Jet Noise Report: September, October 2026

"LIVING AROUND GROWLERS"

If I need earplugs inside after 2200 due to jet noise….. you're in the wrong. STOP WITH THE GROWLERS

Hideous racket of navy war practice overhead- at times loud enough to shriek dangerously, otherwise awful deep vibrating bass thunder- shaking us. Unhealthy and unsafe environment to live. Anacortes near the ferry terminal, evening.

Deception Pass is ruined due to these Growlers. Absolutely terrible

Low flying jets and extremely loud noise -- conversation impossible, had to cover ears to avoid damage -- flying over residential area on southwest Guemes Island.

Growlers were flying BEFORE 8AM this morning. They've been conducting landing drills most of the day. It's now well after 10PM and multiple Growlers are presenting overflying the west shoreline of Camino Island creating earshattering jet noise!

This is insane. For over 17 minutes, the Navy has been blasting Mt. Vernon with the most impossibly loud noise imaginable. I'm indoors and I can barely hear the person who was just trying to talk to me.

Low and constant rumble all the way down in Freeland. Its almost 8pm. The noise doesn't usually reach down here often… not sure what's going on

Rumbling roar from Whidbey. Deep rumbling. At first I thought it might be an earthquake, having experienced earthquakes in California. Disconcerting. Why so much noise from so far away? Lopez.

Coupeville, Out walking I had no chance to protect my ears from noise level at 97.4 dB. too loud for a neighborhood.

Elected Officers: Are you hearing us?

Don't stop reading here. Beginning on page 11 read the comments made by those in the past two months who submitted noise reports, and feel the frustration, concern, and anger.

Since 2015 we have been tracking jet noise reports reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. With the addition of 36 more Growlers in 2019 at Naval Air Station Whidbey Island, the region has been bombarded. This document provides data broken out by reports generated inside San Juan County and outside.

Reports since 2015 can be found at:
https://www.quietskies.info/county-website-data-summaries

INSIDE THIS REPORT:

- Monthly Comparisons.
- Reports by Type of Noise
- Reports by Time of Day
- Reports by Day
- Noise Maps
- Comments submitted with each report, revealing human impacts

Listen to the jet noise that we hear in our region:
https://www.quietskies.info/all-videos

The Navy dismisses noise data:
https://f4be68e4-2f42-4ce8-b4c0-6fb1e95c8ac6.filesusr.com/ugd/f9226a_2de6debbab2a4dfd822451c6f6a3a75b.pdf

Jet noise raises emotions.

If you are in crisis, you can call the National Suicide Prevention Lifeline 24 hours a day, seven days a week, at 988. Press 1 for the Veterans Helpline.

You can also text a crisis counselor by messaging HOME to 741741.

Crisis lines are available for all Washingtonians regardless of insurance status or income level.

Understanding This Report

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

https://gis.sanjuancountywa.gov/aircraft-noise-reporting

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to also use this noise reporting website.

