

Jet Noise Report: March, April, May 2026

Since 2015 we have been tracking jet noise reports reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. With the addition of 36 more Growlers in 2019 at Naval Air Station Whidbey Island, the region has been bombarded. This document provides data broken out by reports generated inside San Juan County and outside.

Reports since 2015 can be found at:

Beginning on page 7 read the comments made by those in the past three months who submit noise reports and feel the frustration, concern, and anger.

...No Place is Safe...

One of the worst things about Growler noise is how suddenly it comes on. You can go from near silence to ear-splitting-pain faster than you can drop your groceries and plug your ears. For example, just now at 12:30pm in **Mt. Vernon**.

Just when I had laid down in bed to go to sleep for the night 2 Navy jets fly right over us and were very loud so then I lie awake for two hours trying to decide if living in **Anacortes** is worth it if I have to put up with this!

Too early for a loud and low flight over **Dugualla Bay**. Woke entire household.

It has been quieter the past few days but today it was constant jet noise all day long. Only recorded noise level on 3 flights around 6:30 PM. They were 68, 71 and 84db. Went to **LaPush** last week to get a break but they were flying over there too.

Second of two VERY loud overflights on the same hike. Well over 100db... and a FULL spectrum of noise. On Rosario Head, in **Deception Pass State Park**.

Windows are vibrating. Jets are swinging way to wide from OLF flying well over **Ebey Landing**.

Growlers overflying **Saratoga Passage** for hours this evening. Almost 10PM and Growlers are STILL making extremely disturbing noise. JUST WRONG !!!

I live in **Lopez Village**. Navy jet(s) rumbled overhead, causing me to stop my activities.

Overflights of Growlers have been going on all day. They are flying directly over the west shoreline of **Camano Island**. Each pass is exceedingly slow and extremely loud, as if intentionally inflicted.

Very loud with rumble! **Eagle Cove**

Loud repeated flyovers of **Guemes Island**, far too late at night!

VERY loud overflight, had to cover ears, felt like the jet was strafing **Rosario Head**, one of the most sublime trails and views in the area. Very disturbing on an otherwise beautiful walk. Well over 100db... and a FULL spectrum of noise.

AGAIN. 12:02pm. May 28. LOUD AND SCREAMING GROWLER OVER **South Lopez**. I am unwilling to close doors and windows because the day is nice. So that lets the Navy invasion in. This is a sad situation when the Navy invades homes with its useless jets.

Understanding This Report

Listen to the jet noise that we hear in our region:

The Navy dismisses noise data:

Jet noise raises emotions.

Hints on reporting jet noise:

<https://www.quietskies.info/access-the-county-report-site>

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

<https://gis.sanjuancountywa.gov/aircraft-noise-reporting>

Who submits reports? In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially raises the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or zip code. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Every day this week has been ruined by constant Growler noise (with NO posted schedule). The ground under our well-built house, well away from the field, percusses when pattern 32 bounces. You poisoned our aquifer. Relocate!

I live in Lopez Village. Navy jet(s) rumbled overhead, causing me to stop my activities.

Growlers circling conducting landing drills. Recording for 15 minutes from my deck on west Camano. Maximum reading 87 dB. Average 77 dB. This has been nonstop for hours.

Extremely loud disruptive flight over head. How much damage do you need to do to your people and your environment? Be better.

Another Growler just went over. What's going on???

Maybe Trump should send them to Iran."

Really, really loud. Couldn't hear the tv while it was flying over. We shouldn't have to be exposed to this. Send these guys to China Lake!

Multiple Growlers passing very low, immediately overhead, SCREAMING JET EXHAUST NOISE! The same Growlers repeating pass after pass. Measuring 90 dB on several passes.

Second low roaring over south Lopez.

Please practice over the sea, not people"

Third low roaring low over south Lopez

Roaring low over south Lopez. So much for family conversation.

"Absolutely terrible walk in Washington Park- abandoned attempt to be healthy as it sounded like a terrible war - thundering shaking shuddering, thunderous sounds of us military war practice.

10 am Thursday. Completely unhealthy environment."

