

EFFECTS of NOISE NOISE NOISE

All comments begin on page 11.

Forks. Still circling but lower and louder. Chest thumping vibrations and roars make unpleasant conditions for sitting on my deck observing nature and the river. Come on Navy, give us a break on Sunday night!

Incredibly loud screaming growler over Anacortes ferry dock. Children next to us are frightened.

Jets are flying directly over Coupeville High School, Whidbey Hospital and neighborhoods. Extremely loud and disruptive. Shaking windows.

Many flights every day. Always 1 or 2, rarely 3. Always flying east over top of our house on Camano Hill. Always extremely loud. I plug my ears if I am outside. The noise tears through my body. It is overwhelming. My heart races.

S. Lopez: 12:17am. Awakened by screaming growler jet overhead. This is abuse.

Live in Port Ludlow and the noise has been much worse than usual lately to the point it's disrupting sleep.

Measured at 192.7 yards altitude with my golfing range finder. It was loud enough that my ears were numb. We both have increased hearing loss from the noise.

Jet Noise Report: June, July, August 2023

Since 2015 an increasing number of jet noise reports are reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This document provides data broken out by reports generated inside San Juan County and outside.

With the addition of 36 more Growlers in 2019, the region has been bombarded. Read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

The War on Sleep...

Jets flying at night all week, starting at 9 pm in half-hour increments until midnight or 12:15am last night. Readings are from 91-120 on the decibel reader. Children have difficulty sleeping.

3 additional flights at 11:20, 11:24, and 11:31 over Dugualla Bay, so low/ loud woke, the entire household from sleep.

Extremely low and loud and late. Woke entire household. Additional disruptive flights at 12:06 and 12:09 am.

You just woke my kid up AGAIN! Twice in one evening. Get out of here! Stop making my kid suffer because you people can't figure out a better place to fly. Get out of our neighborhoods and fly somewhere else!

11:45pm. June 26. S. Lopez. Loud growler jets overhead awakened us. Sounds like more than one. Problems getting back to sleep. What are Navy jets doing flying over Lopez?

We want to go to sleep but the engine noise is continuing and still too loud.

So loud could not sleep. I am 81 years old and sleep is paramount for my health.

Listen to the jet noise that we hear in our region:

<https://sounddefensealliance.org/growler-videos-audio/>

The Navy dismisses noise data:

<https://www.seattletimes.com/opinion/navy-should-use-our-data-on-growler-noise-not-dismiss-it/>

Jet noise raises emotions. If you are in crisis, you can call the National Suicide Prevention Lifeline 24 hours a day, seven days a week, at 988. Press 1 for the Veterans Helpline.

You can also text a crisis counselor by messaging HOME to 741741.

Crisis lines are available for all Washingtonians regardless of insurance status or income level.

Report excessive jet noise:

INSIDE THIS REPORT:

-  **Monthly Comparisons. Total and by Location**
-  **Reports by Type of Noise**
-  **Reports by Day of the Week**
-  **Reports by Time of Day**
-  **Annual Comparisons**
-  **Map of Report Locations**
-  **Comments submitted with each report, revealing human impacts**

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

gis.sanjuanco.com/aircraft-noise-reporting

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County when the person does not provide their location. This artificially has raised the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or other data. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Outside San Juan County

Jet Noise Reports, by Day, by Location, June, July, August, 2023

Note the variation in noise experienced by days and by location. The Navy persists in using “annual noise averaging,” significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

Jet Noise Reported by Time of Day June, July, August 2023 Inside San Juan County

Jet Noise Reported by Time of Day June, July, August 2023 Outside San Juan County

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Note the variation in noise experienced at different times of the day. The Navy persists in using "annual noise averaging," significantly underestimating the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

Jet Noise Reports - Totals - 2015-2022

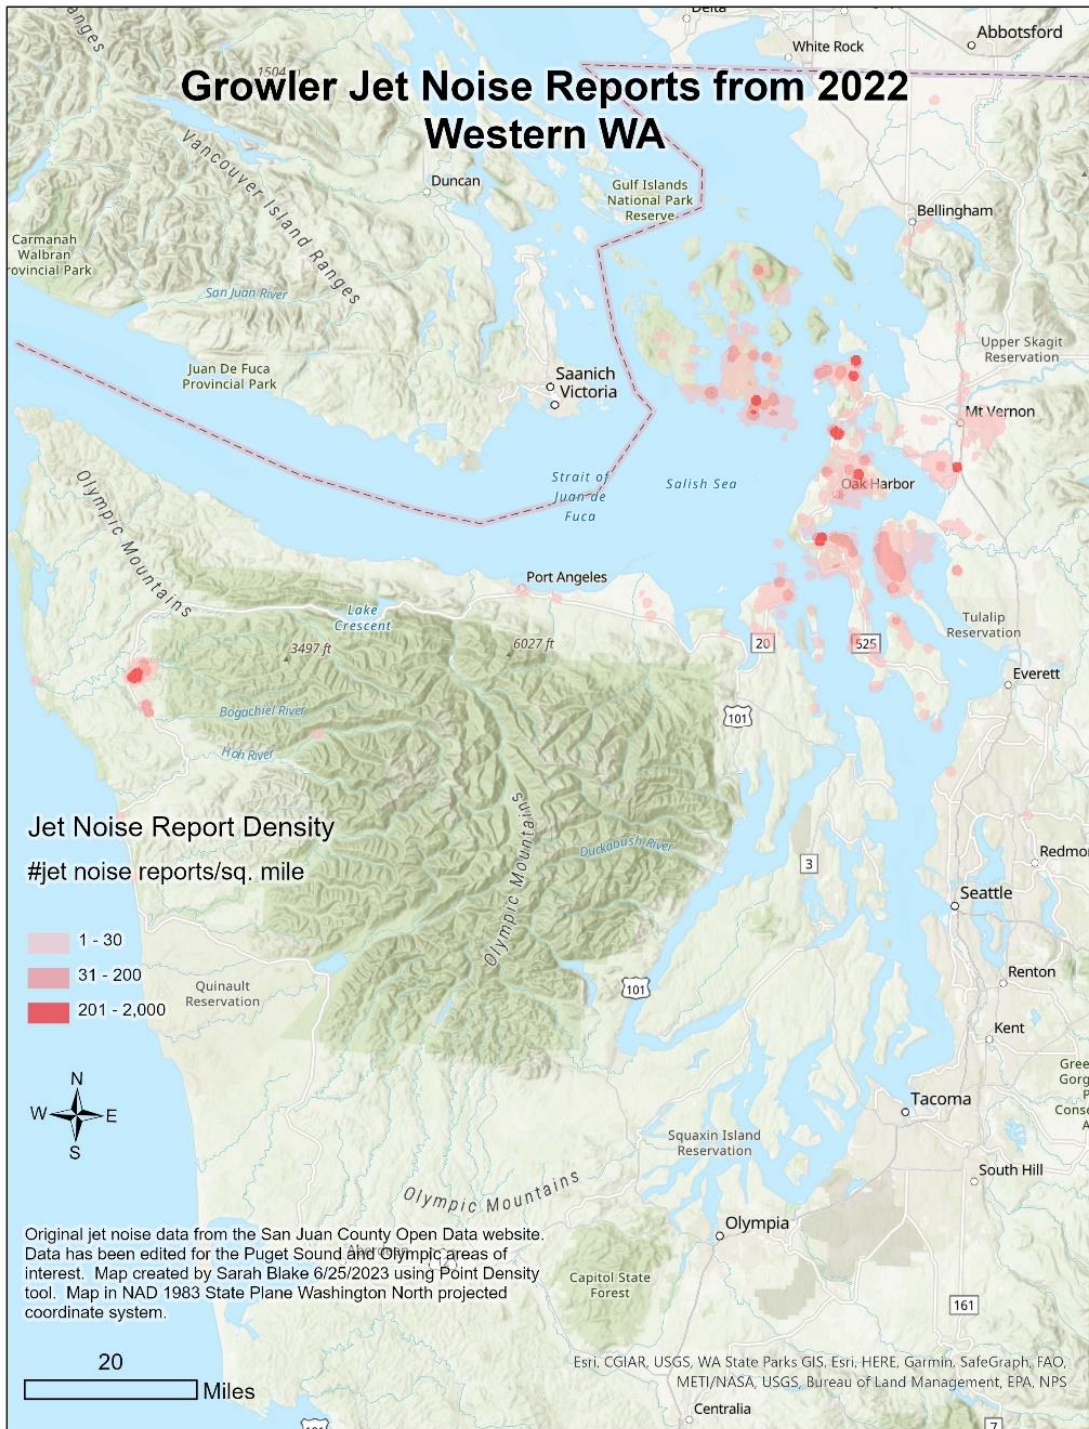

This chart provides some background to the history of noise reporting.

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all noise reports in the database since 2015 through 2022.