Correcting Location Data

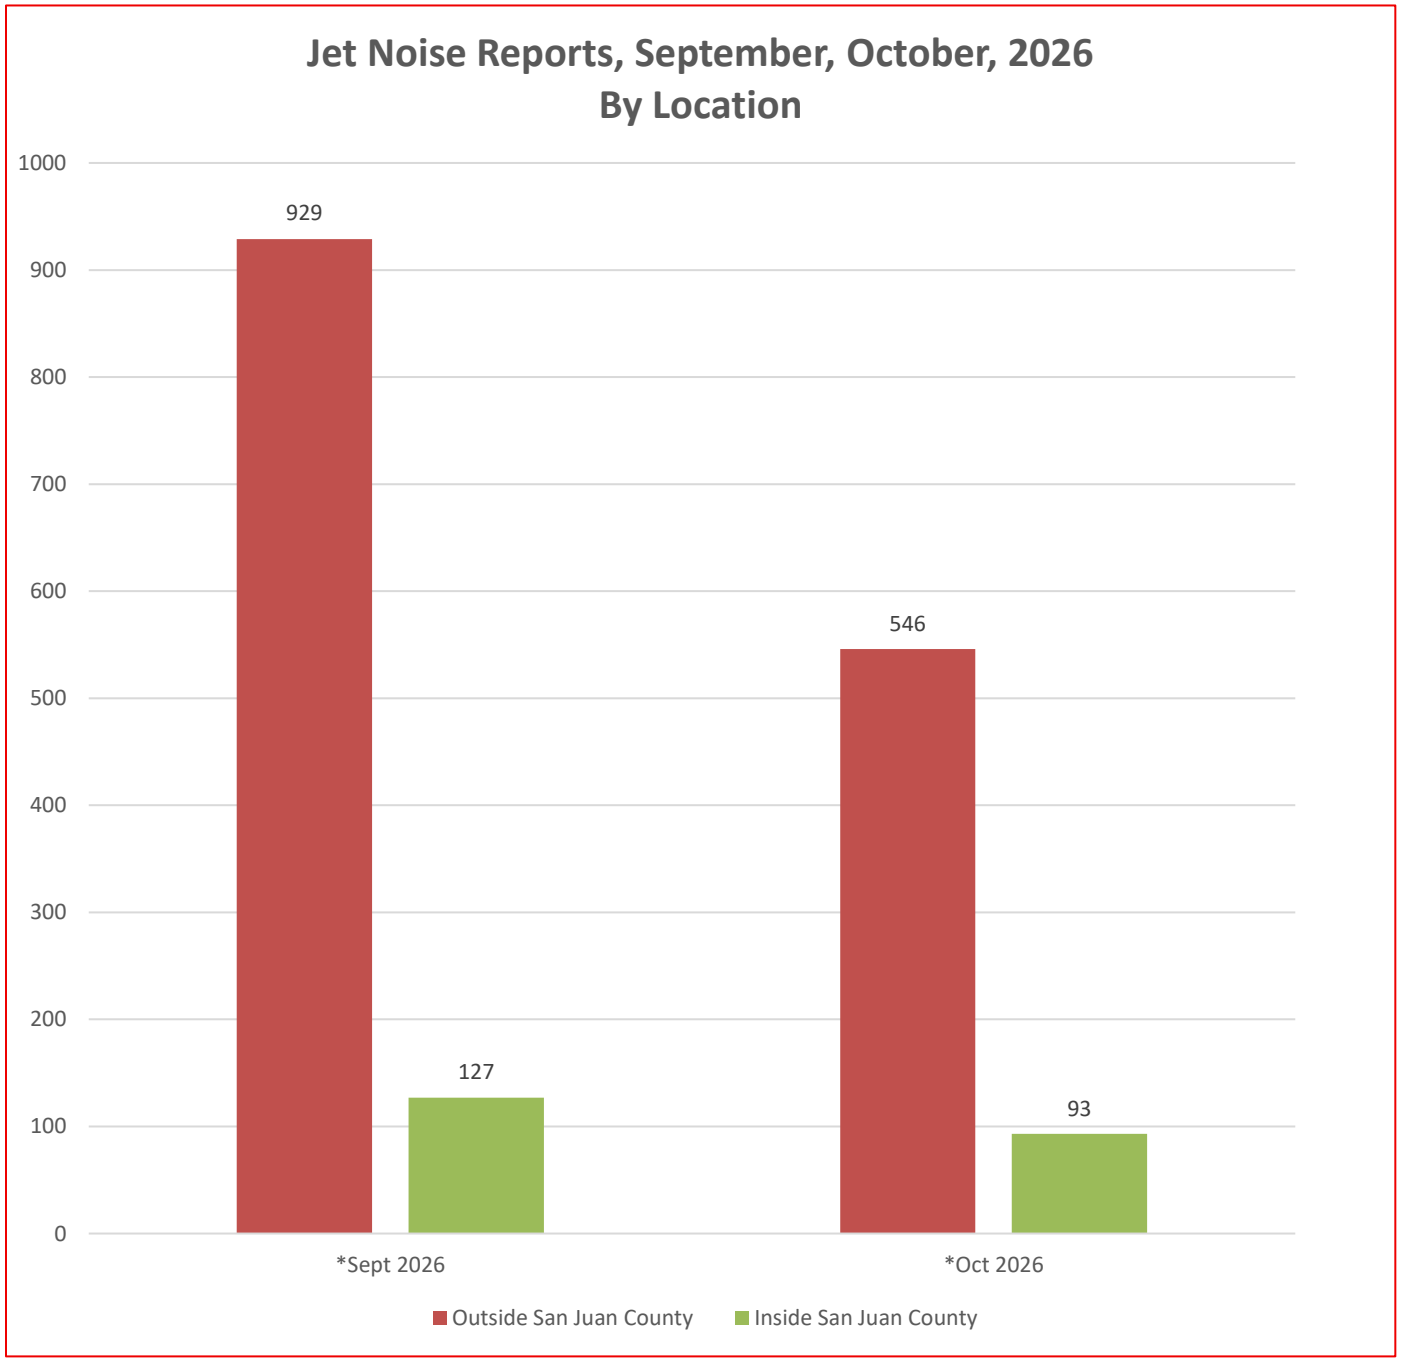

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Reports likely will show more reports from outside of San Juan County. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Hints on reporting jet noise:

Here is some context:

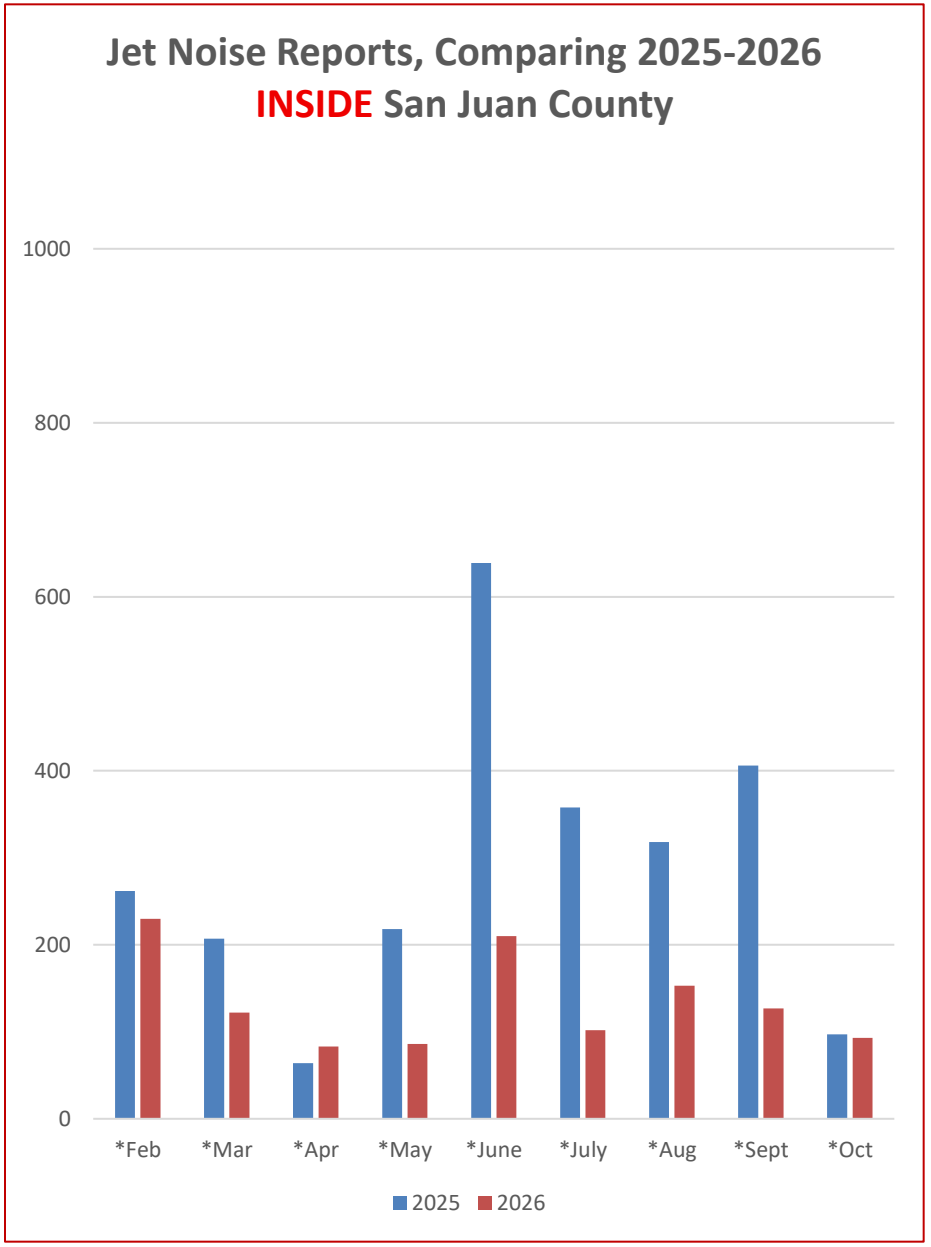

Each week NASWI releases its "schedule" for a particular type of activity: Carrier Operations. These are, generally speaking, the low flying activities of the Growlers over our region. You can find the history of these schedules at https://www.quietskies.info/flight-schedule

Regional residents will tell you that the schedule has only occasional connection to their lived experience. As an example: "**You did see the released NAS Whidbey schedule saying no training flights this week right?? Then why whyyyyyyyyyyy are the Growlers out low altitude flying.**"

Furthermore, NASWI itself advises that they conduct a variety of flights for which there is no advance schedule. This may partially explain the breadth of experiences and variability of locations described through this report.

Comments Submitted with September, October, 2026, Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Loud jet. Colleagues on conference call couldnt hear. Had to pause meeting

Watching jet fly directly over Lopez. Need to keep my eyes on the road

07:28 in the morning? Bad

After some very unpleasant war practice noise in WA Park, overflights x 2 walking home were ear splitting and a risk to hearing unprotected on the sidewalk. Abuse of Anacortes citizens by the us navy.

"Over house. 77.1 dB Max; Peak 87.8 dB. !!!!

Deception Pass is ruined due to these Growlers. Absolutely terrible

Growler SCREAMING over South Lopez. SCREAMING!!!!!!!! 1:11pm October 21.

Coupeville, Out walking I had no chance to protect my ears from noise level at 97.4 dB. too loud for a neighborhood.

Growlers: you are despised

How is this legal? Growlers flying right above my campsite quarry pond cg

Huh. NAS Whidbey posted schedule says flights "late evening to night" but I'm hearing them at 12:31 (and have been hearing them since 07:30). THIS is why NAS Whidbey is hated— I have absolutely no trust in them at all.

I can ot drown out this noise with earplugs under noise canceling headphones with my kitchen fan on its highest setting. It still rumbles my house and triggered my CPTSD.

Southend Lopez. It has been a NOISY morning. Lots of loud roars from Whidbey. Sounds like a war zone around here. NASWI has to locate its growlers elsewhere! Not in a populated area!!! Legislators, get some spine and find a better solution.

I can't even talk to my neighbor standing right next to me when these jets are roaring over.

Addendum to prior report - Watch recorded 104dB noise level.

I can't relax in my own home because of the vibrations and noise from these jets

If I need earplugs inside after 2200 due to jet noise….. you're in the wrong. STOP WITH THE GROWLERS

Just overflown by Growler exceedingly loud.

Multiple Growlers overflying our neighborhood and continuing to circle.

NAS Whidbey officials are the worst!! They clearly despise this community or at least their flight patterns support this

Parks are supposed to be quiet places of refuge to unwind from stress…. NOT having Growlers flying directly above.

People shouldn't have to deal with our military terrorizing us. Its like a thunderstorm but worse.

So sick of this s*!!! EVERY GOD DAMN NIGHT!!!!**

"This is so F*ED!!!!!**

It's time to relax after work! And these a**les just started!!!"**

Thursday evening Anacortes near the ferry- low altitude navy war practice overhead. Too loud to hear anything else inside my home. Dangerous and without thought for civilian health and welfare.

We hate the Growlers!

What is the point of this website??? The MILITARY is not listening!!

Why are Growlers over Deception Pass campground? So terrible

You guys are ridiculous

Zero reason for jets flying past 2200 now that sunset is before 2000. Idiocracy

Shaking my house and me in it.

"8am and navy war practice low over civilian heads begins here in Anacortes, west towards Washington Park.

Growlers suck

GROWLERS SUCK

Ongoing war practice, ongoing harms to health and wellbeing. These modern weapons do not belong in civilian space."

Almost 10PM and multiple Growlers have been disturbing the evenings quiet. And they continue!!

A trip to the mailbox becomes a threat of hearing loss- navy warcraft flying overhead low altitude with gear down, screaming ,blasting metallic roar over homes in Anacortes near the ferry terminal on a Friday afternoon. Abuse

After 9 pm and its more overflights by thunderous navy aircraft- practicing war over heads of US civilians. Catastrophically loud, into late at night. Anacortes close to the ferry terminal. This is nothing like civilian aviation noise

A**les Growlers have been flying for over 12 hours now (21:01 currently). How is this legal?**

A**les. Way to wreck the day.**

Dogs freaked by extremely loud noise, had to work to catch them before running off. Covering ears because of intense damaging noise level

F* NAS WHIDBEY!!! SUNSET WAS BEFORE 2000 AND YOURE STILL FLYING AT 22:22?!?**

F* THE GROWLERS**

"Great day for most residents of Puget Sound. Enjoying the cloud patterns, the winds, and the rain. Then all enjoyment destroyed by the USN Command…..and the selfish pilots allowing the damage harming the children, the elderly.

Growlers have been overflying our neighborhood since 10AM. Now multiple Growlers are continuously circling... the noise is ear shattering!

Hideous racket of navy war practice overhead- at times loud enough to shriek dangerously, otherwise awful deep vibrating bass thunder- shaking us. Unhealthy and unsafe environment to live. Anacortes near the ferry terminal, evening.

How about that training schedule saying "night/late night"? And jet Growlers have been flying since 09:00? Pure liars. This community should have zero trust in NAS Whidbey

HOW COME GROWLERS ARENT ILLEGAL?