Almost 9:30 at night and there is ongoing metallic shrieking thundering navy war practice over the heads of civilians in western Anacortes. No sleeping, no resting, not now. Not on our schedule. This is abuse and unhealthy. It is harmful.

Instead of peace this Thursday evening it's all war sounds: deep and sometimes metallic thunder echoing all over off clouds and water. It is extremely disturbing. Anacortes above the ferry terminal.

Intense and painfully loud flight over Mt. Vernon at 11:30pm. There's no reason these jets have to be this low when flying over populated areas. GTFO

Last day before a work trip and I would have loved to hear peaceful wind and rain, but the whole day so far is filled with sinister low thunder, very prominent in the south facing part of my Anacortes home. Mostly not "loud" but penetrating & horrid

Around 8am the first deep sounds- like distant massive explosions south of here begin. They rumble, shake, vibrate my home and body. War sounds- disturbing sounds. Intrusive and awful. West Anacortes, towards WA Park. Navy abuse of civilians.

Wafting waxing waning shaking thunder from the south- from Ault Field. Sounds like the world is ending. Sounds terrible. War sounds, daily stuff here. Anacortes near the ferry terminal. US navy ongoing abuse of Washington citizens.

Very loud and disrupting jet heard from inside my home at evening time when I should be relaxing. Lasted for 2 minutes.

Just when I had laid down in bed to go to sleep for the night 2 Navy jets fly right over us and were very loud so then I lie awake for two hours trying to decide if living in Anacortes is worth it if I have to put up with this!

Extremely loud and lasting over 2 minutes. Heard from inside my home. Couldnt hear the video I was watching.

Trying to sleep. Over 2 minutes of rumbling and droning heard inside my home with earplugs in.

Disrupted my bird survey outside. Very loud and lasted over 8 minutes.

Extremely loud jet noise disrupted my peace outside at fir Island farm reserve. Scared all the birds away. The sound was loud and lasted over 6 minutes.

Extremely loud and disturbing outside while I am trying to do my outdoor job that requires hearing. I could feel the vibration in my chest. They keep rolling one after another for constant noise. Very stressful.

Extremely loud and disturbing outside while I am trying to do my outdoor job that requires hearing. I could feel the vibration in my chest. Lasted 9 minutes to fully fade away.

I have an idea. Why not go crash all of the Growlers into the Strait of Hormuz and then declare the Iran War a failure? Or, I suppose, keep terrorizing Mt. Vernon, but the first option would at least improve our lives.

The jets flying very low. Hurts my ears out side while I'm trying to enjoy nature. Last d over 4 minutes

Once again NASWI subjects the two us who have cancer to unnecessary deleterious Growler jet noise stressor, for the two of us need quiet. NASWI's caring is appalling for us and all living things in the Puget Sound Salish Sea and beyond.

A fine night ruined.

Loud and rumbling heard from inside my home for several minutes.

Disrupted my bird survey outside. Making my job difficult. Loud rumble lasted over 3 minutes..

Extremely loud and disturbing. Jet flying very low. Hurts my ears. Lasted 2 minutes.

Two jets hurting my ears it's so loud. Scared the birds away too. How is anyone supposed to enjoy the great outdoors with this constant disrupting noise?

Loud enough to frighten me and flush the birds in the marsh. lasted over 3 minutes.

"Roaring low over south Lopez.

Horrible"

There were a couple earlier this morning as well, but I'm not sure what time.

Disgusted to be an American

F*** NAS Whidbey and the Growler program. A*****s

I'm never more ashamed to be an American than when a Growler flies by. Absolutely disgusting

F*** THE GROWLERS WHEN IS THE NAVY REIMBURSINF MY HEARING PROBLEMS

Can't even talk to someone in own rv. What's the point of a state park if you can't find quiet?

F***ing A*****s can't even enjoy a park anymore I go there to get away and jets flying above

GO AWAY JETS

A*****S

It has been quieter the past few days but today it was constant jet noise all day long. Only recorded noise level on 3 flights around 6:30 PM. They were 68, 71 and 84db. Went to LaPush last week to get a break but they were flying over there too.

