

# Jet Noise Report: January-February, 2021

Since 2015 an increasing number of jet noise reports are being made from residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This report provides data broken out by reports generated inside San Juan County and outside.

With the addition of 36 more Growlers in 2019, San Juan County has been bombarded. Total jet noise reports within San Juan County grew 26% from 2019 to 2020. Noise reports from outside of San Juan County have rapidly increased.

January 2021 was marked by horrific jet noise; there was a 100% increase in noise reports compared with January 2020.

Listen to this jet noise that we hear in our region:

<https://soundcloud.com/laurenkuehne/clearwater>

The Navy dismisses noise data:

<https://www.seattletimes.com/opinion/navy-should-use-our-data-on-growler-noise-not-dismiss-it/>

Here are some of the comments submitted by residents of our region regarding Jet Noise. More comments from Anacortes, Camano Island, Mt Vernon, Port Townsend, Coupeville and the San Juan Islands, begin on page 10. They tell the human story. Please read them.

- ✚ 90 downstairs & 95 db upstairs in my house with the windows closed. My neighbor ... took a reading outside their home at 7:50 pm-125 db. Persisted until after 9:10 pm. This early pm 1/20 the jets are flying directly over my house and off schedule.
- ✚ Flyover of Growler(s) completely halted conversations with patients at Skagit Regional Clinics MLJ building, 3rd floor. Impossible to hear anything until it was gone. Afternoon. Mt Vernon
- ✚ 8:56am, Feb 3. S. Lopez. Here we go again. LOUD jet noise in the skies. Roaring echoing roaring noise. Continuous thunder. We might as well be living on the Sea Tac runway.
- ✚ Two by two, low and loud. Easy west transit over Penn Cove has now become a virtual highway in the sky. Daily blasting our peace
- ✚ These stupid screaming jets wake up my little kids when they try to go down for naps. I know the military doesn't have much of a history of caring about actual individual human beings, but this is our home. You're an intruder.
- ✚ Jet roaring directly overhead. Noise splits the air, can hear nothing else. Earsplitting, headsplitting noise.
- ✚ 5:25pm. Just felt a vibrating jolt through the floor and heard the rumble of jet action at Whidbey. Always wondering, "Is that an earthquake?"

**INSIDE THIS REPORT:**

-  **Annual Comparisons**
-  **Monthly Comparisons**
-  **Reports by Type of Noise**
-  **Noise by Time of Day**
-  **Reports by Day**
-  **Map of Report Locations**
-  **Comments submitted with each report, revealing human impacts**

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

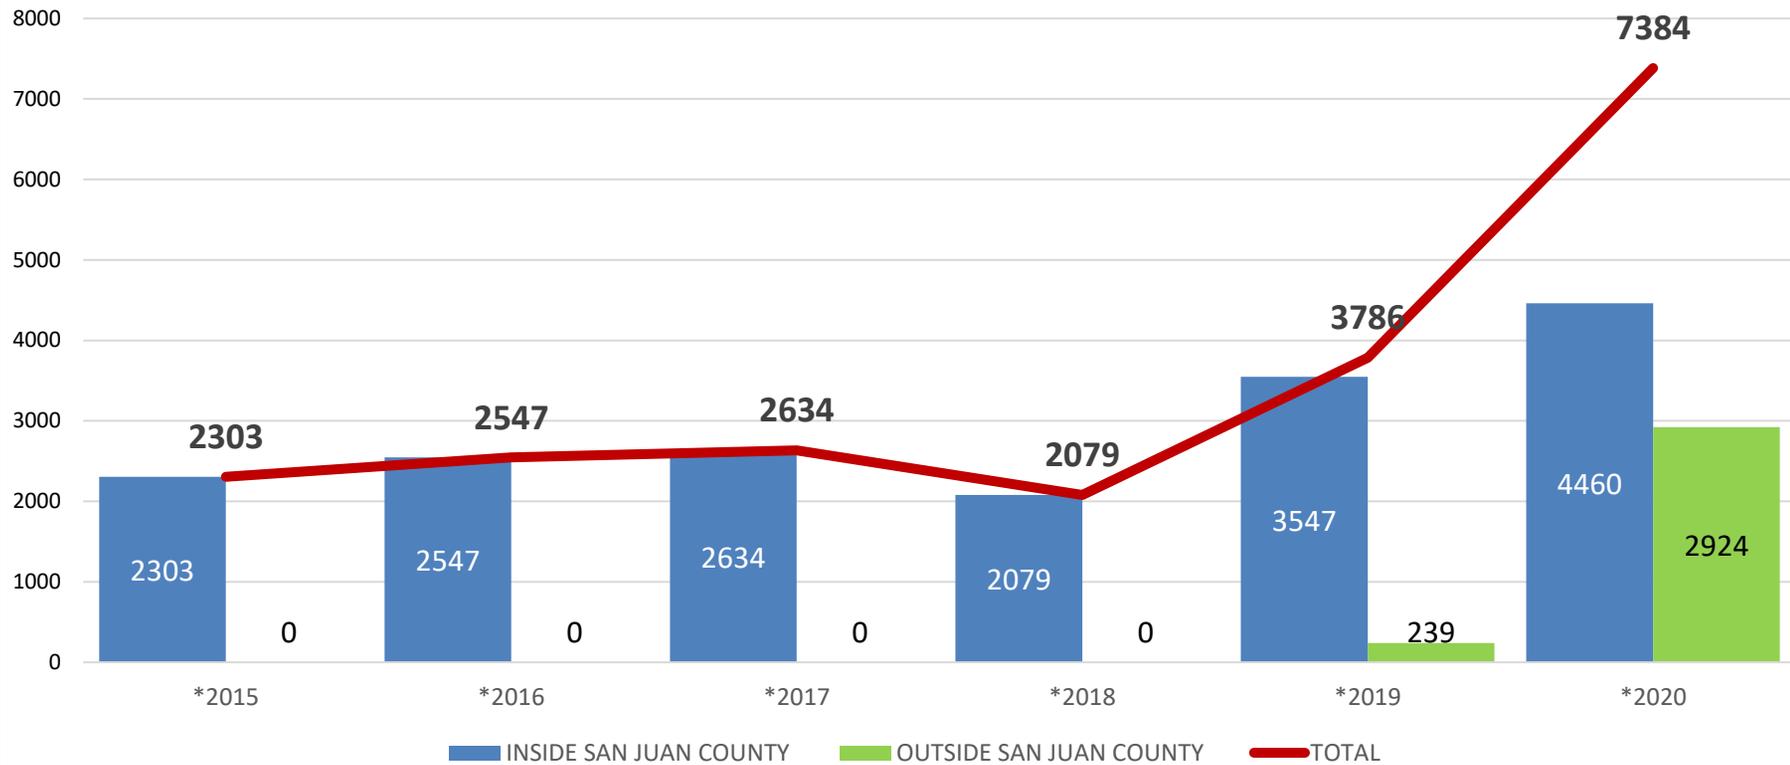

[gis.sanjuanco.com/aircraft-noise-reporting](https://gis.sanjuanco.com/aircraft-noise-reporting)

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

This report is compiled by Quiet Skies:

<https://www.quietskies.info/>

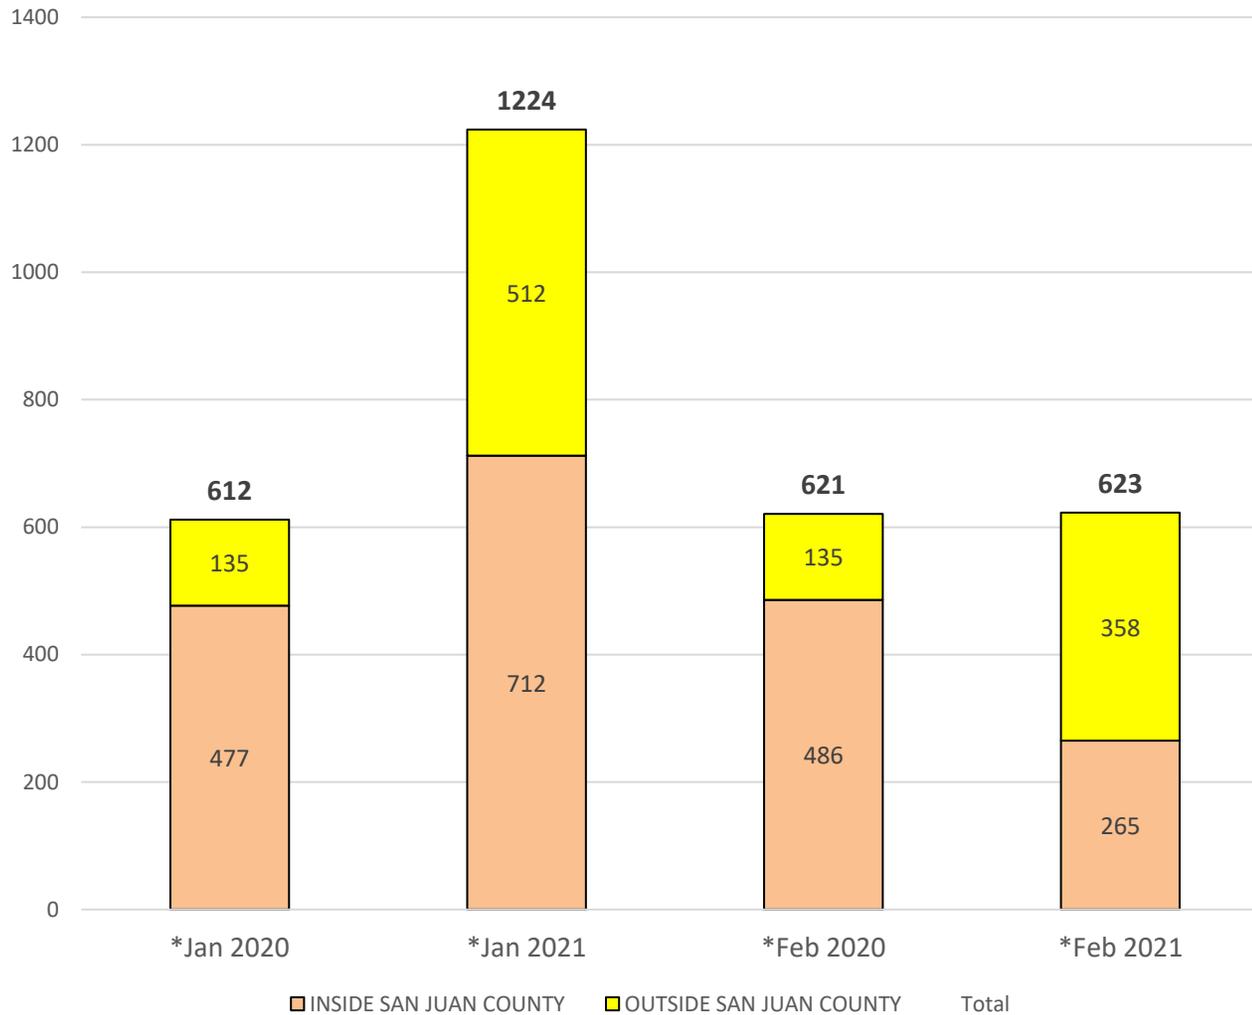

## Annual Jet Noise Reports 2005-2020 By Location

This chart provides some background to the history of noise reporting.

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all reports in the database since 2015.

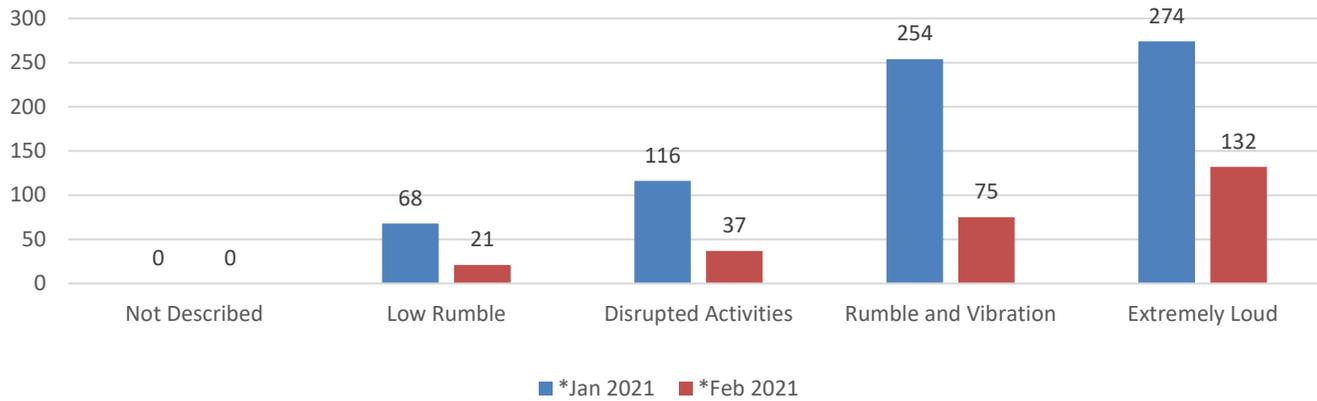

### Jet Noise Reports Comparing Jan-Feb 2020 with Jan-Feb 2021

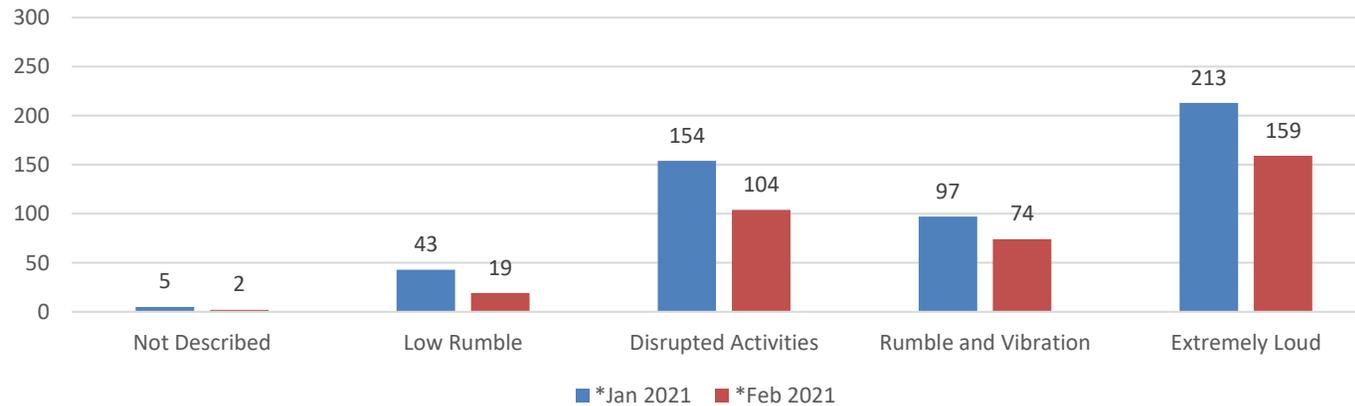

Reports for January 2021 exceeded that of the year before by 100%.

Since January, the Navy's weekly schedule has indicated no planned Field Carrier Landing Practices (FCLPs). Nonetheless the noise from NASWI continues from a variety of activities.