How does the state let this happen? These jets are so loud and go on all day.

NAS Whidbey clearly terrorizing its local community with these Growlers. I'd argue they do more home at home than benefit abroad.

NAS Whidbey does more harm than good

Night to late night, hours at a time, multiple days per week, for weeks in a row… no one can sleep while they are running. I'm beginning to think they're just sadistic.

No

Ridiculously loud flights overhead. Please stop the acoustic assaults.

Still going over me

Terrible cacophony from metallic screaming to penetrating thunder. Navy war practice over our heads in Anacortes near the ferry landing. Afternoon on a weekday. Si,liar yesterday.

They passed by again

Hey Growlers, PS we hate you

This noise has trapped me inside my house.

Vibrated me in my bed

We hate you f* you Growlers**

Where's our money for hearing loss? Cause there's zero chance we're not losing hearing from these Growlers

Wow. I love how "night-late night" includes 09:00 now. Super smart NAS Whidbey. Glad you can…. plan

"Feels like thunder all day

Its horrible "

I would please like to have a peaceful morning waking up to birds instead of murder machines.

Starting art 3:30. Looks like a war zone. Non stop take offs and landings

Deafening!

Growlers were flying BEFORE 8AM this morning. They've been conducting landing drills most of the day. It's now well after 10PM and multiple Growlers are presenting overflying the west shoreline of Camino Island creating earshattering jet noise!

It feels like an earthquake in my house for over 2 minutes and the sound is so loud i can hear it through earplugs with work headphones on. I have to keep my oven fa on just to drown out a tiny portion of this horrible plague of noise

Low flying jets and extremely loud noise -- conversation impossible, had to cover ears to avoid damage -- flying over residential area on southwest Guemes Island.

F* the Growlers**

F* you Growlers. You're despised**

Why do you attack your own people with this acoustic assault? These planes should not fly over people you aren't trying to kill.

Loud enough to impact sleep when tbe windows are open. More night flights

NAS Whidbey officials are a bunch of f*ing liars**

NAS Whidbey yet again proving they're the worst neighbors

Flyovers over Lopez. Huh. Just want to disrupt the day

Currently all the kids are outside waiting for buses or for the doors to open 😰

LITERALLY Growler noise all day long! It started at 8AM ... no let up

Really low

Scared 200 ducks away

TOO EARLY

Vibration and rumbling through the ground. I have earplugs in and compressions headphones on and it is still unbearable.

Woke up to Growlers. How is this legal or allowed for them to fly directly above this campground at Deception Pass?

You're seriously flying Growlers at 07:06am over a campground?!? Deception pass state park aka over 300 campsites? That's the definition of disrespect.

I have misophinia and i am going to have to move away from the home i grew up in because of the military jet noise.

Went to bed with jets and waking up to jets. Dogs on edge because of it and so am I. The frequency of flights has significantly increased, with hour(s) long recurring patterns. Sound carries over water, which makes this location a funnel of noise.

Directly over the hospital and the schools well that seems really healthy for all ugh

Multiple Growlers blasting jet noise ALL afternoon.

You know it bad when your dishes shake , decor , and dishes rattle ! Much less the pain in my ears ! Being assault by what feels like a tremendous threat flying into your home 👺

It's Labor Day… why are you flying?

After 9:30 pm and the house is deeply shuddering from navy war jets miles away- wretched low frequency grinding roaring that travels for many miles. Affecting health of tens of thousands of Washingtonian civilians.

Cant do my outdoor job surveying birds with this noise.

It is the opposite of peaceful- late night navy war practice for hours, over civilian heads in Washington state- incredibly loud and destructive sounds. Abuse. Anacortes towards WA park.

Sickening grinding deep scraping roaring sounds from the skies to the south- heard beneath everything and felt in the body- this is so deeply disturbing. Navy war practice over civilians, 9:30 pm Anacortes near the ferry terminal

Stopped conversation at dinner. We are now past 10 hours of jets flying over today. This is a marked increase in frequency from just 1 year ago. Area dogs bark all day. Even those that ""love jet noise"" do not realize why they are on edge.

A few minutes later, here comes another sonic bombing attack over Mt. Vernon to finish off the survivors.

Big jet noise in the sky. Sounds like 2 growlers, but probably only one....but still VERY LOUD! S. Lopez.

Can't believe how bad the neighbors are (Growlers suck)

Earthquake

Extremely loud aircraft noise for over 10 minutes sounds like multiple aircrafts. This has been happening more frequently

F* the Growlers**

F* you NAS Whidbey. Everyone hates you.**

Growlers over Deception Pass 23:25. Unreal.

Having Growlers as a neighbors is the worst possible thing

"Hey Growlers,

Do you do anything besides bothering the locals?"

How does it feel to know everyone hates you when your work involves a Growler?

How much do you hate Growlers on a scale of 1 to 10? 12.

How unfortunate we are to live next to the worst neighbors in the world (Growlers)

I have to move from Anacortes and leave my job because of this noise.

Idiots

It's a serious issue that I can hear Growlers at 22:10 when it's OCTOBER. Plan f*ing better you a****les**

More Navy terrorism attacks on Mt. Vernon at 5:15. Very loud and lasting for a long time.

NAS WHIDBEY SUCKS

Navy terrorists doing a loud flight over the Mt. Vernon area around 3:08pm

No one wants to listen to this jet crap

Oh cmon you guys. Move on

Rattled windows and the dog pissed on the rug.

Stay away Satan. Aka Growlers

Sunset was at 18:45. It's now 21:35 and Growlers are still flying. Are you that shameless? Do you not realize how you ruin islanders lives each day by this incessant noise? So. Disrespectful.

Um. You did see the released NAS Whidbey schedule saying no training flights this week right?? Then why whyyyyyyyyyyyy are the Growlers out low altitude flying. WORST NEIGHBORS

Useless but loud Growlers

Wild. Navy's schedule say no flights scheduled this week and— shocker— they yet again lied and are cruising Growlers 2 hours past sunset. So classy

Wow. Flying on the first day of school. Classy

We have now had jets flying over at intervals for 12 hours. Morning coffee, dog walks, during all work meetings (having to pause a few times), while out exercising, dinner, and as we watched TV. Area dogs barking more than usual.

