

Jet Noise Report: January February 2026

Since 2015 an increasing number of jet noise reports are reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. With the addition of 36 more Growlers in 2019 at Naval Air Station Whidbey Island, the region has been bombarded. This document provides data broken out by reports generated inside San Juan County and outside.

Beginning on page 8 read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

INSIDE THIS REPORT:

- ✚ Monthly Comparisons. Total and by Location
- ✚ Reports by Type of Noise
- ✚ Reports by Time of Day
- ✚ Reports by Day
- ✚ Comments submitted with each report, revealing human impacts

...Roaring...

Roaring from growlers, shaking things in the house. HORRIBLE NOISE

Roaring roaring roaring, much of the day and into the evening. This roaring destroys all peace in the environment. The roaring rattles windows and other things inside the house. THIS IS AWFUL NOISE

9:30 pm and it sounds like a continuous series of earthquakes from the skies- creepy waxing-waning roaring that sometimes is felt as well as heard. So extremely disquieting. Impossible to sleep. West Anacortes . 4th night in a row of disturbances

Probably as a result of what sounded like a launch of a rocket from Cape Canaveral a few minutes ago, we are now getting the noisy Navy's jet roaring over South Lopez. 1/13. 2:41pm

After roaring throughout much of yesterday including into the evening, the roaring has already resumed this morning. The noise is dreadful and disruptive. This horrible noise is unhealthy for all living creatures

Growler jet noise just suddenly "exploded" over our neighborhood, as multiple aircraft appear to be conducting low altitude drills. Growler noise is, unfortunately, NOT unusual here, but this even it is AN EXTREME, STARTLING, UNINTERRUPTED ROARING!

Growler roaring over South Lopez. 7:22pm. So loud it drowned out the TV.

1/7. 12:49pm. Growler screaming over Anacortes ferry dock. Huge roar as it seems to turn, heading SE it seems. The roaring keeps going.

The 2026 January and February noise reports are higher than 2024 and 2025. See Page 4.

Understanding This Report

Listen to the jet noise that we hear in our region:

<https://www.quietskies.info/all-videos>

The Navy dismisses noise data:

https://f4be68e4-2f42-4ce8-b4c0-6fb1e95c8ac6.filesusr.com/ugd/f9226a_2de6debbab2a4dfd822451c6f6a3a75b.pdf

Jet noise raises emotions.

If you are in crisis, you can call the National Suicide Prevention Lifeline 24 hours a day, seven days a week, at 988. Press 1 for the Veterans Helpline.

You can also text a crisis counselor by messaging HOME to 741741.

Crisis lines are available for all Washingtonians regardless of insurance status or income level.

Hints on reporting jet noise:

<https://www.quietskies.info/access-the-county-report-site>

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Comments Submitted with January and February 2026, Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

9:30 pm and it sounds like a continuous series of earthquakes from the skies- creepy waxing-waning roaring that sometimes is felt as well as heard. So extremely disquieting. Impossible to sleep. West Anacortes . 4th night in a row of disturbances

Circled low overhead at least 4 times.

There is an extremely low subsonic sound that I can hear repetitively throughout the day from inside my home on Grover St in Friday Harbor. It's so low pitched that it goes right through multiple rooms.

Another effort at destroying this pastoral setting with Growler jet noise and a spectrum of highly deleterious toxins making this area unfit to live in. On the whole lacking an environmental consciousness.

Another day of the navy being dishonest and flying for hours already (9am to present time of 11:36) when "no flights scheduled". You realize this makes things worse by getting our hopes up right?

Can't even be outside in a state park (one of busiest in WA) due to the noise. It's literally deafening.

Roaring again this morning. The roaring rattles things INSIDE the house. The roaring is painful to our ears. The roaring causes the dogs to cower and hide. The roaring is AWFUL

Growlers going straight east with full throttles right over Shelter Bay and La Conner. take off and landing. It is harassment. Pure and simple. These squadrons need to train out over the deserts and uninhabited land or water.

Yet again ruining Deception Pass park. Flying continuously from 08:00 until current time of 16:30 and will likely continue to fly until 21:00 tonight going by past nights. All while there are "no flight scheduled" for this entire week.