### Inside San Juan County By Type of Noise, Jan and Feb 2021

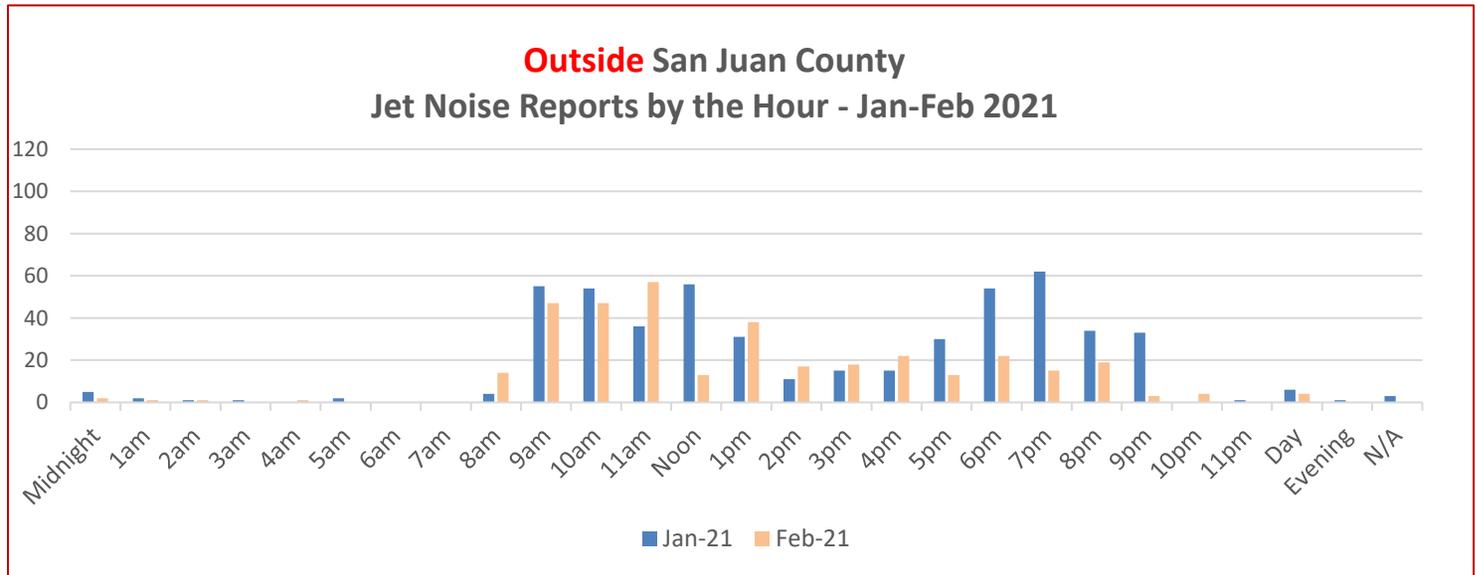

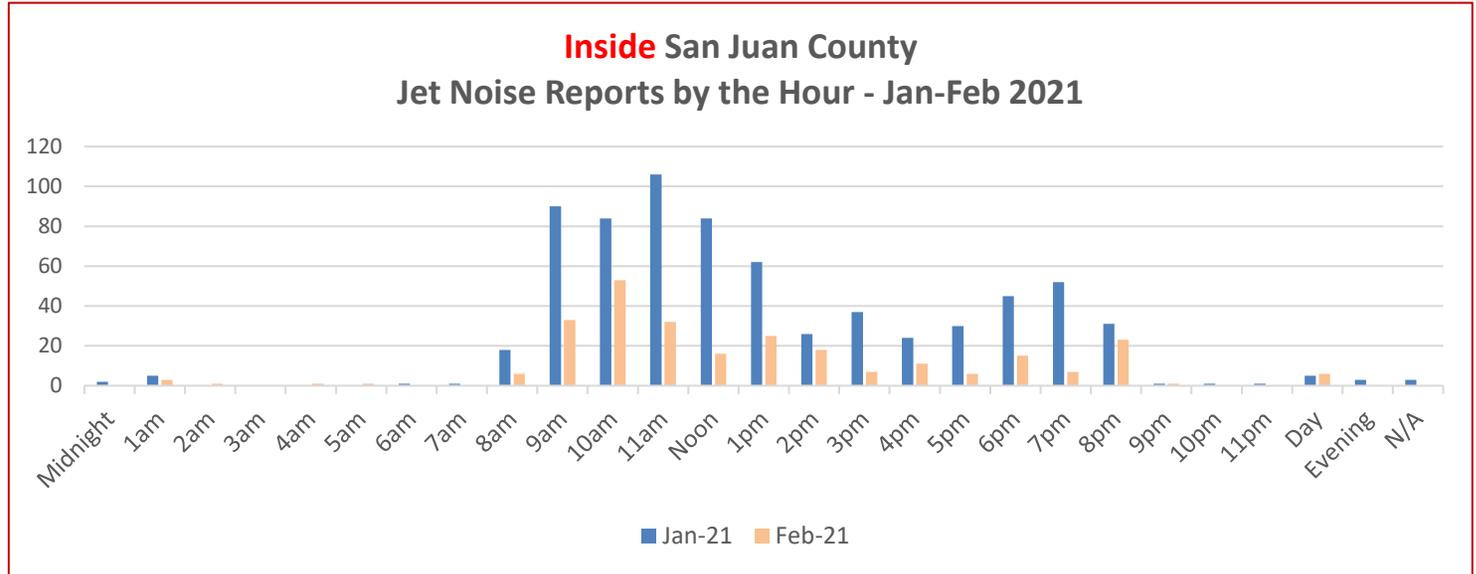

### Outside San Juan County By Type of Noise, Jan and Feb 2021

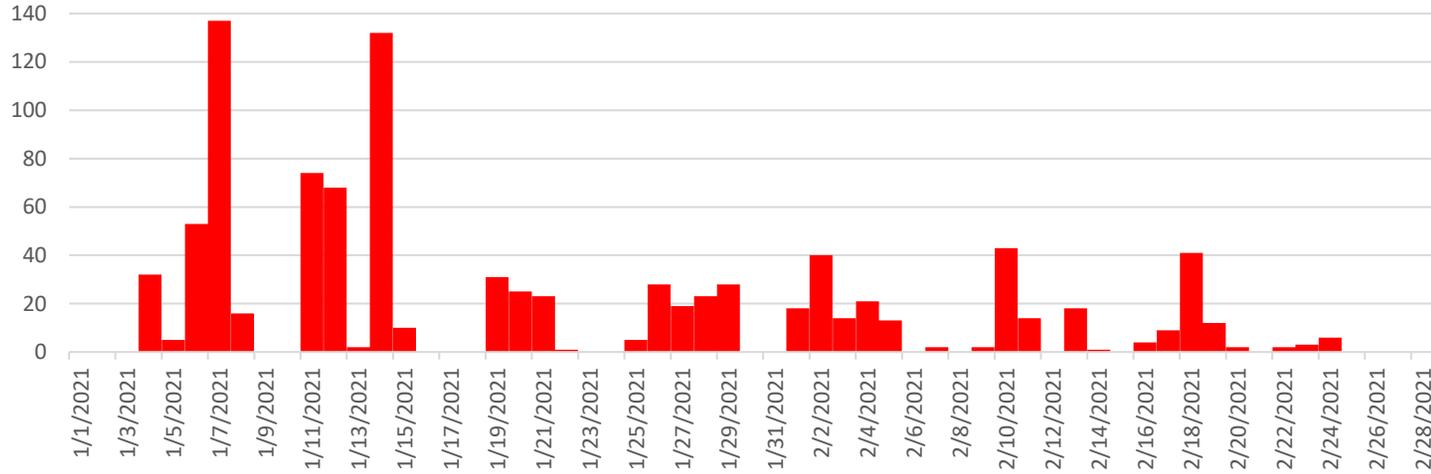

For example, submissions that report noise 11:00 am through 11:59am are clustered in the 11 o'clock hour. Sometimes reports do not include a specific time. For those, related data may indicate Day or Evening noise disturbance, or Not Available.

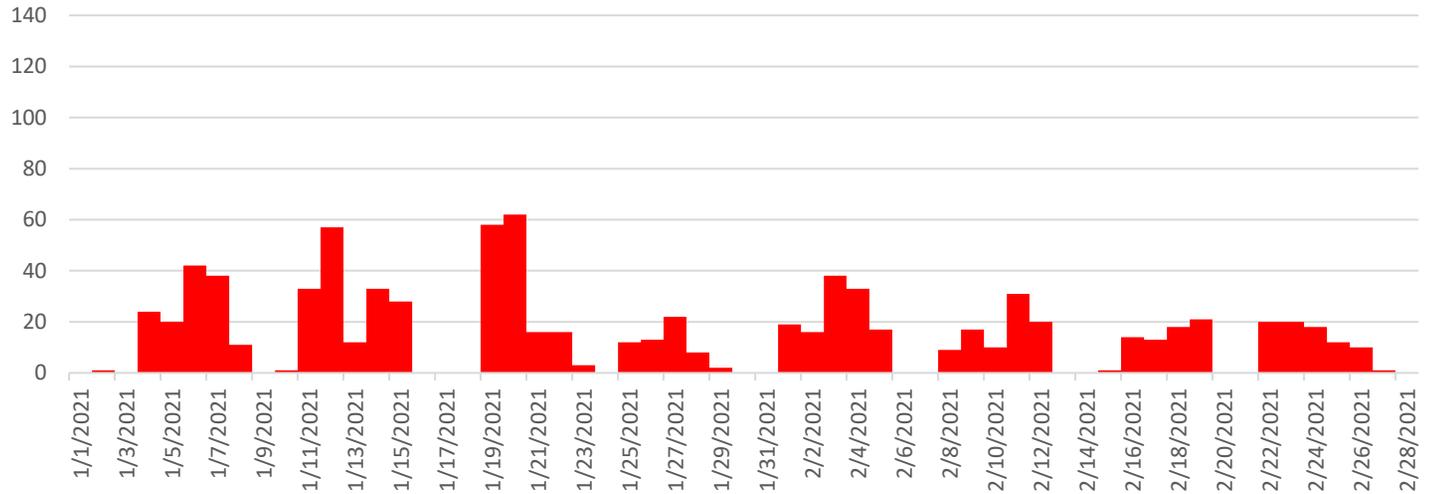

Note that there are hours of varying noise incidents. The Navy persists in using "annual noise averaging," significantly underestimating of the impact of jet noise. There is no "average" noise felt by residents in this region. The noise is variable and unpredictable.

**Jet Noise Reports **Inside** San Juan County  
By Day of the Week - Jan-Feb 2021**

**Jet Noise Reports **Outside** San Juan County  
By Day of the Week - Jan-Feb 2021**

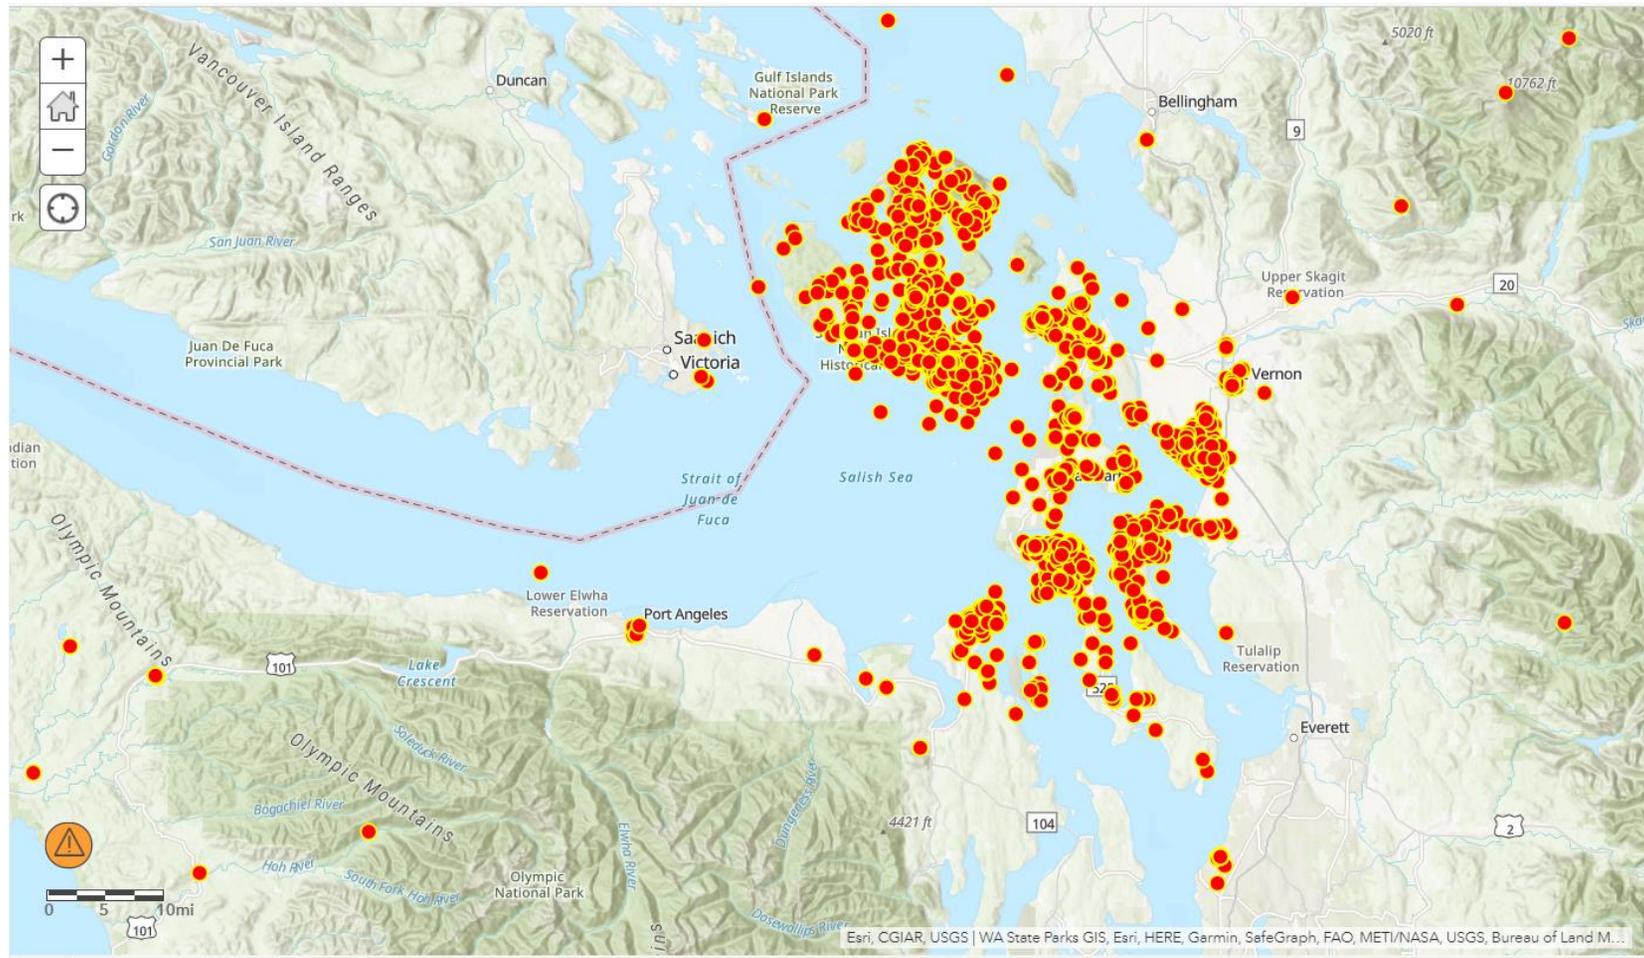

**Another example: As described in the previous chart, the Navy persists in using “annual noise averaging” to justify its statements of low impact. As you can see in this chart, there is no “average noise” felt by residents in this region. The noise is variable and each day is unpredictable.**

This picture of the Aircraft Noise Reporting Map includes the larger region. People outside of San Juan County began having access to the aircraft noise reporting website in Fall 2019.

This map is reduced to fit this page. Thus, the reproduction of the multi-colored dots, which signify noise reports, minimizes the apparent number of reports since the dots overlay other dots.

This map represents 10,846 reports since August, 2019.

## Comments Submitted with January and February 2021 Reports

### NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

807 dBA at 7:41pm over and through Olga town East Orcas. And...here comes another fly around.

The noise started about 9am this morning and it continues. It's 11:03 am now and the noise is difficult to take. I work from home and even with my ear plugs in, I'm having difficulty concentrating due to the incessant, inescapable noise.

Awful sounds- just like giant explosions coming from the south. Navy defiling the night peace in Anacortes, still at 8:30 pm

10:35am. Feb 2. S Lopez. LOUD ROARING AND SCREAMING NAVY JET OVER OUR HOME. IT SOUNDED LIKE IT WAS GOING TO LAND ON OUR ROOF.

Outside the decibel reading was 95.6 as they circled our property. Yesterday's loudest reading was 89 downstairs-inside our home.

S Lopez, 6 Jan 2021, Wed: 9:04am - 11:30 Two hours 30 minutes of ROARING . Still going at 11:30am. The noise is driving us out of our home. 72 decibels in the house. Constant. We came back in the evening and the Roar began again at 7pm!

2 hours after coming home from work, I would like to go to the bedroom but the south side of my home is thundered into shaking deeply and that is extremely unpleasant- and entirely not peaceful. I will fall asleep/hide in the basement- Anacortes

Taking online course when two Growlers came over at 11:30 and 11:35. I totally lost what the speaker was saying during the overflights. Earsplitting.

Trying to show the kids a video in class...had the volume up all the way, but had to pause to wait for the aircraft noise to finish so we could hear it.

8:47am 2/11. S Lopez. The day begins, like many other days with the rude awakening of JET ROARING from NASWI. I will try to report each aggressive egregious noise intrusion, that the Navy apparently feels free to push into my home. No impact? Liars!

LOUD GROWLERS overhead one after the other!!!

The jets have been flying a number of nights this week but tonight I have had enough. I am here on Camano Island and I cannot even concentrate let alone relax like I should be able too at 9:30at night.

9:04am, Jan 29. S. Lopez. I LIVE & WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work & being jolted by waves of jet noise overhead. Like Now. I will submit a comment each time. I am angry.

Loud, sustained, right overhead. For why? Is Port Townsend at war?

This is not only extremely loud but it felt extremely low and like our house was starting to shake. This is disrupting any kind of normal life.

Continued disturbance from OLF. Precisely at 9am this morning growler jets began flying over Coupeville, 11 hrs later they are still flying and wrecking the peace we seek to enjoy.

Trying to watch tv and the jet noise is loud enough I have to turn up volume

Low level flight over home in town.

very loud...heard over the radio station I was listening to. Located near corner of Orcas Rd, and Deer harbor Rd. Orcas Island.

Continued disturbance- loud indoors.

some kind of terrifying jet just went overhead very close. It was petrifying!  
Are we under attack?

Jets screaming overhead.

Very low level flight level with high intensity. Strange maneuvers. Multiple aircraft. Rumbling the house at bed time for a child.

Same jets, still screaming overhead.

Slow and low. Very loud and continuous. Almost as if he was circling

F\*\*\* em

F\*\*\* em

F\*\*\* em

FCLPs starting at OLF! Time to stop all conversation since we can't hear each other!