Extremely loud and long lasting (5 minutes to fade). Heard outside while trying to enjoy leque island reserve.

I hate the F***ing Navy. At least five flights between 11:30 and 12:05, three of which have been insanely loud. I can't just pack up and move. The Navy have options; most of us don't!

Navy doing another sonic debilitating attack on the citizens of Mt. Vernon at 1:30pm. Their impact studies are all lies, as are their excuses for not moving to the desert.

The Navy jets have to go. This is insane. It's easier to deal with the constant noise from the freeway than the enormous impulse noise from these jets.

Once again NASWI Growler jets destroy the environment without a care as to what is being affected. They live in a world of the ontology of materialist abstraction of death & destruction, & violated the vitalism of beauty, and God's creation. YOU

"Extremely loud plane flying very low

My body vibrated to my core "

Roaring low over south Lopez

F***ing Growlers. Shouldn't be around a populated area

This is exhausting

One of the worst things about Growler noise is how suddenly it comes on. You can go from near silence to ear-splitting-pain faster than you can drop your groceries and plug your ears. For example, just now at 12:30pm in Mt. Vernon

This kind of noise is terrorism. It feels like an earthquake

Severe flight noise. It is so stressful. I literally feel like ending it if this is what it's going to be like. My heart is racing, I can't relax, it disturbs the entire household. Sound travels miles. There is no where to escape.

The Navy's terrorism division is out attacking Mt. Vernon at 10:34am (and a few earlier nearby flights).

VERY loud overflight, had to cover ears, felt like the jet was strafing Rosario Head, one of the most sublime trails and views in the area. Very disturbing on an otherwise beautiful walk. Well over 100db... and a FULL spectrum of noise.

Shocker. The Growlers are being obnoxious again and ruining community members' days

Growlers suck

DREADFUL roaring and vibration, enough to cause significant inner ear pain and disequilibrium.

The noise has been almost continuous, but very disrupting

We don't need to be wasting any more money on war crafts right now!!! WTF!

A third sonic terrorist attack on Mt. Vernon at 12:45pm. They're attacking fast and hard.

One of the loudest flights I've ever heard over Mt. Vernon at 9:30pm. Unbelievably loud. Like nothing I've ever heard. Shame on the Navy and the pilot who did that.

As if they weren't despicable enough, the Navy's terrorists are coming around for a second pass over Mt. Vernon at 12:27 (six minutes later). If you gotta be cruel, be consistently cruel, right guys?

The Navy's terrorists just did a fly by of Mt. Vernon at 12:20pm. Intensely loud, but it's kind of redundant to say that. They know how loud/painful this crap is.

Two growlers

Too loud for that time of night. Too close to residences. People Are Sleeping.

"Too loud too late at night too close to residences. People

Growlers have been flying right over house all evening, as late as 10:45pm.
REALLY?????????

ITS AFTER 10pm IN MARCH HOW STUPID AND RUDE DO YOU HAVE TO BE

NAS Whidbey is basically giving this community the middle finger by flying after 10pm in MARCH. Unacceptable and so disrespectful

F*** the Growlers. Never any time to simply think and relax

OUTRAGEOUS FLYING AFTER 9PM FOR TWO NIGHTS STRAIGHT

Sound of oppression and death

There have been a lot of loud ones over the last few hours. Now a louder than average one at 10:30PM

Loud repeated flyovers of Guemes Island, far too late at night!

So utterly ashamed to live in this community that supports NAS Whidbey which is aiding this farce of a conflict in Iran. Absolutely disgusting

Interrupted dinner conversations and a large gathering earlier in the evening. Woke me up at 10pm

There have been about 30 loud and vibrating jet passings between 8pm-8:45 pm and they are continuing as I type this. The just roll one into the next. This is disruptive to my life in my home where I am entitled to a reasonable amount of peace.

So far today I have recorded 14 extremely noisy flights over Anacortes. There have been 6 in the last half hour between 8-8:30 PM all in the 65-80db range.