Couldn't hear tv due to jet noise

Can't see them in the clear, blue skies of Forks, but their thundering rocks the town. Again.

The low altitude jet noise has been relentless this morning!

Between 1:30 PM and 2:10 PM today I counted 6 flights that ranged in loudness between 68db and 92 db.

1/8. 5:15pm. LOUD Growler noise just erupted into our home. Drowned out everything. This is home invasion by the Navy. I wish I could see that our legislators are taking some action to help the Navy MITIGATE this noise problem. Move the jets.

Usually noisy. Heavy cloud cover. Could not see plane. Jet was making unusual "backfire" / explosive type noise.

GET YOUR D*** JETS OUT OF LOPEZ ISLAND AIRSPACE!! We NEVER agreed to be military lab rats!!

Jets roaring overhead all morning. Miserable noise.

"90 db

LOUD!!!

After roaring throughout much of yesterday including into the evening, the roaring has already resumed this morning. The noise is dreadful and disruptive. This horrible noise is unhealthy for all living creatures

Same jet, came back with a vengeance.

Again, with the blasted afterburners over our small town. **JUST GO THE F**K AWAY**

This is so frustrating. We should not have to deal with the impact of noise pollution like this

Roaring growler over South Lopez. 10:01am

Growler roaring over South Lopez. 7:22pm. So loud it drowned out the TV.

Growler roaring over South Lopez. HUGE Noise. 5:56pm 1/15

What a bunch of a**holes. They really have to be flying loud for 10+ minutes now after 11pm? Seriously? The disrespect they have for the community is mind blowing.

If ICE wanted to do something useful, they could visit the Navy base and deport all the terrorists. Then there would be no one left to constantly attack our cities with their sonic weapons. Mt. Vernon getting blasted between 10am and 10:30am.

Absurdly loud flight over Mt. Vernon at 4:25pm. I don't understand why the Navy thinks this is ok. Must be psychopaths in charge.

Rattles my windows and load roar. Noise is getting worse here, daily.

Eagle Cove

Why does the navy lie so much?

Jesus, are they testing rocket engines at Whidbey now?!! I'm getting loudest rumbling I've ever heard, literally shaking the building I'm sitting in. Repeated and long! BAD, BAD, BAD!

"Roaring from growlers, shaking things in the house. HORRIBLE NOISE

"Roaring roaring roaring, much of the day and into the evening. This roaring destroys all peace in the environment. The roaring rattles windows and other things inside the house. THIS IS AWFUL NOISE

Been going since 4:30. F***ing military industrial complex! How I hate this.

Multiple vibrations and rumbles - one after another.

Very loud tumble. Louder than they usually are.

Same jet, turned around to piss on our town with another booming, drawn-out, 'f*** you, Forks' pass.

super loud on and off all day

Thursday it began well before 8am, before fully waking i thought there was an earthquake- with a sudden onset deep, deep sound with vibrations. The body perceives a threat. Cortisol rises. Unhealthy. 4th day in a row of this. Anacortes, west end

Here we go again: 4th night in a row, dark and should be peaceful but there is terrible deep thunder echoing in the heavens. After a day of intermittent sustained war practice- here is more. This is abuse of civilians. Anacortes near the ferry.

Very frequent rumbles from the airfield that shake your heart and intestines in your body and the glasses and plates in the house. Very disturbing.

Loud Rumble. Eagle Cove

Very long, loud rumble. Eagle Cove

The ongoing roaring is so horrible that the dogs are hiding under the sofa. How can this level of noise be legal?

I can't read a book in peace.

All morning noise and vibration. When do we get a break?

Annoying medium loud rumble off and on since around 8:00 AM

Had to listen to backhoe digging on Harrington Lagoon for the past several nites and now jets flying out of OLF all week?!?

I work as a remote Ekg at night age can not hear clinical workers when I take their calls when the jets are flying

Once again the Top Gun Dumb and Dummer fights have resumed their outrageous noise, a spectrum of other toxins, like jet exhaust microparticulates, jet fule mist, PFAS fuselage residues, and a destructive level of consciousness affecting all here.