Jet Noise Reports by Location, 2019-2022

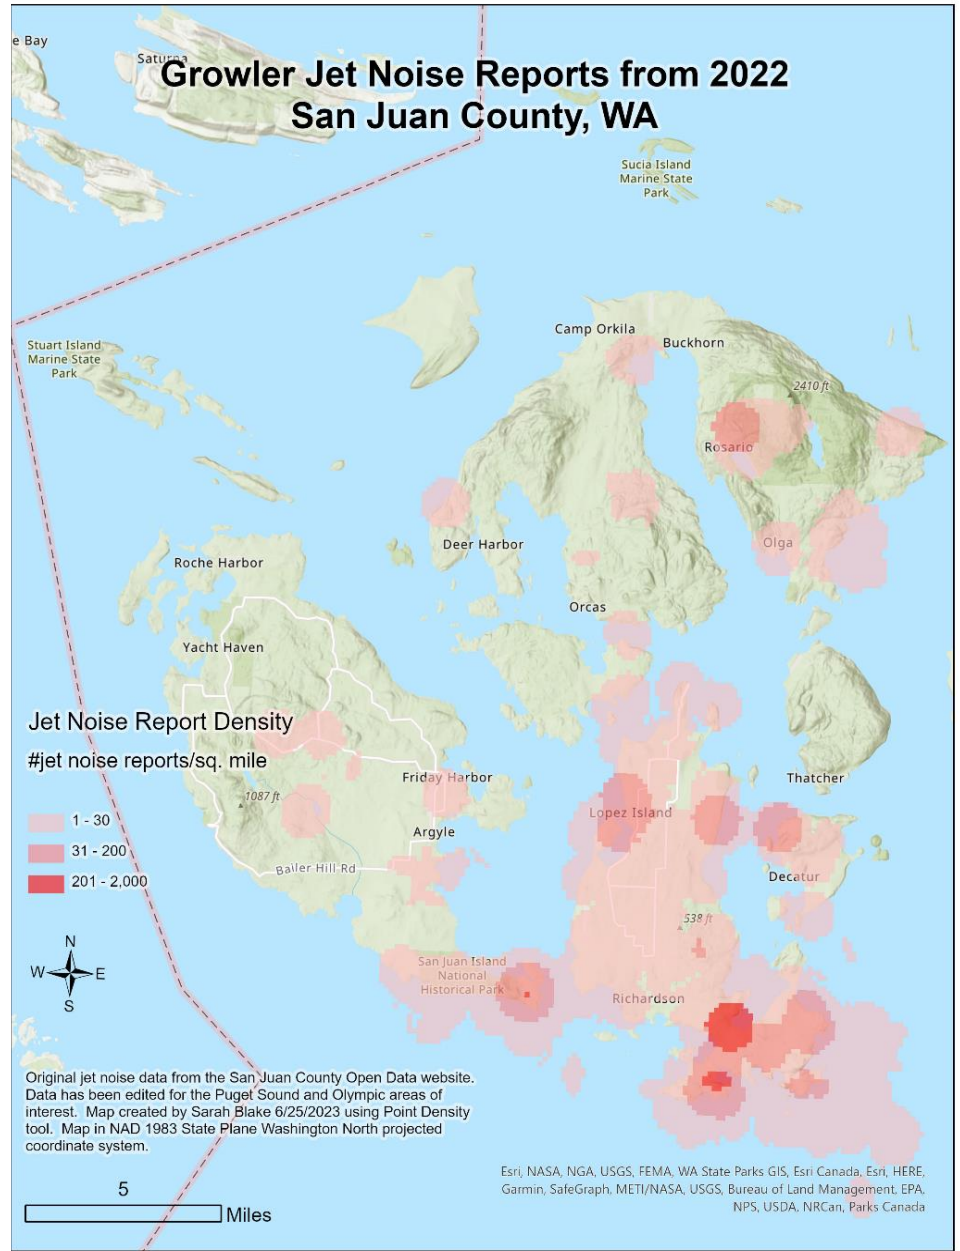

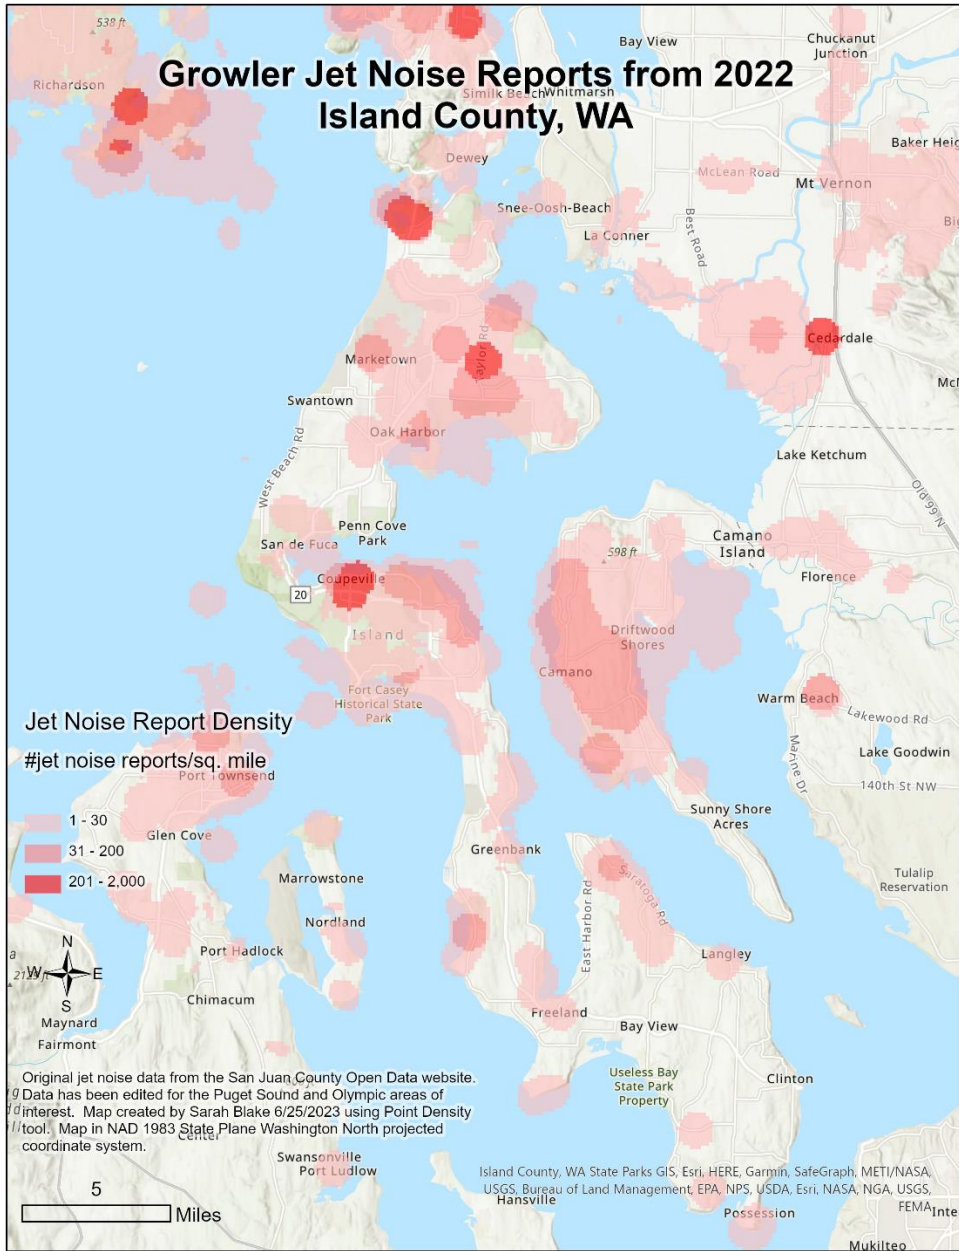

Referred to as a “density map”, this picture, using 15,176 noise reports submitted by users in 2022, offers a view of noise reports in the region.

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson** counties.

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of San Juan County and Island County. These maps are reduced to fit the page.

Comments Submitted with June, July, August 2023 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Searing, tearing, sky ripping shrieks are wrecking what was a peaceful Monday afternoon in Anacortes. This has no business near innocent civilian populations. Navy abuse of Western Washington

Extremely loud over 140. DB

Jets are flying directly over Coupeville High School, Whidbey Hospital and neighborhoods. Extremely loud and disruptive. Shaking windows.

"ALL DAY LONG" !! Overflights, landing practice noise, enormous roaring with each take-off.

"9:45 at night and there have been three flying A**h***s in the last 10 minutes. great. it looks like the third night IN A ROW that it will be impossible to fall asleep due to the flying A**h***s.

A Saturday ! If they fly tomorrow it will have been 8 days straight of flying ! Makes me angry , sad and hopeless!

After 10pm on a work night and they're still at it! WOW enough with the noise torture of the citizens. Why can't the navy be nice to their neighbors. We all live here. Keep it reasonable!!!

Two growlers flew overhead on their approach to NASWI OLF for their touch and go. Overhead they measure at 93..2 db and as they fly around the field they are at times at 83.2 dB with an average of 70.1dB. Too loud for residential communities.

After 9pm and there is horrible deep rumbling thunder, like earthquake noise from the south- shaking my Anacortes home and I KNOW Coupeville is being tortured with screaming Growlers. Navy abuse of civilians continues.

10:30 at night and the Navy is running jets right over our neighborhoods and the noise is echoing off the water. The court found against the Navy---why is this being allowed to continue?

After a long afternoon and evening of relentless landing practice, the Growler noise subsided at roughly 11:30PM, 6/27. Then, suddenly, at 12:30AM 6/28 the Growlers' landing noise resumed, waking my family. Outrageous behavior by the NAVY.

Aircraft was directly overhead which is not on the approved flight paths 14 & 32

Forks Still circling but lower and louder. Chest thumping vibrations and roars make unpleasant conditions for sitting on my deck observing nature and the river. Come on Navy, give us a break on Sunday night!

Purchased a decibel meter off of Amazon to see how loud the jets flying overhead are. At street level on SW H***** Drive in Coupeville the meter maxes out at 130db. Made a noise complaint with NASWI comment line. No investigation or follow up done.

All evening Growlers conducting landing practice and overflying Saratoga Passage. I fear it's going to go on unit MIDNIGHT as has been the case several nights recently. Very disturbing; cannot sleep!

11 pm and they are still at it thundering in the sky- deeply disturbing and I cannot sleep. Awful navy abuse - Anacortes

Are you kidding me?! Continuous flying over residential homes, at 10:00 at night?!? Again, thanks for waking my child up and ruining her sleep AGAIN. Find somewhere else to fly! Stop flying over our homes and ruining my child's sleep!

"Am i supposed to keep my windows closed all summer to try to reduce the noise from these nonstop F***ing planes????????????? Am I supposed to stay inside all summer?????????"

dB 135.4

Sold our home of 20 years on central Whidbey to get away from jet noise. They fly over our new neighborhood occasionally. I still feel anxiety when I hear them. It's triggering and awful. It's horrible what the navy's done to the region.

As feared, the Growlers continued landing simulations past MIDNIGHT, again last evening, 6/22. Overflights began this morning, just after 8AM, landing practice started at 9AM and continues to the present. VERY distressing!

Causing health issues can't sleep they're doing is intentionally because we report

Causing health issues They're gonna kill us, destroying our health and house

Day flights are not on the schedule today and I just jumped out of my chair while working and had to reschedule a patient. We used to have some time between flight weeks to forget about the jets and remember that we like living here but not lately.

Decatur

electronics messing with

S Lopez. I am SO ANGRY. On the phone for a medical appointment & suddenly there is a room-filling ROAR of Growler jet over us and I cannot hear a word. Growlers have NO BUSINESS flying over residences, over Lopez. The roaring is disruptive & LONG.

Extremely loud, low overflights

Flying Every Night this week. Just horrible

Flying low over the top of our house, shrugging sleep and activities messing up our electronics

"four flying A**h***s in 9 minutes.

F*** THE NAVAL AIRBASE"

four minutes since the last naval A**h*** roared overhead

"great. it's 10:35 at night and the flying A**h***s are at it again. are they too dumb or too arrogant to understand that this is a COMMUNITY and they need to act like responsible members of it.

F*** THE NAVAL AIRBASE.

I can't put up with this anymore. blocking my electronics Do not let me report them. We can't sleep it's destroying our house and our homes

I hate the naval air base and its unrelenting noise pollution more and more each day.

I'm trying to sleep and they are flying way too low and it's way too loud. I'm tired of this. Why isn't anything being done

I've had a bad day. All I want to do is go to bed early with a bowl of ice cream to watch some TV. And instead of winding down I have to lay here being acoustically assaulted by the flying A**h***s. Yet again.

it's 11pm. i just took out my earplugs and the jets immediately start again. it's not just the horrible noise, it's the completely unpredictable nature of it.

what is the point of having the freaking published schedule if they just disregard it?????

It's 4pm and the flying A**h***s have been destroying the peace and quiet for the last 2 hrs. Are they planning to keep it up NONSTOP AGAIN for the next 8 hours? B/c the flight schedule they publish is completely fabricated BULLSH** who knows?

It's almost 11:30 and the flying A**h***s are still making it impossible to get any sleep because of their insanely loud jet noise. It also would be nice to be able to leave the windows open or even spend time outside w/o going deaf.

It's almost 11pm. I was just starting to get sleepy again after the last flying A**h*** 45 minutes ago. Looks like it will be another night of waiting until midnight when they finally stop.

It's now 11:37. I've been trying to get to sleep for AN HOUR and the flying A**h***s just keep a**h**ing. So sick of them and their non-stop jet noise. This is beyond ridiculous.

"IT'S NOW 11PM. PEOPLE ARE TRYING TO SLEEP. THE ROARING JETS HAVE BEEN NON.STOP. FOR OVER AN HOUR AND A HALF.

F*** THE NAVAL AIR BASE.

It's past 10 pm. go F*** yourselves you naval air base A**h***s.

It's so awesome to hear three planes roaring overhead within one minute when im trying to sleep.

It's was only 10 seconds since the last A**h*** went roaring overhead.

Jets are flying directly over downtown Coupeville. Incredibly loud and disruptive.

Jets don't care what time it is. In a resort town recency. Quiet hours are posted. No loud noises after 10!

June's over and the Navy's back to torturing Mt. Vernon. I didn't miss "The Sound of Machismo" at all.

kept awake until 130 am by constant jet noise

Kids are kept up due to aircraft noise flying directly over our house in Admiral's Cove. They have school tomorrow and their teachers are disciplining them for not being rested enough for classes.

Last June, the Navy took an unexpected break from terrorizing Mt. Vernon. For the last 11 months, I've been eagerly hoping it would happen again; one month in the whole year when I don't have to wear earplugs. It was not to be and I'm crushed.

F*** THE NAVAL AIRBASE"

forks, wa

Hours of circling - lasts all day."

Last night Growlers flew carrier landing simulations until WELL after midnight! The noise was unbearably loud ... could not sleep! Growlers are at it again tonight! How late I cannot predict! Very disturbing.

Less than 5 minutes since the last one. Is it going to be one of those nights where the flyingn A**h***s are NONSTOP? That's so awesome that's it's right after all the illegal fireworks from last night.

less than one minute since the last one. i hate these navy A**h***s more and more each time.

Messing with their electronics interrupting

military aircraft flew closer to my location than normal flight path

"Monday afternoon in Anacortes and what was previously a lovely afternoon now sounds like war with rumbling grumbling earthquake/explosion sounds are wafting up from the south. Awful disturbance of peace and well-being. Unhealthy for civilians.

More Navy torture in Mt. Vernon. If I filled one of these out every time they shocked and awed us, I'd lose hours a day.

Mt. Vernon. Hating the Navy again. You're not heroes; you're just cruel.

"NINTH ONE IN FOURTEEN MINUTES.

F*** THE NAVAL AIRBASE."

Noisy but not so obnoxious today.

Nonstop noise from the Navy over Mt. Vernon. At least if I'm ever in a war zone I'll be acclimated.