Resuming FCLPs at OLF. No dinner conversation tonight. Too loud!

The aircraft banks and applies thrust about 400 feet directly above our home (Rhodena Beach area), they do this over and over again. The volume is louder than a human can withstand."

Tooo loud!!

Peace of the holidays GONE: return of the navy peace wreckers - shredding the night sky in Anacortes 7:10 pm, overflight drowning out TV and all other sounds for 30+ seconds- disturbing the peace for 2+ minutes. Just one flight did this.

An extremely low flying E-18G Growler flew very low over our home on the south end of Lopez Island. We were blasted `by the shattering, house shaking wall of intense noise. People responsible should be dishonorably discharged from the Navy!

Another earsplitting overflight by a Growler. Shame on the Navy for torturing U.S. citizens who live quietly on the south end of Lopez Island! These people are traitors masquerading as patriots.

F\*\*\* em

Every few minutes another Growler flies over my home in a Anacortes- at 7:30 pm presently . Metallic shrieking roar drowns out all other sounds and the walls shake. This is torture. This is abuse of civilians.

So loud that I had to stop my conversation with family while inside my home because they could not hear me over the jet noise

Multiple aircrafts at low altitude. Needed to stop conversations and use earplugs. Unbelievable!

Multiple jets

"Absolutely so loud this is so stressful.

Enjoying a quiet evening and then we are ""attacked"" by this disturbing noise.

Appaling "

"Please stop! I just want a quiet evening.

Ready for bed to get up early and work- but in my south facing bedroom deep, sinister echoing, rumbling sounds like far off explosions. Hideous. Between them owls hooting. I want the owls- not war sounds. Anacortes 8:45 pm.

Morning. You know that when you can hear and feel the jet noise rumble and vibration from Whidbey over and above the opera you are trying to listen to, that that jet noise is offensive. TOO LOUD.

9:26am. Jan 27. HUGE rumbling roar of jet action at Whidbey. Broke my train of thought. Jumped with the PTSD of the Navy noise.

Roaring jets ALREADY this morning. Noise is a source of stress. It triggers reactions in the body, including the secretion of certain hormones such as adrenaline and cortisol. These account for the development of heart and cardiovascular diseases.

So loud that I can not relax.

Anxiety due to the noise."

S Lopez, 4 Jan 2021, Mon: 8:03 pm HUGE BLAST from Whidbey followed by another at 8:12pm.

Low-frequency noise pollution/acoustic energy emissions from EA-18G vibrated and shook me, my family and my home from miles away.

Really noisy all afternoon and into evening. We really need a break from this.

Outside activity requires hearing protection. Indoors, music or video is interfered with. I often use noise cancelling headphones indoors when the navy is flying.

Not too bad tonight, but a little bit loud. Hard to concentrate

Woke from sleeping, unable to block out the noise.

This needs to stop, we've been dealing with this for too long. They need to go somewhere else

Woke us all up!

Go away!

The house is vibrating - just turned on my decibel reader on phone after the initial fly over- it is saying 79.3 was the maximum reading yet I know the first flyover was much louder. This is inside- If it gets a higher reading will report that.

just flew overhead and it measured 85,9

Unfortunately, FCLPs at OLF all day today and pretty much all week. No quiet for the weary.

The magnitude of the noise is more than a human can withstand. The Navy needs to bring their jets into the muffler shop or move them out to the Mojave Desert.

Hour after hour. Day after day unrelenting noise. Engine run ups . Wave after wave. Headaches, irritation, nerves, this war keeps going on

S Lopez, 5 Jan 2021, Tue: 8:30am The noise begins again. Continued 9:07 - 10:45am. Walking - the constant ROARING is louder than the 20mph wind. Deafening.

F\*\*\* the navy

Operating at Coupeville OLF

Deafening noise outdoors

Seems like the Growlers are flying further South that they're supposed to.

Loud noise, 10:00am - 12:00 noon. Ruined the peace and quiet while outside gardening/pruning.

Deafening outside.

Lots of military traffic today.

Vibrations in walls and windows.

Awaken from sleep. 9am sharp. What about peace and tranquillity?

Low-frequency acoustic energy emissions from EA-18G aircraft is shaking windows and walls.

My dog is trembling at my feet.

Too loud. Too low.

Not super loud as before, but loud enough I can't hear my zoom meeting and it woke someone up

Hour after hour the planes fly over our street. Enough is enough.

US capitol has been stormed and the navy has no respect for it's neighbors.

Very loud Growler overhead! Noise disturbance lasted 3 minutes. My grandson stopped playing due to noise!

Engine runups this am. So strong it hurt my ears and vibrates the house and internal organs

The vibrations are rattling the chair I am sitting on

Window rattling and shaking inner organs

The floor and the seat of my chair are vibrating from Ault I stop noise and heavy vibrations this am

Terrible growling from Ault

Repeated low flyovers, very disruptive. It was too much to hope that the peace of the holidays would last, I guess.

Really? Today of all days? We need jets screaming overhead?

What a great day for some screaming jets. Really calms the nerves.

Multiple flyovers the islands. Conversations stopped, not possible to continue. Still hearing planes at around 2 pm. Not acceptable, needs to go.

Extremely loud and disturbing

In addition to growlers roaring, jets directly overhead. Piercing noise, overwhelms ALL other sound. Current research shows clearly noise penetrates water to depths of over 100', threatening orcas' ability to hunt and communicate. TERRIBLE NOISE.

FCLPs at OLF. Scheduled to go until late night. Too loud! Walls shake and windows rattle! I know nothing is going to change. Hopefully we can find a way to move this year.

"More FCLPs at OLF.

Covid

Feeling depressed and anxious"

"The magnitude of the noise is more than a human can withstand.

Also, with all that has happened at the Capitol Building in Washington D.C., whoever cleared the way for the jets to fly today of all days has used incredibly poor judgment."

So damn annoying and loud! Right over town, really!?

Very loud over town, unacceptable

3:01pm. January 6. In Anacortes. LOUD jet over head.

You think you're not harming or as, but our solid house is shaking foundations, windows, cabinets with run ups shaking the earth

Jet roaring directly overhead. Noise splits the air, can hear nothing else. Earsplitting, headsplitting noise.

Second loud Growler overhead!!!

Egregious sound, two, one after the other. The sound is driving me crazy. It is intolerable!

Straight over and low

Again straight over and low

Other people on my Zoom meeting asked what is SO LOUD?

12:56pm. Jan 15. Mud Bay Lopez. On a business Zoom with a client and suddenly I cannot hear anything except the screaming roar of a jet overhead. My client asks me What the hell is that? The Navy is interfering with MY MISSION to have and keep a job!

"no WAY!

this jet went over 2x SO much louder and closer each time!

not in the flight pattern!"

Looks like "just for fun". Not for us though.

Flyover

Right over the heart of Lopez village

PLEASE STOP flying over my hoME while an INSURRECTION IS HAPPENING IN WASHINGTON DC!!!!!!!

All day, now. Screaming jets overhead. Go somewhere else. Nobody here ever wanted you, and we're going to make sure you tone it down whether you want to or not. We're all watching.

Fly overs beginning mid-morning and lasting until mid-afternoon.

Sometimes two Growlers in formation. Extremely loud while working outside.

These jets were loud and flying low today, Wednesday January 6, 2021. I don't want to undergo this unhealthy racket.

"The planes are flying non stop - circling over my house.

I am so disturbed by the noise and vibration"

Jan 6, 8:11pm Lopez. LOUD ROAR from jet activity. GO AWAY. Don't need this this evening. GO AWAY NAVY.

Jan 6, 7:10pm. Lopez. After a day like today I am going to report EVERY Jet noise intrusion from Whidbey. It is an interruption in my work and family life to do so, but I will. VOICES MUST BE HEARD. The NAVY is a wrecking ball in this region.

Helicopter directly over my house. Very loud

Numerous take-offs within just 20 minutes

Loud enough for o stop conversations

They are flying on the other side (north) of Coupeville but it is loud enough to disrupt my remote teaching sessions.

Operations at OLF , completely disturbed another evening in my home

Very load and disruptive afternoon and evening with the Jets flying. If they were just quieter. Technical issue I am sure can be solved like they did with commercial plane noise.

Continual from last post

Nonstop engine noise from runups at ault

Airplane/growler noise has become more frequent in the last few months. Please ask your pilots to fly at higher altitudes

Woke from sleeping

F\*\*\* you.

Persistent an\$ disruptive at XXX Fir St., Port Townsend, WA 98368

Persistent and disruptive. Stressful during an already extremely stressful time.

Awful rumbling , shaking thunder shaking the back, south side of my house. Intermittent since I got home. Now 9:40 pm. Horrid disruption of peace and ability to rest and prepare for work tomorrow. Anacortes. Navy abuse of us - people of WA.

These assaults started 8:56 am

Really loud

Flovers

Loud engine noise from Ault is punctuated by flyovers. Ault noise is rattling g everything and sending vibrations up through chairs

Yesterday it was screaming jets. Today it's a rumble in the air that's continuous, that hasn't stopped for at least five minutes straight.

Items shaking on walls for the last two hours

Here they go again...over and over and over!

Extremely loud, way beyond the 'usual.' Made me nauseous. Dogs barking. This is a huge violation!

Way beyond what we have heard so far. Very very disruptive. Torturous! Really? Why is the Navy doing this to its own citizens?

"95 dB on Decibel x Pro app

95 dB Decibel x Pro app

"FCLPs at OLF again today.

i hope you crash

The entire animal kingdom, wild or domestic, above ground or in the ocean, they are absolutely terrified when the jets fly. If you choose to hunker down at home while the jets fly there is no escape. The Navy are ENVIRONMENTAL OUTLAWS.

"Flying overhead- windows rattle and floors vibrate

At the moment it is registering 72.5 - but expect as the passes come- will get even louder as they cut corners to their turn and fly right over the house."

100dB deafening, ground vibrates. News in D.C. stressful enough. Noise incompatible with civilian life.

Ongoing noise from extreme, to low rumbles to house vibrations and work disruptions.

Very loud and low. I saw the jet flying below the clouds in Edmonds.

Again having to end phone conversation because FCLPs are starting at OLF once again today. Too loud to hear other person on phone

The aircraft are WAY out of the pattern.

30 min straight of intense and complete disruption and disrespect for the citizens of this town.

Jets flying low over our home (again). Recorded decibel levels of 92 inside (windows closed). Over 110 outside. House is shaking, glass vase fell off window sill & shattered from sound waves. My wife and I work from home; it is extremely disruptive.

45 minutes of nerve grating noise. This is absolutely repugnant!

Resuming FCLPs at OLF. No peace during dinner tonight.

Nonstop FCLP for one hour, dinner hour, was nothing less than acoustic assault. dBC (low-frequency readings) in the 115 dBC range. My house shook, my dog trembled. These low-altitude flights are a health and well-being hazard.

"Did their 40+ minute series of fly overs- loudest reading I got inside our home 86.3

They returned at 6:15 Pm and did the same path for about 30 minutes and readings were not quite as high."

Trying hard to watch the coup d etat on tv!

Crazy loud!!! My nerves are fried.

Jan7 10:00am. Lopez. LOUD LOUD jets roaring and rumbling. The noise comes right into my home.

10:09am Jan 7. DEAFENING jet overhead. DEAFENING. This is abuse. This is an invasion by the Navy into my home. There is NO REASON for Growlers to be flying over my home. Lopez.

Shaking the floors

10:13am. Jan 7. Lopez. Jets roaming around the skies. Loud noise into my home. Navy: find somewhere else to torture people. You are ruining this region. Your editorial is all rhetoric, no data. Data you put into the EIS was a laughing matter.

Fluovers

Trrrible terrible engine noise. EVERYTHING rattling and vibrations in bodies

**Engine noise from Ault is so bad it's hurting my ears**

**Fighter jet flew low over normally quiet residential area. Sound lasted several minutes.**

**The continuing engine noise and vibrations from Ault coming up through the ground combined with flyovers is very upsetting and difficult to bear**

**Fly-by of two growlers in formation.**

**Deafening sounding interrupted work phone call**

**Jan 7. S. Lopez. SCREAMING ROARING JET OVER MY HOME. 10:43am.**

**Jan 7. S. Lopez. The skies are filled with jet roaring. Hoping to take a break from work, but not interested in having my eardrums blasted outside. 12:04pm.**

**Jan 7. S. Lopez. 12:17pm. The roaring and rumbling is incessant. It fills my home.**

**Jan 7. S. Lopez. Skies are roaring with jet noise. 12:43pm.**

**Jan 7. S. Lopez. Skies are STILL roaring. 12:46pm.**

**Jan 7. S. Lopez. Continuous jet roaring in the skies. 12:48pm.**

**Jan 7. S. Lopez. Skies continue to roar with jet noise and the blasts from Whidbey keep coming. 1:05pm.**

**Jan 7. S. Lopez. SCREAMING and roaring jet over our home. DEAFENING. 1:37pm**

**Jan 7. S. Lopez. Here it is, the screaming jet over our home. 1:47pm.**

**Jan 7. S. Lopez. No surprise, here is yet another screaming and roaring jet over us. Probably spewing jet fuel pollution over us. The Navy thinks it is environmentally conscious. They have done nothing to prove that. 1:59pm**

**Jan 7. S. Lopez. Blast of jet noise. 3:02pm.**

**Jan 7. S. Lopez. Jet roaring overhead. 3:19pm.**

**Jan 7. S. Lopez. The skies are filled with jet noise. My house is filled with jet noise. 5:10pm**

**Jan 7. S. Lopez. Jet roaring over my home. 5:11pm**

**Jan 7. S. Lopez. Jet roaring. Noise everywhere. 5:19pm**

**Jan 7. S. Lopez. Jet noise roaring. I can hear it over the TV. 5:35pm**

**Jan 7. S. Lopez. Jet noise roaring all around and a rumble from Whidbey. 5:46pm**

**Jan 7. S. Lopez. Stepped outside for a breath of fresh air. The skies are roaring with jet noise. 6:30pm**

**3 GROWLERS LYING DIRECTLY OVERHEAD IN TANDEM. NOT SURE OF THE EXCT TIME**

**"NOT SURE OF EXACT TIME BUT EXTREMELY LOUD. COULD NOT BE SEEN AS IT WAS DARK AT THAT HOUR. I AM EXTREMELY CONCERNED ABOUT AFFECT OF NOISE ON WHALES AS WELL AS CHILDREN AND OTHERS LIVING IN PROXIMITY TO AIRBASE.**

**S Lopez, 7 Jan 2021, Thur: 10 hours of constant Growler noise. 8:51am - 7:06pm with a few 15 min breaks. Noise from a low of 63 decibels to 80 decibels inside - 73 dec -90 dec outside. Went N. to escape noise and found GIANT NOISE ON CROSS ROAD!**

Jan 7. S. Lopez. Low threatening rumble. 10:36am

Jan 7. S. Lopez. Jet noise. 7:38pm. It has been a war zone ALL DAY.

Very loud and very low. Others have been rumbling in the background this morning.

Climbing over area, windows vibrate

Flying north of OLF but loud enough to interrupt virtual meeting

More jet noise disrupting the peace shattering nerves and putting everyone on edge. Please stop!!!

fascists

For 2 hr and 34 min jets have pounded us and devoured our peace and quiet.

8:55am, Jan 7. More abuse. Rumbling shaking vibration from Whidbey. On and on and on., This lasts a very long time. Floor vibrates. Lopez.

9:05am, Jan 7. Continued rumbling, vibrating, percussive roaring. Lopez

9:10am, Jan 7. Lopez MORE vibrating noise through the air and into our home. CANNOT believe the propaganda of the Navy in Whidbey editorial. They say they care about the navy and this beautiful region. REALLY? LIES LIES LIES Cannot trust the Navy.

Hideous roaring, overwhelming all other sound. Deeply disturbing and unsettling. Roaring late into yesterday evening as well.

Jan 7, 9:49am Lopez. ANOTHER rumbling roar from Whidbey.

Loud rumbling shaking our well built modern house every few minutes

Incessant roar, vibration and shaking of house today and most days. Feels like constant earth tremors.

Now it's even louder.

Off an on all day. More misery from our own bad military neighbors.

All day. Again.

Incessant rumbles all day long

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. I bet this is going to go on all day, and I will continue reporting each intrusive noise incident. 10:28am

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 10:32am

Jan 7. S. Lopez. Rumble and Vibration that feels and sounds like an earthquake. 11:11am

Jan 7. S. Lopez. Rumble and vibration ...long and pervasive. Keeps on shivering my home. 11:23am.

Jan 7. S. Lopez. ANOTHER long Rumble and vibration from jet activity at Whidbey felt throughout my home. Do our state and national legislators really feel this is acceptable? Are they helpless in the face of the Navy, and its lies? 11:25am

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. I will continue reporting each intrusive noise incident. 11:44am

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. Again, it is so strong it feels like an earthquake. 10:28am

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 11:55am

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. Right on the heels of the previous noise. Rattling. 11:56am

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. Noon. Now we look forward to an afternoon filled with jet noise. The abuse from the Navy continues. 12pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:05pm. The noise has been CONTINUOUS TODAY. This sounds and feels like a war zone, with constant attacks.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. jets are roaring in the skies 12:06pm

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:09pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:11pm. Roaring is constant.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:12pm

Jan 7. S. Lopez. Rumbling and vibrating my home. 12:23pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:41pm.