Assholes. Why are they flying over a state campground at night??

1/7. 12:49pm. Growler screaming over Anacortes ferry dock. Huge roar as it seems to turn, heading SE it seems. The roaring keeps going.

Starting off another day of relentless flights though nothing scheduled on posted schedule

Is past 11pm with sunset over 6 hours ago.... What the hell

Roaring low over south Lopez

Mud Bay, Lopez. 1/5. 3:05pm. LOUD ROARING SCREAMING GROWLER flying low over us. Deafening.

Loud Loud jet roaring over South Lopez. 6"02pm

days in a row... we understand the need, but the frequency is a lot...

Is this rumbling going to last all month. It's very irritating.

1/6. LOUD Growler over South Lopez.

Growler jet noise just suddenly "exploded" over our neighborhood, as multiple aircraft appear to be conducting low altitude drills. Growler noise is, unfortunately, NOT unusual here, but this even it is AN EXTREME, STARTLING, UNINTERRUPTED ROARING!

Extremely loud as usual, and only gets worse year after year month after month day after day

Unreal level of noise...constant side just past 4:00pm. Do you think the clouds hide your flight pattern> Chosen for maximum disruption I'm sure. Go away!

Persistent, loud, disruptive, super irritating for the past hour or more

They're now wrecking our Friday nights now. You already take 4.5 days of our week and wreck with jet noise

Why flying over state parks?

It's so interesting that there's more jet noise when "no flights scheduled" by the Navy. Aka they're the literal worst by being disorganized and giving false hope. Some people actually plan their days based on the jets

Couldn't hear the tv over the jet noise

Why are jets flying right above Deception park? I come here for peace

Why does aircraft landing practice require three Growlers to be flying in formation? The Navy doesn't carry at all about reducing noise in the community and in fact hates us.

1/6 INCREDIBLY LOUD ROAR from a Growler over South Lopez. We are inside with the TV on, and conversation, and it is all drowned out. Lucky we are not outside because inside it is deafening.

1/6. ANOTHER LOUD GROWLER OVERHEAD. South Lopez.

So weird I can't hear the person talking to me when "no flights are scheduled" Yet again the Navy showing how unorganized they are

My dishes are rattling in the cupboard

Multiple times yesterday and already twice today we have been affected indoors by very loud and rumbling Growler noise. There seems to be a lot more of it recently. I had given up reporting it, but will try to do so regularly now. It is invasive.

Very low, circling, loud aircraft for at least an hour.

Bliss of holiday quiet is past and it is back to war sounds shattering the peace. Few times since noon shrieking metallic sounds of navy Warcraft, flying low and loud in angry circles close to the earth and to us. Anacortes near the ferry terminal.

Giant sounds of metallic screaming roar out in the mist- for moments drowning out all sounds inside my Anacortes home, some shaking-shuddering thunder as it finally recedes. One EA 18-G does this. 118 live here. Navy abuse of civilians

Time may be off by a minute or so.

It had been pretty quiet over the holidays but yesterday and today they are back at it. On 1/5 I registered a 90db flyover at 11:30 AM and today a 94db at 11:55 AM. This is within 1 block of Anacortes High School. 3 other flyovers today at 1:35-1:40.

extremely loud disruptive flight overhead, why fly these loud acoustic attacks over your own people you are sworn to protect?

Another morning of growler noise.

Screaming low over south Lopez

Second screaming run over south Lopez at 61 dB

2 Growlers roaring over Mud Bay. Just touring? Why? Unfortunately I was outside so my ears were assaulted. Navy is a LOUSY neighbor. Jan 7, 3:45pm

Couldn't hear the tv. F-35 noise

Wednesday morning and it sounds like the world is exploding to the south- from Whidbey. Deep deep thunder-shaking rumble that makes my home and body shudder. Anacortes towards WA park . Horrible sensation, feeling. Ignites reflexes of danger.

Taking my cat to the vet today- he was already very unhappy when growlers flew overhead and made him go even more berserk in his carrier. Not healthy for all creatures trying to live here. Anacortes- navy civilian abuse. A daily thing.

1/7. 11:48am. That is the 4th screaming growler over Anacortes in about as many minutes. This is terrible. Remind me not to be in Anacortes any time soon.