"Now it's 10:50pm. I'm laying in bed trying to get to sleep. Unfortunately the huge ear protection headset I am forced to wear outdoors is too big to wear when I am in bed. What is wrong with these A**h***s?

F*** THE NAVAL AIRBASE."

oak harbor. so freaking sick of listening to these freaking jets.

Of course the flying A**h***s are roaring overhead again, I just got in to bed. Thanks for disrupting my sleep yet again.

Once again hating Tuesdays in Mt. Vernon thanks to the callousness of the Navy.

ongoing. so now we have to listen to this all goddamn day? probably going to go until, what, midnight? a waste of resources and a continual nuisance. feed some kids, house some homeless. what are you doing other than wrecking things?

Out kayaking as the Jets or roar the top tides and sea lions. What a bleeping place to be

Park !

Please let us rest your harming our hearts

Ridiculous that the Growler continues to circle ad nauseum. Campers have quiet hours that start at 10 PM so why is the Navy allowed to circle over and over at 11:15

F*** THE NAVAL AIRBASE."

Sleeping interrupted

"So awesome. it's now 10:42 and the flying A**h***s are still at it.

F*** THE NAVAL AIRBASE."

South Lopez

STARTING after 10:30 pm grumbling, shaking emanating from the South-shaking my home and preventing sleep when I need it. Anacortes near the ferry.

Starving birthday party 🙄

STILL TRYING TO SLEEP

"Still trying to sleep, still being kept up by the naval base noise pollution.

I wish thre navy didn't suck dso bad at their job."

"That was the loudest one so far today. But there are over 8 hours left in the day, there will be dozens more disruptive and destructive jets roaring by in that time and each one could be louder.

F*** THE NAVAL AIRBASE."

"The flying A**h***s are at it again.

F*** THE NAVAL AIRBASE."

"The flying A**h***s are back at it after taking a dinner break. Destroying the peace and quiet during the afternoon today and now the evening. This noise is BY FAR the worst thing about Whidbey Island.

the flying A**h***s are once again creating noise and vibration just as i am trying to go to bed. i cannot express how much i hate them

the flying A**h***s have been at it all day long. maybe they will finish by the time everybody wants to go to sleep but that's highly doubtful. two within the last 90 seconds.

"the flying A**h***s have been overhead CONTINUALLY for 15 minutes.

F*** THE NAVAL AIRBASE"

The jet noise is really getting to be a problem. last night it kept me awake until after 1:30 am. That was June 21,2023. Tonight, June 22, at 9:18 pm it is starting up again.

The second one in 3 minutes.

"There were at least 3 growler incidents.

We could not talk over the growler noise and it caused me to cover my ears instinctively!

These idiots are idiots.

"Third one in five minutes.

F*** THE NAVAL AIRBASE."

Three days this week the flights were extremely loud. But they did not circle incessantly. Thank you for this bit of relative calm

Too loud, too low, too often. Yet another disruption of live in Mt. Vernon. Move to the desert where you won't harm people and wildlife.

Trying to sleep; woke me up

Trying to sleep... woke up

"two more times in 5 minutes

F*** THE NAVAL AIRBASE"

Unable to get to sleep again due to persistent loud jet noise at night!

Unable to sleep to loud, continuous aircraft noise.

Very disruptive

"Watmough Head

We want to go to sleep but the engine noise is continuing and still too loud"

Watmough head. Lopez. Lots of very loud engine noise from several minutes ago ongoing

Watmough head; continuous very loud engine noise from Ault

We can hear jet noise in our home 23 miles away even after closing the windows to dampen the noise. I have lost all hope the navy will do the right thing.

We can't watch TV because Growlers are so loud--all windows are closed. Another night of being held prisoner in our homes.

We need our rest

Woke me up

Wow-- warm summer evening, after 9pm at night, and I can't even wind down due to noise so loud I have to close my windows. Just because it stays light till late doesn't mean the growlers need to be open way beyond business hours. Go to bed!

"Yep. Five minutes after the last flying A**h*** shattered the peace and quiet and here comes the next flying A**h***.

F*** THE NAVAL AIRBASE."

You woke us at MIDNIGHT last night, depriving us of sleep. Now we can't be out gardening on a nice day due to your extreme noise. You poisoned our aquifer. You do not belong in this beautiful place.

disrupting sleep

1:45 pm. S. Lopez. Taking a break, riding our bikes. Stopped to admire the scenery and talk, but the roar of jets from Whidbey was too much. Very unpleasant. Cannot understand why Lopez is a tourist destination. BAD JET NOISE!!!!

10:29am. S. Lopez. Once again. More jet roaring from Whidbey. Very Very loud and Disturbing.

10:31 at night- of course it's Extremely Loud!

10:41am. S Lopez. MORE JET NOISE FROM NASWI. REP LARSEN: What happened to your interest in jet noise mitigation??? Do you really believe this noise belongs in this populated region? Do you really think we can't thrive without these Growlers here?

10pm outrageous noise.

11:03am. July 25. S. Lopez. Jet roaring over us. LOUD.

11:17am. S Lopez. Almost continuous roaring from Whidbey this morning. Very disturbing. Like constant thunder.

11:20 at night!!!! F*** the Navy!

11:20 pm at night, great job up there fellas. Way to win hearts and minds.

11:30 am. Lopez Village. Loud Growler jet over us. Drowns out conversation. What is the purpose of flying over Lopez?

11:30 p.m. No Sleep. Reporting to NYTimes for their nationwide exposure of USN assault upon U. S. citizens, especially harming the elderly and children.

11:40 pm & my Apple watch is alerting me that the sound is over 90 decibels, potentially damaging my hearing by being exposed to this obscene noise. How in the actual F is this allowed in western WA, one of the nanniest of nanny states, in 2023?

11:45pm. June 26. S. Lopez. Loud growler jets overhead awakened us. Sounds like more than one. Problems getting back to sleep. What are Navy jets doing flying over Lopez?

12:17am. S. Lopez. Awakened by screaming growler jet overhead. This is abuse.

1212 am. House shaking.

2 huge military planes flying in tandem and at low altitude, maybe 300-500 ft off the treetops. Near Lords Lake, no reason for them to fly that low over our property. Between the F***ing military & commercial flyover there is no peace in the Olympics

2nd day of flying! A week the Navy says there was not going to be flying! Same as last week! Flying throughout the day and into late night!

2 or 3, so we have battle skied above. It really sucks.

2308-- ANY jets making thunderous noise at this hour is considered Extremely Loud.

3 additional flights at 11:20, 11:24, and 11:31 over Dugalla Bay, so low/loud woke the entire household from sleep.

3rd or 4th rapid sequence flight over Dugalla heights, a residential zone, woke the entire household. Way too late at night to be flying such a loud aircraft over a residential zone. It was almost midnight. Please stop it.

6u-9jnm3iibkhyj5 ypobqi56]v[qio A**h***s

7/27. 12:06pm Jet noise over South Lopez. Deep deep roaring.

9:47 at night. S Lopez. Loud and prolonged jet roaring at night. Just about to go to sleep when the noise invaded me. Made me jumpy because such noise (like a few minutes before) can signal a loud late night. Hard to get sleepy again.

9:50pm. S Lopez. Time to sleep but the growlers are roaring in the skies. Day AND Night the Navy thinks flying over a populated area with the LOUDEST aircraft is acceptable. It is not acceptable. It is abuse.

91db

A few minutes before midnight and these jerks are flying overhead.

A F***ing war zone here

Absolutely no reason to keep the whole neighborhood up with your blasted noise. It's past our bedtime. Keep a reasonable schedule if you must fly.

After kids bedtime

After midnight again, have you no concern for this community? No one in our home can sleep, this noise does not belong here and you know it. WE ALL KNOW IT.

After midnight and still hearing ongoing loud noise from whidbey. Don't know what for sure. Possibly maintenance or touch and go maneuvers. Don't care. It's obnoxious and very late. Just make it stop.

After midnight and they're still roaring above. The excessive noise is not appreciated since I have work early this morning and the jet noise interrupts my spouse's, my kids', and my sleep. Made repeated calls to NASWI comment line with no action.

After midnight. We understand the need to train but the details matter. Why now?

Aircraft noise woke me up

Aircraft noise woke me up and keeping me up

Almost Noon, Lopez Village. ANOTHER Growler roaring over the middle of Lopez. WHY? Disrupts conversation.

Always too loud and always unwelcome.

"Americaaaaaaa, f*ck yeah! Coming again to save the motherf*ckin' day, yeah. America, f*ck yeah!

Freedom is the only way, yeah"

Another day of all day torture. Circling circling circling. Go away to China Lake, Wannabe Top Guns!!

Another night being kept awake due to jet noise. Why can't the Navy build a runway in a remote location to practice night landings?

Another night where no one can sleep, we cannot go outside after work with our pets or children, cannot enjoy our garden or the outdoors and cannot open our windows. Why, why, why?

Another weeknight, work night, after midnight, with screaming war zone sounds overhead. This is not an appropriate location for these activities.

Are you kidding me?!?! Stop flying over our freaking homes and waking our children up at 12:25 in the morning! Stop flying over our homes and find another route!

Around 9:40pm or so. S. Lopez. Loud and prolonged jet roar penetrated our quiet bedroom. Trying to go to sleep. Is this a sign of late night warfare from NASWI? Will it ruin the night (again)?

Brutally

Causing migraines interrupting sleep my health is not well. Please stop.

Circling for over an hour . Varies from disruptive to extreme noise.

Contacting a lawyer!

Crap. Right overhead, blasting away, shaking everything.

Darn war games overhead AGAIN

Dastardly devils. Unmitigated negative impact on our lives. When will you understand and go elsewhere?

Db1444.4

Deafening. Please keep it in your own neighborhood.

Disturbing sleep right over top of our houses so loud can't rest

"Done!!!

Joining the quiet sky's!! And I will help build it!

It's quite obvious this is going nowhere!"

"Downtown Port Townsend extremely loud with Growler traffic in Coupeville

Also military helicopters flying overhead"

Dugualla bay oak harbor.

Ear shattering flyover

Extremely loud flyovers, disrupting work, cannot take the dog outside. Crockett Lake is a wildlife sanctuary! This is not the appropriate place for this training.

Extremely low and loud and late. Woke entire household. Additional disruptive flights at 12:06 and 12:09 am.

extremely low loud and late flights over dugualla bay. Additional disruptive flights @ 11:06 11:07, 11:04 11:20 11:32 and 11:57 pm.

Flying out of our hotel on purpose, torturing us in our homes on the beach between two , lagoons and habitats for wildlife and sea animals

Flying tonight Tonight db 144.4

"FOR OVER AN HOUR THERE HAS BEEN A FLYING AH*** GO ROARING OVERHEAD EVERY 980 SECONDS. IT'S LIKE HAVING A RUNNING LAWNMOVER SITTING OUTSIDE THE WINDOW.**

IT'S 11:09 AT NIGHT.

F* THE NAVAL AIRBASE AND ALL WHO OCCUPY IT"**

"Forks

So loud the house actually shook! Rumble and roar reverberated up and down river, in our heads and chests. Scary and alarming to humans and our dog! And four passes were made, each one slightly less noisy than the first!"

"Forks at 10:13, 10:19, 10:27

Very loud circling, sounding low and like tv bombers. Hard to get to sleep. "

Forks Disrupting outdoor conversations and even hard to carry on inside. Very very loud. Grr Growlers!!

"Forks

5:10, 5:15 and 5:40 pm today low flying Growlers circling over town and the region. Likely seen and heard at Rialto Beach as their circling covers a large area. Annoying to have them at all, but numerous times are worse."

Forks. Circling around again and just as loud as five minutes ago! Such roaring is hard to take, especially inside your own home!

four more flying Ah***s in the last 15 minutes**

Friday morning, Anacortes. Loud jet rumble from Whidbey, then a roar. How do people live in Anacortes with such jet noise?

F* the navy**

F* you, Navy.**

F* you, Whidbey Island Naval Air Base. F*** YOU.**

GET OUT OF OUR NEIGHBORHOOD!!!!!! Stop flying over our houses! It is so disruptive and my child is the one suffering. You guys constantly wake her up it's so loud. Stop doing it, fly somewhere else. Please stop.

Go away!!!! Fly somewhere else in which you won't wake up my poor child. The amount of sleep she misses because you freaking geniuses can't figure out somewhere else to fly is insane. Stop flying over residential neighborhoods! Figure it out!

Interrupted phone call completely.

Is this going to be yet another night when the flying A**h***s go screaming past overhead every 10 minutes until midnight?

