:45 it started at 9:00!!! These a sleeping hours! AHOLLES!!"

This is VERY VERY LOUD!!!!

"WHAT IN THE ACTUAL F#%K !

This is WAY TO LOUD!"

Idiots. Who flies Growlers this late? No respect at all

Why do my tax dollars go to attack myself with sound?

Another one heading east. Can't birdwatch when war machines are downing out all the peace.

Make better choices

10:31pm. Another growler roaring over South Lopez. Why is it necessary for such viciously loud jets to fly over residential areas at night? It is bad enough during the day, but when folks are trying to sleep????

Loud Growler roaring. 10:16pm. South Lopez. Window in bedroom open for fresh air, but it also lets in the late night roar/war of the annoying disruptive Growlers.

Navy still breaking the noise ordinance! If I make that amount of noise I would be arrested.

86db measured from my bed at 10:45 at night.

A terrible roar that took more than 5 minutes to pass by.

Close to 11 pm and there is an ear piercing (inside) screaming, shrieking navy overflight- low over homes in Anacortes near the ferry. Loud enough to wake the dead and cause pain inside the house. Thunder lasting minutes after. This is abuse.

Inconsiderate A****les. F*** the Growlers— no good at all. Why the F*** would you fly in the main NAS Whidbey runways after 22:00???! It's 22:56 on a weeknight you absolute idiots.

It's 100% obvious that the Growlers do more damage to this community than they do to any enemies. Absolutely disgraceful to fly without any regulation in this area. After 22:00? Insane.

On this 250th anniversary of the USA, I'm ashamed of a lot of things but especially the Growlers and the disregard the government has for its citizens.

Right over our house at 10:45PM!!!!!!

Why the hell are Growlers flying in this populated island? GO SOMEWHERE ELSE. Especially since you're flying at F***ing 22:47. Absolute total A****les.

Woke us up from sleeping it was so loud.

There is metallic screaming echoing throughout the skies almost at 11 pm- impossible to sleep or try to sleep realistically with such insane cacophony. This is unhealthy- making car alarms go off. Anacortes towards WA Park. Abuse by the navy.

It's way past 23:00 and the Growlers have been flying low over a campground for over 20 minutes now

NAS Whidbey is the worst thing to happen to this community

Ashamed to live by NAS Whidbey. They have no common sense or sense of respect.

A****les. Who in their right mind would fly Growlers after 22:00? If it needs to happen, PICK ANOTHER AREA. You don't seem to realize people live here.

Direct screaming flyover

Fly overs are getting way later than normal. Extreme disruption.

Growlers are absolute trash. I'm so embarrassed by them

Growlers: the eternal embarrassment of NAS Whidbey

It's 23:56. Growlers have been flying above Deception Pass State Park since 22:15. The campground is large with over 300 sites and many are tent camping. This is unreal.

"More growler engine noise

REALLY loud"

NAS WHIDBEY HATES WHIDBEY ISLAND RESIDENTS

NAS WHIDBEY IS THE WORST BASE IN USA. WHO the F*** allows Growlers past 22:00?! A****les

NAS Whidbey truly sucks. Flying above a busy 300+ campground for hours and it being 23:35 now? That's a terrible terrible decision. Hopefully they get smarter.

Wow. 23:28 and the Growlers are still flying directly above after more than an hour? NAS Whidbey sucks. They need to work on decision making

Constant flyovers without breaks. Decibel readings 95 indoors and 115-120 outdoors. Definitely low, ~300ft AGL. Interrupting kids and family sleep.

Loud low and way too late!

Very loud very low very late. Too late at night for such loud jets to be flying over residential areas.

Very loud very low very late. Woke myself and my children up. That's too late at night to be flying such a loud jet.

Dumb as rocks NAS Whidbey management flying Growlers for first time today past 23:30. What inconsiderate idiots.

I would like to know what the H..... is going on?? Right around midnight last night 2 Jets roared over our house!! I have trouble sleeping and had just gone to sleep when all H.....broke loose! That pretty much ended my sleep for the night.

Typical NAS Whidbey flying unscheduled at 23:30. No regard whatsoever for anyone in the area.

ENOUGH!! It's going on 12:00 am. The noise is defining....right over our house!! People are trying to sleep. We've had enough!!

i live near sr 20 and ault field for reference. jets have been flying directly over my house for at least 20 minutes straight, multiple times per minute. it is far too late in the evening for this, and is scaring my cat. it is shaking the walls loud

Too late too loud too low over dugualla bay for that time of night.

Update: It's now 23:15 and the Growlers are still nonstop flying. Unreal. They've been out since 09:30 too. And I'm in Deception Pass State Park campground too with tons of tent campers. Wow is this at all okay???

Growlers flying all night long!!! Still at it at 11:45PM. NO REASONABLE EXPLANATION.

NAS Whidbey is the absolute worst. Flying at 23:40 over a large community? Insanity. And so unhealthy for the community.