ANOTHER #\$\$%^&^%\$#rumbling vibrating engine roar hits our home on South Lopez. 14 miles away and the Navy invades our home with NOISE and a vibrating home. Angry. 2:16pm. 1/13

1/7 loud growler over Anacortes. Roaring.

Battered in Anacortes. January 7. 1:04pm. The growlers have been constant . Are they going in circles. The noise is incredible, annoying, and headache-producing. Right now, again, the sky is filled with jet noise.

Anacortes 1/7. Sounds like these Growlers are wandering all over the place. The roaring is inSurroundSound. It has been an incredibly noisy day of vicious deafening growler noise 12:55pm.

Another roaring Growler over Anacortes 1/7.

Wow. That Growler was one long wave of thunder. It is cloudy , so the roaring seems to bounce around, pounding us. Anacortes. 1/7. 12:10pm

1/7.. 11:46am. I am just here in Anacortes to do some shopping. The Growlers are ripping up the skies here. How do people put up with this?

Much louder flying , much closer navy war practice early Monday evening, over our homes. Dangerous aircraft, meant for war. Anacortes near the ferry terminal. With over 100 stationed all here- becomes relentless and harmful for us.

Monday- after a blissful nearly quiet weekend. There is terrible thunder distant in the south. Navy war practice over Whidbey. Awful threatening sounds- deep and distant with a little deep shake here only for now. Anacortes near the ferry.

Friday morning it starts right up. Deep shuddering rumbles from the south, from Whidbey. I feel it inside my body. It is deeply disturbing. Low hard flying over oak Harbor- felt in Anacortes towards Washington Park. Military abuse of civilians.

Saw an article about the Navy boss thinking they should go smaller, with more drones. I agree. End the Growler program with the incompetent pilots flying too low and fast over civilian areas and go fly drones in the desert instead.

Growler noise all morning, starting early

Noise started at 8:45 this morning. I've been going off and nonsense.

Super annoying once again. Please, please leave the islands.

Direct flyover, extremely noisy and shaking

"Direct growler flyover

Very disturbing "

Overhead growler circling was what woke us up.

Unnecessary stressor perpetrated by NASWI Growler jet flights

Navy terrorizing Mt. Vernon with an extremely loud attack at 7pm

Jet engine rumbling this morning. Also occurring right now. Thunder-like. S. Lopez, 1:02pm, 1/12.

Could not hear the tv.

Trying to do a remote continuous medical education course from home, but the us navy has other ideas- screaming Warcraft tearing and echoing across the skies in Anacortes. Thankfully not too many this far, but disruptive. Near WA Park. Thursday.

That's loud and I am already hearing impaired

Recorded 13 flyovers today between 10:30 AM to 7:15 PM but there were many others I didn't get a chance to record. Most were in the mid 60's db range but 1 at 12:20 PM was 83 db.

LOUD!!!

Continuing extremely loud jet noise from naswi. Navy neighbors are not good neighbors. F***thenavy

Sounds like the terrorists are back to torment Mt. Vernon some more. It's 11:40am and they just did a painfully loud attack. Maybe they could stop lying about their impact?

12:08pm. S Lopez. Another deep rumbling roar from Whidbey.

Another screaming Navy jet over Mud Bay, Lopez. 2:52pm. 1/13. Glad I was not outside because it was deafening enough inside.

Are these jets by any chance just flying in circles? Seems like we have one screaming jet after another. Can't trust the Navy on their flight patterns because they have shown deliberate incompetence in so many other ways. S. Lopez. 1/13. 2:56pm

12:01pm 1/13. S Lopez. Deep and threatening jet roar from Whidbey.

And....here's another one. Right after all the other jets that are in the jet parade over S. Lopez. Scream, Roar, Scream, Roar. Murray, Larsen, Cantwell: how would you like this noise above your home? 2:57pm, 1/13

ANOTHER loud jet over Mud Bay, Lopez. Home invasion by the Navy. Could not hear a conversation inside my home. 1/13/26. 11:51am. Still roaring at 11:53am.