IT'S 11:54 AT NIGHT. WTF. TWO JETS JUSTB WENT SCREAMING BY.

GO AWAY!!!! Third time tonight you have caused my child to wake up from sleep. Stop flying over our neighborhoods! Go away please and fly somewhere else!

Go away, you disrupters of the peace.

"Go somewhere else!!!

I know there is another place!

I have read about it!

Stop freaking out my wildlife! War mongers!"

Good thing I was hoping to have jets roaring overhead all night. Who needs to go to sleep before going to work?

Here in Port Townsend the noise from the growlers is overwhelming. More of the same from the the navy , noise pollution,air pollution and general chaos. Water pollution also because the jets dump fuel over the water before they land

Extremely loud, disturbing thing is Iranian evening with airplanes and

Holy motherF***ing Sh**. Less than 2 minutes since the last one. These two went DIRECTLY OVERHEAD, the dishes in the cabinets were rattling. I hate these A**h***s so much.

Horrible Noise!!

Horrible sound. Hurts ears. Everytime! Should not be flying over communities.

Horrible sound. War is in my living room. Every day. Outrageously invasive

Duguala heights

Duguala heights

House vibrating, everyone feeling anxiety and panic. This is way too many nights in a row. One night is too many but this is just cruel. Why do they not have any concern for this residential, agricultural, wildlife sanctuary community? I feel unfree.

How dare you blast away at us so late at night! It's bad enough during the day but this is absurd

"I am concerned for wild life running into fences to get away!!

And the orcas being confused and not finding their pod!

I understand war... but birds are leaving to deal!

Please stop this horrible noise!"

I am trying to sleep and planes sound directly overhead.

I did not see the aircraft, but compared to other fly over, this one seemed particularly close - e.g. lower than usual.

"I wish I could find earplugs that would block the ear shattering noise of the flying A**h***s. But it's sort of pointless when I can't block the vibration.

F*** WHIDBEY NAVAL AIR BASE."

"I'm in Port Townsend it's 12:40 AMt the Growler's are flying out coupeville and it's nothing but put the sound of war.

I'm trying to go to bed and then they start flying really low. It's ridiculous and I'm sick of it

If I put in ear plugs and turn the tv up All The Way it ALMOST drowns out the sound of the flying A**h***s. Of course there is still the disruptive vibration.

Impeding our ability to sleep

Incredibly loud screaming growler over anacortes ferry dock. Children next to us are frightened.

Infecting health and sleep Driving me crazy I don't know how long I can take this navy twitching as for the last four years I can't believe it it's like a nightmare

Inside my house with the windows all closed and I'm still getting a headache from that last jet that flew over Mt. Vernon. Can't you inconsiderate jerks at least fly a little higher?

Intense amounts of noise for the last five minutes in Mt. Vernon. As I'm typing this, I hear another one coming. You're not heroes.

Intensely loud jet flying over Mt. Vernon towards Sedro. My wife was outside gardening. Looked out and saw her drop her tools and plug her ears when the full blast hit us. This amount of noise is not compatible with life.

"Intentionally directing us, scrambling, electronics trying to keep us from reporting

Affecting my health, how long was the ride with this? It's trying to kill us. our homes in our property and the wildlife."

Intentionally torturing us, interrupting sleaze

Interrupting sleep

It feels like the end of the earth ! Horribly reckless !!

IT IS 10:30 AT NIGHT. THERE HAS BEEN EXTREMELY LOUD NONSTOP JET NOISE FOR A SOLID HOUR!!!! WTF.

It is 10pm and you are affecting my sleep

It is 11:45pm or so. S Lopez. Earlier I was startled awake by loud jet noise overhead and now the roaring keeps going. Is it just circling? Are there 2 or 3 growlers overhead. What are they doing flying over Lopez, and at this time? This is abuse.

IT IS 3 FREAKING MINUTES PAST MIDNIGHT IN OAK HARBOR. THEY ARE SUCH A**H***S.

IT IS 6 MINUTES PAST MIDNIGHT. F*** THESE DUDES.

"It is 9:30 and the disturbance is at a high level. I have worked hard for my home

and the environment I live in. You should not be exploiting the environment around

my home with jet noise. I is not a compatible activity and should not occur here!"

"IT IS ELEVEN F***ING FIFTEEN. THE GROUND IS SHAKING, THE DISHES IN MY CABINETS ARE RATTLING.

WHEN ARE THESE FLYING A**H***S GOING TO HAVE SOME COMMON DECENCY AND CONSIDERATION?!?!?!?!?

F*** THE NAVAL AIRBASE."

"IT IS MIDNIGHT!!! WHEN IS THIS NOISE GOING TO STOP???????"

THE NAVAL AIR BASE IS DESTROYING THE QUALITY OF LIFE HERE. PEOPLE NEED SOME PEACE AND QUIET. GO SOMEWHERE APPROPRIATE TO PLAY WITH YOUR PLANES."

"It is time to sleep not listen to the noise from your jets!!!

It is affecting my sleep"

It was very loud at about 8:37 PM and around 8:00 PM. About the loudest we have heard in our location on the east side of Greenbank.

It's 11:30pm! WTF are you doing flying over cities? If the Navy can't figure out how to train without torturing people, they're pathetic and disgusting.

IT'S 12:11. WHAT THE F***.

"it's almost 10pm. for the last 25 minutes, there has been a nonstop roar in the sky from the flying A**h***s.

F*** THE NAVAL AIR BASE"

It's bad tonight.

it's insane to be flying this late. I have work in the morning and cannot sleep.

"IT'S NOW 12:03 AT NIGHT. WHEN ARE THE FLYING A**H***S GOING TO STOP?????"

F*** THE NAVAL AIRBASE"

It's so loud we have to close the windows. It's like a hotbox in our house. We need fresh air and Quiet to sleep.

It's 11:18 PM and these damn fools are shaking our windows. Enough, already.

It's paradise when you're gone and hell when you're here. SHAME!!!!

It's too bad the Navy has such limited resources and insufficient intelligence or they'd be able to find a more appropriate place to train. Given their inability to adapt, I'm worried about their effectiveness in an actual conflict.

Jets flying at night all week, starting at 9 pm in half-hour increments until midnight or 12:15am last night. Readings are from 91-120 on the decibel reader. Children have difficulty sleeping.

Jets: none scheduled. Me: good day to work from home. Jets: just kidding, RAWWWRRRRRRRRRRRRRR

July 25 11:43am. Mud Bay, Lopez. EXCRUCIATING screaming from Growler jet over us. Is it necessary to fly low over people's homes?

July 25. S Lopez. Disturbing swooping jet roar over us. The noise and roar echo everywhere. This is a frightening noise. Since it sounds as if the jet is just swirling above, as if it is out of control.

June 5, 2:21pm. South Lopez. SCREAMING ROARING Growler overhead. There is no purpose for a Growler to be flying over Mud Bay, heading westerly. Deafening, even inside our home.

"JUST STOP!!!!!"

I am paying super high taxes to live here!

I will be seeking an attorney!"

Just stop.

Large military prop planes flying low over Quimper Peninsula

Late runs

"Less than 5 seconds since the last one.

How F***ing dumb are these Naval A**h***s? F*** them and F*** everything about them."

"Less than one second since the last ear splitting plane.

I AM TRYING TO GO TO SLEEP"

"LITERALLY DOZENS OF FLYING A**H***S IN THE LAST HOUR. THERE HAS BEEN LESS THAN FIVE MINUTES WITHOUT THESE F***WADS ROARING OVERHEAD IN A SOLID HOUR.

WHAT THE F*** IS WRONG WITH THESE A**H***S?"

Literally, at the stroke of 10PM the quiet was shattered by an extremely loud overflight of growler aircraft. The intense roar seemed to just hang in the air for a prolonged period, probably several minutes, then faded to the north. Shocking!

Location feature is not working. Port Townsend near Sheridan St

Lopez village. Growler screaming over us. 12:28pm

Lopez. Rattling windows at 10:30 night

Lopez. Shaking windows

Low altitude flyovers of Mt. Vernon at 11pm. Not exactly "hero" behavior, but I suppose that was always merely propaganda.

Low altitude, very noisy, hanging around too long

Low and loud, South Lopez

Low flying growler aircraft disrupting my afternoon

Low flying multiple growlers woke us up

F*** the Navy and F*** their planes."

and so it begins the nightly barrage of jets ..

Another Sunday night !

Another Sunday other than Memorial Day this will be the eighth Sunday in a row

Are these A**h***s going to do this until midnight? AGAIN???

Low over south Lopez

Low over south Lopez

Many flights every day. Always 1 or 2, rarely 3. Always flying east over top of our house on Camano Hill. Always extremely loud. I plug my ears if I am

outside. The noise tears through my body. It is overwhelming. My heart races.

Maybe you should get rid of the slow learners so you don't have to do this so much.

Military growlers from Whidbey Island Naval air Station flying right over Middlepoint Road Quimper Peninsula

Military helicopter gunships flying over Quimper Peninsula middle point area

Monday morning Mt. Vernon Shock-and-Awe citizen torture from the Navy.

Monday morning, hopping on a zoom call and it sounds like I'm taking my meeting from Kandahar. Absolutely ludicrous that this is allowed over our parks and residential neighborhoods anywhere on the planet, let alone Western Washington

More and more. F*** the Naval Air Base.

MORE loud jet noise over South Lopez. June 5.

I feel utterly defeated by the noise pollution you produce. Saps our quality of life daily.

I have to close the windows on a summer night Is there raining so bad I can hardly stand it

More torture from the Navy over Mt. Vernon. Not sure how the Navy commanders are able to rationalize all the poor decisions that went into bringing the Growlers here.

Mt. Vernon. It's impressive when the noise levels are so insane that even deeply inserted earplugs aren't enough. If the Navy weren't being dishonest with the noise models they're using, they'd know they're harming people.

Mud Bay, Lopez. LOUD LOUD LOUD Growler jet overhead. I was backing the car out of the garage and thought something was wrong with the car

with a sound like that. Then realized it was a *&\$#^*()%Growler. TOO LOUD. Disruptive.

Multiple Growlers began cycling through landing simulations, shattering the calm. The noise level has forced me to drop what I was doing in my yard and retreat to my house ... only SLIGHTLY less disturbing!

Multiple low level growler aircraft using the cover of clouds to disrupt my afternoon

Multiple planes right over Lopez.

"My animal (cat) is pissed and so am I !

STOP!"

My clock says 11:26pm. South Lopez. RUDELY AWAKENED by roaring growler jet overhead. The roar is long, long long long. I am fully awakened. This is disruptive, and not good for getting a good sleep after a stressful day.

"My location map is not working

I could be at Middlepoint rd or Anywhere in Port Townsend city limits, all day we are hearing military Aircraft flying out of Air Station Whidbey Island

Then in the evenings coupeville until two in the morning "

My son can't sleep because the jets are flying DIRECTLY over my house at 438 ft. A**h***s.

Navy needs to be held accountable for terrorizing the neighborhood or recording them

"Nice! Dishes rattled in the cupboards again.

F*** you, Naval A**h***s."

Night flying begins! Why do they put out a schedule that is a lie all of the time !!!! You don't just haphazardly decide to fly! It takes a team to get one jet off the ground! I am soooo tired

NNNNNNNNOOOOOOOOOO!!!!

No better time to practice your skills with the loudest jets on earth than 12:04 am over a residential neighborhood on a Tuesday, amirite?

No jets scheduled for this week and this noise is unbelievable. We brought family in for a visit because none were scheduled and now everything is ruined. This is not the right place for these trainings.

"Numerous- have lost count- planes flying over one right after the other. Has been going on now for about an hour.

Makes laconner not a relaxing place to be! Some much louder than others- and so it continues!"

Numerous low level overflights. Extremely LOUD. Noise from Growlers have been audible all day.

oak harbor. i have to get up early to tomorrow to work. when the F*** are these planes going to stop? will it be another night when they go past 12am?

OH MY F***ING GOD. WHAT A**H***S.

Oh no it's begun ! Last night I finally fell asleep at 2:00am only to be awakened at 7:30 am ! Here we go ! I worry for my surgery next week and how the jets are going to impact my healing and ability to rest .

"OIH MY F***ING GOD. IT'S 11:55 AT NIGHT. WHEN ARE THE FLYING A**H***S GOIUNG TO F*** OFF?

F*** THE NAVAL AIRBASE"

on the verge of falling asleep. woken up by these F***ing planes yet again.

our house is vibrating...it is SO loud...the hospital, how can anyone heal with no rest?

