

Widespread Effects

Spotted the growlers doing wide turns directly over Coupeville high school on Main and Terry rd. Flying well outside their flight zone and at very low altitude.

Sounds like the Navy is going to make this an awful day in Mt. Vernon. Extremely loud noise and MASSIVE low frequency booms as they pass over. Not something that should be allowed in populated areas. And there's ANOTHER one.

MacKaye Harbor, Lopez. 9/20 afternoon. On my bike and suddenly a huge roar. I was startled, thinking a big truck had suddenly come up behind me. Well, it was a roaring Growler. Thanks a lot. These jets have no place here.

Whidbey destroying Port Townsend. Can't enjoy the beautiful sunshine outside because of the extreme noise. Where's our compensation?

Why the hell are growlers flying above homes on Camano for landing practice on whidbey

Ripping sky shredding scream for a minute at least- thankfully this growler was just transiting overhead, on its way somewhere. Dangerous levels of sound, few times today with sinister thunder otherwise. Anacortes.

Why is this jet flying over Orcas Island...in Olga? Too loud for this area.

Jet Noise Report: September, October 2023

Since 2015 an increasing number of jet noise reports are reported by residents of the Salish Sea region, using the San Juan County Aircraft Noise Reporting Website. This document provides data broken out by reports generated inside San Juan County and outside.

With the addition of 36 more Growlers in 2019, the region has been bombarded. Beginning on page 11 read the comments made by those who submit noise reports and feel the frustration, concern, and anger.

How does the Noise feel, anyway?...

I was completing an assessment with a client. The noise was so loud (think Blue Angels at Seafair), it disrupted the conversation and caused us to stop the assessment. This caused undue stress and anxiety to an otherwise regular assessment.

Awful rumbling trembling thunder for much of this Tuesday with occasional shrieking metallic screaming warplanes overhead. Miserable, unhealthy, unpleasant and unfit for innocent civilians to live with. Anacortes

Worst noise level, ever. Windows rattling, my chest is vibrating, extremely loud and aircraft flying very low.

HUGE EXPLOSIVE ROAR from NASWI. 10:58am Oct 24. Outside talking about a yard problem and we were both startled by the blast. Conversation stopped. Prolonged roar. Disruptive.

At approximately 2:00PM my neighborhood was SHAKEN by an extremely low level, exceedingly loud overflight by multiple Growlers. The dB level exceeded anything I have ever experienced from Growlers, except when in Oak Harbor at a Growlers launch.

This report is dedicated to the late Cynthia Dilling, a Quiet Skies advocate.

The San Juan County Aircraft Noise Reporting website was approved in 2014 by the County Council for people to have a reliable place for recording their reports and comments. Data reports began in 2015.

gis.sanjuanco.com/aircraft-noise-reporting

In October, 2019, permission was given for people outside of San Juan County to use this noise reporting website. We are seeing an increasing number of reports from the wider region.

Correcting Location Data

Beginning in January 2023, data reporting addresses a problem with the website's capture of location data. Many reports default to a location in the center of San Juan County (SJC) when the person does not provide their location. This artificially has raised the number of reports attributed to San Juan County that actually come from outside SJC.

Here is what we are doing. Some reports with invalid location data can be corrected by their comments or other data. Next we look only at reports with valid locations to determine the normal portion of "inside" and "outside" of San Juan County. Finally we assigned the reports with invalid locations to "inside" and "outside."

Future reports likely will show more reports from outside of San Juan County than previously. Considering the smaller population base of San Juan County compared to nearby counties also affected by Navy jet noise this is not surprising. This has been the trend since 2019 when we opened reporting to outside SJC.

Jet Noise Reports - Totals - 2015-2022

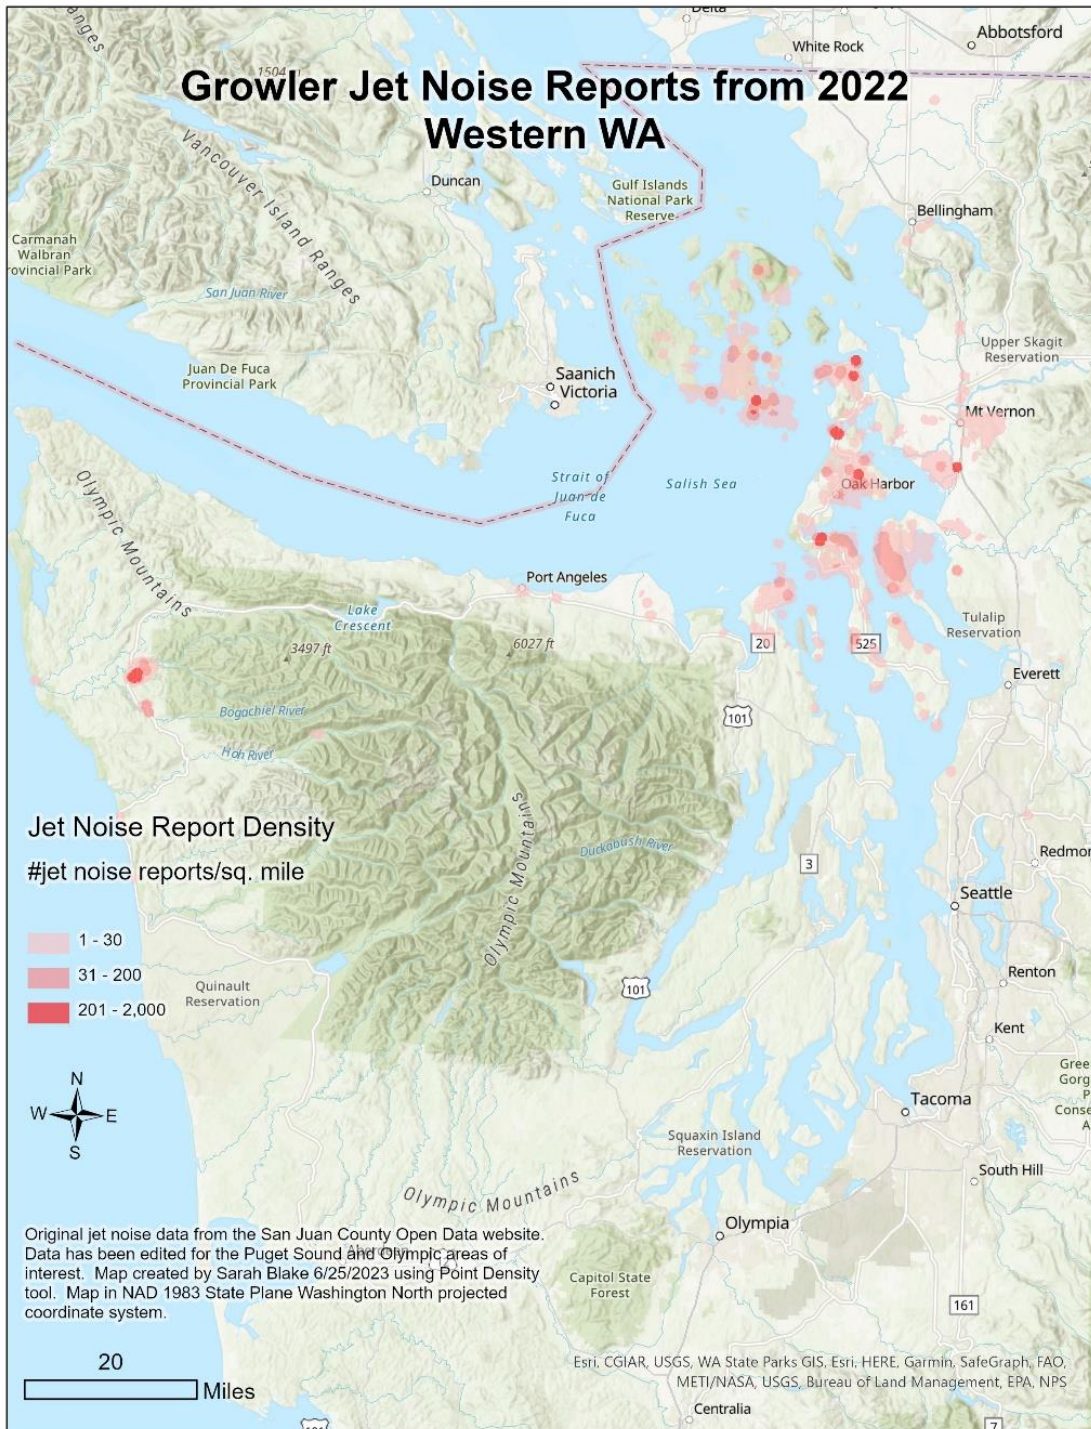

This chart provides some background to the history of noise reporting.