After I turned in a report at 8:30 PM last night of 14 flights going over up to that time, at least 13 more occurred after 8:30 and up until 10:35. I went to

sleep at 9 PM but woke up to more flyovers at 10:10 and didn't get asleep again until 12:00.

A lone growler that is so loud I have to wear hearing protection outside.

Two growlers ruining the peace.

Growlers are the ugliest pieces of junk ever. Embarrassing

Great to see the military doing important loud Growlers flights at 22:00 in March. So important. Yup. More important than sleep for sure. There's a meaningful war to get to you know

Oh look the Navy is doing nothing important again and keeping me from sleep by their Growler runs past 22:00. Great.

A***** Growlers strike again. The majority of the community hates your presence (jets not people). the NAS Whidbey expansion was a mistake and failure

Look, Siri! The idiot Growlers are out again preparing for a useless war! Those in charge sure are idiots aren't they? Poor soldiers having to listen to them

No good A*****s Growlers. No one even wants the orange guys war

Extremely loud rumble from airplane heard inside my home. It vibrated the whole house and interrupted my conversation.

Felt inside my home. Rattled the whole thing.

19:44-20:25 deafening loud Growlers right above. Yet again the Navy proving their status as the worst possible neighbors and showing an utter disregard for its citizens

Whats even the point of the Growlers here when everyone utterly despises them?

...too many flights to log complaint, but last three days (18-20 March 2026)

"Are you F-ING KIDDING ME!!!!

Seven vibrating and very loud, low flying planes have passed over my home in the past 2 minutes. Very disruptive and distressing.

2 Navy jets flew over our house in Anacortes and I recorded 91db. From 10:50 AM to 1 PM I recorded a total of 13 flights that ranged from a low of 62 db to a high of 83 db.

One growler making a ton of horrible noise for several minutes. Leaving the birds and making my heart rate increase. It's bad for my health to live here and try to enjoy the outdoors because of the military jet noise.

Growler engine noise

Just back from over 1 month away, working. Arrived in a weekend and now it's weekday and back to war sounds All The Time. Terrible threatening thunder from Whidbey. Just awful. Does not belong over civilians. This is abuse. Anacortes

Essentially continuous sinister roaring echoing off the water and clouds to the south. This is so very disturbing- a background of disquiet, the opposite of peaceful. It is not good for health. Anacortes near the ferry terminal. Navy abuse.

Long low rumble shaking my house.

Three growlers flying low. I had to plug my ears. Living around all this noise gives me migraines.

Four growlers at the same time flying low. So loud I have to wear earplugs. The ducks flushed from the park.

Two growlers flying low. Extremely loud. Have to wear hearing protection outside just to take a walk.

Three jets in formation, afterburners

It's almost 21:30 and we have these F*ing jets F***ing flying over F***inghead making loud F***ing jet F***ing noises. F*** them.**

WTF !!! A Growler just past directly over head very low and maximum noise 90dB. Ear shattering.

Overflights of Growlers have been going on all day. They are flying directly over the west shoreline of Camano Island. Each pass is exceedingly slow and extremely loud, as if intentionally inflicted.

How do you feel knowing you're assaulting your own people with excessive noise?

Two Growlers roaring over central Lopez, over the school. Why? Pests. Very loud roaring March 26. About 12:17pm

Roaring low over south Lopez

South end Lopez, Elliott. Loud jets this morning. Cloudy, so I cannot see. But the long drawn-out roar is the Growler signature. Annoying.

Holiday weekend is over and it's back to searing metallic screaming at intervals in the navy's war practice zone- it is abuse over civilian heads. Unhealthy and unsafe. Anacortes near the ferry terminal.

I was outside trying to weed in my yard in Anacortes and needed to retreat inside to protect my hearing because if navy war practice over my home. Tuesday afternoon, near the ferry terminal

Ashamed to have NAS Whidbey in this community and its contributions to Iran war

F* THE GROWLERS**

Bunch of A***** Growlers. No value to them flying at sunset

STAY OUT OF OUR STATE PARKS

EVERYONE hates the Growlers. This expansion was a failure and a mistake

NAS WHIDBEY IS THE WORST PART OF WHIDBEY HOW DARE YOU FLY THIS LATE

STAY AWAY FROM OUR PARKS!! GROWLERS RUIN EVERYTHING

Now they're flying over populated towns? After 4 crashes in the past few years? Such great regard for the community.