Over Camano Island

Overhead. Stop!

Pilots have been flying since about 9:15. They are flying low enough and fast enough to rattle the glass in my windows.

Pissed! Off!

plane flew close to over my house (over Smugglers Cove Road), which it is not supposed to fly here

Please stop flying straight over our houses. I've already got a leak in the house and our house is flooded from around the end of the house and we're sick.

Port Townsend , growler flew over my house near Mountain View police station. F*** the navy!

I know it's probably a lost cause to get the Navy to move somewhere less impactful, but AT LEAST MAINTAIN ALTITUDE INSTEAD OF BUZZING OUR HOUSES!!!! That was the loudest and lowest jet I think I've ever seen. Headaches in Mt. Vernon.

"i was hoping that it would keep raining all day long just so i didn't have to listen to the hated jets. two flyovers in the last three minutes. there were 2 this afternoon that sounded like they were 10 feet off the ground.

Port Townsend again more growler abuse started about 20 minutes ago and will go on until 11 tonight!F*** the navy and their mission

Port Townsend F***ing navy flying past 1047 pm tonight. Debt ceiling deal means we can expect more and worse abuse from the F***ing navy.

Woke me from a sound sleep. So horrendously loud. Jet flying from west to east over top of Camano Hill on Camano Island. Another plane is headed this way I can hear the noise ramping up. So disturbing.

Woke me up. Under cancer treatment drugs and need allot of rest.

Port Townsend, all week long the growlers have flown day and night until midnight! F*** This

Really loud @ 12am. Woke me up out of sleep. This needs to stop.

Repeated loud ROAR overhead. Continues over and over again. What is happening??? This is ridiculous.

"Replace my last entry (Disrupted Activities) with Extremely Loud. Damn it.

Reporting from the war zone

Reporting to wildlife society!

Ridiculous and outrageous. Trying to sleep and this is what we have to contend with.

Riding my bike on Vista Road, South Lopez. June 5. Startled by sudden loud jet roar. Jet screaming just to the south of me. It is not good to be startled while riding a bike! Get these jets out of here!

Right overhead very loud

Roaring overhead, shaking the house and disrupting our entire night. It's way past bedtime.

Running pretty late tonight. Several passes instead of constant looping. I appreciate that.

S Lopez. Screaming and roaring jet disrupts conversation.

S Lopez. Skies continue to roar with jet noise. This is not right for a populated area, as well as one reputed to be a quiet environment for

tourists & residents to enjoy island life. The Navy is good at ignoring the quality of the environment.

Port Townsend near Extremely loud growler noise coming from Whidby Island at 9:31 pm . F***ing Navy sucks , as a neighbor it's like having a hells angels motorcycle club living in your attic

Port Townsend Growlers destroying the peace of a Sunday evening. F*** the navy

S T O P!!!!!!!

S. Lopez. Growler roaring over us. Annoying. Disturbing. Not acceptable.

S. Lopez. June 2. It sounds like war outside. Jets noise around South Lopez is extreme. The skies are full of it this morning. Can't be outside. Makes me nervous, as I have learned to expect sudden screaming jets overhead. A local form of PTSD.

Scum bag Navy torturing people again. Flying around like populated civilian areas are their playground.

"SE Lopez Island. July 4, 2023: In recognition of the 4th of July we were BLASTED by overflights of Growlers - who brought the sounds of war into home. 101.5 decibels

Will we ever learn . . . "

SE Lopez, 5 June 23, 11:20am: 93 decibels - overflight of Growlers. Deafening.

SE Lopez, 6 June 23, 12:46pm: 92 decibels overflight of 2 Growlers. They have the ability to fly quietly - they choose not to do it.

SE Lopez, 6 June 23, 5:54pm: 90.7 decibels - overflight - AGAIN !!! Hideous.

SE Lopez, 7 June 23, 6:15pm: 98.6 decibels, overflight. AGAIN AND AGAIN.

SE Lopez, 8 June 23, 8:44pm: 85.4 decibels, overflight AGAIN AND AGAIN AND AGAIN.

second jet in 10 minutes. vibration felt through the floor and dishes rattled in cabinets.

second one in five minutes. the horrible noise once again disrupted my preparation to go to sleep. thanks for the insomnia and the headache.

Series of growlers flying over the top of Camano Island since 9am. I have counted 8 fly overs so far and it's only 1:30pm. All growler jets headed east. The increase of flights is noticeable and the impact horrendous.

Seriously, please just STFU.

"SEVEN FLYING A**H***S IN 15 MIN UTES.

F*** THE NAVAK AIRBASE"

Shaking house, windows rattling! Full power right overhead! WHY WHY WHY?????

"Shaking our bed and continually

Watmough, Lopez"

Shaking the house on Camano. Thinking about kids in school. Ugh.

So far a full hour of ear-piercing noise. Your base commander is breaking all rules of flight numbers and patterns. STOP!

So loud could not sleep. I am 81 years old and sleep is paramount for my health.

So loud it hurts me ears. I cover them but cannot block out the noise level.

So loud it's anxiety producing, there no escape from it

So loud n

South Lopez. Jets have been roaring around. Noisy skies. Not inclined to sit outside since the noise just drills into my head and makes my heart race.

South Lopez. July 25. The skies are roaring with growler jet noise. Irritating to be outside.

South Lopez. June 5. Loud jet noise in the skies. It breaks the morning. Unpleasant to be outside.

South Lopez. June 5. 9:02am. Loud jet noise. Disturbing.

South Lopez. 2:19pm. Loud Growler roaring overhead. Distracting.

Spectacular, quiet, perfect day, til ruined by the Growlers at 10:35. Hope, the "Top Brass" is enjoying the USN assault upon U.S. citizens.

Still flying at 12:37 a.m. Is there suddenly a threat of an attack by Russia or China that requires the USN to conduct flight training after midnight?

Still in the air at 12.11 a.m. Class action ? NYTimes exposure.

Stop it, we've had enough.

STOP WAKING MY CHILD!!!! Find somewhere else to fly! Stop flying over our homes. There are no flight times posted and yet nothing but loud disruptive noises from you at the most ridiculous hours. Go somewhere else!

"STOP!!!!

I'm exhausted! Own a biz!

Was woken by jets at 11:00 last night!

Just got home.. and again!!"

"STOP!!!!

8:30 to 11:15! Really!

The wild life 🙄

All my windows and doors are shut! My pet is upset! My kids are trying to sleep!

Just 🚫 STOP!"

"Summertime... and the growlers are busy. People are jumpy and the noise level is high. Well your taxpayers aren't rich and your nuisance is growing. So go away, you warmongers, don't you fly.

Sunday before 8 am

Sunday night again !

Thanks for waking my child up at 11:35pm. Fly somewhere else! It's so disrespectful, stop flying over our neighborhoods. Find somewhere else to fly!

"The flight schedule hasn't been updated since July 4th.

Please update so we know when to expect the jets"

The floor is shaking and I can't even hear the TV. Thanks for destroying the quality of life here in Oak Harbor. My hike this afternoon was accompanied by the roar of jets. My dinner was accompanied by the roar of jets. now TV time is destroyed. WTF.

The F***ing growlers are still doing laps around the Olympic peninsula at 1130 pm. This is F***ing criminal behavior the laws around noise disturbances is being broken everyday by these F***ing A**h***s. Our politicians are gutless

The growlers have been flying almost every day here. I did catch them now at 98.2dB and an average as they fly around the field where they touch and go at 78.2dB. Too loud for a community.

The Navy is out torturing people in Mt. Vernon again.

The planes had been circling and loud, but manageable all day, but this specific incident was so loud and rumbling. It was slightly painful to my good ears, and my spouse, with migraine disease was in tears from the pain.

"Are these A**h***s trying to cram all their flights for the day into a single 30 minute period?

People come from around the world to enjoy unique enviro here only to have is RUINED by this intolerable noise pollution.

F* THE NAVAL AIR BASE"**

The sound was so long and so intense, it felt like psychological torture. And it was after 10 pm on a weeknight. We need warnings before this extreme noise so that we can take shelter indoors or avoid the area.

the third one in less than 3 minutes, the loudest one yet. **F*** YOU NAVAL AIR BASE.**

There are only a handful of truly beautiful summer nights each year on Whidbey Island. Let's come together as a community to ensure each one is as polluted by brain-rattling jet noise as can possibly be.

"THERE WAS JUST 10 SECONDS OF SILENCE, THE LONGEST IN OVER AN HOUR. THEN OF COURSE THE FLYING A**H***S START FLYING OVERHEAD NONSTOP AGAIN.

F* THE NAVAL AIRBASE AND EVERY PERSON ON IT"**

They always seem to pick nights during kids' finals at school and first days of school to fly until midnight-1am over Coupeville. That is simply too late. They go in bursts, with 20-30 minutes in between, so you fall asleep, then wake, repeat.

They are flying overhead and are extremely loud 93.8dB. Too loud for exposure to people. We should not be on their first approach.

They're jamming out here electronics trying to keep us from reporting destroying our house and our home and wildlife the environment

Things have been a little better lately with fewer all day events. Thank you. But tonight there is extreme loudness.

This is BEYOND BELIEF. Growlers flew landing practice from sunset until AFTER MIDNIGHT, last night; began AGAIN this a.m. and hasn't stopped. The NAVY Growlers are DESTROYING livability; DESTROYING property values; DESTROYING communities.

This is BS!!

"This is bullSh**!!

I'm trying to run a biz!! Paying taxes!

Small biz owner! I'n port Townsend! Tired of loosing sleep!

It 10:00!!!! WTF!!!"

"This is bullSh**!!!!!!

I own a biz here! Tired of my children and me not sleeping!! It's almost 10:00!! WTF!

STOP!!!!!!"

This is extremely loud and keeping me from healthy sleep. The noise has been going on for more than an hour, during midnight.

This is giving me a headache. Until the noise started, I was having a nice evening.

"This is horrible. I am trying to sleep after a difficult day. Marrowstone is actually vibrating from the strength of the jet. STOP"

"This is the fourth flying A**h*** to roar overhead in one hour and the loudest yet.

Every time I try to kick my caffeine habit, these F***ing jets make my splitting headache worse so I end up back on the caffeine.

F* THE NAVAL AIRBASE"**

This is torture. If I'd known it was going to be this bad, I would have put in triple-pane windows.

This is unreasonable. Flightpath is directly circling super low over a residential neighborhood and wildlife preserve. This is not the right location for this activity. The navy has no regard for our community. This trainings should be moved.

This time of night it is EXTREMELY loud.

This was the loudest of the 7 or 8 flying A**h***s in the last 30 minutes.

"THREE MORE FLYING A**H***S IN THE LAST FIVE MINUTES

F*** THE NAVAL AIRBASE"

Today exemplifies the need to move these planes. The noise is nonstop with no breaks.

Too loud having health issues can't sleep and the baby can't stand it he's crying it's so loud

Torturing us, Gemini devices interrupting sleep, giving us health issues and shaking and rattling our homes

Totally disruptive, no one else can enjoy this beautiful day.

Trying to rest at home after having my hip replace but the jets aren't stopping!

Two growlers passed over my house measuring 97.5 dB. To loud

Unable to go outside, unable to work inside. This is not an appropriate place for these trainings. This is life limiting.

Unbelievable. Each time.

US Navy: making your cities sound like a ShopVac concerto in a tin sewer line. GO AWAY! You can fly over the desert. You don't _have_ to torture people.

It is a warm night and we cannot have our windows open. This has the potential to be unsafe as well as incredibly disturbing and life-altering. We feel like we cannot live our lives.

IT IS MIDNIGHT. JUST STOP ALREADY. WHAT IN THE HELL IS WRONG WITH THESE PEOPLE???

It was a whole 30 seconds since the last insanely loud jet roared overhead. I was getting afraid I would have to listen to hear my ears ringing instead of the jetholes. Thanks for covering up my tinnitus! Pretty soon I will be deaf and it wont matter

very loud flights overhead, this plane setup should not be flown over people you aren't trying to kill or destroy

"Very loud.

Sorry I haven't been able to log many recent Growler noise incidents. The data you are collecting is just a small sub-set of the Growler noise we hear at southend of Lopez Island."

Very low over low south Lopez

Very low over S Lopez

Waked us up. Two low passes south Lopez

War noise over our heads. Horrible.

War planes training over our heads. Unearthly noise. Stop.