Jet noise reporting began in 2014 when San Juan County implemented a website for reporting jet noise. Data collection began in 2015. In the Fall, 2019, access was expanded to people outside of San Juan County enabling them to enter jet noise reports with the result that the number of noise reports is increasing, as has the number of aircraft at NASWI. This chart provides the simple totals of all noise reports in the database since 2015 through 2022.

Jet Noise Reports by Location, 2019-2022

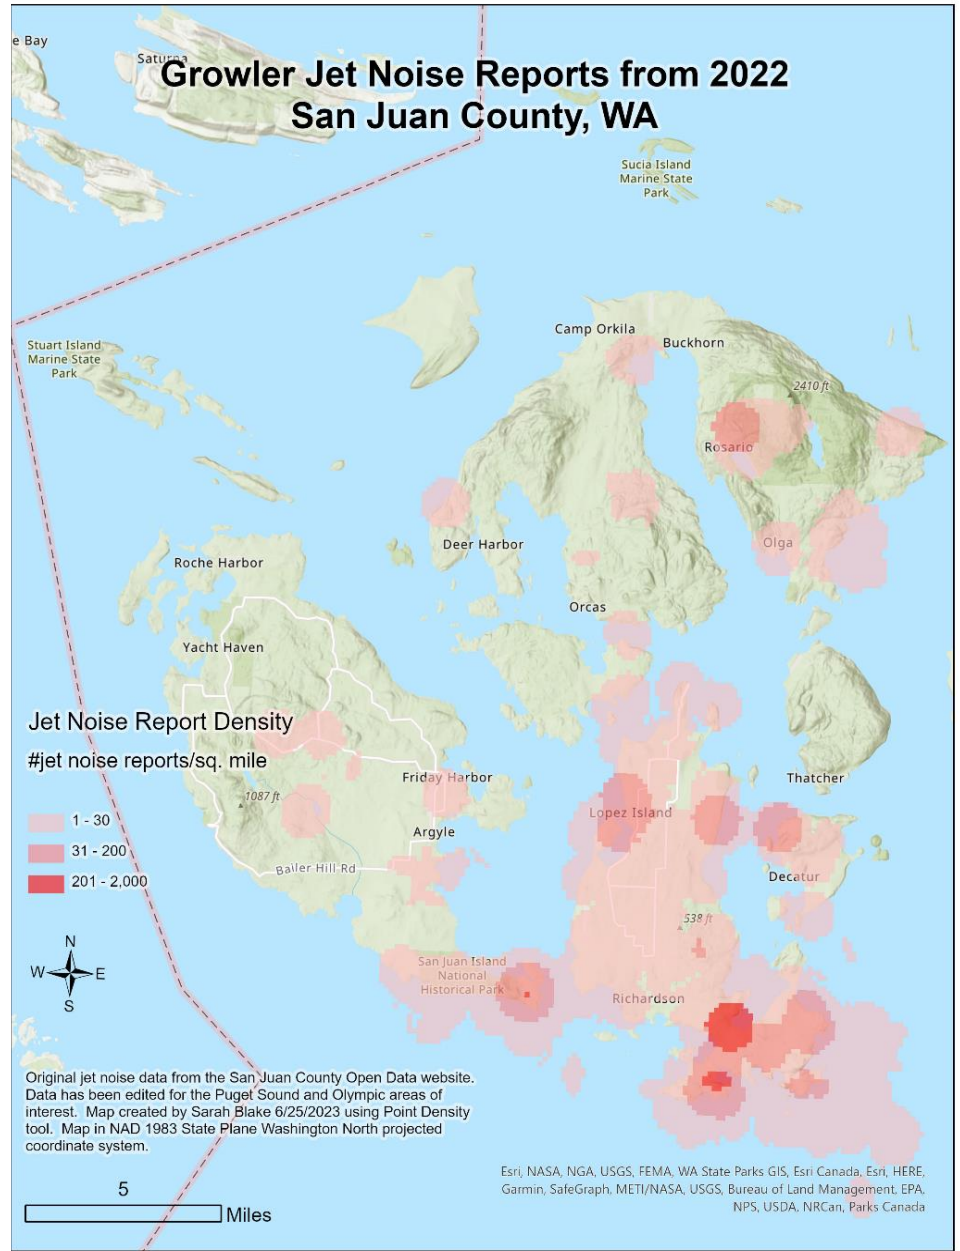

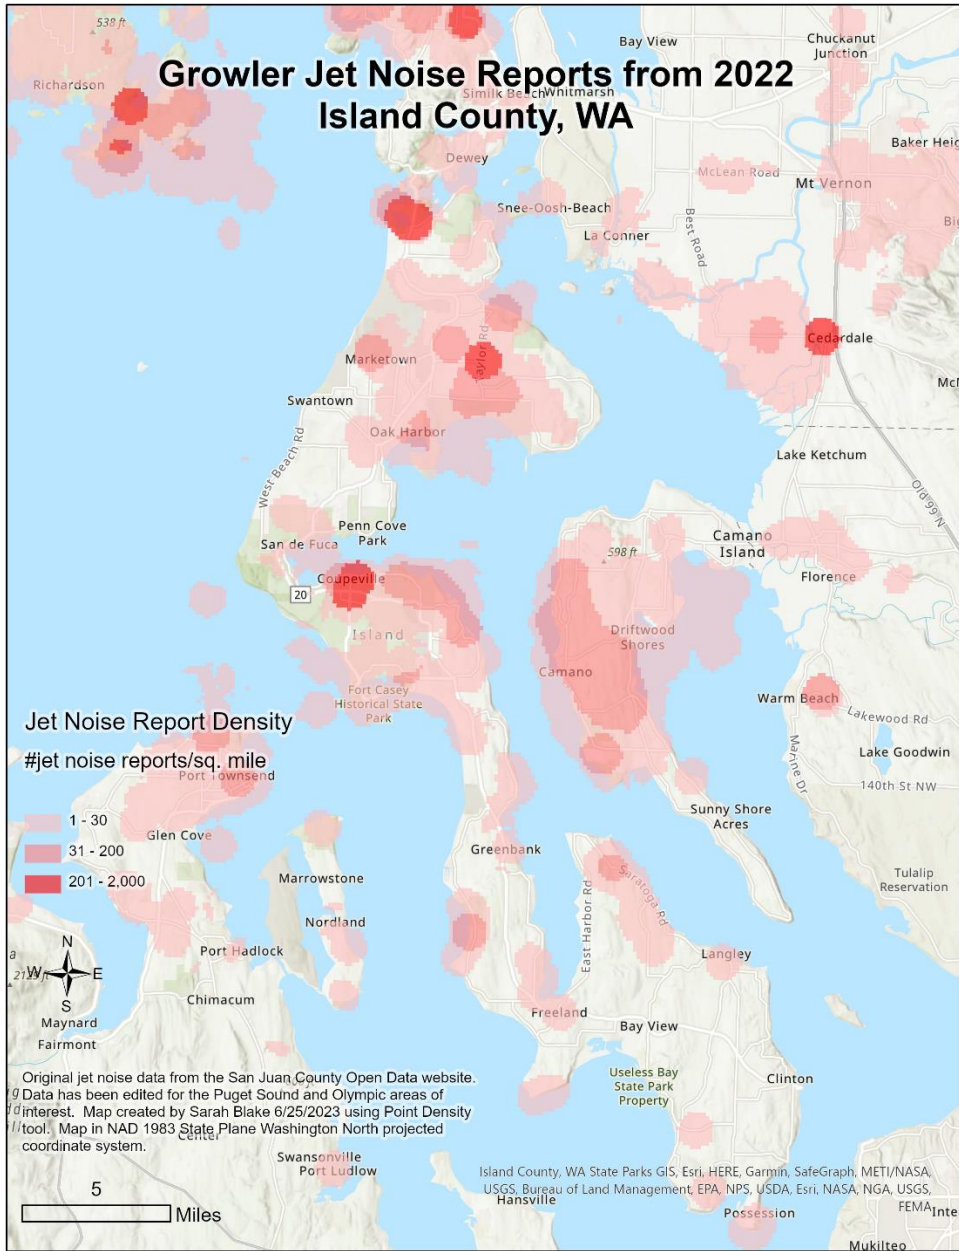

Referred to as a “density map”, this picture, using 15,176 noise reports submitted by users in 2022, offers a view of noise reports in the region.