Rumbling all day long

Rumble and vibration is heavy right here in Coupeville proper this evening.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:41pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:49pm

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 12:50pm. This just goes on and on and on.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 1:19pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 1:20pm

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 1:21pm

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 1:45pm. We get the roar of the jet take-offs and we get them screaming over us.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 2:29pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 2:44pm

Jan 7. S. Lopez. Long long long rumbling vibration of jet noise from Whidbey. Like a prolonged earthquake tremor. 3:28pm

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 3:36pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 3:53pm

Jan 7. S. Lopez. Rumble and vibration again and again and again. It is like feeling bomb blasts all day. 3:55pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. Working at my computer all day. Trying not to be upset by the fact that I cannot concentrate due to all this jet noise and pounding. 4:06pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey. 4:57pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey. 4:58pm

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey. 5:06pm.

Jan 7. S. Lopez. Rumble and vibration from jet activity at Whidbey felt throughout my home. 5:49pm

Jan 7. S. Lopez. Well that was a big one. It was either an earth tremor or the typical BLAST OF ABUSIVE JET NOISE FROM WHIDBEY. 6pm

Jan 7. S. Lopez. Another Rumble and vibration from jet activity at Whidbey felt throughout my home. 7:07pm.

Jets flying low over our home (again). Recorded near 90 decibels INSIDE the home (windows closed). Trying to read and record detailed information for work, to meet strict deadlines, is very difficult. Jets are impacting health and employment.

Jan 7. S. Lopez. ANOTHER screaming jet overhead. 2:03pm.

"Growler noise Monday > friday ,day after day, week after week

Starting @8am >5pm + most all week days

After 5pm if OLF is flying

I can hear these war jets 15miles from home,leaving Audit field ,thrusting westward towards the Olympic peninsula,retur

Very very loud, probably a growler but unsure. Loud enough to drown out indoor conversation ( and not the only time today. )

What a welcome - low flying jets right overhead as we disembarked the ferry. Capt Army in a Seattle Times Oped claims they fly at least 10000 feet above the Islands HA!

Crazy - multiple low level flights over South end of Lopez - Why are we on their flight path. Oh yeah they don't have one.

"Yard work impossible without hearing protection.

multiple overflights"

Flying all morning, F\*\*\* em

This started around 10 but lasted until 1130. The navy is losing local support.

January 8, 10:24am. VERY LOUD jet overhead. Cloudy so I cannot se it, but the roar and shriek are long and loud and ....still going on. Almost sounds like it is landing in the next yard. TOO LOUD! Navy jets should not be flying over my home.

Roaring jets overhead. Earlier this morning, growler noise and vibration. HIDEOUS NOISE.

Jan 8. 11:43am. LOUDLOUDLOUD ROARING jet overhead. A long roar. This was not a commercial plane. This was a Navy LOUD jet. South Lopez.

One growler flying low south to north. Excruciatingly loud . Disrupted business.

Jan 8. 1:13pm. Growler directly over Mud Bay, Lopez. Heard the scream before I could see it, then the roar, LOUD roar, still roaring with a deep Boom. Still roaring, 1:15pm. Deafening. Glad I ran inside.

1:22pm, January 8. ANOTHER GROWLER screaming and roaring over Mud Bay. Lopez. What are they doing? Sightseeing? Taking shortcuts in their boy toys? This is abuse by the Navy. They do not need to fly here.

This is beyond obnoxious— see article: growler noise effect on whale activity

Visual confirmation was obscured by low clouds. Sound was typical growler. Location of flight was south and west of my location.

Too loud, cannot hear TV from SE Lopez Island

Cannot hear radio programs due to noise , sick of this noise

Again and again, over and over this morning

Interference with online work.

Many growlers this morning operating out of their flight path and disrupting my work. Could not hear the phone calls I was on.

Loud Growler overhead

Fly overs beginning as early as 11:30am and still going on mid-afternoon. If outside doing yard work they are extremely loud and force you to cover your ears.

These stupid screaming jets wake up my little kids when they try to go down for naps. I know the military doesn't have much of a history of caring about actual individual human beings, but this is our home. You're an intruder.

7:12pm. Jan 11. S. Lopez. ANOTHER booming blast of jet noise rumbles through our home. LEGISLATORS: I am ashamed of you. You are enabling the degradation of this area for a Navy that tells lies. You should be able to see through them.

Jets screaming overhead!!!

Third time this morning starting at just before 9am.

Extremely loud, hands over ears inside home

F\*\*\* you

F\*\*\* em

F\*\*\* em

Timed the noise, got to 10.5 minutes of CONSTANT jet noise before giving up. F\*\*\*ing hell. F\*\*\* the jets. F\*\*\* the navy. F\*\*\* em all

Direct fly over of house. F \*\*\* these piece of s\*\*\* f\*\*\*i n g jets.

On going all day. F\*\*\* em

Still f\*\*\*ing flying

Flyover of Growler(s) completely halted conversations with patients at Skagit Regional Clinics MLJ building, 3rd floor. Impossible to hear anything until it was gone. Afternoon. Mt Vernon

After some navy growler nterruption at work in Mt Vernon today- home to AWFUL Anacortes, with terrible thunder and now repeated, repeated insane noise when these things go by again and again. 7:30pm presently. Abuse- every time

Jeeeeeesus f\*\*\*ing christ. Still flying over my god damn house the F\*\*\*s

Again...

Jets screaming overhead, circling around and around. HIDEOUS NOISE

This loudness has been near continuous today. Please stop!

Jan 11. S. Lopez 11:4am. LOUD roaring in the sky from jet activity. It was fairly quiet until now. This noise is entering my home!

Jan 11 S. Lopez 11:16am. Roaring jet over my home. The roar continues. Continues. Continues. By 11:18am it is still filling the air with ROARING.

Jan 11 S. Lopez 11:21am. Loud jet over Mud Bay. It sounds like the sky is ripping apart. Deep irritating raspy buzzing noise. Deafening. My eyes are not that good, but it looks like its landing gear is down. Horrendous noise.

Jan 11 S. Lopez 11:26am. That jet roar is still going on. Can't hear the people on my Zoom call. This is a professional call, and it sounds not like I am not in my office, but that I am on the runway at SeaTac.

Jan 11 S. Lopez 11:29am. The roar from jets is TOO LOUD. I cannot hear the folks on my Zoom call. This has been constant for 20 minutes.

Jan 11 S. Lopez 11:34am. Roaring jet over Mud Bay. LOUD LOUD LOUD. I am trying to work and the Navy is interfering.

Jan 11 S. Lopez 11:58am. This 11 o'clock hour has been NON-STOP ROARING. Jets overhead, Jets taking off from Whidbey and killing the airwaves with their roar. We are in a war zone. This is abuse, which legislators think is just fine. IT IS NOT.

Jan 11 S. Lopez Rumbling vibration from Whidbey. Excessive NOISE. The skies and my home are filled with jet noise. 12:32pm.

Jan 11 S. Lopez 12:56pm. LOUD jet roaring over us.

Jan 11 S. Lopez 12:59pm. LOUD JET NOISE.

January 11, 3:42pm. ROARING JET over our home. Sounds like it is going to land on our roof. S Lopez.

Screaming jets overhead. Again. Go to DC, I hear they could use some backup.

January 11 4:36pm. HUGE BLAST OF JET NOISE, rumbling and roaring, from Whidbey. S. Lopez.

Jan 11. 4:38pm. Sounds like the jet that started that big blast a minute ago is headed straight toward us. Lots of jet noise in the air right now. S. Lopez.

Jan 11 4:46pm S Lopez. Yes, we are under attack. The Navy appears to be launching its Growlers one by one. Blasts and Booms and Roars and shrieks as they take off and they fly around, polluting the air with noise and fuel exhaust.

Jan 11. 4:53pm S. Lopez. Skies filled with jet noise. Booming. Roaring. The noise comes right into our home.

At 100 decibels, damage within 15 minutes of exposure. At 112 decibels, damage within one minute. At 140 decibels, immediate nerve damage. Firearms, firecrackers, and jet engines are all louder than 140 dB and cause immediate hearing loss. Sue, YouBet

Too loud too low

And it disrupted dinner and conversations, scared my cat who took for cover INSIDE the house!

7:30pm. Jan 11. Likely there will be no peace this evening. The jet noise comes right inside our home. It sounds like there are 10 jets in the air, all flying around, roaring. ROARING. ROARING,. ROARING. ROARING. South Lopez.

There has been a constant sound for over an hour! It's crazy making. Non stop jet sounds. Has to stop. Flying in circles or something.

Landing gear down, wasting fuel. Another Growler flew directly overhead a minute later with gear up--not loud at all, relatively speaking.

S Lopez, 11 Jan 2021, Mon: 10:25am - 8:30pm. Another 10 hour day of Hideous Roaring. Like living next to a BLOWTORCH. Again, tried to escape by going N. N Lopez was blanketed with ROARING SCREAMING JETS all morning. HELP!!!!!!

suck it

Also disrupted activities and it got quite loud.

Low and loud

Constant roaring. Seem there are few days of peace around here with this, the loudest jet on earth, pounding our ears and bodies every day.

Ok, enough is enough. This extreme loudness and vibration is wearing on me. I have a medical condition where vibrations cause me a lot of pain. Please move elsewhere.

Jan 11 S. Lopez Rumbling vibration from Whidbey. Deep and horrible. 12:13pm

Jan 11 S. Lopez Rumbling vibration from Whidbey. Deep and horrible. Looks like this will be continuous. I will report each one. 12:21pm.

Jan 11 S. Lopez Rumbling vibration from Whidbey. Deep and horrible. 12:25pm

Jan 11 S. Lopez 12:26pm. Rumbling vibration from Whidbey. Deep and horrible.

Jan 11 S. Lopez 12:27pm. Rumbling vibration from Whidbey. Deep and horrible. The noise is continuous.

Jan 11 S. Lopez 12:37pm. Rumbling vibration from Whidbey. My nerves are on edge. It has been constant for over an hour.

Jan 11 S. Lopez 12:38pm. Another BLAST of jet noise from Whidbey.

Jan 11 S. Lopez 12:46pm Rumbling vibration from Whidbey. Deep and horrible.

Jan 11 S. Lopez 12:50pm. Rumbling vibration from Whidbey. Deep and horrible.

Jan 11 S. Lopez 12:54pm. Rumbling vibration from Whidbey. Deep and horrible.

Jan 11. 4:04pm. Huge rumble and vibrating roar from Whidbey. South Lopez

Four growlers flew over at 11:11,11:16,11:23 and 11:29.

January 11 4:42pm. S. Lopez. Sounds like the Navy has declared war on the evening. Big blasts from Whidbey. (Jets taking off?) and the the roaring whhooosh of jets screaming in the skies. Doors and windows closed. TV on. Jet noise fills the house.

4:56pm Jan 11. That one felt like an earthquake. I could feel the vibrations in my body. Big concussive blast from Whidbey.

January 11, 5:44pm. ANOTHER rumbling roar from Whidbey.

5:52pm. Jan 11 ANOTHER BIG BLAST from Whidbey. Sounds like an explosion.

Jan 11, 6pm. ANOTHER BLASTING BOMBSHELL of NOISE from Whidbey. S. Lopez.

Jan 11, 6:02pm. The house is vibrating. I am feeling it in my bones. A HUGE blast of noise and vibration from Whidbey. 14 miles away and this is what we get: WAR from the NAVY. The is the Sound of ABUSE.

We're going to do this again, huh?

7:05pm. Jan 11. ANOTHER BLAST of Jet Noise from Whidbey. A day and evening of being jolted by Navy's form of terrorism. S. Lopez.

7:10pm. S. Lopez Jan 11. Another LONG persistent rocking BLAST from Whidbey. The air was shaking.

Disrupted activities and extremely loud.

7:40pm. Jan 11. Constant jet noise, now a huge rumbling roar that is concussive. The roar is deep, pervasive and it invades our home. S. Lopez. There is jet noise everywhere.

7:51pm. Jan 11. S. Lopez. ANOTHER ROARING RUMBLE from Whidbey. Disgusted.

Awoken from sleeping again

Loud screeching and vibration in the house

? minute intervals? Hearing protection necessary outside. Computer work interfered with. Day after day is nerve wracking. Once again considering moving.

On going. How long must I wear hearing protection?

F\*\*\* the navy

Ongoing roar. only moments of quiet. This has been going on intermittently for years. Seems to be getting worse. Phone conversation, Zoom meetings... paused.

i can do this all day

F\*\*\* off

Over and over excessive climbing through the sky causing inescapable noise in our home

Hope it's the only one today.

There are more and more fly overs in San Juan County. There is what appears to possibly be an occasional 737 too.

Directly overhead VERY LOUD AND LOW

Very loud. Having meeting and had to o stop till the flight had past

2:16pm Jan 12. Thought I would take a short walk outside in between Zooms. Stepped outside and came right back in. Jet Noise Everywhere! If I don't think I would take a stroll on the SeaTac runway, then why would I take a walk on Lopez Island?

It was really low!

12:32pm. S Lopez. I cannot tell one jet from another, but I can tell when this LOUD jet is not a commercial jet, so it must be a Navy jet. VERY LOUD over us.

1:40pm. S Lopez. ANOTHER LOUD JET roaring over us.

Get your damn WAR GAMES out of our Lopezian airspace NOW!!! WE NEVER AGREED TO BE PAWNS IN YOUR WAR GAMES!! YOU ARE DAMAGING MY HEARING!! MY EARS RING FOR HOURS AFTER YOUR NOISY FLIGHTS OVERHEAD!! Leave Lopez Island ALONE!!

Correction.

I thought no training this week....

S Lopez, 17 Feb 2021, Wed: 12:02, 82.4 decibel Overflight in the house 95 decibels outside. 5pm - 6:59pm No FCLPS scheduled BUT - windows vibrating, ROARING from AULT, Overflights screaming overhead. INSANE!

Low flying over south Lopez

Southeast López Island , WA

So loud we can't have dinner conversation in our house

SE López Island, WA

Fly By. Incredibly loud. Completely obliterated the peacefulness of the night.

Growler flew directly over my house. This has now happened num Roy's times over the last month plus. This is new and another expansion. Are they at war against the American public?

Distant roar and rumble damaging the acoustic airspace from miles away.

Evening shattered by roaring jets. Cannot carry on ordinary conversation while jets roar. Horrible noise, horrible sensation.

F \*\*\* em

Circling jets overhead, walls and windows vibrating.

My email to comments.naswi@navy.mil bounced. What's with that?

Low level high speed pass over town of Coupeville, Bullshit!!!

torture all day

hell on earth

Completely intolerable

Home from a hard days work in Mt Vernon to the thundering sounds of warfare, shredding the skies and shaking the back of my home in Anacortes. Makes me wish I were still at work- and I don't want to be there. Horrible, horrible peace wreckers.

This level of insanity- of screaming aircraft noise, shaking of homes is violence done to the earth and the people who try to live on it here. This is unconscionable. Anacortes near the ferry terminal. Horrible.

Get your **GOD DAMN GROWLER JETS** out of our skies!! You are treating us as pawns that do not have a say about what **OUR MILITARY** is allowed to do **TO US!! YOU WORK FOR US!! YOU ARE NOT ABOVE THE LAW YET YOU TRY PRETEND YOU DON'T HARM US...SHAME ON YOU ALL**

Sounds like a rocket taking off over the house.

11:22am. Jan 12. Jet screaming and roaring over us. Absolutely deafening inside my home. This is not acceptable. **NOT ACCEPTABLE.** The Navy has no right to disrupt my home.

11:19am, Jan 12. The jet noise in the skies is incredible. Yesterday the jet noise interfered with my work Zoom calls. Today the same. Navy: Go somewhere else. Legislators, do your jobs: Protect us, because the Navy isn't.

11:46am, Jan 12. **ANOTHER** loud jet over South Lopez. **GO AWAY!**

12:17pm Jan 12. **ANOTHER LOUD SCREAMING ROARING** jet over my home. Drowns out the music I am playing. S. Lopez.

High-pitched screaming roar flying over. Headache, nausea immediately. This horrific noise is unbearable. We didn't buy land here, to hear this insanity. We could have stayed in the city for that.

"Many very loud low passes this morning, above the very low clouds. Totally disrupting outside activities.

Yesterday loud throughout the day yesterday as well. And a dull roar for much of the night. But not deafening like this morning. "

12:57pm. Jan 12. **LOUD** Jet is ripping up the sky above us. House is vibrating. This is an invasion by the Navy.

"Jets roaring overhead, earlier this morning, late yesterday evening and now. **HIDEOUS NOISE**

Beginning at about 12:30 there have been multiple high speed fly overs by Growlers that have been extremely loud and very disruptive if you are outside.

1:09pm. Jan 12. Infernal loud jet rumbling from Whidbey. The Navy is ruining the San Juan islands. All we hear is jet noise. Is this what we attract tourists to? Is this what we brag about? **NAVY: GO AWAY.** You are environmental terrorists.

More screaming jets. It's Tuesday, so I assume it'll be all day, just like it always is.

Deep trembling and vibration throughout the house. Ridiculous

For the last several hours, jets have been flying over, usually creating about two minutes at a time of rumbling roar. Vibrating windows and physically felt in my diaphragm, even though we are indoors. Disruptive and stressful.