Watmough head. Really noisy, continuous

"Watmough lopez

So loud earplugs don't help at all. Constant engine noise from Ault "

Watmough. So loud it is hurting my ears

Way too loud and low flying. I speak for all sensitive beings, not in my sky.

We are visiting Lopez Island on a week long camping trip. 4 separate jets flew directly over Fisherman Bay around 12:30am. They were extremely loud and even shook our travel trailer. I can't believe this is allowed!

We can't sleep getting a migraine, my ears are ringing like a highly keep down my dinner, blood pressure, diabetes, anxiety. Why does the Navy have to torture us

We can't sleep, sit on our decks, eat a meal in peace, open our windows to cool our homes. The Navy treats us as an enemy. What an ugly waste of our tax-payer dollars.

We have had day and very late night Monday through Thurs of extremely loud Growlers, effecting our work outside and our sleep inside. The unreasonable pattern of constant passes over our house is wearing on our nerves. Our dogs are also stressed.

We have high blood pressure and heart Issues affecting our health and reporting it for four years they only dive bomber and will you report where we are terrible Jenavies torturing people why?

We need a rest, making us sick dealing with this

"Who gives a F*** if NATO wants to blow up the whole F***ing world

Night after night it sounds like we have World War III just over the horizon

F;"!k you from Port townsend "

Who is paying for this \$45,000-an-hour noise pollution? Oh. Right. I am.

Why in the F*** do these planes have to be so loud and so low.

Woke my grandchildren

Won't let us sleep

Wow you would think with how high pitch screech that if you looked up into the sky there should be rips and tears !

Xe

Yay. Yet another Navy A**h*** in an insanely loud jet.

Yeah ! Another Friday night 😞

You are damaging people's healthy by not letting them sleep.

You just woke my kid up AGAIN! Twice in one evening. Get out of here! Stop making my kid suffer because you people can't figure out a better place to fly. Get out of our neighborhoods and fly somewhere else!

you missed me, tough guy

plane flew close to over my house (over Smugglers Cove Road), which it is not supposed to fly here

Play your war games in Nevada, dammit

Please stop flying over residential homes! My kid is the one suffering from no sleep because you guys can't figure out another flight path! Stop flying over our homes and go somewhere else!!!

You're breaking the law again flying around our homes about less than 500 feet Releasing the jet fuel, we can't breathe. He can't open her windows. It's summertime. We don't have air-conditioning.

" 🚫 STOP!

My animals are freaked. Out!

I'd love for you to visit my house and listen!!!!"

🚫 STOP! Please!!!!!!

Been hearing it for hours now."

23 miles away from OLF tonight... we know that horrible sound well. Breaking the peace of an otherwise beautiful spring evening. I'll never understand why that level of noise is okay.

Another 16 hr flight day, weeks in a row. I've noticed entire family more frustrated, harder to focus. I have lost work. This is not right. Growlers should not be here!

another one 2 minutes after the last one

another week of listening to you F***nuts all night?

Decatur

Decatur

Family is camping at nearby state park. The constant jets going over this late at night makes it hard to put young kiddos to bed

Flights already most of the day. Expecting another 16hr day if flights. Trying to support the NAVY but the flights are destroying everyday life. Flying in heavy populated areas means we could also be attacked in highly populated areas.

Flights started at 8:40pm. Awesome just in time for bedtime and keep us up half the night. Great way to start a hard work week.

Flying at night for at least an hour

Forks. Again with the night flights :-)

Forks. Growlers high but still distinctly heard for over an hour over Forks. Windows and doors shut. Even with an electric toothbrush Their noise was heard. Not exactly stealthy!

F*** THE NAVAL AIRBASE

F*** you, naval airbase

Growler noise every evening for the past couple weeks. I thought they were supposed to rotate flight paths to minimize impact on any single location.

Have been hearing it for a couple of hours. Heard it last night as well.

I feel sick and so stressed is the only way I can describe the torture from these jets. It's constant.

i hate that the noise ruins any quiet activity here.

I heard another one earlier this afternoon but didn't get to record the time. It was quite loud with vibration.

I literally feel like I am going to go crazy. Nothing works to limit the sound. It penetrates everything. I HATE THEM!!!!!!!!!!!!!!

I wish I could record and attach to this so you could hear how loud these flights are. I'm not even on the island they are flying over.

Interrupted phone call

Jets started again at 9pm. Kids I just put down got back up due to the jet noise. Dog is now pacing around the house and I will probably have to sleep in the basement. They were over Terri's corner, Stanwood and work today. So tired.

Like thunder for over an hour

Midnight and still flying

Note: Yesterday I was in Mount Vernon, WA, outside Skagit Valley Hospital waiting for a friend, around 1:45 pm. A growler passed over so loud that I had to cover my ears.

"ONE MINUTE SINCE THE LAST AIRA**H*** FLEW OVER

F*** THE NAVAL AIRBASE"

Really? This time of night??

S Lopez. Rumbling. Trying to sleep

Seriously?

So loud, no escape and I get started at 9pm. We his is when people go to bed and I get sleep. There is no sleep when they fly.

"TENTH ONE IN FIFTEEN MINUTES.

F*** THE NAVAL AIRBASE."

thanks again for being so obnoxious

thanks for driving down property values

continuing noise pollution from the flying A**h***s.

thanks for the noise pollution

There was one a little after 7 am as well, but I don't remember the exact time.

"it's almost 9pm and there have been sporadic flying A**h***s all day but two just went overhead in less than 5 minutes.

F*** WHIDBEY NAVAL AIRBASE"

It's impossible to sleep with the constant jet noise. Even with windows closed.

It's nighttime when people are sleeping. This needs to stop. I can't relax at all with the rumbling of my house and noise

They have been flying so much. My nerves are raw like if I had a long term sickness and there is no reprieve

Engine noise from Ault, plus vibrations. Very loud and disruptive

every night this week. super loud, super late

Excessively loud, ruining a perfect summer day. Did you ever consider how sound travels over water? They're just flying in circles.

They have flown close every day this week. Today they are so loud that I have two window air conditioners going and I can still hear them. Again, I

am not even on their island. Trying to work from home. So hard with he loud jet noise.

Third hell night of jet noise in a row. The NAVY has betrayed the public here in so many ways. Is there anyone to protect the public from our own NAVY?

This is getting so out of hand. We bought our property in Freeland so we could experience the quiet

Time is approximate.

Time may be off by a few minutes.

Time may be off by a minute or two.

Time may be off by a minute or two.

Time might be off by a couple of minutes.

Trying to play outside on the nice summer day with the grand kids but the jets have been flying sporadically. Makes it miserable to be outside.

yep, yet another one

"just got home from taking care of a sick friend in Bellingham. I need to rest,

only to hear your NOISE. If I had the money to sue you personally for damages I would do sol. "

Enough already!

10am. Mud Bay, Lopez. Deep rumbling and vibrating roar from NASWI. Startled me. I thought something was wrong outside, a big truck in the driveway or something, so I dropped what I was doing and ran outside. WRONG. Navy abuse again.

11:20 at night and there is still deep groaning, scraping rumbling sound from the south, navy warplanes pummeling Coupeville. It vibrates my home in Anacortes. Horrid and abusive

11:38 pm and shaking the house, Thursday night, school night, work night, warm weather where people need to be able to open their windows . . . why?

"2 MINUTES SINCE THE LAST ARA**H*** FLEW OVER

F*** THE NAVAL AIRBASE"

2 very late nights of loud jet noises are not acceptable. Past midnight is just cruel and completely inconsiderate of people who need to work in the morning.

"45 SECONDS SINCE THE LAST ARA**H*** FLEW OVER

F*** THE NAVAL AIRBASE"

Absolut ridiculous noise this morning....woke me up and kept me up until your training was over. THIS IS NEW!

"AGAIN. STILL.

F*** THE NAVAL AIRBASE"

Another Sunday !

Come on it's after midnight. The noise prevents sleep

Decatur

Disruptive jet noise pollution three separate times in 5 minutes

"EIGHTH ONE IN ELEVEN MINUTES.

F*** THE NAVAL AIRBASE."

"FIFTH ONE IN SIX MINUTES.

F*** THE NAVAL AIRBASE."

Flights so load at work. Stops office conversations and phone calls. It rattles inside my head and I can't focus on what I am working on. Customer who moved off Island and South mentioned, "I don't miss that noise.

Flying low over main st and Terry rd. Seeing flying over the high school and the hospital in Coupeville. Windows are vibrating

Went directly over the house. A golfing range finder measured 540 feet altitude.

What a terrible end to a beautiful day. Move them to the east.

What an outrage! Sick and tired of the Navy's toxic noise. They've ruined the north Puget Sound region.

WHAT THE F***.

Forks The roar and sighting of four growlers, three in formation, one nearby. Very loud but due to height, not building shaking loud. First time for me seeing four in the sky near each other instead of chasing.

"Forks and Rialto Beach, ONP

Jets so loud that walking the beach with incoming tide we could hear more jet noise than natural sounds. Not a peaceful experience!"

Forks, Washington. Loud enough to wake the sleeping dog inside the house with the windows closed. I thought we had a weekend free from Jet noise.

"Fourth one in six minutes.

F*** THE NAVAL AIRBASE."

F*** THE NAVAL AIRBASE

"Great. The Naval Airbase Sh**show is starting up again.

F*** THE NAVAL AIRBASE."

Growlers have been flying with distracting and deep vibrations since around 11 am through 1:30 this afternoon!

Engine noise from Ault- rumbling my innards

Every night, this inescapable noise at bedtime. It's unbearable and relentless.

Extremely disruptive to us

Hate when the Navy puts out no FCLPs this week while here at Ault field I am watching and hearing them do it !

Hearing and feeling the rumbling engine run up on south Lopez

I also heard one about an hour ago, but I didn't make a note of the exact time.

I hope the weather is so horrible today that these A**h***s stop with their noise pollution.

"It's 12:30am, literally the MIDDLE OF THE FREAKING NIGHT.

WTF IS WRONG WITH THESE NAVY A**H***S???"

it's so awesome to once again be in bed falling asleep when a jet roars overcerhead. it's going to take me an hour to get sleepy again...unless another jet roars overhead

Just making note, not the first time by far. I report and they get louder.

Last night your growlers kept many Port Townsend people awake very late at night. I'll write to my Congressman to suggest he looks into a reasonable curfew time. This is ridiculous time of night to keep people awake.

"LESS THAN 30 SECONDS SINCE THE LAST AIRA**H***

*** THE NAVAL AIRBASE"

Live in Port Ludlow and the noise has been much worse than usual lately to the point it's disrupting sleep

Low rumble and vibration through our home in Port Ludlow, 22 miles from the OLF. Thanks Navy for destroying our peace, you suck!!!!

Nice! Just about to fall asleep after being woken up 45 minutes ago by the last jet. I hope the next one comes in another 45 minutes so that the day ends just as it started...with the F***ing jet noise polluting the air.

noise polluters are working overtime the last couple days. yay.

"Not even 30 seconds since the last one.

What the F*** is wrong with these Naval Idiots?"

Obnoxious

ONE MINUTE SINCE THE LAST AIRA**H*** FLEW OVER

"ONE MINUTE SINCE THE LAST AIRA**H***

F*** THE NAVAL AIRBASE"

Outside of Forks in a Forest Service area - walking dogs, enjoying nature sounds along the river when passing jet thundered across the peaceful quiet . All conversation had to wait .

Padilla bay reserve. Roaring and rumbling heard all the way here!!!!

Shaking our home the water line leak from refrigerator of our house and now I have mold And head to care of all the flooring and cabinets, because the water line leak in the walls

so f'ing sick of these f'ing planes and their f'ing noise pollution

Subterranean rumble causing a headache

The EA-18 Growlers still on night training.

These A**h***s are still at it. Thanks for making it impossible to enjoy the outdoors or to leave my windows open. True American heroes.

THREE MINUTES SINCE THE LAST AIRA**H*** FLEW OVER

Too low too loud! Fly over the ocean!

"TWELFTH OBE IN SEVENTEEN MINUTES.

F*** THE NAVAL AIRBASE."

We are not used to hearing growlers over the Poulsbo area; this was distinctly a growler jet--low rumble, building to uncomfortable loudness, then fading. They have a signature sound that you can't forget!

We can hear growler noise from OLF all the way in port Ludlow on a perfectly clear and otherwise peaceful evening. I have lost all hope that a resolution will be found to end the Navy's toxic noise pollution. So terribly sad.

When will these A**h***s be kicked out of here and F*** off to somewhere where it's appropriate for this Sh**.