Staying at Deception Pass campground and Growlers flying over at 23:24

Over duqualla bay

So loud and so late! Sleep is so important to health. Then the jets stop and you think finally, they're done and we can sleep, but no, they come back again and again and again.

Late night flight every night this week have caused loss of sleep for my entire family

Alert: the idiot Growlers are still out at 23:45 keeping people awake. Classy.

It's 11:30 PM, the jets have been flying overhead for the past four hours non stop. I have developed a migraine. I can't have a conversation with my family without the growlers. I don't pay my taxes to be terrorized by the US NAVY.

Growlers 23:40 over a campground

The military has utterly ruined Whidbey/Fidalgo Islands. Flying Growlers after 23:00 for multiple nights??? Unreal. And so utterly terrible for this community. The adverse health effects are clear but the military doesn't care. Politicians, act.

11 pm and growlers are still touch and going! F****thenavy F****thenavy F****thenavy F****thenavy F****thenavy F****thenavy and F****thenavy F****thenavy F****thenavy F****thenavy

It's 23:42 and the Growlers are still flying. Literally research shows how important sleep is for overall health. The Growlers/NAS Whidbey are harming us and this town/state/country care less. Disgusting.

Too late and loud

23:10. The biggest A****les for flying this late.

23:30 and the A****les Growlers are still flying. How is this not illegal?

Pieces of S*** NAS Whidbey. It's 23:00 and there are still jets flying. F*** whoever plans these flights.

The noisy unscheduled Growlers strike again at 23:05

"It's now 11:00 pm!

This started at 9:00pm!

ENOUGH!"

Why have I been hearing Growlers for the past 2 hours? It's 23:12. Enough. This is nonsense that 1) they're flying so late and 2) they're flying over a campground

How is it even legal that Growlers— these loud af jets— are allowed to fly in communities past 22:00? Unreal. Our politicians are failing us. I'll remember that come elections.

23:06 and the Growlers have been flying over the busiest campground in Washington for over 2 hours now. Whoever plans out these flights needs to amp up their brain power. This is stupidity and harmful.

ITS 23:30 AND YOURE FLYING GROWLERS OVER HOUSES. NAS WHIDBEY IS THE WORST AND I HATE HAVING THEM ON WHIDNEY ISLAND

Loud! Eagle Cove. 🦅

Slow morning flight over at high elevation

Time may be off by a minute or two.

Loud low rumble I heard from inside my home with earplugs in and the windows closed.

Loud jet from inside my house

Very loud jet

Forks - rumble resembling thunder, annoying reminder of sounds I have been hearing all morning.

Outside walking & disturbed by continuing low rumble over S. Lopez. Likely a Growler, the noise seems headed to the west. The low thundering feel of the noise is what is most irritating. July 28. 5:33pm.

Further away and lower decibels but still annoying.

Super loud jets heard from inside my home.

Loud rumble for several minutes

Eagle Cove

Disrupting bedtime routine.

Jet pattern flying again. Constant sound. Has been flying from about 8 to 11 every night this week. Keeps dogs and us on edge. It's summer, so windows are open.

It's almost 10pm and they have been flying for hours. It's so loud in the house. We can not sleep.

Circling pattern creating a non stop jet engine noise. Has been going nonstop for about 10 minutes.

Nonstop constant jet in the distance for over an hour. It is 10pm. I am wearing ear plugs and I still hear it. 3 years ago the flights weren't as frequent. We checked maps before buying. It is 10pm!

South end Camano. Loud J is noise the last couple of nights. Starts when family is trying to go to bed. Windows open because it has been so hot. Hard to sleep. We school all year round. We work. This affects everything we do because it affects sleep

Eagle Cove

Still ongoing. They are clearly circling over the water. Part of the issue is the water, which carries sound. Wearing earplugs can still hear the jets. It is 11pm!

Jets flying continuously late into night. Sound carries across open water, windows open for night air. It is after 10pm. We started with fly overs around 3pm today, now constant drone rumble as with last week.

Wussies 🦴

LOUD!!!

LOUD!!!

LOUD!!!

7:47am. June 2. S Lopez. The growler rumbling from Whidbey is going strong! Vibrating through our home.

7:49am, June 2. S Lopez. Hit again by another throbbing rumbling vibration from Growler engine from Whidbey. Early!!!!!! Bad!!!!!!

Horrible low rumbling though my body outside

Rumble and vibration for 3 minutes

Rumble and vibration for 3 minutes

7:54am. Growler roar from NASWI. South Lopez.

LOUD!!!

8:35am July 27. Extended rumble and vibration from Whidbey. They started earlier this morning and woke me up. Must be a mistake to live on South Lopez with a window open in the bedroom.

Another rumble and penetrating vibrating roar from NASWI. 8:43 am July 27. South Lopez.

Southend Lopez. Looks like a day of Growler aggravation. Another rumbling vibrating growler roar just hit us. Like loud, long thunder. 8:55am. 7/27. It all started before 8am.

LOUD!!!

Rumbling Growler engines from Whidbey. How loud do those growlers have to be that their revving-up reaches us 14 miles away? TOO LOUD. South Lopez/ 9:56am, June 8.