Impact hits **San Juan, Island, Skagit, Clallam and Jefferson** counties.

Of particular note is the reach of Growler Jet noise to the Olympic Peninsula, particularly the Olympic National Park/Forks area.

On the next page, parts of the map are enlarged for a view of San Juan County and Island County. These maps are reduced to fit the page.

Comments Submitted with September and October, 2023 Reports

NOTES:

Some reports indicate decibel level. Lawnmowers, for example, generally produce 90 dB. How would you like to have that running inside your home? Noise over 70 dB for a prolonged period of time is harmful to your ears and can cause permanent hearing damage. Noise over 120 dB can cause immediate harm to your ears.

Some of the people who submit a noise report also list their home address or phone number or e-mail. In this report, those personal identifiers are deleted/modified, as are expletives.

Woke me up

Sometimes Mt. Vernon is a blissful, amazing place to live. And then the Navy flies over.

Horrible deep groaning-scraping rumbling. The body expects disaster: avalanche, earthquake,. Keeps one on alert. It was a beautiful day and as soon as it's dark and I need to sleep, it starts. This is abuse. Anacortes, near the ferry terminal

Crazy loud.

LOUD overflights all day long. Intensifying currently!

Keeps coming back. Only a few miles Olympic national park and they must be getting it worse.

Ridiculously too loud!

I am trying to sleep. YOU are disrupting my sleep. You are in a residential area for goodness sake. Have you no shame?

Navy being domestic terrorists over Mt. Vernon again

Tried to walk my dog after work, nope! Instant chest pressure and anxiety. They are literally circling a wildlife preserve and 2 residential neighborhoods! How is this okay with anyone?

Difficult to concentrate inside home.

Cannot sleep. Cannot hear tv to distract myself from unrelenting jet noise.

Noisy growlers flying overhead

Navy being dicks again.

There's that Sound of Freedumb again.

I know it's a day which ends in 'Y' so it's Torture Mt. Vernon Day, but do you inconsiderate pricks ever stop?

Navy terrorizing Mt. Vernon. Been listening to something distant rumbling towards me for a couple minutes. Bracing for a huge blast.

With the non-stop torture of Mt. Vernon civilians, I'm guessing the local Navy commanders got their training at Guantanamo.

It's 11pm. Don't you jerks ever quit? People in Mt. Vernon are trying to sleep.

Interrupted business phone call.

I'm pissed that the judge gave the Navy permission to go back to full on torture. I had forgotten how terrible the Navy is until this week of hell.

Navy terrorizing Mt. Vernon. Constant rumbles and blasts of painful noise. Not compatible with populated areas.

Very loud, may have taken off from Friday Harbor airport

I was lying in bed just falling asleep when the extremely loud sounds of a jet engine passed overhead from west to east, then back from east to west. Rather frightening and very disruptive!

Navy torturing Mt Vernon

I really hate the Navy. My vote is for sale. I will vote for any candidate who will make these b*****s leave.

Growlers making life impossible below

Trying to enjoy a walk on the beach. Growlers making that impossible

Navy sucks. Go to hell

Growlers making a lot of noise

Crescent Harbor elementary

Why is this jet flying over Orcas Island...in Olga? Too loud for this area.

S Lopez

Hey, inconsiderate Navy peeps, I hear you like to practice.

"Too loud and destructive of a pastoral residential community.

"We were taking a walk and the Growler jet started to fly and we had to run home and cover our ears.

Navy has been out there torturing people in Mt. Vernon all day. I think there's been at least one loud flyover after 10pm every night this week. Hope they're not boiling the frog.

Low flying 737 military plane with gear down

My wife was trying to sleep, recuperating after weeks of radiation treatments for breast cancer, but the Growlers rattle the house and the ground and everything else all afternoon.

JFC, it's started already. Looking forward to another 15 solid hours of this bulls*** jet noise.

Horribly disturbing roaring- deep and sinister, disquieting. I cannot concentrate to study at home in Anacortes mid day- Warcraft flying from Ault field despoiling this otherwise lovely fall day. Belongs far from civilian residents.

Intermittent thunder that is protracted and sounds like an earthquake- penetrating my Anacortes home all morning and now into afternoon. It is disturbing. Humans are hard wired to feel uneasy around the sounds of earthquakes and landslides.

Why do the skies to the south roar and deeply shake my home? Because the US navy has no regard for the civilians who they are paid to protect- to choose to site 100+ impossibly loud jets that must fly angry low circles for hours, over us daily

Awful threatening, disquieting sky thunder- ALL DAY, all day here near the ferry terminal in Anacortes- episodic but creepy and disturbing. Navy abuse of Western Washington civilians

Twin engine? Passenger jet North bound low

Recovering from radiation therapy, trying to rest, my wife could not sleep all day due to continual, LOUD jet noise overhead. This public policy is a travesty of what the Navy's purpose. They are assaulting us, not protecting us.

This is environmental noise pollution has no place in residential communities.

Nose that is destructive to anything living above or below the sea.

Still.

It's 11pm! When will these F***** A***** stop?!?!?!?

cool. the flying A***** are at it again.

Several Growler overflights today that were disturbingly loud!

the flying A***** are assholing again. this batS*** insane noise has made me hate the military so much. how in the F*** is this legal?

Unbridled military authoritarianism exemplified is once again out of control and in need of litigation to put an end to their lack of consciousness and caring for the environment and any living thing above or below in the Salish Sea.

so sick of these F***** A*****. also sick of losing internet when the flying A***** are nearby. because of course they lie their as*** off and say they are not interfering with wifi.

Helicopter, very loud and continuous.

i'm sitting in my own g***** home working on the internet when i suddenly lose internet/wifi for almost 20 minutes for no apparent reason. then, sure enough, i hear the flying A***** and realize that once again they have F***ed up my access.

The Sound of Freedom sure sounds a lot like the Sound of War. Was that intentional? I don't want to kink shame, but maybe the Navy commanders are telling us they're really into perpetual war.

Doing a second report because a single report doesn't fully capture that this has been going on continuously. It's not just a flyover. Well after you're no longer able to see the jets, the noise is still unbearable.

Mt. Vernon. Navy torturing citizens again.

literally the 6TH time today the flying A***** have disrupted my internet/wifi. i hate them so much

YET AGAIN my internet/wifi "randomly" goes out and then i hear the flyingA*****. it's bad enough for the flyingA***** to EITHER disrupt wifi or to create illegal noise pollution but it's SUPER AGGRAVATING when it's both overandoverandover daily

Still going. 10 minutes of constant noise. For people who haven't experienced this, it's not "noise" in the sense of a barking dog or passing train. This is the most powerful noise you've ever heard. You feel it in your sternum and blood pressure.

STILL GOING. Must be making a huge circle around the county to make sure everyone gets tortured. Don't want to miss anyone. What if a few kids grow up without hearing loss? Gotta get 'em all.

maybe if the flying A***** are so low over WHERE PEOPLE F***** LIVE because of the clouds, then the flying A***** should taske their war monger toys elsewhere or maybe JUST F***** LAY OFF FOR THE DAY

3 flying A***** in 5 minutes. F*** the military.

oh, here's the 4th flying As**** in 8 minutes. F*** the military.

there goes another flying As****. F*** the military.

it's been less than two minutes since the last flying As****. F*** the military.

just two minutes since the last flying As**** and here's another. F*** the military.

4 more flying A***** in the last 5 minutes. F*** the military.