So loud we can't sleep or even watch TV or talk to each other ears are ringing and he's driving

So loud, we can't hear anything or sleep Migraines and raining in Aaron's

Sounds like a growler or two. Clear skies. Came north to south. Very loud. Constant rumble until it went over mountains. Sound lasted two or three minutes. Very disorienting. Had to stop what I was doing.

Will it ever stop ?

"Within last five minutes, T=two more incidents of disruptive noise pollution produced by insanely loud jets.

'Why in the F*** is this allowed? Move this F***ing base to somewhere appropriate."

YAY!!! 2 more planes from the A**h*** Airbase in the last 5 minutes. I hope it continues all night AGAIN, who wants any peace and quiet? It's not like this is a major population center or a place where people try to enjoy nature or anything.

Was outside with an arborist in Mt. Vernon trying to discuss saving a few trees. We had to keep pausing and plugging our ears for minutes at a time when the Navy would attack us.

Family movie night disrupted due to the growler noise to close all the windows in the house and turn up the volume. Some of the family membered decided to watch the movie at a later time/date due to the noise.

A beautiful summer eve. ruined by the extreme Growler noise. Have to close all our windows., though warm. So inappropriate for this region.

The sound is pure hell. At some points my house rattles and I live on Camano. There is no way to be outside on this beautiful summer evening. This is so wrong on so many levels.

Cannot hear TV or fall asleep due to continuous Growler noise.

once again i was laying in bed almost asleep when two jets go roaring overhead within 7b minutes of each other.

The OLF runway is too short to be safe, this noise is insane and disrupts all activities. This is not the right place for these trainings.

i've been bombarded by the deafening roar of these F***ing jets ALL DAY LONG. i just want to go to sleep now but there have been 4 jets in 20 minutes. these jets make oak harbor unliveable.

What makes you think it's okay to keep people awake at this time of night with terrifying war noise?

Incredibly intense, very late at night. Frustrated that I can't sleep.

Location not working. I'm in Port Townsend

"This is unbearable!

The growlers started flying around 7pm. Right over the house for their first approach. They flew until about 11:10 pm. Each time they started a new routine they flew over the house.

Two intensely loud, low altitude, domestic terrorists just flew over my home in Mt. Vernon. Cats are under the bed.

Thanks to the Navy flying over Mt. Vernon today, I can now report that my new custom earplugs are insufficient to make it possible to be outside while the jets are out.

Holy crap, Navy! I you trying to torture people right now or are you just doing it out of callousness and incompetence?

SOB is on full afterburner right over town.

It feels like they are attacking us. It's so loud. Kids had window open then shut it sayin, I hate those jets. I still hear them. The NAVY is not building respect.

Direct fly over. Blasts

S. Lopez 2:25pm. Aug 3. SCREAMING JET over us. Still screaming, now a long roar. Still roaring as it moves away.

S Lopez. Evening of Aug 2 awakened by extremely loud noise from low-flying plane that sounded like the P-?. I don't know exact name of it but it flies over us often & I am familiar with loud slow roar. Could not go back to sleep for quite a while.

"I do hope this is not happening tonight??? I just heard the beginning??

I'm not sure how you can fly during a lawsuit???

This is unbearable!!!"

"You need to STOP!

I am exhausted from last night!"

"STOP!

Our wildlife and sea life are suffering!"

"You are destroying my property value! And my sense of well being!

Extremely loud. Sound like burnouts but with a very loud jet. Unnerving to say the least.

"Ok.. here we go!

"30 SECONDS SINCE THE LAST AIRA**H*** FLEW OVER

I will be speaking to a lawyer about damage to my pet .. and local wildlife.. also doing research on orca whales!"

Waves of low rumbles and vibrations for about half an hour now in Port Ludlow. Ridiculous level of noise coming from OLF Coupeville.

Jeezus!!!

Several more

Unreal, people need to sleep. Flying over a wildlife preserve and a residential neighborhood and tourist area? I feel like I am making statements on repeat. This is not the right place for these activities.

This is oppressive. If the navy's goal is to ruin a rural community and run everyone and all of the wildlife and natural resources out of here . . . Bravo! Great job. You are doing it! This is unsustainable and makes zero sense in this special place.

so sick of listening to the noise from these jets. half a dozen flyovers already this morning. the jets are absolutely the worst thing about living in oak harbor. it's not the tourists or the rain, it's the deafening roar of jets that is the worst.

less than five minutes since the last deafening flyover. floor vibrating again. can't wait to move from here because of these jets.

Planes extremely loud and persistent all day. And our phone and Internet service kept failing shortly after each flight over us.

Loud low flight disrupted sleep woke entire household

Loud low flight over dugualla bay disrupted sleep and woke entire household.

F*** THE NAVY

F*** THESE FLYING A**H***S FROM THE NAVY

Loud low flight over dugualla bay disrupted sleep and woke entire household.

Aug 7. There is constant thunder in the skies. South Lopez. TOO MUCH JET NOISE!!!!

More civilian torture in Mount Vernon. I don't know what they're learning out there except to be callous.

Camano Island...near Triangle Cove.

OUTRAGEOUS ! They BEGAN landing practice at 10:30PM, making sleep nearly impossible. We had hoped that, because the Growlers had not conduct landing practice during most of the day, that by 10:30PM we would have a silent night. NOPE

For the SECOND consecutive night, Growler landing practice began at 10:30PM, after a relatively quiet day. Just SO very stressful, just as one expects to sleep.

Really?

9:54am. Lopez. Doing computer work and distracted by rumbling vibration and jet roar in the skies.

Even with cooking, fans, cleaning and being in the center of house bathroom, the sound of these jets today are ripping through the house. No way we can home school with this noise.

Almost constant low overflights all morning by Growlers.

Growler SCREAMING over Mud Bay, heading southeast, 11:13am, Aug 14. There is no need for a Growler to fly over this area. Startled me. Heart pounds.

It's one thing for the Navy to constantly disrupt activities, but you could make it less impactful by letting us at least PLAN activities around your disruptions. Would it kill you to publish an accurate schedule?

S Lopez. Aug 8, 11:25. ANOTHER LOUD roaring growler over us. Long long long roar.

Low and loud south Lopez

Is that the Sound of Domestic Terrorism I hear over Mt. Vernon?

You monkeys just don't quit, do you? Go fly your egos somewhere else

This one went on longer than usual - several minutes. I also heard two of them between 7:30-8:00 this morning, but don't remember the exact times. They were within about 4 minutes of each other.

Too darn low!!

Measured at 192.7 yards altitude with my golfing range finder. It was loud enough that my ears were numb. We both have increased hearing loss from the noise.

P-8. 482.6 yards altitude.

one of the many Many MANY reasons i hate these F***ing jets is because everytime they fly by, the wifi craps out. i am trying to do an online class and the F***ing jets make it impossible to sit in my own home and use the internet. plus the NOISE!!!!

1:42pm 8/9. South Lopez. ANOTHER \$%^&*&^%\$!!<<>>< Navy jet over south Lopez. Disrupting the peace, except that there has been no peace thanks to the abusive Navy.

Multiple low level growler aircraft with gear down making my afternoon disrupted

Extremely loud, disruptive and deafening flights overhead, multiple passes by these assaults on the senses. Please don't fly these over populated or environmentally sensitive areas.

More domestic terrorism over Mt. Vernon.

Extremely low flying multiple growler aircraft with gear down.

Loud jet over village on Lopez. Interrupts a zoom presentation.

Growler in the area! Rumble rumble. Noise noise.

W. T. F.

Aug 9 6:33pm. so loud we could not hear ourselves talk. Mud Bay . Growlers disrupted us.

STOP FLYING OVER THE NEIGHBORHOODS!!! I'm so tired of you waking my kid up! All you need to do is fly more to the East or West, options! Wow choose one and get away from our homes.

Low over south Lopez

2 planes. Directly overhead.

After enduring many, very loud overflights all morning, the Growlers are conducting landing practice. The noise level is EXTREME and I fear this will go on into the night!

"Please update the flight schedule so we can plan accordingly

Using Forks as a bombing range. Again.

6:31pm. Rumbling roaring jet. South Lopez.

awesome. not even 9:30 in the morning and it's already started. is this going to be another +12 hour day of these A**h***s flying overhead?

There is no peace. They are everywhere.

SoundCloud game my ears are ringing from a couple hours ago

Can't have conversations or watch TV

Take off and landing practice started at 9:20pm. How is this right? Will be sleeping in unfinished basement in a tent. Wish I could attach pics.

Too loud & too much vibration in house to sleep.

"USN Command. Another round of Sound assault directed against US seniors and children residing on San Juan Islands. Maui....another island within territory "protected"

by USN Command....too busy to help ?"

Woke entire household from sleep. Over dugualla heights oak harbor.

Growler overflights all day, landing practice ALL night! Well after 2200 hours and still circling. How can we sleep with this horrific level of noise?

Disrupting sleep

Getting terrible migraines can't sleep

Disrupting, much-needed sleep

Newborn in the house, Damaging eardrums

Newborn baby

Disturbing sleep

Noise is too loud for a newborn baby

There they go again it's been nice the last few weeks, not having them fly over

Lopez Island is not military base. Why do they get to use this as part of their flight path?

Loud low flights over dugualla heights disrupting household sleep. Additional flights at 10:32, 10:39, 10:40, 10:45, 10:46, 10:50, 10:56, and 10:58. These rapid fire flights/ landings are just TOO LOUD to be flying over residences.

Low over south Lopez

Extremely loud can't get to sleep getting migraines and ringing in the ears. My anxiety is high and Salish my blood pressure very bad health issues for us old folks.

We are soooooo tired. The summer is really hard with the jets, they fly so often and so late. This place is home to people, majestic wildlife and tourists. We are not against your need to train, this is just the WRONG place to do it.

Too loud to sleep

Growler landing practice was ongoing all evening and into the night. Extremely loud and stressful. The shattering noise ended just before MIDNIGHT!

South Lopez

Who needs sleep?? I guess the residents of Island County don't at 23:15 at night on a work night... If the noise was coming from my next-door neighbor, I'd call the cops, but since it's the Navy, I'm SOL. Don't abuse the civilian neighbors NASWI!

Woke entire family from sleep flying over dugualla bay. Low, loud frequent. Additional disruptive flights at 11:33, 11:34, 11:36, 11:51 pm.

Woke entire household from sleep, low and loud and over dugualla bay. Additional disruptive flights at 12:30, 12:34.

South Lopez. First the scream of the oncoming growler. Now the long long deep roar. Distracting. Upsetting because I was hoping to sit outside after a morning of computer work. But now I am concerned that there will be more, so I am uncertain.

Lopez village. Loud growler overhead. Blotted out the meeting conversation.

Growlers flying around Quilcene area last night and this morning

This is the 2nd time this week growlers have flown over Lake Whatcom area. It's so distressing.

Beginning just after 9:00AM this morning there has been an almost uninterrupted take-offs and overflights. Horrible noise!!

S Lopez. Growler roaring over us. Jet noise echoes in the skies.

Comment from a friend visiting from out of state: "Holy ****, it's even worse than you described it!" And that was a quiet one. The Navy jets are not compatible with people living here. People were here before the growlers.

F*** THE NAVAL AIRBASE"

Heavy vibrations. Where are the hush houses so we don't have to list to there testing. Multiple times

is this going to be YET ANOTHER day ruined by the constant head splitting noise of the flying A**?

USN Command at it again....spending millions to fund the Puget Sound assault against children and seniors. And ignoring the needs of the survivors of the Lahaina fires.....???

First of the day- shrieking, scraping metallic roaring of navy growler passing, takes minutes for the sound to disappear completely. Anacortes before 9am

S Lopez. Loud growler over South Lopez. Long long roar.

dear flying A**: thanks for again being so loud that it forces me to close the windows on a heat advisory day. hopefully you continue with your insane war monger noise intermittantly all F***ing day to so max heat builds up indoors. hate u much!

So deep and low it is palpable as much as audible- disturbing, penetrating waves of energy with deep deep rumble - that is Growlers pummeling Coupeville, heard from Anacortes near the ferry. Disturbing here, unconscionable there. 10:30 pm, ongoing

Seaplane and other aircraft activity throughout the entire day has been bothersome to our entire household, including pets.

Seems excessively late for exercises. Disrupting sleep.

"SIXTH ONE IN EIGHT MINUTES.

South end Lopez. Jets are rumbling the skies this morning. Thunder in our ears this morning.

vibrating the floor, can't even hear my audiobook.