There was another one, about 3 minutes ago, and one before that, but I didn't get to record the time.

Another growler that drones on forever

Extremely loud and disruptive. Two growler a flying low

The loud low rumble hasn't stopped for 8 minutes. It's uncasing

Had another low rumble a couple of minutes ago as well.

LOUD!!!

Another morning ruined

10:51am. June 8. South Lopez. Rumbling, vibrating noise from Whidbey.

More rumbling vibrating noise from NASWI. 10:46am. June 8. South end of Lopez.

One growler. Super loud. Dreadful

rumble rumble rumble after hours destruction of the natural sound scape

Two jets

Cant enjoy birdwatching with this noise

Wish I could record the noise and attach. Large out door gathering. People had to wait for jets compass and kids crying and covering their ears.

Constant noise this week

There was another Growler about an hour ago, but I didn't make note of the exact time. Also lower rumble and vibration.

Family sick with Norovirus and it's tough to put them to sleep with Growler noise past 10pm. Flight path also seems to have shifted to over more populated area rather than over the water.

More rumbling pulsing engine noise from Whidbey. 12:50pm S Lopez

Jet flew over lower than usual, directly overhead. Had to pause what I was presenting on a conference call because of it.

June 8. 1:26pm. MORE rumbling vibrating noise from Whidbey. S Lopez.

S Lopez. Out walking in the light rain, and BAROOOOOOOM comes the vibrating rumbling roar from NASWI. June 8. Annoyed. Disturbed.

S Lopez. 1:07pm. Rumbling Growler engines.

The growler is shaking my house

It's very loud

Your noise travels great distances across the water

Huge rumble and vibration from a growler. feels like an earthquake

Extremely loud and rumbling for two minutes inside my home. Horribly disturbing.

Its like thunder cracks that drone on afterwards. Sudden and horrible and then lingering. I heard and felt it from inside my home with the windows closed

Again, rumbling roar from NASWI. No peace. South end of Lopez.

3:29pm, S Lopez. June 8. LOUD ROARING RUMBLE VIBRATING NOISE from NASWI

4:04pm June 8. The attack continues. South Lopez. Huge roaring rumble from Whidbey z

4:26pm, June 8. South Lopez is being bombarded by what...Growlers taking off? Engine run-ups? Whatever, this is a war zone.

June 8 4:00pm S Lopez. Loud rumbling roar. Stop it!!!!

South Lopez. One right after another. Loud roar and vibrating rumble from Whidbey. June 8 4:01pm

Forks- napping in own home and awakened by rumble and vibration

4:32pm. Big rumbling roar from NASWI. Distracted me because I thought it was thunder which was unexpected. But no, it continued in the way it does when NASWI is revving growler engines. Now it is 4:34, and here is another percussive roar from NASWI.

5:55pm June 8 S Lopez. Rumbling noise.

Loud and unpleasant.

More roaring. 5:52pm June 8.

Continuing flight patterns in the evening, now around dinner time. Last week they began at 8 and went to 11. Long slow passover. Kitchen vibrating.

Eagle Cove

"Loud rumbling, hurts ears.

So sad."

This should be 7:02 PM, but I was unable to change the "AM" to "PM".

Rumble first sounded like thunder then increased in intensity- Forks

Again with the toys of war? This is the third week. No money for health care or social services, but plenty to burn up harassing civilian populations. Are we great now?

Eagle Cove

No Kings!

noise for prolong period. Difficult to fall asleep or watch tv.

third week in a row! F*** you!

Rumble gling on for hours

get F***ed warmongers

Enough of this noise!! Frightening to human and wildlife.

9:22pm June 8. The rumbling roars from Whidbey continue. It has been a terrible day of Growler noise rumbling right into our home . Navy abusers.

Another house rattling jet roar from Whidbey. 9:34pm. All day this had been going on. Am I going to be able to get to sleep? The Navy has been making this region a war zone for years now. Years.

It makes it hard to sleep when the Jets fly so late

Late at night when children are trying to sleep is not ok. Please stop.

the noise and rumbling just never stops. I'm having problems going to sleep.

There is not sleeping because of the noise. We work and have school tomorrow. The noise can be heard over noise canceling headphones. How is this legal?

Eagle Cove

I also heard a loud Growler in Anacortes at 1:30 this afternoon, but was unable to record the time in the system the way the calendar is set up.

"Growler jets flying overhead.

It's time to go to bed and they are supposed to stop at 10 PM with their nasty engine noise"

This is some b\$llsh*t

We are on Kiket Bay and the jet noise was unusually loud late at night.

My house is shaking !!!!!

The jets have been nonstop for the past hour. Earlier today they hurt my dogs ears while she was outside, and we're not supposed to be in the flight path. I can't hear on work calls when they go over, and they fly too late at night.

Ongoing noise, rumble for at least 45 minutes and still going. Sounds like maybe jet(s) is looping, but almost constant and very frustrating sound and feeling to be unable to escape.

Growler engine noise

Port Ludlow. Port Ludlow?!