ANOTHER loud rumble and vibration racket from Whidbey, or is it from Cape Canaveral? Sounds like a rocket launch. S. Lopez. 1/13. 2:32pm

Probably as a result of what sounded like a launch of a rocket from Cape Canaveral a few minutes ago, we are now getting the noisy Navy's jet roaring over South Lopez. 1/13. 2:41pm

Another Navy Noisemaker screaming above us. S. Lopez. 1/13. 2:50pm.

S Lopez. The rumbling vibrations from jet engine activity at Whidbey CONTINUES. Very annoying and distracting. Is it an earthquake? Is it a truck coming up our driveway, Is something exploding nearby? These are the distracting thoughts. It's NASWI.

SCREAMING jet overhead. S. Lopez. Is this the result now of all the rumbling from Whidbey this morning? Annoyed. 11:43am.

These jets are like horses on a horse trail: nose to tail, nose to tail, nose to tail. They just seem to be following each other. One after the other, screaming over S. Lopez, like right at this moment. 3pm. 1/13

11:56am, 1/13. S. Lopez. ANOTHER LOUD GROWLER OVER US. GO AWAY!!!!!!!

After a mostly blissfully quiet weekend- it's Monday and the sinister thunder of navy warplanes is echoing about the heavens. Evil sounds in the way no commercial aircraft could be. Anacortes near the ferry terminal.

Low rumbling and vibrations coming from Whidbey this morning. Latest one is RIGHT NOW. 10:59am. South Lopez. Feels like a distant earthquake.

LOUD!!!

Chain saw?"

"Throughout the morning, very low, deep roaring, the vibration from which is utterly unsettling and even painful. This is DREADFUL noise. This sort of vibration carries into the water affecting marine life as well.

F***thenavy f***thenavy f***thenavy. More noise and disruption from the Navy

FIVE HOURS OF JET NOISE OVER MT. VERNON TODAY!!!!

Navy has been out torturing Mt. Vernon for the last hour (between 2pm and 3:30pm or so). This wouldn't be so horrible if they had the decency to publish a useful flight schedule!

The Navy jets have made me miserable today. From about 2pm through now (5:40pm), there's been a constant barrage of disruptively loud flights over Mt. Vernon. It would have been hard to be outside without earplugs.

11:50am, 1/14. S Lopez. Growlers are roaring around in the skies. Very noisy.

Growler screaming over South Lopez. 1/14 11:3am

I was surprised not to see any notification on the schedule

All. Day. It's been going on all day!!! Im trying to record. These planes need to stop!!!

I can't hear myself think with without being interrupted by those planes. I'm trying to write something and my concentration is broken over and over again. Please understand people are trying to live here.

They need to list the flights. Especially now days.

Unscheduled

Roaring over south Lopez. So much for a nice dinner at home.

ANOTHER Growler roaring over South Lopez. There have been several I have not reported because I am busy! This one is 11:35am.

ANOTHER roaring Growler over South Lopez. 10:04am

As long as we're tossing out accusations of being a "domestic terrorist" for everything we don't like, the Navy's domestic terrorists are attacking Mt. Vernon again at 12:05pm.

Very loud jet noise in the skies. Deep, rumbling, thunderous. S. Lopez. 9:45am. 1/16

ANOTHER rolling rumble and noisy vibrating thunder from Whidbey. 9:03am 1/16

ANOTHER rolling rumble and noisy vibrating thunder from Whidbey. 9:03am 1/16

NASWI is launching its deadly rockets again. Noise and vibration roar heard all the way to my home, 14 miles away. S. Lopez. 9:19am. 1/16

Vibrating loud roar from NASWI. S. Lopez. 9:00am. 1/16

Been lots of flights today

Time may be off by a couple of minutes.

The Navy has been terrorizing Mt. Vernon for most of the day. Every time I pull out my earplugs, I hear jet blasting overhead. This should be illegal over populated areas.

Dreadful roaring and vibration throughout the morning

I'm not enjoying this. I want my peace and quiet. There is no need for these planes to fly here. Please go away!

It's been a particularly awful day with jet noise in Mt. Vernon. They started extra early (around 8am) and have been going close to non-stop all day (it's now 1:30pm). Hard to concentrate and my ears already hurt from earplugs.