OMFG JUST STOP ALREADY

MORE!!! Is this one of the many many many days when the flying A** are at it nonstop? My windows have been closed for over an hour due to these asshats. What more can I do other than quit my job and move away from here? I hate them so much.

South Lopez, Aug 16, 11am. LOUD LOUD LOUD LOUD Roar of Growler over us. Drowned out TV.

Hey, is it really necessary to fly over Mt. Vernon homes so low that your pilots could watch my pets running for cover?

Deep scraping rumble- as palpable as audible inside. It is vaguely sickening and it is the distant sounds of US navy Growlers pummeling Coupeville as the do so frequently. I hear this from Anacortes unsettling in south facing bedroom. 9:45pm...

Nonstop growlers for 1.5 hours so far

Crazy rumbling over the straits.

We get home ready to relax, and they go to work. No one blames the pilots it's the whole idea that the Navy feel they have to wreck the quiet skies over a pristine land

so sick of these A** F***ing up my wifi whenever they randomly go roaring overhead. this military base needs to move somewhere appropriate AWAY FROM HERE.

three flying A** in five minutes. words cannot express how much i have grown to hate these arrogant war mongers.

it's been nonstop roaring flying A** for 15 minutes. I HATE THEM SO MUCH.

NOW THE FLOOR IS VIBRATING FROM THE NOISE. OMFG I HATE THESE A** SO MUCH.

IT HASN'T STOPPED FOR OVER 20 MINUTES. UNREMITTING HORRIBLY LOUD DISRUPTIVE NOISE FROM THE FLYING A**.

Loud disruptive rumbles for hours

Loud low flight over dugualla bay disrupted sleep and woke entire household.

Seriously stop flying over the damn neighborhoods! You wake my child up every night with the constant flying over our house. How are you not able

to figure out a different flight path so you can stop ruining people's sleep?!
GO SOMEWHERE ELSE!

IT'S NOT EVEN POSSIBLE TO DROWN OUT THE FLYING A**HOLE NOISE
WHEN I WEAR EARPLUGS AND TURN THE TELEVISION TO 100% VOLUME.
WHEN ARE THESE F***JERS GOING TO STOP?!?!? IT'S BEEN 30 MINUTES OF
NONSTOP NOISE. I HATE THEM SO MUCH.

NONSTOP ROARING JETS FOR FORTY FIVE FREAKING MINUTES. WHY ARE
THEY SUCH ASSSSHOLES.

IT'S BEEN NONSTOP FOR AN HOUR. IT'S 10PM. I HATE THESE FLYING A**.

Dear God could we just have two nights I. A row without flying ! Just
another Sunday ! They have slipped back I to flying six days a week !!!!

Decatur

Disturbing sleep

growlers way out of flight pattern, very low, satanic.

S Lopez. LOUD LOUD LOUD ROARING JET OVER MUD BAY. Could not carry
on a conversation outside. Aug 18 11:34pm. STILL ROARING. STILL
ROARING. I THINK THAT WHEN IT SWINGS TOWARD WHIDBEY SO WE GET
EVEN MORE ROARING. STILL ROARING.

"THIRTY SECONDS SINCE THE LAST AIRA**H*** FLKEW OVER

F*** THE NAVAL AIRBASE"

This growler noise has continued for an hour this afternoon

SOUTHEND LOPEZ. LOUD JET NOISE IN THE SKIES. RUMBLING AND
ROARING, AS IF THERE IS A WAR GOING ON JUST SOUTH OF US.

S. Lopez. Thursday evening. Jet noise from NASWI. It is distant thunder,
and constant. Annoying because it is loud enough that I cannot ignore it as I
try to sleep. It is a warm night and I do not want to close my window.
Disrupting my sleep!!!!

Shook the walls of my house and woke me up! It's getting out of hand here.

As if on cue, around 9:30 pm , right when a rational, healthy individual
would want and need to go to sleep- the nightly terrible deep shaking
thunder, felt/heard all the way in Anacortes, from navy warplanes
pummeling Coupeville.... Terrible

Can't sleep with all this noise

Cannot enjoy our exterior spaces at our house.

The GROWLERS are shaking the afternoon calm with landing practice,
trailing out towards Saratoga Passage. Multiple aircraft looping low over
Whidbey produce an uninterrupted eye-shattering roar.

We thought they don't fly late on Friday...woke our grandchildren from their
nap.

dB 141.8

Continuously loud jet noise. Makes it impossible to enjoy the state park and
beach.

Neighbors have a newborn be subject to kiss loud noise 141.8

D'S 145.0

Filling out this form over and over again, more than a thousand times a
year, is part of the trauma. Each time is a way of re-experiencing the pain,
and a reflection on the hours, days, years of my life that have been
eviscerated by military sadism.

Ears hurt. So loud.

S.Lopez. Growler screaming and roaring over us. A sudden onset of noise,
and a long noisy departure.

After 10 pm -woken up from sleep by deep deep grinding sounds from the
heavens, from the south. The navy devastating the night yet again.
Anacortes hearing insane thunder from Coupeville. I feel my home shudder.

South Lopez. The jet noise from NASWI is so loud tonight, so pervasive, that we cannot even keep our windows open if we want half a chance of sleeping.

This was terrible.

the flying A** have been nonstop noise polluting for a solid hour, it's now almost 11pm. everyone who isn't one of the flying A** is trying to get to sleep so we can go to work in the morning. nonstop roaring and vibration.

I was chased out of my bedroom until after midnight last night (Anacortes near the ferry) and I find I wake up to and am aware of distant thunder of growlers passing by again T 6:15 am. Horrible abuse on health of civilian population.

Drowning out the waves as we try and get some sleep - late night training should not be done where residents have to be kept up at night.

What a bunch of selfish puke bags. Thanks to the way the Navy has been running this program, I've lost all respect for these self righteous fake heroes.

Southend Lopez. Flying LOW and LOUD this morning, we are being pestered by what I believe are the "P" planes. Very unpleasant, and distracting. Their noise is low, slow and ominous, and they seem to be pursuing a circular route. Fly somewhere else!

S Lopez. It has been a morning of rolling thunder from NASWI. Sounds like they are blasting off rockets to the moon. Over and over and over.

S Lopez. Just as I was reporting persistent roaring from Whidbey, we are hit by another roaring growler overhead. Still roaring. Still roaring. Still roaring. The growlers are a menace to folks trying to do work & find times to enjoy the outdoors.

S. Lopez. Aug 22. 1:23pm. We are being bombed. By that I mean there is persistent rumbling & then felt-vibrations from Growler activity. Maybe it

will help to compare it to a train running across your lawn, rumbling, vibrating. Makes me uncomfortable.

You wankers have destroyed what makes this area so beautiful.

Duck and cover

9:48pm. it's so nice of the flying A** to wait until just before everyone wants to go to bed to once again start up with their ear splitting noise. i hope they keep it going constantly for over an hour, just like last night. hate them soooo much

Awful very deep rumbling thunder disturbing sleep (preventing sleep) starting after 10 pm AGAIN- Anacortes. Navy abuse of civilians. It's what they do

Another sleepless night.

Going on for last 10 minutes

Constant rumbling all evening. Can't sleep because of the noise. It's 10:30 pm and people have to work tomorrow!

10:34pm. 45 solid minutes of noise and vibration from the flying A**.

When the cloud cover is thick the

Mt. Vernon. The Navy sucks. Go away.

S Lopez. Aug 23.1:51pm. Jet noise fills the skies. Roaring.

S Lopez. LOUD jet polluting the skies with NOISE and rumble.

Whenever the cloud cover is intense, the jets tend to be much louder- almost as if they're little children with the "I can't see you so you can't hear me" attitude. Bull.

With all the clouds over Mt. Vernon, you'd almost be able to believe that the latest boom was thunder rather than a contemptuous Navy. Almost.

House shakes and so loud you can't hear anything inside with windows closed

Jets starts after 9pm. So tired and have to work tomorrow. How are we supposed to work if we can't sleep because of the jets?

Your noise is affecting my sleep. You should NOT be creating this type of noise at bedtime.

Db 143.

Continuous loud rumbling affecting our sleep. Very disturbing

Db143.1

Continuous rumbling from aircrafts

Ears are ringing,

Really obnoxious this week. Very obnoxious pilot right this minute.

Nasty pilots. Do they really need to harass us meedlessly?

Please go to China Lake!!!

Some people have to work tomorrow. Noise can be heard through closed doors and windows. Please stop.

Extremely loud damaging, no ears interrupt sleep I jog goes into convulsions. NAV needs to be held responsible for their actions terrorizing our neighborhood.

Extremely loud flight overhead, sounded like a growler but can't see it , multiple flights happening please stop attacking us with sound

Just woke us up! Go away!

3 in the pattern over OLF, triple the noise!! It's AWFUL!!

This jet noise is ridiculous! We didn't buy a home next to a military base, but we're being subjected to these loud disturbances even during the night

as we try to sleep. It sounds like an earthquake or loud thunderstorm. This must stop.

Very loud

Our open windows and silence of our bedroom again shattered by the obnoxious Growler engine, SO out of place in this eco-system.

Wow, this is so extra loud. Is this a rookie flying??? They are so much closer to our home than usual. It is always disruptive and stressful but they are extra close right now, cannot let our dog out, sounds like a war zone.

The air quality is already bad enough due to the smoke from the fires... but here come the jets to make it even worse!

What timing. Horrific, loud war noises right at bedtime. Shame!!!

Really awful that Freeland is being impacted as well

I started hearing them about 9:45 pm. How can they be allowed to start noise that's so loud that keeps you up but everyone else has to follow a noise ordinance by 10pm?

Making it hard to get go sleep.

"How is it possible you are flying during lawsuit???"

The noise just woke me!!!!"

250 characters isn't enough to express the exasperation I feel as our quiet island community is tormented by these machines of war. Does anyone truly believe this unbelievably disruptive jet activity is acceptable in a residential community?

My pet just bit me! While I was asleep! Woke up to loud growlers! I now know what upset him!

30 minutes in the pattern Coupeville OLF. 10:15 pm. Horrible noise.

Difficulty sleeping dud to persistent rumbling noise.

We just moved here from Nashville and knew nothing about the jet noise. It is scary because it sounds like a war zone. It is also disruptive to normal activities. I know our pilots need training , but why do they do it at 10:00 at night?

Loud enough to disrupt my sleep

Woke me.

ALL FREAKING DAY THE FLYINGN A** HAVE BEEN THUNDERING OVERHEAD SO CLOSE THAT I CAN READ THE NUMBERS ON THE BOTTOM OF THE PLANES. EAR SHATTERING LOUD, TONS OF VIBRATION. I HATE THEM SOOOOOOOOOO MUCH!!!!!!!!!!!!!!

Huge jet flew low over Port Townsend. Some military aircraft, why fly so low? F*** the navy!

4 Growlers flew right over our house

"First time we experience vibration of the house.

Incredible intensity of noise. A little like Seafair when planes fly over the roof.

How can they make so much noise and cause vibration when we do not even see them!!

Down with Mordor."

"First time we experience vibration of the house.

Incredible intensity of noise. A little like Seafair when planes fly over the roof.

How can they make so much noise and cause vibration when we do not even see them!!

Down with Mordor."

There were 4 of them. It has been so nice and quiet lately. Knew it couldn't last. Bummer

The NAVY must not been informed that it gets darker earlier

9:30 pm and I was awakened by their thundering roars ! Why with it being dark early why are they starting now ! I hate feeling so angry that I want to scream and cry at the same time !

Low flying growler aircraft

Walking our dog at 10:30 pm & the jets were flying, louder than usual, no ear protection. Our dog was visibly frightened, not typical. Later, I heard them even lower & louder around 11 pm, at 122 decibels! from our front steps, horrible!

One after another, Growlers overflying Northwest to Southeast.

Huge Helicopter

Woke us up. Low over south Lopez

Disrupting sleep let our children rest

Disrupts conversation inside my home.

Private Jet leaving Friday Harbor.

Quarter to 10 in the evening, Anacortes. Awful grumbling groaning, creaking skies to the south that mean Coupeville is getting battered, and the deep rumble is disturbing even all the way up here. Appalling abuse of civilians by the Navy.

Really sucks to not be able to sit on your own deck and eat dinner with family because the jets are flying !

Distracting sleep

2 EA18 Growlers in a row. Flying east towards the Cascades over top of Camano Island. Noise is terrible. Why is the Navy training war planes over

civilians. The noise is deafening. We ask for relief from our representatives.
We need your help!

"2 growlers flying approx. South to north. Flying low.