The biggest A*****s. They don't even care anymore about following flight paths. Super awesome they're flying over a freaking hospital where no one needs added stress. NAS Whidbey is the absolute worst.

Rumble and vibration lasting several minutes I could feel inside my home with earplugs in.

I spent the last 8 days out of state, far away from the Navy Growlers. It was so nice not having to wear earplugs every weekday, whether I'm outside or not (as I need to do right now in Mt. Vernon at 2:40pm)

A curse on the Navy. May your jets explode and your cancers be drawn out and painful.

Starting early today, I hear.

8:31am. ANOTHER early morning screaming growler over us. S. Lopez. VERY DISRUPTIVE.

8:13am. Why sit on the patio with morning coffee when there are early morning growlers roaming over Lopez? So I did not. Not interested in having my ears blasted. NAVY ABUSE. 5/27.

Another loud Growler over South Lopez. 3:27pm May 27.

10:02pm. Roaring growler ripping up the sky. S.Lopez. Getting ready to sleep. Now I am concerned this is the first of night-time blasts the Navy is frequently willing to inflict?

ANOTHER GROWLER Screaming over S. Lopez. 3:33pm May 27.

F*** NAS Whidbey for flying Growlers this late

Why's the military flying this late over Deception Pass campgrounds?

F***ing A***** Growlers. Out since 07:45 and still flying 22:14. They literally have no respect for this community and do so much worse for us than good.

F*ing A*****s. Read a clock. It's not 08:00 yet. Way to wake up Whidbey Navy Growler flyover registered 98.2 db just now.**

The pieces of S* in the Navy are out violating state law over Mt. Vernon again. It's 9:50am and I've already got my earplugs in.**

I can't handle this. There have been jets going by all day, maybe 1 every ten minutes.

Living here is messing with my PTSD. I tried swimming at the lake and I just couldn't do it because jets were growling by every 10 minutes.

Why haven't we seen class action against USN. The harm to 74000 US citizen's is obvious, and revealed by the research."

Two jets going by. Terribly loud with a lot of vibration. Head and feet from my deck at home. Lasted 4 minutes to go by. I cant enjoy my deck with that going on. Had to go back inside.

Another 2 jets going by and making my house shake.

Two jets going past. Heard from my home. Terrible loud with lot of vibration. Lasted about 4 minutes to pass.

There has been an a range of one growler per 10 minutes going by for the last 2 hours. This place would be paradise if there wasnt an unbearable amount of jet noise

9:55am. May 28. MORE NOISY GROWLER INTRUSION INTO OUR HOME. . The Growlers are too loud for flying over populated areas, to say nothing about how dangerous they are. Too many accidents! South end Lopez.

9:57am, May 28. Here is ANOTHER GROWLER SCREAMING OVER US, on the heels of one two minutes ago. South Lopez. Seems like the navy has decided to abuse Lopez today. Not unusual.

Have been hearing jets since 8 o'clock this morning

Beautiful peaceful day until just now when the first Growler made a low and extremely loud overflight. Rumbling in the distance suggest more Growler overflights are coming soon. Terrible!

May 28. 5:53pm. Good thing we are not outside enjoying a glass of wine on the patio before dinner. There is a deafening Growler roaring over S. Lopez. Awful. It is bad enough inside.

Loud blast right as I'm trying to sleep I have to wake up at 4 and this has been going on all day. Very stressful

AGAIN. 12:02pm. May 28. LOUD AND SCREAMING GROWLER OVER SOUTH LOPEZ. I am unwilling to close doors and windows because the day is nice. So that lets the Navy invasion in. This is a sad situation when the Navy invades homes with its useless jets.

5:23pm May 28. Another roaring Growler over S. Lopez.

4:36pm, May 28. Here comes another growler, another in the endless parade of noisy roaring screaming growlers over South Lopez today. The Navy: nothing else to do but send pilots with the loudest jets over populated areas.