I measured 4 flyovers between 12:05 PM and 1:30 PM. Three were in the 62 to 69db range and one at 12:25 was 74db. I have also measured some commercial jets flying overhead and the loudest are in the mid 30's db.

Terrible piercing noise

Waves of roaring thunder, like explosions continue coming from direction of Ault Field. The kind you feel and hear. Hours now, since sunset at least and it's 9:30 pm in winter. Abusive and disruptive. Anacortes near WA Park.

I'm not sure if these planes would wake me up if I were asleep, but once I wake up early in the morning and start hearing them, I don't get back to sleep. I try to, but then I hear another one and I pull out my laptop again to report it. Sigh.

LOUD!!!

Jets have been flying nonstop over Coupeville for hours. Early afternoon, midweek, no work can get done in this environment.

NASWI, continues to destroy the pastoral area near Coupville OLF as if they own the adjoining areas They think we have bought into their destruction and lack of reverence for what is here.

\$64,900,000 per each?

Jan 20, 6:24pm. Just felt and heard a TREMENDOUS jet blast from NASWI. HUGE NOISE. South Lopez.

Whidbey is sending it rumbling and vibrating jet noise to us again. South Lopez. 10am.

Continuously

It is 11 pm. They woke me up from sleep! this is NOT OKAY! Get these planes out of here!!! Get them OUT!!!

Now the Growler jets are flying, which will make for an unpleasant dinner time for us.

Jets flying way too loud disrupting our hike.

94 dB roaring low over Aleck Bay Park, Lopez

multiple times today

SUDDENLY Growers are overflying, making terrifying levels of noise!! No hint they were coming. Just a shocking BLAST of jet engines shattering the day-long calm. Now it's CONSTANT as they practice landing drills. CRIMINAL!!

Navy is back to terrorizing Mt. Vernon (and most of Skagit). It's 11:40am and there have already been multiple extremely loud flights.

Can't even enjoy my favorite park in peace with them right on top of it

Bunch of liars. They fly and terrorize us whenever and never actually use their posted flight schedule

1:42am. S. Lopez. 1/6. Loud growler roaring overhead. S Lopez. This is distracting and interferes with household conversation.

MORE Jet roaring invading our home. SOUTH LOPEZ. Feels like we are being targeted today.1/6

1:19pm. Jan 6. ANOTHER Roaring growler sweeping the sky above South Lopez. VERY LOUD! Interferes with home conversation.

Should be ashamed of themselves. Ridiculous the public has to listen to this.

Ashamed pilots are being trained here to help with Trump's Venezuela mess

Trump puppets. Get out of here.

Mt Vernon. Big noise by Growler overhead. Glad I had a chance to go inside immediately because it hurt my ears.

Time may be off by a few minutes.

"F*** afterburners

Flying closer and lower than usual, extremely loud.

Too Fxxking loud We cannot hear theTV.

Navy's been out using sonic weapons against the citizenry of Mt. Vernon again. Quite a few attacks already this morning. Wish someone with authority had the courage to stand up to them.

The absolute b*****s in the Navy are out terrorizing Mt. Vernon. It's 10:15am and there have already been two or three extremely loud flights. Massive amounts of constant rumble too.

This base sucks.

Huh. No flights scheduled at NAS Whidbey yet they've been out since 07:40. The disrespect of NAS Whidbey is unreal. Doing so much more harm than good

Growlers suck

The growler engine noise and vibrating waves are coming from Whidbey. South Lopez.

Growler noise roaring over South Lopez. 1/23 1:03pm

Crazy loud.

NO WAR ZONE HERE! This is no place to practice. Two jets full throttle, shakes the house windows and mental health.

Had to stop the conversation.

This one really ROARED!!!

Low rumble and ongoing thunderous noise

"EXTREMELY LOUD!!!!!!!!!!!!!!

You a**holes!!"

"How is this even ok???"

Later in the evening, back in my south facing bedroom I can still hear and feel the deep explosive sounds of navy warplanes- still at it over civilian

heads. Shaking like an earthquake. Anacortes near the ferry terminal.
Disturbing deep down.