9pm and time for peace. Not beneath the us navy- shaking shuddering groaning coming from the southern skies in Anacortes near the ferry- such disquieting and threatening sounding and feeling- shuddering the southern skies side of my home and body.

Customers couldnt hear me on call, had to pause business call to wait for jet noise to pass

I can't think with the constant, and I mean constant rumbling and roaring and thunder cracking.

Multiple Growlers circling and circling conducting landing drills. This has been going on since early morning. Very disruptive!

We understand the need for preparedness, but flights are disrupting active business activities.

74.7 dB per dB.

Another growler flying even lower than the others. I can feel the vibrations in my whole body and the ground. It's supposed to be peaceful out here. It is anything but. Feels like a war zone. And that what these dreadful killing machines are used for

A**les**

Literally can't do my job which requires me to hear because of these jets. Another growler has flown over me super low. I have to wear hearing protection and pay for it myself because of the military's insistence on terrorizing people in Skagit.

Most unprofessional and disorganized NAS. How about that no flights scheduled?

NAS Whidbey is an embarrassment to this community due to its disrespect. Why do you so blatantly lie about your flight schedule?

"One flower going by again. The fourth in 20 minutes. So loud i feel the rumble in my organs. I don't know how anyone lives here.

One growler flying extremely low. Horribley loud. I bring earplugs when I have to work hear to prevent hearing damage.

One growler flying low. There are kids here getting hearing damage because they didn't bring headphones to go for a walk outside

Seriously. Flying at 21:46 after flying all day on a day that no flights are scheduled per your released schedule? Terrible.

The embarrassment of Whidbey Island

The roar just doesn't stop here. With the frequency of these jets you couldn't report them all. Full time job.

"Two more growlers flying low.

If I had stay here I would kill myself. I can't wait to move out of Skagit.

Another growler flying the opposite direction

Ashamed to live next to the Growlers

Flying low. Far too loud to be around civilians.

Growler flying low. Bow is this even allowed?

Literally no one wants Growlers here. Leave

One growler flying extremely low. Very loud, like the loudest thing I've ever heard in my life.

One growler flying low. Way too loud.

One growler spirit shatteringly loud. I'm moving far away from mith hellhole.

Elementary kids waiting outside for school to open! I wish they mattered?!

"It just goes on and on and on.....

"Awful. Roaring low over south Lopez

Why not stay over water?"

F U C K !! Just f*ing stop!!!!**

F U C K !!!!! Just f*ing quit already!!!!!!!**

Shook everything in the house

So sooooo disrespectful. 1) past 22:00 2) Friday night 3) not scheduled

There have been quite a few disruptive flights over the Mt. Vernon area today, but the one just now at 1pm was insanely loud. Anyone caught outside probably has a raging headache now. And I'm sure the Navy pilot has a big sadistic grin.

Growlers circling conducting landing drills and creating constant roaring jet noise! This has gone on for hours.

Had to pause work conference call because attendees couldnt hear me speak. All windows closed.

Repeated flights over soccer fields. Kids can’t even hear coaches.

There are several frequencies happening besides jet noise that are disruptive and dysregulating.

Unusually loud continuous blasts all morning

After 10p.m. at night is unacceptable

Even with my windows shut It's so fing loud

Growler on Sunday over Deception Pass park

Growlers out on a Sunday?? Geez NAS Whidbey just doesn't care at all about this community. It's embracing how bad they are.

Idiot jets from NAS Whidbey out and about today Sunday

Overwhelming

Whitney Island is BADLY mistreated by the navy here. Unreal jets have been flying all day on a Sunday

Disrupted work. Couldn't hear

Every night at this time I am awoken by a helicopter right over my roof at this time

Growlers are overhead and it's after midnight….

Past midnight and stilly

It has been so nice and quiet until today. 3 Growlers flew over at 1:15, 1:22 and again at 1:50.

it just sounded and felt like a bomb was dropped on my house. Its still happening. Terrifying for me.

My CPTSD is triggered and my day is ruined.

per dB x. survey 123. arcgis.com"

Terribly loud growler.

"WTF!

This is not on flight schedule????"

Time may be off by a few minutes.

Can't even hear myself think. Please stop this anxiety causing noise!!!!!!

Low flying, very loud growler. Disrupting homeschool and stopping it. Trying to now get back on track. Disrupted wild birds and farm animals.

Sounded like an earthquake starting. Making it difficult to go to sleep. We are supposed to be outside of the impacted zone

2nd morning this week flying before 08:00 (and over Deception campground)

Another direct flyover; and a direct double flyover about 15-20" ago that I couldn't report due to website burp

Another loud Growler overhead. South Lopez. Sept 15

Circling around over and over . Cannot carry on a conversation at all. Cannot talk on the phone. Had to end both conversations

Direct over flight

Double growler direct flyover

"F* YOU!!!!!!**

Insanely loud!!"

F*ING STOP!!!!!!!!!!!!**

Horrible!

I have lost count of the roaring growlers over South Lopez this morning. Very distracting. Pilots need practice flying over Lopez? Pilots just making sure we are outside working? Pilots checking the boats in the bays? What???? 9/15 12:35pm

"I'm ashamed of us!!

Our poor wild creatures have to hide from this terrible sound!"

Is it so urgent that Growlers need to fly over Lopez? Of course, they should not be flying over ANY populated areas. But isn't Lopez a bit off the path? Are they sightseeing? ANOTHER noisy Growler. Sept 15.

Is this noise to distract from EPSTIEN FILES! And false War!

it's 23:22 for f*'s sake!**

Liars.

Roaring low over south Lopez

Sounds like another war is getting set up. ANOTHER GROWLER over S. Lopez. Sept 15. 10:57am

Started about 9 AM and continues about every hour. So loud we can't talk to each other inside home with triple pane windows.

This needs to stop!! Waste of money and extremely disturbing!!!!!!!!!'

Very loud Growler roaring over South Lopez. 9/15.