Too bad your comments email not working.

Still at it. Another almost lost-day. No work outside. Headphones inside. This impacts peoples attitudes and energy.

Loud continuous flights overhead since 5:00pm disrupting of in-house activities

It is ridiculous that I must put on my headphones with loud music to drown out the **CONSTANT** jet noise for the past 2.5 hours for peace and quiet in my own home.

5:25pm. Just felt a vibrating jolt through the floor and heard the rumble of jet action at Whidbey. Always wondering, "Is that an earthquake?"

5:56pm. Jan 12. S Lopez. A big rumbling vibrating wall of noise hit us just now. Close to dinner time and here we are with the roar of the War Zone.

5:58pm. Jan 12. S Lopez. ANOTHER ROARING RUMBLING VIBRATING WALL OF NOISE. The Navy never sleeps, and never lets anyone else sleep either. Arrogant Navy.

6pm, Jan 12. S Lopez. ANOTHER huge rumbling vibrating roar felt and heard from Whidbey

6:02pm. Jan 12. S Lopez. ANOTHER rumbling vibrating roar. They are sending all their jets out, apparently, one by one, right after each other. Go Away, Navy.

Disrupted our dinner!

Very low in the back ground.

"War jets traveling east and west to and from NASW all day.

I can hear these war jets 15 miles from my home.

When they leave Oak Harbor Whidbey I hear them within one minute of take off.

Not much time left for mother nature.

Continued abuse

VERY LOUD rumbling lasting several minutes interrupted our quiet evening inside our home

After last night's storm which by the way was one of the worst, loudest and most sleep depriving storms... tonight you decide to torture all who haven't

slept in almost 24 hours. Incredibly... please have some decency and some compassion for humanity.

EA-18G started flying one after the other with a few minutes separation while I was trying to watch local news about the storm until 6:30 PM. Did not get a count of Growlers at the time.

At 7:15 PM kept count of Growler flights due to noise was only able to concentrate on flights. By 7:45 counted 47 flights on a note pad.

3:54pm. Jan 13. S. Lopez. Taking a quick walk for some exercise, and Boom, the air is filled with a jet take-off and rushing roaring noise in the air.

S Lopez, 13 Jan 2021, Wed: Big storm, no power or telephone - but the growlers start at 7:30pm - Sigh. Wish we could have a big earthquake that would open the fault under Ault Field and swallow NASWI.

Assuming growlers but they are not flying full force. Very low very loud. Three flight in a row directly over my house. Easily heard even over our generator going because the power is out.

Get your email working.

Impeach!

ruined being out here. just like always

Loud, growling, rumbling vibration telegraphs all throughout my home

Home early from a stressful day's work on the in the Skagit Valley (heard growlers there too) to the sound of threatening southern thunder- deeply low shaking vibration to my Anacortes home. So very UN-peaceful and disquieting. Navy abusing us.

I'm in a zoom meeting and it's hard to hear and talk

Several planes flying overhead

Low-frequency acoustic energy emissions penetrated our home and the persons within.

Interrupting a zoom class I'm trying to attend

Nearly two hours now of incessant mind grating noise from OLF

"Roaring so loud that it overwhelms indoor conversation. Roaring accompanied by vibration is extremely unpleasant, like being shaken from within. HORRIBLE AND DESTRUCTIVE

The house is shaking with vibration from growlers. The noise and vibration are harmful to every living creature, causing a flood of stress hormones. The noise and vibration also overwhelm ALL other important and meaningful sound in the environment.

Loud, obnoxious, unsettling, awful . . . Just stop already!

**STOP RUINING OUR PEACE!! WE NEVER AGREED TO BEING PART OF YOUR WAR GAMES...STOP ABUSING US AND DESTROYING OUR HEARING ON LOPEZ ISLAND!!**

Multile interruptions this morning. This is just the first time I've had a chance to report.

The islands were subjected to the dreadful noise and vibration of growlers for the entire day. This is harmful pollution, painful and disturbing. The noise is dreadful and inescapable. It defies any good sense that this noise is allowed.

FCLPs starting at OLF.

Restarting FCLPs at OLF! Hoping for a quiet night after the big wind storm and loss of power for 24 hours. No such luck.

Wave upon wave of engine run ups. Shaking house structure

Constant roar and rattle. They are killing us over here.

"Dear US Navy, Your aircraft are flying less than 400 feet from the roof of my home. The magnitude of the noise is more than a human can withstand. Please be more considerate and consider choosing a different flight path."

So damn loud... ongoing bouncing at OLF. :/

F\*\*\* em

Audiometer outside my window recorded 118, over several alight patterns. Too noisy! We had to put on headphones to stand it. This needs to stop!

They began at 7 pm and the decibel reading started at 70.5. After the third series of flights surrounding the perimeter of our home it raised to 75.5. Inside our 2 story home.

The vibration from the growlers is UNBEARABLE. It hurts every nerve, it disrupts and overwhelms every other sensation. It causes an ongoing, pervasive stress response. It is extremely unhealthy & horrible. There is no escaping the noise & vibration.

9:01am Jan 14. S Lopez. Now the air is filled with jets roaring around.

9:05am Jan 14. S Lopez. The jet noise in the sky - penetrating into our home - is incredible.

9:07. Jan 14. S Lopez. The noise in the skies is incredible. Jets must be flying everywhere.

9:15am. Jan 14. S Lopez. I will enter every noise incursion I hear and feel. The past 15 minutes have been like living next to Sea Tac combined with an exploding bombs. The jet noise is pervasive right now.

9:19am. Jan 14. S Lopez. It sounds like the world is exploding. Jet activity from Whidbey is offensive and abusive. The Navy lies. Hah! "No impact." What a lie. "Following our mission." What mission: To abuse us?

Like I said, all day again. I'm only reporting maybe one incident out of every ten.

9:31am. Jan 14. S Lopez. Jets are roaring in the skies. The air is filled with jet noise.

9:37AM. JAN 14. SOUNDS LIKE A WAR IS GOING ON.

9:45am, Jan 14. S Lopez. I am running out of words to describe this horror. The skies are thundering with jets roaring.

9:54am, Jan 14. S Lopez. MORE jet roaring in the skies. VERY LOUD.

9:57am, Jan 14. S Lopez. Jets are roaring around. We may as well be living at SeaTac

10:43am. Jan 14. S. Lopez. So our war zone experience today is the blasts of thundering jet engines as they take off, and then the roar as they fly around. Right now: JET OVERHEAD.

10:51am. Jan 14. Jet noise everywhere.

10:55am. Jan 14. S. Lopez. MORE jet noise. It fills the skies. Pervasive.

11:45am. Jan 14. S Lopez. MORE and CONTINUED jet noise in the skies. Abuse.

3:47pm. Jan 14. S/. Lopez. Loud jet roaring in the skies.

12:18pm. Jan 14. S Lopez. Loud jet roaring noise in the skies.

12:28pm. Jan 14. S Lopez. The jet noise in the skies does not stop. Constant Constant roaring.

12:39pm. Jan 14. S Lopez. The jet noise in the skies does not stop. Constant Constant roaring.

12:42pm Jan 14. S Lopez. The jet noise in the skies does not stop. Constant Constant roaring.

Noise is rattling the dishes just in time for dinner

Low and loud.

S Lopez, 14 Jan 2021, Thur: 8:55am -The Roar begins 79.6 decibels in the house. Everything vibrating all day 75 - 80 decibels in side. 85 - 90 dec. outside. FINALLY QUIET AT 8:30PM. 11 STRAIGHT HOURS OF NOISE is too much. . . way too much.

Helicopter flying right over the house.

Several times throughout the day- heard low rumbling hunder through the roof in my windowless office in Mt Vernon- disquieting racket of navy warcraft late morning and early afternoon.

Repeated noise to southeast

8:15pm. Low rumbling from NASWI

My god, just stop already. Everything is bad enough as it is.

Much too loud in our living room, SELopez Is.

Growler flights heading east started at 10:15 AM after counting 21 flights stopped at 11:10 AM.

Flying opposite side of OLF but it is hard to listen to TV once practice started.

Really loud and offensive noise all evening. Not bad enough be struggling with Corona Virus but have to have my eardrums blasted in my own home almost daily is really intolerable.

Off and on all morning

trying to write a letter and getting interrupted by growlers in my chest and ears

God, it's been all morning. Nonstop. Just assume I've filed twenty more reports for the rest of the day- this is the last time I'll have available to just drop everything to report this horrible, unrelenting noise.

Very Loud and rumbly today. My office is vibrating and shaking.

8:57am Jan 14. S Lopez. **ROCKED BY WHAT I FIRST THOUGHT WAS AN EXPLOSION, AND THEN AN EARTHQUAKE.** The house was shaken. What? It is jet noise from Whidbey. Engine run-up? Jet taking off? **EXPLOSIVE JET IMPACT.**

9:00am Jan 14. S Lopez. **ANOTHER** rumble and vibrating roar shaking us. **HUGE WALL OF JET NOISE AND VIBRATING AIR WAVES.** It is almost indescribable, this feeling of being hit, literally hit, by concussive jet action. 14 Miles from Ault.

9:00am Jan 14. S Lopez. **ANOTHER** rumble and vibrating roar shaking us. **HUGE WALL OF JET NOISE AND VIBRATING AIR WAVES.** What are they doing? Launching one jet after another? Pounding us in our homes. Fiends.

9:10am, Jan 14. S. Lopez. Jet noise in the air everywhere and just got shocked by another prolonged roar and wall of noise, again, like an earthquake. The floor vibrates. There is a war going on.

Sickening roar and vibration all morning. Deeply disturbing noise, and deeply unpleasant, unsettling sensation from ongoing vibration. This noise is **DREADFUL** and **SICKENING**

9:22am Jan 14. The house is shaking. The floor is vibrating. I feel this concussive wall of noise inside my home from 14 miles away from Whidbey. This is an assault by the Navy. The roaring just goes on and on.

9:33am, Jan 14. S. Lopez. Explosive rumbling and vibration from Whidbey. Disruptive to my work. How can I think and work when the house is shaking?

9:35am Jan 14. S. Lopez. **EXPLOSIVE BOMBING** rumbling and vibration from Whidbey.

9:40am, Jan 14. S Lopez. **HUGE** rumbling vibrating wall of jet noise.

9:50am. Jan 14. S Lopez. For the past hour we have been subjected to an assault on ourselves and on our homes. Now, again, another huge blast of jet noise and rumble. House shivers with the impact.

9:52am. Jan 14. S. Lopez. House is shaken again by huge rumbling wall of jet noise from Whidbey. **WAR ZONE.**

9:55am, Jan 14. S Lopez. Our home is shaking again. **HUGE BLASTING ROAR** from Whidbey.

10:02am. Jan 14. S Lopez. **HUGE BOMBING** rumble and vibration

10:11am. Jan 14. S. Lopez. Deep and rattling roar from jet noise explosion from Whidbey. The floor shakes.

10:19am. Jan 14. Another blast hits our home. The house shakes.

Loud rumble and vibration all day long

10:45am. Jan 14. S Lopez. More rumbling a vibrating. Our home is shuddering with the impact. The sensation is the same as being in an earthquake.

10:47am, Jan 14. S Lopez. A long shuddering roar and vibration from Whidbey.

Multiple

All day today deep rumbles from jets warming up!!!

11:17am Jan 14. S Lopez. Deep vibrating rumbling roar from Whidbey. Imagine your home being shaken all morning. The Navy invades us and disregards us.

11:27am Jan 14. S Lopez. AGAIN. Deep vibrating rumbling roar from Whidbey. Imagine your home being shaken all morning. The Navy invades us and disregards us.

11:28am Jan 14. S Lopez. AGAIN. AGAIN. Deep vibrating rumbling roar from Whidbey. Imagine your home being shaken all morning. The Navy invades us and disregards us.

Off and on all morning and starting in the afternoon. Even here in the north end it has gotten intolerable. Hopefully, now that their so called commander-in-chief is gone the new administration will finally reign in this horrible neighbor.

11:48am, Jan 14. S. Lopez This has been going on all morning. BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

Made it hard to talk with worker doing window replacements at my place.

12:09pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

12:40pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

12:46pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse. House is vibrating.

1:22pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

1:29pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse. This was a long concussive roll, as if 3 or 4 jets were taking off at the same time. Shuddering through the house.

1:41pm Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

3:19pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

3:35pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Like thunder only louder, deeper, worse.

4:00pm. Jan 14. S. Lopez BIG Rumble and Vibration. from jet activity. Thunderous.

4:42pm. Jan 14. S. Lopez. HUGE ROAR AND RUMBLE FROM NASWI. ALL DAY ALL DAY ALL DAY.

5:58pm. Jan 14. S. Lopez. Just beginning to hope that the torment of today was over. And BOOOOOOOOM. Another shuddering rolling roar from Whidbey. As if 4 jets are taking off at once. The house was vibrating.

5:59pm. Jan 14. Just recorded a rumbling roar, and now here is another one. No peace this evening I guess. Rolling roar!

6:20pm. Jan 14 S Lopez. ANOTHER BIG RUMBLING NOISE from Whidbey

6:50pm. Jan 14. South Lopez. We are experiencing rumbling vibrating explosions, one after the other. This is NOT good. This is abuse.

The Growlers were loud ALL DAY yesterday. At least every 10-15 minutes. The sound made my windows shake as well as my guts. It is just torturous having these jets constantly make sound, any time but ESPECIALLY in these incredibly stressful times.

The walls, countertops, pots and pans, and windows were rattling. It was quite startling to my pets and the noise gave me a headache

Rumble, screeching and vibration in the home. Woke from sleeping

Cannot hear radio even with headphones on. Bullshit

Again again overhead wrecking our peace

It's too early for this

I just looked at the schedule, they aren't supposed to be flying today..smh

Carrier landing practice/Coupeville, all outdoor activity suspended, sheltering inside. Low-frequency acoustic energy emission is dangerously intense, harmful..

I can't even hear the music which is in front of me because of these jets. They either need to make them quieter or get rid of them completely

Having a nice beach walk at Fort Flagler State Park when the growlers incessant noise disrupted our peace.

It is humane to throttle down before passing over inhabited places and parks, but if the engines are gunned as soon as the area is cleared the people passed over are still subjected to extremely disturbing and persistent noise. Please stop.

Ridiculous low flight over town, shaking and vibration in the house

Flying low across penn cove going west, blasting us with deafening sound

FCLPs starting at OLF

We were driving by OLF on our way to the park as a jet was coming in for a touch and go. It passed at about 30 feet directly above our car. It was terrifying and so loud the car shook.

It was time for a dog walk. Jets were doing FCLPs at OLF. Too loud to walk in our neighborhood or nearby park. We thought we could escape noise at Fort Casey State Park. But no! Three jets in a row went screaming by low along edge of park. ARGH!

Sitting outside, jet measured 102 on audiometer.

Very loud jets flying right over my house. I work from home and can't talk to my clients on the phone because of the noise.

"So loud can NOT hear TV

SE Lopezisland "

10:47am, Jan 15 Mud bay. EXCESSIVELY LOUD JET roaring over Mud Bay, Lopez. Heading toward Whidbey from the Northwest. The roaring goes on and on and on and on and on.

11:40am, Jan 15. Loud jet over S. Lopez.

I may report a time but it is repetitive flights. Was going to take grandkids to park is and decided not to because of the constant loud rumble. The 10:16 flight was very lousy and the noise penetrated the house with fans, tv and grandkids.

i give one free pass and then start complaining. this is the second pass this a.m.

What a great day until the growlers started flying and driving us indoors. Indoors only reduced the noise but still at level that is very obnoxious.

12:07pm Jan15. S. Lopez. Big rumbling shaking roar from Whidbey.

Jan 15. Another huge roar from NASWI

I just got home from the hospital. I need rest which I cannot get because of this maddening noise.

all these rehearsals and you can't stop a bunch of ignorant thugs from storming your capitol?

Non-stop overhead loud noise

Acoustic energy emissions in cold dense winter air made low-frequency noise pollution from EA-18G aircraft especially horrendous.

Rumbles the house a bit. They should fly higher or not at all

Can't hear my own tv

Bone-crushing noise pollution.

It's very hard to get a proper night sleep and get up early for work with jets flying so late...even worse when they go later.

**STOP BLASTING RESIDENTS WITH F'ING EMF WAR GAME CRAP**

Low Fly overs all day long. Crazy. "we only fly over at 20000 feet" How can you trust a military that can't tell the truth.

Inside my house and could not hear my tv

Very loud right over our home on Mud Bay.

94.9 dB per Decibel x Pro app

85.2 dB per Decibel X Pro app

i will complain every fifteen minutes until this stops

Even with our stove fan blowing, and with lots of insulation in our walls, I can hear these monsters contaminating the skies with their noise.

FCLPs at OLF. Can't enjoy dinner or conversation with the noise overhead.

Miserable loud, stay away from our roof tops! Se Lopez island

Another FCLP session at OLF.

Using a handheld decibel meter I got a reading of 125dB just outside of our house as the jet flew directly overhead on the touch-and-go pattern from OLF.

F\*\*\* em

Too loud to do anything but feel sorry for yourself.

**F\*\*\* off war pigs**

If I was outside they would be extremely loud. But inside it is rumbling and activities are disrupted. I just want a nice quiet evening. They need to stop. This is getting out of hand.

