

Quietskies

Over San Juan County

Update: January, 2018

GROWLER NOISE: This last week we've received a number of emails and calls re: the INTENSE Growler Noise. Next week's schedule for Ault Field, January 8 - 12, indicates a brutal week ahead. (See schedule on page 2.)

PLEASE KEEP ENTERING your noise complaints on the San Juan County Jet Noise website:

sicgis.org/aircraft-noise-reporting/

Problems using the map? Email us - we'll help. The data you enter is sent to legislators monthly. It's important. Thank you!

9,201 noise reports have been entered since May 2014.

ACTION STEPS:

How do you feel about living in a Navy War Training Zone? We are collateral damage for the Growler Mission. Senators Murray and Cantwell and Representative Larsen need to hear your concerns. Senator Cantwell and Representative Larsen are both running for re-election in November. Contact information is on the Quiet Skies website: www.quietskies.info/contacts

LARSEN FUNDRAISER:

U.S. Representative Rick Larsen fundraising visit to ORCAS AND LOPEZ on SATURDAY, JANUARY 20, 2018.

See PAGE 3 for the invitation.

Quiet Skies will send out the 2017 Growler Noise Complaint report before the meeting on the 20th.

⇒ For anyone attending the fundraising events, consider printing out the 2015-2017 report and presenting it to Representative Larsen. It can be found at:

www.quietskies.info/county-website-data-summaries

We all need to keep in mind that the Navy is predicting a 47 percent increase in noise when the 36 additional Growlers are added.

WHAT NEXT?

THIS IS NOT THE TIME TO BE DISCOURAGED.

Regional groups are now meeting with the goal of relocating the Growler Mission and reclaiming our peace and quiet. Check out the December 7, 2017, Growler Update on the Quiet Skies website for details:

- * Contact our legislators
- * Enter Noise Complaints
- * Spread the word to friends and neighbors throughout our region (Pacific Coast to North Cascades) that the noise and impacts will increase unless we speak up.