Disrupted sleep

Over the last 1.5 hours

Horrible noise, hard to concentrate, house in residential Oak Harbor rattling

Verging on extremely loud

Just heard a VERY loud jet go over the house at midnight, which is far too late. It set off all the coyotes as well, and now I'm having to calm down my dogs and try to get back to sleep.

Another beautiful evening disturbed by unnecessary jet noise. As I have PTSD, this creates extreme anxiety. Please stop and quit wasting our taxpayers ' money on unnecessary flights

F*!!!! Way too loud!!! Poor outside creatures! I hate this country!!! War is awful!!**

F*thenavy f***thenavy f***thenavy**

How long is this continuous noise going to go on!!!

I can't believe this is allowed!! And I'm paying for it 😡

"I just returned from a long trip to the doctor in Olympia and am

trying to rest. i am in my beautiful and quiet home in Norland

and all I hear is your jet noise. This is NOT ACCEPTABLE in this

incredible area that I call home "

Jeezus CHRIST!!!!!

Jeezus!!!

Louder than the previous jets that have not stopped for the last couple close to 3 hours.

Navy attacking Mt. Vernon with sonic weapons at 2:35pm. I find it pointless for this reporting tool to support anything other than "Extremely Loud". Relative to every other source of noise, the jets are ALWAYS "Extremely Loud"

Shaking my windows

This is awful!! So F-ING !! LOUD!!

This really hurts. I've got a terrible flu right now and I'm trying to sleep, but the Navy jets over Mt. Vernon just woke me up. I can't put my earplugs in because my head already feels like it's going to explode. Please move to the desert.

WTF!!! It is soooooooo loud!

Eagle Cove

Southend Lopez. This evening the jet noise has rumbled on and on. Not pleasant to be out on our patio. Like background traffic noise. Disturbing and irritating. Sept 16,

The jet noise this afternoon has been a fairly constant rumble throughout. Very annoying. Like a low level headache. South Lopez. 9/16.

Ongoing and disruptive

This is the third day in a row there have been disturbances throughout the day. The mornings are the most annoying. Glasses rattling in the cupboards, window pains vibrating and the entire house shaking. STOP

Constant roar all evening from Growlers flying circles over Whidbey Island

Continuing roaring from Growlers doing loops at OLF Coupeville, been going on for 3 hours

Woke from a sound sleep to roaring jet overhead. Very frightening.

Growlers starting 07:42 this morning. Don't they understand 1) it's too early and 2) no one likes them?

Loud deep threatening long roar from Growler over South Lopez. Still roaring. 1:34pm

Multiple Growlers practicing landings all evening. It's now after 10PM and the noise is extreme.

Screaming loud Growler over South Lopez. 2:45pm. Sept 17. It has been a disturbing, disrupted day of Growler noise. Cannot be outside.

Stop flying so low over the hospital area, going on all day and now when have to get sleep for work flying lower and louder! Stop!!!

Loud jet noises ranging from minor rumble to extremely loud flight noises that made me feel like I needed ear plugs so I didn't get hearing damage.

Growler over South Lopez. Sounds like a train rumbling next to my home. 9/18

Loud Growler roaring over South Lopez. 9/18

More noise in the sky from a Growler. S Lopez It simply is not peaceful here. May as well live next to SeaTac, which in my experience is actually quieter. Growler itself is the problem. Loudest jet ever. Thanks for putting it over this region. NOT!

Time is approximate but watch showed well over 90dB. The loudest I've ever been subjected to

Loud vibrating rumbling coming from Whidbey. Several times. Annoying. 9/18 10:34am

OK. This is getting really annoying. Another rumbling roar from NASWI. 10:35am on Sept 18.

Rumbling roar from Whidbey. Deep rumbling. At first I thought it might be an earthquake, having experienced earthquakes in California. Disconcerting. Why so much noise from so far away? Lopez.

Anacortes ferry dock 9:47am Oct 19. Good grief! Huge rolling thunder from the south…NASWI. The vibrating noise is incredible . Now we are getting more. How does Anacortes live with this???

Rattled windows. F* the Navy.**

South Lopez. Lots of jet noise in the skies this early afternoon. Very loud. It is a nice day and not at all nice to be outside to Growler rumblings.

Long rolling non stop blasts of sound. Actually hurt ears

Growler roaring over South Lopez. Long prolonged roar. Still roaring. GO AWAY! This is not a war zone. 9:56am 10/20

Just went full afterburner over Seabrook

The Navy terrorists are at it again. Multiple flights over Mt. Vernon to make sure they got us all. Cowards.

The Navy's terrorists just performed a major sonic attack on the people of Mt. Vernon. I had to duck and cover (and put in earplugs).

What the Fffff??!!!!!

I have been hearing low rumbling sounds for over an hour today, and on other days recently. It is very disturbing for my dog and for my own

enjoyment of the environment. It is such a nuisance and one of the few drawbacks of living here. Hate it.

There was one earlier this morning, too, but I'm not sure what time.

Since early this morning, Growlers have been creating disturbing conditions with very loud overflights.

90db

A**le Growlers strike again. No one wants you here**

Deafening, too close and too long!

Enormously, painfully, insanely, stupidly loud flyover of the Mt. Vernon area a bit before 4pm. So far it's been going on for a good 5 minutes and will likely go another 5. That's a long time to be jamming your fingers in your ears

F* NAS Whidbey Growlers**

Growlers are overflying, circling in multiple passes. TERRORIZING my young grandchildren!

Haven't you gotten the memo yet that no one likes you?

I don't know what the Navy's doing out there right now, but this reporting tool needs a new level above "Extremely Loud", They've been going for almost 20 minutes at a volume I don't think I've ever heard before.

If I can hear you through headphones, you're too loud. Do better

More irritating Growler roaring from Whidbey. S. Lopez. 10/21

NAS Whidbey is the worst thing to happen to this community

NAS Whidbey. Worst things in WA

S. Lopez. Here we are again, consistent rumbling vibrating roars from NASWI. Engine run-ups? Take-offs? Whatever it is is is irritating & distracting. Here is another one as I write. One right after another. And, what a surprise...another BLAST.