Very low flying over house with after burners. So loud that it is taking toll on my mental health.

90 downstairs & 95 db upstairs in my house with the windows closed. My neighbor ... took a reading outside their home at 7:50 pm-125 db. Persisted until after 9:10 pm. This early pm 1/20 the jets are flying directly over my house and off schedule.

2 Growlers in a row came over about 4 minutes apart. The second one's roar was so terrible that I had to cover my ears!

11:19am. Jan 19. S Lopez. Loud jet roaring around above.

11:39am. Jan 19 S Lopez. VERY LOUD jet over us. VERY LOUD!!!!

11:55am. Jan 19 S. Lopez. LOUD jet over us. Now I am worried. I have a client Zoom in 5 minutes and is this just the introduction to loud jets disrupting my ability to hear the Zoom conversations? The problem is the disruption the Navy causes.

1:33pm Jan 19. S Lopez. Jet noise disrupts my Zoom call with clients. LOUD JET.

1:35pm. Jan 19. S Lopez. LOUD jet overhead. Why are they flying over us?

1:37pm. Jan 19. S Lopez. A Deafening roar. The sky is being RIPPED APART. TOO LOUD. DEAFENING!!!!

140pm. Jan 19. S Lopez. What is going on? Is this a jet parade? Are they playing follow the leader or just circling over us. MORE LOUD jet noise.

12:35pm. Jan 19. S Lopez. Loud jet noise disrupts my Zoom call with clients. This is not only disruptive, it is abusive. Jets have no business flying over Mud Bay, flying over residential areas.

2:07pm. Jan 19. S Lopez. LOUD jet noise. LOUD

3:58pm. Jan 19. S Lopez. More loud jet noise fills the air.

7:20pm. Jan 19. Mud Bay, Lopez. WHAT IS A LOUD SCREAMING AND ROARING JET DOING FLYING LOW OVER OUR HOME AT THIS HOUR heading East? Inappropriate at any time, but why are we disrupted by this? I can still hear it as it turns and goes toward Whidbey.

8:30pm. Jan 19. S Lopez. ROARING Jet over us. Loud and disturbing.

S Lopez, 19 Jan 2021, Tue: 8:57am The ROAR begins again.

S Lopez, 19 Jan 2021, Tue: 5:57PM - 6:35PM STEADY ROARING 67 - 78.4 decibels inside the house. These Growlers are probably going to OLF to torment Coupeville. Lopez Island hears everything coming and going from AULT.

Having trouble hearing my audio book. My husband has his earplugs in so he can nap. His nap time is my only opportunity to hear my audiobook. Sad for me.....

Went on for 15-20 minutes. Emailed Navy complaint email and it bounced back. This happened last time I tried to report growler noise, maybe a week ago.

3rd round tonight, the current one is a bit more distant.

Flying on the north (opposite) side of OLF but the rumbling is loud enough for me to have to adjust the volume on TV.

I hope Biden clips your wings.

Came home to sound of jets blasting my eardrums. This is way too loud for residential area. Please take it to remote location

Very loud and totally annoying. This isn't sustainable almost every night.

On and on , 9:20 pm , how are people supposed to sleep?

"Second round tonight.

This is the error message I get when I try to report to Navy via email:

Delivery has failed to these recipients or groups:

Comments.NASWI@navy.mil

The e-mail address you entered couldn't be found. "

Disturbing noise from jets went on for hours.

9am Jan 19. After a blessedly quiet long MLK weekend, the Navy is at it again with jet disruption. Rumbling roar at 9am. S. Lopez.

10:30am. Jan 19. S Lopez. Some rumbling roars from NASWI in the past 45 minutes or so. I was working and could not note the times. Distracting.

8:10pm Big rumble and vibration waves from Whidbey. The house shudders. South Lopez.

8:45pm. S Lopez. Deep rumble and vibration rumbles through our home.

F\*\*\* em

I have heard them all over the island all day. They are still flying.

Trying to watch inauguration, interrupted again

Are we at war??

Interrupted zoom meeting

I'm about to start my zoom meeting and then they start flying. This is ridiculous.

You know what I don't get, this is supposed to "simulate" doing touch and goes on a moving ship, but it doesn't really. The only way to get practice is to actually do it on an aircraft carrier.

I'm in the middle of a zoom meeting and can't hear with the volume up all the way...

"Location : XXX Drive, Long Point, Coupeville (map isn't working).

Registered over 80 on the audiometer inside my house over multiple flights overhead. Had to turn up television. As Joe would say, c'mon man!"

A\*\*h\*\*\*s

the growlers have been noisy through out the day. About 2:45 pm they flew directly over the house and were so loud we ran out to see where they were! Frighting! Now at 7:50 pm they are loud enough to be disruptive even when we are inside our house

9 o'clock in the night, Navy EA-18G overhead (FCLP) is unnerving my dog and the penetrating low-frequency acoustic energy emissions are penetrating our very beings.

Is 9:10 at night the "early evening" you said you'd be flying? Resenting the relentless noise pollution on the west side of Camano Island

They are still flying

1:19pm. JAN 20. S Lopez. I was on a phone call and suddenly a walloping jet roar drowned out all conversation. Sounded like a jet was roaring down on us.

"They started at 12:55. Another at 1:00. Again at 1:05 and then 1:25.

Hope they're done for the day. "

During our celebration of our 46th president our military should have a chance to relish this moment instead of growling.

Non stop noise all day.

"It has been a very long day. It is inauguration day. Most are celebrating, we are ""growling"" ...this has been a very long unbearable day

Have a vacation day at home in the week. For whatever reason a series of P-8s are flying over my house (737s;) while I don't like warplanes low near my house, these things are downright silent compared to the one Growler that came first. Anacortes

Told no FCLPs today until evening. Out on my run when jets start. Way too loud. Two miles from home. No escape!

Menacing, terrible jet noise

Sounds like a space rocket launch here. Ridiculous

Load, menacing pass, split Whidbey & Camino

Extremely menacing pass, low speed, dirty, split Coupeville and Camino Island

Screeching screaming and ripping our peace and quiet

Restart of FCLPs at OLF. Once again, unable to enjoy any dinner conversation as it is drowned out by the jets.

Too many in a pattern is unbearable. Based on last night, exits are way too low over homes. Dinner hour ruined.

Unbelievably, they are now doing touch-and-go flights overhead during the evening Presidential Inauguration Celebration programming, which makes it impossible to hear the program. This choice seems so disrespectful and very oddly unpatriotic.

have flown over a couple times today- this series of flights were more overhead than the others- highest decibel reading this evening 79.9

"Another evening on the west side of Camano polluted by LOUD Growler noise, PLEASE STOP!!!

I was walking with a friend by North Beach and we literally could not hear each other for five minutes. This is not fair. Go play war somewhere else.

Sudden blast of awful noise

How can we sleep ???

FCLPs continuing at OLF

"12:23-left house (about 50 minutes+)

5:47-6:31pm

7:08-7:48

7:54-8:22 Over 90 db at 7:56

8:59-9:38 Over 96 db inside, 125+

All these operations were not on NASWI's website. All directly over my house or next door neighbor's. Still going at 9:38 pm. "

Your schedule for today said "early evening". Its 9:45 at night. Your 15,000 neighbors on Camano Island would greatly appreciate some PEACE AND QUIET

Sooo loud and they are flying low over our house and the kids can't sleep. They have school tomorrow!! Why are they doing this. Feels like living in a third world country. Please stop and stick to the main base.

11:25am, Jan 20. LOUD JET NOISE in the skies, penetrating our home. Louder than the TV.

10:55am. Jan 20. Loud jet noise over south Lopez.

11:27am. Jan 20. S Lopez. Loud roaring jet over South Lopez. Growing Roaring noise, deep growling. Echoing, rolling thunder. Still roaring. ....still roaring. 11:28am. Still roaring. Still roaring. Navy destroys this environment. 11:29am

11:40am. Jan 20. S. Lopez. It seems the jets are on a race track with the swooshing, deep roaring NOISE that fills the skies and our home with jet noise. Like right now.

11:43am. Jan 20. The jet noise continues. Roaring in the skies right now.

11:49am. Jan 20. S Lopez. VERY LOUD and DEEP rolling thunder roar above us. Long continuous roar that echoes through the skies and drowns out the TV. This is arrogant abuse of the residents of this region by the Navy.

7! Flights over head in 1/2 hour. The average # the navy claims is 8.8? So loud my granddaughter had to plug her ears

12:58pm. Jan 20. S Lopez. Jet roar just blasted into our home. Like the air being let out of a tire right next to your ear. WHAM! Now it is roaring, roaring, roaring as I imagine it is roaring toward Whidbey perhaps to land.

1:01pm. Jan 20. S Lopez. There is jet noise swooping all around. Roaring like rolling thunder. Can't hear the TV, that's how loud and intrusive the jet noise is. This is NOT ACCEPTABLE. The Navy does not have the right to enter my home.

Direct fly over the middle of Lopez

1:03pm. Jan 20. S Lopez. Now we have ANOTHER ROARING JET TAKING OVER OUR HOME. What are we...the runway for the Navy? This is abusive behavior. These loud jets are NOT appropriate for this region. 1:05 and the noise continues.

2:16pm, Jan 20. S Lopez. Very loud and noisy jet roaring. Once again, Interferes with hearing other things in the home.

Could not carry on business conversation inside of house the noise was so loud.

"Handheld decibel meter reading for a touch-and-go flight over my house was 113.4dB.

The flights during this time started approximately 12:30pm today although the schedule posted"

Inauguration day. Woohoo. Jets again flying low and loud. We need a break.

SE end of Lopez Is. Had to plug ears and stop my work.

S Lopez, 20 Jan 2021, Wed: 11:50am - 12 noon- Screaming jets, 3pm - 3:20 pm. Growler flyovers 90+ decibels inside the house. TOO MUCH ! !!!!!!! My ears hurt.

Low rumble but my students could hear it via distance learning and i needed to adjust the volume.

Just STOP! Please stop. Second night I have had to sleep in my tent in my unfinished basement with no heat to try and get away from the noise. They have flown two days in a row all day through late night.

Had to adjust the volume on TV although the jets are flying on the other side of OLF

God how much can you expect me to take. Unbearable noise all evening. Find a remote location not a residential area like this.

4th time today I've been disturbed by the noise and vibration inside my home.

Although it calendar states jets until "early evening" then the jet noise has been late afternoon and is still continuing as of this reporting at 9:30pm, this does not feel like early evening.

Again?

Again flying over town climbing like rockets

Ridiculous and invasive breach of our peace

Once again disrupting my work and rumbling through my house . . . Not appreciated.

Blasting our peace

Horrible, peace wrecking, house shaking thunder- lasting many minutes- can only hope it doesn't go on for hours or keep coming back. Anacortes 7 pm

11:24am. Jan 21. S Lopez. LOUD jet above our home.

CRAZY loud today. x 8 already flyovers Lopez. This is not part of their base or tactics. We are just citizen collateral damage. To quote Joe Biden - "let's stop this uncivil war"

My husband comes into the house saying he's had it. He has been working outside but the jet noise is just too much this morning. Can't hear himself think. Jan 21. Mud Bay.

1:59am. Jan 21. Loud jet soaring around. Big roaring.

4:41pm. Jan 21. Shrieking jet over South Lopez, now turning into a very deep pervasive roar. The noise comes right into our home. Ruins concentration in my work.

7pm, Jan 21. There is tremendous noise coming from Whidbey. A dull roar of jet activity.

S Lopez, 21Jan 2021, Thur: 8:54 - 9:15am - 65+ decibels.

about 1 minute in duration

The source of the roar and rumble is from the direction of Oak Harbor, miles away!

Where is the Navy's noise abatement policy/program?

Loud, overhead noise pollution!

Roaring that shakes the house and shakes our bodies. Hard to describe this sensation, somewhat akin to getting strong electrical shock. Horrible, disruptive sensation. DREADFUL NOISE.

A visitor asked if we were feeling earthquakes in our house, no it's the navy growlers!

11:26am. Jan 21. S Lopez. Was that an earthquake? Given the jet noise, I am betting it was the loud rumble and roar and vibration of jet activity at Whidbey. The house shakes, The floor vibrates.

8:57am. South Lopez. Deep throbbing rumble and jet roar. Shuddering the house.

Body-rattling experience of deep rumbling vibrating wall of jet noise. S. Lopez. 8:59am

9:05am. More vibrating concussive rumbling from NASWI. Sounds like they are sending every jet they have into the skies.

MORE house rattling from the waves of jet noise from Whidbey. S Lopez. 9:08am.

More terror in the noisescap

Over and over , ripping our peace into shreds

Flying very highly and loud going due west to shatter their peace and tranquillity of Olympic national park. Damit

F\*\*\* em

Incredibly loud and low over houses. No reason for pilot to do that.

11:19am. South Lopez. TWO growlers flying over South Lopez , east to west. LOUD ROARING. I had the misfortune to be outside. The noise drummed in my ears.

It's extremely upsetting when this repeatedly happens on a Saturday. More torture instead of recuperation.

Vibration thru our home

Cannot hear TV news over blasting noise

Awful thunder high in the sky- deeply shaking the earth below and lasting minutes. Thoroughly reminds one we exist at the mercy of the navy. Abusing Anacortes as usual. 8pm

Dinner was interrupted.....

So loud I can easily hear it inside my well insulated house.

2pm. Jan 25. South Lopez. Shriill shriek of a jet, then the long low roaring growl. VERY LOUD.

S Lopez, 25 Jan 2021, Mon: Only two Hideous ROARS today. 9:45am and 9:48am 65 decibels.

Several flights already. Noise penetrates through entire house even with music and fans on.

Can't focus at work

Awoke from sleeping again

Shaking thru the houses

Sounds like bombs being detonated in the upper atmosphere

We cannot carry on a conversation over the roar of the jets. The jets roared much of the day, and are roaring again now, well after dark.

Two jets heading west, very high , still shattering our peace with extreme noise

Pair of jets, westbound, easily 25k ft high, cannot even hear music in headphones outside they are so damn loud

10:33am. Jan 26. South Lopez. HUGE ROAR from Whidbey. Jet noise in the air everywhere. Invading my home.

11:40am Jan 26. LOUD rumbling jet roar. Sounds like war out there and in my home. S. Lopez.

12:43pm. January 26. S Lopez. LOUD JET ROARING NOISE.

1:07pm. Jan 26. HUGE ROAR over us. Jet doing its turns or whatever and we get SLAMMED with a deafening and frightening roar. Sounds like we are about to be landed on. S. Lopez. The Navy is a domestic terrorist.

6:58pm. S Lopez. Very loud rumbling of jet noise.

S Lopez, 26 Jan 2021, Tue: No FCLP's scheduled for Ault or OLF - but Lopez Island still has HUGE Roars and Blasts 66.8 - 78.9 decibels rattling everything sporatically from 8:55am - 6:59pm.

Mostly just low , mildly shaking rumbling up here in Anacortes- what it sounds like when Coupeville is getting pounded I fear. So far away and we can still hear it. Inhuman acoustic abuse of our region. 9:20 pm

8:59am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar. So the day starts. I will report each one that I can.

9:10am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar. So the day starts. I will report each one that I can.

9:20am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar. So the morning goes on. I will report each one that I can.

9:26am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar. The disruption continues. I will report each one that I can.

Jan 26 Morning 9:28am. Rumble and vibration. South Lopez.

9:30am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar. It continues. I will report each one that I can.

9:54am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar.

10:34am, Jan 26. South Lopez. LOOONG rumbling vibrating roar. Feel the vibration in the floor. Hear the jet roar. So the day goes on. Abuse by the Navy with jets they lie about. I will report each one that I can.

Noise and vibration from growlers invades every aspect of the morning. Horrible, unsettling internal sensations and distress are caused by the noise and vibration. It is unconscionable to allow this deeply unhealthy environmental disturbance.

All morning. One after another.

10:57am Jan 26. LOUD rumbling jet roar. S. Lopez.

11:05am Jan 26. LOUD rumbling jet roar. S. Lopez.

11:06am Jan 26. LOUD rumbling jet roar. S. Lopez. Right on the heels of one a minute before.

11:16am Jan 26. LOUD rumbling jet roar. S. Lopez.

11:35am. Jan 26. LLLLLOOOOONNNNNGGGGG and LOUD rumbling jet roar. S. Lopez.

1:03pm. Jan 26. DISRUPTIVE JET RUMBLE AND ROAR. Do Legislators have any idea what it is like to feel your house shuddering from vibrating waves of jet noise? To feel like "this" just might be the earthquake, not jet noise? 14 miles from Ault field.

1:15pm. Jan 26 HUGE rumbling roar from Whidbey S. Lopez.

7:01pm. S. Lopez LOUD jet rumbling from Whidbey

Unable to concentrate on meeting due to vicious noise in the sky above

"The whole house is shaking. We cannot carry on a conversation over the noise of the growlers. This noise is dreadful and destructive.

Multiple passes this afternoon and this evening. Very disruptive.

Attack on Capitol

F\*\*\* em

Jet after jet after jet, we may as well live in a war zone.

kill all military scum.

4:24pm. LOUD LOUD Jet roaring. A big bursting BOOM over us, and now the long roar. I jumped. Thought a car had lost control and was driving through our garage. Stupid jets.