Window shaking noise approximately every 5 minutes. Each pass completely drowns out conversation, including shouting and most of them are being picked up by my videoconferencing software.

Disruptive jet noise. I can't wait until they are forced to operate quietly or elsewhere.

Boeing 737, alt 40,545ft, reg: N912AK, Seattle to Seattle. Information obtained from flightradar24.com

Boeing 737 Max 8, reg: N336TM, Seattle to Seattle, FL 39,850, Flt BOE164

Loud Navy jets over Mt. Vernon area again.

NASWI is an incompetent environmental custodian. They do not give a damn about the environmental toxins of which Growler jet noise is but one of a spectrum of egregious problems they unleash on us.

Growler landing 'extreme' noise !!

Growler noise, rumbling from morning to night...disrupts everything: conversation, work, sleep.

Low flying growler aircraft disrupting my work day

This is the second jet this morning. The last one flew over about an hour ago.

Low flying growler aircraft

Planes flew by every 3-5 minutes for at least a half hour at a volume to rattle my monitor indoors and interrupt zoom meetings.

Repeated flights are but nothing more than repeated ignorance of the damage the Growlers are causing. The NASWI is without a moral compass.

I was setting on my deck trying to eat dinner and get some fresh air because my house is under construction I think the vibration from the growler locked my refrigerator and pulled the waterline leak and flooded lighthouse

Non-stop roar of Growlers conducting landing practice for the past several hour. It's nearly 2200 hours. When I served, 2200 was taps, lights out, quiet!

Same old jet noise. Disrupting when we're trying to sleep. Ridiculous.

Jet wash noise pollution from Ault Field/Oak Harbor is huge. Density altitude: minus -500'. Altimeter: 30.40" Hg.

American Airlines flight 127, Dallas to Shanghai, at 34,000ft, Boeing 772.

Long, very loud, thunderous rumbles all morning. Each time, and we never knew when, we had to stop what we were doing, wait it out. The earth shook, the house shook.

I was completing an assessment with a client. The noise was so loud (think Blue Angels at Seafair), it disrupted the conversation and caused us to stop the assessment. This caused undue stress and anxiety to an otherwise regular assessment.

So constant and loud, it rattles my nerves and disrupts my work.

Growler landing practice uninterrupted ROAR, making working outside very unpleasant. Forces change of work plan and move indoors.

Low flying military aircraft

Low flying military 737 aircraft

Woke me up

IT'S NOT EVEN 8AM. WHAT THE F*** ARE THESE FLYING A***** DOING.

LOUD jet overhead. Disrupted my grandson's play!

i can always tell when the flying A***** are on the way even before i hear them because my wifi craps out. just another reason to hate these idiots.

Every time we have a nice quiet day in Mt. Vernon, I'm hopeful someone in the Navy has had a Grinch moment and grown a heart. Then the flying terrorists bombard us again.

Go away Jets!

awesome! another F***** growler with deafening noise and disturbing vibration. hey growler dude....F*** YOU

and here's another F***** loud as F*** piece of S*** growler. F*** THE NAVAL AIR BASE AND ALL ASSOCIATED WITH IT.

YAY! THE F***WITS HAVE STARTED THEIR ILLEGAL NOISE POLLUTION FOR THE DAY! F*** THESE A*****. F*** EVERY PERSON ON THAT PATHETIC NAVAL AIRBASE.

Lopez. Direct flyovers

annnndddd here's another F***** As**** growler. i cannot F***** wait to move from this bulls***. i already made a choice to not spend money in oak harbor...i go to annacortes or mt. vernon.

"yay!!! another piece of S*** flying a piece of S*** roaring overhead producing illegal and unconscionable levels of noise.

F*** THE MILITARY. F*** THE NAVAL AIR BASE."

there goes the prop plane past my kitchen window AGAIN. that means 15 more flying A***** in the next 20 minutes. F*** THE NAVAL AIRBASE AND ALL ASSOCIATED WITH IT. I F***** HATE THEM SO MOTHERF***** MUCH.

Iceberg point

"Extremely disturbing

Flew low over our house

The house shook

Our ears hurt"

Very Low flying military 737

Many other jet noises tonight

"Trying to set on lopez

App seems to only go to Abbotsford BC

More jet noise 8:22pm"

"Having problems as cannot set location

What is happening is loud jet noise every few minutes. App doesn't handle reporting for that many instances in short time frame.

So often

So loud bedtime?

We are not Hamas

Navy does not need to do this to us"

Ongoing jet noise

AWESOME! LESS THAN 5 MINUTES SINCE THE LAST FLYING AS****! I HOPE THIS GOES ON ALLLL MOTHERF*****N DAY. AGAIN. BECAUSE WHO WANTS TO HAVE ANY QUALITY OF LIFE, WHO WANTS TO BE ABLE TO TALK ON THE PHONE, TO LIVE WITHOUT EARPLUGS 16 F***** HRS/DAY?!?!

YAY!!! THE FLYING A***** HAVE STARTED THEIR DAILY F***** DESTRUCTION OF THE PEACE AROUND HERE. DESTRUCTION IS WHAT THE MILITARY CULT IS ALL ABOUT. F*** THE NAVAL AIR BASE. I HATE THEM SOOO MOTHERF***** MUCH!!

ANNNNDDDD HERE'S THE NEXT F***** AS**** ROARING OVERHEAD. F*** THE NAVAL AIRBASE AND ALL WHO SUPPORT IT.

fabulous!! i had 10 minutes to talk on the phone without shouting "i can't hear you, wait until the flying A***** have passed." i'm gonna get spoiled by thinking that normal daily activities can be carried out to any extent whatsoever.

THANKS SO MUCH FOR THE HEADACHE 3 DAYS IN A ROW. OH, AND THE NONSTOP RINGING IN MY EARS. LOOKING FORWARD TO HAVING ANOTHER DAY RUINED BY THESE F*** FLYING A*****.**

South Lopez. 10:07am. 10/12. The roaring and pounding of jet roaring from Whidbey seems continuous. It is anxiety producing. The noise is so disturbing, like nearby bombing. Hard to keep my mind on my work.

there goes another flying As**. at least they aren't less than 200 feet off the ground yet today.**

A whole country side destroyed. Collateral damage as the sound destroys our homes. No suitor I have lived by is this loud. Did I mention I'm over 10 miles away!!!!

"Extremely loud, persistent aircraft noise & vibration. Disrupts talking outdoors, & vibrations felt in house.

Spotted the growlers doing wide turns directly over Coupeville high school on Main and Terry rd. Flying well outside their flight zone and at very low altitude.

Beautiful, quiet night until the Navy ruins it again with the painfully loud noise over Mt. Vernon.

after a day yesterday with just a few A*** flying right overhead 150' off the ground, today is starting off with the usual flying As**** flying so low and close that it is deafening. plus the noise makes the wolves at the sanctuary howl. oh joy.**

All f\$&#ing Morning. This is bs

Too loud! The Navy has no reverence for this OLF setting which is a pastoral setting and is bereft of any thinking that seeks the divine in the environment. Their military authoritarian consciousness is a baser destructive state of consciousness.

Too Loud! The Navy aircraft need to leave!

Navy torturing Mt. Vernon

Is it redundant to keep reporting?

It's the Sound of Freedumb over Mt. Vernon!

Multiple low level (just above the clouds) military aircraft over my house disturbing my morning

Loud overflights this morning

Loud jets overhead make me think of war.

Low flying military aircraft disrupting my afternoon.

Maybe we need a new branch of the military to defend us from the Navy's domestic terrorists!

If the Navy were to move away completely, I wouldn't be sad at all. Just saying.

Low flying military aircraft

Wow! Flightradar24 ID's the noise as a growler- 168391, serial G-77, 475mpg, 20,575 ft.

That last entry about the growler ID'd by Flightradar24 is over 20 miles at sea and 23,800 ft but it still rocks Forks. Ugh.

Awful rumbling trembling thunder for much of this Tuesday with occasional shrieking metallic screaming warplanes overhead. Miserable, unhealthy , unpleasant and unfit for innocent civilians to live with. Anacortes

Help help! There are war planes flying all over making a huge noise. Are we at war? No? Just the Navy being inconsiderate jerks?