The booming continues. LOUD LOUD bursts of engine noise from Whidbey. It has been almost continuous. S. Lopez.

This is insane. For over 17 minutes, the Navy has been blasting Mt. Vernon with the most impossibly loud noise imaginable. I'm indoors and I can barely hear the person who was just trying to talk to me.

Why are you here? Everyone hates the Growlers

Donald ducks navy. Cartoonist behavior with Lopez flyovers

A**les. DONT FLY LATE**

Award for Whidbey/Skagit goes to NAS Whidbey hands down

Eagle Cove

Had to pause work (currently recording videos, jets are so loud they interfere with recordings) as it seems jets are flying repeating patterns, circling. Unable to proceed with work project of video recording

Literally cant go to sleep because of repeating jet pattern. Flying over head. Had to pause scenes of show earlier because we couldnt hear. It is 9.20pm

7:30! Are you F*ING KIDDING ME!!!!**

F* you!!!!!!!!!!**

Growlers overflying my home and frightening grandchildren. Very high dB.

Jeezus ,,,,,,,,, STOP !!!!!,

JEEZUS!!! SO LOUD!!!!!!

Starting to sound like the Navy's terrorists are planning another full day of pain for the citizens of Mt. Vernon and surrounding areas.

Stay out of Deception Pass

THIS IS INSANE! SO LOUD AND AWFUL!

What idiot had the bright idea to fly a jet after 22:00?

WHAT THE ACTUAL F*!!!!! My whole house is shaking you A****LES!!!!**

Loud and vibrating house floor

Shook the house. Wildly loud, thankfully windows closed

Interrupted work meeting. Couldn't hear participants

Navy terrorists are starting bright and early today. I hear them rumbling off to the East of Mt. Vernon. Thursday was hell. Let's see how awful Friday ends up being.

F*thenavy f***thenavy f***thenavy f***thenavy f***thenavy f***thenavy. F*** your mission, your planes,jets,bombers, your wars, submarines, ships etc. Your fearless alcoholic, idiotic fool of a commander Pete (the dips***) Hegsethis a moron**

Growler after Growler have been overflying our neighborhood at very low altitude creating ear shattering noise. I watched a Growler cross Saratoga Passage this morning stream material from both engines. DUMPING EXCESS FUEL?

Growlers are a**les. Facts**

Growlers: doing more harm to the US public than anything else

Idiot alert

It's almost time for bed! WTF!

Louder than a major thunder clap over my house just now. Startled me. Now it's just the dull roar of the Jets flying in circles on and on. So awful to live with this.

STOP STOP STOP STOP. THIS IS AWFUL.

What do we want? No Growlers!!

WTF!! Contacting government! Killers!

Constant cyclical flying pattern. Dogs unusually on edge because going on for hours. Just nonstop. Flying very high but they are so loud and it is just a constant cycle

South Lopez. 7:59am. Big rumbling roar from NASWI. What a way to start a day! Wartime for Lopez.

South Lopez. 8:01am. ANOTHER huge rumble and shivering roar from Whidbey. Sept 23.

South Lopez. The deep and annoying rumbling jet noise continues. 9:04am. Sept 23.

There are loud vibrating frequencies that are shaking the whole house and are not like regular jets. It's been happening for the last 15 minutes and it's highly irritating

Followup stating that the all day torture of the citizens of Mt. Vernon has continued. It's just non stop.

10 pm on a Thursday evening and we are plagued with intermittent shrieking, screaming navy warcraft overhead. Dangerous airplanes over civilian heads. Sleep, rest, recovery- health- impaired by their presence. Anacortes near the ferry terminal.

Extremely low passes generated rumbling inside house. Duration lasted over 1 hour as they circled flight paths over the farmland both disrupting sleep and interfering with conversations inside the home

Flying low way to low right over. Can't believe it. More of them. This is where people live. More of them counted the just as I reported this

F* NAS Whidbey. No more jets!!!**

F*ing a****les. NO ONE wants Growlers here. The worst**

F*ing lying NAS Whidbey officials. It's embarrassing how unorganized they are- they still can't plan out a schedule. Growlers have been flying since 08:30 and schedule says "evening to night". Sure.**

Growlers SUCK. F* them**

How lucky for us that Growlers fly unscheduled and whenever the hell they want from 07:30 to 23:30? This is hell. F* you NAS Whidbey.**

How to make the public despise a military base (1) fly Growlers (2) fly whenever the f* you want even if you post a schedule**

I'd spend the whole day writing these if I reported every flight today. The Navy's been out tormenting Mt. Vernon all day.

Idiots. Everyone hates the Growlers

In Mt Vernon. Wow. So much jet noise over us. A growler just penetrated our eardrums. As I write this, there is another. How does Mt Vernon put up with this? 9/24

Just when you think NAS Whidbey can't mess things up worse, they do. Such such management.

My house and I are both vibrating from the jets flying over army house.

NAS Whidbey is the WORST

Roaring twice low over south Lopez. Fly over water not people

Several times this morning, this has happened

Shook my house

Shook my house again

Stupid Growlers. No one wants you in WA

Stupid jets. No one wants Growlers around

Stupid NAS Whidbey

The growlers are rumbling my house and my body. I have misophonia and it makes living here hell

The only thing Growlers are good for is disturbing Whidbey island

"This just straight up sucks!!!

I'm leaving wa state!"

Vibrating and rumbling me and my house. It's a horrible feeling.

Why are the Growlers flying low over south Lopez and waking us up?

Wow. NAS Whidbey sucks

WTAF was that?! These Ba**ds have been torturing Mt. Vernon all day and then at 8pm they do one of the loudest sonic attacks I've ever heard. I made a cracking sound in the sky! HOW IS THIS LEGAL?! How can an organization be this cruel?**

9:30pm. S. Lopez. Lots of jet roaring is coming into our home this evening.

disrupts activities

LOUD!!!

Repeatedly shaking home with pattern they are flying today

Shook kitchen

Vibrating floor and house. Repeating tight flight pattern. Windows closed and little difference

Vibrating my house and me in it. My nervous system is shot.

The war continues. All morning after late night runs. This seriously affects our ability to live a healthy life style in the pursuit of happiness...