6:25pm. Jan 27. Jet noise invading our quiet dinner at the end of a workday. LOUD rumblings and jet roaring. S Lopez.

S Lopez, 27 Jan 2021, Wed: No FCLP's scheduled. ROARS AND BLASTS off and on all morning- continuing to 6:54pm. CRUSHING GROWLER NOISE over the Village 1 - 1:30. 65 - 75 decibels inside. 75 - 85 decibels outside.

9:11am. Jan 27. Annoyed again by the rumbling of jet activity at Whidbey. Constant thunder. S. Lopez.

Also very loud and disrupted my activities.

10:45am, Lopez. Deep rumbling BOOM and ROAR from Whidbey

Noise has been shown to cause health problems ranging from stress, poor concentration, productivity losses, communication difficulties, fatigue from lack of sleep, and serious issues such as cardiovascular disease, cognitive impairment, tinnitus

Hideous noise, intermittently throughout the day. Current research shows clearly the detrimental effects of noise on health and well being. Noise pollution from Whidbey Navy jets present serious health threat to every living creature in our area

Vibration from jet Shook house

6:38pm. Jan 27. A HUGE BOOMING BLASTING RUMBLE AND VIBRATING WALL OF JET NOISE HITS OUR HOME. S. Lopez

My table is shaking !

Woke from sleeping

Blowing up the sky and smashing our peace

**Shredding our peace again**

**Windows rattle ,very loud, de Lopez island**

**F\*\*\* em**

**8:10am. S Lopez. Loud jet overhead.**

**S Lopez, 28 Jan 2021, Thur: No FCLP's scheduled. 8:57am - 10:16am  
Constant ROARING. Lopez has to listen to all the takeoffs plus we often  
have to breathe the toxic exhaust that drifts across Rosario Straits.**

**Made the house shake**

**Exposure to excessive noise is known to cause health problems e.g.: stress,  
poor concentration, productivity losses, communication difficulties, fatigue,  
& more serious issues i.e. cardiovascular disease, cognitive impairment,  
tinnitus, hearing loss.**

**Horrible noise causing painful inner ear and other unpleasant UNHEALTHY  
bodily sensations. NOISE POLLUTION SUCH AS THAT FROM THE GROWLERS  
IS KNOWN TO BE HARMFUL TO ALL LIVING CREATURES.**

**Noise from the growlers -so painful to my inner ear. The noise rattles my  
brain, a truly horrible sensation. Noise of this sort carries through water to  
depths of at least 100'. The noise is destructive to humans & all animals  
incl. marine animals.**

**If all I had to do all day was to stand here and report, there would have  
been about 40 reports from me over the past few days. The Growlers are  
terribly disturbing, violent and anxiety making.**

**8:58am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the**

**voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

**9:10am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the  
voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

**9:12am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the  
voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

**9:13am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the  
voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

**9:39am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the  
voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

**10:15am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the  
voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

**11:28am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by  
huge rumbling vibrating walls of noise. The BOOM was louder than the  
voices on the Zoom call. I wrote down each rolling thunder. Now I enter the  
comments and the times.**

11:53am Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by huge rumbling vibrating walls of noise. The BOOM was louder than the voices on the Zoom call. I wrote down each rolling thunder. Now I enter the comments and the times.

12:03pm. Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by huge rumbling vibrating walls of noise. The BOOM was louder than the voices on the Zoom call. I wrote down each rolling thunder. Now I enter the comments and the times.

12:45pm Jan 28. S Lopez. I was on Zoom calls all day with clients. Irritated by huge rumbling vibrating walls of noise. The BOOM was louder than the voices on the Zoom call. I wrote down each rolling thunder. Now I enter the comments and the times.

The usual off and on all week. Seems like another day in Navy hell.

Ridiculously low and close to Lopez Island.

Again, low and loud right over my house

11:01am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. LOUD JET, MAYBE MORE THAN ONE, ROARING OVER MY HOME NOW. I will submit a comment each time. I am angry. The Navy tells lies about noise impact.

11:03am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and having jet noise invade my home. For God's sake, I live 14 miles from Ault Field. Growlers are WRONG here.

11:35am. Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work

and having my home invaded by jet roaring. Like Now. I will submit a comment each time. I am angry.

Unbearable to work outside today and most days anymore with the level of ear damaging noise the growlers expose us to.

1:11pm. Jan 29. Loud jet over our home.

"Multiple low, accelerating, turning flights of multiple crafts right over my house.

S Lopez, 29 Jan 2021, Fri: 9-9:07am, 9:25am, 11:40am - 11:45am BLASTS AND RUMBLING 65 - 75 decibels inside. Hard to express how desperate we feel with zero support from our Federal legislators and trapped in our homes in a Navy War Training Zone.

Multiple incidents. Seriously? Every day now?

Another day of earth bowels growling. Really really terrible. Why us, why here. No matter how powerful or loud this military tactic is, it will never fight the ignorance of humans which is likely our biggest threat on the planet. So. Just. Stop!!!

Horrible jet noise that overwhelms all other sounds. It is impossible to carry on conversation at a normal level. Outside, bird calls are interrupted and overwhelmed by the hideous noise of roaring jets. Birds rely on sounds for survival.

It is so horrible to hear and feel the growlers. They've already been roaring for hours this morning. The noise and vibration cause deep underlying stress and unease. The growlers destroy vital aspects of the Salish Sea environment.

Exposure to excessive noise is known to cause health problems e.g.: stress, poor concentration, productivity losses, communication difficulties, fatigue, & more serious issues i.e. cardiovascular disease, cognitive impairment, tinnitus, hearing loss.

This morning the windows rattle so hard, I worried about them. Noise louder than usual.

8:58am, Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by waves of jet noise from Whidbey. Like Now. I will submit a comment each time. I am angry.

9:09am, Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by waves of jet noise from Whidbey. Like Now. I will submit a comment each time. I am angry.

9:25am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by waves of jet noise from Whidbey. Like Now. I will submit a comment each time. I am angry.

9:29am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by waves of jet noise from Whidbey. Like Now. I will submit a comment each time. I am angry.

10:21am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by a LOUD NAVY JET over my home. Like Now. I will submit a comment each time. I am angry.

10:32am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work & having jet roaring invading my home like NOW. NAVY = POLLUTION. I will submit a comment each time. I am angry.

10:45am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by waves of jet noise from Whidbey. Like Now. I will submit a comment each time. I am angry.

11:45am Jan 29. Rumbling vibrating jet roar.

11:47 am S. Lopez. Rumbling vibrating jet roar.

9:57am Jan 29. S. Lopez. I LIVE AND WORK IN A WAR ZONE CALLED SAN JUAN COUNTY, WA. It is another day of trying to concentrate on my work and being jolted by waves of jet noise from Whidbey. Like Now. I will submit a comment each time. I am angry.

Loud, screaming and booming thru the sky, smashing our peace into bits.

Cloudy and rainy, so couldn't see the plane flying over our area.....very loud, did not sound commercial at all and we have gotten pretty good at determining commercial vs. military. Thanks!

Blasting relentless noise

Rumbling racket

Cannot hear news tv program

Drowning out the breaking waves right outside.

Come on

**2:28pm. Feb 1 S. Lopez. The roaring of the jet noise in the skies is AWFUL! DISRUPTIVE!!**

**We couldn't hear the tv because of the jet noise.**

**Ridiculous and completely unnecessary noise for an airplane just transiting overhead**

**Run up blasts frightening war sounds shaking the houses**

**S Lopez, 1 Feb 2021, Mon: 8:52am - 9:12am and periodic roaring 10:12am - 12:20am NOISE 65-68.4 decibels.**

**Yikes**

**10:11am. S Lopez. LOUD JET ROAR**

**S Lopez, 1 Feb 21, Mon: The Roaring started at 8:52am and ended at 8:12pm with a screaming overflight. Another 12 hour day of relentless noise.**

**2:15pm, Feb 1, S Lopez. I had the misfortune to be outside working and the roar of the jets from Whidbey was annoying, disgusting, and disruptive. It sounds like WAR out there.**

**6:13pm. Feb 1. S. Lopez. INCREDIBLE ROARING of jet overhead. Drowns out the TV. Jolts us. Invades our home. This is abuse.**

**9:11am. S Lopez. Rumbling jet roar from NASWI.**

**9:16am S Lopez. Rumbling jet roar from NASWI.**

**9:18am S Lopez. Rumbling jet roar from NASWI.**

**11:49am. S Lopez. Rumbling jet roar from NASWI.**

**12:20pm S Lopez. Rumbling jet roar from NASWI.**

**Woke from sleeping**

**Again and again smashing our peace**

**Screaming through the peaceful sky.**

**Screeching and screaming thru the sky**

**Cannot even hear music thru headphones**

**Roaring from the South- penetrating my bedroom at bedtime. Threatening sounds instead of peace. What a disruption of our lives and health. Night after night after night. Day after day. Anacortes. Navy collateral damage- dismissed summarily**

**Outside conversation completely interrupted when they passed by. Go away!**

**All morning today LOUD GROWLERS!**

**Seriously? After 8pm? We have these things called kids, and they do this thing called sleep, but it's pretty tough when there are jets screaming overhead. Go home to your families. Do something useful. You already ruined our hike today. Get outside.**

**We may as well live in a war zone**

**This just keeps happening and I am not by the computer to report, however this last report really includes several right after each other and our cat freaks out with this. It is just crazy how frequently this occurs.**

**S Lopez, 2 Feb 2021, Tue: 9am - 8:40pm. Constant ROARING. No FCLP's scheduled. Big Wind - Growlers are louder. Torture.**

"It's pretty much every day. All day now.

All that fuel burned into the atmosphere"

Jets screaming directly overhead, circling around. Terrible, destructive noise. Shattering noise.

Why so low?

Terrible low flyovers. Hard to tell how many in the grouping

11:32am, Feb 2, S Lopez. ANOTHER screaming roaring Navy jet overhead. The sound/noise took over the Zoom I was in.

12:41pm. A lot of jet noise. South Lopez.

12:49pm. S. Lopez. Feb 2. A lot of jet noise disturbing my Zoom call with a client. GO AWAY. Jets should not be flying over my home.

Three aircraft, extremely loud. Could not hear the person standing next to me.

Ridiculously LOUD LOW GROWLERS flying circles around North Lopez!!!!

Jet directly overhead. Cannot not hear ANYTHING but jet noise.

This is the third flyover in a row, and there was one at 10:26. Very unnerving and unnecessary.

2:17pm. MORE jet noise. Really disruptive.

4:53pm. Feb 2. #\$\$%^\$#@#\$\$%^Continuous rumbling loud jet noise in the skies. There is NO PEACE. No way to have a quiet walk outside after a tough day at work. S Lopez.

Loud blasts just in time for dinner time

Loud flyovers. Seems no peace from the Navy.

Outside, peaceful and quiet. Loud growler noise and vibrations. Then it started to rain.

Thanks a lot."

Sounds as if a freight train is running through the house. Completely sick and tired of it

Over and over and over they smash our peaceful place

Want to listen to the radio? Forget it

From 9am until now, 6:30 pm, on and off again noise, shattering peace every single time.

Forget having a peaceful evening. They aren't even at OLF

Loud in our living room

F\*\*\* em

Right over town in Coupeville, as if it's a desert and nobody lives or works here. No to mention there's a hospital with people who are ill, stressed and on edge. How can jet noise be good??

Very loud

8:56am, Feb 3. S. Lopez. Here we go again. LOUD jet noise in the skies. Roaring echoing roaring noise. Continuous thunder. We might as well be living on the Sea Tac runway.

8:59am, Feb 3. S Lopez. Now it sounds like the jet is going to land on our roof. EXCESSIVE ROARING OVERHEAD. NOISE everywhere.

10:07am, Feb 3. S Lopez. The skies are simply ROARING with jet noise.

10:38am, Feb 3. S Lopez. YET ANOTHER ROARING JET.

10:48am, Feb 3. S Lopez. SCREAMING AND ROARING Jet overhead. It sounds like a FLEET of jets over us. The noise is all inside the house, I am trying to concentrate on my work and WHAM, there is a screaming roar. This is abuse.

Extremely loud, even inside house. Flying roughly East to west

Multiple flying growlers

12:01pm, Feb 3, S. Lopez. Loud jet roaring in the skies and it enters my home.

Lasting about 1 minute

I'm 12 miles from the base, they are doing engine runs and it's reverberating thru my home. Good God almighty, it's insanely disruptive and disrespectful

Woke from sleeping again

Again and again, blasting our home with the sounds of war.

Again and again no peace

9 times today, over our home, now lower than before and we aren't even near the ault field base.

Completely ridiculous and invasion of our legal right to peace

Several passes of aircraft vet low. Loud enough to make conversation inside our house impossible. Horrible.

Huge noise from Growler over my house.

F\*\*\* em

Just like clockwork. A 9 am shuttle launch over Coupeville. Thanks Navy.

Totally unnecessary acceleration above our town, it's a complete violation of our peace and tranquillity. It's likely quieter in the skies over Iraq and Afghanistan.

Ridiculous!

Are you kidding me??? I had to pause and wait for them to pass on my phone meeting they were so excruciatingly loud!

87dB per Decible x Pro.

Absolutely earsplitting flyover

Most afternoons for the past week there have been numerous direct Growler overflights, sometimes with 2 jets close together. Extremely loud.

2:30pm or so, Feb 3. S Lopez. I am walking to the mailbox and the roar in the skies of jet noise is SO LOUD!!!!

4:15pm, Feb 4, S. Lopez. SCREAMING jet overhead. Noise overpowers all of our household sounds of TV, conversation, washing machine....

8:09pm, Feb 4, S Lopez. Is it necessary to scream and roar over us???? LOUD Screaming jet with long roar over us.

I don't know what it is, but it's flying and made noise.

9am is too early to hear the sky being torn apart!

This jet interrupted a phone call even though I had headphones on. I can't imagine what it must be like in nearer proximity to the airfield. Occasionally doing this is OK but the frequency of this is not acceptable.

A potential hazard occurred when verbal communication suddenly became impossible between workers removing large tree.

F\*\*\* em

Very loud and obnoxious roar as plane flew above us.

Growler flight over house very loud

REALLY LOUD - right over my house. God help us!

short and L O U D!!!!!!

"94.7 dB per Decibel x PRO app.

Flight path SW over our house, elev. approx. 250-300"

Insanely loud !!! We are not a bombing range in Coupeville god damnit

9:30am, Feb 5. Mud Bay, Lopez. LOUD SCREAMING JET OVERHEAD. I was on the phone and could hear NOTHING but the screaming jet. This is ABUSE by the Navy. There is NO NEED to fly over homes and invade the home.

S Lopez, 5 Feb 21, Fri: 9:30am 70 decibels, 12:40pm 73.4 dec., 1:28pm Screaming overflight, 5:17pm - 75 decibels. TGIF - we live on Navy Time - not by choice - but because our Federal legislators do NOTHING to protect us from the constant noise.

10:18am. Feb 5. S Lopez. Screaming and roaring jet noise everywhere. Now there is a rolling thunder, sounds like a jet may be bearing down on us..... Still roaring.

12:05pm. Feb 5. First the SHRIEK and then the ROAR as Growler is over S. Lopez. TOO LOUD. The noise penetrates my home. This is not right, yet legislators do NOTHING about it. NASWI is flying LOUD jets over our homes. MOVE THE NAVY OUT!

Earsplitting flyover. Even with earplugs

Low slow flyover. Extremely noisy. Painful

2:36pm. Lopez Village. Feb 5. Loud jet roaring in the south fills the air in Lopez Village. Not a peaceful walk. Sounds like war.

Terrible flyovers today

Loud low rumble

Things hanging on my walls are vibrating and rumbling! The daily and nightly noise is bad enough to disrupt my thoughts and activities, it's stressful. But it is extremely disrupting when my windows and pictures in my walls are rattling!!! STOP!

P8 Poseidon

These terrible jets are 24/7 lately. Makes it seem we are at war. What are they protecting? No jet can protect from the ignorance of humans.

All night. Why?

Heard through the ceiling, far from windows, over HVAC, over computers and ambient office chatter- metallic sounds of warplanes overhead- mid-day Mt Vernon at Skagit Regional Clinics. Threatening sounds.

A second NOISY WEEK HEREIN THE SAN JUANS NATIONAL MONUMENT! Growlers overhead all time of the day and night. It is very annoying to have all this WAR NOISE during this unprecedented time in our country!

Between 1:02pm and 2:12 pm, there were 6 direct flyovers. They were all loud, but two of them were extremely loud. It's downright scary.

Jet going over, low and loud!!!

2:26pm. Jan 12. The skies continue to roar, with blasts and rumbles from Whidbey. Every jet must be lit up!

2:50pm. Jan 12. Skies are still roaring. Loud jet over South Lopez.

6 Growlers flew over, about 3 minutes apart, their pounding thunder destroying a beautiful seaside walk. I had to protect my ears with my hands.

Could not continue to give my presentation inside the house on a Zoom call - so loud that I had to mute my audio. Overflights have continued all day (it's now 3:30 pm, just had another flyover). Extremely disruptive.

This flyover was the worst yet. The plane sounded like it was right over my home. Vibrations galore and it was vey disturbing. Please mark this flight pattern off of your routes!