The Invasion of South Lopez Continues. 11:37am, may 28. ANOTHER SCREAMING Growler. The noise is deafening. I was outside. Came in to protect my ears.

9:44am, May 28. GROWLER SCREAMING OVER SOUTH LOPEZ. WATCHING THE TENNIS ON TV. BAD MISTAKE, THE DECK DOOR IS OPEN AND WE CANNOT HEAR A THING ON THE TV. ONLY GROWLER ROARING.

May 28. All day it has been nothing but screaming Growlers over South Lopez. Like right now. 4:17pm

11:44am. ANOTHER SCREAMING GROWLER OVER US. Deafening again. We seem to be the growlers race course. Navy abuse continues. S. Lopez.

7:53am. May 28. S. Lopez. Same growler circling around, or another one closely following the first. Deep, echoing roaring. Noise penetrates the room in our house that has no outside window or door. That is intrusive noise!!!!

"Not yet 8am and navy war practice starts up over civilian heads- few overflights of piercing metallic screaming aircraft each few minutes duration. Danger to hearing.

Anacortes near the ferry terminal "

F*** NAS WHIDBEY FOR FLYING GROWLERS AT 22:44. NO RESPECT

GET OUT OF OUR AREA. NO GROWLERS

F*** NAS WHIDBEY Done even give us a safe time between 10pm-8am anymore. WORST NEIGHBORS EVER!!! Probably illegal all the S*** they do except they're the military so they get a free pass at the public's expense

No F***ing reason for Growlers to fly past 22:00

Sleep for a 4 th grader was disrupted!

Navy's been a bunch of massive bunch of F***ing bastards the last two days. Every time I've tried to take my earplugs out, there's another god damned jet attacking us.

It's 9:pm!!! Seriously!!!!!!"

You need to STOP!

Multiple Growlers circling conducting landing drills. Very loud.

Constant unrelenting circling and extremely loud. It is triggering anxiety and agitation, impossible to escape it

"STOP!!!

Extremely loud and continuous jet noise. Disrupted concentration so I can't read and too damned loud to sleep.

War is not the answer!!! We are broke!!! STOP!

It's almost like ppm on a school night. Jers can be seen flying over Camano. We are not in a war zone but it feels like it.

"F***ing STOP!!

TRUMP HAS F***ED US!!!!"

Rattled my windows, woke me up and startled my nervous system

STOP!!!

"What In the the F***!!!!

Noise was very disruptive and made ears ache. Planes flying very low over houses.

Ashamed yet again to live close to NAS Whidbey

F*** THE NAS WHIDBEY GROWLERS

Another start to the week of being tortured by NAS Whidbey Growlers. The Navy is cruel for allowing this frequency of Growlers. They care nothing for our health all in the excuse of our "safety"

Growlers began circling just after sunset and continue to create disturbing jet sounds.

6:58PM. GROWLER NOISE ROARING OVER MUD BAY, LOPEZ. Very very loud and long roar.

3:39pm S. Lopez. GROWLER ROARING IN THE SKIES. ON AND ON AND ON AND ON AND ON.

Southend, Lopez. 10:47am. MORE DEEP RUMBLING from NASWI

Southend Lopez. 8:26am. The deep rumbling and vibration started several minutes ago. Going on now. Annoying, Thought it was my dishwasher starting itself automatically...that is how distracting this noise is.

Growler engines

It was so peaceful after 9:30 pm when it begins : sickening thunderous roaring echoing off the water and clouds. Otherworldly threatening sounds

of war. Like the world is ending over the horizon. Horrible. Anacortes near the ferry terminal.

Idiocracy = NAS Whidbey

No reason for military jets at 22:30

The pilot flying this afternoon was much less noisy because he flew higher. These guys flying tonight are terrible. It goes on and on and it sure wears us down!

Extremely loud jet seen and head from craft island trail. Loud enough to hurt my ears. Lasted over a minute. Followed by another two jets for continuous noise over 5 minutes.

Waited in the car until jet passed because it was too loud to get out and walk without having to cover my ears.