8:01am. South Lopez. Screaming Growler over us.

A**les. How's it feel that everyone HATES that person scheduling these flights. Idiots**

F* the Growlers**

I'm trying to have a meeting and I can't f'ing hear people because of Navy jets over Mt. Vernon! You a**les can move anywhere you want and take over any airspace you want. Go to the desert!**

It's 00:38. Why the hell are you flying??!

S Lopez. ANOTHER rumbling roar right on the heels of one a minute ago. We are 14 miles away. These growlers are TOO LOUD for this region.

S. Lopez. 9:50am. Pervasive, throbbing, rumbling, loud, house-shaking Growler engine roar from Whidbey. Not sure what: engine run-up or take-off, but the percussive roar hit our home like a ton of bricks.

The Navy have been absolute s*s this week. Yesterday they went ALL DAY and were still doing loud flights around 9:30pm. I wasn't certain, but I think they even woke me up at 2:30am. Today they started at 8:30am. My head is splitting!**

The tyranny of the Growlers starts again. NO ONE WANTS GROWLERS HERE

AGAIN, Another rumbling roar slams our home. Growler engine noise from Whidbey. S. Lopez.

Lopez. South end. Loud jet engine rumbling from Whidbey. The roars are coming one after another now.

Growlers creating noise disturbing rest this evening.

Sure am glad I keep easy-insert earplugs in my pocket. Some extremely loud jets just flew over Mt. Vernon with almost no warning. I had maybe 5 seconds from first rumble to ear-splitting-noise. Dangerous over populated areas.

After 9pm and I can hear and FEEL the low frequency roars from navy war practice- even with headphones it penetrates the body and causes deep disquiet, elevates cortisol and harms American civilians in western WA. Often nightly. Abuse- Anacortes

Creepy and all together extremely disquieting intermittent deep, deep scraping rumble in the skies that penetrates everything. Impossible to ignore, impossible to sleep. Navy war practice over Washington civilians. Anacortes near the ferry landing

Their schedules can't be trusted which leads to even more stress. They were supposed to be done by "night". Here they are again.

Dear Growlers, you suck and I hate you. -Whidbey resident

Don't you realize no one wants or likes Growlers here?

Evil is a word that should be used sparingly. But NAS Whidbey certainly is evil (those in charge). Literally no thought at all given to the people down below who are being impacting negatively health-wise. Evil. Disrespectful.

Extremely loud, and disruptive flight overhead.

F* NAS Whidbey and their Growlers. A****les**

F* THE GROWLERS**

Here's some free wisdom for you— why don't you fly Growlers— I don't know— soon after sunset? Y'all are stupid and disrespectful and the worst— it's 2.5 hours past sunset now.

How are Growlers even legal?

Huh. Starting with Growlers at 07:45 this morning…. And still flying as of 21:51. F* you NAS Whidbey**

If I can hear you over my headphones in my house, you're much too loud. Stupid Growlers

KEEP GROWLERS AWAY FROM OUR PARKS AND DECEPTION PASS

NAS Whidbey is evil. You don't do what you do to your community

NAS Whidbey is THE WORST

NAS Whidbey SUCKS. Worst base ever

NAS Whidbey the base no community member likes

"Night to late night my ass!!! More like all day!!

I can't even imagine what this s* is costing tax payers!!!**

So F*ED!!"**

Terrorists gotta terrorize. Navy's out attacking Mt. Vernon again at 11:45am

THE WORST

"This is such BULLS*!!! These f***ers have been flying since I opened my eyes this morning!**

And it says night to late night on flight schedule???? How about! All F*ING DAY!!"**

Way too f*ing late for Growlers. It's 23:12 in late October. F***ing plan better. Be better.**

What do we despise? Growlers. When do we despise them? Any time they fly

Why are the Growlers flying low over south Lopez when they can fly over water?

You do not fly above our state parks you garbage pieces of metal

Makes it hard to sleep.

F* the Navy. I'm too pissed off right now to write anything else.**

It has been ongoing for the last 10-20 minutes.

Cooking outside but bothered by jet noise

Is anyone else bothered by the disruptive sounds of war jets

On an otherwise peaceful Thursday evening-Violent sounds tearing up the skies here in Anacortes, near the ferry terminal. Unsettling and the antithesis of peace as the navy practices war over civilian heads. Unconscionable.

So loud, non stop!!!! No one can sleep, school and work night. It is like the war is on us.

started approx 1930 & at 2145 they are STILL flying after my bedtime. Need to work in the AM! & disrupted dinner & our evening quiet time!

90dba

And again and again and again. A full morning of sonic bombings from our friendly local Navy terrorist cell.

F* YOU Growlers. The absolute dirt worst**

F*ING a****les. NO ONE wants Growlers here. Plus it's 07:45 on a Monday. NO JETS BEFORE 8am. Have some f***ing courtesy**

And another terrorist attack on Mt. Vernon at 10:18am.

And yet another act of terrorism from our cowardly Navy at 10:55am

Cowardly scum in the Navy seem dead set on proving they're both the most incompetent and evil branch of the military. Constant unnecessary flights over Skagit today.

Deception Pass is ruined by NAS Whidbey. So much for peaceful natural areas

Flew directly over playground at recess. kids covering their ears some kids crying

F* THE GROWLERS 09/29 07:48**

Navy terrorizing Mt. Vernon at 9:53am.

One of the worst Navy days in a while. The Ba**ds have been going all day and they've been particularly loud.**

This is a new record for starting Growlers. 07:32??!

Hard to sleep.

Low and constant rumble all the way down in Freeland. Its almost 8pm. The noise doesn't usually reach down here often… not sure what's going on

Late nights, several days a week, week after week. it really starts to wear on you.

Navy jets flying around making huge rumbling noises over the whole area

After an entire day terrorizing Mt. Vernon on Thu, the Navy's back at it on Friday. So far about 3 loud flights and it's not even noon. If you're outdoors it sounds like a war zone.

Direct FLYOVER what strategic importance is Lopez???

Have to turn up my headphones to hear because of the noise from the growlers.

LOUD!!!