The Navy's terrorists have been attacking Mt. Vernon all evening.

Very low LOUD GROWLER overhead

Low flying military aircraft disrupting my evening activities

Navy terrorizing Mt. Vernon.

Alright, the terrorists win (again). Stuffing earplugs in my ears (again).
Wishing the Navy had even an ounce of compassion (again).

Landing practice making extreme noise

The terrorists are back. When will the Navy's war on Mt. Vernon end?

I think that was the Navy terrorists again over Mt. Vernon. Sometimes it's hard to tell until the noise becomes a persistent high power low frequency blast.

The self-serving anti-heroes in the Navy are attacking Mt. Vernon again.

Incredibly loud jet flew over Mt. Vernon again. And again. And again. And again. And again. And again. And again. And again. And again. And again. And again. And again. And again.

Single jet/group gave us a low window rattling pass that made conversation impossible.

Is that the Navy Terrorists torturing Mt. Vernon citizens just after sundown?
Why, yes, I think it is. Two middle fingers for the Navy Terrorists.

Third pass in 10 minutes, couldn't communicate during this one again.

"SKB11" identified as aircraft making noise over us. Information is from online flight profile website. AC is @ 5100 ft, 440mph.

"SKB11" again, just off the coast as per flight website.

Monstrous rumbling sound right now. I suppose it's thematic for Halloween, but it's scary knowing the monsters are real and will never stop torturing us.

Constant roar of Growlers

There's the Navy out torturing the people of Mt. Vernon again. Was hosting an online meeting this morning and had to pause because I couldn't hear anyone talking.

Constant and extremely loud, there's no way to escape the noise and vibration. It creates anxiety and it's overwhelming. I just want peace.

Persisten continuous, disruptive disruptive NOISE

Survived the Navy's morning terrorism. And now hunkering down for the evening torture.

Interrupting Halloween party and trick-or-treaters

So loud you can't hear anyone it's Halloween night there's trick-or-treaters out hiring their ears babies next door just a few months old can't wear earplugs. What are they doing to our children?

Growlers making life hell

Dinner hour AND Halloween. Only Navy Oak Harbor could be SO thoughtless.

Who needs scary movies when you've got the Navy terrorists spoiling Halloween? Sure would be nice if you jerks would pull out a Ouija board and ask for a better place to fly your torture machines.

Vroooooom vrooom vroom Navy jets making big sounds. Huge sounds. Such important people. Stroking their machismo tainted egos.

Oh no! The Navy is at war with Mt. Vernon again!

GO AWAY! It's been 10 minutes of constant loud rumbling. You're disingenuous scum are LYING about your noise estimates. You can NOT average throughout the day

ANA113, 34,000 ft

Well that was certainly unnecessarily loud. Have you considered taking your big metal ego pods someplace more appropriate? Maybe the bottom of the ocean or rammed into a cliff side?

Flyovers

F* the navy**

8:01pm, Sept 5. S Lopez. Loud jet roaring in the skies. Constant thunder. Sounds like Island County is being pounded, but the jet roar carries here as well. Must be war. Certainly is a war that the Navy carries out against all of us.

8:10pm. S Lopez. I must keep reporting this noise. It is constant thunder roaring from jets...sounds like I am hearing jets taking off, sweeping around the skies. Big rushing roars, vibrating the air.

8:07pm. S Lopez. The jet thunder continues. Yet ANOTHER jet roar emanates from the south. Constant noise roaring in the skies. Unpleasant to be outside. Is this what it sounds like in Ukraine? NASWI brings the war to us.

8:03pm. Sept 5. S Lopez. The jet thunder continues. Sounds like another jet sweeping through the skies to the south of us. But it is VERY LOUD..

8:15pm. S Lopez. Disruptive noise continues. I have decided to close our doors and windows. Too bad. It is a nice evening. But the rushing roaring jet noise as it echoes around is disturbing. Sort of PTSD based on previous experience with Growlers.

F* the navy**

The jets have woken my child yet again! Stop flying over the residential neighborhoods! Figure it out and fly somewhere else! I'm tired of the disruption. Go away!!!!

S Lopez. 10am, Sept 6. Enduring jet roaring and rumbling this morning. Another one right now.....and now another one. GO AWAY! Navy has better places to put these noisy jets than this populated area.

S Lopez. 12:45pm LOUD jet noise roaring over South Lopez. The roar is rolling around in the skies, echoing all around. The noise jams itself right into our home.

S Lopez. Sept 6 12:07pm. A LOUD roar in the skies. Doors and windows open and it blotted out the conversation inside! That is TOO LOUD!!

Horrendous noise. I can see the panes from my deck and see into the cockpit. We are not a village that needs to be destroyed in order to save it.

Shaking the house! Horrible

Update the flight schedule so we can plan accordingly

Southend, Lopez. Very loud jet over us. Sounds like it will be landing!

S Lopez Roaring Growler jet noise over us. Very annoying.

S. Lopez, Sept 6. ANOTHER loud roaring from Growler. Thunder thunder thunder.....

South Lopez. And here we have ANOTHER roaring jet in the skies. 4:51pm

Right overhead

Touch and go practice at NASWI is deafening! F* the navy**

"Horrendously loud!

The Navy needs to stop the destruction of the environment where and others live."

The navy jets are making me sick and are loud can you get the navy jets off this island they are very much hurting me and my dad and others this has been a really difficult depressing time for me. Your Navy jets are Abusing me and others. Jessica

Ridiculously too loud for a residential community like ours. NASWI, get a moral compass and stop killing us with your jet noise and other environmental deleterious problems.

"The flight schedule says sept 3rd???

This is the 6th!!!!

This is bulls*! I didn't even get a chance to prepare my animals or children!**

Contacting authorities!"

South Lopez, Sept 6 7:44pm. The jet noise outside is just CRAZY. The roaring is deep, penetrating. Opened the door, thinking I would take a walk, and came right in again. It is just TOO LOUD for an evening walk after dinner. This is ABUSE.

"I find it interesting??

There is a lawsuit and you are still disrupting animal life and children???"

Just contacted the governor!

Update the flight schedule

More bombing Ron's over town. This really sucks.

Way too loud for high-flying jets. at the minimum, they were disturbing the peace. after all, the is a quiet pastoral place.

Update the flight schedule

The nut case Growlers are too loud! They do not belong flying in the Crocket Lake Estates.

Over the top and way too loud. A couple of hours ago they few for at least an hour with no let up.

"STOP!

My mental health and sleep is trashed!

This is a terrifying sound!!!!!!"

"Stop!

These! jets are made to make people afraid! Before an attack!

Why In the hell would you fly these over our community???

Reporting you again!"

Please STOP!!!!!!!!!!

Here it is bedtime and the uncaring Growler jets are flying, totally stupid! They flew again about an hour ago for an hour.

" ● STOP!

F-ing making terrifying noise! PMEASE!!!"

Over 5 hours of unbearable noise. No concern for kids back in school, needing sleep. Stop ruining lives.

Hospital! Mount Vernon!

Low overflights

I wish I had hearing protection in. So loud it frightened livestock. I don't remember it ever being this loud before. Now I have tinnitus.

Get your damn Jets OUT OF LOPEZ AIRSPACE!! WE NEVER AGREED TO BE PART OF YOUR WARGAMES!!

These A*** have been flying DIRECTLY OVER MY HOUSE ABOUT 200 FEET OFF THE GROUND all morning. The noise is incredibly loud. Dishes rattling. I hate them so much.**

2 Growlers in formation over south Lopez

Navy making life terrible in Mt. Vernon. They could go to a more appropriate location with a more appropriate base, but they choose not to because they're cruel.

F* jets**

Great. Jet flew overhead just as the ferry was being announced. Missed the announcement. This sucks

Would be a good day for noise cancelling headphones. Or, even better, Growler Cancelling senators. I will vote for anyone who promises to end this madness!

FLY SOMEWHERE ELSE!!! Stop flying over our homes! Figure something out so you stop waking my child up! It is so disruptive. Go away and stay out of our neighborhoods!

Navy is out terrorizing Mt. Vernon. Hope it doesn't turn out to be like yesterday.