Just another morning of groaning, grumbling, deep shuddering thunder. It's not "loud" but still oh so disturbing of what should be peace. The sounds are constant and threatening. Anacortes above the ferry terminal. Tuesday

I deserve quiet! I pay my taxes!!! WTF?"

I am tired of my tax dollars being spent and wasted on this crap!

Jeezus!!!! That one just about hit my house!!!! WTF!

"Seriously?????"

It sounds like war out there!"

7pm and the deep shaking roaring from the south (Ault field) continues. So deeply disturbing and stress inducing. Navy war practice over the heads of civilians for hours on end. Anacortes near Washington Park.

"Wednesday- third night in a row of creepy shuddering thunder in the skies from navy war practice over civilian heads. West Anacortes

"Shame on you!!

I live in a million dollar house! And I have to listen to this s***!!!!!"

"This is absolute bulls***!!!!

STOP!"

THIS IS BULL****!!!

"This is just so wrong!!

Off and on war noises from some of the loudest jets in the world, now nearly 9pm and the sickening shuddering low thunder continues - pierced by a shrieking, ear shattering overflight just now. Navy abuse of Anacortes citizens near WA Park.

Mid day on a Thursday, 4th day in a row of shaking, shuddering, waxing waning deep thunder from navy war practice. It is so deeply disquieting. Not once did this happen with the prowlers. Harming WA civilians. Anacortes, near ferry terminal

Animals , children?? Is idiot Trump making a union statement!!! What a joke!"

"This is soooo bad!

My blood pressure is way up! This is a health hazzerd!

Contacting everyone to go after this!"

Unbelievable!!! Terror in the sky!!

"What the hell does evening mean???"

Flight schedule has no time frame!!! Just evening!"

Cannot hear a TV Soyummy cooking program.

Sure hope these jets stop flying over Mt. Vernon in an hour or so or I'm going to have to cancel an interview on account of NOT BEING ABLE TO HEAR THE CANDIDATE

Well, we were lied to again. Flying on a Saturday. Now we have zero days of peace.

So loud that it is felt throughout my body. There is no rest. Kids have school and I have work. This is no way to live.

NAS Whidbey is the WORST

This is so loud!!!!

F***thenavy

F***thenavy

86.8dB approx 5 pm apparently ignored by our Gov. , preparing for disallowing ICE on the streets of Washington, and the same Gov who dropped the case against the USN to the detriment of thousands of Puget Sound residents and endangered species .

F***thenavy

Loud enough to be disruptive. This has no place in the Salish Sea Puget Sound region.

Very loud!!!!!!!!!!

To whoever okayed the expansion of the Growler program.... F*** you

Unscheduled

The Navy's terrorists are out terrorizing Mt. Vernon. Been a few loud and disruptive flights so far today, starting around 10am.

Worst community members ever. They hate this community.

Growlers have ruined Whidbey island. Period. It's crazy how lawmakers do nothing when they're clearly harming the public.

I thought state parks were supposed to be peaceful? Deception pass used to be my favorite but way too loud and stressful now with jets flying constantly

Growlers: Get the f*** out of our community!

GROWLERS ARE THE WORST SHAME ON NAVY

Windows in whole house rattling and vibrating, almost like an earthquake happening. And LOUD!

The windows are rattling, things on shelves are shaking, our ears hurt. Horrible noise. It's insane to allow this level of noise and disturbance

Rumble of growlers every 20-30 minutes or so. An estimate 5 so far this evening. And I'm hearing another now,.....

Multiple passes destroying the peace of this place.

Very loud. More than usual.

Growlers looping landing practice extremely loud

It's late and a school night. Loud jets and hard to do homework and settle down to get to sleep.

"I haven't been reporting daily. But the jets arrived about 9 AM every weekday. This has been continuing for over a month.

Fortunately for us out here, they are usually just flying over and not doing the endless circling."

Navy out terrorizing Mt. Vernon with very loud flights for the last 20 minutes.

8:15am is pretty early to be out terrorizing people, but the Navy has a duty to be as incompetent and rotten as possible.