6:08pm, Jan 12. Lots of annoying jet noise in the skies. I will say it again. Living on Lopez is like living on SeaTac's runway.

7:49pm. Jan 12. S. Lopez. REALLY? THIS GROWLER JET SOUNDS LIKE IT IS PREPARING TO LAND ON OUR ROOF. SCREAMING ROARING, STILL ROARING. THE LONG ROAR IS ALWAYS THERE. THUDDING ITS WAY AROUND OUR ROOMS.

Oh my! Please stop over my home. The loudness and the consistent flying overheard are harming me,

"All-day noise of the growlers continues. Still VERY loud . Yes, we hear you.

I can't swear it is a growler, as it is dark and the clouds are low, but sure sounds like it. "

7:58PM. Jan 12. S Lopez. More roaring jet noise coming into our home. We are just collateral damage to the Navy and to Legislators. Murray, Cantwell, where are you? Larsen, we know you are just in the Navy's pocket.

8:21pm. Jan 12. S Lopez. BURST of Jet noise, VERY LOUD. Here's a metaphor. It sounds like the dump truck sliding a full truck load of rocky gravel into a big hole. Gritty, rumbling, deep, rocky noise.

I wrote earlier that the extreme loudness is causing me harm. I do not know what that harm is. But it is awful.

S Lopez, 12 Jan 2021, Tue: JET NOISE 9:30am - 4pm. Survived today by wearing Bose noise canceling ear protection. What a ghastly way to TRY to live. 8:50pm: Could not hear a friend on the phone because of jets screaming over her N Lopez home.

Very loud. Noise penetrates house, even with fans going, tv on and ear plugs in.

INFURIATINGLY CONSTANT jet noise for the past 60 minutes, waxing waning for two hours now since coming home from work. It's driving my dog nuts. No peace and quiet this evening

lasted about 2 minutes, then two more incidents in the minutes after

More noise and disruption to everyday life with the Growlers flying. They really need to silence these jets like they were able to do with commercial jet engines.

Thank goodness for me the sinister roaring is far to the south- still have to turn on white noise to drown out the noise. So Not Peaceful.... and farther south it is surely skull shattering. Unconscionable abuse. Anacortes after 8pm

Multiple loud flights over business. Very hard to concentrate.

P-3 Orion

Woke from sleeping

Blasting and destroying our peace

Over and over again, relentless

Can't even take nap in my own home. We are being accosted in our home's in this land of the free.

No peace ,, ever

Much too loud in our living room, se Lopez island

Interrupt radio programming

Screeching and screaming thru our peace

Invasion of our peace

I find it extra traumatic when it happens back to back like this.

4:06pm. Feb 9. S Lopez. LOUD LOUD LOUD JET Roaring over us

Giant helicopter, flying low. Very loud and shook our whole house.

P-3 Orion. Low overhead, noisy but not nearly as nerve rattling as the growler.

Can I meditate in my own home?? The answer is NO , the jets must fly.

Smashing a peaceful evening once again.

Growlers roaring.Exposure to excessive noise causes health problems e.g.:stress, poor concentration, productivity losses, communication difficulties, fatigue, & more serious issues:cardiovascular disease, cognitive impairment, tinnitus, hearing loss.

2 minutes

10:51am Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy morning of abuse from the Navy. I will report every one I can.

11:25am. Feb10. S Lopez. Jet noise is so loud over us.

11:26am Feb 10. S. Lopez. Now I see the jet making all the noise. Flying over us, toward the west-northwest. Screaming loud.

11:28am. feb 10. South Lopez. Very loud jet noise fills the skies. Stepped outside for a minute. It is loud in my house and LOUDER outside.

S Lopez, 10 Feb 2021, Wed: 11:40am HUGE ROARING, 12:58pm, 3:30pm. 4:19pm - everything vibrating

11:43a, Feb 10 S Lopez. LOUD jets noise overhead.

12:24pm Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy day of abuse from the Navy. I will report every one I can.

12:35pm Feb 10. S Lopez. Jet rumbling, my home is filled with jet noise.

12:41. Feb 10. South Lopez. Jet is roaring overhead. This Navy jet noise is not like a commercial jet, which flies high and the noise is brief and distant. This jet noise whams right into the house. It is LOUD and DEEP roaring. It is distracting.

12:44pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The jet noise is everywhere.

1:00pm Feb 10. Lopez. ROARING JET NOISE EVERYWHERE. Cannot even step outside...just assaulted by jet noise. There is a war going on.

2:08pm. Feb 10. S. Lopez. A LOUD ROARING JET RIGHT NOW flying over us. The roar goes on and on and on and on. I am exhausted by this invasion.

Yup, right there on their own runways! How dare they operate their own aircraft on their own airfield!

3:56pm. Feb 10. S Lopez. Jet rumbling and roaring above us.

1 minute

30 seconds

HUGE rumbling jet engine roar, like an earthquake or thunder on top of us.

9:41am, Feb 10. S Lopez. Huge rumbling roar from jet action on Whidbey. The roar is not brief. It is long, rumbling and shuddering.

9:52am. Feb 10. S. Lopez Loud and vibrating jet roaring.

9:57am. Feb 10. S Lopez. Here we go. The jet rumbling is becoming constant. Another lousy morning of abuse from the Navy. I will report every one I can.

10:10am, Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy morning of abuse from the Navy. I will report every one I can.

10:20am. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy morning of abuse from the Navy. I will report every one I can.

10:46am. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy morning of abuse from the Navy. I will report every one I can.

10:50am. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy morning of abuse from the Navy. I will report every one I can.

11:40am Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy morning of abuse from the Navy. I will report every one I can.

12pm Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Still thundering. Another lousy morning of abuse from the Navy. I will report every one I can.

12:04pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another day of abuse from the Navy. I will report every one I can.

12:28pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy day of abuse from the Navy. I will report every one I can.

12:33pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy day of abuse from the Navy. I will report every one I can.

12:50pm. Feb 10. S Lopez. Another rumbling roar from Whidbey. I am exhausted from the disruption.

1:25pm. Feb 10. S Lopez. Rumbling Vibrating roar from NASWI

2:25pm. 2/10 S Lopez. Let me ask you this. Is it right that I should be feeling the vibrations from jet roar activity at Whidbey through the floor in my home. That the roar should come into my home? Does that tell you the Navy is abusing this region?

2:34pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy day of abuse from the Navy. I will report every one I can.

2:48pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy day of abuse from the Navy. I will report every one I can.

3:35pm. Feb 10. S Lopez. Jet rumbling, the air is shaking, the air is vibrating. The roar is deep and long. Another lousy day of abuse from the Navy. I will report every one I can.

Roaring for much of the day. Roaring and vibration, extremely unpleasant and unsettling. Causes pervasive sense of dread, causes ongoing stress response which is NOT healthy.

Roaring. Exposure to excessive noise is known to cause health problems: stress, poor concentration, productivity losses, communication difficulties, fatigue, & more serious issues: cardiovascular disease, cognitive impairment, tinnitus, hearing loss.

4:10pm Feb10 S. Lopez. This is another very deep rumbling roar. The floor is vibrating. And the jet roar keeps going. Very disruptive.

6:01pm Big shuddering rumbling roar from NASWI

6:52pm Feb 10. S Lopez. ALL DAY. Now the evening: Roaring Vibrating Earthquaking Disruption from NASWI

Woke from sleeping again and again, never any peace

Three in formation.

Multiple disruptions of our peace, 5 days a week guaranteed.

Wrecking our evening peace

P3 - three low passes in past 10 minutes. Unusual.

Continuation of the wrecking of our peace.

S Lopez, 11 Feb 2021, Thur: 8:47am - 10:13am The NOISE and ROAR begins again. 2:45pm overflight 78.8 in the house - 89 decibels outside. 6:03pm 82.9 decibels in the house -

Repeated flights overhead, low and slower than normal. Sounds like growlers just going at a slower speed. Hearing through entire house.

RUMBLE rumble all morning long!

1 minute

20 seconds

Icy cold winter afternoon, acoustic energy (noise pollution) from EA18G penetrates structures and living tissue deeply.,

P-3 low pass over coupeville.

Oh goody, another day of misery from OUR military.

**HORRIBLE, DREADFUL ROARING. THE NOISE AND VIBRATION ARE EXTREMELY UNPLEASANT AND CAUSE INNER EAR AND OTHER BODILY PAIN.**

10:29am. Feb 1. S. Lopez. I am at it again. It is a NOISY day, and here is another rumbling vibrating jet roar from NASWI.

we had a few days of relief, now the anxiety grows again. Terrible for humans to do this to fellow humans.

Two by two, low and loud. Easy west transit over Penn Cove has now become a virtual highway in the sky. Daily blasting our peace

Like an armada of peace smashing goons in the sky.

it is inhumane to prevent me from sleeping.

F\*\*\* em

95+ dB as shown by Decibel x PRO app.

10:03am Feb 11. S Lopez. MORE roaring from jets.

12:08pm Feb 11. S Lopez. MORE roaring jet noise in the air. ROOOOOAAAAARRRRRRR.

12:19pm. Feb 11. S Lopez. Jet roaring fills the air.

12:52pm. Feb 11. S Lopez. Big jet roar over us.

4:23pm Feb 11. S Lopez. MORE jet roaring

Navy C40

5:10pm Feb 11, S Lopez. here is what I think is happening. After a day of being bombarded by noise of jets taking off at Ault, they are now flying home, over us. I am probably wrong. BUT here we are with Growlers roaring over us.

6:03pm. Feb 11. S Lopez. HUGE JET ROAR over us.

6:27pm Feb 11. South Lopez. ANOTHER Roaring jet over our home. TOO LOUD!!!!

9:23am Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI. The house shudders.

9:33am. Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI.

10:12am Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI.

10:15am Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI. It just goes on and on. Are all the jets taking off at once?

10:31am Feb 1. S. Lopez. It is a NOISY day, and here is another rumbling vibrating jet roar from NASWI.

10:40am. Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI. Each time it is like being in the vicinity of a blowtorch. No heat, but all the roaring and noise waves.

11:04am Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI. Shock waves of jet noise and vibration.

11:14am Feb 11. S Lopez. MORE rumbling vibration from jet activity at NASWI.

2:38pm. Feb 11. S Lopez. Lots of Jet roaring over us.

Woke me from sound sleep

"The noise makes it difficult to concentrate. It is also traumatic for PTSD survivors

The sense of relief when the noise passes, and the anxiety of the return flyovers are really unbearable.

Thank you"

Third flyover this hour. Now I will complain each time I hear anything. Do better, Navy.

Loud, disruptive noise pollution lasted several minutes

10:28am, Feb 16. S Lopez. Very loud jet noise in the skies around us. Was outside and said AHA, the war is going full force right now. Victims are the civilians. That's us.

12:02 Feb 16 S Lopez. Went outside again. The war is still on. Jet noise thunders in the skies.

woke me up

Loud again! Shaking house

Shaking the whole house again

It's over and over again.

The roaring this a.m. has a particularly unpleasant percussive quality. Hard to describe, like someone beating on drums inside my ears & body. Truly horrible. Current science shows clearly: growlers affect marine animals to depths of at least 100'.

F \*\*\* em

F \*\*\* em

Ears still ringing from the howling terror that just flew over.

The roaring right now is close to unbearable. It's felt more than heard, a horrible inner sensation in the ears but also throughout the body. It is truly horrible.

S Lopez, 18 Feb 2021 Thur: 9:05am - 7:30 pm. At the end of this day we feel battered. Our nerves are shot. Too loud to be outside even with noise canceling head phones. Inside the ROAR is loud - 75 + decibels. Everything vibrating.

Engine run ups. Noise and vibrations drowned out conversation inside house

Low altitude fly over. Barbaric

"Crazy loud with whistling added for this flyover. Engine noise from other growlers going on loudly at a distance.

So many flyovers I can't count them"

The schedule says they aren't supposed to fly today and yet they are..very annoying

The USN is turning central Puget Sound into a toxic noise pollution site. Roar and rumble at the moment are horrendous.

Full power below 3,000 feet, WTF

Two nights in a row

"This entire week the jet noise has been so disrupting and disturbing.

I often forget to report when I get inside my house but I can say it is getting worse and very upsetting. There seems to be no break from the noise."

Been going on all morning. Terrible.

Rattled windows and doors. House vibrations

All morning long, and even louder than usual.

Pairs and individual of what I think are Growlers doing fairly low flights over the house skyline neighborhood in Anacortes makes it hard to hear things inside the house.

I can't hear radio or talk to neighbor.

Solid 2-3 minutes of terrible rumbling, shaking, shuddering thunder from navy aircraft late Friday pm to remind us we live in a giant military reserve. Great sounds and sensation to terrorize an enemy. We are not the enemy. Anacortes

Happens on a daily basis.

So loud we couldn't hear tv.

"90.8 dB as recorded on Decibel x Pro app.

Direction West to East."

"86.5dB as recorded on Decibel x PRO app

Dir N to S"

"90.1dB as recorded on Decibel X PRO app

dir NW to SE

Why are these flights so low to houses???"

Pair of planes assuming growlers overhead, very loud

S Lopez, 19 Feb 21, Fri: 9:38am, 10:05am, 12-1pm Another ROARING Friday. 70 decibels

Two Growlers. Extremely loud. Had to block ears.

Get your GOD DAMN JETS OUT OF LOPEZIAN AIRSPACE!! Every time you abuse us here on the ground by using Lopez Island as your War Games map...you physically ASSAULT THE PEOPLE WHO LIVE HERE!! DAMAGING OUR HEARING!! STOP ABUSING US ON LOPEZ ISLAND!!

"TWO VERY LOW EXTREMELY LOUD JETS JUST FLEW OVER MY GRANDSON AND ME OUTSIDE OUR HOME! I had to cover his ears and my ears are still ringing!!!! The jets were as low as private planes flying over. THIS NOISE IS UNHEALTHY!

While our Capital is being stormed we have to listen to the sound of WAR!!

Much too loud in the house

For no flight trainings scheduled there sure a lot of very loud flights this week. Training schedules don't match what they do.

Playing outside with my grandson, flyover was so loud that time we just quit and went back in. They flew numerous times today and there was a very loud flight again at 1:47. Can't even enjoy the out doors.

Why is the Navy performing low-altitude, full-throttle flight operations over populated areas?

Departing directly over Coupeville's residents homes, where is the Navy's noise abatement program?

Low-altitude, high-power, very loud maneuvers over central Puget Sound trashed the soundscape.

Yet another day of noise and disturbance from 'our' military.

"Unpleasant quality tinny, sharp, metallic scraping sounds heard from interior room, over HVAC and ambient noise in medical clinic in Mt Vernon. Disturbing sounds in a clinic space with no windows... 1:20pm

Navy warplanes"

Ridiculous loud and totally unnecessary.

Over and over and over they smash our peace

Completely unacceptable noise

Completely unacceptable noise

S lopez, 24 Feb 21, Wed: 12:25pm - 7:05pm. Sporadic ROARS all afternoon ending with a battering series of overflights 70 - 80 decibels.

Phone calls? Forget being able to do in peace

12 times today , and it's not even noon. Smashing our peace

Extremely loud & disruptive to thought.

No way to enjoy a quiet evening listening to rainfall. We just be tortured by the sound of freedom, what a farce

Totally blasting our peace. They fly over us as if we were at war.

5th flight this morning low and very loud over the town of Coupeville. Not using OLF. Cannot help but feel this is vindictive and deliberate harassment by the Navy.

Unable to make important phone calls.

Utterly unacceptable nearly 8pm in the evening.

Extremely loud roar...disrupted activities

I have been hearing them in the distance off and on all morning. This flight was loud and went through entire house.

Awwwh it's just after 9 am. Here comes the jets, smashing peace yet again.

In a meeting.... have to pause so the jets can pass.

A sunny day for smashing our peace

WAY TOO LOUD!!!!!!!!!!!!!! We could not even carry on a conversation. VERY UNSETTLING

So loud I could hear my spouse across the room!

F \*\*\* em

F \*\*\* em

Navy Sar Helicopter 300-400' over the house. Really?

A true blast directly at us.

two aircraft flew directly over - incredibly loud. I could hear it over a shop-vac !

"Ok, this flyover shook me to my bones. I was relaxing after dinner. Then it came. I shot straight up. My cat ran for cover. I nerves are on end.

F \*\*\* em

Battered again and again, 5 days a week, on average 15-20 times per day they fly the east west heading over penn cove. It's agonizing and essentially worse than operations at the OLF.

Here starts another day of smashing our peace and quiet. 2 jets in a matter of 6 minutes, blowing up the sky.

It's torture living under these aircraft

Aggressively loud this morning. Started around 8:30 and have had 3 jet flyovers between then and now (9:05am). Couldn't sleep last night because of the high winds and was hoping to get some extra sleep this morning :(

"Sitting at school trying to teach via ""zoom"" and the rumble is too loud for students to hear.

Thank you for creating one more challenge in this time. "

Very very low and loud. Completely unacceptable and disrespectful to our constitutional right to peace.

9:11 am, the jets are here.. sounds like a shuttle launch over coupeville.

Here comes another one...

Repeated onslaught

10 minutes at least of horrible noise.

So so loud! Woke me up again when I was trying to get some extra sleep after a restless night. The loudest Ive heard in a while. Vibrated the windows and felt like it was right above the house.

I complain. Every time.