The last three months have been mostly ok and I thought maybe the Navy was being reasonable. Now I find they've just been waiting for the judge to give them the green light to go back to full time terrorism. Back to house hunting.

There's another one over Mt. Vernon. I took a day off work today, but since the Navy makes it painful (and occasionally dangerous) to be outside, I can sit here all day reporting how awful the Navy makes things.

Not on the schedule and here we are again with disruptive and annoying jets flying **RIGHT** over our house while our child is trying to sleep. Just go find somewhere else to fly!!!!!! Stop disturbing my child's sleep.

Started the morning off with three super loud jets right over Mt. Vernon. Not even 10am yet and I get to spend the whole rest of the day with a headache. You're not heroes. You're domestic terrorists.

Woke me up, shook house

You scum bags. 10:15pm on a Sunday night and you decide to take an ear splitting, sleep disrupting joy ride over Mt. Vernon. I thought I heard the deep rumble of your hateful machines revving up. You fit the definition of terrorists more each day.

I have never heard Growlers this late at night. It lasted for about 1 to 1.5 minutes.

Loud jet over South Lopez. 12:04pm.

South Lopez. The skies are rumbling and roaring with Growler jet noise this afternoon.

There is a LOT OF JET NOISE in the skies. Afternoon, S. Lopez.

Horrendously too loud Growler jet noise! Some who live here have to move completely out of the OLF Coupeville area as the environmental disaster happens, again and again and again, ad nauseam.

Thought it would be nice to sit out on the patio this evening, but we were wrong. Jet noise in the skies just makes the atmosphere **WRONG**. Sounds like a war. We went inside and closed windows and doors. The Navy is just disgusting. South Lopez.

8:54pm. Mud Bay, Lopez. **SCREAMING ROARING GROWLER** overhead. It could be landing here for as loud as it is right now!!!!. What is a Growler doing flying over Lopez at this time of night?

Another loud growler over South Lopez. 9:03 pm

DIRECTLY OVER THE TOWN!!!

Growler low and loud

The Navy torturers are floating their machismo above Mt. Vernon again.

More of the Navy terrorizing Mt. Vernon. Probably going to go on all day. Why bother living in a beautiful part of the world if you can't go outside?

2 planes very low

Outrageously loud, totally irresponsible, and an environmental disaster!

EXTREMELY loud overflight, low moving east to west. I fear this is the start

Many loud flights overhead.

Growlers making life hell below

Two growlers screaming over Lopez Village, flying south-ish. 12:50am.
Disrupted conversation.

The Navy sucks. That's all.

Extra loud roaring growler over center of Lopez, what is it doing here? Go away!

Whidbey jets affecting Port Townsend serenity

Growlers making a hellish amount of noise

MacKaye Harbor, Lopez. 9/20 afternoon. On my bike and suddenly a huge roar. I was startled, thinking a big truck had suddenly come up behind me. Well, it was a roaring Growler. Thanks a lot. These jets have no place here.

LOUD LOUD SCREAMING AND ROARING JET over us. 3:36pm. 9/20. South Lopez.

Unlike Vegas, Whidbey doesn't keep its loud aircraft in Whidbey. Not everyone wants to share in this.

Windjammer park ! Right over Oak Harbor .How many civilians will be killed when one of these jets or large planes crashes ?

ANOTHER loud jet over South Lopez/ Mud Bay. Roaring. Filling the sky and our home with NOISE!!!!

4:30 ANOTHER Growler roaring over Mud Bay, Lopez. Might be two since it is so noisy. I do not have time to go out and look. THE NOISE IS OBNOXIOUS. Deep, long penetrating roar. Why do the jets need to fly over homes?

What is going on? Is today "Let's fly over Lopez and really annoy them"? Another VERY LOUD SCREAMING jet over us. Sept 20.

This obscene noise has been going on all day. Move this out to the desert.

S Lopez. Jet noise everywhere in the skies. We thought it would be nice to be outside this early evening, but the jet noise is intolerable. What is with

flying over Lopez? Is this really the flight pattern, or just arrogance of the Navy?

7:25pm. 9/20. S Lopez. Roaring jet over us. I sympathize with the Coupeville folks and the Navy's excessive treachery there. I am mad that the Navy encroaches and pushes jet noise into our homes, anywhere.

It's 9:00. Time to go to sleep on S Lopez

9pm. S. Lopez. Just about ready to think of sleeping & there is this tremendous Growler scream & then long long long roar. Over us. Still roaring. I still wonder why the Navy thinks it is OK to invade homes. Now I feel the anxiety of more noise.

Can't believe how loud this is and we're not on Whidbey. Can't Whidbey keep their wanted noise on Whidbey? WA state needs to protect the other counties from this menace.

Once again, the nose in the vicinity of the house was too loud and my oldest daughter was outside taking a walk and had to put on headphones to save her hearing.

same plane, now too loud

More growler noise this morning. Growler over head. 9/25. 10:46.am. South Lopez.

OMFG they have been flying 200' above my house all morning. I HATE THEM SO MUCH. I just came back from 10 days in BC without the constant ear splitting noise. I had forgotten how nice it was to not live with these flying A*****. Can't wait to leave

First fall feeling weather of the year Anacortes by the ferry and as nearly always the sounds of wind and some rain is despoiled by navy warplanes- some screaming loud and much threatening thunder. It's awful and not at all peaceful. Mid day

GEEZ THAT GROWLER WAS SO LOW AND LOUD I COULD HEAR THE HET FUEL BURNING 🔥

GET YOUR DAMN JETS OUT OF LOPEZ ISLAND AIRSPACE!! You are destroying our hearing and our Peace!! We NEVER agreed to be part of your Wargames!! STOP FLYING LOW OVER US NOW!!

Multiple low level growler aircraft disrupting my evening

ALL FREAKING DAY LONG these A***** have been flying a couple hundred feet above my home. I HATE THEM SOOOOOO FREAKING MUCH

Lopez Village. Early evening. LOUD LOUD Growler roaring over Lopez Village. Disrupted dinner conversation.

Low level growler aircraft disrupting our evening

OMFG it has just gotten louder and louder all day. it literally makes my ears ring. the vibration is so intense. i HATEEEEEEE THEM SOOOOO MUCH

Beautiful sound of the wind and rain. Completely spoiled by the Navy treating Mt. Vernon like we're in a perpetual war zone.

Steady roar and scream of jets, often 100+ decibels, for most of a walk through Hoypus peninsula, part of the state park. Have we made it a military reserve? No one could even say hello on the trail. Hikers all shook our heads at the travesty.

ALL FREAKING DAY THESE A***** ARE FLYING SUPER LOW., THE NOISE IS DEAFENING. I HATE THEM SOOOO MUCH.

TWO MORE JUST FLEW BY LIKE 150 FEET OFF THE GROUND. WHAT THE F*** IS WRONG WITH THESE A*****????

TWO MORE JUST WENT TEARING BY AT EXTREMELY LOIW ALTITUDE. F*** THESE A*****. DEFUND THE MILITARY.

Lopez, south end. Evening, Sept 26 Sounds like Anacortes and Oak Harbor are being bombed. The skies are filled with growler roaring.

2 more flying A***** about 150' off the ground just went tearing past RIGHT OVERHEAD. Oh, THERE'S A THIRD ONE just now. HOW IN THE F***KKKKKK are they authorized to fly so low over non-military property???? OH, NOW A FOURTH ONE. F*** THE MILITARY

THERE'S A FIFTH ONE IN LESS THAN TEN MINUTES, 150' OFF THE GROUND. OH, THERE GOES TYHE 6TH ONE NOW. F*** THE MILITARY!!!!!!!

THERE GOES A SEVENTH IN LESS THAN 20 MINUTES. SO F***** LOW AND LOUD. HERE COMES #8 IN LESS THAN 20 MINUTES. F*** THESE A*****. HERE COMES #9 IN LESS THAN 20 MINUTES. HERE COMES #10 AND #11 IN LESS THEN 20 MINUTES. F*** THESE A*****!!!!!!!