Growlers yet again ruining a perfectly beautiful day. F them and F NAS Whidbey

Disgraceful. No consideration for this community. Started flying 8am and still flying this PM. WA IS NOT A WARZONE

73 dB. Roaring low over south Lopez

very loud

"This was EXTREME!!! LIKE THE LOUDEST THUNDER ONE COULD IMAGINE

CRACKING RIGHT OVER THE TOP,OF OUR HOME ON THE SOUTH END OF LOPEZ ISLAND! "

Eagle Cove

Loud rumble. Eagle cove

Very loud with rumble! Eagle Cove

It's nearly 10pm and another burst of roaring just erupted from the heavens. Dreadful sounds of warplanes and war practice- over the heads of civilians at all hours. North-west Fidalgo island. Anacortes. Abuse

There was a little break for "sailor dinner time," but now it is back to sinister roaring from the southern skies. Awful and stressful when it's days on end- leads to unhealthy cortisol. Navy abuse of civilians. Anacortes near ferry terminal.

Early evening flyover, too loud to hear Tv inside, disturbed my pets. Thunder echo for minutes. Disgusting. Abuse of civilians by navy practicing war over our heads. Anacortes, west Fidalgo

I was about to go outside and plant some daffodil bulbs, but navy war practice just fired up again and it sounds like distant explosions and thunderous threat reverberating from Ault Field. Horrid. Anacortes, west end.

Creepy sickening thunder is roiling the sky, sounds like the world is ending nearby. Horrid navy practice for war. Almost 10pm now- off and on all day. Anacortes near the ferry terminal

A lot of war practice going on today, over the heads of tens of thousands of WA civilians, unsafe and harmful to health. Belongs away from populations. Far too much for one place. Anacortes above ferry terminal

"Horrible roaring roaring roaring throughout the day.

It is insane to allow this level of noise!"

Shook the house foundation and windows

CONSTANT Growler roar all morning! Very disturbing.

The Navy just attacked Mt. Vernon again at 11:10am.

Could not carry on a conversation

Loud and low- unsafe early evening overflight with minutes of echoing thunder. Scared my pets. Couldn't hear my friends in my own home. Anacortes

Hours and hours of threatening sinister thunder after dark. Time for rest and recovery for another day but this does not allow it. 3rd night in a row, but this is the latest- ner 10 pm. Unhealthy. Anacortes near the ferry terminal.

Stress Disturbs healthy rest and recovery from the day. This is unhealthy"

Just back to Anacortes from errands in Bellingham- where it does not sound like constant war, and there in my driveway is again otherworldly thunder, shaking my bones. Otherworldly like apocalypse - bad things vibe. At my home. Collateral damage.

83db. Indoors

Extremely loud flight over Mt. Vernon around 6:10pm. Enormous initial blast and then lingering loud rumble that seemed to go on for many minutes. Ear splitting.

Trump cronies

Such dishonesty and disrespect. If you post a "schedule" stick to it. You've been flying since 9am today.

Bunch of liars. Flying all day when posted "schedule" states no flights. Utterly unprofessional

The Navy has utterly harmed this community going against their entire purpose to serve and protect

Ashamed to be an American with this base nearby. Pure dishonesty and inconsideration.

one of multiple times in middle of night

An hour past sunset and still echoing roaring, shaking, shuddering thunder from the sky. It permeates everything . The sounds of war do not belong over civilian heads. Anacortes near Washington Park.

Constant jet noise all day long. I wasn't able to use my db meter until about 3:30 PM. I recorded 9 close flyovers between 3:30 PM and 9:35 PM all with readings between 60-72 db.

Two Growlers flew over. The second one was at 12:15. Both were low and really loud.

Trying to do some work in the south facing side of my house and it sounds like the world is ending on Whidbey. Utterly disquieting sounds of navy war practice over civilian heads. 5th day in a row. West Anacortes near the ferry.

Continuous low flying planes over my home. Not Growlers. Probably Cargo Planes. Loud! Very annoying disturbances!

Spared until 11am, Friday after a full week of hard navy war practice over civilian heads, now sounds like a giant explosion from the south- just your everyday growler noise pollution. Deeply shuddering my home. Anacortes near the ferry terminal.