YET ANOTHER FLYING AS****

YET ANOTHER FLYING AS****. I WAS TRYING TO GET SOME COMPUTER WORK DONE TONIGHT, SITTING IN MY OWN F***** HOME BUT THESE

Growler over Mud Bay, Lopez. 9/29. 12:37pm. Screaming and roaring, What are you doing creating disruption here? I know you are a major disruptor in Coupeville, so now Lopez is added to your list?

Sounds like thunder. Jet noise rolling around in the skies. S Lopez.

10/2. 11:07. Screaming and roaring Growler over Mud Bay, Lopez. This is not momentary. It is prolonged. Blocked out conversation in our home. The Navy INVADES our home. How can this be right? Still roaring.

Low flying growler aircraft with gear down (likely based on how loud and slow)

Shook dinner table

6:45pm. 10/2. S Lopez. Ear-splitting scream of a growler overhead. Friends over for dinner and conversation simply stopped. "What's that?" "How do you put up with that?" Long long long roar, then some quiet, but the conversation was broken.

two minutes since the last flying As****. i hate them so much. F*** the military.

I wanted to go walk in the woods at night, but I gave up when the planes started shrieking. I should be able to go outside at any time without fear of military assaults and state-endorsed erosion of my physical and mental health. That's real freedom.

The military's contempt for human life is illustrated every time they route their war machines over homes at low altitude and at extreme volume. The only freedom the military care about is their own license to rape, pillage, and destroy.

My 2nd submission tonight because since my first, planes have been flying louder and lower over the NW corner of Anacortes, military should notify ('Amber alerts') if searching for a ship or lost hiker in WA Park. Babies next door crying! Upsetting!

My child cannot sleep through the CONSTANT noise tonight, even with all the windows shut and our white noise machine on. It is nonstop. He has school in the morning.

Anacortes, next to WA Park, it's going on 45 minutes of deafening jet noise. Jets or some large fast aircraft circling over the NW corner of Anacortes. As I type this at 8:22, planes are going over again for at least the 8th or 10th time.

Congresspeople like Rick Larson care more about servicing the military occupiers than their own constituents. He should be forced to live in Anacortes or North Whidbey, or any other of the permanent warzones amoral warmongers like him perpetuate.

The domestic terrorists have started their day torturing Mt. Vernon citizens.

Sounds like the Navy is going to make this an awful day in Mt. Vernon. Extremely loud noise and MASSIVE low frequency booms as they pass over. Not something that should be allowed in populated areas. And there's ANOTHER one.

9/3. 3:27pm. S. Lopez. Just taking a walk outside to clear my head from computer work. Sad to say, there must be a war going on Whidbey. The sound of echoing jet roar is loud and persistent.. The noise drums into my head. I cut short my walk.

Silver plane, blue belly.

Growlers making life hell below

Very loud and excessive.

Thanks again to the USN Command..... ruining for children, seniors, all US Citizens enjoyment of the beauty, serenity, and peace of one of the best sunsets of the season. Why.? Complete misunderstanding of the mission? Complete misunderstanding .

Extremely low flying growler aircraft

Lopez. Take off blasts. Hour upon hour

The noise today is obnoxious. Mix CB up the. Light patterns!

Growler flights have been going on intermittently all day from about 10AM till now. These flights have been extremely loud...the loudest I can remember of all the Growler flights. The Navy has yet to prepare a satisfactory EIS....shamefull.

Was out walking the dog. An aircraft passed overhead and was so loud we had to cover our ears for 30-60 seconds. It was deafening! Very unpleasant.

Extremely loud growler aircraft with gear down

Growler noise is everywhere on South Lopez. Screaming over us, and deep bombing in the near-distance. October 4 is the Navy's designated day to injure Lopez residents.

5:16pm. 10/4, Lopez. Growlers have been flying over Lopez in unusual pattern today. Right now, flying over Mud Bay toward Anacortes. Loud, gritty, ripping noise. Blotted out the TV. Still roaring. Now can hear it as, I think, it is turning.

7:04pm. Oct 4. South Lopez. The jet roar in the sky is incredible AND disheartening. A walk outside is painful. The roar is persistent, thundering. The war is on. And it is against the Salish Sea residents.

We were just about ready to go to the Coupeville recycling center and the Growler jets started flying -- outrageously too noisy to be outside and forget going to the recycling center.

Growler landing practice has been going on for some hours now. Their looping circuit is being flown farther to the east than typical, swinging well out over Saratoga Passage. With the strong SW winds, the jet noise is deafening.

SURPRISE! IT'S ANOTHER FLYING AS**** LESS THAN 200 FEET OFF THE GROUND FLYING RIGHT OVER MY HOUSE. I F***** HATE THEM SO F***** MUCH. I HAVE A SPLITTING HEADACHE FROM THESE IDIOTS.

two more flying A***** in the last 45 seconds. so motherF***** irritating to try to plan making a phone call around these dumba****. since, you know, it's impossible to talk on the phone when the dickheads go roaring overhead all F***** day.

South Lopez. Loud jet overhead. Deep threatening roar of the Growler. The noise just blows up the sky and invades our home.

LESS THAN 30 SECONDS SINCE THE LAST ONE.

"Outrageous! We could not take the recycling out to the Coupeville recycling center today. Life should not be planned around what the NASWI is doing which is a PTSD symptom in disguise. Military authoritarianism only responds to lawsuits.

South Lopez. ANOTHER loud growler overhead.

move away form here.

YET ANOTHER F***TARD IN THEIR PIECE OF S*** GROWLER

This was going on all day. Terrible noise.

S. Lopez. 9:01am. 10/11. The war on Whidbey continues. The bombing blasts of noise reach us here on Lopez. Engine run-ups? Take-offs? What does it matter. The noise blasts us 14 miles away.

Lopez. All morning blasts of sound

"Wow, that was intense noise and still continues. A few jet noise instances this morning; however, this one was the worst in quite a while.

Also jet engine testing late evening last night. "

The skies are roaring with Growler noise. I would like to walk outside on my break but why would I want to have to hear war noise? Inside I can wear noise-cancelling headphones - tho those do not stop the vibrations. But headphones outside are silly.

"Iceberg point Lopez

Very slow very low growler

Landing gear down

Very very loud"

S. Lopez. Growler, maybe two, roaring overhead. The house is filled with the jet roar and high pitched scream. 10/11/23. 12:59pm.

Extremely loud...ear shattering! Frightening!

S Lopez. Another Growler jet roaring overhead. 1:02pm. Oct 11.

Oh my god, this was so loud it interrupted everything happening in my household. I work from home and couldn't hear my own thoughts beyond the massive roar of a jet directly overhead. This continued to repeat every minute or so. Inhumane and insane!

AND HERE'S ANOTHER F****ER ROARING OVERHEAD

F*** the four t*** rockets flying by in the last six minutes. AND F***K KKKK THE NAVAL AIRBASE

GOD F***** DAMN. STOP WITH THIS BATS*** INSANE NOISE!!!! I F***** HSTER THEM SOOOOO F***** MUCH

I AM SO F***** SICK AND TIRED OF WEARING EARPLUGS ALL THE TIME. IT MAKES MY TINNITUS UNBEARABLE. F***K KKKK THE NAVAL AIRBASE AND ALL ASSOCIATED WITH IT.

S Lopez. Hell of a day. Jet noise just about constant. Right now there is ANOTHER growler roaring around the skies. Navy exhibits total disregard. still roaring. Still roaring. Still roaring. Now the roaring is louder. Still roaring. Still roaring.

4:51 another bombing blast and now there is a growler flying over, screaming and roaring. The noise is like the sky being ripped apart.

4:44pm Oct 11. South Lopez. Huge rumble and roar from NASWI. Very loud in our home .

My pets just ran down the hall in a panic after that last flyover. It sounded like a crack of lightning in the backyard. Maybe some inconsiderate Navy scumbag is getting too close to the speed of sound.

Insanely loud jet (or jets) just passed over Mt. Vernon. It was a sonic assault that made my head feel like it was being squeezed and now I've got the kind of headache you get after hitting your head.

dh!

fy

screaming Growler low over Mud Bay. Sounds like the jets are just flying around. No pattern.

Loud growler again over mud bay. Stopped conversation.

Flying directly over our house so low my 2 yr old can't go to sleep.

Startled awake !

COOL! HERE'S THE NEXT F***** AS**** ROARING OVERHEAD, TWO MOTHERF***** MINUTES SINCE THE LAST ONE.

S. Lopez. 10/12. 10:57am. Had to be outside to do some chores. What misery! A prolonged thunderous blasting roar from Whidbey. Sounded like the whole fleet was taking off. Most uncomfortable. The deep pounding pulsing roar makes my head hurt.

Another Growler roar from Whidbey slams into us. 10/12/ 11:15am. The disruption of the morning continues.

I hate the Navy so much. I used to think it was a respectable institution, but their indifference to the pain they're causing has changed my mind.

What a welcome. Jets flying overhead.

"Totally ridiculous destruction of this pastoral setting!

We just had an earthquake.. we are all on edge.. stop it!

The destruction of the environment above and below the Sea through jet noise etc. NASWI is the harbinger of death and destruction.

Constant loud and disturbing jets flying for the past hour

Jets flying directly over downtown Coupeville and hospital. Windows are rattling. Jets are flying very low over the hospital and high school.

So disruptive, chest pressure rising, we went from watching the geese fly (over a bird sanctuary!!!) to having to shut down the whole house and having dinner disrupted, cannot even think, this is not appropriate here. Unreal noise.

"A violation of my 2nd Amendment right to meditate at night. Meditation requires a deep inner quiet. NASWI needs to be sued for the abridgment of my rights.

Engine run up rumbling on south Lopez

9:54am. 10/13. S Lopez. TWO RUMBLING ROARS VIBRATE THROUGH OUR HOME IN QUICK SUCCESSION. LOUD AND DISTURBING. MY FEET FEEL IT THROUGH THE FLOOR. MY BODY FEELS IT. NOW HERE GOES ANOTHER. LAUCHING ALL THE GROWLERS?

Thanks to the Navy Terrorists, I just got to try out my new \$200 custom earplugs in extreme conditions. Not perfect, but better than losing my hearing to some trainee being "a bit noisier" than the Navy models predicted.

South Lopez. Oct 13 1:11pm. LOUD Burst of thunder, otherwise known as Growler noise. Long long growling roar filled the skies.

S. Lopez. The jet roaring has been continuous. Think of a coal train rumbling in your front yard. Think of your washing machine on spin cycle right next to your chair. It has been constant. Engine run-ups or takeoffs -whatever - the noise is jarring.

Lopez village. Oct 18. 10:03am. Why am I hearing such loud jet rumbling and deep roaring here in Lopez Village? The Growlers are so loud they shake us all the way up here.

South Lopez. Oct 18. 11:01am. Lots of jet roaring in the skies. Very loud and unpleasant to be outside. I guess Rep Larsen forgot his interest in mitigating the Growler noise. Frankly, I think he forgets San Juan County.

Ear-shattering overflight!!

South Lopez. 2:23pm. Oct 18. ANOTHER huge roar. We may as well be living next to Cape Canaveral. Again, the Growler roaring . The noise goes west, and roars on and on and on and on.

Sounds like a hundred trains are driving through my yard. I hate the Navy so much.

South Lopez. 8:53am Oct 19. Deep, penetrating rumbling vibration hits our home. Growler jet noise so loud it comes into this room, an interior room with no window or door. That is Navy home invasion.

Low flying growler aircraft disrupting our afternoon

fy need a "defeaning" option under loudness, or are you too cowardice to take responsibility for this 110 decibel level sound.

Location map not working. Growlers flying around Port Townsend destroying the quality of life here and everywhere else they go. Constant noise from Whidbey Island with the jets flying around the clock. F*** the navy

South Lopez. Loud Growler overhead. Disturbed me as I concentrate on my work. The noise is so threatening and loud.

S Lopez. What is this? A minute ago we had a loud Growler overhead. Now we have another on its tail screaming through the skies over us. I have no faith in the Navy or Pilots. I think they are just scammers.

S Lopez. Oct 20, 12:14pm. I just reported one Growler after another screaming over us. Now here is the third. High pitched scream, then low growling roar. Are they chasing each other? Probably pilots playing games on our tax dollars.

Coming back for a 3rd pass over Mt. Vernon. Didn't cause enough pain the first two times I guess. Terrorists aren't known for caring about people.

Navy terrorists flying over again.

Navy terrorists looping around for another pass. Shock and awe all around!

At approximately 2:00PM my neighborhood was SHAKEN by an extremely low level, exceedingly loud overflight by multiple Growlers. The dB level exceeded anything I have ever experienced from Growlers, except when in Oak Harbor at a Growlers launch.

Just watched a jet fly right through a huge flock of birds over Crockett Lake. All the birds scattered, this is so dangerous and wrong.

NASWI's Military Authoritarian Consciousness as noise needs to be put in checkmate mode by filing lawsuits for their taking of property without compensation and the 2nd Amendment for one being denied to practice one's spiritual path or religion.

It is dinner time and the Growler jets are flying with their horrendously loud noise.

South Lopez. ANOTHER jet noise blast from NASWI. Doors and windows closed, yet the house is filled with that noise.

Not sure why the Navy thinks it's ok to fly some of the loudest noise makers in the world over civilian areas. Maybe they're just cruel. Or incompetent.

We'll never know because they're not required to tell us.

What is it these jerks are doing that requires them to fly so loud and so fast over the city? If they're trying to be excessively and painfully loud, they're succeeding.

S Lopez. Loud jet roaring over us. The jet noise echoes and echoes and echoes.

S. Lopez. It is pretty sad when the jet noise in your home is louder than the dishwasher and washing machine & TV. The jet noise today has been a burden on our senses. I know Coupeville gets it bad from OLF. Our noise is different, but awful, too.

S. Lopez. SCREAMING GROWLER overhead. HUGE NOISE.

Had to take my earplugs out for a phone call and sounds like the Navy is still out there terrorizing Mt. Vernon civilians. Shame.

Enormously loud military jets flying near Mt. Vernon now. Maybe our congress critters should do something about the Navy thinking it's ok to abuse the citizenry for their entertainment.

S Lopez. Loud jet roaring over us. Too loud!!!!

South Lopez. Super Loud growler screaming over us.

Wow. The one going overhead right now is LOUD. I'm indoors with all the windows shut and my ears still feel like I'm rapidly changing altitude while someone is shouting at me. This shouldn't be allowed over a city.

S Lopez. Just returned from a non-health walk outside. Why non-health? The ear-splitting scream & roar of two growler runs overhead. That's why. The noise is excruciating. I can be on the street in front of SeaTac & it is not as loud or deafening.

Insanely, painfully, unbelievably loud jet flying over Mt. Vernon right now.

Outrageously loud, birds are flying like crazy outside! The time is past due and to stop admiring these situations and DO SOMETHING ABOUT IT! What are YOU going to do about these too noisy Growler jets? Where are your moral forces re. this?

Monday morning, supposed to be working from home but can't since there are insanely loud jets flying over. Absolutely ridiculous, someone please get these things out of here

Whidbey destroying Port Townsend. Can't enjoy the beautiful sunshine outside because of the extreme noise. Where's our compensation?

A repeat of the previous moral degradation and destruction of this environment. Previously I had to disconnect from a Zoom spiritual reading which constitutes an abridgement of my 2nd Amendment rights.

The Navy is out there making it sound like an enormous trucker convoy is flying over Mt. Vernon. Nothing outside of a mountain exploding should be making that much noise.

There they go again. This is my fifth report so far today. They don't provide a schedule. There's no way to plan around when they'll be making it impossible to work or be outside. It's domestic terrorism.

There go the Navy weaklings being playground bullies again. When will these people have the strength to admit they're being cruel and petty?

I think 9 million leaf blowers just flew over my home. Oh. Wait. Nevermind, it was just the Navy torturing us.

Same outrageously pathetic condition as before.

It was a rumor of them coming tonight, Halloween night and people are going to try to take the kids downtown. They shouldn't have to be ran out of the neighborhood by these growlers.

It's so loud over our house the trick-or-treaters can't even get out on the streets and have fun. The neighbors have two newborns. He can't wear earplugs what's gonna happen there hearing.
